Introduction

The presentation of the CAPI questionnaire follows a consistent structure which is shown by the following example.

If dismissed

Dground^

On what grounds was [HE / SHE] dismissed?

1. Shortage of work/need for redundancies,
2. Change in job specification/requirements,
3. Disobedience/refusal to do as instructed/including health/safety aspects,
4. Dishonesty/theft/malicious damage,
5. Violence/threats,
6. (undisclosed) criminal record/security risk,
7. Attendance record/unjustified absences,
8. Insufficient quality of work/not developed necessary skills,
9. Other reasons (please specify)
10. *Other vague answer (not codeable 1-9)*
97. *Other specific answer (not codeable 1-10)*

The first line *If dismissed* is a brief description of the routing for the question. Where there is no italicised comment preceding the variable name then the routing is the same as the preceding question(s).

The variable name appears in bold (e.g. **Dground**). When the name is followed by ^ this signifies that the question can have more than one answer (i.e. a multiple response).

Where a piece of text appear in brackets, for example [name of organisation], this indicates that a textfill has been used. A textfill is an insert to a question that is based on an answer given in a previous question.

The other format that a textfill can take on occurs where there are two parts to the routing instruction as shown in **Cform**.

If no vacancies in past 12 months / If vacancies

Cform*

This card shows a list of recruitment channels which we refer to as 'formal'. [In the 12 months before your last vacancy / In the last 12 months], which of these channels did this establishment make use of to notify one or more vacancies?

Where there is a '/' this indicates that there are two ways in which the question could be asked. If there were no vacancies in the past 12 months, the respondent will be asked, 'In the 12 months before your last vacancy, which of these channels did this establishment make use of to notify one or more vacancies?', whereas a workplace with vacancies will be routed through the question following the '/'.

Codes that were added at the coding and editing stage (after interviews were returned to the office) are shown in italics in the code frame for the original question. In cases of open questions, the entire code frame appears in italics.

4 Child maintenance

{If only one natural parent in the household and the other parent is still alive}

Intro {R70q}

I'd now like to ask you about any maintenance payments you might receive for your children

READ EXPLANATION:

Maintenance payments are sometimes made by one parent to the other, if they do not live together, to help support any children. This could be through Court Orders, voluntary agreements, or through the Child Support Agency.

Some parents may help out in other ways, such as through occasional gifts, payment of or towards mortgage, rent or household bills.

CM1 {R71q}

May I first ask:

Is there any **Court Order** in force (not a CSA calculation) that says that [you/you or your partner] should receive regular maintenance payments from a previous partner either on behalf of yourself, or any children?

- 1 Yes
- 2 No

{If CM1 = yes}

CM2 {R72q}

Who is it that should be receiving these Maintenance Payments?

INTERVIEWER: GIVE RESPONDENT THE YELLOW DATA LINKING INFORMATION SHEET
The Department for Work and Pensions (formerly the DSS) holds information about benefits, tax credits and employment. We would like to add this information to your answers from the questions we have just asked you to:

- * Create a more accurate picture of people's work history, benefits and needs
- * Help researchers and policymakers to be better informed in their work to improve programs designed to help people

In order to do this we need your permission to pass your **full name, sex, date of birth** and **address** to the Department for Work and Pensions.

- * The information will **only** be used for research and statistics.
- * The information will be kept **confidential**.
- * Names and addresses are **never** included in the results and no individual can be identified from the research
- * Your personal details **will not** be passed to anyone else outside the research team.
- * The information **will not** be used to work out whether anyone is claiming benefits or tax credits they should not be.
- * Any current or future claims for benefits or tax credits **will not** be affected.
- * You can withdraw your permission to link to these records **at any time by completing the form below**. This **will not** affect your future participation in the study.

DWPLnk2

Can we have your permission to pass on your full name, sex, date of birth and address to the Department for Work and Pensions?

- 1 Yes
- 2 No
- 3 Not sure/has queries

{If not sure/has queries (DWPLnk2 = 3)}

DWPLnk3

ABOUT BENEFITS...

We have asked you for information about the benefits and tax credits you may be receiving. The benefits system can be confusing and the names of benefits change over time. The Department for Work and Pensions (DWP) will link the information you have provided with their benefit records to confirm which benefits you are claiming. This is not carried out in order to detect fraud and will not affect any claim you have at present or in the future.

ABOUT JOBS...

We have asked you about your current/last job(s). You may have only had one job, but some people may have had more and may find it difficult to remember the exact date they started and finished each job. The Department for Work and Pensions (DWP) holds information about people's jobs. DWP

will link the information you have provided with their employment records to provide a more detailed picture about when you started and finished each job. This will tell them more about how long people spend in jobs and how many jobs they are likely to have.

DWPLnk4

Can we have your permission to pass on your full name, sex, date of birth and address to the Department for Work and Pensions?

- 1 Yes
- 2 No

The Department for Education and Skills (DfES) looks after schools, colleges and other forms of education. We would like to obtain more information about how your child(ren) are doing at school by joining the answers you have given to the questions in this interview to information on the National Pupil Database. This database is held by DfES and contains information about how children are doing at school in the various exams and tests that they take.

In order to do this we need your permission to pass your **child's/children's full name, sex, date of birth and address** to the Department for Education and Skills (DfES).

- * The information will **only** be used for research purposes.
- * Names and addresses are **never** included in the results and no individual can be identified from the research
- * The information will be kept **confidential**.
- * Your child's details **will not** be passed to anyone else outside the research team.
- * Your child's education **will not** be affected.
- * You or your child can withdraw your permission to link to these records at **any time by completing the form below**. This **will not** affect your future participation in the study."

Can we have your permission to pass [child's name], sex, date of birth and address to the Department for Education and Skills (DfES)?

- 1 Yes
- 2 No
- 3 Not sure/has queries

{If not sure/has queries NDPLnk2=3}

NPDLnk3

We have asked you how you think your child is performing at school in maths, English and science. Children take a number of tests at school called key stage tests. The Department for Education and Skills (DfES) holds the results of these tests for all children at school. DfES will link your child's personal details to the results information they hold to give more detailed information about your child's progress.
