Ignore temporary absences, eg. on oil rig.
A person whose spouse has been working away from home for over 6 months, eg. on a contract overseas or in the armed forces, should still be coded as married and living with husband/wife if the separation is not permanent.

Landlord

QRenting

If property is let through a letting agent or estate agent, the question refers to the owner not the agent, so please probe to try to find out who actually owns the property.

If the respondent does not know who the landlord is, use code 7 (other private individual) rather than coding 'Don't know'.

Code 1 (local authority) includes people renting from Housing Action Trusts.

Code 2 (housing association etc.) includes Registered Social Landlords. Nearly all housing associations are now Registered Social Landlords but continue to be known as housing associations.

- (1) The local authority/council/New Town development/Scottish Homes
 - (2) A housing association, charitable trust or Local Housing Company
 - (3) Employer (organisation) of a household member
 - (4) Another organisation
 - (5) Relative/friend (before you lived here) of household member
 - (6) Employer (individual) of a household member

There is a form of tenancy called a shorthold. It is for a fixed period and you had to be given a notice in writing by the landlord that told you it was a shorthold tenancy agreement. RMort

QOwner1

'Re-mortgage': a new mortgage is taken out and is used to REPAY an existing mortgage on a property. Typically this happens when a new lender offers better terms, eg. a lower rate of interest. The new loan can be bigger than the old one.

'Further advance or top-up': the loan is EXTENDED (eg. from ^P30,000 to ^P40,000). But, if there are SEPARATE payments to cover the new sum borrowed, this counts as a separate loan - NOT a further advance/top-up. Separate loans are dealt with later, at 'OthMort1'.

MortFlex

QOwner1

A flexible mortgage allows the borrower to make certain changes to their mortgage payments without having to re-negotiate with their lender. Examples include varying the amount of payments, taking breaks from payments in certain circumstances (eg. new baby), or having one or two months without payments which they can take when they like during the year (this is not the same as a mortgage with a 'fixed' break in December and/or summer, as this is set by the lender). Some flexible mortgages operate like a current account.

JobAway

^CC*** ^Names[PNo] ***^S10^S4 CURRENT SITUATION

Only code YES if there is definitely a job to return to, for example on holiday, off sick, maternity leave, laid off, career break.

Take the respondent's definition of whether they are in paid work or not. If they are unsure: a job exists if there is a definite arrangement between an employer and an employee for work on a regular basis, whether work is full or part time.

Long term absence from work, except career breaks:
if total absence exceeds 6 months, a person has a job only if full or partial pay has been received during absence and they expect to return to same employer.

Career breaks - as above except pay not necessary.

Seasonal workers 'between seasons' (ie. not currently working) should be coded 2. (Note, the odd week of sick leave during the working season should be treated the same as in other work, and coded 1.

Casual workers - code No even if expect to work for employer again in future.

- (1) Yes
