# MODULE 1: HOUSEHOLD RELATIONSHIPS

## Section 1.1 Introduction and check of contact details

### FIRST\_PAGE

Hello {#Sample.CMName.Firstname}Welcome to Next Steps!The survey should take around 45 minutes to complete, but may be slightly quicker or longer depending on your circumstances. Once you have completed the questionnaire we will send you a voucher to say thank you - you can choose either an Amazon e-voucher, or a Love2Shop gift card, accepted in a wide range of shops including Argos, New Look, W H Smith and Boots.You can access the questionnaire on a computer or a tablet, but not a smartphone. This is because some of the questions do not work on a small screen.You don't have to complete all the survey in one go - any progress you make will be automatically saved and you can start where you left off when you next log in.To get started, simply click the 'Start the Survey' button below.

**EHCINSTRUCTIONSHHELPTITLE**

Help with using the calendar

**EHCINSTRUCTIONSHHELP**

**How do I zoom in and out?** When you first see the calendar it will show the whole period that we want to ask you about. You can use the + (plus) button in the top right-hand corner to zoom in and see more detail about a shorter time period, and you can use the - (minus) button to zoom back out to the whole period view. **How do I move forward or back in time in the calendar?** You can use the < (left) and > (right) in the top right hand corner to scroll backwards or forwards in time. **How can I change dates already entered?** For any dates entered on the screen you are currently on, it is easiest to change them in the entry boxes on the screen. You can also change the start or end dates of any period in the calendar so that you don't have to go back through the questionnaire. First click on the bar you want to change. Then move the cursor over the start or end point of the bar - you will see this now displays a little line with arrows. You can now drag the bar to left or right to the appropriate month.

## **MODULE 9: DATA LINKAGE**

### **Consintro**

We'd like your agreement to add information about you from administrative records, held by a number of government departments and agencies, to the information we collect throughout the study.

Adding details from these existing records will greatly enhance the value of the information you give us, as it will help us to build a more detailed picture of what life is like for your generation.

You can choose which permissions to give at the next few questions and there will be an

opportunity to review and confirm your choices at the end.

More information about this is provided:

- in the video below,
- at the help links in the next few questions,
- in the yellow {booklet} 'Adding other information about you',
- and {FAQ}.

You can also contact our {studyteam} free of charge.

## **NHS**

Records produced by the {NHS} and maintained by {#HSCIC} include information about use of health services, health conditions and treatments provided.

1. I give permission for my name, address, sex and date of birth to be passed to {#HSCIC} so that my NHS health records can be identified and sent to the Next Steps research team to be added to my study information.

### **GRID COLS**

1. Yes
2. No

### **NHS1HELPTITLE**

Which records would Next Steps like to add?

### **NHS1HELP**

The National Health Service (NHS) routinely updates medical and health-related records for all patients accessing NHS health services throughout their lives. This information is centrally managed by the Health and Social Care Information Centre.

Cosmetic and other procedures provided through private health care are not included.

### **NHS2HELPTITLE**

What do these records include?

### **NHS2HELP**

Health records include:

- use of NHS health services, such as visits to the doctor, nurse or midwife, hospital attendance or admission and the dates and waiting times of these visits
- health diagnoses or conditions
- medicines, surgical procedures or other treatments received
- NHS number

Sharing information from these records will not affect your treatment as a patient.

### **NHS3HELPTITLE**

Why is it helpful to add this information?

### **NHS3HELP**

This study has huge potential to advance our understanding of health and illness and to change the way that conditions are screened, managed and treated.

This information can help researchers understand:

- what factors prevent or contribute to poor health
- how health conditions can be treated or managed effectively
- how early life experiences affect health later in life

## **EduBooklet**

## **Edu**

Records kept by the {DFE}, the {DBIS} and the {HESA} include information about your participation and achievement in school, further and higher education as well as details about the school, college, university or training centre you attended.

1. I give permission for my name, address, sex and date of birth to be passed to the **Departments and Agencies named above** so that my records can be identified and sent to the Next Steps research team to be added to my study information.

GRID COLS

### **EDU1HELPTITLE**

Which records would Next Steps like to add?

### **EDU1HELP**

Education and training records are kept by the Department of Education (up to age 19), the Department of Business, Innovation and Skills (from age 16) and the Higher Education Statistics Agency (for those in higher education).

Records held by the Universities and Colleges Admission Service and Student Loans Company relate to higher education.

Please consider giving permission to add information from these records, even if you did not continue with further or higher education, as it will mean that we can establish if you return to education in the future.

### **EDU2HELPTITLE**

What do these records include?

### **EDU2HELP**

Education and training records include information about:

- participation in school, further and higher education as well as any test and exam results
- vocational training and awards
- characteristics of the school, college, university or training centre attended, such as the profile of students; e.g. age, ethnicity and special educational needs

Records kept by the Universities and Colleges Admission Service include information about higher education applications and offers.

Records kept by the Student Loans Company include information about payments of student support.

### **EDU3HELPTITLE**

Why is it helpful to add this information?

### **EDU3HELP**

Understanding your experiences during and after leaving school can help shape better education and training opportunities for your generation and the next.

Using extra details from your education records researchers can start to explain:

- what job opportunities different training routes can lead to
- what skills and qualifications are gained after leaving school
- how skills gained can influence the direction of your working life

## **HMRC1HELP**

Economic records are kept by the Department of Work and Pensions and Her Majesty's Revenue and Customs, usually starting when you reach age 16.

## **HMRC2HELPTITLE**

What do these records include?

## **HMRC2HELP**

Records kept by the Department of Work and Pensions include information about:

- benefit claims
- participation in work programs

Records kept by Her Majesty's Revenue and Customs include information about:

- employment, self-employment and earnings
- receipt of Tax Credits
- tax and National Insurance contributions
- occupational pensions

Your benefits and employment situation will not be affected by sharing these details.

## **HMRC3HELPTITLE**

Why is it helpful to add this information?

## **HMRC3HELP**

This information will send a crucial message about how your generation is managing in this tough economic climate.

In particular, this information will help researchers understand:

- how financial security affects living standards
- how best to support individuals and families with different circumstances
- how to help people plan for the future

**GRID COLS**

1. Yes
2. No

**MOJ1HELPTITLE**

Which records would Next Steps like to add?

## **MOJ1HELP**

Police and criminal justice records are stored on the Police National Computer which is kept by the Ministry of Justice for those above the minimum age of criminal responsibility.

## **MOJ2HELPTITLE**

What do these records include?

## **MOJ2HELP**

Records kept by the Ministry of Justice include:

- police arrests and official cautions
- convictions and sentences received.

Most of you will not have a police record, either now or in the future. It is still just as important for us to find out that you haven't had contact with the police as it is for us to know if you have, as this can help us learn more about what prevents people from committing crime.

Your survey responses cannot be used by the police to find things out about you that they do not already know.

## **MOJ3HELPTITLE**

Why is it helpful to add this information?

## **MOJ3HELP**

Crime statistics tell us what types of crime is being committed and whether the crime rate is rising or falling.

Adding information from police and criminal justice records to the Next Steps data will help researchers and policy makers to understand much more. This includes how aspects of life such as home, school, neighbourhood and peer groups affect how likely, or unlikely, people are to have contact with the police or to commit crime.

Policy makers can use this understanding to develop and focus future crime prevention policies. This is important as it affects all of us, in one way or another.
