

Description of the aims of project:

The aim of the survey was to find out the size and characteristics of the disabled adult population of GB. The main topics covered are: prevalence, severity and types of disability; socio-demographic characteristics; economic activity; financial circumstances; use of social and health services; needs for assistance; and social participation.

The research is based on a follow-up survey of disabled respondents in the 1996/97 Family Resources Survey - a continuous survey of household characteristics, incomes and resources. Respondents who match any one of a series of sift criteria based on age, benefit receipt or reported health problems are asked to take part in a further interview. This asks in detail about cause, type and severity of disability, the extra needs and costs which result, and participation in leisure and social activities. Over 7000 people were interviewed.

Description of the dataset:

The dataset follows the format of the questionnaire. The follow-up interview had two parts. Part one was concerned with health complaints and difficulties performing everyday activities. It consisted of all the questions needed to apply the severity scales developed for the 1985 survey, plus a number of additional questions related to disability and incapacity benefit entitlement. Anyone reporting any difficulty with any of the activities went on to the second part of the interview. Of the 7300 interviews, 6200 went the full length. The second part of the interview is primarily concerned with extra needs and costs. Questions cover health, social and other services, specialised aids and adaptations, and general items in household budgets, such as food or transport, whose consumption might be affected by disability.

The follow-up survey data is held in a single dataset at person level. This includes all cases eligible for the follow-up survey whether or not an interview took place. It contains information on age and sex from the FRS, interview outcomes, and the sift criteria satisfied by each respondent. It also contains all the raw data from the interview, including verbatim reports of health complaints, plus a range of derived variables. These include severity scores, age in five year bands, ICD codes for health complaints, earliest age of onset of each health complaint, flags for the presence of a disability in each of the 13 dimensions making up the scales, duration of each reported disability (excluding intellectual functioning and personal care problems), and Incapacity Benefit all-work test physical and mental component scores.

Weights and grossing factors have been calculated for follow-up survey cases, based on the FRS grossing factors, adjusted for the nine month duration of the follow-up survey, and variations in response by age and sex at the follow-up stage.

FRS Disability Technical Report

1. Introduction

The DSS wished to commission a study of disability similar to the 1985 study¹ conducted by OPCS whose aim had been to establish the prevalence and severity of disability in Great Britain. In 1995, the then OPCS submitted a joint proposal with SCPR to conduct a survey of disability as a follow-up to the Family Resources Survey (FRS). The aims of this study were:

- to update information collected by the OPCS Surveys of Disability in 1985
- to provide data on the severity of disability and entitlement to state benefits

A pilot study was commissioned and carried out in March, 1996 to test the Computer-Assisted Personal Interviewing (CAPI) questionnaire and confirm estimates of likely response rates. Following the pilot, the DSS commissioned OPCS and SCPR (the two organisations jointly conducting the FRS) to carry out the Disability Survey as a follow-up to the FRS. The field period lasted 9 months, from July 1996 to March 1997. Data was to be supplied to the DSS in two tranches: the first comprising data from July 1996 to September 1996; the second comprising all data from July 1996 to March 1997.

The remainder of this technical report describes the sampling method, the content of the survey, response rates, the linkage between FRS interviews and Disability interviews and identifies specific questions which were used in determining whether or not a person was defined as disabled. Differences between the 1985 study and the present one are highlighted, as appropriate.

2. Background

The 1985 study sought to establish the prevalence and severity of disability. Part of that study confined itself to adults living in private households, and that is the group that the present study examined. The 1985 study defined disability as

"a restriction or lack of ability to perform normal activities which has resulted from the impairment of a structure or function of the body or mind"

It looked at thirteen dimensions of disability, based on the thirteen different types distinguished by the International Classification of Impairments, Disabilities and Handicaps. The study recognised that disabilities were part of a continuum of abilities and, therefore, went on to develop both a severity score for each dimension and an overall score, which was based on the three most severe scores. The study also collected information about the nature of respondents' complaints and classified them according to the International Classification of Diseases. The present study is similar, in that it uses the same concepts and dimensions of disability and calculates a severity score using the same elements as those used in the 1985 study.

¹ Martin, J, Meltzer, H and Elliot, D, *The prevalence of disability among adults*, HMSO (1988)

Both the 1985 and the present study conducted personal interviews with respondents. While the 1985 study used conventional paper-based methods (PAPI), the present study conducted interviews using computer-assisted personal interviewing (CAPI) programmed in BLAISE version 2.5. The content of the two questionnaires, although similar in many respects, is not identical. The construction of the samples was quite different and is discussed in the following section. As a consequence of the differences in sampling, question phrasing and the context of the surveys, the results of the two are not entirely comparable.

3. Sample

3.1 1985 study

The 1985 study sifted a large number of addresses using a self-completion questionnaire to identify people who might have a disability. In the first stage of the sift, 500 Postcode sectors were sampled with probability proportional to size; they were then stratified by region, identified as metropolitan or non-metropolitan and ordered by the proportion of people above retirement age. In the second stage, 200 addresses were selected from each sector, resulting in 100,000 addresses.

In 400 areas (i.e. comprising 80,000 addresses), screening was carried out by postal questionnaire; in the remaining 100 areas², questionnaires were personally delivered, left for self-completion, and then collected. A sample of one in ten addresses which had failed to respond to reminder letters were followed up by interviewers. This allowed researchers to estimate the number of addresses which were actually non-residential. About 81% of households identified during this process completed the sift questionnaire.

The completed questionnaires were used to identify people living in private households who had any of 33 different difficulties, health problems or limitations³. This group was to be interviewed face-to-face. Only half of those aged 60 or over were sampled, and only one elderly person, at most, was interviewed from each household.

Of the 17,969 people identified by this sifting and sampling process, 14,308 (80%) were successfully interviewed. Of these 14,308 people, 11,035 (77%) were considered to be disabled.

3.2 1996-97 study

In contrast, the FRS Disability survey used the FRS to identify its primary sample. The sample coverage of the FRS is the private household population of Great Britain. Each month, 146 Primary Sampling Units (PSUs or sampling points) are selected across Great Britain to represent the 24 Family Expenditure Survey Regions (themselves subdivisions of the 11 Standard Statistical Regions). Half of these are allocated to ONS and half to

² These areas included inner London, the Clydeside conurbation and other 'inner-city' areas.

³ Pp 43-45, Martin, J, Meltzer, H and Elliot, D, *The prevalence of disability among adults*, HMSO (1988)

SCPR. Within each PSU, an interviewer is allocated a quota of 24 addresses to contact, producing 3504 addresses in each month's sample. The month to which an address is allocated is referred to as the *quota month*, regardless of the actual month in which the interview takes place. Because the number of PSUs is small for any given month, response rates are usually given by quarter.

The FRS sample of households is increased by multiple households found at a single address and decreased by non-existent households (e.g. commercial premises), refusals and non-contacts. Each household can consist of one or more benefit units, and each benefit unit can consist of one or two persons. The interviewer records the number of households, benefit units and persons at each address. The combination of area, address, household, benefit unit and person goes to make up the serial number of each person in the Disability sample. It is the adults interviewed during the FRS who formed the population from which potential candidates for the Disability Survey were drawn.

The CAPI program checked the answers to certain FRS questions which indicated that the respondent might have a disability. These can be summarised by the following thirteen criteria:

- Aged 75 or over
- Restricted in type or amount of work
- Having a long-standing illness or disability
- In receipt of War Disablement Pension
- In receipt of Disability Working Allowance
- In receipt of Severe Disablement Allowance
- In receipt of Attendance Allowance, Mobility or Care component of Disability Living Allowance (DLA)
- Awaiting a DLA care, mobility or attendance allowance
- In receipt of Incapacity Benefit
- In receipt of Industrial Injury Disablement Benefit
- Awaiting a claim for Incapacity Benefit
- Awaiting a claim for an Industrial Injury Disablement Award
- Receiving a retirement pension, old person's pension, widow's pension or widowed mother's allowance *and*
consulted order book no. 13 for details of these pensions *and*
the order book gives an amount for increment G (invalidity addition) or increment H (attendance allowance)

While the 1985 study undersampled those 60 or over and only included one person per household, the present study automatically included people aged 75 or over. In addition, all adults who met any of the above criteria were eligible to be interviewed. They were then asked if they "would...be willing to take part in an interview about [their] health". Depending upon circumstances, some of those who agreed to participate were interviewed straightaway, while others were interviewed at a later date. Three-quarters of interviews were conducted immediately after the FRS interview.

Because of the differences in obtaining the primary sample (postal sift in 1985 vs. FRS Disability interview in 1991), plus other effects of the context of the Disability survey (primarily a survey about health in 1985 vs. a survey about resources followed by one about health in 1991) there may be substantial differences in the results between the two surveys. The results are unweighted, and care should be taken to allow for the selection of only one person per household and undersampling those over 60 in 1985 vs. selecting all

eligible people and including everyone 75 years of age or over in 1991. As a result of these factors, the prevalence rates between the two surveys may not be directly comparable.

4. Fieldwork

Fieldwork took place in quota months July, 1996 through March, 1997, with interviewers for the FRS also conducting the Disability Survey. In all other respects, Disability was treated as a separate survey, with its own purpose leaflet, interviewer instructions, pay claims, and administration. All interviewers received a supplementary FRS instructions about special questions relating to Disability within the FRS itself. In addition, they received standard materials, including a purpose leaflet (to be handed to respondents), a paper copy of the Disability questionnaire, guidance notes about the questionnaire and show-cards.

5. Questionnaire content

5.1 1996-97 study

The questionnaire was divided into seven sections of unequal length. The first three sections were administered to all respondents and were used to determine whether they were disabled or not. The final four sections were only administered to people who were disabled according to the criteria set.

1. Illness or complaint

All respondents were asked the following question:

Do you have any long term health problems or complaints which affect your everyday activities?

Up to four complaints were recorded as free-text, although these were coded later (see Section 9.1).

2. Activity

All respondents were asked a series of questions covering the following dimensions of health or activity:

- | | |
|--|---|
| - Locomotion | - Communication |
| - Reaching and Stretching | - Behaviour and intellectual functioning |
| - Dexterity | - Pain |
| - Seeing | - Digestion |
| - Hearing | - Disfigurement (scars, blemishes, deformities) |
| - Continence | - General health |
| - Consciousness (fits and convulsions) | |

3. Care

All respondents were asked a series of questions covering the following care activities of daily life:-

- | | |
|--------------------------------|--|
| - Getting in and out of bed | - Doing paperwork |
| - Washing self | - Taking medicines |
| - Dressing | - Keeping safe |
| - Getting in and out of chairs | - Going to the toilet/use of continence aids |
| - Feeding self | - Changing sheets |
| - Preparing meals | - Turning over in bed |
| - Washing dishes | - Replacing bedcovers |
| - Washing clothes | - Changing position in bed |
| - Cleaning | - Payment for any help received |
| - Shopping | |

At the end of these sections of the questionnaire, the CAPI program determined whether the respondent was disabled or not. If the respondent was not disabled, the interview was then terminated and was called a *short* interview. Otherwise, the interview continued to the following sections and was called a *long* interview. These long interviews were completed by 85% of respondents.

This second part of the interview consisted of the following sections:

4. Use, need, availability and payment for services

Information about the following services, devices or facilities was recorded:

- | | |
|--------------------|-----------------------|
| Hospital treatment | Surgical aids |
| Domestic treatment | Incontinence aids |
| Other services | Vision aids |
| Day centres | Hearing aids |
| Respite care | Special furniture |
| Advice | Small aids or gadgets |
| Mobility aids | Adaptations |

5. Extra expenditure

Respondents were questioned about extra expenditure incurred because of an illness or disability.

- Prescriptions
- Medical supplies
- Laundry
- Clothing or bedding
- Food
- Transport
- Heating

6. Leisure activities

Respondents were asked about a number of activities. For each activity, respondents were asked whether they had taken part within the previous four weeks and whether they would take part more often, if more help or better facilities were available.

The activities were:

- going to the cinema or theatre (including ballet and opera)
- going to a pop, rock or classical concert
- visiting art galleries, museums or other exhibitions
- visiting historic buildings or towns
- going to a restaurant or pub
- going to funfairs, amusement arcades, fêtes or shows
- going to the countryside, seaside, zoo, park or visiting gardens
- going to watch sporting events
- going shopping
- visiting family or friends

7. Education and qualifications

The following information was recorded:

The three highest qualifications that the respondent had.

For people over pensionable age, the age at which they last worked

For people who retired early, whether their retirement was due to a health problem or disability

5.2 1985 study

The 1985 study contained questions which can be categorised under the following thirteen headings.

- | | |
|---|--|
| A Walking | N Social behaviour and intellectual functioning |
| B Steps and stairs | P Other problems that limit daily activities: |
| C Bending and straightening | breathlessness, wheezing and coughs |
| D Falling and balance | difficulty with eating, drinking and digestion |
| E Reaching and stretching | severe pain or irritation |
| F Holding, gripping and turning | disfigurement or deformity |
| G Seeing (at a distance to read) | R Difficulties with self-care and household activities |
| H Hearing | |
| J Noises in the head or ears | |
| K Control of bladder and bowels | |
| L Fits and convulsions | |
| M Being understood and understanding others | |

In addition some questions about dependency on others for help with self-care activities were included, although these were not intended as part of the assessment of disability.

These are close to the areas covered by the present study, although individual questions differed. In addition, the 1985 study asked a number of questions about financial circumstances and extra expenses. These included:-

- S Health and social services
- T Aids and adaptations
- U Extra personal costs
- V Mobility and transport
- W Education and employment
- X Income
- Y Household finances
- Z Financial situation

Although the present study did ask about most of these topics, questions of income, household finance and financial situation were not included in Disability, as they were dealt with by the FRS.

The 1985 study also recorded and coded complaints into 16 categories, based on the International Classification of Diseases. These are shown in Table 1.

Table 1: ICD Categories (16)

1 Infectious and parasitic	9 Circulatory system
2 Neoplasms	10 Respiratory system
3 Endocrine and metabolic	11 Digestive system
4 Blood and blood forming organs	12 Genito-urinary system
5 Mental	13 Skin diseases or disorders
6 Nervous system	14 Musculo-skeletal system
7 Eye complaints	15 Congenital
8 Ear complaints	16 Other and vague

6. Length of interview

Long interviews, for those who were identified as having some disability, took an average of 40 minutes, while short interviews, for those who had no disability, took an average of 11 minutes. Timings of interviews were absent in 3% of cases. Figure 1 shows the distribution of the length of interviews.

Figure 1: Length of interviews

7. Response Rate

7.1 Overall FRS and Disability response rates

The response rate to the Disability Survey is calculated separately from the response rate to the FRS. In calculating weighting factors, non-response to both surveys should be taken into account. Over the period of the Disability study, the FRS response rate was 69%, taken as the proportion of fully co-operating households to eligible households (see Table 2). Over this same period, the response rate for the Disability Survey was 83%, taken as the proportion of full interviews to eligibles (see Table 3)⁴.

Table 2: FRS Response rate by quarter

Sample of addresses	10,512	10,507	10,512	31,531
Outcome	July-Sept 96	Oct-Dec 96	Jan-Mar 97	Total
Fully cooperating	6,502	6,300	6,368	19170
Partially cooperating	105	130	108	343
Refusals	2,500	2,625	2,560	7685
Non-Contacts	237	273	258	768
Ineligible	1,285	1,338	1,376	3999
Total	10,629	10,666	10,670	31965
Eligible for FRS	9,344	9,328	9,294	27966
Response Rate	70%	68%	69%	70%

Table 3: Disability response rate by quarter

Outcome	Jul-Sept 96	Oct-Dec 96	Jan-Mar 97	Total
Full Interviews	2,521	2,424	2,318	7,263
Partial Interviews	15	18	16	49
Refusals	418	454	421	1,293
Non-Contacts	32	39	36	107
Ineligibles	33	36	35	104
Total	3,019	2,971	2,826	8,816
Eligibles	2,986	2,935	2,791	8,712
Response Rate	84%	83%	83%	83%

⁴ Ineligibles in Disability were cases created in error because of technical errors or misunderstandings between interviewer and respondent, e.g. where a person said that they were receiving a benefit at the FRS stage and later said that they were not receiving it.

7.2 Analysis of Disability response rates

Analysis of response rates is helpful in detecting bias in response. Likely factors which might influence response rates are sex, age, region of the country and criteria for inclusion in the disability survey. In order to detect bias, these factors were examined.

There were virtually no differences in response rates by sex. Response rates were only slightly lower for people under 60. There were some differences in response rates from region to region, although these were not very large. The differences in response rates by criterion for inclusion in the survey were small, with the exception of criterion 12 (Awaiting an industrial injury award). However, the number of cases reporting criterion 12 was extremely small (22), and 18 of those cases would have been eligible by virtue of criterion 2 (restricted work) or criterion 3 (long-standing illness) anyway (see Table 4 to Table 7).

Table 4: Disability response rate by sex

Outcome	Male	Female	Total
Full Interviews	3,362	3,901	7,263
Partial Interviews	23	26	49
Refusals	596	694	1,290

8. Programming

8.1 Linkage between FRS and Disability

As outlined above, questions asked during the FRS interview determined whether the respondent was eligible for the Disability Survey or not. At a fairly late stage in the FRS interview, but prior to completing it, if any of the criteria for eligibility were met, a skeleton Disability questionnaire was created. This skeleton questionnaire contained the following information which had been obtained during the FRS interview:-

- serial number
- serial number components (area, address, household, benefit unit, person)
- name
- sex
- age
- time the disability record was created
- date the disability record was created
- 13 true/false variables, indicating whether a particular criterion for including this person in Disability was met

8.2 Classification as disabled

The intention of the Disability questionnaire was to identify people with even a very low level of disability and then go on to grade that disability by severity, using the schema for severity developed in the 1985 study⁵. Each respondent was scored for each of the thirteen dimensions of disability. Minimum scores for each dimension were 0, indicating that the respondent had no difficulty for that dimension. Table 8 shows the lowest non-zero score and the highest achievable score for each of the thirteen dimensions of disability.

⁵ Ibid.

Table 8: Severity scales for areas of disability

	Dimension	Variable name	Lowest score above 0	Maximum score
1	Locomotion	LOC	0.5	11.5
2	Reaching and stretching	REACH	1.0	9.5
3	Dexterity	DEX	0.5	10.5
4	Personal care	SEE	1.0	11.0
5	Continence	HEAR	1.0	11.5
6	Seeing	CONT	0.5	12.0
7	Hearing	FITS	0.5	11.0
8	Communication	COMM	1.0	12.0
9	Behaviour	BEH	0.5	10.5
10	Intellectual functioning	INT	1.0	13.0
11	Consciousness	DIG	0.5	12.5
12	Eating, drinking and digestion	SCAR	0.5	0.5
13	Disfigurement	IND	0.5	0.5

Whether or not they reported a long-term health problem or complaint, respondents were considered to be disabled only if they achieved a non-zero score in any one of the above dimensions. In terms of the BLAISE program, for a respondent to be considered to be disabled, at least one of a number of conditions had to be met. Table 9 and Table 10 below identify the BLAISE questions by number (referred to in the paper questionnaire supplied to interviewers) and mnemonic (referred to in both the paper questionnaire and the BLAISE program) which set these conditions. The tables also summarise the questions put to respondents and the answers needed for the respondent to be considered disabled. For the sake of convenience, the questions have been divided into two groups: those dealing with activities and those dealing with self-care.

Table 9: Disability on grounds of activity

Question No.	Mnemonic	Description	Condition
5	Walkmile	Do you have difficulty walking for 1/4 mile on the level	Yes
12	Stand	Do you have difficulty standing	Yes
14	Stairs	Do you have difficulty walking up or down steps or stairs	Yes
19	Sitting	Do you have difficulties sitting comfortably in a chair	Yes
21	Falls	Do you suffer from falls or have great difficulty keeping balance	Yes
25	Bending	Do you have difficulty bending down and straightening up, even holding on to something	Yes
34	Stretch	Can you stretch both arms above head at the same time to reach for something above you	No
51	Holding	Do you have great difficulty holding, gripping or turning things	Yes
81	SeeFrnd	Do you have difficulty recognising a friend across the road	Yes
82	Reading	Do you have difficulty reading ordinary newsprint	Yes
95	Sounds	Can you hear sounds at all	No
96	Hearing	Do you have difficulty hearing someone talk in a quiet room	Yes
97	Convers	Do you have great difficulty following a conversation if there is background noise	Yes
107	Device	Do you use any sort of device to manage either your bladder or bowels	Yes

109	Bladder	Do you ever lose control of your bladder	Yes
111	Bowels	Do you ever lose control of your bowels	Yes
117	Fit	Have you had a fit or convulsion in the past 2 years	Yes
126	Understd	Do other people have difficulty understanding you	Yes
129	UsOthers	Do you have difficulty understanding what other people say or what they mean ;	Yes
AND			
130	UsOth2	Is this due to a hearing problem	No
137	GettnGOn	Do you have difficulty getting on with people so that it affects your family life, work or leisure	Yes
138	Confused	Do you frequently get confused about what day or time it is or where you are or who people are	Yes
139	Handicap	Do you have a mental handicap or other severe learning difficulty	Yes
140	Mentill	Do you have a mental illness, phobias, panics or other nervous disorders which limit your daily activities	Yes
141	Depress	Do you suffer from severe depression or anxiety which affects your daily activities	Yes
143	Psych	Have seen a psychiatrist or other specialist because of a mental, nervous or emotional problem in the last 12 months	Yes
187	Digest	Do you suffer from severe difficulties eating, drinking or digestion which limit your daily activities	Yes
192	Deform	Do you have a scar, blemish or deformity which limits your daily activities	Yes

Table 10: Disability on grounds of self-care

Question No.	Mnemonic	Description	Condition
199	OutBed	Do you have difficulty getting in and out of bed on your own	Yes
204	WashFace	Do you have difficulty washing your hands and face	Yes
209	WashOver	Do you have difficulty washing yourself all over	Yes
214	Dressing	Do you have difficulty dressing and undressing yourself	Yes
219	Chair	Do you have difficulty getting in and out of a chair on your own	Yes
224	Feed	Do you have difficulty feeding yourself, including cutting up food	Yes
229	Meal	Do you have difficulty preparing a hot meal for yourself	Yes
234	Dishes	Do you have difficulty washing up and drying the dishes	Yes
239	Laundry	Do you have difficulty washing clothes or bed linen	Yes
244	Vacuum	Do you have difficulty using a vacuum cleaner to clean the floor	Yes
249	Shopping	Do you have difficulty doing the household shopping on your own	Yes
254	PaperWk	Do you have difficulty dealing with paperwork	Yes
259	MedTreat	Do you have difficulty taking tablets or medicine	Yes
268	KpSaf	Do you need someone to be with you most of the time to avoid dangers	Yes
276	GoOut	Do you need someone to help you when you are outdoors or in places you d not know well	Yes
279	ToilGet	Do you have difficulty getting to the toilet at night	Yes
288	ToilUse	Do you have difficulty using the toilet on your own	Yes
297	CommUse	Do you have difficulty using something like a commode	Yes

306	ContUse	Do you have difficulty using incontinence aids or devices at night	Yes
315	Sheets	Do you have difficulty if you need to change sheets or night-clothes during the night	Yes
320	TurnOver	Do you have difficulty turning over when you are in bed during the night	Yes
325	Covers	Do you have difficulty getting the bedcovers back on the bed if they come off during the night	Yes
330	ChanPos	Do you have difficulty getting into the right position for sleeping	Yes

For any given dimension, respondents were, in general, asked further questions only if they showed some minimum level of difficulty. The severity score derived variables were designed with this principle in mind. That is, the severity of disability depended on answers to these further questions. However, due to an oversight, question 142 (Depres2: I am not anxious or depresses/ I am moderately anxious or depressed) also served as a gateway to further mental health questions. As a result, someone could be considered NOT DISABLED on activity grounds (having said NO to Depress) while scoring DISABLED within the severity score (having said that they were moderately anxious or depressed). To correct this, questions 144 to 181 were examined in a separate SPSS program to determine if any difficulty was present. If so, DISACT (disability on activity grounds) was set to TRUE, and DISABLED was also set to TRUE. The parallel variables in the non-response block (IFDISAB and IFDISACT) were, however, not changed, so that the original cases could be identified. Of course, respondents could have been considered to be disabled on other grounds. As a result, fewer than 50 cases were affected⁶.

8.3 Severity Score

The severity score calculation was based on the SPSS program used for the 1985 study. As described above, a score is calculated for each of the thirteen dimensions of disability. The three highest scores are then identified and added together to form an unscaled overall severity score as follows:-

$$\text{Unscaled severity score} = \begin{aligned} &\text{the highest score} + \\ &0.4 \times \text{the 2nd highest score} + \\ &0.3 \times \text{the 3rd highest score} \end{aligned}$$

⁶ After correction, there were 48 more cases showing a disability on activity grounds and 42 more cases showing any disability.

This score was then rescaled to produce a final severity score on the scale of 0 to 10 as follows:-

Unscaled Score: Variable: SCORE	Scaled Score Variable: SEV
19.00 - 21.40	10
17.00 - 18.99	9
15.00 - 16.99	8
13.00 - 14.99	7
11.00 - 12.99	6
9.00 - 10.99	5
7.00 - 8.99	4
5.00 - 6.99	3
3.00 - 4.99	2
0.50 - 2.99	1
0.00	0

8.4 Additional derived variables

A number of other derived variables (DVs) were specified and produced. These include:

DV name	Description
B_AGE	Age in 5 year bands from 16 years of age to 85 and over
ICD1 to ICD4	ICD codes for up to four complaints, using 42 categories
ICD16_1 to ICD16_4	ICD codes for up to four complaints, using 16 categories
NUMCOMP	Number of complaints reported by the respondent
H_CAT1 to H_CAT16	True/False variables indicating whether the respondent has one of the 16 ICD complaints
E_ONSET	Earliest age of respondent at which any reported illness began

DV name	Description
SUFMONL	For each of 11 disability dimensions, the number of months that the respondent had suffered from this disability. Two dimensions did not record dates of onset and so are not calculated: Intellectual functioning and independence. L Locomotion; R Reach; G Dexterity; S Seeing; H Hearing; I Incontinence; F Consciousness; U Communication; B Behaviour; E Digestion; D Scar
SUFMONR	
SUFMONG	
SUFMONS	
SUFMONH	
SUFMONI	
SUFMONF	
SUFMONU	
SUFMONB	
SUFMONE	
SUFMOND	
PHYS_SC	Incapacity benefit all-work physical component score
MEN_SC	Incapacity benefit all-work mental component score

Derivations of all these variables are documented within the derived variable programs, themselves.

9. Coding and editing

9.1 Coding of diseases

The initial part of the Disability interview asked respondents whether they had “any long term health problems or complaints which [affected their] everyday activities”. Up to four of these complaints were recorded in textual form. For analysis, these textual answers had to be classified.

Serial numbers, age and sex descriptors, and descriptions of complaints were copied from the main data file to a separate system for coding. Descriptions of each complaint were coded into one of 42 categories, using the International Classification of Diseases (ICD) system. The categories used are shown in Table 11.

Table 11: ICD Categories (42)

1 Cancer	16 Heart Attack	30 Kidney Disease
2 Diabetes	17 Blood Pressure	31 Urinary Illness
3 Other Endocrine	18 Other Heart Ailment	32 Other Bladder Complaint
4 Mental	19 Piles	33 Reproductive Illness
5 Other Mental	20 Varicose Veins	34 Arthritis
6 Epilepsy	21 Circulatory disorder	35 Back Problem
7 Migraine	22 Bronchitis	36 Other Bone Problem
8 Other Nervous Disorder	23 Asthma	37 Infectious Disease
9 Cataract	24 Hayfever	38 Blood Problem
10 Other Eye Complaint	25 Other Respiratory Ailment	39 Skin Ailment
11 Deafness	26 Stomach Ulcer	40 Other
12 Tinnitus	27 Other Digestive Illness	41 Unclassified
13 Meniere's Disease	28 Bowel Complaint	42 No Longer a Problem
14 Other Ear Complaint	29 Teeth	
15 Stroke		

These 42 categories were summarised into the 16 broader categories used in the 1985 study and shown in Table 1. Although the ICD system classifies illnesses and complaints by *cause*, information collected during interviews related to *symptoms*. As a result, it was impossible to classify any illness or complaint as a congenital condition (Category 15 of the 16-way classification), and all complaints were coded to other categories.

Quality control checks on ICD coding were carried out on all of the data. About 10% of the codes for each month were examined and reassessed by a supervisor before coders were allowed to proceed to the next month. Because two organisations were involved in both fieldwork and ICD coding, consistency of coding between organisations was checked.

The July quota was coded, and a sample of 250 cases was selected by ONS and 250 by SCPR. Each organisation's codes were removed, and the sample data files were swapped between organisations. The cases were coded and returned to the originating organisation for comparison. Coding between organisations was found to match in only 75% of cases, which was felt to unacceptably low. Investigation of the mismatches revealed a number of systematic errors alongside a smaller number of cases where classification was open to interpretation.

Coders were provided with further guidelines to address the problems uncovered in this first test, and a second sample of 250 cases from each organisation's August quota was coded, swapped and analysed. This time, 95% of complaints were found to agree, which was considered to be an acceptable level.

9.2 Recoding "Other" categories

The questionnaire contained a number of questions which permitted 'other' as a coded answer. Of these, 41 also recorded as a text field what that 'other' referred to. The frequency of use of 'other' responses to each of these 41 questions was examined, and where respondents frequently resorted to the 'other' code, the detailed responses were reviewed.

Responses were recoded wherever:-

- the description given could reasonably fit into one of the existing categories;
- the description was given so often as to warrant creating a new category.

Wherever the text description showed that the category had been chosen in error, the 'other' code was reset to a blank value. Recoding was carried out by each fieldwork organisation, and a small sample examined to ensure consistency.

9.3 Editing

The nature of BLAISE ensures that many consistency checks are handled internally within the questionnaire. However, a few checks were implemented to resolve any problems which might have arisen from inevitable field errors and transmission problems. These are listed below.

- Dates of interview were reconciled insofar as possible with dates of FRS interviews.
- Serial numbers (which are strings) match their constituent numerical components (area, address, household, benefit unit, person)
- Records on the ICD file match the non-response file (which records the outcome of all cases)
- Records on the main data-file match the non-response file
- Records in Disability match area+address+household records in FRS
- The number of complaints, taken from the text descriptions, match the stated number of complaints
- Incorrect dates were corrected (e.g. 1967 instead of 1997)

9.4 Delivery of data

Data was delivered to the DSS in two batches. The first contained data from the first quarter of the survey (July 1996 to September 1996) and covered full interviews only. This data-set consisted of:-

Description	File name
Main data	Q1MAIN.POR
Derived variables from the main data	Q1DV2.POR
Derived variables from ICD data	Q1DVICD.POR

The second and final data-set covered the entire field period (July, 1996 to March, 1997) and included the following data from full interviews only:-

Description	File name
Main data	DSJM_DTB.POR
ICD data	DSJM_ICD.POR
Response information (information covers all cases)	DSJM_OUT.POR
Main derived variables including severity score, physical component score and mental component score	JM_MNDVB.POR
ICD derived variables including 42-way analysis, 16-way analysis	JM_ICDDV.POR

Also included were printed tables as specified by the DSS.

Office for National Statistics
SOCIAL SURVEY DIVISION

Disability Survey (FRS Follow-up)
Documentation

Questionnaire

Part 1

1. IntCompl

Do you have any long term health problems or complaints which affect your everyday activities?

Yes 1
No 2

2. Complnt1 APPLIES IF IntCompl=Yes

What is your health problem or complaint?

ASK OR RECORD

TRY TO OBTAIN A MEDICAL NAME

TYPE IN NAME OF FIRST COMPLAINT/DISEASE/PROBLEM

(Type in only ONE complaint)

(note: text will be coded to ICD at HQ)

3. ChgFRS1 APPLIES IF BFirst.FRS=No

ASK OR RECORD

Has your health problem or complaint got better or worse since your FRS interview or has it remained the same?

Got better since FRS interview 1
Got worse since FRS interview 2
No changes since FRS interview 3
Began since FRS interview 4

4. IntComp2

Do you have any other long term health problem or complaints?

ASK OR RECORD AS NECESSARY

Yes 1
No 2

Up to 4 complaints to be coded.

5. WalkMile

Do you have difficulty walking for a quarter of a mile on the level?

CODE YES IF ADVISED NOT TO WALK THIS FAR INCLUDE WALKING WITH STICKS OR OTHER WALKING AIDS

Yes 1
No 2

6. WlkAtAll APPLIES IF WalkMile=1
- Can you walk at all?
- Yes 1
No 2
7. Furthest APPLIES IF WlkAtAll=1
- What is the furthest you can walk on your own without stopping and without severe discomfort?
- PROMPT AND CODE FIRST THAT APPLIES
WALKING WITH A STICK ETC. IF USED.
- At least 200 yards 1
Less than 200 yards but at least 50 yards 2
Less than 50 yards but more than a few steps 3
Only a few steps 4
8. TimeWalk APPLIES IF WlkAtAll=1
- Roughly how many minutes does it take you to walk this far?
- Less than 5 minutes 1
5, but less than 10 minutes 2
10 but less than 15 minutes 3
15, but less than 30 minutes 4
30 minutes or more 5
9. HelpWalk APPLIES IF WlkAtAll=1
- Do you need someone to help you walk?
- Yes 1
No 2
10. WhyWalk APPLIES IF WalkMile=1
- Why do you have difficulties walking?
- ASK OR RECORD
CODE ALL THAT APPLY
(ENTER AT MOST 5 CODES)
- severe discomfort/tiredness/breathlessness 1
leg(s) amputated at or above ankle 2
born without legs or feet 3
need someone to lean on 4
other 5

11. DiffWalk APPLIES IF WalkMile=1
- For roughly how many days a week do you have difficulties with walking?
- ASK OR RECORD
ENTER NUMBER FROM 0 TO 7
12. Stand
- Do you have any difficulties standing?
- Yes 1
No 2
13. StanMove APPLIES IF Stand=1
- How long can you remain standing without having to move around?
- Less than 10 minutes 1
10 but less than 30 minutes 2
30 minutes or more 3
14. Stairs APPLIES IF Furthest=1, 2 or 3 or Walkmile=2
- Do you have great difficulty walking up or down steps or stairs?
- Yes 1
No 2
15. OneStep APPLIES IF Stairs=1
- Can you walk up and down one step on your own?
- Yes 1
No 2
16. Stairs12 APPLIES IF OneStep=1
- Can you walk up and down a flight of 12 stairs on your own:
- CODE FIRST THAT APPLIES
- without holding on and without stopping for a rest 1
by holding on but without stopping for a rest 2
by holding on AND stopping for a rest 3
or not at all? 4
17. Normal APPLIES IF Stairs12=1, 2 or 3
- Can I check, do you walk up and down steps in a normal manner or do you have to take one step at a time or go sideways or anything like that?
- Manages steps normally 1
Does not manage normally 2

18. HelpStep APPLIES IF Stairs=1
- Do you need someone to help you with steps and stairs?
- Yes 1
No 2
19. Sitting
- Do you have any difficulties sitting comfortably in a chair?
- Yes 1
No 2
20. ComfSit APPLIES IF Sitting=1
- Which of the following statements best describes you:
- SHOW CARD 1
- I cannot sit comfortably at all 1
I cannot sit comfortably, without having to move from the chair, for
more than 10 minutes 2
I cannot sit comfortably, without having to move from the chair, for
more than 30 minutes 3
I cannot sit comfortably, without having to move from the chair, for
more than 1 hour 4
21. Falls APPLIES IF OneStep=1 or Walkmile=2
OR Stairs=2
- Do you suffer from falls or have great difficulty keeping your balance?
- Yes 1
No 2
22. Balance APPLIES IF Falls=1
- In the past 12 months have you ever lost your balance and fallen?
- Yes 1
No 2
23. NumFall APPLIES IF Balance=1
- How many times have you fallen in the past 12 months?
- 1-2 times 1
3-11 times 2
12 or more times 3

24. HoldBal APPLIES IF Balance=2 or NumFall=1 or 2
- Do you need to hold on to something to keep your balance:
- all the time 1
quite often 2
only occasionally 3
or not at all? 4
25. Bending APPLIES IF Falls=2 or HoldBal=2,3 or 4
- Do you have difficulty bending down and straightening up even when you are holding on to something?
- Yes 1
No 2
26. Knees APPLIES IF Bending=1
- Can you bend down far enough to touch your knees and straighten up again, holding on if necessary?
- Yes 1
No 2
27. Pickup APPLIES IF Knees=1
- Can you bend down and pick something up from the floor and straighten up again, holding on if necessary?
- Yes 1
No 2
28. SomePick APPLIES IF PickUp=1
- Can you always bend down, pick something up from the floor and straighten up again (holding on if necessary) or only sometimes?
- Always 1
Sometimes 2
29. Sweep APPLIES IF PickUp=1
- Can you bend down to sweep something up with a dustpan and brush and straighten up again, holding on if necessary?
- Yes 1
No 2

30. WhenDifL APPLIES IF WalkMile=1 or Stand=1
 or Stairs=1 or Sitting=1 or Falls=1 or Bending=1

How old were you when you first had difficulty with
(walking/standing/steps and stairs/sitting/balance/falls/bending)?

ENTER AGE - IF SINCE BIRTH CODE 00 - 97 OR MORE CODE 97

31. DifLMon APPLIES IF difficulty began in last year
 (i.e. age is same as or one year different)

For how long has the difficulty you have with (walking/ standing/ steps
and stairs/ sitting/ balance/ falls/ bending) lasted?

ENTER NUMBER OF MONTHS - 0 .. 24

32. DifLYr APPLIES IF difficulty began more than 1
 year ago (i.e. age is more than one year different)

Is this difficulty with (walking/ standing/ steps and stairs/ sitting/
balance/ falls/ bending) greater or less than it was a year ago (that is
since INSERT DATE), or is it about the same?

Greater than a year ago 1
Less than a year ago 2
About the same 3

33. DifLNex6 APPLIES IF WalkMile=1 or Stand=1
 or Stairs=1 or Sitting=1 or Falls=1 or Bending=1

Do you think you will have this amount of difficulty with your (walking/
standing /steps and stairs/ sitting/ balance/ falls/ bending) for at
least the next 6 months?

Yes 1
No 2
DK 3

34. Stretch

Can you stretch both arms above your head at the same time to reach for
something above you?

SHOW CARD 2

Yes 1
No 2

35. PrAmbRch APPLIES IF Stretch=2

I'm going to ask you some questions about reaching and stretching with
each of your hands

PRESS <Enter> to continue

36. RShake APPLIES IF Stretch=2

How difficult is it for you to hold your arm out in front of you to shake hands with someone...with your right arm?

SHOW CARD 2

Not difficult	1
Difficult	2
Impossible	3

37. LShake APPLIES IF Stretch=2

...with your left arm?

SHOW CARD 2

Not difficult	1
Difficult	2
Impossible	3

38. RSleeve APPLIES IF Stretch=2

How difficult is it for you to hold your arm out to the side and put it into the sleeve of a jacket...with your right arm?

SHOW CARD 2

Not difficult	1
Difficult	2
Impossible	3

39. LSleeve APPLIES IF Stretch=2

...with your left arm?

SHOW CARD 2

Not difficult	1
Difficult	2
Impossible	3

40. RHaton APPLIES IF Stretch=2

How difficult is it for you to put your hand up to your head to put a hat on...with your right arm?

SHOW CARD 2

Not difficult	1
Difficult	2
Impossible	3

41. LHaton APPLIES IF Stretch=2
...with your left arm?
SHOW CARD 2
Not difficult 1
Difficult 2
Impossible 3
42. RTuckIn APPLIES IF Stretch=2
How difficult is it for you to put your hand behind your back to tuck in a blouse/shirt...with your right arm?
SHOW CARD 2
Not difficult 1
Difficult 2
Impossible 3
43. LTuckIn APPLIES IF Stretch=2
...with your left arm?
SHOW CARD 2
Not difficult 1
Difficult 2
Impossible 3
44. RReach APPLIES IF Stretch=2
How difficult is it for you to put your hand above your head to reach something above you...with your right arm?
SHOW CARD 2
Not difficult 1
Difficult 2
Impossible 3
45. LReach APPLIES IF Stretch=2
...with your left arm?
SHOW CARD 2
Not difficult 1
Difficult 2
Impossible 3

46. WhenDifR APPLIES IF Stretch=2

How old were you when you first had this difficulty with reaching and stretching?

ENTER AGE - IF SINCE BIRTH CODE 00 - 97 OR MORE CODE 97

47. DifRMon APPLIES IF difficulty began in last year
(i.e. age is same as or one year different)

For how long has the difficulty you have with reaching and stretching lasted?

ENTER NUMBER OF MONTHS - 0 .. 24

48. DifRYr APPLIES IF difficulty began more
than 1 year ago (i.e. age is more than one year
different)

Is this difficulty with reaching and stretching greater or less than it was a year ago (that is since INSERT DATE), or is it about the same?

Greater than a year ago	1
Less than a year ago	2
About the same	3

49. DifRNex6 APPLIES IF Stretch=2

Do you think you will have this amount of difficulty with your reaching and stretching for at least the next 6 months?

Yes	1
No	2
DK	3

50. Handed

Are you right-handed, left-handed, or ambidextrous (able to use both hands equally well)?

Right	1
Left	2
Ambidextrous	3

51. Holding

Do you have great difficulty holding, gripping or turning things?

Yes	1
No	2

52. PrAmbH1 APPLIES IF Holding=1
- I am going to ask you some questions about what you can do, first with your right hand and then with your left hand.
- PRESS <Enter> TO CONTINUE
-
53. CoffeeR APPLIES IF Holding=1
- Can you pick up and hold a mug of coffee or tea
...with your right hand?
- Yes 1
No 2
-
54. CoffeeL APPLIES IF Holding=1
- ...with your left hand?
- Yes 1
No 2
-
55. TapR APPLIES IF CoffeeR=1 OR CoffeeL=1
- Can you turn a tap or the control knobs of a cooker
... with your right hand?
- Yes 1
No 2
-
56. TapL APPLIES IF CoffeeR=1 OR CoffeeL=1
- ... with your left hand?
- Yes 1
No 2
-
57. TurnPgR APPLIES IF TapR=1 OR TapL=1
- Can you turn the pages of a book
... with your right hand?
- Yes 1
No 2
-
58. TurnPgL APPLIES IF TapR=1 OR TapL=1
- ... with your left hand?
- Yes 1
No 2

59. MilkR APPLIES IF TapR=1 OR TapL=1
- Can you pick up and carry a pint of milk
...with your right hand?
- Yes 1
No 2
60. MilkL APPLIES IF TapR=1 OR TapL=1
- ...with your left hand?
- Yes 1
No 2
61. PickBkR APPLIES IF MilkR=1 OR MilkL=1
- Can you pick up a paperback book
... with your right hand?
- Yes 1
No 2
62. PickBkL APPLIES IF MilkR=1 OR MilkL=1
- ... with your left hand?
- Yes 1
No 2
63. SqueezR APPLIES IF TapR=1 OR TapL=1
- Can you squeeze the water from a sponge
... with your right hand?
- Yes 1
No 2
64. SqueezL APPLIES IF TapR=1 OR TapL=1
- ... with your left hand?
- Yes 1
No 2
65. SafePinR APPLIES IF (MilkR=1 OR MilkL=1) AND
(SqueezR=1 OR SqueezL=1)
- Can you pick up a small object, like a safety pin
... with your right hand?
- Yes 1
No 2

66. SafePinL APPLIES IF (MilkR=1 OR MilkL=1) AND
(SqueezR=1 OR SqueezL=1)
- ... with your left hand?
- Yes 1
No 2
67. BagPotR APPLIES IF SafePinR=1 OR
SafePinL=2
- Can you pick up and carry a 5lb bag of potatoes
...with your right hand?
- Yes 1
No 2
68. BagPotL APPLIES IF SafePinR=1 OR
SafePinL=2
- ...with your left hand?
- Yes 1
No 2
69. PrAmbH2 APPLIES IF (CoffeeR=1 OR CoffeeL=1) AND
(TapR=1 OR TapL=1) AND (MilkR=1 OR MilkL=1) AND
(SqueezR=1 OR SqueezL=1) AND (SafePinR=1 OR
SafePinL=1)
- I'm now going to read out some things which involve both hands in
holding, gripping or turning, and I'd like to know whether you have
difficulty with any of them.
- PRESS <Enter> TO CONTINUE
70. Spoon APPLIES IF (CoffeeR=1 OR
CoffeeL=1) AND (TapR=1 OR TapL=1) AND (MilkR=1 OR
MilkL=1) AND (SqueezR=1 OR SqueezL=1) AND (SafePinR=1
OR SafePinL=1)
- Can you serve food from a pan with a spoon or ladle without difficulty?
- Yes 1
No 2
71. Kettle APPLIES IF (CoffeeR=1 OR

Do you think you will have this amount of difficulty with your holding, gripping and turning for at least the next 6 months?

Yes 1
No 2
DK 3

81. SeeFrnd

(Wearing glasses or lenses...)

Do you have difficulty recognising a friend across the road?

Yes 1
No 2

82. Reading

(Wearing glasses or lenses...)

Do you have difficulty reading ordinary newspaper print?

Yes 1
No 2

83. Windows APPLIES IF SeeFrnd=1 or Reading=1
- Can I check, (wearing glasses or lenses...) in a room during daytime,
can you tell by the light where the windows are?
- Yes 1
No 2
84. Shape APPLIES IF Windows=1
- (Wearing glasses or lenses...)
Can you see the shapes of the furniture in this room?
- Yes 1
No 2
85. RecFace APPLIES IF Shape=1
- (Wearing glasses or lenses...)
Can you see well enough to recognise a friend if you get close to his or
her face?
- Yes 1
No 2
86. ArmLeng APPLIES IF RecFace=1
- (Wearing glasses or lenses...)
Can you see well enough to recognise a friend who is an arm's length
away?
- Yes 1
No 2
87. Headline APPLIES IF ArmLeng=1
- (Wearing glasses or lenses...)
Can you see well enough to read a newspaper headline?
- Yes 1
No 2
88. LargePrt APPLIES IF Headline=1
- (Wearing glasses or lenses...)
Can you see well enough to read a large print book?
- Yes 1
No 2

89. Room APPLIES IF LargePrt=1
(Wearing glasses or lenses...)
Can you see well enough to recognise a friend across the room?
Yes 1
No 2
90. WhenDifS APPLIES IF SeeFrnd=1 or Reading=1
How old were you when you first had this difficulty with seeing?
ENTER AGE - IF SINCE BIRTH CODE 00 - 97 OR MORE CODE 97
91. DifSMon APPLIES IF difficulty began in last year
(i.e. age is same as or one year different)
For how long has the difficulty you have with seeing lasted?
ENTER NUMBER OF MONTHS - 0 .. 24
92. DifSYr APPLIES IF difficulty began more than 1
year ago (i.e. age is more than one year different)
Is this difficulty you have with seeing greater or less than it was a
year ago (that is since insert date), or is it about the same?
Greater than a year ago 1
Less than a year ago 2
About the same 3
93. DifSNex6 APPLIES IF SeeFrnd=1 or Reading=1
Do you think you will have this amount of difficulty with your seeing
for at least the next 6 months?
Yes 1
No 2
DK 3
94. HearAid
Do you wear a hearing aid at all?
Yes 1
No 2
95. Sounds
Can I check, (wearing your hearing aid) can you hear sounds at all?
Yes 1
No 2

96. Hearing APPLIES IF Sounds=1
- (Wearing your hearing aid...)
Do you have difficulty hearing someone talk in a quiet room?
- Yes 1
No 2
97. Convers APPLIES IF Sounds=1
- (Wearing your hearing aid...)
Do you have great difficulty following a conversation if there is background noise - for example a T.V., radio or children playing?
- Yes 1
No 2
98. VolUp APPLIES IF Hearing=1 or Convers=1
- (Wearing your hearing aid...)
Can you follow a TV programme with the volume turned up?
- Yes 1
No 2

104. DifHMon APPLIES IF difficulty began in last year
 (i.e. age is same as or one year different)
- For how long has the difficulty you have with hearing lasted?
- ENTER NUMBER OF MONTHS - 0 .. 24
-
105. DifHYr APPLIES IF difficulty began more than 1
 year ago (i.e. age is more than one year different)
- Is this difficulty you have with your hearing greater or less than it
was a year ago (that is since INSERT DATE), or is it about the same?
- Greater than a year ago 1
- Less than a year ago 2
- About the same 3
-
106. DifHNex6 APPLIES IF Hearing=1 or Convers=1 or
 Sounds=2
- Do you think you will have this amount of difficulty with your hearing
for at least the next 6 months?
- Yes 1
- No 2
- DK 3
-
107. Device
- Can I check, do you use any sort of device to manage either your bladder
or bowels?
- Yes - bladder device only 1
- Yes - bowel device only 2
- Yes - devices for both 3
- Neither 4

108. WhichLoo APPLIES IF Device= 1, 2 or 4

Can I check, do you use the toilet, or do you use something like a
commode, bedpan or bottle instead of the toilet?

Toilet only 1
Commode, bedpan, bottle only 2
Both toilet and commode etc. 3

109. Bladder APPLIES IF Device=2 or 4

Do you ever lose control of your bladder?

Yes 1
No 2

110. OftBlad APPLIES IF Bladder=1

Do you lose control over your bladder:

CODE FIRST THAT APPLIES

at least once every 24 hours 1
less than every 24 hrs but at least once a week 2
less than once a week but at least twice a month 3
less than twice a month but at least once a month 4
or less than once a month? 5
INFORMANT HAS NO VOLUNTARY CONTROL 6

111. Bowels APPLIES IF Device=1 or 4

Do you ever lose control of your bowels?

Yes 1
No 2

112. OftBow APPLIES IF Bowels=1

Do you lose control over your bowels:

CODE FIRST THAT APPLIES

at least once every 24 hours 1
less than every 24 hrs but at least once a week 2
less than once a week but at least twice a month 3
less than twice a month but at least once a month 4
or less than once a month? 5

Do you think you will have this amount of difficulty with your eating, drinking or digestion for at least the next 6 months?

Yes	1
No	2
DK	3

192. Deform

Do you have a scar, blemish or deformity which limits your daily activities?

Yes 1
No 2

193. WhenDifD APPLIES IF Deform=1

How old were you when you first had this/these difficulties?
ENTER AGE - IF SINCE BIRTH CODE 00 - 97 OR MORE CODE 97

194. DifDMon APPLIES IF difficulty began in
last year (i.e. age is same as or one year different)

For how long have these difficulties lasted?

ENTER NUMBER OF MONTHS - 0 .. 24

195. DifDYr APPLIES IF difficulty began more
than 1 year ago (i.e. age is more than one year
different)

Is this difficulty greater or less than it was a year ago (that is since insert date), or is it about the same?

Greater than a year ago 1
Less than a year ago 2
About the same 3

196. DifDNex6 APPLIES IF Deform=1

Do you think you will have this amount of difficulty for at least the next 6 months?

Yes 1
No 2
DK 3

197. IntHeal

To help people say how good or bad their health is, we have drawn a scale (rather like a thermometer) on which the best state of health you can imagine is marked by 100 and the worst state of health you can imagine is marked by 0.

SHOW CARD 6
CODE 1 TO CONTINUE

198. BadHeal

We would like you to indicate on this scale how good or bad your health is today, in your opinion. Please do this by showing me the point on the scale which indicates how good or bad your current health is.

SHOW CARD 6

INTERVIEWER NOTE: RECORD POINT ON SCALE AS 0 TO 100, E.G. IF MIDWAY BETWEEN 50 AND 60 = 55

Note: This is the end of the Disability activity Section

199. OutBed

Do you have difficulty getting in and out of bed on your own?

Yes 1
No 2

200. BedH APPLIES IF OutBed=1

Do you need help getting in and out of bed?

Yes 1
No 2

201. Bed2 APPLIES IF BedH=1

Thinking about getting in and out of bed, how often do you need help?

SHOW CARD 7

I occasionally need help (i.e. once a week or less) 1
I regularly need help (i.e. more than once a week) 2
I need help every day 3

202. WhoBed APPLIES IF BedH=1

Who usually helps you?

Hierarchical computer assisted coding:

First, code if in household or not, or if no help given (1,2 or 3 respectively). Then, code who usually helps (codes below) to give a 3 digit code.

For example, code 108 = foster parent living **in** household;
code 212 = foster brother/sister living **outside** household;
code 219 = meals on wheels.

In Household	1
Not in Household	2
No help given	3
Partner/ spouse/ cohabitee	1
Son/ daughter (natural, or adopted)	2
Step son/ daughter	3
Foster child	4
Son-in-law/daughter-in-law	5
Parent	6
Step-parent	7
Foster parent	8
Parent-in-law	9
Brother/sister (incl. adopted)	10
Step brother/sister	11
Foster brother/sister	12
Brother/sister-in-law	13
Grand-child	14
Grand-parent	15
Other relatives by blood, marriage or adoption	16
Other non-relatives (friends/neighbours, unpaid)	17
Home help (e.g. Local authority)	18
Meals on wheels	19
Private domestic help (incl. private home help)	20
Nursing auxiliary/bath attendant	21
Community/District Nurse/ Health visitor	22
Other nurses (e.g. Macmillan, private)	23
Residential staff/ wardens of sheltered housing	24
Other social/ welfare services	25
Voluntary organisations/ workers	26
Paid helpers not specified above	27

203. HelpBed APPLIES IF BedH=1

On the days that you need help, how much help do you need?

SHOW CARD 8

Once, for up to 20 minutes	1
Once, for up to an hour	2
Once, for over an hour	3
Twice or more, for up to 20 minutes in total	4
Twice or more, for up to an hour in total	5
Twice or more, for over an hour in total	6

204. WashFace

Do you have difficulty washing your hands and face?

Yes 1

No 2
205. WashFH

APPLIES IF WashFace=1

Do you need help washing your hands and face?

Yes 1

No 2
206. Face

APPLIES IF WashFH=1

Thinking about washing your hands and face, how often do you need help?

SHOW CARD 7

I occasionally need help (i.e. once a week or less) 1

I regularly need help (i.e. more than once a week) 2

I need help every day 3
207. WhoFace

APPLIES IF WashFH=1

Who usually helps you?

(coding frame as for WhoBed)
208. HelpFace

APPLIES IF WashFH=1

One the days when you need help, how much do you need?

SHOW CARD 8

Once, for up to 20 minutes 1

Once, for up to an hour 2

Once, for over an hour 3

Twice or more, for up to 20 minutes in total 4

Twice or more, for up to an hour in total 5

Twice or more, for over an hour in total 6
209. WashOver

Do you have difficulty washing yourself all over?

Yes 1

No 2

210. WashOvH APPLIES IF WashOver=1

Do you need help washing yourself all over?

Yes 1

No 2

211. Wash APPLIES IF WashOvH=1

Thinking about washing yourself all over, how much help do you need?

SHOW CARD 7

I occasionally need help (i.e. once a week or less) 1

I regularly need help (i.e. more than once a week) 2

I need help every day 3

212. Whowash APPLIES IF WashOvH=1

Who usually helps you?

(coding frame as for WhoBed)

213. HelpWash APPLIES IF WashOvH=1

One the days when you need help, how much help do you need?

SHOW CARD 8

Once, for up to 20 minutes 1

Once, for up to an hour 2

Once, for over an hour 3

Twice or more, for up to 20 minutes in total 4

Twice or more, for up to an hour in total 5

Twice or more, for over an hour in total 6

214. Dressing

Do you have difficulty dressing and undressing yourself?

Yes 1

No 2

215. DressH APPLIES IF Dress=1

Do you need help dressing and undressing yourself?

Yes 1

No 2

216. Dress APPLIES IF DressH=1

Thinking about dressing and undressing yourself, how often do you need help?

SHOW CARD 7

I occasionally need help (i.e. once a week or less) 1
 I regularly need help (i.e. more than once a week) 2
 I need help every day 3

217. WhoDress APPLIES IF DressH=1

Who usually helps you?

(coding frame as for WhoBed)

218. HelpDres APPLIES IF DressH=1

One the days when you need help, how much help do you need?

SHOW CARD 8

Once, for up to 20 minutes 1
 Once, for up to an hour 2
 Once, for over an hour 3
 Twice or more, for up to 20 minutes in total 4
 Twice or more, for up to an hour in total 5
 Twice or more, for over an hour in total 6

219. Chair

Do you have difficulty getting in and out of a chair on your own?

Yes 1
 No 2

220. ChairH APPLIES IF Chair=1

Do you need help getting in and out of a chair?

Yes 1
 No 2

221. Chair2 APPLIES IF ChairH=1

Thinking about getting in and out of a chair, how often do you need help?

SHOW CARD 7

I occasionally need help (i.e. once a week or less) 1
 I regularly need help (i.e. more than once a week) 2
 I need help every day 3

222. WhoChair APPLIES IF ChairH=1

Who usually helps you?

(coding frame as for WhoBed)

223. HelpChr APPLIES IF ChairH=1

One the days when you need help, how much help do you need?

SHOW CARD 8

Once, for up to 20 minutes	1
Once, for up to an hour	2
Once, for over an hour	3
Twice or more, for up to 20 minutes in total	4
Twice or more, for up to an hour in total	5
Twice or more, for over an hour in total	6

224. Feed

Do you have difficulty feeding yourself, including cutting up food?

Yes	1
No	2

225. FeedH APPLIES IF Feed=1

Do you need help feeding yourself, including cutting up food?

Yes	1
No	2

226. Feed2 APPLIES IF FeedH=1

Thinking about feeding yourself and cutting up food, how often do you need help?

SHOW CARD 7

I occasionally need help (i.e. once a week or less)	1
I regularly need help (i.e. more than once a week)	2
I need help every day	3

227. WhoFeed APPLIES IF FeedH=1

Who usually helps you?

(coding frame as for WhoBed)

228. HelpFeed APPLIES IF FeedH=1

On the days when you need help, how much help do you need?

SHOW CARD 8

Once, for up to an hour	2
Once, for over an hour	3
Twice or more, for up to 20 minutes in total	4
Twice or more, for up to an hour in total	5
Twice or more, for over an hour in total	6

229. Meal

Do you have difficulty preparing a hot meal for yourself (or would you, if you had to)?

Yes	1
No	2

230. MealH APPLIES IF Meal=1

Do you need help preparing a hot meal for yourself (or would you, if you had to)?

Yes	1
No	2

231. Meal2 APPLIES IF MealH=1

Thinking about preparing a hot meal for yourself, how often do you (or would you) need help?

SHOW CARD 7

I occasionally need help (i.e. once a week or less)	1
I regularly need help (i.e. more than once a week)	2
I need help every day	3

232. WhoMeal APPLIES IF MealH=1

Who usually helps you?

(coding frame as for WhoBed)

233. HelpMeal APPLIES IF MealH=1

On the days when you need help, how much help do you need?

SHOW CARD 9

Up to an hour, in total	1
Up to two hours in total	2
More than two hours in total	3

234. Dishes

Do you have difficulty washing up and drying the dishes (or would you, if you had to)?

Yes 1
No 2

235. DishH APPLIES IF Dishes=1

Do you need help washing up and drying the dishes (or would you, if you had to)?

Yes 1
No 2

236. Dish2 APPLIES IF DishH=1

Thinking about washing up and drying the dishes, how often do you (or would you) need help?

SHOW CARD 7

I occasionally need help (i.e. once a week or less) 1
I regularly need help (i.e. more than once a week) 2
I need help every day 3

237. WhoDish APPLIES IF DishH=1

Who usually helps you?

(coding frame as for WhoBed)

238. HelpDish APPLIES IF DishH=1

On the days when you need help, how much help do you need?

SHOW CARD 9

Up to an hour, in total 1
Up to two hours in total 2
More than two hours in total 3

239. Laundry

Do you have difficulty washing clothes or bed linen (or would you, if you had to)?

Yes 1
No 2

240. LaundH APPLIES IF Laundry=1

Do you need help washing clothes or bed linen (or would you, if you had to)?

Yes 1
No 2

241. Laund2 APPLIES IF LaundH=1

Thinking about washing clothes or bed linen, how often do you (or would you) need help?

SHOW CARD 7

I occasionally need help (i.e. once a week or less) 1
I regularly need help (i.e. more than once a week) 2
I need help every day 3

242. WhoLaun APPLIES IF LaundH=1

Who usually helps you?

(coding frame as for WhoBed)

243. HelpLaun APPLIES IF LaundH=1

On the days when you need help, how much help do you need?

SHOW CARD 9

Up to an hour, in total 1
Up to two hours in total 2
More than two hours in total 3

244. Vacuum

Do you have difficulty using a vacuum cleaner to clean the floor (or would you, if you had to)?

Yes 1
No 2

245. VacuH APPLIES IF Vacuum=1

Do you need help using a vacuum cleaner to clean the floor (or would you, if you had to)?

Yes 1
No 2

246. Vacuum2 APPLIES IF VacuH=1

Thinking about using a vacuum cleaner to clean the floor, how often do you (or would you) need help?

SHOW CARD 7

I occasionally need help (i.e. once a week or less)	1
I regularly need help (i.e. more than once a week)	2
I need help every day	3

247. WhoVac APPLIES IF VacuH=1

Who usually helps you?

(coding frame as for WhoBed)

248. HelpVac APPLIES IF VacuH=1

On the days that you need help, how much help do you need?

SHOW CARD 9

Up to an hour, in total	1
Up to two hours in total	2
More than two hours in total	3

249. Shopping

Do you have difficulty doing the household shopping on your own (or would you, if you had to)?

Yes	1
No	2

250. ShopH APPLIES IF Shopping=1

Do you need help doing the household shopping (or would you, if you had to)?

Yes	1
No	2

251. Shop2 APPLIES IF ShopH=1

Thinking about doing the household shopping, how often do you (or would you) need help?

SHOW CARD 7

I occasionally need help (i.e. once a week or less)	1
I regularly need help (i.e. more than once a week)	2
I need help every day	3

Do you have difficulty getting the bedcovers back on the bed if they come off during the night?

Yes

1

No

2
326. CoverH

APPLIES IF Covers=1

Do you need help getting the bedcovers back on the bed if they come off during the night?

Yes

1

No

2

327. Cover2 APPLIES IF CoverH=1

Thinking about getting the bedcovers back on the bed if they come off,
how often do you need help during the night?

SHOW CARD 10

I occasionally need help (i.e. once a week or less)	1
I regularly need help (i.e. at least twice a week)	2
I need help every night	3

328. WhoCov APPLIES IF CoverH=1

Who usually helps you?

(coding frame as for WhoBed)

329. HelpCov APPLIES IF CoverH=1

On the nights that you need help, how much help do you need?

SHOW CARD 8

Once, for up to 20 minutes	1
Once, for up to an hour	2
Once, for over an hour	3
Twice or more, for up to 20 minutes in total	4
Twice or more, for up to an hour in total	5
Twice or more, for over an hour in total	6

330. ChanPos

Do you have difficulty getting into the right position for sleeping, if
you need to sleep in a particular position?

Yes	1
No	2
Don't need to sleep in a particular position	3

331. ChanPH APPLIES IF ChanPos=1

Do you need help getting into the right position for sleeping?

Yes	1
No	2

332. ChPos2 APPLIES IF ChanPH=1

Thinking about getting into the right position for sleeping, how often do you need help during the night?

SHOW CARD 10

I occasionally need help (i.e. once a week or less) 1
 I regularly need help (i.e. at least twice a week) 2
 I need help every night 3

333. WhoChPos APPLIES IF ChanPH=1

Who usually helps you?

(coding frame as for WhoBed)

334. HelpChPs APPLIES IF ChanPH=1

On the nights that you need help, how much help do you need?

SHOW CARD 8

Once, for up to 20 minutes 1
 Once, for up to an hour 2
 Once, for over an hour 3
 Twice or more, for up to 20 minutes in total 4
 Twice or more, for up to an hour in total 5
 Twice or more, for over an hour in total 6

335. HelpNigh APPLIES IF Help needed with self-care:

(BedH=1 or WashFH=1 or WashOvH=1 or DressH=1 or
 ChairH=1 or FeedH=1 or MedTrHN=1 or MedTrHD=1 or
 ToilGHN=1 or ToilGHD=1 or ToilUHN=1 or ToilUHD=1 or
 CommUHN=1 or CommUHD=1 or ContUHN=1 or ContUHD=1 or
 SheetH=1 or TurnOvH=1 or CovH=1 or ChPosH=1)

SHOW CARD 12

You've told me that there are some personal things that you need help with. Thinking about how much help you need overall during the night, can you tell me which of these descriptions fits you best...

I need no help at night 1
 I need very little help during the night 2
 I occasionally need help during the night for more than just a few minutes 3
 I need help most nights at least once for more than just a few minutes 4
 I need a lot of help or attention from someone throughout the night .. 5

336. HelpDay APPLIES IF Help needed with self-care
 (See above)

Now, thinking about how much help you need overall during the day, can you tell me which of these descriptions fits you best...

SHOW CARD 13

- I need no help during the day 1
- I need very little help during the day 2
- I need help from someone once or twice a day, but they don't need to be there all the time 3
- During most of the day, I need help from someone, but I am all right on my own for an hour or so 4
- I need a lot of help or attention from someone throughout the day 5

337. LongHelp APPLIES IF HelpNigh=3,4 or 5 or
 HelpDay=3,4 or 5

How old were you when you first needed this amount of help?

ENTER AGE - IF SINCE BIRTH CODE 00 - 97 OR MORE CODE 97

338. LongMon APPLIES IF help first needed in last year
 (i.e. age is same as or one year different)

For how many months have you needed this amount of help?

ENTER NUMBER OF MONTHS - 0 .. 24

339. HelpSix APPLIES IF HelpNigh=3,4 or 5 or
 HelpDay=3,4 or 5

Do you think you will need this amount of help for at least the next 6 months?

- Yes 1
- No 2
- DK 3

340. HelpTime APPLIES IF no help or very little help
 needed with self-care

Although you do not need (much) help with personal things like washing dressing or going to the toilet, do you need someone to be with you most of the time to avoid dangers, either to you or to other people, for example falling or leaving taps on?

- Yes 1
- No 2

341. LongHlp2 APPLIES IF HelpTime=1

How old were you when you first needed someone to be with you most of the time?

ENTER AGE - IF SINCE BIRTH CODE 00 - 97 OR MORE CODE 97

342. LongMon2 APPLIES IF first needed someone to be with them in last year (i.e. age is same as or one year different)

For how many months have you needed someone to be with you most of the time?

ENTER NUMBER OF MONTHS - 0 .. 24

343. HelpSix2 APPLIES IF HelpTime=1

Do you think you will need someone with you most of the time for at least the next 6 months?

Yes 1
No 2
DK 3

344. PayHelp APPLIES IF need any help at all

Self-Care:

(BedH=1 or WashFH=1 or WashOvH=1 or DressH=1 or ChairH=1 or FeedH=1 or MedTrHN=1 or MedTrHD=1 or ToilGHN=1 or ToilGHD=1 or ToilUHN=1 or ToilUHD=1 or CommUHN=1 or CommUHD=1 or ContUHN=1 or SheetH=1 or TurnOvH2=1 or CoverH=1 or ChanPH=1)

Domestic Care:

(MealH=1 or DishH=1 or LaundH=1 or VacuH=1 or ShopH=1 or PaperWH=1)

Safety:

(KpSaf=1 or GoOut=1)

Do you pay for any of the help you receive?

Yes 1
No 2

345. PayBenef APPLIES IF PayHelp=1

Do you pay out of Disability Living Allowance or Attendance Allowance (if you receive it)?

Yes 1
No 2
Don't receive DLA or AA 3

Documentation

Questionnaire

Part 2

1. **StarGren** APPLIES IF Disabled
- RESPONDENT HAS A DIFFICULTY WITH DAILY LIVING
PRESS 1 TO CONTINUE INTERVIEW
-
2. **AttHosp** APPLIES IF Disabled
- During the past 12 months, have you been to a hospital or clinic for treatment or check-ups for your health problem or disability?
- INCLUDE VISITS TO HOSPITALS, DAY HOSPITALS, CLINICS, PRIVATE CONSULTING ROOMS
- Yes 1
No 2
-
3. **FreqHosp** APPLIES IF AttHosp=1
- How many times have you been in the past year?
- enter number between 1 and 365
-
4. **PayHosp** APPLIES IF AttHosp=1
- Are you charged for any of these visits?
- Yes 1
No 2
-
5. **DomVisit** APPLIES IF Disabled
- Here is a list of some of the people who come to the home to treat people with health problems or disabilities. Have any of these people visited you in the past 6 months?
- SHOW CARD A
CODE ALL THAT APPLY (None= Code 14)
- District Nurse 1
Health Visitor 2
Nursing auxilliary (e.g. bath attendant) 3
Care assistant / care worker 4
Private nursing help 5
Community psychiatric nurse 6
Community mental handicap nurse 7
Other community nurse 8
Physiotherapist 9
Occupational therapist 10
Chiropodist 11
Speech and language therapist 12
General practitioner (GP)/ family doctor 13
None of the above 14

12. WhyNoDom APPLIES IF RefDom=Yes or AvoidDom=Yes

What was the reason you turned down or went without the help?

CODE ALL THAT APPLY

- | | |
|--|---|
| Couldn't afford help | 1 |
| Didn't know help was available | 2 |
| Didn't know where to ask for help | 3 |
| Haven't got round to asking for help | 4 |
| Too proud/ashamed | 5 |
| Didn't need/didn't think help required | 6 |
| Wanted to help self | 7 |
| Other (specify at next question) | 8 |

13. WhyDomO APPLIES IF WhyNoDom=Other

What was this other reason?

14. PerVisit APPLIES IF Disabled

Here is a list of services which can help people with health problems or disabilities and their families. Have you had any of these services in the past 6 months?

SHOW CARD B

CODE ALL THAT APPLY (None= Code 14)

- | | |
|--|----|
| Local authority home help/home carer | 1 |
| Meals on wheels | 2 |
| Laundry service | 3 |
| Incontinence service | 4 |
| Night sitting service | 5 |
| Rehabilitation officer (mobility/daily living skills for the blind) .. | 6 |
| Guide/help (for deaf/blind) | 7 |
| Social worker | 8 |
| Voluntary worker | 9 |
| Visiting service | 10 |
| Private domestic help | 11 |
| Care manager | 12 |
| Other help | 13 |
| None of the above | 14 |

15. **FreqPer** APPLIES IF PerVisit not equal to 14
(none of the above)

How often does someone (from Card B) come?

- | | |
|-----------------------------|---|
| Every day or nearly | 1 |
| 2 or 3 times a week | 2 |
| Once a week | 3 |
| Less than once a week | 4 |
| No longer visits | 5 |

16.

PayPer

APPLIES IF PerVisit=1
- Do you pay anything for these visits?
- Yes

.....

1
- No

.....

2
17.

NeedPer

APPLIES IF disabled
- Is there any sort of help from the people and services listed on this card which you are not getting at present, but which you think you need?
- SHOW CARD B
- Yes

.....

1
- No

.....

2
18.

AskPer

APPLIES IF NeedPer=1
- Have you asked for this help or service?
- Yes

.....

7
31.

WhyCentO

APPLIES IF WhyNoCen=Other
- What was this other reason?

32. **Respite** APPLIES IF disabled

Sometimes, people being looked after by another person stay in a nursing home or hospital for a while, so that their carer can have a break, or because their carer has fallen ill. This is called 'respite care'. Thinking back over the last 12 months, have you had any respite care?

Yes 1
No 2

33. **FreqResp** APPLIES IF Respite=1

In the past year, how many times have you been to stay somewhere for respite care?

enter number between 1 and 97

34. **PayResp** APPLIES IF Respite=1

Who paid for your most recent period of respite care?

PROMPT AS NECESSARY
IF MORE THAN ONE SOURCE, CODE WHICHEVER PAID MOST

Social security payments 1
Health Authority and Local Authority contributions 2
Respondent's private contribution 3
Relative's private contribution 4
Voluntary organisation or charitable body contributions 5
Other person or organisation 6
Didn't cost anything 7

35. **NeedResp** APPLIES IF Respite=2

Is the reason you have not had any respite care because you (or your carers) did not want any or for some other reason?

Did not want respite care 1
Financial reasons 2
Health/disability reasons 3
Other reasons 4

36. **AskResp** APPLIES IF Respite=2

Have you (or your carers) ever asked for respite care?

Yes 1
No 2

37. **RefResp** APPLIES IF Respite=2
- Have you (or your carers) been offered any respite care which you have turned down?
- Yes 1
No 2
38. **AvoiResp** APPLIES IF Respite=2
- Have you ever gone without respite care that you needed ?
- Yes 1
No 2
39. **WhyNoRes** APPLIES IF RefResp=Yes or AvoiResp=Yes
- What was the reason you turned down or went without the respite care?
- CODE ALL THAT APPLY
- Couldn't afford respite care 1
Didn't know respite care was available 2
Didn't know where to ask for respite care 3
Haven't got round to asking for respite care 4
Too proud/ashamed 5
Didn't need/didn't think help required 6
Wanted to help self 7
Other (specify at next question) 8
40. **WhyRespO** APPLIES IF WhyNoRes=Other
- What was this other reason?
41. **Advice** APPLIES IF Disabled
- There are a number of organisations which provide advice to people with health problems or disabilities. Have you gone to anyone for advice or help with welfare benefits, disabled people's rights, or anything like that in the past year?
- Yes 1
No 2
42. **PayAdv** APPLIES IF Advice=1
- Do you pay anything for this advice or help?
- Yes 1
No 2

43. **RefAdv** APPLIES IF disabled

Have you been offered any advice or help which you have turned down?

Yes 1
No 2

44. **AvoidAdv** APPLIES IF disabled

Have you ever gone without help or advice that you needed?

Yes 1
No 2

45. **WhyNoAdv** APPLIES IF RefAdv=Yes or Avoidadv=Yes

What was the reason you turned down, or went without the advice or help?

CODE ALL THAT APPLY

Couldn't afford advice or help 1
Didn't know advice or help was available 2
Didn't know where to ask for advice or help 3
Haven't got round to asking for advice or help 4
Too proud/ashamed 5
Didn't need/didn't think help required 6
Wanted to help self 7
Other (specify at next question) 8

46. **WhyAdvO** APPLIES IF WhyNoAdv=Other

What was this other reason?

47. **MobAid** APPLIES IF problems with locomotion
(WalkMile=1 or Stand=1 or Stairs=1 or Falls=1)

Do you regularly use any aids to walking or getting about, such as those listed on this card?

SHOW CARD D

Yes 1
No 2

<p>Card D</p> <p>Wheelchair</p> <p>Walking sticks</p> <p>Crutches</p> <p>Walking frame/tripod/zimmer</p> <p>Trolley</p> <p>Other mobility aid 1</p>

48. **PayMAid** APPLIES IF MobAid=1
- Did you pay anything for these mobility aids?
- Yes 1
- No 2
-
49. **PayMAid2** APPLIES IF PayMAid=1
- Did you have any help towards the cost of these mobility aids, for example a grant?
- Yes 1
- No 2
-
50. **NeedMAid** APPLIES IF problems with locomotion
- Are there any aids such as those listed on this card which you think would help you get about but that you don't have at the moment?
- SHOW CARD D
- Yes 1
- No 2
-
51. **YNoAid** APPLIES IF NeedMAid=1
- What is the reason(s) you do not have the aid?
- CODE ALL THAT APPLY
- Didn't know aid was available 1
- Didn't know where to buy/get aid 2
- Haven't got round to buying aid 3
- Can't afford aid 4
- Waiting for aid 5
- Ineligible for aid 6
- Didn't think aid was necessary 7

Bicycle	Aeroplane
Ambulance	

155. IntTran APPLIES IF Transp=yes

Some people with health problems/ disabilities spend less on transport than other people because they can't go out as much or because they can get special cheap fares. Others spend more because they have to use more expensive forms of transport or need transport for short journeys.

PRESS <ENTER> TO CONTINUE

156. SpentTran APPLIES IF disabled

Thinking about how often you go out and how much it costs, do you think you spend more, less or about the same on transport because of your health problem/disability?

- More 1
- Less 2
- About the same 3
- Don't know 4

157. HelpTran APPLIES IF SpentTran=1 or 4

Have you had any help towards extra transport costs?

- Yes 1
- No 2

158. ChanTran APPLIES IF disabled

Do you think you use more transport because of your health problem/
disability, or not?

More 1
Less 2
About the same 3
Don't know 4

159. AffTran APPLIES IF disabled

Do you think you would spend more on transport if you could afford
to?

Yes 1
No 2
Don't know 3

160. IntHeat APPLIES IF disabled

Some people with health problems/ disabilities spend less on heating
fuel than other people because they are confined to one room and only
have to heat that one; others spend more because they are indoors
more or need to keep warmer or need to use more hot water.

PRESS <ENTER> TO CONTINUE

161. SpenHeat APPLIES IF disabled

Do you think you need to use more, less or about the same amount of
gas, electricity and other fuels as you would if you did not have a
health problem/ disability?

More 1
Less 2
About the same 3
Don't know 4

162. HelpHeat APPLIES IF SpenHeat=1 or 4

Have you had any help towards extra heating costs?

Yes 1
No 2

163. AffHeat APPLIES IF disabled

Do you think you would spend more on heating if you could afford to?

Yes 1
No 2
Don't know 3
