# IDENTIFYING WHERE YOU ARE IN THE QUESTIONNAIRE AND QUESTION INSTRUCTIONS

## Parallel Blocks

The FRS interview consists of a 'Household Schedule' and a 'Benefit Unit Schedule' which is repeated for as many benefit units as there are in the household (see definition of benefit units at **ShowBen**). Each of these is known generically as a **parallel block**. There are also other parallel blocks such as the 'Admin Block' and the 'Recall Block'. Sometimes these blocks are referred to as parallel fields.

## Blocks of questions

These question instructions are broken down into sections: at the top level by the parallel blocks, then within the household and benefit unit schedules by **blocks of questions** on different subjects. Each of these blocks of questions is given a separate chapter, with a unique header at the top of the page.

The blocks of questions correspond to way the interview program is divided up. Each block has a name, which is a shorthand version of the content of the block. The contents page shows all the block names.

## Question names

In a computer assisted interview there are no question numbers as such. Instead each question is given a name. In these instructions the name of the question, as it will appear on the screen, is given above the relevant instructions. The name of the question is also shown in bold type to the left of the question text. When you work through the questionnaire on the laptop, the name of the question will appear in the lower part of the screen against the space where you will enter the answers. This may be to the left of the answer field (i.e. where the cursor is) or above it when a set of questions is being repeated in a table form. In tables, the rows will have an identifier similar to the question name, either to indicate to which person the specific question applies, or the number of the loop if the series of questions is being repeated.

## Knowing exactly where you are

The parallel blocks, blocks of questions and question names are the reference system used on FRS within the questionnaire. The reference system should therefore be used whenever a specific block and/or question in the program has to be identified (e.g. if you wish to contact someone at the office with a query, or are asked to do a field report).

There is a quick and easy way to identify exactly where you are in the questionnaire at any time. Pressing the <F9> key will bring up a box on screen containing the full text of the question, and any on-line help instructions that exist for that question.

At the top of the box is a line of text, which identifies the question block and question name you are at. In the benefit unit schedule the specific benefit unit number is also shown. Each part is separated by a full stop. To get rid of the box and back to the question, press <ESC>. Some question blocks are divided into sub-blocks, the name of which may also be shown. Some variables are 'between blocks', for these only the

variable name will be shown.

Some examples of what is shown at the top of the box when you press F9:

### **HHG.P[1].MS**

This means you are in block **HHG** (the 'household grid'); as the grid is a table it indicates **P[n]** that you are in the line for person [number] (*in this case, Person 1*); and that you are at the question **MS**, about marital status.

### **QAccomDat.Tenure**

You are in block **QAccomDat** (information about the accommodation) at the question **Tenure**.

### **Benefit\_Unit[n].QCurst1.Adult[1/2\*].Working**

You are in the Benefit Unit schedule for Benefit Unit number [n]; in block **QCurst1** (current employment status) at the question **Working** for **Adult 1 or 2** in that Benefit Unit (BU) \*as appropriate.

## **MOVING AROUND THE QUESTIONNAIRE**

### Switching between Parallel Blocks

You can switch between the different parallel blocks quickly and easily. To do so, simply press <CTRL+ENTER>. This can be done at any time throughout the interview. A menu appears, listing all the parallel blocks for the household. Use the down/up arrow keys to highlight the block to which you wish to go, and press <ENTER>.

In the normal course of an interview you will only do this at logical points, such as when you reach the end of the household schedule, or the end of a benefit unit schedule. **Please note, you should always complete the household schedule before starting a benefit unit schedule, in order that all the information needed for routing is available.** You will also use it to select the admin block, at the end of the interview session, or when you want to complete the calls and outcome or non-response sections. At each of these points a display screen will instruct you what to do.

The menu which appears when you press <CTRL+ENTER> is shown overleaf:

**Enter an identifier for this household member**

It doesn't have to be a name - just something that uniquely identifies this person within the household so you can refer to them later in the interview.

## JUMP (TAG) FUNCTION

In order to move around the questionnaire quickly it is possible to **jump** to the beginning of certain question blocks in the questionnaire using a special jump function. It is only possible to jump to a part of the questionnaire that has been completed. If you try to jump further than you have answered in the questionnaire then the laptop will simply take you to the last question for which you have entered an answer. Also if you try to jump to a block that was not on the route for your informant (e.g. the renter block when the house is owned) then you will stay at the same point from which you were trying to jump.

To use the jump function, press the <F3> key. A menu opens on screen, headed 'Search Tag'. Underneath the words 'Tag to search for' type the number of the jump function which will take you to the part of the questionnaire you wish to get to. Then press <ENTER>. It is not possible to jump to a point in another schedule, except from household to BU1.

A list of Jump numbers (note there are gaps in the sequence) together with the question or variable name and block it applies to is shown below:

## **CHECKS AND WARNINGS IN THE FRS**

In the FRS questionnaire there are certain checks programmed that look for unlikely or inconsistent answers, as well as the usual limits to the ranges given for numerical responses. Information about the more complex checks is given below the question throughout these instructions

### **Hard Checks**

Some checks are hard checks - at these checks the computer will stop the questionnaire, inform you of the problem and require an answer to be changed in order to proceed. They are normally for situations that are logically impossible such as the year a property was bought by the household being entered as a date before any household member was born.

### **Soft Checks**

Other checks are called Soft Checks or Signals - these occur when unusual but possible answers are entered. Here a warning screen querying the situation appears. You can

spot a soft check by the extra option in the highlighted bar at the bottom of the screen which allows you to suppress the warning.

### **How to deal with checks**

When either type of check is triggered, a 'dialogue box' is displayed on screen. Hard checks will state 'Error' on the top line of the box, soft checks will state 'Active signal'.

At the top of the box are the commands 'Go to', 'Cancel' and, for soft checks only, 'Suppress'.

The error message will summarise the problem and in some cases suggest the action you should take (e.g. to check the figures you have entered). It may be necessary to probe with the respondent and then either change the answer or, if they confirm that the original answer was correct, suppress the warning.

The lower half of the box will also display the question or questions that have contributed to the triggering of that check. To return to any question that you wish to amend, you can use the arrow keys to take the highlight bar down to the question that you wish to change, then press <ENTER> or 'G' (for 'Go to') to return directly to that question. (Pressing 'C' for 'Cancel' will return you to the question at which the check was triggered). Once you have changed an answer, press the 'End' key to return to the point at which the check was triggered.

If you wish to suppress the warning, press 'S' (for 'Suppress'). **After suppressing the warning you MUST make a note using <Ctrl+M> to explain to editors the reasons why you suppressed this check.**

Once suppressed, a warning will not be re-triggered on subsequent re-entering of the questionnaire. However, if you wish to see the checks that were suppressed, select the Navigate menu (<Alt+N>), and then 'Show all errors'. You can then use the arrow keys to move from one to the next/previous one.

### **Automated Checks**

Whenever an important soft check is suppressed, an automated system will be activated by the laptop providing a field for interviewers to leave a note explaining the suppression. This enables the interviewer to type their comments directly into the laptop without having to access the note facility using <Ctrl+M> which, in turn, ensures that the interview runs smoothly. An example of an automated note screen is shown over the page.

Where there are multiple checks at one question (eg Taxcred) the text of the signal will be displayed to ensure the interviewer knows which signal to make a note about. However, please ensure that, regardless of whether or not an automated note has been activated, **you always leave a note when suppressing a check.**

## NOTEPAD FACILITY FOR NOTES/REMARKS

Whenever you suppress a soft check, want to draw attention to a situation you are not sure about, or wish to give further information which might be of use to the editors, you must write a note using the notepad facility. Firstly make sure you are at the right question. **If you have suppressed a check, the cursor will move to the next question, so before making your remark you must arrow/page back to the question concerned.**

The box for making your note is opened by pressing <Ctrl+M>. It works like a word processor. At the end of a line the text automatically wraps round so there is no need to press 'enter'. You may edit your text by using the arrow keys to get the point you want to make a change, then use the 'delete' key or insert more characters.

Editors read every note made. Depending on the type of check and the information you give in the note they might be able to take some action. Even if the note simply states that you have confirmed an answer with the respondent, we can then be sure it is the correct answer or figure. In more complex situations please be as clear as you can. Please only use abbreviations that are well known and not something that only you will

understand. To ensure that the editors can be sure to whom the note refers, please include the respondent's name, as shown in the household grid.

When you have finished making your note, save it by pressing <Alt+S> or by clicking on Save, and return to the questionnaire. A small symbol resembling a paperclip appears beside the question to indicate that it has an accompanying note.

If you wish to discontinue with a note press <Esc> and Yes for 'Undo Changes'. If you wish to delete a note at a later date, reopen the note, delete the contents and resave. The symbol will disappear as there is no information contained in the note.

## STANDARD PERIOD CODES

Rather than repeat the list of period codes at every period question in the instructions, they are shown below. Period code questions end in '...Pd', e.g. **RentPd**, **BenPd**.

- 1: One week
- 2: Two weeks
- 3: Three weeks
- 4: Four weeks
- 5: Calendar month
- 7: Two calendar months
- 8: Eight times a year
- 9: Nine times a year
- 10: Ten times a year
- 13: Three months/13 weeks
- 26: Six months/26 weeks
- 52: One Year/12 months/52 weeks
- 90: Less than one week
- 95: One off/lump sum
- 97: None of these (EXPLAIN IN A NOTE <Ctrl+M>)

### Period code 97 - none of the above

If you enter code 97 an automatic note will be opened. You **must** explain the circumstances when using code 97. The office editors need as much information as possible in order to be able to recode it to one of the other codes. For example, the number of days/weeks/months, or the start and end dates of the period covered.

There are two key period questions where a check will appear if code 97 is used. These are:

- PayPd** - referring to last take home pay
- MntPd** - referring to receipt of maintenance

## **ON-LINE QUESTION INSTRUCTIONS**

Selected parts of these paper question instructions have been incorporated into the interview program. They are mainly key definitions or instructions for specific questions. They are not identified in these paper instructions. You will know when an instruction is available by the inclusion of 'HELP <F9>' somewhere in the on-screen question text. Press F9 and a text box pops up. To return to the question/answer screen, press <Esc>.

If <F9> is pressed when there is no instruction programmed, all the box will contain is the question and answer codes.

## **ROTATION OF QUESTIONS YEAR ON YEAR**

New information needs continually arise from the Department for Work and Pensions and so new questions are often introduced on an annual basis. Whilst every attempt is made to control the length of the questionnaire by removing questions that are no longer required or are no longer topical, it is not always possible to remove data items completely. The rotation of entire question blocks or particular questions therefore helps to keep the questionnaire manageable. Rotating questions means that they are asked in alternate years.

In 2005-2006 the questions being rotated off are those concerning travel to work (Qtravel). The questions concerning NHS treatment (Qwelfare) and those dealing with vehicle ownership (QTVehic) which were rotated off the questionnaire for 2004-05 will be re-introduced this year. For continuity, the instructions for the questions that are rotated off remain in this document, but are in grey font, rather than black.

## **SHOWCARDS**

At the request of interviewers, the numbering of responses on showcards has been increased to allow respondents to answer more confidentially on topics they may find sensitive.

# HOUSEHOLD SCHEDULE

## Starting the Questionnaire

When you open a questionnaire the first thing you see is the following display screen. Here you can check that you are in the correct address and household. If correct, choose whether you want to enter the questionnaire or go to the admin block.

**First**                    **INTERVIEWER: FOR YOUR INFORMATION... You are in the Household Schedule for**  
**Area No:**  
**Address No:        1**  
**Household No:    1**  
**- TO GO DIRECTLY TO 'ADMIN', PRESS <Ctrl + Enter>.**  
**- TO CONTINUE WITH INTERVIEW PRESS '1' AND <Enter>.**

**Questionnaire Version:    I\_044\_1    (example)**  
**1. Continue**

Display                    This is an example of a Display Screen. These provide information only  
Screen                    and no questions are to be asked here. When you have read the information press <1> and <ENTER> and the program will take you on to the next question in the Household Schedule.

These types of screens will often appear at the beginning of blocks and will simply state what the next group of questions is about.

If you wish to go straight to the Admin Block, press <Ctrl + Enter> and select 'Admin' from the parallel blocks.

**DateOK**                    **INTERVIEWER: TODAY'S DATE ACCORDING TO THE LAPTOP IS DD/MM/YYYY.**  
**IS THIS THE CORRECT DATE?**  
**1. Yes**  
**2. No**

If the laptop's date is correct, code 'yes' and the next question, **StartDat** will be automatically filled in. If you code 'no' you will have to enter today's date at **BStartD**. It is extremely important that you check you have recorded the date correctly if you have entered the date manually.

**BStartD**      **ENTER THE DATE ON WHICH THE INTERVIEW WITH THIS HOUSEHOLD WAS STARTED.**

If you have to enter this yourself, the laptop will accept a number of ways of entering the date but the format that is commonly used is with a slash between day, month, and year, e.g. 19/4/2005. It is important that the correct date is entered at this point as it will be used for calculating the reference period for retrospective questions throughout the interview. It is possible to change an incorrect date entered, but it may cause problems at retrospective questions if done too late.

**Block QNames - Household members**

**WhoHere**      **Who normally lives at this address?**

1. Press <Enter> to continue

**M[1-14]**      **ENTER AN IDENTIFIER FOR THIS HOUSEHOLD MEMBER**

**IT DOESN'T HAVE TO BE A NAME - JUST SOMETHING THAT UNIQUELY IDENTIFIES THIS PERSON WITHIN THE HOUSEHOLD SO YOU CAN REFER TO THEM LATER IN THE INTERVIEW.**

This question is where you ask for names. This is to make it easier to keep track of who you are talking to and, for later in the questionnaire, to whom specific questions should be addressed. If respondents prefer not to give their names, you may enter something like Mr, Mrs, HRP, Son, etc. You may wish to reassure the respondents that, after editing the names are removed. Do make sure that each person's allocated name is unique to avoid confusion., for example if there are two sons who do not wish to give their names, call them 'Elder son' and 'Younger son'. The names will be used to address questions to particular household members, mainly in the Benefit Unit schedule. Names can be up to 15 characters long and you may find that some respondents like to be addressed formally i.e., 'Mrs. Jones, Mr. Smith' etc. Please check this with the respondent before starting the questionnaire properly.

When you are entering the household grid information, be sure that you are happy with what you have recorded before you move on in the questionnaire.

**More**      **Is there anyone else in this household?**

1. Yes
2. No

**M[number]** will be repeated until you answer 'no' to this question.

The household reference person (HRP)/ householder does not have to be the first adult to be entered (**M[1]**) in the grid. Household members can be entered in any order. In households consisting of more than one adult you will be asked to identify the HRP at a separate question later. **Please ensure that you do not however enter a child first in the household grid.** A total of up to 14 adults and children can be recorded in the questionnaire.

**Adding People To The Questionnaire**

If you later discover that you wish to ADD a person to the Household Grid return to this question (**More**) for the last person, and change from 2 to 1. The program is able to add information to the calculation of Benefit Units. You will then need to answer the additional questions for that person which may include an additional Benefit Unit questionnaire if necessary.

## Block HHG - Household Grid

**Sex** INTERVIEWER: CODE [NAME]'S SEX.  
**1. Male**  
**2. Female**

This appears to the left of the person's name in the grid.

**AgeOf** What was [name]'s age last birthday?  
**IF AGE NOT GIVEN, PROBE FOR AN ESTIMATE.**  
**FOR LATER ROUTING, YOU MUST KNOW WHETHER:**  
**A) MEN ARE AGED 16-64 OR 65+**  
**B) WOMEN ARE AGED 16-59 OR 60+**

If respondents refuse to give their age, then give your best estimate.

**MS** Is [name]... READ OUT...  
**CODE FIRST TO APPLY...**  
**1: ... single, that is, never married,**  
**2: ... married and living with husband/wife,**  
**3: ... married and separated from husband/wife,**  
**4: ... divorced,**  
**5: ... or widowed?**

The aim is to obtain the legal marital status, irrespective of any *de facto* arrangement. The only qualification to this aim is that you should not probe the answer "separated". Should a respondent query the term, explain that it covers any person whose spouse is living elsewhere because of estrangement (whether the separation is legal or not). Ignore temporary absences, e.g., working on oil rig, etc.

A person whose spouse has been working away from home for over six months, for example on a contract overseas or in the armed forces, should still be coded as married and living with husband/wife if the separation is not permanent.

If there is more than 1 person in the household and the respondent is not married and living with their husband and wife, the following question is asked.

**CupChk**

**May I just check, are you/is [name] living with someone in this household as a couple?**

**ASK OR RECORD**

**INTERVIEWER INSTRUCTION:**

**Only respondents who are living with their partner should be coded as living together as a couple.**

**You may code No without asking the question ONLY if all members of the household are too closely related for any to be living together in a de facto marital relationship.**

**1. Yes**

**2. No**

**3. SPONTANEOUS ONLY - same sex couple**

The aim of this question is to identify the proportion of respondents who are living as **same sex couples**, although this question will also identify those couples of the opposite sex who are cohabiting. Only respondents who are living with their partner in this household should be coded as living together as a couple.

You may code no without asking this question ONLY if all members of the household are too closely related for any to be living together in a de facto marital relationship.

Unlike cohabiting members of the opposite sex, **same sex couples** are not included in the same Benefit Unit, but each party will form a benefit unit of their own - the computer will work this out for you.

Soft check

There is a check if a respondent states that they are living with someone in the household as a couple , but at the question concerning relationships within the household cohabitee is not coded (**CupChk=1 or 3 and R<>2**):

*Can I just check, you said earlier that you were living with someone in this household as a couple, is this correct?*

IF YES: go back and correct the code at Relationship

IF NO: go back and correct CupChk to No (2)

Soft check

There is also a similar check if a respondent states that they are not living with someone in the household as a couple, but at the question concerning relationships within the household have described themselves as a cohabitee (**CupChk=2 and R=2**):

*Can I just check, are you living with anyone in the household as a couple?*

IF YES: Go back and correct the code at CupChk to Yes code (1)

IF NO: Go back and correct the code at Relationship

Widows and widowers are asked the following question:

**W1**                      **What was [name]'s age when widowed?**

Widows are also asked the following question (entitlement to widow's benefits depends on these factors):

**W2**                      **Did [name] have any children aged under 16 when widowed?**

**R [Px]**                      **ASK OR CODE [NAME]'S RELATIONSHIP TO [NAME] (enter code)**

<b>1: spouse</b>	<b>10: father/mother-in-law</b>
<b>2: cohabitee</b>	<b>11: brother/ sister (incl adopted)</b>
<b>3: son/ daughter (incl adopted) (/ legal dependent)</b>	<b>12: step-brother/sister</b>
<b>4: step-son/ daughter</b>	<b>13: foster brother/sister</b>
<b>5: foster child</b>	<b>14: brother/ sister-in-law</b>
<b>6: son-in-law/daughter-in-law</b>	<b>15: grand-son/daughter</b>
<b>7: father/mother/or guardian</b>	<b>16: grand-father/mother</b>
<b>8: step father/mother</b>	<b>17: other relative</b>
<b>9: foster parent</b>	<b>18: or other non-relative</b>

You may want to introduce this section. A possible introduction is: "There are a lot of changes taking place in the make-up of households/families and this section is to help find out what these changes are. I'd like you to tell me the relationship of each member of the household to every other member."

The section must be asked for all households consisting of more than one person. Please **ask** in every case. You should **not make assumptions** about any relationship.

You should probe on this question, but be sensitive. It may be that someone described as a `son' or `brother' earlier is actually a stepson or half-brother. Where possible, we want to know the true relationship. If you have doubts about any relationship, record as much information as possible to allow changes to coding later if appropriate. Half-brothers/sisters should be coded with step-brothers/sisters.

Treat relatives of cohabiting members of the household as though the cohabiting couple were married, **unless** the couple are a **same sex couple**. That is the mother of a partner is coded as mother-in-law. Other relatives include cousins, nieces, nephews, aunts and uncles. For same

sex cohabiting couples, any relatives of one partner should be coded as 'no relation' to the other partner.

The list of codes actually shown on the laptop will vary according to the person's gender, e.g. code 7 will be either 'father' or 'mother'.

On FRS the primary purpose is to give the computer enough information to work out who belongs together in Benefit Units, so it is extremely important to enter the right code each time. See instructions at **ShowBen** for Benefit Unit (BU) definition.

**Same sex couples** are not included in the same Benefit Unit although they can be recorded as a couple at CupChk.

There is a soft check if two people of the same sex are coded as cohabiting, in case of keying errors:

Soft Check

*A cohabiting partner is usually of the opposite sex.*

See also the notes on 'Treatment of children under 19 on FRS' in the **Benefit Unit Allocation** section.

**FtEd**

**Is [name] currently in full-time education?**

**INTERVIEWER: INCLUDE CORRESPONDENCE COURSES AND OPEN LEARNING AS WELL AS OTHER FORMS OF FULL-TIME COURSES.**

This question is asked of all who are over 3 and under 75.

Any respondent who is registered as a full-time student at an educational establishment should be coded 1 ('Yes') at this question. If registered part-time code 2 ('No') here.

Apprentices should not be coded as receiving full-time education.

Students on sandwich courses. When a person spends approximately half the year as a full-time student and the rest of the time as a full-time worker, code according to the position at the time of interview.

Any full time student who is also currently working, (e.g. part-time work during term, or a vacation job) should be entered as currently in full time education provided that s/he intends to return to an educational establishment the following term.

If there is any doubt as to whether a person under 19 is still in full time education then check whether the parent or guardian is **still receiving child benefit for that person**. If this is the case then code as still in full time education.

See also the notes on 'Treatment of children under 19 on FRS' in the **Benefit Unit Allocation** section.

TEA

**At what age did [name] complete continuous full-time education?**

**ENTER AGE (OR CODE '96' IF STILL IN CONTINUOUS FULL-TIME EDUCATION)  
GIVE ESTIMATE IF AGE NOT KNOWN  
ENTER '97' IF NEVER RECEIVED FULL-TIME EDUCATION**

This question is asked for all those aged 19 and over and 16 to 18 year olds who are not currently in full time education.

'[or is s/he still in full-time education]' appears if the respondent is age 19-23.

The age required here is that at which the respondent completed his or her continuous education that started in infancy. **It should not include any period of education which was taken later in life, e.g. as a mature student.**

Different on-screen instructions appear according to the respondent's age:

If aged 19-25:

**'CONTINUOUS' CAN INCLUDE A BREAK, IF LESS THAN 18 MONTHS. CODE '96' IF STILL IN CONTINUOUS FULL-TIME EDUCATION.**

If aged over 25:

**ENTER AGE (OR CODE '96' IF STILL IN CONTINUOUS FULL-TIME EDUCATION)**

It is important to probe in cases where the respondent states that s/he is currently in full-time education whether the move from, say, school to university was broken by a period of more than one academic year, particularly if they are in the age range 19-25. Do not count a year gap between leaving school and going to college or university as a break in continuous full-time education (as long as there is/was some clear intention to continue education).

Holiday jobs do not count as a break provided that the person intends to continue with the course.

National Service between school and university or college would not count as a break.

A sandwich course begun immediately after school finishes should be

counted as continuous full-time education.

Nursing training and similar vocational training undertaken while receiving a wage are not part of the continuous education process for the purpose of this question.

Soft Check

If aged over 25 and still in full time education (TEA = 96):

*This person is over 25, so is unlikely to still be in CONTINUOUS full-time education (i.e. having been OUT of education for less than 18 months). Please check.*

Hard Check

There is a hard check to ensure that the age of completion of full time education is lower than the respondent's age.

It is important to at least get an estimate. If the Don't Know or Missing keys are used at this question the following check appears.

Soft check

*This is a 'Key Question': it is very important to get an answer if you possibly can. An ESTIMATE is preferable to DK.*

## TypeEd

**SHOW CARD A**

What type of school or college does [he/she] attend?

For guidance on middle/secondary schools use HELP <F9>.

1: Nursery School/Nursery Class/Playgroup/Pre-school

2: State run Primary (including reception classes)

3: Special school state run (e.g. for children with disabilities and special educational needs)

4: Middle-deemed Primary School (State run or assisted)

5: Middle-deemed Secondary School (State run or assisted)

6: Secondary School (State run or assisted)

7: Non-advanced further education/6th form/tertiary/further education college

8: Any PRIVATE/Independent school (prep, primary, secondary, City Technology Colleges)

9: University/polytechnic/any other higher education

10: Home schooling

Children who are at playgroups, kindergartens or nurseries where there is no attempt at formal education should not be coded as in full time education.

Children who are between schools/colleges should be coded according to the one that they will attend next term.

Nursery School/Class, Playgroup, Pre-school - provides education for children below compulsory school age ie, under 5.

Primary - Include infant, junior and first schools

Special Schools - Provide education for children with special educational needs

Middle Schools - Dependent on age ranges these are deemed Primary or Secondary

- Age ranges for Middle -deemed Primary: 8-12, 9-12, and 9-13.
- Age ranges for Middle-deemed Secondary: 9-13, 10-13 and 10-14.

For middle schools with an age band 9-13, there is no other identifier for whether the school is deemed primary or secondary. However, DfES advise that most parents will be aware of the classification of the school.

Secondary school (state run or assisted) - includes all courses up to and including 'A' level at **state secondary schools**. Secondary schools include Secondary Modern, Grammar, Comprehensive and Technical Schools.

Non-advanced further education/6th form/tertiary/further education college - includes all courses up to and including 'A' level taken at sixth form, college, tertiary college or further education college, i.e. not at a secondary school.

Courses up to and including 'A' level include:

National Diploma (OND)

National Certificate (ONC)

A/S Level

GCE A Level

General Certificate of Secondary Education (GCSE)

Certificate of Pre-vocational education (CPVE)

City and guilds/BTEC Foundation Programmes of Pre-vocational Studies

Office/secretarial studies

Advanced Diploma

Private and Independent schools are those at which at least some pupils pay fees. This will include all public schools in England and Wales and private commercial colleges.

University/polytechnic/any other higher education - includes all degree or degree equivalent education.

Courses above 'A' level include:

First degree (BA, BSc, BEng, BScEcon, LLB, MB, MA)  
(Scotland)

Higher Degrees (MS, MSc, PhD)

Teacher Training (BEd)

State Schools are where the upkeep is either provided entirely by the State via the local authority or, as in the case of schools controlled by certain religious denominations, where most or all of the upkeep is provided by the State. There are a few cases in Scotland where small fees are paid at State schools: any such case should be coded under State schools, not private or independent schools. Schools that have 'opted out' of Local Authority control still count as State schools.

Home schooling - includes children who are educated at home either by a tutor, parent or other relative.

Soft Check

There is a check on the type of education according to the child's age. If it seems unlikely the check says:  
*This doesn't sound right in relation to [name's] age: Please check your entry.*

SchChk

If a child aged 16 to 18 is at special school the following check question is asked to ensure they are allocated to the correct Benefit Unit:  
**INTERVIEWER: PLEASE CHECK: IS CHILD BENEFIT STILL RECEIVED FOR THIS PERSON? (IF YES, THIS CONFIRMS THEY STILL BELONG TO SOMEONE ELSE'S BENEFIT UNIT).**  
**1. Yes, child benefit still received**  
**2. No**

See also the notes on 'Treatment of children under 19 on FRS' in the **Benefit Unit Allocation** section.

The next question is asked of all respondents under 20, to enable derivation of academic year.

DoB

**May I check, what is [name's] date of birth?**  
**IF DAY NOT KNOWN, ENTER 15th.**

If a respondent is coded 'married and living with husband/wife' at MS, but no-one else is coded as that person's spouse, the following check question comes up.

**SpOut****INTERVIEWER:**

**You've recorded [name] as 'Married & living with spouse', but without a spouse in the household. PLEASE CHECK THIS. If spouse is away for six months or more, press 1 and enter to continue.**

**BUT IF NOT (e.g. if separated), ENTER 2 AND AMEND HOUSEHOLD GRID.**

## **Block QHholder - Householder, Household Reference Person, Highest Income Householder**

**Hhldr**  
(Jump 2)

**In whose name is the property owned or rented?  
Anyone else?  
CODE ALL THAT APPLY**

This question may be multi-coded according to all the people in whose name the property is owned or rented. On FRS, this can include a non-household member (code 97).

If an employer provides it free, code the household member(s) in whose name it is supplied, not 97.

If it is jointly owned by a household member and a non-household member (e.g. a separated couple), code both the household member and 97.

If the property is owned or rented by someone outside the household, and that person pays the rent or mortgage and provides it free to the household, code 97 only. An example is a flat occupied by an elderly person which is owned by his/her son

If code 97 only has been recorded, an additional question will be introduced because someone within the household must be responsible for both the property and its upkeep.

**WhoResp**

**Although you have mentioned that the rent or mortgage for this accommodation is paid for by someone outside the household, there needs to be someone within the household who is responsible for the property. Who then in this household is responsible for this accommodation?  
Anyone else?  
CODE ALL THAT APPLY**

You cannot code children under 16 here.

QHHolder      Householder, Household Reference Person, Highest Income  
Householder

Household Reference Person (HRP)

The next questions are to identify who in the household is the Household Reference Person.

The definition of Household Reference Person is as follows. He or she will be either:

- the sole householder (i.e. the person in whose name the accommodation is owned or rented),
- or if there are two or more householders, the one with the highest personal income from all sources,
- or if two or more householders have the same income, the eldest.

Normally the answer is derived from **Hhldr** or **WhoResp**, but if there is more than one householder coded at those questions, the next questions are asked to establish the identity of the Household Reference Person. The Household Reference Person will be the person with the highest income from all sources, known as the Highest Income Householder (HIH).

**HiHNum**      You have told me that [names] jointly own or rent the accommodation. Which of you / who has the highest income (from earnings, benefits, pensions and any other sources)?

**INTERVIEWER, THESE ARE THE JOINT HOUSEHOLDERS:**

1. [name] (Age: nn)
2. [name] (Age: nn)
3. etc

**ENTER PERSON NUMBER - IF TWO OR MORE HAVE SAME INCOME ENTER 15**

If respondent asks for period to average over, inform them it is one year. Prompt as necessary for joint householders: is one of them the sole person with paid work or occupational pension.

If 15 is entered then the identity of the Household Reference Person will be established on age:

**JntEldA**      **ENTER PERSON NUMBER OF THE ELDEST JOINT HOUSEHOLDER FROM THOSE WITH THE SAME HIGHEST INCOME.**

**ASK OR RECORD.**

1. [name] (Age: nn)
2. [name] (Age: nn)
3. etc

If 'don't know' or 'refusal' is entered at **HiHNum**:

**JntEldB**     **ENTER PERSON NUMBER OF THE ELDEST JOINT

**ASK OR RECORD.**

The Highest Income Householder is derived from **Hhldr**, **HiHNum**,  
**JntEldA** or **JntEldB**, and will represent the Household Reference  
Person (HRP).

## Benefit Unit Allocation

**LegDep** INTERVIEWER: [name] IS CLASSIFIED AS A DEPENDANT ADULT OR A CHILD, ie. HE/SHE WILL NOT FORM A Benefit Unit OF HIS/HER OWN.  
TO PROPERLY ASSESS TO WHICH Benefit Unit HE/SHE BELONGS, PLEASE CODE WHICH OF THE PARENTS RECEIVE Child Benefit FOR [name].

This question is only asked when it is not possible to allocate a child or dependant adult to the appropriate benefit unit from the information collected at the household grid (**Block HHG**).

The allocation of the child or dependant adult to the appropriate Benefit Unit is therefore made by ascertaining who in the household is in receipt of child benefit for this person.

**ShowBen** INTERVIEWER - THAT COMPLETES THE PERSONAL INFORMATION ABOUT THE INDIVIDUALS IN THIS HOUSEHOLD.

THE HOUSEHOLD MEMBERS HAVE BEEN ALLOCATED TO BENEFIT UNITS AS FOLLOWS:

**B.U. MEMBERS**

1. [NAMES OF ADULT(S) & children of BU1]
2. [NAMES OF ADULT(S) & children of BU2] etc

TOTAL NUMBER OF BENEFIT UNITS = [n]

1: PRESS <1> AND <ENTER> TO CONTINUE

### Benefit Units

The laptop calculates the Benefit Units that people belong to, and they will subsequently be interviewed according to those groupings in the Benefit Unit Questionnaire(s). The DWP groups people into Benefit Units in order to define dependency within families/households and thus eligibility for certain benefits and the amount they are entitled to receive. Many of these are means-tested, being based on income and assets. Benefit Units are the basic unit for analysis of FRS data.

It is crucial that the allocation to Benefit Units is done correctly, so check this display carefully, particularly in larger households, in connection with the relationships of all the people in the household grid. If the allocation is not correct, or you are in any doubt,

review the relationships, ages, marital and educational status of the household members, and if necessary amend any incorrect answers. It is important that you do this before proceeding; as some of the routing in the household questionnaire will vary according to the allocation, and people must be grouped correctly for the Benefit Unit questionnaires.

You need to be familiar with the definitions of Benefit Units so that you understand how allocation is conducted and know how adults are grouped together for the Benefit Unit part of the interview.

### Definition of a Benefit Unit

A Benefit Unit will consist of:

1. A married or cohabiting couple\*, with dependant children in the household.
2. A married or cohabiting couple\*, with no dependant children in the household.
3. A man or woman with no wife/husband/partner\* in the household, but with dependant children.
4. One person only: i.e. a man or woman with no wife/husband/partner\* in the household, and with no dependant children.

\*Note that same-sex cohabiting couples are considered by DWP rules to be in separate Benefit Units from each other. The program will compute that they are in separate Benefit Units. They should have been coded as 'cohabiting' at the earlier relationship question **R** and as living together at **CupChk**.

### Treatment of children under 19 on FRS

Children are treated according to their 'dependency' or otherwise to other household members, which involves factors such as age, educational status and relationships, as follows:

- a) Children under 16: included with parents or legal guardian.

In rare cases a child will not have a parent or legal guardian in the household – e.g. they live with grandparents or an elder sibling. If no one is coded as the child's parent/guardian (Code 7 at the relationship question **R**), or if the child is coded as no adult's son/daughter (Code 3) a HARD check will trigger:

*[Name] is under 16, so you MUST recode him/her as the child (relationship code 3) of an adult: in order of priority, the person receiving Child Benefit for him/her, or the legal guardian, or whoever is responsible for him/her.*

## Benefit Unit allocation

---

*(NB if no-one in the household is over age 15, the household is ineligible – outcome code 772)*

By changing the relationships in this way, the child will be allocated to another adult's benefit unit. In the extremely rare situation of a person under 16 who is cohabiting with someone, sometimes their partner will appear to be their parent for some questions. However, under 16 year olds cannot be interviewed in their own right in the BU. In the unlikely situation of a child or children under 16 living without an adult, the household would be ineligible for the survey (outcome code 77).

b) Children aged 16 to 18 in full-time further education (i.e. up to A-level or equivalent):

If the children are living with parent/legal guardian, they will be included in same BU as their parents or legal guardians as they should still be receiving Child Benefit for them. These children are 'dependent' in the same way as under 16s.

Some 16-18 year olds in full-time further education won't however have a parent or legal guardian in the household. In these instances a soft check will trigger:

*Who in the household is responsible for [name] – is there a legal guardian, or does anyone get Child Benefit for [name]? If so, recode [name] as that person's legal dependent (code 3) or that person as [name]'s parent (code 7). If not, suppress the warning and continue.*

If you change a relationship code in such a way, the child will be allocated to the adult's benefit unit as their dependant. If the check is suppressed however, the person will be allocated to their own Benefit Unit. A 16-18 year old in full-time further education who is married or cohabiting will be allocated to the BU of their spouse/cohabitee as their partner.

c) Children aged 16 -18 **not** in full-time further education, and children 19 or over are treated as adults, in a Benefit Unit of their own (or with partner). No Child Benefit will be received for them.

d) Foster children (16+): if covered by a Local Authority maintenance allowance, will be treated as separate Benefit Unit.

e) Foster children under 16: treated as a) above.

## Block QAccomDat - Tenure

**Tenure****SHOW CARD D**

**In which of these ways do you occupy this accommodation?**

**1: Own it outright**

**2: Buying it with the help of a mortgage or loan**

**3: Pay part rent and part mortgage (shared ownership)**

**4: Rent it**

**5: Live here rent free (including in a relative's/friend's property; excluding squatting)**

**6: Squatting**

Soft Check

If 'DK' or refusal

*INTERVIEWER: This is a 'Key Question': it is VERY IMPORTANT to get an answer here if possible. If you cannot do so (either now, or later) please make a Note about the circumstances.*

If the soft check is suppressed, the following automated instruction is activated.

INTERVIEWER: PLEASE RECORD THE REASONS WHY YOU SUPPRESSED THIS WARNING, THEN PRESS <ALT> + S TO SAVE AND CONTINUE.

This question on tenancy (**Tenure**) asks for the formal legal tenure of the HRP's household. If for example the HRP is a widow living in a house bought by her son (in his name) and he is living elsewhere, she should be coded as living rent-free even though she may regard herself as an owner-occupier. Similarly, a household, which is paying a contribution to the upkeep but not a formal rent, should be coded as rent-free. This could arise, for example, if a parent lived in a granny flat as a separate household but paid a contribution to general expenses.

Owners

Only code people as mortgagors if they have a mortgage for buying their home. Some people who have paid off their mortgage and are effectively outright owners make an arrangement with the lender to continue to pay a small amount of 'mortgage' as payment for the lender for keeping the deeds. They should be coded as outright owners.

People who own their home with a lease are counted as owners. It does not matter that they pay ground rent.

In some cases, the property may at one time have been owned outright, and then subsequently had a mortgage or loan secured on it, e.g. to

provide an income (usually for the elderly, on a 'home income' plan); or to provide capital for a business. In such cases the property is not 'being bought' with the mortgage, and should be entered as **code 1, owned outright**. Further questions will deal with the mortgage or loan now secured on the property (at **OthMort3** in the mortgage block). These will only be a short series of questions, unless the mortgage is for the purpose of essential repairs to make the property fit for occupation.

### **Shared owners**

Shared ownership means paying partly for a mortgage and partly rent so that, if the person moves, he/she will get some of the proceeds from the sale of the property, according to how much of the original cost has been paid off. Include people who have paid off the mortgage portion. People with shared ownership arrangements are treated as both renters and owner-occupiers in the interview. They are not local authority/housing association tenants even if their arrangement is with a local authority/housing association. Owners who pay a service charge should be counted as owners, not shared owners. Both rent and ownership questions will be asked, unless the mortgage part has been paid off, which is found out at **SOBuy** below.

### **Rent-Free**

People who live rent-free do not always regard themselves as doing so; meaning particular care is needed in dealing with such cases.

The following types of cases have caused problems. The correct coding is in brackets:

- Someone living in a "granny flat" owned by her son in his name (*private renter living rent-free*)
- Someone living in the property of a deceased partner which is held in trust (*private renter living rent -free*)
- A divorced/separated woman living in the house owned solely by her ex-partner who no longer lives there (*rent-free if owned only in partner's name; owner if the house is owned in the name of both partners*)

Sometimes respondents think they live rent-free when they do not e.g. people on full benefit who do not pay any rent to the landlord themselves because housing benefit is paid directly by the DWP (*rent*). They may also think they live rent-free if the DWP pays their mortgage interest. FRS has a check to prevent this:

### **Soft check**

*Can I just check do you live rent free because you receive 100% housing benefit?*  
 INTERVIEWER: IF YES recode Tenure to Code 4 (Rent it).

**PLEASE CHECK THEIR RENT/MORTGAGE IS NOT PAID BY BENEFITS. ONLY ACCOMMODATION PROVIDED BY SOMEONE ELSE (EMPLOYER, RELATIVE, ETC) IS 'RENT-FREE'.**

Rent-free households are asked a minimal number of questions later, about their tenancy and the reason they don't pay any rent.

### **Tied accommodation**

People in tied accommodation should be coded here as renters (code 4) or rent-free (code 5), depending on whether or not they pay any rent. This group includes people whose accommodation goes with their job e.g. Clergy of various denominations, Church of England employees, caretakers, army personnel, council tenants whose accommodation goes with their job, and some farmers. People in tied accommodation are classified as private renters, irrespective of who they are renting from.

### **Unusual schemes/arrangements**

Co-ownership: this is the joint ownership of residential properties (e.g. blocks of flats) by a group of people who have formed a registered co-ownership society. These schemes started in the 1970s, but new legislation was passed in the 1980s and there should not now be any more.

Housing co-operatives: code as renting from a housing association (code 4 here, and code 2 at *Who is your landlord?* below).

Housing Action Trusts: these are set up by local authorities and the properties rented are still owned by local authorities; their tenants are renting from a local authority.

Rents to Mortgages scheme: these are schemes available to council tenants whereby a tenant has the right to buy a share of their home for roughly the same price as the rent. These should be coded as Shared Owners here and 'local authority' at type of landlord (below).

Private Sector Leasing: the Council leases private property for several years and lets it out to tenants. The landlord is the immediate landlord, which is the local authority.

Home Income Plans and Retirement Home Plans: these are where outright owners raise a loan on the security of the house for a regular income. They should be coded as outright owners.

If they are using part of the annuity to pay off the interest on the loan (and this is normally the case), then code 'Yes' at the later question **OthMort2**, "Are you using this house as security for a mortgage or loan...?" On doing so, the mortgage questions will appear; see instructions at **OthMort2** for further information.

Schemes for Mortgage defaulters: in these cases the property reverts to the lender and a rent is paid instead of a mortgage. Code as renters.

The following question is asked to those coded 3 (shared ownership) at **Tenure**, in order to check whether it is appropriate to ask the mortgage questions as well as the rent questions.

**SOBuy**

**INTERVIEWER, ASK OR CODE:**

**SHARED OWNERS: Are you still buying your share in this (house/flat), or have you now paid off that mortgage or loan?**

1. Still buying
2. Mortgage is paid off

**SubLet**

**Do you have a formal arrangement to let, or sub-let, any part of this accommodation to someone who is NOT a member of your household?**

If Yes

**SubLetY**

**Who is that? CODE FIRST THAT APPLIES.**

**INTERVIEWER: CLOSE RELATIVES = Householder's PARTNER, PARENT (incl. STEP-), SON or DAUGHTER (incl. STEP), BROTHER or SISTER, or SPOUSE of any of these.**

- 1: Close relative
- 2: Other relative
- 3: Non-relative

**Rooms**

**How many rooms do you have altogether in your accommodation, that's excluding bathrooms and toilets, but including kitchens?**

**INTERVIEWER: 'YOUR ACCOMMODATION' MEANS THE ACCOMODATION OCCUPIED BY THIS HOUSEHOLD. EXCLUDE ANY ROOMS LET/SUBLET TO OTHER HOUSEHOLDS. CONSULT INSTRUCTIONS FOR TREATMENT OF EQUIVOCAL ROOMS, eg attics, conservatories, basements.**

Enter the number of rooms used by the household. This should include any rooms shared but should exclude those rooms sub-let which are not used by the household.

In general, include any room which is habitable or usable by the household all year round.

If a room is open-plan count it as 2 rooms if it is divided by a sliding or folding partition. Count it as 1 room if it is divided by curtains or portable screens. If the respondent mentions a dinette attached to a kitchen, probe whether it is separated by a folding partition and if so,

count it as a separate room.

Halls, landings and alcoves are not separate rooms.

If there is any doubt about whether to count a room, (particularly with attics, conservatories or basements) probe whether the room can be used all year round and whether it was built/converted for the purpose of living accommodation. If it is a basement or attic is there a window/skylight.

In order to be comparable with Census measures, if a kitchen is less than 6.5ft/2m wide at its narrowest point then it must not be counted as room.

**RoomShar**      **Are any of these rooms shared with anyone who is not a member of your household?**

**IF NO enter 0.**

**IF 'YES', ASK: How many? and ENTER NUMBER.**

Soft Check

There is a soft check if you enter code 2 at this question.

*The answer you have entered means two rooms are shared. If you intended to answer 'No' to this question, please change the code to '0' (zero). Otherwise, suppress this warning.*

**Bedroom**      **Thinking just of the accommodation occupied by your household, how many bedrooms do you have in this accommodation?**

**INCLUDE ANY ROOM USED FOR SLEEPING**

Each household must have at least one bedroom. Any room used for sleeping, including a box room or attic bedroom, should be coded as a bedroom. A one room bedsit used as both a living room and a bedroom should be coded as a bedroom.

**MainAcc**      **INTERVIEWER CODE: IS THE HOUSEHOLD'S ACCOMMODATION...**

**N.B. MUST BE SPACE USED BY HOUSEHOLD**

- 1: a house or bungalow**
- 2: a flat or maisonette**
- 3: a room or rooms**
- 4: or something else?**

The description of the accommodation should refer only to the 'space' used by the household. In the case of an owner-occupier of a house who has converted his property into self contained flats, you should code 'a flat or maisonette' at **MainAcc** and code 'a converted house/some other kind of building' at **TypeAcc** to indicate that the household occupies only part of the house.

Caravans, mobile homes etc should be entered as 'something else' at **MainAcc** and a 'a caravan, mobile home or houseboat' at **TypeAcc**.

**Shelter**

**Is this sheltered accommodation?**

**INTERVIEWER: HOUSING WITH A WARDEN AND/OR ALARMS**

**TypeAcc**

**INTERVIEWER CODE: IS the [accommodation]**

If house or bungalow:

- 1: detached**
- 2: semi-detached**
- 3: or terraced/end of terrace?**

If a flat or maisonette:

- 4: a purpose-built block**
- 5: or a converted house/some other kind of building**

If something else:

- 6: a caravan, mobile home or houseboat**
- 7: or some other kind of accommodation?**

A semi-detached house is one of a **pair** which are joined together. A house at the end of a terrace must be coded 3 even if there are only three houses in the terrace. Houses which are joined only by a garage (link-detached) should be coded detached.

The next question is asked if the accommodation is either a purpose built or converted flat, maisonette or a room or rooms.

**HHStat**

**INTERVIEWER : CLASSIFY THIS HOUSEHOLD AS ONE OF THE FOLLOWING:**

**NOTE: Conventional Households include:**

- tenure is owner occupier and a 2nd or 3rd benefit unit is paying rent
- tenure is rent free but 2nd or 3rd BU receives Housing Benefit
- 2nd or 3rd BU members paying rent to the householder(s) in BU1 are also named as householders (this is similar to part owned/part rented tenure)

**1: Conventional household: i.e. single person or couple - with other family and/or boarder(s) and/or lodger(s).**

**2: 'Shared' household arrangements: identity of HRP is unclear or arbitrary e.g. students, nurses, unrelated adults etc, sharing ON EQUAL BASIS.**

This question is only asked if there is more than one Benefit Unit in the household.

Later questions about rent, housing benefit and intra-household contributions will be routed in different ways according to the classification here.

- 5: Relative/friend (before you lived here) of household member
- 6: Employer (individual) of a household member
- 7: Another individual, private landlord or Letting Agency

Code first that applies.

If property is let through a letting agent or estate agent, the questions refers to the owner not the agent, so please probe to try and find out who actually owns the property.

If the respondent does not know who the landlord is, use code 7 (other private individual or letting agency) rather than coding 'Don't know'.

Code 1 (local authority) includes people renting from Housing Action Trusts.

Code 2 (housing associations etc) includes Registered Social Landlords. Nearly all housing associations are now Registered Social Landlords but continue to be known as housing associations.

Use Code 5 only if the respondent and landlord were friends **before** they were tenant and landlord, not if they have become friendly since then.

From October 2003 a standard local housing allowance, varied by family size and location, was introduced in nine pilot areas for tenants in the private rented sector (categories 3-7 at **Landlord** above).

These pilot areas are known as pathfinder local authorities and the pilot scheme is expected to run for about two years. There will be nine new pilot authorities starting from April 2005.

This allowance will be fixed dependent on area and does **not** have to cover only rent. If a recipient chooses a cheaper option for rent then they keep the difference.

It also differs from Housing Benefit in that it is paid to the recipient and not the landlord.

Soft Check

If 'DK' or refusal to **Landlord**

*This is a 'Key Question': it is VERY IMPORTANT to get an answer here if possible. If you cannot do so (either now, or later) please make a Note about the circumstances.*

If the soft check is suppressed, the following automated instruction is activated.

INTERVIEWER: PLEASE RECORD THE REASONS WHY YOU SUPPRESSED THIS WARNING, THEN PRESS <ALT> + S TO SAVE AND CONTINUE.

If the respondent is a local authority or housing association tenant and said earlier that they lived rent-free the following check will trigger:

Soft check

*It is very unusual for Local Authority or Housing Association tenants to be living rent-free. Please check with respondent. Change **Tenure** to renting if 100% Housing Benefit is received, or somebody else pays the rent.*

**Furnish**

**Is this accommodation provided:**

**1: furnished**

**2: partly furnished (e.g. curtains and carpets only)**

**3: or unfurnished?**

The category 'partly furnished' no longer has any legal significance: any letting which is not explicitly "furnished" will be classified legally as "unfurnished". We retain "partly furnished" here to ensure respondents do not mistakenly include lettings with, say, curtains but nothing else provided as "furnished". However do not use "partly furnished" simply because the respondent thinks that the furniture is inadequate.

If the building is a flat it is necessary to clarify whether the landlord lives in the same flat or not:

Note that ResLL is asked of ALL houses / flats etc whereas ResLL2 is only asked of flats. Tenancy rules differ greatly depending on whether the landlord lives in the accommodation or not.

**ResLL**

**Does the landlord live in the building?**

If yes:

**ResLL2**

**Does the landlord live in the same flat as you or not?**

If the landlord is not resident, the following questions are asked:

**YStart**

**ASK OR CODE**

**In which year did you first become a tenant of this accommodation?**

**INTERVIEWER: 'YOU'=PERSON(S) NAMED AT HHldr, THAT IS...(name[s])**

- 1: 1988 or earlier**
- 2: From 1989 to February 1997**
- 3: March 1997 or later**

If 1989 or later (Code 2 or 3):

**Ctract**      **When you started to rent this accommodation...READ OUT (RUNNING PROMPT)...**

- 1. ... did you and the landlord sign a written agreement,**
- 2. ... did you have a written agreement which you didn't sign,**
- 3. ... or did you just have an unwritten agreement?**

**TenType**

**SHOW CARD F**

**Can you tell me what kind of tenancy you have?**

**INTERVIEWER: IF TENANCY TYPE WRITTEN ON CONTRACT/ NOTICE ASK RESPONDENT TO READ OUT**

- 1: Assured Shorthold**
- 2: Assured**
- 3: Regulated (tenancy must have started in 1988 or earlier)**
- 4: Resident landlord**
- 5: Let by educational institution**
- 6: Other type of let**

TenType is asked, with slightly different wording in Scotland.

**SHOW CARD X**

**Can you tell me what kind of tenancy you have?**

**INTERVIEWER: IF TENANCY TYPE WRITTEN ON CONTRACT/ NOTICE ASK RESPONDENT TO READ OUT**

- 1: Short Assured**
- 2: Assured**
- 3: Regulated tenancy must have started in 1988 or earlier)**
- 4: Resident landlord**
- 5: Let by educational institution**
- 6: Other type of let**

For England Scotland and Wales the next question is asked if code 6:

**OthType**

**SHOW CARD G**

**There are various other ways in which landlords can let accommodation. Will you please look at this card and tell me if the**

letting is one of these?

- 1: Crown tenancy /licence (includes H.M Forces)
- 2: Service occupancy (excludes H.M Forces)
- 3: Business or agricultural tenancy
- 4: Assured agricultural occupancy
- 5: Asylum seeker let (issued by National Asylum Support Service NASS)
- 6: Holiday Let
- 7: Other type of let

Service occupancy- may be referred to as 'tied tenancy' as this type of tenancy is tied to employment.

If TenType is Assured shorthold (for England and Wales) or Short Assured (for Scotland) code (1)

**LowShort**

**Is this a low season let?**

**INTERVIEWER: THIS REFERS TO AN OUT OF SEASON LET**

Tenancy arrangements vary between England, Scotland and Wales.

For England and Wales, if the tenancy or the way in which the landlord has let the accommodation is not known or refused and the landlord is not resident, if the respondent first became a tenant from 1989 to February 1997 and there is a written agreement, the following question is asked:

For Scotland this question is asked if the tenancy or the way in which the landlord has let the accommodation is not known or refused, the landlord is not resident, the respondent first became a tenant from 1989 onwards and there is a written agreement:

**Short1**

**There is a form of tenancy called an Assured Shorthold. It had to be initially for a fixed period and you had to be given a special notice in writing by the landlord that told you it was for an Assured Shorthold Tenancy. Here is an example of a notice to a tenant saying that the tenancy is an Assured Shorthold. SHOW EXAMPLE OF NOTICE.**

**Does your notice state that it is an Assured Shorthold or not?**

- 1: ...Yes, an Assured Shorthold,
- 2: ...Other agreement

In England and Wales, if the respondent first became a tenant from March 1997 or later, there is a written agreement, the type of tenancy is not known or refused, the following question is asked:

**Short2** Most tenancies are Assured Shortholds. There are others, just called 'Assured'. For these you have to be given a notice, in writing by the landlord, that tells you it is NOT an Assured Shorthold agreement. SHOW EXAMPLE OF NOTICE.

Does your agreement or notice state that it is NOT an Assured Shorthold?

**INTERVIEWER:** The law changed in March 1997 to the effect that by default all tenancy agreements are assured shortholds, unless the landlord gave written notice to the contrary.

**1: ...Not an assured shorthold**

**2:...No, other agreement**

The law changed in March 1997 to the effect that by default all tenancy agreements are assured shortholds, unless the landlord gave written notice to the contrary.

The following question is asked for England and Wales if the tenancy began before 1989.

The question is asked in Scotland in cases where the landlord is not resident.

**FairRent** Has the rent been registered by the local rent officer or rent committee?

**AccJob** Does this accommodation go with the present job of anyone in your household?

If the accommodation goes with the job of somebody who is **temporarily** not a member of the household, code Yes. If the accommodation used to go with the job of someone in the household, but this is no longer the case, code No.

If 'yes' the following question is asked:

**AccJbPer** Who is that?  
CODE ALL THAT APPLY.

**RentDoc**      **Do you have a rent book, rent card, Housing Benefit statement or some other rent document that you could consult?**  
**IF HB STATEMENT AVAILABLE PLEASE CONSULT THIS.**  
**1. Housing Benefit Statement**  
**2. Some other document**  
**3. None**

There is an example of a Housing Benefit statement in your materials. The statement or Rent Card or other document containing the details should be consulted whenever possible. They will contain useful information for the rent and housing benefit questions.

IF CONVENTIONAL/NON-SHARING HOUSEHOLD... the next question should record the full amount of rent paid by the whole household.

**Rent**            **How much rent does your household currently pay?**

IF SHARING HOUSEHOLD... the next question should **only** record the share of the household's total rent paid by the household reference person (and spouse/partner). The rent paid by the members of the other benefit units (even if given to the HRP to pass on to the landlord) should be recorded in the later blocks of questions, **QLodger** and **QSharer**.

**Rent**            **How much rent do you, that is just [Person 1 in BU 1] (and [Person 2 in BU 1]) currently pay?**

**RentPd**        **How long did this cover?**

Here, the gross rent paid should be entered, i.e. the total amount of rent the respondent pays including components such as water rates or services such as heating, but after any Housing Benefit or rent rebate.

If the rent is in arrears either:

1. Enter the amount last paid even if this was a while ago but open a note <Ctrl+M> and give the date of this payment, or
2. Enter the amount last paid and open a note if this included an extra payment to cover arrears.

Rebates

1. If a 100% rent rebate/Housing Benefit is received but water/sewerage rates and other services etc are *paid separately* (i.e. not included in the gross rent charge), then the amount at **Rent** should be zero, and code 1 should be entered at **Rebate**.

2. If a 100% rent rebate/Housing Benefit is received and the water rates,

etc, are normally *included in the rent*, then the amount paid for water rates etc should be entered at **Rent**.

Rent partly for business

If the rent includes an element for the business part of the property (e.g. a shop beneath a flat), and the amount of the domestic element is not known/cannot be split, enter 'DK' at **Rent**. The following check question will appear. Give as much information as possible, including the total rent for both the business and domestic parts of the property.

Soft Check

If 'DK' or refusal to **Rent**

*INTERVIEWER: This is a 'Key Question': it is VERY IMPORTANT to get an answer here if possible. If you cannot do so (either now, or later) please make a Note about the circumstances.*

If the soft check is suppressed, the following automated instruction is activated.

INTERVIEWER: PLEASE RECORD THE REASONS WHY YOU SUPPRESSED THIS WARNING, THEN PRESS <ALT> + S TO SAVE AND CONTINUE.

If the answer at the question **Rent** was recorded as 'Don't know' the following question is asked:

**RentDK**

**INTERVIEWER: IS THIS 'DON'T KNOW' BECAUSE RENT IS PARTLY FOR BUSINESS, AND YOU CANNOT ESTABLISH A SEPARATE AMOUNT FOR THE DOMESTIC ACCOMMODATION?**

**1: Yes (Please give full details in a note)**

**2: No**

If 'yes', the 'don't know' at **Rent** will not be counted in the total number of refusals and DKs for this questionnaire.

Soft Check

There are some soft checks on amount of rent paid to check likelihood.

For Council Tenants - if rent works out at more than £100 per week:

*Rent is £[x] for [period code]. That comes to £[x] a week.*

*Rents for Council and New Town tenants is normally below £100 per week.*

For Non-Council Tenants - if rent works out at more than £150 per week:

*The answer is much higher than the figures usually given at this question.*

*Please check that your figure is correct. If so, suppress warning and continue.*

If a student's rent covers an academic term, and you use code 97, please check whether it includes any holiday period, and state the number of weeks in total covered by the rent.

**RentHol**

**Do you have a rent holiday?**

**INTERVIEWER: SOME PEOPLE KNOW THIS AS 'Rent free weeks'.**

**WeekHol**

**For how many weeks of the year?**

Rent holidays are weeks, usually holiday periods, when no rent is due. To allow for this the year's rent is divided into 48, 49 or 50 instalments instead of 52.

**HBenefit**

(Jump 4)

Council tenants:

**Are you allowed Housing Benefit or rent rebate, to help with paying your rent?**

Non-council tenants:

**Are you receiving Housing Benefit or rent allowance, to help with paying your rent, either directly or by having it paid to your landlord on your behalf?**

If the household is 'shared', this question concerns the adult(s) in BU1, with questions on housing benefit for other BUs coming in their own Benefit Unit questionnaire.

Soft Check

If 'DK' or refusal

*This is a 'Key Question': it is VERY IMPORTANT to get an answer here if possible. If you cannot do so (either now, or later) please make a note about the circumstances.*

If the soft check is suppressed, the following automated instruction is activated.

**INTERVIEWER: PLEASE RECORD THE REASONS WHY YOU SUPPRESSED THIS WARNING, THEN PRESS <ALT> + S TO SAVE AND CONTINUE.**

Under the Social Security and Housing Benefit Act 1982, local authorities are required to operate schemes for granting rent rebates to council tenants, and rent allowances to private tenants (including occupants of shared or hostel accommodation) in furnished or unfurnished accommodation. These schemes are known as the Housing Benefit Scheme

Housing Benefit is the general term for rent rebates and rent allowances. Both benefits are means tested assistance given for housing costs.

Rent rebates are granted to those living in local authority

accommodation and are normally deducted from rent, i.e. the rent payable is reduced.

Rent allowances are granted to those living in privately rented accommodation and are normally paid directly to the tenant or landlord, in the form of a cheque.

People on Income Support and those receiving the guarantee element of Pension Credit are entitled to housing benefit covering up to 100% of their eligible rent (less deductions if there are non-dependants living with them). They are not entitled to housing benefit/rent rebate on amenities/services such as water charges, heating etc. Income Support is intended to cover these.

In order to obtain a rent rebate or allowance the tenant usually has to apply to the local authority giving details of rent and personal circumstances.

Those who receive Income Support will automatically qualify for maximum Housing Benefit. For other claimants, entitlement to Housing Benefit will depend on the amount of money they receive from earnings and DWP benefits, and will take account of savings. Savings of over £16,000 will usually mean someone is unable to claim Housing Benefit unless they are aged 60 or over and receive the guarantee credit of Pension Credit. However the maximum Housing Benefit may be restricted.

When assessing a Housing Benefit application from private (non-Council) tenants, the Council can refer the case to the Rent Officer. They will then determine the amount of rent on which the HB assessment will be based, by one of three methods depending on when the claim for HB was made, when the tenancy began and the age of the claimant.

Most full-time students are NOT entitled to Housing Benefit but partners of students, who are not students themselves, may still claim for the couple.

If mentioned by the respondent, include receipt of the one-off **extended payment** of Housing Benefit if it was in connection with the last rent. It is paid to people who return to work after a period of unemployment as a lump sum covering four weeks and has to be claimed separately from ordinary Housing Benefit. Enter the full amount of the lump sum at **HBenAmt** and 'four weeks' at **HBenPd**. Receipt will also be picked up in the Benefit Unit questionnaire.

## Rebate

**You said that you paid no rent last time, is that because you get 100% Housing Benefit?**

The above question appears if the last rent paid was 0 and **HBenefit** = Yes. **RebateO** is asked if the answer to this question is No. It is also asked of rent-free tenants.

**RebateO**      **Can I just check, what is the reason for your paying no rent last time?**

Asked if **Rent** is zero, but respondent is receiving no housing benefit or rebate (enter text of at most 60 characters).

**HBenAmt**      **How much Housing Benefit/ rent rebate/ allowance are you and other members of your household allowed?**  
**INTERVIEWER: Some respondents may receive more housing benefit than the amount of their rent.**

**HBenPd**      **How long does this cover?**

**HBenChk**      **Can I just check, is the amount of [n] for rent that you mentioned earlier, BEFORE or AFTER taking off the Housing Benefit?**

This question is not asked if **Rent**=0.00.

If the amount of Housing Benefit is greater than the amount of rent

Soft check      *Housing Benefit is not normally more than rent. However from October 2003 in some areas Housing Benefit may exceed rent. Please double check the figure with the respondent.*

The Local Housing Allowance Project, which commenced in October 2003, comprise the following areas:-

Argyll & Bute\*  
 Blackpool  
 Brighton and Hove  
 Conway  
 Coventry  
 City of Edinburgh  
 East Riding of Yorkshire\*  
 Guildford\*  
 Leeds  
 Lewisham  
 North East Lincolnshire  
 Norwich\*  
 Pembrokeshire\*  
 Salford\*  
 South Norfolk\*  
 St Helens\*  
 Teignbridge

Wandsworth\*

\* Began April 2005

If the respondent does not know the amount of housing benefit they receive, the following question is asked, except if no rent was paid.

**Rentfull**      **How much is your FULL rent - that is, BEFORE Housing benefit/rent rebate/ rent allowance?**

**RentPd1**      **How long does that cover?**

**HBWeeks**      **For how long have you been on Housing Benefit or rent allowance (this time)?**

- 1: Up to 2 years**
- 2: 2 years but less than 3**
- 3: 3 years but less than 4**
- 4: 4 years but less than 5**
- 5: 5 or more years**

The next question is asked if Code 1 (Up to 2 years) is given for HBWeeks

**HBWeeks2**      **Please tell me how many weeks you have been on Housing Benefit or rent allowance (this time)?**

**EligAmt**      **On the (rent book/ card/ statement), what is the amount shown for ELIGIBLE RENT?**

**THIS MUST BE THE ELIGIBLE RENT (MAY NOT BE THE SAME AS AMOUNT OF BENEFIT) ELIGIBLE RENT = AFTER DEDUCTIONS**

This question is only asked if a housing benefit statement is being referred to. Housing Benefit does not pay for certain services which might be included in the rent. The total amount payable for them is subtracted from the gross rent due. The remainder is called the *Eligible Rent*, which is the part of the rent on which Housing Benefit may be allowed, on a means-tested basis. It will be either equal to the amount of Housing Benefit, if 100% is allowed, or greater than the Housing Benefit. It cannot be less than the Housing Benefit.

**EligPd**      **What period does that cover?**

The next question is only asked if not getting Housing Benefit.

**HBenWait**      **Are you awaiting the outcome of a claim for housing benefit - that is, either rent rebate or rent allowance?**

All renters are asked questions about water/sewerage (except in Scotland where this is collected as part of council tax) and other charges included in the last rent. Where possible refer to a rent book or housing benefit statement.

**WSInc**                    **Were water or sewerage charges (rates) included in the rent which you mentioned? [PLEASE CONSULT THE DOCUMENT]**

**1: Both water and sewerage**

**2: Water only**

**3: Sewerage only**

**4: Neither**

This question will only appear for renters in England and Wales. Include charges for emptying septic tanks in sewerage charges.

**WSIncAmt**                **How much was included for (water/sewerage) in that (rent) period? [PLEASE CONSULT THE DOCUMENT]**

If both services are included in the rent, then enter the combined amount. The amount here should be included in the figure at **Rent**, so if it is greater, there is a soft check.

The following question is asked if **WSIncAmt** is **not** answered 'Don't know' or refused

**RentPd2**                    **How long did this cover?**

**SerInc**                    **SHOW CARD M**

**Does the rent which you mentioned include any of the services shown on this card? [PLEASE CONSULT THE DOCUMENT]**

**CODE ALL THAT APPLY**

**1: Heating**

**2: Lighting**

**3: Hot water**

**4: Fuel for cooking**

**5: TV licence fees**

**6: None of these services**

**AccNonHH**                **(Apart from Housing Benefit) does anyone outside your household pay any rent on this accommodation on your behalf?**

**INTERVIEWER: EXCLUDE Housing Benefit - ie, RENT REBATE or RENT ALLOWANCE**

**AccPay**                    **Who is that?**  
**CODE ALL THAT APPLY**

**1: DWP (formerly DSS)**

**2: Employer**

**3: Other organisation**

**4: Friend/relative**

**5: Other**

Soft Check

If you enter that the DWP are paying towards rent a soft check appears to clarify that the only payments we expect here are those to cover arrears.

*Are you sure? DWP only ever pay **arrears** of rent. Double-check, that respondent is not thinking of Housing Benefit. If genuine arrears, suppress this warning.*

**AccAmt**

**How much rent did [x] pay for you last time?**

**AccPd**

**How long did that cover?**

**AccChk**

**Can I just check, is the amount of [n] for rent that you mentioned earlier, BEFORE or AFTER deducting this payment?**

This question is not asked if **Rent** = 0.00.

## Block QOwner - Owned Accommodation & Mortgages

### Overview of the mortgage section

The mortgage section of the questionnaire is divided up into two parts.

**The aim of the first set of questions (BuyYear to PurAmt) is to collect information about:**

- Mortgages that have been taken out to purchase a property and,
- Re-mortgages or further advances that have been secured on that property.

For any **mortgages** taken out to purchase a property questions are asked about the original amount borrowed, any re-mortgage or extension to the mortgage, payments to the lender and insurance policies covering the repayment of the loan;

For any **re-mortgages and further advances an initial question** is asked to establish the purpose of the re-mortgage or further advance. The full series of questions are only asked if it was to raise money to make essential repairs or if it was just to receive a more favourable interest rate. No further questions are asked for re-mortgages or further advances taken for other purposes because they are not considered to be related to housing costs.

**The aim of the second set of questions (IntroM to LoneYear) is to collect information about:**

- Any other mortgages secured on the property which have been taken out either to purchase the property or for any other reason. If there is more than one separate mortgage/loan secured, each one should be recorded individually. The degree of detail required about each mortgage/loan depends on its purpose:

**Re-mortgages, further advances, top-ups, extensions and second mortgages**

People can add to or otherwise change their mortgage liabilities by re-mortgaging, or borrowing an extra sum in the form of a 'top-up', 'further advance', 'extension' or 'second mortgage'. These terms may be interpreted or defined differently from lender to lender, who also have their own names for such arrangements, such as 'homeowner loans' or 'home improvement loans'. In cases where such a change has been made you will need to know whether there is one mortgage or more than one secured on the property, and what constitutes a separate mortgage or loan.

FRS uses the terms as below, but whatever names respondents refer to their arrangements by, the rule of thumb is that if a single payment is made to the lender covering both the original and extra amounts borrowed, it should be dealt with as a single mortgage/loan. Only if separate payments are made covering the different borrowings, should they be dealt with as separate mortgages/loans.

- **Re-mortgages:**

are used to raise money by increasing the total amount borrowed, or to take advantage of a cheaper interest rate, usually from a different lender. The old mortgage is paid off and a new mortgage starts, so there is still just one mortgage to be dealt with. The amount originally borrowed is recorded first at **BorrAmt**, then the total amount of the re-mortgage at **RMAmt**. The subsequent questions are with reference to the re-mortgage.

- **Further borrowing secured on the property in addition to the mortgage for purchase:**

In addition to re-mortgages, people buying their accommodation with a mortgage or loan may borrow extra money, to raise funds for various purposes, in two different ways.

- *Separate second mortgages*

One way is by taking out a new mortgage or loan, completely separate to that for purchase, either with the same lender or a different one. Separate payments will be made to the lender(s) on each mortgage. These mortgages/loans should be dealt with individually - you should not add together the individual amounts borrowed or the payments made.

- *'Further advance' or 'top-up' or 'extension'*

The other way is by extending the original mortgage/loan from the lender, e.g. from £90,000 to £100,000. The original and extra amounts borrowed are integrated into a single arrangement, with a single regular payment to the lender covering both elements. This kind of arrangement should be dealt with as a single mortgage. The extra money may be borrowed at the same time as that for the purchase of the accommodation, or subsequently. Both these situations should be handled in the same way: the amount (originally) borrowed for the purchase will be recorded first at **BorrAmt**, then the total borrowed including the extra amount a few questions later at **RMAmt**. The amount at **MortLeft** (the amount of the loan still outstanding) will be inclusive of the extra sum,

and the amount of the last payment to the lender (**MorInPay / IntPrPay**) will be the payment made on this total loan.

If both a re-mortgage and a further advance, or two or more than further advances have been taken out, **RMAMt** should include the original mortgage or re-mortgage plus all subsequent borrowing, and **MortLeft** should include the total outstanding on all borrowing.

- *Second mortgage or loan for purchase:*

If two or more separate mortgages or loans secured on the property were taken out for purchase of the property (e.g. a main mortgage and a bank loan to raise a deposit), questions are asked about each one still being repaid.

If the property is being bought with a mortgage or loan (code 2 or 3 at **Tenure**):

**BuyYear**                    **In which year did you buy this accommodation?**

This should be the year *this* property was bought and the **first** mortgage was taken out to buy it.

HOWEVER, if the respondent states that the current mortgage was 'carried over' from a previous property, **do not** enter the year the mortgage was originally taken out on the previous property. Because mortgages are secured on a specific property the old mortgage will have been paid off and a new mortgage started.

If the respondent just says 'two years ago' - please check the year with the respondent before entering into the questionnaire.

Soft Check

If the year entered is longer than the number of years the HRP has lived at the address (if 1 to 5 at **YearLive**):

*The respondent has only lived here for less than [n] years, but the mortgage started in [year] - [n] years ago. Please check that BuyYear is when the mortgage on THIS PROPERTY was taken out. (If so, suppress and continue).*

**PurcLoan**

**Can I just check, did you take out one loan to purchase this accommodation, or more than one?**

**1: One**

**2: Two (or more) loans for purchase**

Sometimes people take out an additional loan for example, to cover a deposit. This question is asked to find out whether the series of questions about mortgages should be asked once or twice.

Only include loans which are secured on the current property.

**PurcAmt**            **What was the purchase price of [your share in] your house/flat?**

Soft Check            If the original amount borrowed is equal to or greater than £500,000  
*The answer is much higher than the figures usually given at this question.  
 Please check that your figure is correct. If so suppress warning and continue.*

**IntroM**  
**(Jump5)**            **THE NEXT QUESTIONS ARE ABOUT THE MAIN MORTGAGE  
 FOR THE PURCHASE OF THIS ACCOMMODATION.  
 (QUESTIONS ABOUT ANY OTHER, SEPARATE MORTGAGE WILL  
 FOLLOW)**

This introductory screen appears if the property is being purchased with a mortgage (coded 2 or 3 at the earlier question **Tenure**). The next series of questions will relate to the mortgage for the *purchase* of the property, including any subsequent re-mortgage. If there is more than one mortgage for purchase, they will be repeated.

If there is a completely separate second mortgage secured on the property for any purpose other than purchase, it should be recorded later at **OthMort1**.

**BorrAmt**            **What was the original amount of this mortgage or loan, in [year]?**

This should be the amount borrowed (*for this individual mortgage, if there is more than one*) at the time the property was bought.

It should **exclude** any **top-up or further advance** taken out at the same time or subsequently. If the respondent claims that the mortgage was transferred from a previous property, enter the consolidated/adjusted amount relating to the new property.

Properties/mortgages partly for business

In cases where the amount borrowed includes the purchase of non-domestic accommodation or land, e.g. a farm, a shop with flat above, try to obtain purchase and mortgage details for the domestic element only. Ditto, if the original mortgage was taken out partly to finance a business and partly for purchase of domestic accommodation.

If the respondent knows the proportion of the full purchase price/mortgage details relating to the domestic part, enter this proportion at the relevant questions. If the proportion is not known, enter DK at **BorrAmt**. The following check question will appear. Give as much information as possible, including the total amount borrowed, and indicate whether amounts given in other housing costs questions (structural insurance, water rates) relate to the whole property or just the domestic part.

Soft Check If the original amount borrowed is equal to or greater than £250,000  
*The answer is much higher than the figures usually given at this question.  
 Please check that your figure is correct. If so suppress warning and continue.*

Soft Check If the original amount borrowed is greater than the purchase price  
*The amount borrowed is more than the purchase price - this is very unusual.  
 Please check your figures and, if necessary, explain in a note.*

If the soft check is suppressed, the following automated instruction is activated.

INTERVIEWER: PLEASE RECORD THE REASONS WHY YOU SUPPRESSED THIS WARNING, THEN PRESS <ALT> + S TO SAVE AND CONTINUE.

If the respondent does not know the original amount of the mortgage, the following question is asked

**BorrAmt-DK** INTERVIEWER: IS THIS DON'T KNOW' BECAUSE THE ORIGINAL MORTGAGE WAS TO BUY DOMESTIC ACCOMMODATION AND FOR BUSINESS PURPOSES, AND YOU CANNOT GET A SEPARATE FIGURE FOR THE DOMESTIC PART?

**1: Yes (Please give full details in a note)**

**2: No**

If 'YES' is coded, the DK at **BorrAmt** will not count toward the total refusals and DKs for the questionnaire.

**RMort** Since [year of purchase], have you taken out a re-mortgage, with the same or a different lender - or have you extended the original loan by taking out a further advance or top-up?

INTERVIEWER: IF UNSURE, SEE HELP SCREEN <F9>

IF RE-MORTGAGED MORE THAN ONCE TAKE THE MOST RECENT OCCASION. ONLY INCLUDE EXTENSIONS TO THE MORTGAGE, NOT OTHER LOANS SECURED ON THE HOUSE.

INTERVIEWER: DO NOT INCLUDE BUY TO LET MORTGAGES

A re-mortgage is a new mortgage on an existing mortgaged property. The old mortgage is paid off in the process, and the re-mortgage is a completely separate arrangement. The purpose may be to release part of the capital that has accrued, to increase the borrowing to raise funds, to change to a different type of mortgage (for example a Flexible mortgage) or simply to take advantage of a cheaper interest rate from another lender. If the re-mortgage was taken out with the *same* lender as the original one, also include it here.

A 'further advance' or 'top-up' means an extra amount was borrowed

and was integrated with the original loan so that it is a single arrangement, with just one payment made to the lender. The amount at **MortLeft** should include the extra top-up, and the amount at **MorInPay/IntPrPay** should be a combined amount without you or the respondent needing to add figures together. Do not count any 'top-up' or 'further advance' at this question if separate payments are made; such separate loans are asked about later.

For further information see the guidance notes at the beginning of this mortgage section.

**RMortYr**      **In which year did you take out the most recent re-mortgage/further advance?**

If both, or more than one further advance has been taken out, take most recent occasion.

**RMAmt**      **What was the total amount of the mortgage, after re-mortgaging/taking out the further advance?**  
**INTERVIEWER: TOTAL SHOULD BE AFTER ALL RE-MORTGAGES AND FURTHER ADVANCES**

This amount may be the same as the original loan, depending on whether they were remortgaging to get further advance or changed their mortgage for the same amount.

Enter the total of the original mortgage plus further advance/top-up(s), or the re-mortgage (plus subsequent further advance/top-up(s) if any).

Soft Check      If the original amount borrowed is equal to or greater than £250,000  
*The answer is much higher than the figures usually given at this question. Please check that your figure is correct. If so suppress warning and continue.*

Soft Check      If the figure given is less than the amount recorded for the original mortgage (**BorrAmt**)  
*The re-mortgage amount would normally be as large as the original mortgage. Please check your figures.*

Looking at this card, which one of these options best describes your mortgage?

**INTERVIEWER: If necessary add 'With a repayment mortgage, by repaying the original loan we mean the original capital sum borrowed'.**

**INTERVIEWER: IF OTHER, PLEASE SPECIFY IN A NOTE.**

1. an **ENDOWMENT mortgage**  
(where your mortgage payments cover interest only)
2. a **REPAYMENT mortgage**  
(where your mortgage payments cover interest and part of the original loan)
3. a **PENSION mortgage**  
(where your mortgage payments cover interest only)
4. a **PEP, Unit Trust or ISA mortgage**
5. **BOTH an ENDOWMENT (or any interest only) mortgage AND a REPAYMENT mortgage**
6. an **INTEREST ONLY mortgage with MORE than one linked investment** (e.g. pension and unit trust, endowment and ISA)
7. an **INTEREST ONLY mortgage with NO linked investment** (e.g. NO endowment, pension or PEP or ISA)
8. or another type (not listed above) <CTRL+M> to make a note

**Code 1: Endowment Mortgage**

An endowment policy is taken out with either before or at the same time as the mortgage. The endowment policy is designed to end at the same time as the mortgage. Endowments are often sold by the lender or adviser who arranges the mortgage, they can also be arranged

independently. Money paid into the endowment policy is invested in stocks and shares and other investments. Like all stock investments, endowment policies do involve risk and their value can fall and rise. At the end of a set number of years (the policy 'term'), the policy 'matures' and they get a lump sum, which is used to repay the mortgage loan.

The original mortgage amount remains outstanding until the policy matures. In the meantime interest is paid on the total amount borrowed and premiums are paid on the endowment policy.

Endowment mortgages were once very popular, but have fallen out of favour in recent years. This is because many of the circumstances that used to make them attractive have disappeared, such as tax relief on premiums and mortgage interest, high inflation and high interest rates.

### **Code 2: Repayment Mortgage**

In this case the money borrowed for the purchase of the house is repaid over a period of years; interest is also paid on the amount outstanding at the time. Monthly repayments are paid to the lender over an agreed number of years (called the mortgage 'term'). Most people choose a term of 20 to 25 years for their first mortgage, but they can be for shorter or longer periods. The payments cover the interest on the loan and also gradually pay off the amount borrowed (sometimes called the 'capital' or the 'principal').

People with repayment mortgages (and pension, PEP, ISA or Unit Trust mortgages - see below) usually take out a mortgage protection policy with an insurance company so that in the event of death there is available a sum of money to pay off the outstanding mortgage. This arrangement should not be confused with the endowment policy of an endowment mortgage.

### **Code 3: Pension Mortgage**

Interest only is paid to the lender and monthly contributions are paid to a personal pension plan which is designed to repay the mortgage on retirement. In addition, it is necessary to arrange a separate protection policy designed to repay the mortgage if the borrower should die before the end of the mortgage term. A pension mortgage can include a stakeholder pension.

### **Code 4: PEP, Unit Trust or ISA Mortgages**

With a **PEP Mortgage** the borrower pays interest only to the lender and pays monthly contributions into a Personal Equity Plan, which is designed to pay off the loan. The PEP will usually invest in unit trusts and a mortgage protection policy must be arranged.

With a **unit trust mortgage** the borrower pays interest only to the lender and also makes monthly investments in a unit trust savings plan. As

stock market prices rise, the lender may allow the borrower to pay off part of the loan. With this arrangement, a protection policy is also necessary.

With an **ISA Mortgage** the borrower pays interest only to the lender and pays monthly contributions into an Individual Savings Account, which is designed to pay off the loan.

**Code 5: Both an INTEREST ONLY and REPAYMENT mortgage**

This code applies if the mortgage is a **single arrangement** which has both an interest-only element and a interest-and-capital element, **combined into one regular payment made to the lender**. If there are two separate mortgages of different types secured on the property, and separate payments are made to the lender(s), only the main mortgage should be coded at this question. Separate, second mortgages not for the purchase of the property (or any separate mortgage for purchase) should **not** be entered here.

**Code 6. An INTEREST ONLY mortgage with more than one linked investment (e.g. pension and unit trust, endowment and ISA)**

Some borrowers have more than one investment scheme set up to repay the amount borrowed on an interest only mortgage. For example, an endowment and ISA. This code enables the questionnaire to uniquely identify this type of mortgage arrangement and subsequent questions collect information on all of the investment schemes linked with the interest only mortgage.

**Code 7. An INTEREST ONLY mortgage with NO linked investment (e.g. NO endowment, pension, PEP or ISA)**

This type of borrower has decided not to take out any type of investment or savings scheme to repay the mortgage as the end of the mortgage term.

The unique characteristic of an interest only mortgage is that payments to the lender only cover the interest on the loan. The payments do not re-pay any of the amount borrowed. The mortgage still usually has a fixed term and the borrower is expected to repay the amount borrowed in one go.

With Interest only mortgages the borrower usually arranges an investment such as an endowment, ISA or PEP to save the money needed to repay the mortgage debt. However, some borrowers **do not** set up an investment or savings scheme. It is this type of borrower that we would like recorded using this code. These borrowers may have a different strategy in place to repay the mortgage or have decided the later sale of the property will release enough capital to repay the

borrowed amount. You may come across other schemes people have thought up to repay their mortgage for example, using proceeds from a maturing life insurance policy or paying off the amount borrowed using the occasional lump sum.

### **Code 8. Another type or mortgage**

Please remember to make a note when using this code. The note should include details of the main features of the mortgage.

Please ensure when using code 8 that the mortgage is unique and is not covered by codes 1-7.

If code 8 is used:

### **A note on Flexible mortgages.**

These are a fairly new style of mortgage that are becoming more popular. Flexible mortgages can be repayment, endowment or another type of investment. Therefore it is important to read the following information and decide where it is best to code a flexible mortgage.

**The most popular type of flexible mortgage is the all-in-one account. There are two types of all -in-one account; the current account mortgage and the offset mortgage.**

**The current account mortgage** - all finances are kept together in 'one pot' so the mortgage, current account, any savings, credit cards and loans are all combined resulting in one overall account with one outstanding balance.

**The offset mortgage** - is similar to above where there is one overall outstanding balance made up of all the different debits and credits however the savings, current and mortgage accounts are kept in separate accounts. Money can still be easily transferred between the different accounts.

**Buy-to-let mortgages**

***Do not include mortgages for those properties purchased only for investment and rental income***

If 'DK' or Refusal

**Soft Check**

*This is a 'Key Question': it is VERY IMPORTANT to get an answer here if possible. If you cannot do so (either now, or later) please make a note about the circumstances.*

If the respondent's mortgage is an Endowment (1), Pension (3), PEP/Unit Trust/ISA (4), both an endowment (or other interest only) and repayment (5), Interest only with one or more linked investment (6), interest only with NO linked investment (7) or another type (8) (i.e. all except those with a **repayment** mortgage) the following question. will be asked

**EndwPrin****SHOW CARD J**

**(Can I just check) (Apart from the endowment I mentioned earlier) is the repayment of the original loan covered by any of the things on this card?**

- 1: Current payments into a Pension Plan (pension mortgage)**
- 2: Current payments into a PEP or ISA**
- 3: Current payments into a Unit Trust or Investment Trust scheme**
- 4: Current payments into any other savings/investment scheme**
- 5: Proceeds of sale from existing house only**
- 6: None of the above (describe in a note)**

EndWPrin is asked directly after MortType. This is so the question can act as a check (especially for those with INTEREST ONLY mortgages) to help ensure that MortType has been correctly coded. For example, the respondent may have described their mortgage as an 'Endowment mortgage' (code 1). At EndWPrin they mention that they are also making payments into an ISA which they intend to use to repay their mortgage when it matures. This means that they have more than one investment or savings scheme linked to their mortgage, so at MortType they should really have been coded as 'an interest only with more than one linked investment' (code 6) rather than an endowment mortgage.

We are only interested in recording saving schemes and investments that the respondent is CURRENTLY making payments into. For example if they have completed contributing to a PEP or ISA then this should not be recorded at this question, so use code 6 and please make a note.

If EndWPrin is coded as 'None of the above' - please open a note and record details about how the respondent expects to repay the loan.

'Can I just check' will only appear at the beginning of this question when MortType is coded as 'Interest only with NO linked investments' (code 7) or 'Another type of mortgage' (code 8). The question may not seem

relevant for these cases, but we want to ask the question to check that MortType is coded correctly.

If the respondent has an ENDOWMENT mortgage - please use code 6, you will be asked for information specifically about the ENDOWMENT mortgage at MenPol. People with ENDOWMENT mortgages are only routed through this question to ensure that MortType has been coded correctly.

Soft check

If the respondent says they will be repaying mortgage using any of the investment/savings listed at EndwPrin (codes 1-4) but at MortType they said they had an 'interest only with NO linked investments' (code 7).

*'You described your mortgage as an interest only with NO linked investments, can I just check is this savings/investment scheme linked to your mortgage?' Please amend the answer at MortType as appropriate'*

If EndwPrin = codes 1- 4 (has some type of investment or savings scheme) AND MortType =8 (other)

Soft check

*'If there is an endowment, pension, ISA or other savings/investment scheme linked to cover the repayment of the original loan, please amend the answer at MortType as appropriate'*

If EndwPrin = 6 (none of the above) and MortType does not equal 1 (endowment)

Soft check

*'Please leave a note to describe how the respondent will be repaying their mortgage'.*

If the soft check is suppressed, the following automated instruction is activated.

INTERVIEWER: PLEASE RECORD THE REASONS WHY YOU SUPPRESSED THIS WARNING, THEN PRESS <ALT> + S TO SAVE AND CONTINUE.

If EndwPrin codes 1 - 4 (has some type of investment or savings scheme) AND MortType=1 (endowment)

If MortType = 1 (Endowment) and EndwPrin = 1,2,3,4 (Pension/PEP/Unit Trust/Other scheme)

Or

If MortType = 3 (Pension) and EndwPrin = 2,3,4 (PEP/Unit Trust/Other

scheme)

Or

If MortType = 4 (PEP/ISA/Unit Trust) and EndwPrin = 1,4 (Pension/Other scheme)

Soft check

*'This method of capital repayment (at EndwPrin) does not match the type of mortgage recorded earlier (at MortType). Please resolve or make a note.'*

MenPol is asked if the respondent holds any type of mortgage except a repayment mortgage.

**MenPol**

**(Can I just check) Are there any endowment policies covering the repayment of this mortgage or loan?**

'Can I just check' is only used if MortType = Endowment (1) or both an endowment (or other interest only) and repayment (5).

A response to this question may trigger a 'Soft check' to appear if it contradicts the response at MortType.

If MenPol=Yes and MortType=7 (interest only NO linked investments) or 8 (another type of mortgage)

Soft check

*'You described your mortgage as an interest only with NO linked investments or another type of mortgage, can I just check, is this savings/investment scheme linked to your mortgage?*

**All-in-one accounts are a new type of flexible mortgage which allow a person to link together accounts - for example, a current account, a savings account and a mortgage (as well as other types of loans). There are two types of all-in-one account: current account mortgages and offset mortgages.**

**INTERVIEWER: Examples include the One account (RBOS), a Woolwich Open Plan or some other all-in-one account.**

**Is your mortgage an all-in-one account?**

***Flexible mortgages***

Flexible mortgages are those which give the borrower the flexibility to make certain changes without asking their lender first, such as varying the amount or timing of payments, or taking breaks in some circumstances. People with such mortgages can make over or underpayments each month or can pay off lump sums without incurring charges. Other common features of flexible mortgages are the ability to withdraw lump sums and to take payment holidays. If people overpay it may allow them to pay off the mortgage early, or to take payment holidays later, for example if they have a baby or take a career break.

It is worth noting that increasingly many “traditional” mortgages have flexible features even though they are not strictly flexible mortgages. For example it may be possible to make lump sum payments without restriction. However for a mortgage to be truly flexible it should really have the facility to make overpayments and to make underpayments.

Flexible mortgages can be repayment, endowment or other investment mortgages.

A subset of flexible mortgages are called all-in-one accounts. There are two types:

- ***current account mortgages:*** mortgage combined with a current account and forms one account, eg: the One Account (RBOS)
- ***offset mortgages:*** the mortgage is run parallel with a current account and savings account between which money can be transferred and the mortgage debt offset against any savings held (offset) (see diagram), there may be several savings “pots” which together form the total savings eg: Woolwich Open Plan

Current account mortgages and Offset mortgages are described in more detail after **MorAll**.

If the respondent has an all-in-one account

**Is your all-in-one account mortgage, a current account mortgage or an offset mortgage?**

- 1. Current Account Mortgage**
- 2. Offset Mortgage**

*Two show cards relate to this question. They are designed to help respondents decide what type of 'all-in-one' mortgage they have.*

**SHOW CARD H Current account mortgages**

**Summary...**

With a current account mortgage, the borrowers mortgage is combined with their current account to form one account for example, the 'One Account'.

**In more detail...**

The main difference between an offset mortgage and current account mortgage is that with a current account mortgage, the borrowers' current account and any other accounts are combined with their mortgage account.

The current account mortgage (CAM) combines the borrowers mortgage, current account, savings account, personal loans and credit cards into one account. Their salary is paid into this account, if they don't spend all their income at the end of the month, that amount is taken off what you owe on your mortgage.

For example, if they were paid £2000 after tax each month, then spend £1500 in the month, £500 is left in the account which comes off the mortgage. Since interest is calculated on a daily basis, the interest paid is immediately reduced.

The CAM allows the borrower to make overpayments and underpayments and borrow back money, so can be defined as fully flexible.

Respondents with a CAM will NOT be routed through the last payment questions.

**SHOW CARD I Offset mortgages**

The Savings account, current account and mortgage are held separately but the balances in all the accounts are taken into consideration when calculating interest for the mortgage repayments.

**Summary...**

The mortgage is run parallel with a current account and savings account between which money can be transferred and the mortgage debt offset against any savings held (offset).

**In more detail....**

Offset is a new type of flexible mortgage. It links the mortgage to the borrowers Current and Savings Accounts.

The borrower can save money on interest repayments, because the interest is calculated on the difference between the combined balance the Current and Savings Accounts and their mortgage balances. This means

that the mortgage term could be reduced and the borrower saves money.

Interest is calculated daily, so every day the borrowers Current and Savings Accounts are in credit, the interest calculated on the mortgage will be reduced and the subsequent repayments.

MortProt

**[Apart from any endowment policies already mentioned] Do you have a mortgage protection policy to pay this mortgage/loan in the event of sickness, accident or redundancy [or death]?**

This question is asked for all types of mortgage. Only read '(Apart from any endowment policies...)' if the respondent has said that there is an endowment policy covering the mortgage. The textfill 'Or death' appears

if there is no endowment policy recorded earlier.

People with repayment, pension, PEP, Unit Trust or ISA mortgages usually take out a mortgage protection policy with an insurance company so that in the event of death there is available a sum of money to pay off the outstanding mortgage. Sometimes it is known as a 'Whole Life Policy'. It is not always required. This arrangement should not be confused with the endowment policy of an endowment mortgage.

Following the 1994 Budget decision to delay Income Support entitlement to mortgage borrowers who become unemployed, and the government's stated intention that new borrowers should take out mortgage insurance cover for events such as redundancy, this question covers any type of mortgage protection policy. From October 1995, interest will not be paid by Income Support benefit for two months for existing borrowers and 9 months for new borrowers.

Policies to cover the mortgage in the event of death will continue to be included, but so too will be policies which repay all or part of the mortgage in the event of redundancy or long-term sickness.

If the mortgage type is repayment, pension, PEP, unit trust or ISA the following check appears if 'no' is coded:

Soft check

*INTERVIEWER: for this type of mortgage there is normally a protection policy. Please check - was it included in the last mortgage payment? (If no policy, suppress warning and continue).*

Often premiums are included with the monthly mortgage payment (or payment into a pension plan, PEP, Unit Trust or ISA) - ask the respondent to check, particularly if the mortgage is quite old. Sometimes no policy is needed, for example if the mortgage is small, or if the capital can be paid off in another way.

Once the mortgage(s) for purchase have been dealt with, there follow questions about any other mortgage secured on the property which is not for its purchase.

If accommodation is currently being bought, and there is only one mortgage for purchase:

**OthMort1** I have already asked you about the loan you had to purchase this house/flat. Apart from that, do you have any OTHER mortgage or loan secured on this property?

If accommodation is currently being bought, and there are two mortgages for purchase:

**OthMort2** May I just check, are you currently using this house/flat as security for a mortgage or loan of any other kind?  
If the property is owned outright:

**OthMort3**      **May I just check, are you currently using this house/flat as security for a mortgage or loan of any other kind?**

Quite a common loan of this type is raised through 'equity release', for instance a Home Income Plan, Reversion Scheme or Retirement Home Plan. Typically, this is where elderly owners (e.g. 70 years or more) borrow money and use it to buy an annuity, part of which provides them with an income, the rest paying off the interest on the loan. (When the owner dies, the property is sold and the lender recoups the capital.) For FRS purposes you should treat this as a mortgage/loan not for purchase, coding 'yes' at **OthMort3** and code 7 at the next question. However, if no interest is being paid on the loan. do not enter it at all.

If the respondent has any other mortgage or loan secured on this property, the following question is asked:

**OthPur**

**SHOW CARD N**

**Which of these items best describe the reasons why you took out the other loan or loans? Any others?**

**CODE ALL THAT APPLY**

**1: to make improvements or extensions to this property**

**2: to help purchase a major item like a car, boat, caravan or second home**

**3: to get a better, or fixed, interest rate**

**4: in connection with a business**

**5: to buy out another person's share in the property**

**6: for essential repairs to make the property fit for occupation**

**7: some other purpose (SPECIFY IN A NOTE)**

If any code other than 6 (essential repairs) was entered, no further questions are asked about the mortgage.

If the mortgage was taken out to make essential repairs, the mortgage questions from **IntroM** to **OutsIncl** are asked, plus the following extra question after **IntroM** (which now states that the next questions are about the loan for essential repairs).

**LoanYear**      **In which year did you take out this mortgage or loan?**

## **Block QInsur - Structural/Furniture Insurance**

FRS asks questions about house insurance policies to find out the level of provision the household has made against loss and/or damage to property. (Note that a furniture, contents or personal possessions cover is only wanted if it is i) included in the last mortgage payment, or ii) combined with structural insurance).

**StrMort**      **Did your last payment on the mortgage/loan include an amount for any insurance on the structure of this accommodation, its furniture or contents, or any personal possessions?**

The following questions are asked only if the last mortgage payment DID include an amount for insurance.

**StrCov**      **Was that for:**  
**1:...structure only**  
**2:...Furniture and contents or personal possessions, only?**  
**3:...or structure AND contents, or personal possessions.**

**StrAmt**      **How much was the premium included in your last mortgage payment for this [type of insurance] policy?**

If VAT is itemised separately on the policy statement, include it in the amount paid here.

**StrPd**      **How long did this cover?**

The following questions are asked of those in rented accommodation (except council tenants) and those respondents whose last mortgage payment did not include an amount for structure insurance.

**StrOths**      **Do you pay an insurance premium on the structure of this accommodation?**

**CovOths**      **If yes:**  
**Does the premium cover...**  
**1:...Structure only ?**  
**2:...or structure combined with furniture, contents or personal possessions?**

**StrAmt**      **How much was the last premium for this [type of insurance] policy?**

**StrPd**      **How long did this cover?**

## Block QCounTax - Council Tax

The Council Tax replaced the Community Charge (Poll Tax) in Great Britain in April 1993. The tax is based on the value of a dwelling and assumes two adults per household. The full bill consists of two equal elements: a property element and a personal element. Status discounts, which reduce or eliminate the personal element of the tax, are available to single persons and certain other households. Council tax benefit is available in the form of rebates to those on Income Support and others on low incomes. A Disablement relief is available if there is a disabled person in the household.

### Liability

If the property is owner-occupied the owner (or joint owners) will be liable for payment of the tax. If the property is rented the tenant will generally be liable provided s/he lives in it as a main residence, though in multi-occupancy accommodation such as bedsits the landlord is liable.

**CTConDoc      NOW THERE ARE SOME QUESTIONS ABOUT THE COUNCIL TAX**

**For your Council Tax, do you have a bill, statement or a payment book that you could consult?**

**ACCEPT A STATEMENT/BILL FROM THE YEAR 2004-2005 IF NO PAYMENT FOR 2005-2006 YET MADE**

**1: Yes - consulted now**

**2: No - no document (or will not consult)**

It is important **whenever possible** to refer to a bill or statement as this is an area where many respondents have little idea of the details being asked.

FRS is interested in the most recent payment (and all subsequent answers should relate to that payment). If the new bill for 2005-2006 has been received but no payment has been made yet, don't consult the new bill, try to get last year's instead.

**CTBand** Could you please tell me which Council Tax band this accommodation is in?

**THIS MUST BE THE BAND GIVEN BY THE COUNCIL - DO NOT ACCEPT RESPONDENT'S OWN ESTIMATE OF VALUE OF PROPERTY.**

**IF THIS HOUSEHOLD'S ACCOMMODATION IS NOT VALUED SEPARATELY (e.g. because it's a rented part of larger premises), THEN USE CODE 9.**

**INTERVIEWER: If respondents initial band allocation was later changed because they are disabled enter original band here.**

- |           |  |
|-----------|--|
| 1. Band A | 6. Band F  |
| 2. Band B | 7. Band G  |
| 3. Band C | 8. Band H  |
| 4. Band D | 9. Household accommodation not valued separately |
| 5. Band E |  |

The council tax bands shown below are included in these instructions purely as a matter of reference. These valuations are not current, they are those that were made in 1991. It is extremely important that respondents *do not* reference the *current* value of their property, to the corresponding council tax bands constructed in 1991.

### Property Bandings 1991

	England	Scotland	Wales
A	Up to £40,000	up to £27,000	up to £30,000
B	£40,001 - 52,000	£27,001 - 35,000	£30,001 - 39,000
C	£52,001 - 68,000	£35,001 - 45,000	£39,001 - 51,000
D	£68,001 - 88,000	£45,001 - 58,000	£51,001 - 66,000
E	£88,001 - 120,000	£58,001 - 80,000	£66,001 - 90,000
F	£120,001 - 160,000	£80,001 - 106,000	£90,001 - 120,000
G	£160,001 - 320,000	£106,001 - 212,000	£120,001 - 240,000
H	£320,000 +	£212,000 +	£240,000 +

There are two circumstances in which a band may not be entered:

Band not known

If the respondent is personally liable for the council tax (even though they may pay nothing) and doesn't know the band, enter 'DK'. Do not use the respondent's estimate of the property's value – particularly if they are giving their estimation of the current value. The valuations were made in 1991 and will therefore become increasingly out of date. If the band is coded 'DK', it will be obtained from the Local Authority by office staff.

Accommodation not valued separately

If the accommodation is not separately valued for the council tax, enter '9'. In certain accommodation, such as that which is multiply occupied like bedsits, the landlord will be liable for the tax. The landlord may decide to recover some or all of the cost of the tax by increasing rent charges and will not be legally obliged to identify the council tax component. In these situations where the tenant is not personally liable for the tax use code 9 to indicate that the accommodation that the interview is concerned with is not valued separately for the Council Tax.

To check that the correct code has been entered, the following check is triggered if either 'dk' or code 9 is entered:

Soft Check

*INTERVIEWER: If necessary check which is correct; this accom:*

*-is NOT valued separately for C.Tax (enter code 9)*

*- or it IS valued for C.Tax, but respondent DOESN'T KNOW the tax band (enter Don't Know).*

*If correct, suppress check & continue.*

Appeals

Owners and tenants will be legally obliged to pay the amount shown on their council tax bills when they receive them in March/April. The valuation bands are based on prices in April 1991 and will not be affected by subsequent changes in house prices, although improvements such as extensions will be taken into account if the property is sold. Appeals against the valuation band may now only be made in these circumstances, not with regard to the original valuation; the full payments must be made until the result of an appeal is decided.

Appeals on valuation matters must first be taken up with the valuation office; appeals on other matters must be raised with the local authority. If matters are not resolved within a specific period, they may be referred to a valuation tribunal. In a few cases appeals against the original valuation have not been settled yet.

If an appeal is still pending...

Enter the band which is shown on the original bill.

If a new bill has been received following an appeal..

Enter the new band shown on the bill.

If the bill was applied to a lower valuation band because disablement relief was allowed..

Enter the band that would have applied if disablement relief had not been granted.

**CTLVBand**      **Was your Council Tax bill reduced to a lower band because there is a disabled person in the household?**  
**INTERVIEWER: HOUSEHOLDS MUST MAKE A SPECIAL APPLICATION IN ORDER TO OBTAIN THIS REDUCTION**

If a disabled person needs additional space or an extra room to meet special needs, the council tax bill may be reduced to that of a property in the band immediately below the band shown on the valuation list. Note that no 'disablement relief' can be allowed if the property is already in band A.

Informants will have to apply for disablement relief, so they should know if it has been allowed. If it has been allowed, the following check question is asked:

**CTLVChk**      **You said you were in band [x]; is that the band after this lower valuation, or before?**

**CTAmt**      **How much Council Tax do you/your household currently pay?**  
**INTERVIEWER: ACCEPT EITHER ANNUAL AMOUNT, OR MOST RECENT INSTALMENT**

The payment entered should be the last council tax payment made by the household. However, the question is with reference to the respondent's *current* status, so for example if they are in receipt of 100% council tax benefit, or for some other reason are non-payers, enter 0, not the amount of the last payment when they were making payments. If no payment for 2005-2006 has yet been made, accept the last payment from 2004-2005 even if the new bill is to hand.

If the respondent has not paid council tax for any reason, enter 0 and the later questions will probe the reasons (except in Scotland - see below).

The owner of the residence of a minister of religion will be liable except in the case of the Church of England where the Church will be liable. Church of England stipends will be reduced to reflect all or part of the council tax payment, and the pay of ministers of other religions may also be docked to cover the tax. These payments should be accepted as council tax payments.

Domestic Water Charge and Domestic Sewerage Charge in Scotland  
 In Scotland, the question includes the phrase **including domestic water**

**charge and domestic sewerage charges.** These charges should be included in this figure. On bills the total annual amount payable for all three components may be identified as the 'net amount payable' (which may then be divided into instalments).

Council Tax Benefit is not applicable to domestic water or sewerage charges, and therefore every household eligible for council tax should pay them. If the household is allowed 100% Council Tax Benefit, the amount paid for water and sewerage charges should be entered at **CTAmt** (either the annual net amount if paid in full, or the last instalment payment). For this reason a soft check is triggered if zero is entered at this question:

If the amount is changing/has changed following an appeal.

Enter the amount last paid and then open a note using <Ctrl+M> to give details of the previous/future amount for instalments and, if possible, how much has been paid in total so far or how much is due to be paid for the rest of the financial year. This information should be on the relevant bills.

If an amount is entered:

**CTInstal** (Can I just check) Was that the full payment for the year, or was it an instalment?

If an instalment:

**CTTime** How many instalments are there, over the whole year?  
 'WHOLE YEAR' = APRIL TO MARCH (12 MONTHS)  
 IF PAYMENT GIVEN IS FROM LAST YEAR, ENTER NUMBER OF  
 INSTALLMENTS MADE LAST YEAR.

Enter the total number of payments which have already been made plus those which will be made in future, for the year April-March. (If the last payment entered relates to 2004-2005, give the number of instalments for that year.) If paid by direct debit, Local Councils usually set the number of instalments to 10 per annum.

If the last payment multiplied by the number of instalments exceeds the highest charge set for the relevant band in any LA in England, Scotland or Wales:

Soft Check *That's [£amount] a year which seems rather high for a property in this band. Please check the amount and number of instalments. If correct, suppress warning and explain circumstances in a note.*

If the band is not known or refused, the check will use the highest value.

If a statement/bill is consulted and instalments are being paid:

**CTAnnual**      **REFER TO DOCUMENT BEING CONSULTED.**  
**On the statement/bill, what is the total amount payable for the year, [including Domestic Water and Sewerage Charges but] after deducting any discounts or benefit?**  
**'YEAR' = APRIL TO MARCH (12 MONTHS)**

The reference to Domestic Water and Sewerage Charges appears in Scotland, where there are also the following questions with reference to **CTAnnual**.

**CWatAmt1**      **How much is the annual Domestic Water Charge, as shown on the bill?**  
**ENTER THE FULL CHARGE, BEFORE ANY STATUS DISCOUNT**

**CsewAmt1**      **How much is the annual Domestic Sewerage Charge, as shown on the bill?**  
**ENTER THE FULL CHARGE, BEFORE ANY STATUS DISCOUNT OR TRANSITIONAL RELIEF**

The amounts at the above two questions should be the full annual amount levied by the local water authority. If a household is allowed a status discount (see later), it will apply to the main council tax and to the water and sewerage charges. However the bill will probably show the amounts before any discount, but not after.

**CTReb**            **Are you allowed Council Tax Benefit or rebate, to help pay your Council Tax?**

Council tax benefit (rebate) is available to those liable for council tax bills who are on low income. The amount allowed will vary according to levels of income and assets. People on Income Support/Income-based Jobseeker's Allowance/Pension Credit or equivalent levels of income will be entitled to the maximum rebate of 100%, unless their accommodation is in Band F, G or H. In those bands, for new claims the maximum benefit is limited to that for Band E in that area. Recipients in those bands as at 31 March 1998 will have their benefit transitionally protected, provided they don't move from the address and any break in their entitlement lasts no more than 12 weeks.

Be careful that the respondent does not confuse Council Tax Benefit with status discount (see below). It is possible that both will apply (e.g. when the household consists of a single person on low income).

If mentioned by the respondent, include receipt of the one-off extended payment of Council Tax Benefit paid to people who return to work after

a period of unemployment as a lump sum payment covering four weeks. It has to be claimed separately from ordinary Council Tax Benefit. Enter the full amount of the lump sum at **CTRebAmt** and 'four weeks' at **CTRebPd**. Questions on its receipt will be asked in the Benefit Unit questionnaire.

In Scotland, benefit is not allowed in connection with Domestic Water Charge and Domestic Sewerage Charge.

If the respondent earlier claimed they were getting Housing Benefit, or that DWP were contributing to their mortgage:

Soft Check

*Earlier the respondent said they get Housing Benefit or help from DWP with mortgage. They should usually also get Council Tax Benefit. Please check: is their C.Tax bill 'reduced' - does the Council take anything off it? (apart from Discount). If so, change answer to 'yes'.*

**CTRebAmt**

**How much was allowed?**

Soft Check

*Zero amount of Council Tax benefit: this contradicts previous answer (at 'CTReb') that benefit WAS received. Please resolve if possible.*

**CTRebPd**

**How long did this cover?**

Enter details of any benefit in connection with the last council tax payment made.

If an appeal is pending..

Enter the amount that applied to the last payment.

If an appeal has been made and a new bill has been received..

Enter details of the most recent payment and if this is about to change following receipt of the new bill then open a note using <Ctrl+M> to record the future figures.

If the respondent knows how much rebate will be allowed for the whole financial year or part of it, it is acceptable to record this total figure together with the appropriate period code.

If a liable person's income is too high for her/him to qualify for benefit in her/his right, s/he will be able to claim on behalf of other adults (except dependents and lodgers) living in the same property who are on a low income. This type of benefit is called "second adult rebate".

Where there is more than one benefit unit in the household, and the liability for council tax is jointly held across more than one benefit unit, it is possible for the council tax benefit to be awarded at the benefit unit level. The following question asks which benefit unit(s) it was applied to. It will only be asked in households where the accommodation is jointly owned/rented by members of more than one benefit unit, and only

when a statement is consulted.

**WhyNoCT**

**INTERVIEWER: NO COUNCIL TAX IS PAID, BUT NO BENEFIT RECEIVED. ASK OR CODE: WHAT WAS THE REASON FOR PAYING NO COUNCIL TAX?**

**1: Bill not yet received and household not previously liable for C. Tax**

**2: Bill not yet paid and household not previously liable for C. Tax**

**3: Deliberate non-payment, in dispute, appeal etc**

**4: Household only recently moved into accommodation**

**5: Household has a 'formal exemption' from the tax (all students; MOD property; severely mentally impaired)**

**6: Other reason (DESCRIBE IN A NOTE)**

Codes 1 and 2 at the above question should only apply in circumstances where no payment from last year can be given. E.g. a newly set-up household, or one that has moved from overseas.

If the respondent states that 'the landlord pays it' or 'it's included in the rent', check whether this household's accommodation is valued separately for the council tax. If it isn't, such as if it is a bedsit or rooms within a larger house, you should code **CTBand** as 9 - not valued separately.

**Exemptions**

Two classes of exempt dwellings are likely to occur:

**Accommodation occupied ONLY by students, or by the severely mentally impaired**

If all members of the household are students or severely mentally impaired, the household is exempt. If any member of the household is not a student or severely mentally impaired then a status discount may apply, but not an exemption.

**Accommodation owned by the MoD as armed forces accommodation.**

The MoD will pay contributions in lieu of council tax to local authorities. These contributions may be recouped from services personnel through accommodation charges.

If no council tax benefit is received:

**CTBWait**

**Are you awaiting the outcome of a claim for Council Tax benefit or rebate?**

**CTDisc**

**SHOW CARD O**

**[In addition to your benefit / Are] you allowed a discount of 25% or 50% in relation to your Council Tax, for any of the reasons shown on this card?**

If the respondent said earlier that they were in receipt of Council Tax Benefit, the textfill 'In addition to your benefit' applies.

The reasons shown on the card are:

There is only one adult living here

This household includes:

- a severely mentally impaired person
- a person aged 18 or over who is still at school
- a student
- student nurses
- apprentices
- YT trainees
- care workers

#### Status Discounts

The council tax assumes two adults per household. In certain types of household, where there are not two people liable for payment of council tax, the bill will be reduced so as not to penalise them unfairly. This is regardless of the income and assets status of the household.

Be careful that the respondent does not confuse a status discount with Council Tax Benefit (see above). It is possible that both will apply (e.g. when the household consists of a single person on low income).

If only one adult lives in the dwelling the bill will be cut by a quarter. Thus a 25% status discount will usually apply to a single person household.

Some people, such as those in the list above, are 'disregarded adults' and are invisible for council tax purposes. They are deemed to be unable to contribute to household bills.

Probe situations where respondents say that they have been allowed a status discount but there is more than one adult in the household. If a 'disregarded adult' (student/student nurse/apprentice etc) lives with **one** other adult then a status discount of 25% will apply. However no discount will apply if that person lives with two or more other adults.

50% status discounts will be rare and will apply where the sampled accommodation includes *only* disregarded adults (those in the above groups) other than students who will be completely exempt.

In Scotland, status discount is also allowed for Domestic Water Charge

and Domestic Sewerage Charge.

**CT25D50D Can I just check, were you allowed a 25%, or a 50% discount?**

See above for the difference between 25% and 50%. We would expect a single adult household to receive a 25% discount, so if not, the following check is triggered:

Soft check

*Are you sure? households with only one adult would normally have a status discount (25% reduction of the bill).*

Soft Check

If a respondent claims that they are receiving a 50% discount there is a check to ensure that this is correct.

*Are you sure? Discount is usually 25%. The 50% discount applies only if ALL household members belong to the groups shown on card I. Please check with respondent. If discount IS DEFINITELY 50%, suppress warning and continue.*

## Block QWaterSew - Water & Sewerage Charges

These questions are asked if water/sewerage charges have not been covered earlier in the questionnaire, as either part of rent or deduction from Housing Benefit. They do not apply in Scotland. 'Rates' also refers to meter charges.

**WaterMet**      **Are your water charges metered?**

**WaterPay**      **Do you pay water rates or charges?**

**SewerPay**      **Do you pay sewerage rates or charges?**

Include charges for emptying of septic tanks.

**SewSep**      **Do you pay separate or combined water and sewerage rates or charges?**

Asked if Yes to both **SewerPay** and **WaterPay**

**WatTime**      **How many times a year do you pay water rates or charges?**

**ENTER TIMES A YEAR.**

**WatTime**, **WatAmt**, **WatAnul**, **SewTime**, **SewAnul** and **SewAmt** are asked if sewerage and water rates are paid separately.

**WatAmt**      **How much did you actually pay last time?**

**WatAnul**      **How much is your *annual* bill?**

Soft Check      If  $WatTime \times WatAmt$  does not =  $WatAnul$  within a £25 range either side:  
*Interviewer: The annual payment for water rates/charges (WatAnul) is very different from the total for individual payments (WatTime x WatAmt). Please check these figures.*

**SewTime**      **How many times a year do you pay sewerage rates?**  
**ENTER TIMES A YEAR.**

**SewAmt**      **How much did you actually pay last time?**

**SewAnul**      **How much is your *annual bill*?**

Soft Check      If  $\text{SewTime} \times \text{SewAmt}$  does not =  $\text{SewAnul}$  within a £25 range either side:  
*Interviewer: The annual payment for sewerage rates/charges (SewAnul) is very different from the total for individual payments (SewTime x SewAmt). Please check these figures.*

**WsewTime**      **How many times a year do you pay?**  
**ENTER TIMES A YEAR .**

**WsewAmt**      **How much did you actually pay last time?**

**WsewTime**, **WSewAnul** and **WsewAmt** above are asked if sewerage and water rates are combined.

Arrears - If payments are in arrears enter the last amount actually paid. Then open a note <Ctrl+M> to give the date of this payment or the circumstances if the payment was unusual.

Metered Water - Charges made via a water meter should be treated as water rate payments and the last amount actually paid entered.

If  $WSewTime \times WsewAmt$  does not =  $WSewAnul$  within a £25 range either side:

Soft Check      *Interviewer: The annual payment for sewerage rates/charges ( $WSewAnul$ ) is very different from the total for individual payments ( $WSewTime \times WsewAmt$ ). Please check these figures.*

If water and/or sewerage rates seem unusually high:

Soft Check      *Warning: The answer is much higher than the figures usually given at this question. Please check that your figure is correct. If so, suppress warning and continue.*

Check whether the payment mentioned included anything other than just water or sewerage rates.

**WsewAnul**      **How much is your *annual* bill?**

**WatRb****Are you receiving a rebate for your water or sewerage charges?**

The vast majority of people have to pay the full water and sewerage charges, but there are also a few with a meter who are eligible for assistance under the Vulnerable Groups Scheme (Water Industry Act 1999). Under this scheme, people who qualify receive a bill capped at the average charge for their region, and do not have to pay the measured charge reflecting their genuine water consumption.

To qualify for assistance, the household must be metered. The claimant must also be eligible to receive certain benefits or tax credits (such as Income Support, Working Families' Tax Credit, Jobseeker's Allowance) and fulfill one of the following criteria:

They hold responsibility for three or more children under the age of 16;

Or

They suffer from a specified medical condition which causes the household to use significantly more water (desquamation, a weeping skin disease, incontinence, abdominal stomas, renal failure requiring home dialysis etc);

Or

They have a child with a medical condition outlined above.

## Block QaccomCharge - Property Charges

This section is about charges on the accommodation and is asked of owners and those who occupy rent-free.

Often ground rent, service charges maintenance or factoring charges are not itemised separately. If this is the case and the respondent is not able to split the separate amounts, a combined amount should be recorded for ground rent, service charge, maintenance and factoring charges at category 9. Do not encourage respondents to estimate the separate amounts if they are not certain.

Similarly, if a respondent states that they pay charges separately, but only knows the combined charge, enter the total amount as a combined rate (category 9).

Do not record a combined amount and the separate amounts. Record one or the other.

**Charge**  
(Jump 7)

**SHOW CARD P**

**In connection with this accommodation do you pay any of the charges shown on this card?**

**CODE ALL THAT APPLY.**

**1: Ground Rent**

**2: Feu duty**

**3: Chief Rent**

**4: Service charge**

**5: Compulsory or regular maintenance charges**

**6: Site rent (caravans)**

**7: Factoring (payments to a land steward)**

**8: Any other regular payments**

**9: Combined charges (eg. ground rent, service charge, maintenance charge, factoring etc.)**

**10: None of these**

**ChargeO**

**Please specify the other type of payments.**

This question is asked if the respondent has answered 'Any other regular payments' at **Charge**.

**ChIns**            **Does this service charge include insurance?**

This question is asked if the answer at **Charge** is 'service charge' or 'combined payment'.

**ChrgAmt**        **I would now like to ask about the charges you pay for [x]  
How much did you pay last time?**

**ChPd**            **How long did this cover?**

## Block QLodger – Rent within conventional households

These questions are asked only if there is more than one Benefit Unit in the household and, if the household was defined as 'conventional', at the question **HHStat** (in block **QAccomDat**).

The following questions are asked with regard to each person not related in some way to the HRP (or partner) in the 2nd and subsequent Benefit Units:

Questions on receipt of housing benefit for boarders, lodgers and other adults not related to HRP will be asked in their own Benefit Unit questionnaire.

**ConvBL** (Can I just check), is [name]...**READ OUT (RUNNING PROMPT)...**  
**1:...a BOARDER: that is someone who pays you a RENT for board AND lodging**  
**2:...a LODGER: that is someone who pays you a RENT for lodging, but not food**  
**3:...or neither of these?**

A boarder pays for both food and lodging, a lodger pays for lodging only. They are asked the following two questions.

**CvPay** How much rent did [name] pay [for board and lodging] last time it was due, after deducting any Housing Benefit?

**CvPd** How long does that cover?

The next question **CvHt** is asked of LODGERS only.

**CvHt** Is HEATING included in that, or is it paid for separately?

## Block QSharer - Rent within shared households

If the household has been classed as a 'Shared' household at **HHStat** then the following two questions are asked with regard to people in the 2nd and subsequent Benefit Units.

**SrentAmt**      **How much rent did [name] pay last time it was due, after deducting any Housing Benefit?**

Record this respondent's share of the whole household's rent. If the amount here is more than the share of the rent paid by the HRP's Benefit Unit at **Rent**, then following check will appear:

Soft check      *Are you sure? Enter here only the RESPONDENT'S SHARE of the household rent.*

**SrentPd**      **How long does that cover?**

For 'Shared' households, questions on Housing Benefit are asked with regard to all members of the 2nd and subsequent Benefit Unit(s) in their own Benefit Unit questionnaire, unless the accommodation is owned/being bought **and** the person is named as a householder at the **HHldr** question.

## **Block QProperty - Income from sub-letting**

**SubRent**      You mentioned earlier that you let, or sub-let, part of this accommodation to someone outside your household.  
How much rent have you received from this in the last 12 months, ie since [date]; that's BEFORE deducting any income tax that might be due on it?

This includes the "rent a room" scheme whereby someone renting out a room in their own house will be allowed to receive £4,250 a year gross rent free of tax.

**SubAllow**      And is that BEFORE or AFTER deducting allowable expenses?

## **Block QTeleV - Television**

**ConTV[1] Does your household have any of the following items?**

**...a colour TV set?**

**INCLUDE ITEMS STORED BUT IN WORKING ORDER, AND  
ITEMS UNDER REPAIR**

**1: 1 only**

**2: more than one**

**3: none**

**ConTV[2] Does your household have any of the following items?**

**...a black and white TV set?**

**INCLUDE ITEMS STORED BUT IN WORKING ORDER, AND  
ITEMS UNDER REPAIR**

**1: 1 only**

**2: more than one**

**3: none**

If the household possesses one or more colour or black and white  
televisions, and has one or more persons aged 75 or older

**TVLic**

**Do you claim a concessionary television licence?**

**INTERVIEWER: THESE ARE FREE TV LICENCES FOR THOSE  
AGED 75 OR OVER.**

**1: Yes**

**2: No**

## **Block QTVehic - Vehicle ownership and use**

**Note that this block has been rotated back on for 2005-06**

If the respondent owns a vehicle, this might affect how far s/he is prepared to travel to work each day as well as the cost of getting to work. Also DWP need to know if the respondent has a company vehicle for tax calculations. These questions are not asked if all in the household are aged 75 and over.

**UseVcl**

### **SHOW CARD Q**

**Do you, or any members of your household, at present own or have continuous use of any motor vehicles?**

**IF YES: Please tell me how many.**

**Please choose your answer from this card.**

**INCLUDE COMPANY VEHICLES - UNLESS NO PRIVATE USE ALLOWED**

- 0. None**
- 1. One**
- 2. Two**
- 3. Three**
- 4. Four or more**

Include company vehicles - unless no private use is allowed.

Exclude a vehicle which is:

- used solely for business purposes, e.g. agricultural vehicles
- bought or sold as part of a business by a car dealer
- on short term hire for holidays, moving furniture etc
- not roadworthy and not taxed for that reason.

For each vehicle in turn the following questions are asked:

**TypeVcl**

I would now like to ask about the [first/second etc] vehicle. Is it...  
**CAR INCLUDES MINIBUSES, MOTOR CARAVANS, "PEOPLE CARRIERS" AND 4-WHEEL DRIVE PASSENGER VEHICLES. LIGHT VAN INCLUDES PICKUPS AND THOSE 4 WHEEL DRIVE VEHICLES, LAND ROVERS AND JEEPS THAT DO NOT HAVE SIDE WINDOWS BEHIND THE DRIVER.**

1. a car
2. a light van
3. a motor cycle,
4. or some other motor vehicle?

Code 2 (light van) includes pick-up trucks and those 4-wheel drive vehicles, land rovers and jeeps that do not have side-windows behind the driver.

Code 3 (a motor cycle) includes mopeds.

Code 4 (other motor vehicle) includes invalid tricycle.

A "people carrier" is a new type of vehicle with a design somewhere between a saloon car and a minibus.

The next questions are asked about cars and vans.

**PrivVcl**

Is the [car/light van/motorcycle/other motor vehicle]...

1. privately owned,
2. or is it a company vehicle?

**Privately owned** includes vehicles:

- being bought on hire purchase
- used continuously, i.e. for private as well as business purposes, by a self-employed respondent who owns his or her business and uses the vehicle as if owned, although the informant may state that it is owned by the company.
- being privately leased (vehicles leased by an employer should be coded as company vehicles).
- hired or purchased through the Motability Scheme, a registered charity enabling disabled persons to hire or purchase a car adapted for their needs.

A **Company vehicle** is any vehicle for which someone in the household pays company vehicle tax. It includes:

- vehicles supplied by an employer, spouse's employer etc. Company vehicles provided exclusively for company business, i.e. where no

private usage is permitted, should be excluded (at the first question on vehicle ownership or continuous use). Vehicles purchased from an employer should be coded as privately owned.

If any members of the household own or have continuous use of four or more motor vehicles

**AnyMore**

**Do (any of) you at present own or have continuous use of any more motor vehicles?**

## **Block QWelfare - NHS Treatment, Prescriptions, Welfare milk, School milk & meals**

**Note that this whole block has been rotated back on for 2005-06**

### NHS treatment and services

The intention of the next few questions is to provide information on the likely population eligible for and making use of the NHS Low Income Scheme, or otherwise receiving help with health costs. The Scheme provides help with NHS charges, free sight tests etc for people on low income and with capital of less than £8,000. Successful claimants receive either an HC2 certificate (for full help) or an HC3 (for partial help), for a specified period. These are shown or referred to the dentist, optician, pharmacist or doctor.

NHS  
(Jump 11)

**In the past 4 weeks, have any of you ... READ OUT ...CODE ALL THAT APPLY... (enter at most 5 codes)**

- 1: ... received something on prescription?**
- 2: ... visited the dentist for a NHS examination or treatment?**
- 3: ... had an eyesight test?**
- 4: ... purchased glasses or contact lenses?**
- 5: ... or been to hospital for NHS treatment?**
- 6: (None of these)**

Include items/treatment/tests which were free (except glasses/contact lenses) **or** paid for. Private dental or hospital treatment should be excluded.

### Prescriptions

Include items obtained free of charge at a hospital dispensary even if these were not acquired by prescription. Include items acquired on a prescription season ticket or pre-payment certificate, which is a ticket purchased from the local health authority by persons not entitled to free prescriptions but who require regular medication.

### Glasses or contact lenses

Even if these are paid for on a regular basis (e.g. weekly/monthly/quarterly/annual) such as by direct debit/standing order for instance, for disposable contact lenses, only include if the respondent has actually received/collected a pair in the past 4 weeks.

### NHS hospital treatment

Include visits for check-ups, tests, investigations, as in- or out-patients.

There are follow up questions for each item coded, as applicable:

**Per**                    **Who received the items on prescription?**  
**Who visited the dentist?**  
**Who had the eyesight test?**  
**Who purchased the glasses or contact lenses?**  
**Who went to hospital?**

Next there are questions about whether or not the respondent (these are asked of all in Household not just respondents) had to pay for the prescription, dental treatment or eyesight test. If they received partial help, possessing an HC3 certificate, use the 'Had to pay' code. If they paid at the time but then claimed a full refund, use the 'Free of charge' code.

Extra questions to those who received something on prescription:

**PrIt**                    **How many items did [name] receive during the past 4 weeks?**

**Free**                    If [Name] is 16 or older  
**Were the items free of charge or did [name] have to pay?**  
**1: Free of charge**  
**2: Had to pay**

Extra question to those who visited the dentist:

**Free**                    If [Name] is 16 or older  
**Was the examination or treatment free of charge or did [name] have to pay?**  
**1: Free of charge**  
**2: Had to pay**

Extra question to those who had a eyesight test:

**Free**                    If [Name] is 16 or older  
**Was the sight test free of charge or did [name] have to pay?**  
**1: Free of charge**  
**2: Had to pay**

In all cases 'Had to pay' includes 'will have to pay', as might be the case if you interview someone mid-way through a course of treatment to be paid for at its end.

If 'free of charge' is coded for any of the above:

### WhyFree

**What are the main reasons for that being free of charge?**

- 1. Entitled through a social security benefit (IS, JSA, Tax Credits)**
- 2. Because they have a charges certificate HC2**
- 3. Due to a medical condition (or a relative's medical condition)**
- 4. Because they required strong 'complex' lenses**
- 5. Expecting a baby**
- 6. Other reason**

More than one reason may be coded. People eligible for full help with payment are given an HC2 certificate.

Codes will appear as 'THIS CODE NOT USED' when they do not apply to the respondent concerned, or to the type of service/treatment received. The question is not asked at all in the following circumstances:

- respondent still at school or under 19 and in further education;
- respondent aged 60 and over and received free prescriptions;
- respondent aged under 18 and received free dental treatment.

**Free prescriptions** are available to children, 16-18 year olds in full-time education, people 60 and over, pregnant women (and in the first year after the birth of the child), and recipients (and their families) of Income Support, Income-based Jobseeker's Allowance, Tax Credits. Various other people with specified health problems/conditions are also entitled.

**Free dental treatment** is available to children, 16-18 year olds in full-time education, pregnant women (and in the first year after the birth of the child), and recipients (and their families) of Income Support, Income-based Jobseeker's Allowance, Tax Credits. Various other people with specified health problems/conditions are also entitled.

**Free eyesight tests** are available to children, 16-18 year olds in full-time education, and recipients (and their families) of Income Support, Income-based Jobseeker's Allowance, Tax Credits. Include at code 3 'Due to a medical condition' people with specified sight or health problems/conditions, including people registered blind or partially sighted and those with diabetes or glaucoma (or who have a relative with glaucoma).

### Code 6 - Other Reason

Include here:

- Entitled because War or MOD pensioner;
- Contraceptives supplied free on prescription;
- Instances where the cost was paid by the employer;
- Instances where the cost was paid by a private health scheme (which should be excluded from the main question **NHS**);
- Prescriptions obtained using a pre-payment certificate;
- Free offers (sight tests are sometimes offered free);
- Instances where the service/treatment (other than travel costs) was provided by the hospital services, including prescriptions dispensed by hospital and eye examinations or dental work undertaken in hospital.

Extra question to those who purchased glasses or contact lenses:

**Voucher**

**For the glasses/contact lenses, was a NHS voucher used to help with the cost?**

- 1: Yes**  
**2: No**

NHS vouchers are available towards the purchase of glasses or contact lenses for children, 16-18 year olds in full-time education, and recipients (and their families) of Income Support, Income-based Jobseeker's Allowance, Tax Credits. People who require complex lenses may also be entitled.

Nothing actually changes hands between the patient and optician; opticians display posters stating who is entitled, and the patient ticks a voucher entitlement box when they fill in a sight test form.

The patient can choose either to buy glasses/lenses within the value of the voucher or use it towards paying for a more expensive pair and meeting the rest of the cost him/herself. Some of these people may be eligible for vouchers towards repair or replacement in certain circumstances.

Extra question to those who went to hospital for NHS treatment:

**Trav**

**Did [name] get any money back at the hospital, for travel costs?**

**WhyTrav**

**What are the main reasons for getting money back for travel costs?**

- 1. Entitled through a social security benefit (IS, JSA, Tax Credits)**
- 2. Because they have a charges certificate HC2**
- 3. Due to a medical condition (or a relative's medical condition)**
- 4. Because they required strong 'complex' lenses**
- 5. Expecting a baby**
- 6. Other reason**

Recipients (and their families) of Income Support, Income-based Jobseeker's Allowance, Tax Credits and certain other people requiring specified treatment are entitled to help with the costs of travelling to and from hospital for NHS treatment. Usually the hospital will give the refund when the visit is made. If a refund was made to parents who qualify themselves, for the travelling costs of a child's visit, code 'yes'. Include both full and partial refunds. (See instructions at the earlier **WhyFree** question for guidance regarding Code 6 'Other reason').

For all things coded at **NHS**, as applicable (if single person household, Xintro will be skipped):-

**Xintro**

**Has anyone else had anything on prescription ...**  
**Has anyone else visited the dentist ...**  
**Has anyone else had an eyesight test ...**  
**Has anyone else purchased glasses or contact lenses ...**  
**... during the past 4 weeks?**

Welfare items

The next question about free welfare items will only be asked if there is anyone in the household who is eligible to receive any of them. Only the codes applicable to the members of the household will appear.

**FreeItem**

**QUESTIONS ABOUT FREE SCHOOL MEALS AND WELFARE MILK**  
**In the last 7 days have ANY of you (including any of your children under 16) had ...**  
**READ OUT: PROMPT EACH ITEM INDIVIDUALLY...**  
**1: ...any free welfare milk?**  
**2: ...any free school milk?**  
**3: ...any free school meals?**  
**4: ...none of these**

Free welfare milk

Code 1 only appears if there are any children under 16 or women under 50 in the household. Free welfare milk is available for:

1.Expectant mothers and all children under school age in families in receipt of Income Support, Income-based Jobseeker's Allowance, Housing Benefit, Tax Credits, or in special need because of low income;

2.An expectant mother who already has two children under school age, regardless of family income;

3.All but the first two children under school age in families with three or more children under school age, regardless of family income;

4.Disabled children aged 5 to 16 who are not attending an educational establishment.

Free school milk

Code 2 only appears if there is a child or children under 16 at state school.

Free school milk may be supplied to children up to approximately their seventh birthday (11th birthday in some LEAs) at registered day nurseries, playgroups and state primary schools or to approved child minders.

For children with particular health problems, milk may be supplied up to their sixteenth birthday or the allowance may be more than one bottle or carton.

Free school meals

Code 3 only appears if there is a child or children under 19 at state school.

Free school meals are supplied to children whose parents are on a low income. The conditions governing school meals vary from one local authority to another.

Some children from educationally disadvantaged backgrounds may receive free meals up to the age of 18.

Only school cafeteria and fixed price meals are required, not tuck shop purchases.

If Code 1 is entered at **FreeItem** the following questions are asked for each person separately.

**WmkPer**

**Who received the free welfare milk?**

**WmkIt**

**Thinking just of the PAST SEVEN DAYS ending yesterday - how many pints did [name] receive?**

Soft Check

If a person has received more than 7 pints of welfare milk.

*Warning: The answer is much higher than the figures usually given at this question. Please check that your figure is correct. If so, suppress warning and continue.*

Note that FRS does count powdered milk and milk tokens. At **WmkIt** enter the number of pints that were bought with tokens or the number of pints made up from powdered milk.

**WMIntro**

**INTERVIEWER PROMPT: Has anyone else had free welfare milk during the past seven days?**

If yes, then the questions are repeated for the next person.

If code 2 is entered at **FreeItem** the following questions are asked.

**SmkPer**

**Who received the free school milk?**

**SmkIt**

**Thinking just of the PAST SEVEN DAYS ending yesterday - how many cartons or bottles did [name] receive?**

'Bottles' or 'cartons' generally contain one third of a pint. Therefore, a legitimate answer would be 5 bottles.

Soft Check

The check on school milk is triggered if the child has received more than 6 cartons a week.

*Warning: The answer is much higher than the figures usually given at this question. Please check that your figure is correct. If so, suppress warning and continue.*

**SmIntro**

**INTERVIEWER PROMPT: Has any other child had any free school milk during the past seven days ending yesterday?**

If yes, then the questions are repeated for the next person.

If code 3 is entered at **FreeItem** the following questions are asked.

**MIPer**

**Who received the free school meals?**

**SmlIt** **Thinking just of the PAST SEVEN DAYS ending yesterday - how many meals has [name] had?**

Soft Check If more than 5 meals were received and the child attends a normal state school  
*That's [x] meals - for this type of school the weekly maximum would normally be 5 (i.e. one meal per day) - please check.*

**MLIntro** **Has any other child had any free school meals...?**

## Block QChCare - Childcare

Recent research commissioned by DWP and carried out by the Institute of Fiscal Studies has demonstrated disparities between FRS measures of childcare use and those on other surveys.

Measurements of formal group-based care appear to be underestimated on the FRS. This understatement of childcare costs on FRS described above has serious implications for the accuracy of tax credits costings and forecasting.

In order to try to reduce disparities between estimates of childcare on different surveys, the FRS has adopted the approach used on the Labour Force Survey (LFS) since the LFS was shown to produce more robust estimates.

- 4: More than one, but less than 2 hours**
- 5: Two hours or more.**

**INTERVIEWER: IF TWO OR MORE TYPES OF CARE ARE USED, RECORD THE TRAVEL TIME TO THE PLACE OF CARE WITH THE MOST HOURS PER WEEK.**

If the type of care is childminder, playgroup/pre school, day nurse/creche, nursery school, infants school, primary school or nanny/au pair, the next question is asked:

**Registrd** Can I just check, is the [type of care] registered or approved, or not?

If the childcare is childminder, day nurse or creche, or nanny or au pair

**EmplProv** Is the childcare you've just mentioned provided by your employer?

- 1. Yes**
- 2. No**
- 3. Does not apply - child's parents/guardians have no employer.**

As part of its objective to halve child poverty by 2010, the government is introducing new tax and national insurance exemptions to encourage employers to provide more childcare support to their employees. The FRS plays an important role in monitoring the extent to which these incentives are taken up by employers. Please ensure that a yes is only coded above if a respondent is making use of the employer provided childcare.

Next questions routed for each child and for each provider

If CHATT=1,2,3,6,7,8,9,10 OR CHINF=1,2 OR CHPRI=1,2 OR CHPEO=1-8:

**ChHr1** About how many hours in the seven days (ending on Sunday the [Date]) did [Name of child] spend in [child-care]?

If CHATT=1,2,3,6,7,8,9,10 OR CHINF=1,2 OR CHPRI=1,2 OR CHPEO=1-8 AND CHHR1>0:

**Cost**                    **Thinking of [type of care listed at ChAtt and ChPeo] for [Name of child], does this cost you anything?**

1. Yes
1. No

If CHATT=1,2,3,6,7,8,9,10 OR CHINF=1,2 OR CHPRI=1,2 OR CHPEO=1-8 AND CHHR1>0 and COST=1:

**ChAmt1**                    **How much was your most recent payment for [type of care listed at ChAtt and ChPeo] for [Name of child]?**

**INTERVIEWER: IF UNABLE TO ATTRIBUTE COSTS PER CHILD THEN ENTER AN ESTIMAYE BY DIVIDING TOTAL CHILDCARE COSTS BY NUMBER OF CHILDREN**

**Exclude payments made by others eg grandparents or where payment is made with childcare vouchers.**

**Include payments made by parents / guardian**

If payment is partly made by others or childcare vouchers/nursery grants and partly by parents/guardians, include parents/guardians share only. The FRS is only interested in the parents/guardians childcare costs rather than the total costs.

If CHATT=1,2,3,6,7,8,9,10 OR CHINF=1,2 OR CHPRI=1,2 OR CHPEO=1-8 AND CHHR1>0 and CHAMT>0:

**ChPeriod**                    **And what period did that cover?**

Asked of each childcare provider at CHPEO = 1-8:

**ChInKnd**                    **SHOWCARD S**  
**And apart from any money which you paid, do you do any of the things on this card to repay [type of care listed at ChPeo] for looking after [Name of child]?**

1. Looked after his/her child(ren) in return
2. Did him/her a favour
3. Gave him/her a gift or treat

4. **No, nothing**
5. **Other**

If the child is 12 or under *and* attends playgroup/pre-school, day nursery/creche, nursery school, infant's school, primary school or has nanny/au pair *and* the household is receiving Housing Benefit or Council Tax or both , the next question is asked:

**BenCCDis**

**You said earlier that you get (Housing Benefit/Council Tax Benefit).  
Does the benefit take account of the cost of the [type of childcare]?**

## Block QCare - Help given and received

The next questions are about receipt of care by household members, and provision of care by household members to people outside the household.

The help received can be from people inside, or outside, the FRS household including family members, social services, friends and neighbours, voluntary organisations.

At the first two questions it is important to allow the respondent time to read the show card which contains many examples of the kinds of help which are relevant. Quite often the respondent may not consciously think that the kind of things they do for another person as a matter of course constitutes providing care. This show card includes quite menial or trivial things which DWP are keen to capture.

**NeedHelp**  
(Jump 13)

**In some households, there are people who receive help or support because they have long-term physical or mental ill-health or disability, (or problems relating to old age).**

**SHOW CARD T**

**Is there anyone in this household who receives any of these kinds of help or looking after?**

**INTERVIEWER:            INCLUDE            HELP            FROM  
WIFE/HUSBAND/PARTNER/OTHER FAMILY MEMBER**

**GiveHelp**

**SHOW CARD T**

**And how about people not living with you: do you/ (or does anyone in this household) provide any help or support for anyone not living with you who has a long-term physical or mental ill-health problem or disability, or problems relating to old age?**

**EXCLUDE HELP GIVEN AS PART OF A PERSON'S PAID JOB, EG, IF RESPONDENT WORKS FOR SOCIAL SERVICES**

See Showcard S for examples of the types of help to be included.

At this question do **not** include people who provide this service as part of a formal job which is paid by some organisation. However, if the person receiving the service makes informal payments direct to the person providing it then it should be included at this question. e.g. - if an elderly

Friend gives a helper £5 to cover travel expenses, the help is still of an informal nature so code 'Yes'.

If a helper is employed by a charity/social services and paid a regular amount to assist a number of people then code 'No' at this question and enter the details as a job.

**QNeedPer** Who is receiving help or being looked after? Anyone else?

**CODE ALL THAT APPLY**

**INTERVIEWER: ENTER CODE(S) AS APPROPRIATE**

**1: to 14: [names of household members]**

**15: Parent outside household**

**16: Other Parent outside household**

**17: Child outside household**

**18: Spouse outside household**

**19: Other relative**

**20: Friend/neighbour**

**21: Client of voluntary organisation**

**22: Other non-household**

Enter all the recipients of help covered by **NeedHelp** and **GiveHelp**, both within and outside the household, at this question. Up to 5 codes can be entered.

For each recipient of help, whether in or outside the household, the following sequence of questions follows. However, for people outside the household who receive help from a household member (i.e. codes 15 to 22), the questions are only looped once per 'category'. Therefore, if, for example, member(s) of the household give help to 2 neighbours, please make a note of the answers for the second one, so that they can be aggregated in the office. The exception is that there are two codes for parents outside the household.

**Freq** How frequently does [name] receive such help?

**1. Continuously**

**2. Several times a day**

**3. Once or twice a day**

**4. Several times a week**

**5. Once a week**

**6. Less frequently**

If 'continuously' or 'several times a day':

**DayNight** And does [name] receive help during the daytime; or at night; or both in the day and at night?

**1. Daytime only**

**2. At night only**

**3. Both day and night**

**WhoLook** Who looks after, or provides help for [name]? Anyone else?

**CODE ALL THAT APPLY**

**1: to 14: [names of household members]**

**15: Relatives**

**16: Friends/neighbours**

**17: Local Authority home help or home care worker**

**18: Private domestic help**

**19: District nurse, health visitor or other kind of nurse**

**20: Other outside helpers**

Code 20 includes provision of formal care or treatment not covered by other codes, both in the home, such as by visiting specialist teachers (e.g. for pre-school deaf children), and at places such as clinics, hospitals, health centres and day care centres.

**The DWP is only interested in the receipt of care by household members (from other household members or from non household members), and provision of care by household members to people outside the household.** This is very important as there were several cases last year where a non-household member was coded as receiving help from another non-household member. To prevent this, there will now be a hard check in the questionnaire which will be activated if both the person giving care and the person receiving care live outside the household. If this check is activated, please go back and check your answers at GiveHelp, QNeedPer and WhoLook. **The DWP are not interested in non household members who care for other non household members** as they cannot link this information to any of the answers given in other parts of the questionnaire.

### Hard Checks

Two hard checks that have been included at **QneedPer** are:

Please include the non-household member receiving help from someone in the household, or change 'GiveHelp' to 'No'.

Please include the household member who receives regular help, or change 'NeedHelp' to 'No'.

### **Hour**

**SHOW CARD U**

**About how many hours a week, on average, does [name of helper] spend actually providing help for or looking after [name of recipient]?**

- 1. 0-4 hours per week**
- 2. 5-9 hours per week**
- 3. 10-19 hours per week**
- 4. 20-34 hours per week**
- 5. 35-49 hours per week**
- 6. 50-99 hours per week**
- 7. 100 or more hours per week**

8. **Varies - under 20 hours per week**
9. **Varies - 20-34 hours per week**
10. **Varies - 35 hours a week or more**

The above question is asked for all those giving help, including non-household members. The hours are banded. The most important break is between codes 4 and 5, or codes 9 and 10, as someone caring for 35 hours or more a week may be entitled to Invalid Care Allowance/Carer's Allowance (depending on other criteria).

The following question has been added to record information on how long the carer has been providing care.

#### HowLng

#### SHOWCARD V

**About how long has/have [carer(s)] been providing help for or looking after [Name of person receiving care]?**

#### PROMPT AS NECESSARY

1. **Less than 6 months**
2. **6 months, less than 1 year**
3. **1 year, less than 3 years**
4. **3 years, less than 5 years**
5. **5 years, less than 10 years**
6. **10 years, less than 15 years**
7. **15 years, less than 20 years**
8. **20 years or more**

For the non-household member recipients, only one loop of questions can be asked for each category, e.g. only one neighbour, or one friend may be recorded (two for parents). Some of the questions are exclusive to one person (e.g. how often help is received/for how long) so if help/care is given to, for example, two or more neighbours, open a note for the second/third etc recipients, giving all the details asked for above.

In benefit units of more than one adult, concurrent interviewing is practised. Dependant adults, i.e. those aged 16-18 in full-time further education, are not interviewed in their own right, but their parents are asked some questions about their health, education, income and savings.

Please pay attention to the name shown in the top left hand part of the screen as this is the person to whom you will be addressing your questions. This is particularly important when the BU contains more than 1 adult as the questions will move from one person to another.

For ease of reference, the text containing questions for person 1 is in black, whereas the text for person 2 is in blue.

## Block QHealth - Health & Ability to Work

These questions have been refined to bring the FRS in line with the Disability Discrimination Act (DDA) definitions.

Asked of all respondents:

**Health**            **NOW THERE ARE SOME QUESTIONS ABOUT HEALTH.**

**\*Do you have any long-standing illness, disability or infirmity? By 'long-standing' I mean anything that has troubled you over a period of at least 12 months or that is likely to affect you over a period of at least 12 months.**

**INTERVIEWER: THIS IS A QUESTION OF OPINION.**

If 'yes' to **Health**:

**HProb**            **\*Does this physical or mental illness or disability (Do any of these physical or mental illnesses or disabilities) limit your activities in any way?**

If 'yes' to **Health**:

**DisDif**            **SHOW CARD W**

**Does this/Do these health problem(s) or disability(ies) mean that you have substantial difficulties with any of these areas of your life? Please read out the numbers from the card next to the ones which apply to you.**

**PROBE: Which others?**

- 1: Mobility (moving about)**
- 2: Lifting, carrying or moving objects**
- 3: Manual dexterity (using your hands to carry out everyday tasks)**
- 4: Continence (bladder and bowel control)**
- 5: Communication (speech, hearing or eyesight)**
- 6: Memory or ability to concentrate, learn or understand**
- 7: Recognising when you are in physical danger**
- 8: Your physical co-ordination (eg: balance)**
- 9: Other health problem or disability**
- 10: None of these**

Probe and code at this question all substantial difficulties the illness causes the respondent. This is important to allow DWP to capture and analyse the extent to which disabilities/health problems affect the areas of respondents' lives.

If answered 'None of these' (code 10):

**DDATre** Can I just check, do you receive medication or treatment without which your health problems (when taken together), would substantially affect your life in the areas we have been discussing?  
**1: Yes**  
**2: No**

If 'No' to Health or ('Yes' to DisDif10 and 'No' to DDATre)

**DisDifP** Have you ever had a long-term illness, disability or infirmity that affected your activities? (By long-term I mean anything lasting for more than a year)  
**1: Yes**  
**2: No**

If 'Yes' to DisDifP:

**DDATreP** Did this health problem or disability (Did these health problems or disabilities, when taken singly or together) substantially limit your ability to carry out normal day-today activities? If you were receiving medication or treatment, please consider what the situation would have been without medication or treatment.  
**1: Yes**  
**2: No**

**LaReg** Local authorities keep registers of disabled people so that they can provide services for disabled people in their area. Are you on the Local Authority register?

infirmity? By long-standing I mean anything that has troubled [child's name] over a period of at least twelve months or that is likely to affect him/her over a period of at least twelve months  
 INTERVIEWER: THIS IS A QUESTION OF OPINION.

If yes, (CHealth = 1) the following questions are asked:

**CHProb** \*Does this physical or mental illness or disability (Do any of these physical or mental illnesses or disabilities) limit your activities in any way?

If 'yes' to CHealth:

**CDisDif** **SHOW CARD U**  
 Does this/Do these health problem(s) or disability(ies) mean that [child's name] has substantial difficulties with any of these areas of his/her life? Please read out the numbers from the card next to the ones which apply.

Exclude difficulties which you would expect for a child of that age.

**PROBE: Which others?**

- 1: Mobility (moving about)

- 7: Recognising when you are in physical danger
- 8: Your physical co-ordination (eg: balance)
- 9: Other health problem or disability
- 10: None of these

Probe and code at this question all significant difficulties the illness causes the respondent. This is important to allow DWP to capture and analyse the extent to which health problems affect the areas of respondents' lives.

If answered 'None of these' (code 10):

**CDA Tre** Can I just check, does [child's name] receive medication or treatment without which their health problems (when taken together), would substantially affect their life in the areas we have been discussing?  
 1: Yes  
 2: No

**CDisDifP** If 'No' to CHealth or ('Yes' to CDisDif10 and 'No' to CDDATre)

CODE FIRST THAT APPLIES. INTERVIEWER: THIS IS A QUESTION OF OPINION.

BECAUSE OF INJURY, ILLNESS, DISABILITY ...

1: I am unable to work at the moment.

2: I am restricted in the amount or type of work I can (could) do.

3: I am not restricted in the amount or type of work I can (could) do.

This affects the routing for subsequent questions about employment.

If unable to work:

**Injlong**

How long have you been unable to work because of this injury/illness/disability?

IF IN DOUBT, CONSULT CALENDAR

1: 28 weeks or less

2: Over 28 weeks, up to 1 year

3: More than 1 year

If more than 1 year:

**IncDur**

Can I check, in which year did you stop working because of this injury/illness/disability?

INTERVIEWER: PROBE TO CLASSIFY

1: 1995 or later

2: Stopped work in 1994

3: Stopped work in 1993

4: Stopped work in 1992

5: Before 1992

6: Has never worked

Even if they have occasionally returned to work AFTER becoming ill or disabled, code the FIRST time they stopped work for this reason.

DWP statisticians need to know which year, in order to help forecasting of the 'Transitional Protection' of benefits relating to incapacity.

If restricted in the amount or type of work:

**InjWk**

How many hours a week (could you/are you able to) work?

1: Less than 16 hours a week

2: 16 but less than 24 hours a week

3: 24 but less than 30 hours a week

4: 30 hours a week or more

**Blocks QEduC/QChEduC - Education, awards & loans**

**IntroEd**      **THE QUESTIONS THAT FOLLOW ARE ABOUT EDUCATION.**

All respondents aged 16 or over are asked about their educational attainment.

**EdAttn1**      **Do you have any educational qualifications for which you received a certificate?**

If the respondent is unsure, then educational qualifications are usually obtained at school, college or university.

The respondent need not have the certificate in their possession now, just must have received one once.

**EdAttn2**      **Do you have any professional, vocational or other work-related qualifications for which you received a certificate?**

It is not vital to distinguish between educational and vocational qualifications at the two previous questions; the important point is to route anyone with either type to the next question.

**EdAttn3**      **Was your highest qualification....**

- 1. At degree level or above**
- 2. Or another kind of qualification**

Do not attempt to give any guidance, or express any opinion of your own about any of the terms used. If respondents say they are unsure what counts as "a certificate" or "degree-level" (or any other term), reassure them that we would like them to make their own best judgement of how to answer.

The purpose of these questions is a very broad indication of educational attainment, to replace the old measure of age at leaving continuous full-time education. Methodological work has shown that the most detailed scale involving qualifications on which the general public agrees is one which splits at degree/other qualification/ no qualification. The questions are designed to remind respondents to include vocational as well as academic qualifications.

All adults are asked the next question except those who have indicated that they are still in full time education at **FtEd**. For adults currently in education, there are questions about the type of education and study time, then the resources on which students are living (grants, parental contributions and loans), and repayments of loans.

The parents/guardians of dependant adults in non-higher education will be asked about their receipt of grants or scholarships.

The following question is asked of all who were NOT recorded as being in FT Education in the Household Grid

**AnyEd**

**Are you at present receiving any full- or part-time education - including leisure classes and holiday courses?**

Amongst other things, DWP is interested in education status in relation to eligibility for Jobseeker's Allowance (JSA). Under JSA rules, no distinction is made between types of education (full/part-time, vocational, recreational etc). Include attendance on educational trips, educational holidays, residential courses and summer schools. During holiday periods respondents should be coded as receiving education (provided they intend to continue with the course).

The following question is asked of all adults who have indicated that they are still in full time education in the household grid at **FtEd**, or if code 96 at **TEA**.

**EdAtt**

**[Earlier you said you are enrolled on [nature of course]. Can I just check are you...READ...**

- 1. still attending**
- 2. waiting for term to (re)start**
- 3. or have you stopped going?**

If codes 1 or 2

**EdTyp**            **What kind of course are you on. Is it full-time or part-time, a medical or nursing course or some other kind of course?**

1. school/full time
2. school/part time
3. sandwich course
4. studying at university or college including 6th form college FULL TIME
5. training for a qualification in nursing, physiotherapy or a similar medical subject
6. on a PART TIME course at university or college, INCLUDING day release and block release
7. on an Open College course
8. on an Open University course
9. any other correspondence course
10. any other course including other self/open learning courses

**EdHr**            **In your course of education, how many hours tuition do you normally receive each week? Only include time spent in lectures, seminars, and practicals where a tutor is present.**  
**INTERVIEWER: IF NONE (EG DISTANCE LEARNING), ENTER '0'**

Only include 'guided learning hours'. This means time spent actually in contact with a teacher/tutor/lecturer, whether in the lecture theatre, classroom, seminar or practical. It is the way study time is generally defined in Further Education and under JSA rules, so on FRS apply the concept to all types of education. If the number of hours varies, give an average figure. Enter the hours that should be received, if this differs from the number that actually are received e.g. due to any non-attendance.

Time spent studying in the respondent's own time (at home, in the library etc) should be excluded.

If there are no 'guided learning hours', enter 'zero'. This would include distance learning, such as correspondence courses and Open University. Such learners are treated as part-time students under JSA rules, and thus flexible in their ability to work. (OU students are allowed up to one week per course for summer school, but do not count this in the number of hours above).

If more than 0 guided learning hours:

<b>EMA</b>	<p><b>Do you receive an Educational Maintenance Allowance (EMA) as part of the Government scheme ?</b></p> <p>There are many different components to EMA, including travel bursaries or provision of a bus pass rather than receipt of money etc.</p>
<b>EMAamt</b>	<p><b>How much did you receive last time?</b></p>
<b>EMAPd</b>	<p><b>How long did that cover?</b></p> <p>There are 2 types of EMA payments: Weekly Payments and Bonuses at the end of a term or when the learning agreement has been achieved. Sometimes the weekly payments are not necessarily paid every week, especially at the beginning of the term. These may experience delays and the young person would not necessarily know how many weeks a payment may cover. In cases such as this record the amount and open a note giving as much information as possible.</p> <p>Bonuses are more difficult to collect information about as evaluation suggests some young people do not know they are receiving them and/or what the amount is. You should therefore not include Bonuses at the questions <b>EMAamt</b> and <b>EMAPd</b>, but enter D/K and leave a note.</p> <p>Respondents in Further, Higher and private education are then asked some questions about income from scholarships, bursaries, loans and parental contributions. The <b>grants</b> questions for dependant children will be asked of their parents.</p>

In England and Wales, students may receive a scholarship, bursary or grant. The Higher Education Grant (similar to the old maintenance grant) was introduced in September 2004 to provide financial support of up to £1000 to uni students with a household income of less than £21,186 per year. There are also access funds available to students in England and Wales.

In Scotland support is primarily through loans but means tested grants are available. These may cover Scots studying in England and Wales who receive these grants.

In both cases, help with fees is provided, although this needs to be excluded from the 'income from grants' recorded in the FRS.

If a private company provides a scholarship, bursary, grant or similar award this SHOULD be included.

**Grant**

**Are you receiving a scholarship, bursary, grant or similar award?**

**INTERVIEWER: EXCLUDE LOANS**

**INTERVIEWER: INCLUDE HOLIDAY PERIODS/AWARDS COVERING TUITION FEES ONLY**

If you are interviewing during the summer vacation, try to get information for the academic year that has just been completed.

Include children on the Assisted Places Scheme here.

**GrNum**

**How many of these are you getting?**

**IF MORE THAN ONE, THE NEXT QUESTIONS DEAL WITH A MAXIMUM OF TWO AWARDS. TAKE AWARDS IN ORDER OF ANNUAL VALUE (IF MORE THAN 2, GIVE DETAILS OF 3rd ETC, IN A NOTE).**

**1:... State**

**2:... Private**

**3:... or Overseas?**

**GrtAmt**

**What is the current annual value of the award, excluding fees?**

**INTERVIEWER: RECORD AMOUNT AS 0 IF TUITION FEES ONLY**

At the questions **GrtAmt** and **GrtVal**, exclude any parental contribution towards making up the grant to the full amount set. This is collected separately at **Parental** and **ParAmt** if the student is 25 years of age or younger and in higher education.

1. State awards will exclude fees, these are paid direct to the educational establishment by the state. Awards from overseas governments or private sources in the UK or overseas will include fees.

2. Private awards include grants from employers, and also HM Forces and the nationalised industries (when they are employers).

3. Exam fees should be accepted at the relevant question.

4. Accept awards for items such as books, stationery, clothing, (excl. clothing vouchers) travelling expenses, instruments and maintenance of relatives.

5. Anyone receiving full-time education but engaged in a vacation job at the time of interview should be shown as receiving full-time education at **FtEd** (Block: HHA) or **AnyEd**.

6. Assisted Places Scheme: only count money actually received directly. Exclude money paid straight to the school, meaning the fees are reduced.

There is a soft check if a respondent is receiving a state award of £8,000 or more, although some grants can go beyond this figure.

Soft Check

*Warning. The answer is much higher than the figures normally given at this question. Please check that your figure is correct. If so, suppress warning and continue.*

**GrtVal**

**What is the current annual value of the award including fees?**

**INTERVIEWER: INCLUDE AMOUNTS COVERING TUITION FEES AND OTHER PATMENTS.**

The above question is asked of those who received private/overseas awards.

The next question is only asked of those who received a state award and answered positively at GrtAmt.

Students aged 25 or less and in higher education are asked some questions about contributions made by their parents to their maintenance. This includes living costs such as food and housing, but excludes tuition fees.
<b>Parental</b>	<b>Have you received any contribution from your parents in the last 12 months?</b>
<b>PareAmt</b>	<b>How much did you receive last time?</b> <b>INTERVIEWER: INCLUDE ALL CONTRIBUTIONS - IF NECESSARY ADD THEM TOGETHER AND CALCULATE AN AVERAGE WEEKLY, MONTHLY OR ANNUAL AMOUNT</b>  If the last payment happened to be irregular, atypical or a one-off, if possible ask the respondent for a more regular or typical average over a period.
<b>ParePd</b>	<b>How long did that cover?</b>
<b>TopUpL</b>	<b>For your course, are you eligible to receive a Student Loan?</b> <b>ONLY APPLICABLE TO THOSE AGED 50 OR LESS</b>  Students may take out a student loan from the Student Loans Company in Glasgow, or some private financial institutions. They are repaid once the borrower starts earning over a certain amount, and have their interest rates kept in line with the RPI which means that in real terms students pay back no more than they borrow.  This question will only be asked of those who are aged under 51.
<b>TUBorr</b>	<b>How much altogether will you borrow during this academic year, that is the year beginning in September 200[n] and ending in Summer 200[n]?</b>  1. These loans are additional to the student grants, which have been frozen, and will be repayable over ten years. Loans are offered by The Student Loans Company in Glasgow, and some private financial institutions. 2. The 'academic' year starts in September and ends in May-June of the following year. During the summer break, the question is textfilled to refer to the forthcoming academic year.

3. It is unlikely that any person under 16 will receive a top-up loan.

Soft Check

*You have entered that the person is borrowing more than £4,930 per year (the current maximum) through a top-up loan. Please check your answer.*

**Loan**

**Do you have any *other* loan to enable you to attend a course of education?**

**INTERVIEWER: INCLUDE LOANS COVERING TUITION FEES ONLY.**

The above question covers loans that have been taken out on a private basis.

*The loan was taken out more than 6 years ago. Please check that this is correct. You have entered a future date. Please include only loans already taken out.*

If the respondent has not yet taken out the loan do not record the information.

- NHHChild**      **Have [either of] you any [other] children aged 16-24 OUTSIDE this household, who are currently receiving full- or part time education? INCLUDE MARRIED CHILDREN AGED 16-24.**
- This question is only asked if at least one adult in the Benefit Unit is over 40.
- The next questions find out about any parental contributions to education costs being made by the parents.
- Include any step-children for which anyone in the household still has a legal responsibility.
- NHHName**      **Could you tell me the child's first name?**
- Asking the name of the child is only to make later questions clearer and as with the household a first name only is required or anything that will identify this as 'Child1' or 'Child2' to you.

## Block QCurst - Employment Status

### Working

#### ASK OR CODE:

Did you do any paid work in the 7 days ending Sunday the [date/month], either as an employee or as self-employed?

PROMPT IF NECESSARY: Were you working last week?

(DO NOT include ODD JOBS, BABYSITTING or MAIL ORDER AGENTS as 'paid work').

(INTERVIEWER: IF BUSINESS START-UP, CODE AS WORKING).

You should take the respondent's definition of whether they are in paid work or not, but it must be **paid** work.

*On the FRS do NOT count mail order agents or baby sitters as having been in paid work, and exclude odd jobs - all these are dealt with later. Do however count childminders.*

'Paid work' at this question means any work for pay or profit done in the reference week. It is to be included, however little time is spent on it, so long as it is paid and regular. For example, it includes Saturday jobs and casual work.

If the respondent does not receive monetary payment for the work they undertake, then they are not in paid work. This includes cases such as au pairs who do not receive monetary payment but instead receive free board and lodging in exchange for their services. Other cases include Roman Catholic priests who are not paid for their work, but receive a stipend to cover their living expenses.

Self-employed people are considered to be working if they work in their own business, professional practice, or farm for the purpose of earning a profit even if the enterprise is failing to make a profit or is just being set up. Respondents on a Business Start-up Scheme should always be coded as working.

Training for nurses is now carried out under the Project 2000 scheme and as such, nurses on this scheme should be classed as students, like any student nurses you may encounter with more traditional arrangements.

Someone who regards themselves as retired, but sits as a director on board meetings (however few) and is paid for this work, should be classified as in paid work. We do NOT expect interviewers to probe routinely for this.

Include people on the Employment option of the New Deal for 18-24 year olds as having done paid work. Do not treat any of the other New Deal options as being in paid work.

If the respondent did work in the last 7 days, but earlier was coded 2 at **InjLong**, the following check is triggered:

Soft check

*Are you sure they did paid work last week? Earlier they said they have been unable to work for 28 weeks or more. Please clarify and change one of the answers.*

**NumJob**

**How many JOBS, for pay or profit, do you have?**

**INTERVIEWER: DO NOT COUNT Mail Order Agents OR Babysitters AS PAID WORK, BUT DO COUNT Childminders.**

- 1. One job only**
- 2. Two jobs**
- 3. Three jobs**
- 4. Four or more jobs**

The above question is asked only of those that are in employment.

1.One job only

An informant should be coded as having one job only if he/she:

- does the same type of work for more than one employer e.g. domestic duties, gardening, teaching.
- has two jobs but is paid one salary only for both jobs.
- is changing jobs or is going to change jobs, so that not more than one job is held concurrently.

2.More than one job

- If an informant has more than one job it is the status of the main job which should be entered at **EmpStat**. The respondent should decide which is their main job. If they are unable to do so, choose that which was for the largest number of hours.
- If an informant has arrangements to work with two (or more) different employers concurrently doing different work (even if one relates to casual work), he or she should be coded as having more than one job.

The following question is asked if the respondent has been working in the 7 days ending last Sunday. The information gathered from now to the question **YStart** is used to derive internationally agreed definitions of people's employment status.

**EmpStat**

**Are you working as...READ OUT (RUNNING PROMPT)...**

**1: an employee**

**2: or self-employed (including Business Start-Up)?**

An employee is someone who, at the time of interview, has an arrangement with an employer (another person or an organisation) to work for the latter for a wage or salary. This does not include informants who are on an

employer's books but who have not yet started work.

Employees who are temporarily away from work due to short-term illness or accident, holidays, strike, being temporarily laid off or short time working should be coded as employees, **as long as they have a job to return to with the same employer**. If they are about to start a new job, code 3 at **JobAway**.

If someone is on the books of their husband's/wife's firm for tax purposes, they should be coded at as an employee, regardless of how many hours they work.

#### Directors

A director of a limited company is always counted as an employee, i.e. as an employee of his or her own company.

Employees are *not* asked whether they are a director of a limited company, in the job description section, whereas the self-employed are asked. See the instructions at **Dirctr** in block **QJobDes** for an explanation, and the definition of self-employment below.

#### Sandwich Student

If a sandwich student has an arrangement to work for an employer, and is **attending college or university at the time of interview**, he or she should be coded as an employee.

#### Casual or Seasonal Workers

These should be coded as employees if, **at the time of interview**, they are **actually working for an employer**. If they are not working at present code them as not working.

#### Intermittent Work

People with a regular but intermittent arrangement to work for the same employer (such as many school kitchen staff) should be coded as employees, even during the periods when they are not working.

#### Resident employees

e.g., domestics, who are members of the household, should be treated as working in the same way as any other employee.

#### Clergy

Church of England and non-conformist ministers should be treated as employees. Jehovahs Witnesses are treated as self-employed.

#### Occupational therapy

Informants who attend a therapy centre etc for physically or mentally handicapped should not be coded as employees. They should be **coded as**

**not having paid work** and then refer to **NoWant**.

Employment outside the United Kingdom

Where the informant is employed abroad, be sure to record the currency they were paid in. If this is not £ sterling enter details in the note-pad.

2: Self employed

The term self-employed covers people who are responsible in their work only to themselves and who do not receive a wage or salary from an employer. Tax is not normally deducted at source but paid direct to Inland Revenue by them ('Schedule D' status). Hence directors and managers are employees of their companies. The self-employed pay Class 2 (regular) and Class 4 (% of profit over a certain level) National Insurance contributions.

Self-employment can be for any number of hours, e.g. as little as one hour a week, provided that the job is regular.

In addition to persons such as sole or part owners of a business, the following **are** considered to be self-employed: doctors in private practice, farmers, landlords who manage their own property, and people with recurring freelance jobs such as musicians or journalists.

Building and other construction workers who are sub-contracting under the CIS5 or CIS6 system (may be known as 'on the lump' or 'on the cards') should be treated as self-employed. These workers are usually paid a wage by the contractor and have the standard rate of income tax deducted from that wage. They are however responsible for their own payment of regular (Class 2) National Insurance contributions.

Informants on any **Business Start-up schemes** must be coded as self-employed, all the relevant self-employed questions should be asked and the allowance received regarded as profit.

Mail Order agents and baby sitters should **not** be treated as self-employed. Instead, their income is picked up separately later in the questionnaire. Childminders **are** treated as self-employed and there are specific questions concerning their income.

If the respondent is under 61 and **did not work** in the 7 days ending last Sunday, the following question is asked.

**Train****SHOW CARD Y**

**Were you on any of the government schemes for employment training shown on this card?**

**CODE ONE ONLY**

**1: Work based learning for young people/Youth Training (YT)**

**2: Work based learning for adults (WBLA)/Training for Work (TfW)**

**3: Work Trial**

**4: New Deal 25+/Employment Zones/Project Work**

**5: Career Development Loans / Youth Credits**

**6: New Deal for Young People (18-24)**

**7: New Deal 50+**

**8: New Deal for Disabled People**

**9: Any other training scheme**

**10: None of these**

If a training scheme is only available to respondents aged 18 or under, the following check is triggered:

Soft Check

*This training is normally only available to those aged 18 or under.*

Work based learning for young people/Youth Training (YT):

This can be delivered in a wide variety of ways. It focuses on unemployed 16 and 17 year olds and (generally) provides a two year integrated programme of training, education, and work experience. All those on YT now have the opportunity to gain a recognised National Vocational Qualification, or credit towards one.

Work based learning for adults (WBLA) / Training for Work (TfW):

This is open to those aged 18 to 59. The allowance is £10 a week more than Contribution-based Jobseeker's Allowance.

It is designed to meet people's needs either by offering an individually tailored package or practical and directed training to help them acquire the skills and experience needed to compete for jobs. Each trainee should have a training plan which was agreed at the start of his/her training and each should receive a training allowance on top of their weekly benefit.

In many parts of England and Wales the responsibility for planning and delivering Employment Training and Youth Training has been contracted to Local Training and Enterprise Councils (TECs). Two thirds of the board of each TEC are private sector employers. The balance may be leaders from education, trade unions, voluntary organisations and the public sector. In Scotland, training responsibilities are carried out by Local Enterprise Councils (LECs).

### Work Trial

Run by the Employment Service, this is aimed at the long term unemployed. Participants receive up to 15 days work experience with an employer in an existing vacancy, and provides them with an opportunity to be recruited permanently. During the Work Trial participants receive the unemployment related benefits to which they are entitled, and appropriate expenses (e.g. travel). The employer is not allowed to top-up this income or make any other payments. There is no obligation on the employer to take on the participant after the trial nor on the participant to accept any offer of employment. The income for respondents coded as being on Work Trial will be picked up in terms of the usual state benefit(s) they receive.

If the Work Trial ended during the reference week:

- if the employer took the respondent on as an employee with immediate effect, code **Working** as 'yes' (and record anticipated pay if necessary)
- if no offer of employment was made, or an offer was refused, or an offer was made and accepted but the employment was to begin after the reference week, code **Working** as 'no', and code 3 at **Train**.

### New Deal 25+/Employment Zones/Project Work

This programme, for people who have been unemployed for over 2 years, consists of a period of intensive job search help for 13 weeks followed by, for those still unemployed, 13 weeks of mandatory job experience. Those on work experience receive an allowance equal to their benefit plus £10.

### Career Development Loans

These allow adults to pay for vocational education or training. The scheme involves certain banks and the Department for Education and Skills, which pays the interest on the loan during the training time and for up to a month afterwards. The loans amount varies between £300 and £8,000, and can be used towards course fees, books and materials, and living expenses.

### Youth Credits

Youth Credits are known by different names in different areas. They are given by the young adult to an employer or training provider in exchange for training. Most are plastic cards, but some are like cheque books or vouchers.

### New Deal for Young People (18-24)

For details of this scheme, see the instructions below and at the next question, **NewDType**.

If the respondent is not aged between 18 - 24 the following check is triggered

Soft Check

*This training is normally only available to those aged 18-24*

New Deal for 50+

The New Deal 50 plus started in April 2000 and whilst is not a separate payment in itself it does qualify for an increased Working Tax Credit

It is open to people who are over 50 years of age who have been receiving either Job Seekers Allowance, Income Support, Incapacity Benefit or Severe Disablement Allowance for 6 months or more. The aim is to help people find work, through identifying training opportunities and assistance when applying for work.

If the respondent is under 50 years of age the following check is triggered:

Soft Check

*This training is normally only available to those aged 50 or over*

The New Deal for Disabled People

The New Deal for Disabled People was extended nation wide in July 2001

The New Deal is voluntary and is open to people who receive disability or health related benefits but would like to work. The scheme is delivered through a network of Job Brokers who have been chosen by Jobcentre Plus, based on their previous experience of working with people with health conditions or disabilities. Similar to The New Deal for 50+ the aim is to help people find work through identifying training opportunities and assistance when applying for work and providing supporting during the first 6 months in work.

There are various other schemes, often piloted in small areas.

Those on the Business Start-up Schemes operated by local training and enterprise councils (TECs) or, in Scotland, local enterprise councils (LECs), should be treated as self-employed. They have replaced Enterprise Allowance Schemes.

'Job Clubs' and any other such places where stationery, stamps, use of telephones etc are provided free are not training schemes and should not be included.

If the respondent earlier said they received an education grant and are on a training scheme the following check is triggered:

Soft check

*Earlier they said they had an education grant. This is not possible when on a government training scheme. Were they thinking of their training scheme grant? If so, change 'Grant' to 'no' and press end to return here.*

New Deal for Young People (18-24)

The New Deal for 18-24 year olds started nationwide in April 1998. It is open to people in that age group who have been receiving Jobseeker's Allowance for 6 months or more. The aim is to help people to find work and improve their prospects of remaining in employment. It is delivered by partnerships between the Employment Service, local authorities, voluntary organisations, Training and Enterprise Councils (TECs) or, in Scotland, Local Enterprise Councils (LECs) and private companies. Young people are required to take part once they receive notification of a place.

The scheme provides a range of help consisting of the initial Gateway, then one of four options, and a follow-through strategy. The different stages or options are treated in different ways on FRS, so the following question is asked to those coded 6 at **Train**:

NewDType

SHOW CARD Z

**Which New Deal option are you on? (CODE MAIN OPTION)**

1. The Gateway
2. Employment option
3. Full time education or training
4. Voluntary Sector
5. Environmental task force

Code 1: The Gateway

This is an initial period of counselling, advice and guidance from the Employment Service, in finding employment and improving basic skills. Participants are still seeking employment outside the New Deal. It may last for up to 4 months, but usually participants will have moved to another option after 1-3 months. Participants do not receive an allowance, so are not asked the next question **PrgAmt**, but continue to receive Jobseeker's Allowance. They are routed to the questions about seeking work.

Code 2: Employment option

This option consists of a private sector job with an employer, for up to 26 weeks, and usually becomes possible after 2 months on Gateway, though in a few cases may be sooner. Participants spend the equivalent of a day a week in education or training, either with the employer or elsewhere. Participants are paid a wage by the employer, who receives a subsidy (£60/week if full time, £40 if p/t, plus £750 towards training) in return for taking them on. It is hoped that usually the job would be made permanent after the 26 weeks.

People in this option should be treated the same as those working as an employee, and be asked the occupation & industry and pay questions. They will probably have said they did paid work in the reference week at the question **Working** and therefore not be asked the training scheme

question. Just in case someone on this option does come here, however the following soft check is triggered if **NewDType** = 2.

Soft check

*The Employment option would normally count as "being in paid work": please return to previous question 'Working' and change answer to 'yes'.*

Code 3: Full time education or training option

This option becomes possible after at least 1 month on Gateway. It is mainly for those without an NVQ / SVQ level 2 or equivalent qualification. It consists of full-time study on an approved course designed to lead to a qualification. This option lasts up to 12 months. (Shorter periods may be undertaken before entering another option). The cost of the training is paid direct to the provider of the education/training.

Participants receive an allowance equal to JSA benefit and 'passported benefits'. ('Passported benefits' means retention of 10p of JSA so that if eligible can still receive Housing Benefit, Council Tax Benefit etc). The allowance should be recoded at the next question. Include any discretionary payments for special clothing/equipment or exceptional travel costs.

People on this option are also asked the questions on seeking work. They should not be counted as receiving JSA in the benefits section.

Code 4: Voluntary Sector

After 3 months on Gateway the participant may start on the Voluntary Sector or Environmental Taskforce options, which last for up to 6 months. Participation consists of full-time work placement including 1 day or equivalent per week on training. The work placement is intended to equip participants with skills and work habits. The Voluntary Sector option aims to deliver a range of community benefits, such as improved relations or safety.

Code 5: Environmental task force

The purpose of the Environmental task force is to contribute to the improvement of the local, regional or global environment.

Participants on both options either receive a wage, paid by the provider of the job, or an allowance paid by the Employment Service. The allowance is equivalent to benefit, plus a grant of £400 divided into weekly/fortnightly payments. Either way, the respondent should be treated as being on a training scheme, not in paid work, and the wage or allowance received entered at **PrgAmt**. They should not be in receipt of JSA in the benefits section.

If on any scheme other than Work Trial, or the New Deal Gateway or Employment option, the following question is asked:

**PrgAmt**      **What was the amount of allowance, including any other payments from your employer, that you last received?**

**PrgPd**      **How long does this cover?**

If did no paid work and was not on a government training scheme:

**JobAway**      **Even though you were not doing paid work, did you have a job or business that you were away from, in the 7 days ending Sunday the (date/month)?**

**INTERVIEWER: DO NOT COUNT Mail Order Agents OR Babysitters AS PAID WORK, BUT DO COUNT Childminders.**

**1: Yes**

**2: No**

**3: SPONTANEOUS MENTION: Waiting to take up a new job/business already obtained**

**4: SPONTANEOUS MENTION: Retired from Paid Employment - only use if clear that respondent has no wish to be in paid work**

**If JobAway = 4**

Soft Check

Can I just check, are you looking for work, waiting for a job you have already obtained, or would you like any form of paid employment?

INTERVIEWER: If yes please recode JobAway as 2, if NO suppress.

The word 'like' means here actively wanting and seeking employment.

NB: **If JobAway = 3**, respondents will be asked **Start** (whether able to start job in next 2 weeks) and **YsrtWk** (If not, why not). See both below.

NB: **If JobAway = 4**, respondents will be asked **UnPaid1** and **Unpaid2** before being routed directly to **Retire**.

The above question is asked in order to deal with any uncertainty that may exist in the minds of people who were away from PAID work during the reference week.

If the respondent has been absent from their job for a long period (e.g.. career break, long term sick etc), only code 'yes' if there is definitely a job for them to return to (e.g. on holiday, sick leave, maternity leave, career break, laid off etc).

In a case where the respondent is unsure whether they actually had a job the following points may be helpful.

1. Employees

For employees a job exists if there is a definite arrangement between an employer and an employee for work on a regular basis (i.e. every week or every month) whether the work is full time or part time. The number of hours worked each week may vary considerably but as long as some work is done on a regular basis a job can be said to exist.

2. Long term absence from work

If the total absence from work (from the last day of work to the past week) has exceeded six months, then a person has a job only if full or partial pay has been received by the worker during the absence, and they expect to return to work for the same employer (i.e. a job is available for them).

3. Career Break

In some organisations employees are able to take a career break for a specified period (which may be a number of years) and are guaranteed employment at the end of that period. If a respondent is currently on a career break they should be coded 1 here, only if there is an arrangement between the employer and employee that there will be employment for them at the end of the break. This is not dependent upon them receiving payment from their employer during this time. The respondent's opinion of whether they have a job to go back to should be taken.

4. Seasonal Workers

In some industries (e.g. agriculture, forestry, fishing, types of construction etc) there is a substantial difference in the level of employment from one season to the next. Between seasons respondents in such industries should be coded 'no' at this question. (However note that the odd week of sick leave during the working season would be treated like any other worker's occasional absence and code 'yes' here).

5. Casual workers

If a respondent works casually for an employer but has not worked for them during the reference week, they should be coded 'no' at **JobAway**, even if they expect to do further work for the employer in the future.

If **JobAway** = 'no':

**UnPaid1**

**Did you do any unpaid work in that week for any business that you own?**

The people we expect to answer 'yes' here are those whose work contributes directly to a business, farm, or professional practice that they own, but who receive no pay or profits.

Unpaid voluntary work done for charity, etc should not be included.

If not:

**UnPaid2**

**... or that a relative owns?**

These are people whose work contributes directly to a business, farm, or professional practice owned by a relative but who receive no pay or profits (e.g.. a wife doing her husband's accounts or helping with the family farm or business).

Unpaid voluntary work done for charity, etc. should not be included.

**Look**

**Thinking of the 4 weeks ending Sunday the (date/month), were you looking for any kind of paid work or government training scheme at any time in those 4 weeks?**

“Looking for paid work” may cover a wide range of activities and you should try not to interpret the phrase for the respondent.

In the case of those “looking for” a place on a government scheme the search should be active rather than passive. In other words, a respondent who has not approached an agency but who would consider a place if an agency approached him or her should be coded ‘no’. Looking in the papers for vacancies is an active form of search.

If the informant was looking for paid work or a place on a scheme the following question is asked.

**LKTime**

**How long have you been looking for paid work or a place on a government scheme?**

1. **Not yet started**
2. **Less than 1 month**
3. **1 month but less than 3 months**
4. **3 months but less than 6 months**
5. **6 months but less than 12 months**
6. **12 months or more**

But if the informant was **not** looking for paid work or a place on a scheme the following question is asked.

**Wait**

**Were you waiting to take up a job that you had already obtained?**

**LikeWk**

**Even though you were not looking for work in the 4 weeks ending Sunday the (date/month), would you like to have a regular paid job at the moment, either full- or part-time job?**

If respondent would not like to have either a full-time or part-time job at the moment.

**4: Caring for a disabled/elderly person**  
**5: Temporarily sick or injured**  
**6: Long-term sick or disabled**  
**7: Believes no jobs available**  
**8: Not yet started looking**  
**9: Any other reason**
- If the respondent was coded 1, 2 or 3 at **Nolk** above, '**ASK OR CODE (e.g. 3-6)**' will appear above this question. It may be clear which of the reasons applies from the answer at that question, but if in doubt, check what the **main reason** was.
- The same applies to the next question, asked if the respondent did not want work:

**NoWant****ASK OR CODE (eg. 3-6)****May I just check, what was the main reason that you did not want work (in the last 4 weeks)?****1: Waiting for the results of an application for a job****2: Student****3: Looking after the family/home****4: Caring for a disabled/elderly person****5: Temporarily sick or injured****6: Long-term sick or disabled****7: Doesn't need employment****8: Retired from paid work****9: Any other reason**

The respondent's answers to these questions should be accepted. If, in exceptional cases, the answer covers more than one coding category - ask which is the main reason and code that one only.

An informant who left work early on a Government Job Release scheme should be treated as retired.

Occupational Therapy

Informants who attend a therapy centre etc should be coded as 5 or 6 depending on degree of sickness, etc.

The benefit from the centre should be entered as code 2 at the question **Allow** in block **QOIncB** and treated as a regular allowance from an organisation.

If the respondent was looking for work or a place on a Government scheme in the last 4 weeks the next question is asked.

**Start****If a job or a place on a government scheme had been available in the week ending Sunday the (date/month), would you have been able to start within 2 weeks?**

If unable to start work within 2 weeks

**YStrtWK**      **What was the main reason you would not be able to start work in the next 2 weeks?**  
**1.: Student**  
**2: Looking after family/home**  
**3: Temporarily sick or injured**  
**4: Long-term sick or disabled**  
**5: Retired from paid work**  
**6: Other reasons**

If looking for work:

**LookWk**      **Were you looking for...**  
**READ OUT (RUNNING PROMPT)...**  
**1: -full-time**  
**2: or - part-time work/training**  
**3: - (or have you no preference)?**

If waiting to take up a job, the above question is 'Will you be working...'

**AccFtPt**      **About how many hours a week do you mean by that?**  
**1: Less than 16 hours a week**  
**2: 16 but less than 24**  
**3: 24 but less than 30**  
**4: 30 hours a week or more**

If worked as an employee in last 7 days:

**TDayWk**      **Have you been, or will you be going to work today?**  
**IF NO, ASK: Can I just check, is today normally a working day for you?**  
**1: Yes**  
**2: No - although this is a normal working day**  
**3: No - because NOT a normal working day**

The above question is asked of employees only. If absent from work on what, for the informant, is a normal working day Code 2: 'No'.

If code 2 or 3:

**AbsWk**      **Have you been away from work for more than the last 3 WORKING days?**

The above question applies only to employees. The following questions are asked only of those who have been absent from work for more than 3 days.

**Retire1**      **In which month did you retire?**

If under the state retirement age and retired in the last 12 months:

**RetReas**      **SHOW CARD AA**  
**Looking at this card, what was your main reason for retiring below the State Pension Age (currently 60 for women and 65 for men)?**

1. **Because of ill-health**
2. **Ill-health of a family member, other relative or friend**
3. **Compulsory redundancy/dismissed**
4. **I had reached my employer's fixed retirement age**
5. **I was offered reasonable financial terms to retire early or take voluntary redundancy**
6. **To spend more time with my family**
7. **I wanted to give up work/wanted a change**
8. **Other reason - involving own choice**
9. **Other reason (none of the above)**

There is policy interest in early retirement, in particular in the reasons why people retire early. Early retirement is defined as retirement below the State Pension Age (currently 65 for men and 60 for women). This question aims to obtain a breakdown between early retirement on grounds of ill health, early retirement at the instigation of employers and voluntary early retirement where employees choose to retire for family or other reasons.

If not working, or not away from their job, and not retired within the last 12 months:

**EverWrk**      **Have you ever had a paid job, apart from casual or holiday work?**

If yes:

**LstWrk2**      **Which year did you leave your last PAID job, either as an employee or self-employed?**

This question does not include casual or holiday work. If less than 9 years ago:

**LstWrk1**      **In which month in that year did you leave?**

If left work within the last 12 months:

**LstYr**      **For how many weeks have you done regular paid work in the last 12 months?**

(Note: the next 2 questions are in a sub-block called **QPens1**):

**FtWk**      **Looking back to the time when you finished continuous full-time education how many years since then have you spent**  
**a) ... in paid FULL-TIME work?**  
**ENTER TO NEAREST WHOLE YEAR**

**PtWk**      **Looking back to the time when you finished continuous full-time education how many years since then have you spent**  
**b) ... in paid PART-TIME work?**  
**ENTER TO NEAREST WHOLE YEAR**  
**INTERVIEWER: THESE YEARS MAY OVERLAP WITH FULL-TIME WORK, IF KINDS OF JOB WERE HELD CONCURRENTLY.**

At the two questions above you should always try to get an estimate in preference to using the Don't Know or Missing key. Holding two part-time jobs at once still counts as being in part-time work.

Jobs held before completing full-time education, such as student vacation jobs should not be counted for either of these questions.

Include time spent working abroad at both of these questions.

Years spent in National Service count as full-time work.

If a respondent has held full and part-time jobs concurrently enter the total number of years in that job for each question, even if this does appear to be double counting the time.

Soft Check      There is a check between the age of the respondent, the age at which they completed full time education and the number of year that they reply that they have spent in full time work. If the figure seems too high:  
*That seems rather high considering that the respondent is [x] years old, and left full-time education at the age of [x].*  
*Please check your entry.*

As we do not ask adults over 20 their date of birth in the FRS it may be the case that the respondent has rounded the figure up to the nearest year which is acceptable. Otherwise probe whether the respondent has included a period of work that began before completion of full time education.

(Note: the next question is in a sub-block called **QClaim**):

**Claimant** (Some people who have jobs are also entitled to claim Jobseeker's Allowance or National Insurance Credits.) May I just check, were you signed on at an Employment Service local office or Jobcentre in the 7 days ending Sunday the (date/month) ... READ OUT:  
1: ... to claim Jobseeker's Allowance (formerly Unemployment Benefit)?  
2: ... (THIS CODE NOT USED)  
3: ... to get credits for National Insurance contributions?  
4: NO, NOT SIGNED ON at Employment Service local office or Jobcentre.

The above question is asked of all respondents of working age. If they are currently in work, the special preamble is included, "**Some people who have jobs are also entitled to claim Jobseeker's Allowance or National Insurance credits...**" The purpose of this is to make it clear that it may be quite possible, and normal, for someone to be working and 'signing on' at the same time. Note that the question is priority-coded (first to apply).

NI credits may be available for each week of incapacity for work, unemployment, attendance on approved training courses or entitlement to Maternity Allowance. Some people working less than 16 hours a week and receiving JSA may get them.

## Block QJobDes - Details of employment

I [no]

THE FOLLOWING QUESTIONS TO BE ASKED ABOUT THE [MAIN SECOND / THIRD] JOB.  
(THIS SHOULD EXCLUDE MAIL ORDER AGENTS AND BABYSITTERS.)

If the respondent is currently in work or has worked in the last 12 months, the employment details are asked.

FirmDo

What does/did the firm/organisation you work[ed] for mainly make or do (at the place where you work[ed])?  
DESCRIBE FULLY - PROBE MANUFACTURING or PROCESSING or DISTRIBUTING ETC. AND MAIN GOODS PRODUCED, MATERIAL USED, WHOLESALE or RETAIL ETC.

The answer that you need to record should be an **activity**, not a title, name or a vague heading (e.g. leisure industry, health care, motor trade).

Ask yourself during the interview: "Has the respondent answered the question clearly, fully and unambiguously?" If not, use a non-biasing probe to extract more detail about the activity of the firm/organisation.

Check '**mainly**' where appropriate.

If the respondent works in **manufacturing** probe for the main product made and main raw material used. For **processing** probe for the main end product. For **distribution** the main product that is distributed and whether it is wholesale or retail. If the respondent works in an office, what activity is the office responsible for (even if that activity is not actually done at the office). If necessary, summarise the description using the respondent's own words and **ask the respondent if they agree with the summary**.

If a respondent is a teacher, but has another job during the school holidays, teaching should still be coded as the **main** job.

Self-employment status determines the respondent's industry according to their own type of work. Employees of specialist service/contract firms are also coded according to their own industry type. For example:

a cleaner employed by a cleaning contractor should be coded to the cleaning industry and not to the industry which is doing the

contracting;

a self-employed plumber working on a building site where the main contractor is a big building firm should be coded to plumbing, not building;

a typist working in an office on a building site and employed by an employment agency should be coded to the industry for building;

a self-employed typist working in an office on a building site should be coded to the industry for typing service, not building;

a typist working in an office on a building site and employed by the building firm should be coded to the industry for building, not typing service.

If there is no depot but there is a contract (including an informal agreement) to supply a particular service, the agency or its employees should be coded to the industry of that service.

**Title**

**What was your (main) job in the week ending Sunday the (date/month)  
ENTER JOB TITLE**

Respondents with more than one job in the reference week should decide themselves which is their main job. If they are unable to do so the job which occupied the largest number of hours should be considered their main job.

Where someone has arrangements to work with two different employers (even if one relates to casual work), enter details of the main job as defined above here and then the subsidiary job at questions when repeated for the subsidiary job.

**Respdo**

**What do/did you mainly do in your job?**

**Qualif**

**What training or qualifications are needed for that job?**

**Nature**

**INTERVIEWER: CODE NATURE OF JOB:**

- 1:Childminder**
- 2:Doctor or Dentist, in a practice**
- 3:All other jobs**

Childminders are asked the following question. Doctors and dentists working in a practice are self-employed for tax purposes but need special identification regarding the later questions on employer pension schemes.

**Where**

**Do/Did you do childminding in your own home, or somewhere else?  
IF 'BOTH', CODE AS 1 (OWN HOME).**  
**1: Own home**

**2: Somewhere else****EType****SHOW CARD BB**

Please look at this card and tell me which of these best describes your employment situation?

CODE ONE ONLY.

- 1: Employee
- 2: Running a business or a professional practice
- 3: Partner in a business or a professional practice
- 4: Working for myself
- 5: A Sub-contractor (includes SC60)
- 6: Doing freelance work
- 7: Self-employed in some other way

This gives respondents a wide range of employment situations from which to choose rather than simply 'employee' and 'self-employed', particularly those we define as self-employed but who might not themselves.

Some respondents might say that two or more codes apply but this question should be single coded to the description which the informant thinks best fits the situation. The crucial distinction to be made is between Code 1, which is for employees, and Codes 2-7, which cover various self-employed situations. It does not matter which of the self-employed codes is used - there is no routing dependent on this.

Managers who are employees but, for example, run a branch of a shop should be coded as 'employees' not as working for themselves. If an error is made here, it will become apparent when pay details are asked, and you may need to come back to **EType** to recode.

Soft Check

If **EType** and the earlier question **EmpStat** are answered differently, that is if **EmpStat** = 'employee' and **EType** = any of 2-7, or if **EmpStat** = 'self employed' and **EType** = 1:

*These two questions are now in conflict. Select the one you wish to change, or suppress this warning.*

The next question is only asked of those coded 2 - 7.

**Dirctr****In this job/business are/were you the director of a limited company?**

Directors of limited companies are normally treated as employees because they are legally employees of their company no matter how small it is. Therefore if the respondent has said they are an employee at **EType** there is no need to ask whether they are a director, because they will be on the correct route.

If you have coded someone as the director of a limited company, and coded

them as self employed at **Etype**, the following soft check is sprung:-

Soft Check

*Directors are usually EMPLOYEES. Please check: Are they on PAYE? Do they/would they get a PAYSLIP? If yes to either, return to previous question Etype and code as 1, 'employee'. (If NO, suppress warning and continue).*

If this check is suppressed, the questions for the self-employed will be asked. However, the person will be regarded as an employee for the purposes of SOC coding.

Some directors of limited companies, although legally employees, may manage their affairs as if self-employed. For example, they may not pay themselves a salary but may operate in terms of profit/loss/drawings from the business, or they may act as a consultant to their own limited company, and will be responsible for paying their own income tax and National insurance contributions.

In order to make sure the route which best fits the situation is followed, the following question is asked of directors:

**DirNI**

**In this job/business, are your National Insurance contributions deducted at source?**

If NI is deducted at source:

Soft Check

*A company director with NI deducted at source is legally an EMPLOYEE. Important: please return to previous question EType and code as 1, 'employee'. (If you suppress this check, you must explain special circumstances in a Note).*

If NI is not deducted at source:

The following group of questions are only asked about the respondent's main job.

For employees the next three questions are asked.

**RspOth**

**In your job do you have formal responsibility for supervising the work of other employees?**

**DO NOT INCLUDE PEOPLE WHO ONLY SUPERVISE:**

- **children, e.g. teachers, nannies, childminders**
- **animals**
- **security or buildings, e.g. caretakers, security guards**

For the purpose of identifying those respondents with responsibility for supervising the work of others, children, animals and security of buildings are not deemed to be 'other employees'.

Sometimes job titles can be misleading. For example, a 'playground supervisor' supervises children not employees and so should be coded 2. Similarly, a 'store manager' may be a store-keeper and not a manager or supervisor of employees.

**SVDesc** Please describe the type of responsibility you have/had for supervising the work of other employees.  
**INTERVIEWER: PROBE FOR WHO AND WHAT IS/WAS BEING SUPERVISED**

**NumEmp** How many people work (worked) for your employer at the place where you work (worked)?  
 Are/Were there...  
**1: 1 - 24**  
**2: 25 -499**  
**3: 500 or more**

We are interested in the size of the 'local unit of the establishment' at which the respondent works in terms of the total number of employees. The 'local unit' is considered to be the geographical location where their job is mainly carried out. Normally this will consist of a single building, part of a building, or at the largest, a self-contained group of buildings.

We are only interested in people working for their employer at the place where they work. It is the total number of employees at the respondent's workplace that we are interested in, not just the number employed within the particular section or department in which he/she works.

If a respondent works from a **central depot** or **office** (e.g. a service engineer) base, the answer is the number of people who work at or from the central location. Note that many people who 'work from home' have a base office or depot that they communicate with. It may even be true of some people who work 'at home' (e.g. telecommuter who retains a desk or some minimal presence in an office). If in doubt, accept the respondent's view of whether or not there is a wider establishment outside the home that they belong to for work purposes.

For the self-employed we wish to know how many employees they have. This is so that we can code socio-economic groupings to make the FRS compatible with other surveys.

**EmpOwn** Are you working on your own or do you have employees?  
**ASK OR RECORD.**  
**1: on own/with partner(s), but no employees**  
**2: with employees**

**EmpAny** How many people do you employ at the place where you work?  
 Are there...

- 1: 1-24**  
**2: 25-499**  
**3: or 500 or more**

See instructions at **NumEmp** above.

For self-employed people who are subcontracted for any significant (respondent's definition) length of time to work in a particular place (e.g. building site), that is their place of work.

**WorkYr**

**In which year did you start working continuously for your current employer/as a self-employed person?**

If a respondent has a contract that is renewed, for example yearly, you should take the respondent's opinion as to how long they have worked continuously for their employer.

For employees we are interested in continuous employment with their current employer. Any previous separate spells of work with their current employer should be ignored.

If the respondent's company or firm changed ownership but his or her conditions of employment did not change it should be treated as one continuous period of employment. However if the respondent was made redundant and then re-employed by the new owners, then it would be the date they were re-employed that would be entered.

For the self-employed we are interested in the length of time the respondent has been continuously self-employed even if he or she has been doing different jobs or running different businesses during that time.

If less than 8 years ago:

**WorkMth**

**And which month was that?**

**FtPt**

**In your job are you working ...**

- 1: ... full time**  
**2: ... or part time?**

Let the respondent decide whether the job is full-time or part-time.

If the respondent has spent less than 6 months in the employ of their current employer, the following question is asked.

**WatPrev**

**Were you in paid employment or self-employed immediately before you started this current job?**

**INTERVIEWER: INCLUDE HOLIDAY FROM PERVIOUS EMPLOYMENT IF LESS THAN 3 MONTHS.**

- 1: In paid employment/self employed**  
**2: Not in paid employment**

And if not in paid employment

**WatDid**

**SHOW CARD CC**

**What was the main reason why you were not in paid employment at that time?**

**INTERVIEWER: If the respondent is not working because they are doing voluntary work, travelling, having a year out or career break then this should be coded as didn't need employment.**

- 1: Unemployed/looking for work**  
**2: Student/training**  
**3: Looking after the family home/children**  
**4: caring for a disabled or elderly person**  
**5: Temporarily sick or injured**  
**6: Long-term sick or disabled**  
**7: Didn't need employment**  
**8: Retired**  
**9: Made redundant**

**DispChk**

**PLEASE CHECK THE FOLLOWING DETAILS WITH [NAME]:**

**EMPLOYMENT STATUS IS/WAS [Full Occupational description]...**

**IF THIS IS CORRECT PRESS 1 TO CONTINUE, ELSE GO BACK AND MAKE CORRECTIONS.**

This is derived from the answers at **EType**, **Dirctr**, **RspOth**, **SVDesc**, (employees) and **EmpOwn/EmpAny** (for the self-employed). It will be shown with the other job details when SOC coding is done.

**NumJob2**

**When you were last working, how many JOBS did you have for pay or profit?**

This question is asked of people **not** currently in employment who therefore did not get asked **NumJob** earlier.

**Questions Title to EmpAny are repeated for subsidiary jobs (up to 3 jobs in all)**

If an informant has (or had) more than one job for pay or profit, details of the subsidiary job(s) will be asked. If the respondent has/had 4 or more jobs:

**JobDisp**                    **INTERVIEWER: USE THE NOTEPAD FACILITY <Ctrl+M> TO DESCRIBE THE FOURTH AND HIGHER ORDER JOBS**

The next questions are about the hours worked in each job. This includes those on a government training scheme and those in unpaid jobs (the latter just get asked **TotUs1**).

**EverOT**                    **Do you ever do any work which you would regard as paid or unpaid overtime?**

“Ever” means whatever the respondent takes it to mean. If the respondent is unable to answer, refer to the last 4 weeks (as in the questions below).

The words “... which you would regard...” are an important part of this question as we are specifically interested in whether the respondent considers that they do any overtime, not whether the employer would officially class it as overtime.

Some self-employed respondents may say that non-productive time, e.g. book-keeping, is paid and some may say it is unpaid overtime. You must accept whatever the respondent regards the overtime as.

If the respondent **does no overtime**:

**Totus1**                    **How many hours per week do you usually work in this job/business - please exclude mealbreaks?**  
**97 OR MORE = 97**

Accept the answer given. For example for teachers it may very well exceed a basic 27 to 28 hours.

For the questions relating to hours of work the hours should be recorded to the nearest 15 minutes, with part hours as decimals e.g. 36 hours 30 minutes would be recorded as 36.5, 40 hours 45 minutes would be recorded as 40.75.

If the work pattern is not based on a week, get an average over the last 4 weeks.

If the respondent has been off sick for a long period, take the usual hours worked before going sick.

If a person has started a new job in the reference week the usual hours should relate to what the person expects them to be in the future.

For apprentices, trainees and other people in vocational training exclude any time spent in school or other special training centres outside their workplace.

For those rare individuals who usually work 97 hours or more per week, code as 97.

Respondents working on-call

If someone states at the hours questions that they usually work 24 hours a day because they are 'on-call', the average number of hours actually worked should be probed for. Identify how many hours were actually worked in the last four weeks and average these out to give a weekly total for usual hours. This should include only those hours during which the respondent was actually working. Therefore if, for example, a respondent was on-call all night, but was only called out to work for two hours, the actual working hours for this night would be two hours.

If the respondent **works overtime**:

**Usuhr**                    **Thinking of this job/business, how many hours per week do you usually work - please exclude mealbreaks and overtime?**  
**97 OR MORE = 97**

For those rare individuals who usually work 97 hours or more per week, code as 97.

**PotHr**                    **How many hours PAID overtime do you usually work per week?**  
**97 OR MORE = 97**

Include overtime hours only. When an employee works on some kind of flexitime system, paid overtime should be registered only if no compensatory time is taken off. When overtime is taken on a seasonal or irregular basis and the respondent has difficulty in providing a 'usual' figure, take the average over the last four weeks.

Include hours worked at home if paid.

**UotHr**                    **How many hours UNPAID overtime do you usually work per week?**  
**97 OR MORE = 97**

Include unpaid hours worked at home (e.g. teachers preparing lessons) as well as unpaid hours worked at the workplace.

All employees are asked the following question:

**AgreeHrs**              **Your total usual hours come to [n]. Is that about right, or not?**  
**IF THE TOTAL IS NOT [n] HOURS CHECK THAT**  
**[List of hours recorded]**

**1: Yes, right**

**2: No**

If not right, the total must be agreed with the respondent.

Hard Check

*The total must be agreed with the respondent*

If the usual hours worked are less than 30 hours, the following questions are asked. This again is to allow the DWP to gauge the number of people who are prevented from taking full time work as they administer informal care to a disabled or elderly relative, or have to look after young children, and also to measure how disability effects the ability to work.

**LikeHr**

**Your usual hours at the moment are [n]. Would you prefer to work more hours, fewer hours, or are you happy with the number of hours you work at the moment?**

- 1: More hours**
- 2: Happy with hours**
- 3: Prefer fewer hours**

If the respondent would prefer to work more hours, the following question is asked

**NoMor**

**Are you prevented working more hours by any of the following..  
READ OUT: PROMPT EACH ITEM INDIVIDUALLY.**

- 1: ...Disability or illness**
- 2: ...Caring for a disabled or elderly person**
- 3: ...Having to look after children**
- 4: (None of these)**

Note that if the respondent is caring for a disabled child code 2 should take priority over code 3.

If **NoMor** is coded 2 then the following question is asked:

**NMPer**

**Who is the person you care for?  
ENTER PERSON NUMBER (97 IF NOT A HOUSEHOLD MEMBER)**

If **NoMor** is coded 3 then the following question is asked:

NMChc

**If some suitable form of childcare were available, would this enable you to work more hours?**

## Block QEmpJob - Employee Pay Details

These questions apply to those currently employed. Whenever possible try to get the respondent to refer to a payslip.

If respondents cannot remember the exact day of the month on which they were last paid enter the 15th of the month. If a respondent has recently started a job and not yet been paid enter the date on which they expect to be paid.

If the pay date predates the start date the following check is triggered:

Soft Check

INTERVIEWER:SUGGEST RESPONDENT CONSULTS PAYSZIP.**

If the respondent is in receipt of tax credits, these should be included in the net pay figures (**PayAmt** and **Unett**), but excluded from gross wage calculations (**GrWage** and **Ugross**).

If '0' is entered

Soft Check

Where the difference between the date of the interview and the date last paid is longer than the pay period given at this question, make a note of the reason in the notepad facility. For example, an informant who is weekly paid may have been given advance holiday pay a fortnight before the interview.

Anticipated pay

If an informant is currently working but has not yet been paid because he or she has recently started a new job, the pay he or she expects to receive should be entered.

If no tax paid enter 0. If tax is usually paid but none was in this pay period because a tax refund was included, enter 0 here and the tax refund at the subsequent question **InclPay**. (See instructions at that question).

The following question is asked if **PayAmt** is answered 'Don't know' or refused and **PAYE** is not answered 'Don't know' or refused

**PayPd1**

**How long did this cover?**

**NatIns**

**How much was deducted from your last wage/salary as National Insurance Contribution?**

Soft Check

There is an upper limit check on the [weekly] amount of NI paid:  
*Are you sure? That's [£] a week. National Insurance contributions don't normally exceed £100.00 per week. However, those earning more than £630 per week may pay more than this.*

26. Six months/26 weeks
52. One year/12 months/52 weeks
90. Less than one week
95. One off/lump sum
97. None of these (EXPLAIN IN A NOTE)

Soft Check

There is a check that the figure given for gross wage for the last period is the approximate sum of the net pay plus all other component reductions. If not:

*Net pay and all deductions add up to [£n] which is not the same as gross pay of [£n]. This can be due to the payment of Tax Credits. Please check your figures and probe **if there is a missing amount**. If unable to resolve, suppress check and enter details in a note <Ctrl M>.*

All the relevant pay components are displayed on the one screen so that the details can be probed further.

A range of £5 either way is allowed to cope with any rounding up of pay that might have occurred. If you cannot resolve the discrepancy it is possible to suppress the check and explain why in a note <Ctrl +M>.

If a tax refund was included in the last net pay, the check will work incorrectly (any tax refund amount is not included in the gross pay, but is in the net pay). If this is the reason that the figures don't add up, suppress the check and make a note. See also instructions at the following question **InclPay**.

"Smart pensions" is the name some are using for a new salary-sacrifice idea, whereby the employee agrees to a cut in their gross pay, offset by switching their contribution to the pension scheme onto their employer. This results in the employer saving on NI contributions and improved savings for the employee. Employee contributions vary but 5% or 6% of pensionable pay are the most frequent rates. Companies that have introduced smart pensions include Tesco, Sainsbury's and BT.

You may find the terms “reference pay” or “base pay” on the payslip. These refer to the amount of gross pay received before the introduction of smart pensions and are only used by the employer to calculate pensions, overtime etc. This base pay will be higher than the actual gross pay received by the employee.

If you come across such cases, please record the net and gross pay as reported by the respondent. If you cannot reconcile the figures on the payslip (for example where “reference pay” or “base pay” are mentioned), open up a note to give details of any discrepancies in pay so that these can be accounted for when editing the data.

The next question is only asked if the *latest* payslip was consulted. If the payslip was older than this, the taxable gross earnings shown would not be accurate at the time of interview.

Hard Check      *The respondent is a man and cannot have Statutory Maternity Pay. Please amend your coding.*

Hard Check      *INTERVIEWER: Females cannot receive Statutory Paternity Pay. Please check your answers.*

Statutory sick pay is received by employees from their employer for the first 28 weeks of sickness in a tax year. After this period, they may receive Incapacity Benefit. The payment is subject to various conditions including length of service.

**Note that SSP is only payable from the fourth day of absence from work – do not include any pay that is received from an employer before a respondent is eligible for SSP.**

Statutory Maternity Pay

Statutory Maternity Pay has a 26 week duration and is paid if gross earnings are £82.00 a week or more. The first six weeks are paid at 90 per cent of the respondents average weekly earnings (normally based on two months' earnings) with no upper limit. The remaining 20 weeks are paid at £106.00 a week or 90 per cent of the respondents' average earnings if less than £106.00.

Statutory Paternity Pay

Statutory Paternity Pay is available to fathers of children born on or after 6 April 2003 and is paid if gross earnings are £82.00 a week or more. It has a 2 week duration and entitlement cannot be established until the baby has been born. Payment for the 2 weeks will be either be at a rate of £106.00 a week, or 90 per cent of the respondents' average earnings if less than £106.00 (normally based on two months' earnings).

Statutory Adoption Pay

Statutory Adoption Pay became available on 6 April 2003 to parents of adopted children. It has a 26 week duration and becomes available once the child is placed for adoption. Payment for the 26 weeks will be either be at a rate of £106.00 a week , or 90 per cent of the respondents' average earnings if smaller (normally based on two months' earnings).

Tax refunds

- If the amount of a tax refund received is more than the PAYE in that pay period, the amount for PAYE will normally be shown as 0 on the payslip. The remaining amount of the tax refund payment will be shown separately - enter this as the tax refund at **TaxAmt** below and zero at **PAYE**, and open a note to explain the situation.
- If the amount of a tax refund received is less than the PAYE in that pay period, the PAYE will be reduced by the amount of the refund. There may be no other indication that a tax refund was received and the amount of the tax refund may not be shown. If the respondent mentions that a refund was included, but doesn't know how much it was, enter 'dk' as the refund amount at **TaxAmt** (see below), and open a note to explain that the PAYE was reduced for this reason and any other information which can be given. The figure for net pay will include the tax refund, but the figure for gross pay will not include it - it only includes earnings.

Mileage allowance is a specified amount paid for each mile the vehicle is used (e.g. 25p per mile). The mileage will vary from week to week. Fixed allowance is a specified set amount per week or month etc, paid regardless of the amount the vehicle is used/ number of miles travelled.

Refunds for motoring expenses covers such items as parking fees, repairs etc.

Statutory Maternity Pay has a 26 week duration and is paid if gross weekly earnings are £82.00 a week or more. The first six weeks are paid at 90 per cent of the respondents average weekly earnings (normally based on two months' earnings) with no upper limit. This is the higher rate. The remaining 20 weeks are paid at £106.00.00 a week. If 90 per cent of the respondent's average earnings is less than £106.00.00 then they receive £106.00 throughout (code as lower rate).

- Any other business expenses relating to this accommodation (please specify)'

**HHO**      **What was covered by the [first/second etc] refund?**

Enter a description in the text box.

**HHA**      **What was the amount of the refund for [type of refund]?**

Record fully the type and amount of refund included in the last net pay. If a subsistence allowance is received, only the part actually spent on food, lodgings, etc should be included at this question.

**HHC**      **Any other refund?**

If yes the questions **HHO** and **HHA** are repeated.

Soft Check

If the net pay is less than the total of any amounts included for SSP, SMP, SPP, SAP, mileage allowance, motoring expenses and household expenses:

*The amount(s) for the item(s) included in pay (see below) come to £[x] which is more than the pay itself, of £[x]. Please check your figures.*

**PayUs1**      **Your wage/salary after all deductions was £[x]. Is this the amount you usually receive?**

**1: Yes**

**2: No**

**3: No such thing as usual amount**

Usual Pay is the amount that the respondent usually expects to receive. If the respondent's last pay was the first time that they had received a change in salary, or new payments or deductions began, and the respondent will be receiving this amount from this point on, then the last pay is treated as usual. For example, if the respondent has just received

the first month of a new salary then they should say that it is usual even if

it is the first time they have received it.

If the last pay amount contains unusual or one-off payments or deductions then it is not usual. For example, if their last pay included holiday or back pay, an occasional bonus, irregular overtime or tax or business refunds. Also, if the respondent's salary has changed but they have not yet received the new amount then the pay they just received is not usual. At the usual questions they should record the amount they will receive next time.

Respondents who answer 'no' here are asked the following question.

**WhyNoUsl**

**Why was your pay not usual?**

**CODE ALL THAT APPLY**

- 8: Wage/salary change**
- 9: Change of job**
- 10: Received overtime**
- 11: Other (please code)**

Interviewers should code as many reasons as applicable that make the pay unusual to the above question. If the answer is 'other', please collect verbatim answers. Please note that these answers will be passed onto the DWP, so ensure that you do not collect personal information such as the name of the respondent, their employer etc.

- 2: Free meals (including free canteen at work)
- 3: Subsidised canteen
- 4: Free or subsidised goods (incl. store vouchers)
- 5: Workplace nursery
- 6: Childcare vouchers/employer contracted childcare
- 7: Free or subsidised medical insurance for self or family

#### Code 5 'Workplace nursery'

A workplace nursery should be coded where the employer provides a place in a nursery that they wholly or partially fund and manage eg nursery on site

#### Code 6 'Childcare vouchers/Employer contracted childcare'

Childcare vouchers are for the purpose of paying an approved childcarer.

Employer contracted childcare is where the employers contract directly with an approved childcarer eg provide subsidised places in a nursery/holiday playscheme that is not on site

SalSac

**[Is this benefit-in-kind/Are any of the above benefits-in-kind] received instead of some of your salary or wage?**

1. Yes
2. No

With the new tax/NICs exemptions for employer provided childcare there is increasing Ministerial interest in salary sacrifice schemes. Figures on the extent of salary sacrifice schemes more generally are essential in assessing whether employers are offering more support to employees via tax/NIC exemptions or whether employers are simply giving the support

in lieu of pay.

Permanent health insurance or PHI is insurance to cover loss of income in the event of permanent health impairment.

Critical illness cover pays a lump sum on diagnosis of a critical or terminal condition. Policies can cover many conditions but core conditions include cancer, coronary artery by-pass surgery, heart attack, kidney failure, major organ transplant and stroke.

## Block QSelfJob - Self-employed earnings

The next questions are only routed on for the self-employed (including directors of limited companies who handle their finances as if self-employed).

It is often difficult for self-employed people to give precise details about their income but please try to complete these questions as fully as possible. The questions are designed in order to reflect how people think of their employment situation and to make it clearer to informants which figures are required. The questions also reflect the fact that a group of the self-employed (particularly sub-contractors) have pay arrangements similar to employees.

There are two separate users of the FRS data: the statisticians who use the profit and loss information, and other analysts who are interested in the current income situation. The questions provide information for both these needs.

### QUESTIONS ABOUT JOB AS SELF-EMPLOYED

**BusRoom** Are any of the rooms in this accommodation used wholly or partly for business?

Ensure that any rooms used for business were included in the original total of rooms given at **Rooms**. Do not count rooms used in connection with a job as an employee.

If there are any other Benefit Units in the household and they use a room for business purposes please make a note of this at **BusRoom** because this question is only asked one here.

**OnBsRoom** How many rooms are used...READ OUT...  
i) wholly for business?

**PtBsRoom** How many rooms are used...READ OUT...  
ii) partly for business?

**JobBus** QUESTIONS ABOUT MAIN JOB AS SELF-EMPLOYED  
Can I check, do you think of yourself more as having a job, or a business?

INTERVIEWER: USE ANSWER (OR 'Occupation' etc) LATER, AS APPROPRIATE AT 'Job/business'.

- 1: Job
- 2: A business
- 3: (Neither of these)

This question is for your convenience as it will enable you to ask subsequent questions using the description most applicable to the informant.

The questions are meant to cover each job or business separately. However, someone whose occupation is 'piecemeal' and involves different pieces of work being done sequentially or simultaneously, perhaps for different people (e.g. a handyman, gardener, building sub-contractor) should be treated as having one job, provided that the work is of the same nature, or accounts are not kept separately for the different pieces.

**BusAccts**      **In this job/business are annual business accounts prepared for the Inland Revenue for tax purposes?**

**INCLUDE IF PREPARED BY ACCOUNTANT**

**1: Yes**

**2: No**

**3: Not yet but will be**

If profit and loss accounts have been prepared but not yet submitted to the Inland Revenue, code yes. The question refers to both accounts prepared by the informant or an accountant. Those self-employed who may not consider themselves as 'being in business', such as sub-contractors and those working for themselves, may still employ an accountant to sort out their tax etc. These accounts should be referred to when possible.

If accounts have not yet been prepared but will be, the profit/loss question will be by-passed.

**Sole**            **Are you working on your own account or are you in partnership with someone else?**

**1: Own account (sole owner)**

**2: In partnership**

It is important to record only the informant's share in the following questions, **not** the total for the partnership/company. If in partnership the display below appears:

**PartDisp**      **INTERVIEWER: READ OUT**  
**The questions that follow are about just YOUR OWN SHARE of the business - that is, NOT including your partner's share.**

For those who keep business accounts the following questions are asked:

**SE1**            **What is the most recent period for which accounts have been prepared for the Inland Revenue?**  
**ENTER BEGINNING OF PERIOD. IF DAY OF MONTH NOT KNOWN, ENTER '15th'.**

**SE2**            **INTERVIEWER: ENTER END OF PERIOD (for which accounts have been prepared)**

The most usual period for accounts is 12 months. A common error is to enter 13 months instead of 12. If a period of less than 12 months is keyed, the following check will appear:

Soft Check            *That seems a rather short period (only [x] days), please check your entry.*

Periods of less than a year are acceptable if confirmed as such.

If the last date for a self-employed profit code is earlier than the first date:

Hard Check            *The end date is earlier than the beginning date. Have you transposed them?*

Here it will always be necessary to go back and change the dates to which the profit or loss refers.

If the end date is more than 12 months after the start date:

Soft Check            *Are you sure? This is more than 12 months. Please amend your coding, or explain in a note <CTRL+M>.*

If either date is in the future:

Hard Check            *This must not be a future date. Please amend your coding.*

Also, we will not accept any dates for accounts longer than 7 years ago.

Hard Check            *We cannot accept accounts for more than 7 years ago: If last accounts were more than 7 years ago, enter D/K at this and the next question (SE2) and make a note.*

**ProfDocs**            **What was (your share of) the profit or loss figure shown on these accounts for this period? It would be helpful if you could refer to a document, such as the annual accounts, or the Notice of Tax Assessment from the Inland Revenue.**

**INTERVIEWER: FIRST, CODE DOCUMENT CONSULTED (1st to apply)**

- 1: Notice of Tax Assessment**
- 2: Annual accounts (include summary)**
- 3: Tax Return (self-employment section)**
- 4: Some other document (describe in a note)**
- 5: No document consulted**

At this question code which, if any, document is consulted. The profit or loss figure is entered at the next question.

Because self-employed accounts contain several figures which refer to profit and loss, it is important that, wherever possible, you ask that documents are consulted. However, be careful that the respondent will not incur any charge by their accountant for providing information.

The most informative documents are:

- the Inland Revenue notice of tax assessment (Form 300 CODA or SHIP). This is the form prepared by the Inland Revenue after submission of the accounts/tax return, and is sent to the self-employed person fairly quickly afterwards (usually 2-3 months). It sets out the income, deductions, any allowances, the amount on which tax is chargeable and the tax payable. An example of a completed Form 300 CODA is given to you to show the respondent.

- the Self-Assessment Tax Return submitted by the self-employed person. Self-employed people have to complete supplementary pages (pages SE1-SE4).

If no documents are available it is important to try to obtain as accurate a figure as possible.

**Profit1**

**INTERVIEWER; NOW, ENTER THE £ PROFIT/LOSS AMOUNT:**

If Code 1 at **ProfDocs**:

**FROM NOTICE OF ASSESSMENT, ENTER THE 'INCOME' FIGURE (AT TOP OF FORM)**

If Code 2 at **ProfDocs**:

**FROM ACCOUNTS, ENTER THE 'ADJUSTED' PROFIT/LOSS (IF NOT SHOWN, ENTER THE 'NET' FIGURE)**

If Code 3 at **ProfDocs**:

**FROM TAX RETURN, ENTER THE 'TOTAL TAXABLE PROFIT' FROM BOX 3.89**

If the informant consults a notice of assessment (form 300 CODA or SHIP) then the figure to be entered is that shown on the completed example, under the heading *Income and deductions*.

If the informant consults business accounts then the figure required is that labelled 'Adjusted Profit/Loss, and if that is not shown, the figure labelled 'Net Profit/Loss should be used.

If the informant consults their Self-Assessment Tax Return the figure

required from this is that in Box 3.89 of the Self-Employment pages.

If no accounts are available then the figure required is that after deducting all expenses and wages, but before the deduction of Income Tax and National Insurance.

The allowance received by those on business start-up schemes should be included when calculating the profit - in some cases the allowance (which usually is from £20-90 a week) may be the only profit.

**Profit2 DID THE ANSWER AT THE PREVIOUS QUESTION REFER TO PROFIT OR LOSS?**

**1: Profit/earnings**

**2: Loss**

**ProfTax Can I just check, is that the figure before deduction of income tax?**

**1: Yes (before tax)**

**2: No (after tax)**

If the profit figure given is as defined at **Profit1** ('Income and deductions' or 'Adjusted profit/loss' or 'Net profit/loss') the answer to this question should be 'Yes (before)'. In case there is doubt, or no document was consulted, the question is asked of all who have profit. If the profit is *after* tax:

**ProfNI And is the figure before or after you paid any lump sum (Class 4) National Insurance payments based on taxable profits?**

**IF NO LUM SUM NI PAID, ENTER '3'.**

**1: Before**

**2: After**

**3: Not applicable (no lump sum NI)**

This question refers only to Class 4 NI, a lump sum calculated according to profit level. It may be paid as a combined amount with income tax. Regular, Class 2 NI contributions ('the stamp') should not be counted here.

**PrBefore What was (your share of) the profit BEFORE tax [and lump sum National Insurance deductions]?**

The question is worded according to whether the profit was before tax but after NI, or before tax and NI. There is a check if the figure here is lower than the profit figure:

Soft Check      *Profit BEFORE Tax/NI is less than net profit - that can't be right! Please check your figures.*

If the respondent is unable to give a profit or loss figure at **Profit1** the following question is asked:

**WhyNoPro**

**INTERVIEWER CODE:**

**Why was the respondent unable to give a profit or loss figure?**

**1: Docs with accountant/Inland Revenue**

**2: Other reason**

Next we want to get a picture of the current income from the job or business. A straightforward way is to ask for information on money drawn from a business bank or building society account.

**WorkAcc**

**Do you have separate bank or building society accounts for your work and your private finances?**

This question is to identify whether the respondent has one or more bank or building society accounts which contains *only* money relating to the business/job. If a business/work account also contains money from a source not connected to the business/job, this question should be coded 'no'. If coded 'yes':

**OwnSum**

**SHOW CARD GG**

**Do you draw money from your work account for any non-business purposes, such as any of the things shown on this card?  
(CODE 'YES' IF ANY APPLY')**

The card shows:

Money from the work account:

- used for payments to yourself and any other personal spending
- used to pay domestic bills (including standing orders)
- transferred to a private account
- used for any other non-business use?

**OwnAmt**

**Thinking of the last 12 months, on average how much have you taken EACH MONTH for these non-business purposes?**

The purpose of these questions is to get a picture of current monthly income from self-employment. They ascertain how much money is being drawn from the business for the personal use of the informant and their household. Money drawn solely for business purposes should be excluded as should, where possible, business elements of domestic bills.

It is appreciated that the figures given here will have to be estimates. If a business has been in operation for less than a year, give the average over

the length of time that the business has been operational.

**OwnOther**      **Apart from any drawings from the bank/building society, do you receive any other income from this job/business, for personal use?**

These questions cover income for the business that is not channelled through the bank/building society account. This may be 'cash in hand' for work carried out. Try to get an estimate, but, as this may be a sensitive topic (because some or all of this money may not be declared as income in the accounts), a refusal can be accepted here.

**OwnOtAmt**      **On average, how much is that each month?**

Those self-employed who do not have profit/loss accounts, or do not have a separate business account or who do not make *drawings* from a separate business bank account are asked about their *income* from the job. This group of people may include sub-contractors who, while legally self-employed, have income arrangements similar to employees.

**SEIncAmt**      **Now I'd like to ask some questions about your income from your job/business: that is, after paying for any materials, equipment or goods that you use(d) in your work.**

**On average, what was your WEEKLY or MONTHLY income from this job/business over the last 12 months?**

By 'income' we mean money from the job/business that is used for personal, domestic, non-business use. In other words, what the respondent has to live on. It will not necessarily be the same as the annual profit divided into weekly or monthly amounts. Again the figures given here may be estimates. Sometimes they will have the equivalent of a payslip, or their invoices, or some other document which may be referred to - though it is the *average* monthly or weekly income that is required, not the *last* payment received.

**SEIncWM**      **INTERVIEWER: ASK OR CODE**  
**Was that weekly or monthly income?**  
**1: Weekly income**  
**2: Monthly Income**

**CheckTax**      **May I just check, is either income tax, or your regular National Insurance contribution DEDUCTED AT SOURCE?  
(INTERVIEWER: THIS IS 'CLASS 2' NI)**  
**1: Income tax deducted**  
**2: regular NI deducted**  
**3: no, neither deducted**

Some self-employed, especially those who are sub-contractors, may have Income Tax or National Insurance payments deducted at source by whoever contracts them. Only one may be coded.

Different tax and NI arrangements can apply in different situations. Actors under contract, for example, have NI but not tax deducted at source. Construction industry sub-contractors (without a '715' exemption certificate) are given Inland Revenue form SC60 by the contractor showing the details. They have tax but not regular NI deducted at source. The questions should cover all these different circumstances.

The self-employed may pay both Class 2 regular National Insurance contributions (the 'stamp') and/or Class 4 lump sum National Insurance contributions, which are based on the profit made on the business. For SC60 workers the tax deducted will typically include an amount for Class 4 contributions. In such cases code 1 only. At the end of the sub-contractor's accounting period figures will be submitted to Inland Revenue showing the income and the amount of tax and Class 4 NI paid over the period. IR will then notify the person of the amount of tax and NI Class 4 payable and whether a balance needs to be paid by or credited to him/her.

These questions cover Income tax and Class 2 regular NI payments only.

**TaxDAmt**      **How much income tax was deducted last time?**

**TaxDPd**      **How long did this cover?**

**NIDAmt**      **How much National Insurance was deducted last time?**

**NIDPd**      **How long did this cover?**

**ChkIncom**      **May I check, is your average weekly/monthly income of £[x] before or after income tax/regular National Insurance was deducted?**  
**1: Before**  
**2: After**

The next questions are asked of all currently working self-employed except those who receive an income and have regular NI contributions deducted at source. They cover only regular Class 2 NI contributions (the 'stamp').

**SeNIReg**      **Do you pay a regular National Insurance contribution?**  
(INTERVIEWER: KNOWN AS 'CLASS 2' NI)

**SeNIRAmt**      **How much was your last National Insurance payment?**

The self-employed pay regular contributions (Class 2), which in 2005-2006 are £2.10 per week, if profit/earnings exceeds a set level. (If paid by standing order/direct debit, the monthly equivalent may vary slightly as it is calculated on a daily basis). Do not include lump-sum contributions (Class 4, on profits between two set annual amounts) here; they are asked about separately at **SeNILump**.

**SeNIRPd**      **How long did this cover?**

If the last payment is more or less than the standard contribution (allowing for variations which occur if the contribution is paid by standing order/direct debit).

Soft Check      *Amount for National Insurance contribution deviates from standard weekly amount (currently £2.10 for self-employed). Please check.*

All the self-employed are asked about tax paid in the last 12 months. For Those who have already reported Income Tax deducted at source, this is The tax in addition to this amount that has been paid direct to the Inland Revenue. This might include tax outstanding from a previous set of Accounts.

Payments of tax direct to the IR by the self-employed often include a Lump sum Class 4 National Insurance payment based on the profits of the business. If the lump sum NI amount cannot be separated from the tax, then include the total amount as tax and record 'Don't Know' for the amount of NI lump sum.

**SeTax**      **Have you made any income tax payments relating to this job/business in the last 12 months?**

Include any income tax payments *made* in the last year covering this job, even if they do not relate to the amount given at **Profit2**, e.g. to a previous year's figures.

Income tax on other sources of income will be asked about later.

---

<b>SeTaxAmt</b>	<p><b>How much did you pay altogether in the last 12 months?</b>  <b>[Please only include tax paid on income from self-employment.</b>  <b>INTERVIEWER; IF UNABLE TO GIVE SEPARATE AMOUNT,</b>  <b>ENTER 'DON'T KNOW']</b></p> <p>Enter the total amount paid for this job, within the last year. It may or may not relate to the profit given earlier. Add together all payments made in the year – it is quite usual for payments to be made every 6 months. The textfill 'Please include....' appears when the self-assessment tax return has been referred to. Under self-assessment people can choose to calculate their own tax due. If the respondent has income from other sources to include on their tax return (e.g. from investments, pensions etc), the tax due will be calculated on the whole income. If at all possible, the respondent should give tax paid only on self-employed earnings, but if this is not possible, enter 'don't know'.</p>
<b>SeNIinc</b>	<p><b>Does that figure include a LUMP SUM (Class 4) National Insurance contribution based on taxable profits?</b></p> <p>If 'yes':</p>
<b>SeNIAmt</b>	<p><b>How much was the National Insurance lump sum payment?</b></p> <p>Those whose tax payment did not include a Class 4 NI contribution are asked separately about these payments:</p>
<b>SeNILump</b>	<p><b>In the last 12 months have you paid any lump sum NI contributions based on taxable profits?</b></p>
<b>SeNiLAmt</b>	<p><b>What was your total lump sum payment in the last 12 months?</b></p> <p>The next two questions are asked of those not currently working but who worked as self-employed in the last year.</p>
<b>SeLwks</b>	<p><b>In the last 12 months, for how many weeks have you been self-employed?</b></p>

## Block QtaxCred – Tax Credits

Child Tax Credit and Working Tax Credit were introduced to improve the way the Government supports families with children and working people on low incomes.

### **Child Tax Credit**

Child Tax Credit is a payment to support families with children. Parents can claim Child Tax Credit if they are responsible for one or more children, and do not have to be working. Child Tax Credit was introduced to provide support for children up until their 16th birthday, and young persons aged 16-18 years who are either in full time non-advanced education or have left full time education but do not have a job (providing they are not claiming income support or tax credits in their own right). The awarding of Child Tax Credit will not affect a respondent's right to Child Benefit. Families will still be able to claim Child Benefit as they do now and it will continue to be paid as a separate payment.

Child Tax Credit is paid directly to the person who has main responsibility for caring for the children in the family (into a bank or building society account). The recipient can choose whether to receive the payments weekly or every four weeks. If the respondent qualifies for Income Support or income-based Jobseeker's Allowance, they will be entitled to the maximum amount of Child Credit for their children.

### **Working Tax Credit**

Working Tax Credit is a payment to top up the earnings of working people on low incomes, including those who do not have children. There are extra credits for those recipients in working households where someone has a disability (known as the disability element). Tax Credit is available to employees and the self-employed, and includes support for the costs of qualifying childcare.

People who are responsible for a child or young person can claim Working Tax Credit if they are aged 16 or over and work at least 16 hours per week. People without children can claim Working Tax Credit if they are

- i) aged 25 or over and work at least 30 hours a week;
- ii) aged 16 or over, work at least 16 hours a week and have a disability which puts them at a disadvantage in securing employment; or
- iii) either the claimant or their partner are aged 50 or more, work at least 16 hours per week and are returning to work after time spent on qualifying out-of-work benefits.

Working Tax Credit is paid in addition to any Child Tax Credit the recipient may be entitled to and is based on the number of hours normally

worked and income (joint income for couples). If the recipient is employed, the employer will usually pay any Working Tax Credit through the payroll. If the recipient is self-employed, the payment of the credit will be made directly to them (through a bank, building society, or post office account) in a similar manner as a benefit payment. If the respondents are part of a couple that both work at least 16 hours per week, they can decide who will receive the payments of Working Tax Credit.

Working Tax Credit also makes an allowance for extra financial help towards the costs of approved or registered child care. This is known as the child care element within Working Tax Credit. Respondents will only be entitled to this if they are working at least 16 hours per week. If a respondent is eligible to receive the child care element of Working Tax Credit, this **will always** be paid to the person who is mainly responsible for caring for the child or children, and will form part of their payment of Child Tax Credit (ie, it is not paid as an element of Working Tax Credit).

**TaxCred**

**NOW THERE ARE SOME QUESTIONS ABOUT TAX CREDITS  
SHOW CARD HH**

**Are you at present receiving any of these Tax Credit payments [in your own right]? Please include any lump sum payments under £105 received in the last year.**

**Prompt: Which others?**

**CODE ALL THAT APPLY**

**INTERVIEWER: This figure will be the 'Total Income' figure at the bottom of the 'Your Income' section on page 2.**

The following questions are asked first for Working Tax Credit and then Child Tax Credit

If tax credit was a lump sum payment covering the whole year (If NtaxCrd=4 and WTCLum=1 or NtaxCrd =5 and CTCLum=1)

WTCLPay  
CTCLPay

**You said that you received a [Working Tax Credit/Child Tax Credit] lump sum payment covering the whole year. How much was this payment?**

**INTERVIEWER: If respondent receives combined payment of Working Tax Credit and Child Tax Credit enter it here.**

If amount received for lump sum payment exceeds £104

Soft check

*Lump sum payments should not exceed £104 for the tax year. Check that this is not a one off payment to correct for previous under payment. These should not be recorded at all.*

If the amount received for lump sum payment is less than £26.00

Soft Check

*Working Tax Credit lump sum and Child Tax Credit lump sum would normally be more than £26.00. Please check the circumstances and explain in a note if necessary.*

If Working Tax Credit or Child Tax Credit is received by regular payment either through the payroll or direct, the following questions are asked

**WTCamt/  
CTCamt**      **How much was received for your last [Working Tax Credit/Child Tax Credit] payment?**

**INTERVIEWER:**

**1: Exclude lump sum payments covering whole year.**

**2: If respondent receives combined payment of Working Tax Credit and Child Tax Credit enter it here.**

**3: If respondent receives Over 50's New Deal payment with Working Tax Credit, include it here.**

If figure for Working Tax Credit is less than £2 per week or more than £182 per week

**UWTCamt**      **How much is usually received for your Working Tax Credit payment?**

**INTERVIEWER: Exclude lump sum payments covering whole year.**

**3: Four weeks**

**97 None of these (EXPLAIN IN A NOTE)**

Information on tax credits for disabled people is increasingly important due to plans to move Incapacity Benefit recipients into work. If a person receives Working Tax Credit the following question will be asked. This will be asked to all recipients of Working Tax Credit regardless of whether they stated that they have a disability at the Health questions. This is because not everyone on Incapacity Benefit considers themselves to be disabled so may not answer the Health questions in the way we might expect.

**WTCD**      **Does the payment of [amount given for Working Tax Credit] include a Disability element?**

If the tax credit being received is Child Tax Credit, the next question is asked

**CCTC**      **Does this payment include a Child Care Tax Credit to help pay for child care expenses?**

IF either adult, or the only adult in the BU does not work, or works for less than 16 hours per week

Soft check      *Child Care Tax Credit is normally only recorded if both partners work at least 16 hours per week, or one is in such work and the other incapacitated. Please check and record in a note*

The Inland Revenue have informed us that there are cases where an award of £0 is made. The respondent may have been previously overpaid due to an unexpected increase in their income which was not reported. The Inland Revenue will therefore recover the money by giving an award of zero until the surplus amount has been repaid.

An award of £0 may also have been made if the household income is too high so the household is not eligible for tax credits.

If WTCamt or CTCamt is zero

**TCZero**      Can I just check, did you receive an award of £0 (zero pounds) because you are...

1. making repayments because of an overpayment of Tax Credit,
2. not eligible for payment of Tax Credit?
3. SPONTANEOUS - Other.

**TaxFut**      **SHOW CARD CC**  
**Are you awaiting the outcome of a claim for Working Tax Credit or Child Tax Credit?**

IF **TaxCred = 1 and TaxFut =1**, OR **TaxCred = 2 and TaxFut = 1** there is a soft check

Soft Check

*Present receipt of either WTC or CTC payments take precedence over future claims. Please delete code at **TaxFut**.*

Soft Check

If the first partner of a couple interviewed in the same BU states that they are receiving WTC or CTC as a regular payment or have received a lump sum (**WTCLum = 2** or **CTCLum = 2**), then their partner CANNOT also receive payments of the same tax credit.

## Block QTravel - Travel to Work

**Note: This block is rotated off in 2005 - 06**

The following questions allow the DWP to monitor changing patterns in how far people are prepared to travel every day to work.

## Block QPens - Pension Schemes

### Jump20

**THE QUESTIONS THAT FOLLOW ARE ABOUT PENSION PROVISIONS.**

The FRS contains questions on company and private pension schemes. The first question is asked of those respondents under 66 years of age who are currently in work, or who have previously worked. Those respondents over 65 years of age, or those who have never worked, will be routed directly to **StakeP**.

### EmpPay

**SHOW CARD KK**

**Now I have some questions about your pension arrangements.**

**Are you [or your employer] paying contributions to any of the pension arrangements shown on this card?**

**INTERVIEWER, READ OUT AND PROMPT EACH ITEM; CODE 1 & 2 IF BOTH PERSONAL AND COMPANY APPLY, CODE 2 & 3 IF COMPANY AND STAKEHOLDER APPLY ETC**

**Do you (or your employer) pay contributions to...**

**INTERVIEWER: If respondent has a stakeholder pension run by their company this should be coded as stakeholder and NOT occupational**

- 1. A personal or private pension fund, or retirement annuity**
- 2. A company or occupational pension scheme run by my employer**
- 3. A stakeholder pension scheme fund**
- 4. None of these**

"Superannuation" schemes should be treated as a company or occupational pension (code 2).

Code 1: These pensions may be taken out by self-employed persons or by employees who either do not have a company pension scheme or have opted out of it to set up their own 'personal pension'. The arrangement will normally be directly between an individual and a pension provider such as a bank, building society or insurance company. Only include pensions if contributions are being paid in now, or will be in future.

Code 2: Employees may be a member of an employer's pension or superannuation scheme on a voluntary basis. Some employers require employees to be members of their scheme unless they 'opt out' whilst others require them formally to 'opt in' before they can become members.

Code 3: Stakeholder pensions became available from 6 April 2001 and are intended to provide a low charge, privately funded, supplement to the basic state pension. Many people can pay into them even if they have an existing occupational pension. You can pay in up to £3,600 each year. Contributions can be made direct to pension providers or often, through

an employer. Tax relief is usually given on contributions. The schemes are regulated so that a limit is set on the amount providers can charge for servicing the pension.

Hard check

If code 2 but not an employee:

*Respondent is not an employee or doctor/dentist, so cannot belong to a company or occupational scheme.*

Doctors and dentists working in practice, who count as self-employed, but are able to contribute to an employer pension scheme, should be coded 2 at the question **Nature** in the job description block in order that the check above doesn't trigger for them.

For all those people not asked EmpPay, ie, those over 65, and those who have never worked, the following question is asked in lieu of EmpPay

**StakeP**

**Now I have some questions about possible pension arrangements. Are you paying contributions into a stakeholder pension fund?**

If 'Yes' then only the following questions are asked, **SPDat, SPWho, SPPay, SPPd, and SPMort**. The employer and IR payments/rebates questions are omitted.

If in a company or occupational scheme (code 2 at EmpPay):

**EpLong**

**SHOW CARD LL**

**Which of the time periods on this card best describes how long ago you joined your employer's pension scheme?**

- 1: Less than 6 months**
- 2: 6 months, but less than a year**
- 3: 1 year, but less than 2 years**
- 4: 2 years but less than 5 years**
- 5: 5 years but less than 10 years**
- 6: 10 years but less than 20 years**
- 7: 20 years or more**

**In the case of someone who has changed employer but remained in the same pension scheme, enter the time period which corresponds to when they first joined. Such a situation might apply for example, to teachers who have moved from one education authority to another but remain in the national pension scheme.**

**EpType****SHOW CARD MM**

**Which of the statements on this card best describe this scheme?**

**INTERVIEWER: CODE ONE ANSWER ONLY**

- 1. Contributions are taken out of my pay each week or month**
- 2. The scheme is non-contributory, but I do pay something to make additional provision for myself or my dependants**
- 3. The scheme is non-contributory. No-one takes money off my pay each week or month**

It may be helpful to consult a payslip if available.

Code 1: If the scheme is fully contributory, a typical contribution would be about 8% of gross pay. Sometimes an extra contribution of perhaps 1% or 2% for dependents (e.g. widows/widowers pension) may be made.

Code 2: applies if the employee does not contribute to the basic pension - the employer pays it all - but does pay a contribution of perhaps 1% or 2% of pay for extra benefits for self or dependents (e.g. widows/widowers pension). Such an arrangement applies to Civil Servants and some other public servants.

Code 3: applies if the employee does not contribute to the pension at all.

**KeepPen**

**If you were to leave your current job, could you still keep the pension and pay contributions into it, or would that not be possible?**

- 1. Yes**
- 2. No, not possible**

The purpose of this question is to identify whether this is a 'Group Personal Pension' scheme, which is provided by an employer but is more portable than traditional occupational pensions. Strictly speaking, a Group scheme is a collection of individual personal pensions, but many people who have one will consider it to be a company or occupational scheme rather than a personal pension, and will go down that route in the questionnaire. You should NOT attempt to re-route them however; accept whatever answers the respondent gives you. The phrase 'leave your current job' does not include transferring to another job with the same employer, or with a different employer in the same sector, if membership of the same pension scheme continues; e.g. Civil Servants transferring between departments staying in the PCSPS or teachers moving between local education authorities etc.

## Block QBenefit - State & Other Benefits and Pensions

### Jump21

#### THE QUESTIONS THAT FOLLOW ARE ABOUT STATE BENEFITS

All adult respondents are asked whether they are in receipt of any state benefits. For each benefit received there follow questions about the method of payment, amount last received and for certain benefits other follow up questions.

Throughout this section, please encourage respondents to find payments books, receipts, bank statements, DWP letters or Award Notices relating to benefits received. It is very important that as accurate information as possible is obtained, in what is a complex system.

Definitions of each benefit (excluding a few uncommon ones) are given below, under the question at which their receipt is recorded (**Ben1Q to Ben7Q**).

#### Receipt Of Benefits: Methods Of Payment And Combined Benefits

There are several methods by which benefits are paid.

##### Order book

Order books for benefits and Retirement Pension are being phased out. The last order books have been issued and will be valid until July 2005, although it is possible that respondents will refer to order books for a while after this time.

There are two types of benefit payment books still in general use, one used to pay Income Support only or Income Support plus other benefits; the other used to pay all other benefits.

In most cases you can find which benefits are payable from the information given on the inside page of the respondent's order book. Sometimes the information is not given until the second page when someone receives Income Support.

In books not used to pay Income Support, on the first or second page inside the book the first line of text should indicate which benefit or combination of benefits are in payment. In books used to pay Income Support, the different benefits payable should be clearly stated.

On the left hand side the rates a person may get for the particular

benefit(s) in payment are given. In the case of benefits other than Income Support, these rates will have a code letter (such as A-T for the components of Retirement Pension and Bereavement Benefit, which are recorded on FRS when an order book is consulted). On the right hand side the actual amount paid for each benefit is given.

Below is a mock up of such a page, showing the basic information you need to look for. It is not intended to be an exact replication of a real book. The figures and dates are fictional.

INCAPACITY BENEFIT		PAYABLE	
BENEFIT DETAILS AB123456A		RATE	FROM
A	70.95	75.70	01022005
B	9.50	87.90	03042005
G	7.45		

SEE NEXT PAGE FOR DETAILS OF UPDATING INCREASES AND EARNINGS RULE

(DWP/Benefits Agency LOCAL OFFICE ADDRESS)

In the above example Incapacity Benefit is the only benefit paid on this book. A total amount of £87.90 is received from 3 April, made up of different elements shown on the left. In some books two or more rates may be shown for the same benefit, those before and after the annual uprating which occurs in April, or after an adjustment to the person's entitlement. You should enter the rate that applied to the last payment received. Enter the total amount received at **BenAmt** (the name of the question asked for each benefit about the amount received), *but only if it is for that benefit only - see the section below on combined benefits.*

#### Giro cheque

The last 'Giro' cheques were issued in October 2004. A new contract has been set up since then with the Alliance and Leicester bank to enable cheque payments to be made to benefit recipients who are unable or unwilling to provide direct payment account details. Record these cheque payments as Giro cheques, as respondents are likely to continue to think of the Alliance and Leicester cheques as 'Giros'

#### Direct to bank/building society account (direct payment)

A new initiative was launched in April 2003 to pay the majority of

benefits directly into a bank, building society or Post Office account. For those respondents who do not have or do not wish to have a current account, banks, building societies and the Post Office offer what is known as a basic bank account or a card account solely for this purpose. The account operates purely to allow benefit to be paid electronically and allow the recipient to draw the benefit from their account. These accounts are:-

a Bank or Building Society Basic Account or Starter Account or  
a Card Account at the Post Office.

With the withdrawal of order books and giro cheques (see above), most pensions and benefits are now being paid via direct payment. The order books were very useful in identifying elements of benefits and providing detailed information on amounts received. With order books being phased out, collecting information on benefit amounts may be more difficult. However, respondents receiving pensions/benefits via direct payment should be sent information on the amount of benefit and/or pension they will receive via an entitlement letter sent by the DWP, Benefits Agency or The Pensions Service (part of the DWP). Providing the respondent has kept their letter in a safe place, you will be able to use the letter(s) as documentary evidence of the amount of benefit/pension received. A bank/building society/post office account statement will be a useful alternative.

Please be careful of instances where respondents give you the amount that they withdraw out of the account each week rather than the actual amount of benefit they receive. DWP are only interested in the amount of benefit people actually receive so if the respondent is not consulting documentation and is unsure of how much they receive, please enter a Don't know at BenAmt and put any useful information into a note. If the respondent is consulting their account statement and receives one benefit only, you may be able to collect the amount directly from their statement. If they receive two or more benefits and they are unsure of the split, please treat these as combined benefits (see instructions below).

Administered directly by an employer

For persons in receipt of Working Tax Credit and who are employees, the tax credit will be paid directly to them through their wages, rather than as a benefit payment administered by the Inland Revenue. The only cases where Working Tax Credit will not be administered by an employer are when that employer does not operate PAYE or there are less than 3 pay periods within the dates the employer is responsible for paying the tax credit.

Paid directly for motability

Motability is a registered charity through which those who receive the higher rate of Disability Living Allowance mobility component may hire

or purchase a vehicle (eg car, electric scooter, wheelchair) at a reduced rate. Either part or the whole of the allowance is paid to Motability.

### **Combined Benefits**

When more than one benefit is paid on the same order book or into the same account, you should try to identify the separate amounts received for each benefit, to enter at the appropriate **BenAmt** questions. However, it is sometimes difficult to identify the individual amounts. If the respondent has the Award Notice which specified which benefits they have been awarded, this should distinguish the names and amounts.

If you are unable to separate an amount covering a combination of benefits, whether paid by order book or by another method, you must not enter the total amount received at any of the **BenAmt** questions. What you should do is enter 'dk' at **BenAmt** for EACH BENEFIT concerned, and make a <Ctrl+M> note at each.

The note should state the following:

- the name of the household member concerned;
- the names of the individual benefits covered by the payment;
- the total amount received;
- the period covered;
- any other information which might be useful (e.g. whether paid at lower or higher rate).

This information will be used by the office editors, who will try to split the amount based on set procedures, or if this is not possible the data will be supplied to DWP to do the split.

When a 'dk' is entered at any **BenAmt** question a check question will follow, asking whether it is a 'dk' because separate amounts for the benefit cannot be established. If that is the reason, the 'dk' will not be included in the total of 'dks' and refusals for the questionnaire.

### *Components of benefits*

Some benefits are made up of different components, such as Retirement Pension. There may be a basic pension plus various other additions, premiums or allowances according to individual circumstances. The components are shown as letters on the left hand of an order book. In these cases the benefit is still thought of as a whole and the total amount of all the components, shown on the right of an order book, should be entered at **BenAmt** for that benefit.

Please also refer to the later notes about Attendance Allowance and Disability Living Allowance being paid as a component of Retirement

Pension/Widow's Pension/Bereavement Allowance or as part of Widowed Mother's Allowance/Widowed Parents Allowance, at **Ben2Q**.

### **Checks in the Benefits Block**

There are range checks on every benefit in this block. The ranges are based on the amounts known from latest DWP publications on benefit levels. All the checks are soft and may be suppressed if the respondent is convinced, or can produce documentation to show, that they are receiving the queried amount. If you are interviewing in April the checks will allow amounts from the previous financial year.

There are also checks relating to eligibility for certain benefits, e.g. if the respondent is over state retirement age but is not receiving Retirement Pension or if child benefit is being claimed, but there does not appear to be a child resident in the household.

Note that all benefits are paid on a weekly or number of weeks basis. In other words, **no benefit should usually cover a calendar month.**

### **Note about questions Ben1Q to Ben7Q (which benefits are received) :**

When there are two adults in the benefit unit, the question is put to the first adult, then immediately put to the second person as "**And [name], what about you?**". The exception is when one of the follow-up questions **Wid, War, DC, DM, AA, or JSAType** (see below) is required, in which case that will come first.

## **Ben1Q**

### **SHOW CARD NN**

**Looking at this card, are you at present receiving any of these state benefits in your own right: that is, where you are the named recipient?**

**1: Child Benefit**

**2: Guardian's Allowance**

**3: Invalid Care Allowance/Carer's Allowance**

**4: Retirement Pension (NI), or Old Person's Pension**

**5: Widow's Pension, Bereavement Allowance or Widowed Parent's (formerly Widowed Mother's) allowance**

**6: War Disablement Pension or War Widow's/Widower's Pension (and any related allowances)**

**7: Severe Disablement Allowance**

**8: None of these**

### **Child Benefit**

This benefit is received for each child under 16 and for any child aged 16-18 still in full-time further (but not higher) education. It is usually (but not necessarily) paid to the child's mother. It is not paid for foster children. There are three rates:

- higher rate for the only, elder or eldest child of a couple
- 'LP' rate for the only, elder or eldest child of a lone parent

- lower rate for subsequent children.

The 'LP' rate incorporates an additional element to replace One Parent Benefit, which was abolished from April 1997. Since July 1998 it has not been available to new claimants.

#### Soft Check

If a woman or single man has children in the household there is a check that s/he is receiving child benefit:

*Respondent is a woman/man with dependent child(ren), yet has not been recorded as receiving Child Benefit. Please check whether this is correct. If so, explain circumstances in a note <CTRL+M>.*

#### Soft Check

Or if the father answers that he is claiming Child Benefit when he is married or cohabiting..

*Respondent is a father receiving Child Benefit. Normally the mother receives the Child Benefit. Please check whether your answer is correct. If so, explain circumstances in a note <CTRL+M>.*

It could be that the father's partner is not the mother or stepmother of the child and it is the man that claims the benefit.

#### Guardian's Allowance

This is a weekly payment for someone who takes an orphan into the family. In exceptional circumstances this may be paid if one of the child's parents is still alive but cannot care for the child.

#### Invalid Care Allowance/Carer's Allowance

This is a weekly paid benefit to those spending at least 35 hours a week caring for a severely disabled person. They must not earn more than £79 per week after deduction of allowable expenses, or be in full-time education for more than 21 hours per week. If the disabled person dies, Invalid Care Allowance/Carer's Allowance will continue for up to eight weeks. It should be coded to the person doing the caring.

Each year there are a number of respondents who report receipt of ICA but do not report providing care. A soft check will appear to double check with the respondent whether they care for someone. If this is the case then return to the carers section and ask them the carer questions again. Make a note where you cannot reconcile the answer to ICA.

#### Soft check

*Are you sure [Name] receives Invalid Care Allowance/Carer's Allowance? They're not coded as a carer at WhoLook in the Households Schedule. Please check whether they are a carer. If so go back to the carer questions to record [Name] as a carer. If this is not appropriate please make a note of the reason why they have not been recorded as a carer.*

Similarly, if someone in the household is receiving ICA then the carer, who is also in the household, should be receiving DLA(C) or AA. If, on double-checking, it is established that the person receiving care is in receipt of DLA(C) or AA go back to Ben2Q and change the answer. Otherwise, suppress the check and make a note if appropriate.

Soft check

*Are you sure that [Name] does not receive DLA(C) or AA? The person who cares for them receives Invalid care allowance/carer's allowance, so the person cared for could be entitled to receive DLA(C) or Attendance Allowance. Please make a note if they do not receive DLA or AA.*

Retirement Pension

This is a taxable weekly benefit for women on reaching 60 and men on reaching 65. The basic pension rate is the same for men, women who have paid their own NI contributions at the standard rate, and for widows/widowers on their late partner's NI contributions. Married women who are not entitled to a pension on their own contributions may receive a pension on their husband's contributions.

Those who have paid NI contributions as an employee after April 1978 may also receive an **additional earnings related pension**. Those who have been in a contracted-out occupational pension scheme may receive a **guaranteed minimum pension**, which is the minimum amount that must be paid under such a scheme. Guaranteed minimum pension is also known as **contracted-out deduction**. Those who decide not to claim their pension on reaching retirement age can earn **additional pension increments**.

From April 2005, DWP are introducing more generous incentives to defer taking up the state pension. There is strong interest in how many people will take advantage of the deferral option.

People will be able to put off claiming their State pension for as long as they want and be able to earn extra State Pension, or a lump sum. If they defer they can choose one of the following options when they do claim:

- **Extra State Pension:** this is worked out at 1% for every five weeks the claim is deferred (minimum term five weeks).
- **A lump sum payment:** A one-off lump sum payment based on the amount of normal weekly State Pension someone would have received, plus interest added each week and compounded. They also receive their State Pension when they claim it paid at the normal rate.

With this option people have to put off claiming their State Pension for at least 12 consecutive months, which must all fall after 5 April 2005.

The compounded rate will be broadly equivalent to an annual interest rate of 2% above the Bank of England's base rate (so if the base rate was 4.75%, the annual rate of return would be 6.75%). As the Bank of England base rate may change from time to time, the rate of interest used to calculate the lump sum could also change.

Old Person's Pension or over 80s pension

This is for those people aged 80 or over who are entitled to State Retirement Pension of less than the amount payable on a spouse's contributions, or to none at all.

Asked to all males over 64 yrs of age and women over 59 yrs of age who did not answer 4 at Ben1Q:

**DefrPen**

**INTERVIEWER: The respondent is aged 64 or over (male) or over 59 (female) and so could collect state pension BUT they have not reported having NI retirement Pension (or Widow's pensions /bereavement allowance) or Old Person's pension. However, some people defer taking up their state pension in order to build up extra State Pension which they receive when they start claiming State Pension. This question is checking whether people have deferred taking up State Pension.**

**Have you deferred taking up your State Pension?**

**1 = Yes**

**2 = No**

PLEASE NOTE: There are many reasons why someone may not collect their State Pension. At DefrPen we only want to know whether the reason for not receiving the State Pension is because the respondent has taken up the deferral option or not. Code 1 'Yes' at DefrPen if the respondent has taken up one of the deferral options (e.g. the Extra State Pension or the Lump Sum Payment). Code 2 'No' if the respondent is not receiving Retirement Pension for any other reason (although he/she is eligible to receive it).

Widow's Pension

For those respondents widowed after April 2001, Widow's Pension will no longer be payable (replaced by Bereavement Allowance). However, existing widows will continue to receive it. Widow's Pension is a weekly benefit for women aged 45 and over (or 40 and over if widowed before April 1988) paid when their husband died or when their Widowed Mother's Allowance ends. Widows over 60 may opt to keep receiving Widow's Pension until they are 65, instead of Retirement Pension. Include Industrial Widow's Pension: paid to widows of those who died as a result of an accident at work or a prescribed disease.

Widowed Mother's Allowance

Was a weekly benefit for widows of any age who have at least one child for whom they get Child Benefit. This was discontinued in April 2001 and replaced with Widowed Parent's Allowance.

Widowed Parent's Allowance

Replaced Widowed Mother's Allowance in April 2001. Widowed Parent's Allowance extends the benefit to fathers as well as mothers. Payments to widowed fathers will be retrospective in the sense that although payments will only start from April 2001, they will be paid to both existing and new widowed fathers with dependent children. As with the redundant Widowed Mother's Allowance, there will be both basic and Second State Pension (formerly SERPS) elements payable, and additions for each dependent child.

Bereavement Allowance

For those widowed after April 2001, Widow's Pension will no longer be payable. Instead, there will be a new benefit called Bereavement Allowance. This is time limited and is paid for 1 year only. In addition the State Second Pension (formerly SERPS) element will no longer be payable. Bereavement Allowance will be payable to both widows and widowers who are aged 45 and over, and there will continue to be an age related scale for those widowed aged 45-55.

All these benefits are contributory, taxable and subject to normal income related benefits rules, and are paid on the basis of the contributions of the deceased spouse.

Note that Bereavement Payment (formerly Widow's Payment) should not be included here; it is a lump sum payment and there is a code for it at the later question on lump sum state benefits (**Ben5Q**).

Soft Check

If there are any children in the same benefit unit as a widow/widower under 65 who is not recorded as receiving Widowed Parent's Allowance:

*Respondent is a widow/widower under 65 with dependent child[ren], but is not getting Widowed Parent's Allowance. Please check that this is correct.*

**Allowances for The Disabled**

On 2 April 2002 the War Pensions Agency was renamed the 'Veterans Agency.' This agency now administers pensions to armed forces/ex-armed forces personnel and their dependents.

War Disablement Pension

is payable to people disabled as a result of service in the Armed Forces during the First World War or at any time since 1939. The amount

received depends on severity of disablement and rank.

War Widow's/Widower's Pension

is payable to widow/ers and children of someone killed in the Armed Forces or who died as a result of injury sustained in the Armed Forces.

Severe Disablement Allowance

may be received by people of working age who have been unable to work for 28 weeks or more because of illness or disablement, but cannot get Incapacity Benefit because they have not paid enough NI contributions.

If the respondent is aged over 50 and currently working, either as an employee or self-employed, but were out of work before this current job, the following question is asked concerning the New Deal for over 50s.

NDeal

**Are you currently receiving payment as part of the New Deal for over 50's?**

This New Deal Scheme is available to those who are aged over 50 and who were not working and on benefit for more than 6 months previously.

- If they take a full time job - the New Deal pays an extra £60 per week tax free (known as an Employment Credit) on top of the wage (£40 for part time work)
- The New Deal guarantees a take home wage of at least £180 a week, £9,300 a year if in full time employment
- An in-work Training Grant of up to £1500 may also be available when you start work
- Is paid straight into the bank account or by Giro, but not with wages.

If a parent states that someone in the household is receiving DLA, it is important to ensure that it is not for the dependent child (aged 16-18) who has already been identified as receiving DLA in their own right. This is because there can be more than one disabled family member and a parent could have 2 disabled children, one under 16 and one 16 -18 years.

*Respondent said earlier that [name of 16-18 year old] was receiving DLA Care component/Mobility component. Check if DLA indicated at Ben2Q is for [name] or for someone else. If it is for [name], then delete answer at Ben2Q as this has already been picked up at Block QHealth.*

Disability Living Allowance has two elements and is directed at the care needs and mobility needs of **disabled people of working age and below**.

The **care component** has three rates and has replaced Attendance Allowance for those under retirement age.

The **mobility component** has two rates, the higher one being for those unable to walk or who are severely restricted, and replaced the old Mobility Allowance.

Motability is a registered charity through which those who receive the higher rate of Disability Living Allowance mobility component may hire or purchase a vehicle at a reduced rate. Either part or the whole of the allowance is paid to Motability. The full amount received including any paid direct to Motability should be recorded. If the amount entered is after deducting money paid direct to Motability, a check will trigger. Please enter the amount of the higher rate as displayed in the check.

The following consistency check is triggered if the respondent receives DLA but said earlier that they had no health problems at **Health**.

Soft check

*Does the respondent really mean Disability Living Allowance? Earlier they said they had NO long-standing illness or disability.*

Attendance Allowance

is a benefit for people disabled **at or after age 65** who live at home and need looking after because of their physical or mental disablement. Attendance Allowance is not related to any income, savings or NI contributions and can be paid in conjunction with other benefits

including Income Support. There are two rates - a lower one for people who need looking after by day **or** night, and a higher one for people who need looking after by day **and** night. Attendance Allowance for those disabled before they were 65 was replaced in April 1992 by Disability Living Allowance (Care component).

Receipt of both Retirement Pension/Widow's Pension/Bereavement Allowance/Widowed Mother's Allowance/Widowed Parent's Allowance and Attendance Allowance or Disability Living Allowance

Recipients of Retirement Pension, Widow's Pension, Bereavement Allowance, Widowed Mother's Allowance, Widowed Parent's Allowance may also get AA or DLA (but not both); the AA/DLA may be paid separately from the RP/WP/BA//WMA/WPA, or as a component of it. In either case, the AA/DLA should be coded at **Ben2Q**.

If the respondent is receiving both Retirement Pension/Widow's Pension/Bereavement Allowance/ Widowed Mother's Allowance/ Widowed Parent's Allowance *and* Attendance Allowance or DLA(Care) and/or DLA(Mobility) the following check questions are asked as appropriate.

- AA**            **Is this Attendance Allowance paid as part of your [Retirement Pension / Widow's Pension / Bereavement Allowance / Widowed Mother's Allowance / Widowed Parent's Allowance], or do you receive it separately?**  
**1: Paid as part of pension**  
**2: Paid separately**
- DC**            **Is this Care Component of DLA paid as part of your [Retirement Pension / Widow's Pension / Bereavement Allowance / Widowed Mother's Allowance / Widowed Parent's Allowance], or do you receive a separate payment?**  
**1: Together with pension**  
**2: Separate payment**
- DM**            **Is this Mobility Component of DLA paid as part of your [Retirement Pension / Widow's Pension / Bereavement Allowance / Widowed Mother's Allowance / Widowed Parent's Allowance], or do you receive a separate payment?**  
**1: Together with pension**  
**2: Separate payment**

If the AA or DLA is paid as part of one of these benefits (i.e. it is paid as a component of the total WP/BA/WMA/WPA payment), the follow up questions for AA/DLA (how it is paid, amount received etc) are not asked, and the amount should be included in **BenAmt** for WP/BA/WMA/WPA. If the AA is paid separately the follow up

questions will be asked for both benefits.

For retirement pension only, if it is received via a bank/building society/post office account with AA or DLA, you will be asked to record the amounts for DLA / AA separately from RP. This is because the respondent should have received a separate entitlement letter for their disability/care benefits from the Disability and Carers Directorate within the DWP. If Retirement Pension (paid in combination with AA or DLA) is still paid by order book then the follow up questions for AA/DLA (how it is paid, amount received etc) are not asked, and the amount should be included in BenAmt for RP.

To illustrate, below is a mock up of an order book page showing receipt of AA as a component (H) of RP. In this case, RP should be coded at **Ben1Q**, AA should be coded at **Ben2Q**, and the question **AA** should be coded 1. At the **BenAmt** for RP, £130.23 should be entered. As an order book is consulted, the amounts for the components shown, A,B,C,D and H will be recorded at **PenComp/PenQ**. No separate **BenAmt** question for AA will be asked.

one benefit was entered at **Ben2Q**.

Soft Check

If any benefit entered at **Ben2Q** is also entered at **B2QFut**:

*At the previous question the respondent claims to be currently in receipt of Benefit number [1-4], so he/she is not likely to await the outcome of a claim for the same benefit. Please check your answers. If correct, explain circumstances in a Note.*

Respondents currently receiving a benefit may also be in the process of reclaiming it for a further period. However at the **B2QFut** questions you should only record NEW claims, not repeat claims from current recipients.

Soft Check

If respondents answer that DLA is awarded to 2 different household members

Hard Check

If same household member answers yes to present AND future DLA. In order to evaluate, the following question is asked.

**Is the future award of this benefit for the same person who is already receiving a DLA payment?**

If the answer to this question is Yes, the following hard check is introduced.

Jobseeker's Allowance (JSA)

From October 1996 Jobseeker's Allowance replaced Unemployment

Benefit (UB) and Income Support (IS) for unemployed people (i.e. people actively seeking work but who weren't eligible for Unemployment Benefit). Recipients of those benefits were automatically transferred to JSA.

The basic rules for receipt of JSA are that the claimant must be out of work or working less than 16 hours a week; be capable of work, available for work (usually of at least 40 hours a week) and actively seeking work; have a Jobseeker's Agreement with the Employment Service; be aged 18 or over and under state pension age; and any studying must only be part-time. (See under **JSAType** below for further details of JSA).

#### Soft Check

If a person coded as working claims to be receiving Jobseeker's Allowance the following check is triggered:

*Respondent is coded as working more than 16 hours a week and receiving Jobseeker's Allowance. Tactfully check this. (JSA is not usually payable in this situation).*

It is possible to work under 16 hours a week and to receive JSA, if the earnings are under certain amounts.

There are also checks if the respondent has answered in the block **Qcurst** that they are signed on at an Employment Service office in order to receive Jobseeker's Allowance, but is not coded at receiving this at **Ben3Q**, or that they are not signed on but are receiving it at **Ben3Q**.

#### Soft Check

*Respondent said earlier they were claiming Jobseeker's Allowance. If so, they should be coded here also. Please resolve the discrepancy, or explain it in a note.*

#### Pension Credit

In October 2003, the Minimum Income Guarantee (MIG) was replaced by Pension Credit, a tax credit administered by the Pensions Service (formerly the Benefits Agency).

There are **two** main elements to Pension Credit:-

1. The **Guarantee Credit**. This is the minimum amount a pensioner can be expected to live on (£109.45 per week for a single person and £167.05 for a couple). There will be additional amounts for owner occupier's housing costs, for disability and for caring responsibilities.

2. The **Saving Credit**. This is available only to pensioners aged 65

and over and aims to reward those who have made provision for their retirement over and above the state pension. The **Savings Credit** will give pensioners 60 pence for every £1 of income they have from second pensions, annuities, or savings up to a maximum amount in the region of £16.44 per week for a single person or £21.51 per week for a couple. Where a pensioner's income exceeds the level of the **Guarantee Credit**, every excess pound will reduce the savings credit by 40 pence.

The Pension Credit is designed to be less intrusive than the MIG in that, apart from major changes to personal circumstances, people aged 65 and over will not have to report changes in their circumstances for up to 5 years at a time. However if their income drops, they can ask for their Pension Credit to be increased.

#### Hard Check

*Pension Credit is only available to those aged 60 and over.*

#### Income Support

Income Support is for people aged 16 or over whose income is below a certain level.

To get Income Support you must be:

- sick or disabled OR
- a lone parent or foster parent OR
- getting Invalid Care Allowance/Carer's Allowance for looking after someone.

You cannot get Income Support if you work for 16 hours a week or more on average (or if your partner works for 24 hours a week or more on average). Income Support can be paid to top up other benefits, or earnings from part-time work, or if there is no money coming in at all. The amount depends on age, whether the person has a partner, dependant children, whether anyone has a disability, weekly income and savings. The savings limit for the claimant (and partner if any) is £8,000.

If the respondent is coded as receiving both Income Support and Jobseeker's Allowance the following check is triggered.

#### Soft check

*Please check: you cannot normally receive both Jobseeker's Allowance and Income Support at the same time. If correct, suppress the warning to continue and explain the reason in a Note.*

In case respondents confuse Income Support with (income-based) JSA the following check will be triggered if they said earlier that they were seeking work:

#### Soft check

*Are you sure? People who are looking for work (recorded earlier) would*

*normally be receiving Jobseeker's Allowance, not Income Support.*

If respondents claim they are not in receipt of housing benefit but are receiving income support

Soft check

*You and/or [name] said you are not in receipt of housing benefit, but one of you is receiving Income Support. Can I just check, is this correct?*

Similarly, if respondents said they were in receipt of housing benefit but are not receiving income support

Soft check

*You and/or [name] said you are in receipt of housing benefit, but neither of you is receiving Income Support. Can I just check, is this correct?*

If a respondent is over 60 and tries to report being in receipt of Income Support.:

Hard check

*INTERVIEWER: From October 2003 IS / MIG for those aged 60 and over was replaced by pension credits. Recode respondent as being in receipt of pension credit. Tell respondent 'Income Support / Minimum Income Guarantee has been replaced by Pension Credit for all those aged 60 and over from October 2003. I will therefore ask you to answer these questions about pension credit.*

**PLEASE NOTE: Minimum Income Guarantee (MIG)**

In October 2003, Minimum Income Guarantee (MIG) for people aged 60 and over was replaced by Pension Credits. All references to MIG have been removed from the questionnaire for 2005/2006.

Some respondents (about 11 people per year in the whole FRS sample) will still receive Income Support/Minimum Income Guarantee (IS/MIG). So although it will be a very rare scenario, some respondents may correctly tell you that they receive IS/MIG. However as the vast majority of respondents will not be receiving IS/MIG we do not want to misrecord people who believe they are in receipt of MIG but are in fact receiving Pension Credit. Code any reports of Income Support/MIG as Pension Credit and make a note at **Ben3Q** explaining that the respondent reports that they get MIG. If you can check any relevant documentation so that you can be sure MIG is received that would be helpful in verifying the respondent's claim to be in receipt of MIG.

Incapacity Benefit

is paid to people who have been medically assessed as incapable of working and who cannot get Statutory Sick Pay from an employer. If a person is/was receiving Statutory Sick Pay, Incapacity Benefit replaces it after 28 weeks. It is a contributory benefit; it is not

means-tested. There are three basic rates:

- the short term lower rate for the first 28 weeks of sickness;
- the short term higher rate for weeks 29-52;
- and the long term rate from week 53.

Extra benefit may be paid for dependant adults and children. For new claimants, entitlement ends at state pension age.

### Soft Check

If currently working.

*Respondent says he/she is currently receiving Incapacity Benefit whilst being employed. This is not normally possible. Please check that your answer is correct. If so, explain circumstances in a note.*

### Maternity Allowance

may be paid to those women who are not entitled to Statutory Maternity Pay, for 26 weeks, starting from the 11th week before the baby is due.

### Industrial Injuries Disablement Benefit

For those disabled as a result of an accident at work or as a result of a prescribed industrial disease. It can be received even if the recipient continues/returns to work.

Do NOT include receipt of Reduced Earnings Allowance (REA), at this question. It should be recorded at the 'any other state benefit' code at Ben5Q. See the later instruction at that question for the definition of REA.

If anyone is receiving Jobseeker's Allowance (code1), the following question is asked:

### JSAType

**There are two types of Jobseeker's Allowance. Is your Allowance...**

- 1. ...'contributory', that is based on your National Insurance contributions,**
- 2. ... or is it 'income based' Jobseeker's Allowance: which is based on an assessment of your income?**

There are two types of JSA:

- **Contribution-based**, which is dependent on the claimant having paid enough Class 1 National Insurance contributions in the previous two years. (Those who formerly received Unemployment Benefit were transferred to this type of JSA.) It is payable for up to 6 months.
- **Income-based**, which is dependent on the level of the claimant's income or savings. (Those who received Income Support as an unemployed person were transferred to this type of JSA.)

**Only one type may be awarded at a time.** Once the maximum time on contribution-based JSA has passed the claim will be reviewed to see if the person is eligible for income-based JSA. A claimant who satisfies the contribution conditions but whose income does not meet their needs will be awarded income-based JSA, which will include an

element based on the contribution record. It is not possible to receive JSA and Income Support simultaneously.

There are fixed age-related rates for the allowance. For income-based JSA only, the claimant may get extra for an adult dependant and various other premiums. Payment is by giro cheque or direct to a bank account.

Small amounts may be earned from part-time work before affecting the benefit, the maximum that can be earned varying from £5 to £15 a week depending on which type of JSA is received, marital status, the number of hours worked by a partner, dependant children and other criteria.

There are some checks relating to the type of JSA. If the person was self-employed in their last job, and is coded as getting contribution-based JSA:

Soft check

*Only people who have recently been employees can receive contributory JSA. Please check if they have been an employee in the last 3 years.*

If the person has been out of work for over 6 months but says they are receiving contribution-based JSA:

Soft check

*Are you sure it is contribution-based JSA? Earlier they said they had not worked in over 6 months. Only Income-based JSA is payable after 6 months out of work. Check with respondent and explain in a note if correct.*

**4: Incapacity Benefit**

**5: Maternity Allowance**

**6: Industrial Injury Disablement Benefit**

If a respondent is under 60 years old and says that they have applied for Pension Credit

Soft Check

*Only those aged 60 and over are eligible for Pension Credit.*

Soft Check

If any benefit entered at **Ben3Q** is also entered at **B3QFut**:

*At the previous question the respondent claims to be currently in receipt of Benefit number [1-5], so he/she is not likely to await the outcome of a claim for the same benefit. Please check your answers. If correct, explain circumstances in a Note <CTRL+M>*

**In the last 12 months, have you received any of the things shown on this card, in your own right?**

**1: A grant from the Social Fund for funeral expenses**

**2: A grant from Social Fund for maternity expenses/Sure Start Maternity Grant**

**3: A Social Fund loan or Community Care grant**

**4: None of these**

A Grant from the Social Fund for Funeral Expenses - a lump sum to help cover the cost of a simple funeral to those who receive Income-based JSA, Income Support, Pension Credit, Tax Credits, Housing Benefit, Council Tax Benefit or income-based Jobseeker's Allowance.

A Grant from the Social Fund for maternity expenses - this may be made to women who receive Income-based JSA, Income Support, Pension Credit, or Tax Credits, and have savings under £500. The grant is a one-off payment of £100.

Sure Start Maternity Grant - is administered by the social fund in the same way as a maternity grant. The difference is that the sure start grant will be £500. Also to receive the grant the customer has to receive advice from a health professional. The new forms will have a place for the health professional's signature and the grant will not be awarded without this. In all other ways it is the same as a maternity grant.

Social Fund Loans - are repayable interest free loans:

Budgeting Loans are to help spread the cost of budgeting for items such as a cooker, a bed. Applicants must have been on Income Support/JSA for at least 26 weeks. Certain criteria must be met.

Crisis Loans are to help people who cannot meet their immediate short-term expenses in an emergency. Awards are discretionary.

Community Care Grant from the Social Fund – are to help people in particular groups, e.g. elderly or disabled people. They must be eligible for Income Support. Awards are discretionary.

The next question is asked if the respondent is aged 60 years or over

**WintFuel**      **In the last 12 months have you received Winter Fuel Payment in your own right?**

**INTERVIEWER: Please include any one-off payments to people aged 70 or over to help for living expenses, including Council Tax bills which were paid with the Winter Fuel Payment.**

**If the one-off payment was not paid with Winter Fuel Payment please use code 9 “Any national insurance or state benefit not already mentioned earlier” at Ben5Q (the next question).**

Winter Fuel Payment

A one-off payment of £200 to help towards winter fuel bills each year. Paid to all households that include someone aged 60 or over who is ordinarily resident in Great Britain.

Households with someone aged 80 or over receive an additional payment of £100. From Winter 2004/05, eligible households with someone aged 70 or over will also receive a one-off payment of £100 to help with living expenses, including council tax bills. This one-off payment is being paid automatically in most cases with Winter Fuel Payment so record it here and open a note to specify the separate amounts. If it is not paid with Winter Fuel Payment, record the details at Ben5Q (code 9).

NOT to be confused with cold weather payments which is an award to families on Income Support, income based Job Seekers Allowance or have a child under 5, when the temperature falls below zero for 7 consecutive days.

- 6: Work-Search Premium**
- 7: In-Work credit**

- 10: None of these**

#### A Back to Work Bonus

Claimants who have been on either Income Support, Pension Credit or Jobseeker's Allowance for at least 13 weeks and who work for less than 16 hours a week may build up entitlement to a lump sum payment, which will be paid to them when they come off the benefit and move into work. It will accrue on earnings above the disregard level. A statement of how much has accrued will be sent to the claimant every 13 weeks. The amount of bonus payable ranges from £5 to £1,000 per benefit claim and will usually be paid with the claimant's last receipt of IS/Pension Credit or JSA.

This scheme ended on 25<sup>th</sup> October 2004. People who had built up a bonus prior to this date would have had it frozen and would have had to claim it by 28<sup>th</sup> January 2005.

#### Extended Payment of Housing Benefit/Council Tax Benefit

People who leave benefit because they start work or increase their part-time hours or earnings may be eligible for continuation or run-on of Housing Benefit or Council Tax Benefit (or both). They must have been in receipt of JSA(IB) or Income Support for 26 weeks. This extended payment has to be claimed separately from the 'normal' Housing benefit/Council Tax Benefit and is added on as 4 extra weekly payments. It can be received any time over the past 6 months.

#### Bereavement Payment (formerly Widow's Payment)

A lump sum paid immediately after the spouses' death provided that he/she had paid enough NI contributions. As the amount received is a fixed rate (£2000) there is no follow up question asking the amount. In addition, a widow or widower may receive Widowed Parent's Allowance, Bereavement Allowance or Widow's

Pension (see earlier question).

#### Child Maintenance Bonus

Child Maintenance Bonus (now phased out and replaced with Child Maintenance Premium) was available to Income Support and JSA (IB) recipients who have a dependant child. They must also have been in receipt of child maintenance for that child. While they were on benefit, they could accrue a bonus up to a maximum of £1000.00. That bonus accrued weekly at the amount of maintenance received to a maximum of £5 per week. The bonus was only payable if and when the customer came off benefit to start full time work. It is very similar to the back to work bonus.

#### Child Maintenance Premium

Changes in the way that child maintenance is calculated have resulted in Child Maintenance Bonus being phased out when the reforms take effect. For those who are already getting child maintenance, the amount they can receive will build up until they are transferred to the new system. For those who apply after the new system is introduced (or are transferred to the new system), they will be able to keep up to £10 a week of the maintenance paid for their children. This is called Child Maintenance Premium.

#### Lone Parent's Benefit Run-On

The Lone Parent's Benefit Run-On entitles a lone parent who leaves Income Support or Job Seeker's Allowance (Income Based) to go into work to an extra 2 weeks IS. This is provided that the lone parent has been on IS or JSA (IB) continuously for at least 26 weeks, that they have been a lone parent throughout that period, and that the work is for at least 16 hours a week and expected to last for at least 5 weeks.

From 25 October 2004, Lone Parent's Benefit Run-on was replaced by a new Job Grant. This is a tax free payment payable if the person is taking up full time work of at least 16 hours per week.

The amount depends on individual circumstances:

- £100 for single people and couples without children
- £250 for all lone parents and couples with children

#### Work-Search Premium

The Work-Search Premium was introduced into 8 pilot areas to help remove the disincentive of the costs of job search. It is available to lone parents who have been on IS or JSA (IB) for 12 months or more, and who agree to search actively for work.

The premium is an award of £20 per week, and is paid in addition to benefit for up to six months of intensive consistent work search activity.

#### In-work Credit

Introduced in tandem with the Work Search Premium in 18 pilot areas. It is available to lone parents who have been on IS or JSA (IB) for 12 months or more, and is payable for the first 12 months in work to encourage and assist lone parents to leave benefits for full-time employment. The credit is worth £40 per week.

#### Return to work Credit

Introduced to reward those recipients who come off benefits to return to work. It is a credit worth £40 per week and is paid to those earning up to £15,000 per annum.

Any National Insurance or State benefit not mentioned earlier includes:

- Cold Weather payments;
- Earnings Top-Up: being piloted in some areas from October 1996, this may be paid to lower paid people working more than 16 hours a week.
- Reduced Earnings Allowance: this might be paid to a person disabled as a result of an accident at work or an industrial disease before October 1990, if their earning capacity fell as a consequence.  
The allowance is tax-free.
- One-off payment to people aged 70 or over to help them with living expenses eg council tax bills
- any other benefit

Do NOT include the Christmas Bonus paid automatically to recipients of certain benefits in December. It does not need to be recorded anywhere. The name of the benefit should be stated at the text question **OthName** below.

If respondent claims to be in receipt of Work-Search Premium or In-work Credit:

If no letter is consulted:

**BankStmt**

**[BENEFIT NAME]: ASK OR CODE:**

**... or is there a bank statement you could consult?**

If a letter from the DWP/Benefits Agency/Pensions Service, Award Notice, or a bank statement is consulted, ensure that all benefits shown on it are recorded at **Ben1Q** etc.

**BenAmt**

**[BENEFIT NAME]:**

**How much did you get last time for [benefit name]?**

**(IF COMBINED WITH ANOTHER BENEFIT AND UNABLE TO GIVE SEPARATE AMOUNT, ENTER 'Don't Know' FOR BOTH/ALL SUCH BENEFITS)**

**[IF PENSION CREDIT RECEIVED FOR GUARANTEE CREDIT AND SAVINGS CREDIT ENTER TOTAL RECEIVED HERE]**

**INTERVIEWER: Record the FULL amount of benefit actually received not just the amount withdrawn from the account. The amount taken from the account may be only part of the benefit received. If the respondent does not know the actual amount received, code don't know and make a note.**

An amount should only be entered if it is solely for the benefit named on-screen. In cases where two or more benefits are paid in combination, check any documentation and if it lists individual benefit amounts, enter them as appropriate. An Award Notice should itemise in this way. If it is not possible to identify individual amounts, enter 'don't know' for both/all benefits concerned. Never enter a combined benefit amount, i.e. covering more than one benefit coded at **Ben1Q** to **Ben5Q**, at any single **BenAmt**. If 'dk':

**BenAmtDK**

**INTERVIEWER: IS THIS 'DON'T KNOW' BECAUSE IT'S PAID IN COMBINATION WITH ANOTHER BENEFIT, AND YOU CANNOT ESTABLISH A SEPARATE AMOUNT?**

**1: Yes INTERVIEWER: Leave your 'Amount' answer as 'Don't know' and ENTER THE COMBINED BENEFIT FIGURE IN A NOTE, with explanations as needed.**

**2: No**

If 'Yes', the note should state the following:

- the name of the household member concerned;
- the names of the individual benefits covered by the payment;
- the total amount received;
- the period covered;
- any other information which might be useful (e.g. whether paid at lower or higher rate).

'Don't know' should also be entered at **BenAmt** for the other benefit(s) concerned, and a note made cross-referencing the other(s). The 'don't knows' in these circumstances are not included in the count of DK/refusals in the questionnaire. It is important to give accurate details so that office editing can be done to apportion the total amount if possible. In cases where combined amounts cannot be apportioned at the edit stage, the combined figure is given to DWP.

### **BenPd**

#### **How long did this cover?**

For some benefits there are checks if the amount received (or weekly equivalent) either differs from the set rate or rates for that benefit, or in the case of income-related benefits, if it falls outside the normal range of payments.

It is important to probe or check these where possible, to ensure that the correct benefit type has been recorded, or the correct figure entered. Please see instructions at some individual benefits above.

If doing this does not resolve the check, please make a note for the editors. The note should either confirm that the benefit type and amount is confirmed as correct - and if a document was consulted, say this - or give as much information as possible to enable the editor to amend it if necessary, for example if a certain rate is received (standard, low, middle, high) but they don't know exactly how much it is.

If respondent receives Pension Credit and the weekly amount is more than £250

### Soft Check

*Are you sure? The maximum normally received for Pension Credit is £250 per week*

ADDITIONAL QUESTIONS FOR RETIREMENT PENSION, WIDOW'S PENSION, BEREAVEMENT ALLOWANCE, WIDOWED MOTHER'S ALLOWANCE, WIDOWED PARENT'S ALLOWANCE:

**Usual**            **Is that the amount you usually get?**

**BUAmt**           **How much do you usually get?**

**BUspd**           **How long does this cover?**

If an order book is being consulted, the components of the pension shown on the document are recorded at a question called **PenComp** and the amount for each is asked in a series of questions called **PenQ**. The exception is Order Book 10, meaning that Pension Credit is also received and which does not show the components, so **PenComp** and the **PenQs** are not routed.

**PenComp**           **[NAME OF BENEFIT]**  
**INTERVIEWER: ASK RESPONDENT TO CONSULT ORDER BOOK (FRONT SECTION), FOR THE LETTERS RELATING TO THEIR PENSION COMPONENTS.**

18. **T Mobility Component (Low)**

(P to T are the different rates of DLA). For those components coded:

**PenQ**            **And what is the amount for ...**  
**[Name of code]**

Soft Check           If the sum of the components A - T differs from the amount of Retirement Pension/Widow's Pension/Bereavement Allowance/Widowed Parent's Allowance/Widowed Mother's Allowance at **BenAmt** by more than a certain amount:

*Pension components do not add up to the weekly pension. The components add up to £[n] but the pension is £[n] (NB: L=J-K).*

*Please check Period Code and all amounts. If still a discrepancy, explain circumstances in a Note.*

The total benefit amount and the individual component amounts are displayed to help you check. **BenAmt** should be equal to or greater than components A+B+C+G+H+(J-K)+M+N+O+P+Q+R+S+ T.

Component J (Additional pension) less component K (Contracted out deduction - not paid to the respondent) results in component L (Additional pension after contracted out deduction). Component L is therefore excluded from the above calculation or it would be double-counted. (Hence the reference in the check to 'NB: L=J-K'). However it is still to be recorded so that neither you nor the respondent question why it isn't asked for.

During the run up to the annual uprating of benefit amounts in April, the amounts for components may actually be those after the uprating rather than those included in the last amount of pension received. In such cases, suppress the check.

If an entitlement letter is being consulted, the components of the pension shown on the document are recorded at a question called **PenLtr** and the amount for each is asked in a series of questions called **PenL**.

The entitlement letter gives a detailed breakdown of the pension (there is an annotated example in your pack) The list of pension elements and the amounts to be received are not labelled by a lettering system as they are on the order books (e.g. A Basic Pension, B Basic Pension increments). The Retirement Pension elements listed on the entitlement letter also have slightly different descriptions to those shown on the order book.

Household bills paid direct by Income Support/Pension Credit should be shown at the appropriate questions asking if the DWP pays directly for any items of household expenditure.

If there are any children under 16 (or 16-18 in full time non-advanced further education) in the BU of the respondent receiving Income Support/Pension Credit:

**Maint****Can I just check, does your Income Support/Pension Credit include any payment from the Child Support Agency for your child(ren)?  
INTERVIEWER: THIS MAY BE THROUGH A COURT ORDER, CSA ASSESSMENT OR WRITTEN MAINTENANCE AGREEMENT.**

The DWP want to know about all cases where child support is received, which includes people on Income Support/Pension Credit who don't themselves receive any extra money. A parent on Income Support/Pension Credit whose ex-partner pays child support to the CSA has their benefit reduced pound-for-pound. If the money is simply passed on to them separately from the Income Support/Pension Credit, the Income Support/Pension Credit is reduced by the same amount. Alternatively they can opt to take the child support as *part of their benefit*, the advantage being that even if the partner stops paying, the parent still gets their full benefit (it's up to the CSA to collect the money). Code 'yes' if the latter situation applies, code 'no' if the money is passed on separately from Income Support/Pension Credit.

If respondent is in receipt of Pension Credit and has consulted the award notice/notification letter, the following questions are asked.

**PComp****PENSION CREDIT:**

**INTERVIEWER: ASK RESPONDENT TO CONSULT AWARD NOTICE TO SEE IF GUARANTEE CREDIT AND SAVINGS CREDIT BEING RECEIVED**

**INTERVIEWER: ENTER AMOUNT FROM AWARD NOTICE RECEIVED FOR THE GUARANTEED ELEMENT**

**PCmpAmtS**

**INTERVIEWER: ENTER AMOUNT FROM AWARD NOTICE**

**RECEIVED FOR THE GUARANTEED ELEMENT**

If Pcomp is Coded 1-2 and the follow-up questions PCmpAmtG and PCmpAmtS are coded 'Don't Know' the following soft check will appear. The award notice is made up of a number of pages. The section of the award notice entitled 'How pension credit has been worked out' gives the breakdown of the components of the pension (see your training pack for an example). Respondents may have only kept the first page of the award notice and therefore only know the total amount of benefit received as the subsequent pages may have been thrown away. If this is the case, please suppress the check and leave a note to explain why you are unable to give a breakdown.

Soft check

*Respondent is consulting award notice but cannot give the breakdown of components. Please check ALL pages of award notice and look out for section titled "How pension credit has been worked out" to find the breakdown. If respondent has only kept first page, please make a note.*

If the amounts recorded in PCmpAmtG AND PCmpAmtS do not equate to the total amount of Pension Credit received

Soft check

*The Savings and Guarantee elements of pension credit should add to make the total amount of PC received.  
INTERVIEWER: If the amounts cannot be reconciled make a note to explain the circumstances.*

**INTERVIEWER NOTE: ELIGIBLE RESPONDENTS WILL BE EITHER ACCRUING A BACK TO WORK BONUS OR HAVE RECEIVED IT ONCE THEY COME OFF BENEFITS. THE BONUS IS PAID THROUGH THE FINAL BENEFIT PAYMENT AND SO THERE MAY BE CASES WHERE SOMEONE IS STILL ON BENEFITS, AND SO WILL BE ASKED IF THEY ARE ACCRUING, BUT HAVE ALREADY RECEIVED THEIR BONUS. WE WOULD EXPECT THE RESPONSE TO BTWACC TO BE NO.**

IF RECEIVED A BACK TO WORK BONUS:

**BTWstmt** Do you have a statement showing the amount of the bonus?

**AccruAmt** How much have you built up for a Back to Work Bonus?

ADDITIONAL QUESTIONS FOR ANY OTHER NI OR STATE BENEFIT IN THE LAST 6 MONTHS:

- 5: Permanent health insurance**
- 6: Hospital savings scheme**
- 7: Friendly society sickness benefit**
- 8: Critical Illness Cover**
- 9: Any other sickness insurance**
- 10: None of these**

The DWP interest here is in *regular* income from an insurance policy, in the event of change in employment status or health, rather than, for example, to pay for medical treatment/expenses. One off / lump sum payments should be excluded.

Code 1 covers any income from an insurance policy which provide benefits in the event of loss of earnings due to redundancy or unemployment. Do not include any redundancy payments from an employer, which are picked up later.

Only regular income over an extended period should be included at these questions, not one-off / lump sum payments for medical treatment, compensation etc. which are considered to be windfall amounts by DWP. If the amount is a one off payment, the appropriate code should be removed from **Ben7Q**.

Soft check

## Block QOIncA - Income from Pensions, Trusts, Royalties and Allowances

**Jump 24**            **THE QUESTIONS THAT FOLLOW ARE ABOUT OTHER INCOMES.**

If the respondent is not currently working but has been an employee in the last year, or if they are working but have been with their current employer for less than a year, they are asked the following:

**RedAny**            **In the last 12 months, that is since [date], have you received any redundancy payments?  
INCLUDE STATUTORY AND NON-STATUTORY**

**RedAmt**            **How much did you receive?**

Any termination payments that are contractual should be excluded, e.g. where an employee's contract of employment covers a period of two years and includes provision for a termination payment at the end of the two years.

The total redundancy pay received including statutory redundancy payments and any other payments made on termination of employment, such as those made under the employer's own redundancy scheme; ex gratia payments to which the employee had no contractual agreement and money in lieu of notice.

**AnyPen**            **SHOW CARD UU**

- 2: Widow's employee pension (PENSION FROM PREVIOUS EMPLOYER OF DECEASED SPOUSE OR RELATIVE)**
- 3: A personal pension**
- 4: A pension as a member of a Trade Union or friendly society**
- 5: An annuity (includes home income plan or equity release)**
- 6: A trust or covenant**
- 7: A share of an employee or personal pension from an ex-spouse/partner as a result of a court order or settlement made on divorce**
- 8: None of these**

This question relates not only to a private pension received by the informant from their own previous employer but also to a private pension from the employer of a deceased spouse or other relative. Also include receipt of pensions from a *current* employer.

An occupational pension from an overseas government or company should be accepted at this question, if paid in sterling.

If paid in foreign currency, the pension should be treated as unearned income and entered at **Royal**.

Regular income from an insurance policy or from equity release (and not purchased from pension funds) should be included under 'annuity'. Under equity release schemes (such as Home Income Plan, Reversion schemes, Retirement Home Plan) elderly property owners may take out a loan secured on their home and use it to buy an annuity, part of which provides them with an income. Such a loan/mortgage should be recorded as a second mortgage in the household questionnaire (provided interest on the loan is being paid).

A soft check has been added to AnyPen to double-check that Code 7 'A share of an employee or personal pension from an ex-spouse/partner as a result of a court order or settlement made on divorce' applies to the respondent who was earlier identified as being a widow in receipt of widow's pension or benefits.

Soft Check

*The respondent receives Widow's pension. Are you sure that they receive a 'share of an employee or personal pension as a result of a court order or settlement on divorce'? Should you have coded 2 'widow's employee pension' instead? Please check the circumstances and explain in a note if necessary?*

ADDITIONAL QUESTION FOR TRUSTS OR COVENANTS

**TRights**            **Do you have an absolute right to take income or capital from the trust, or do you have to apply to trustees for their permission each time you want money from it?**

**2: Royalties e.g. from land, books or performances**

**3: Income as a sleeping partner in a business**

**4: An occupational pension from an overseas government or company, paid in FOREIGN CURRENCY**

**5: None of these**

There is a soft check if the respondent also receives income from subletting (question **SubRent** in the household schedule), to ensure no double counting occurs.

Sleeping partner in a business: this includes income from, for example, being a Lloyd's name.

If codes 2, 3 or 4:

**RoyYr**

**Thinking of your [royalties/income as a sleeping partner/pension paid in foreign currency] how much have you received in the last 12 months?**

**ENTER AMOUNT IN £**

If code 1 at Royal:

**PropRent****SHOW CARD XX**

**How much rent have you received before tax from other property in the last 12 months, AFTER paying for any of the things on this card?**

The card includes the following expenses related to the letting of property, which are allowable against tax:

1. Repairs, maintenance and renewals (do not include capital improvements).
2. Interest on a loan to purchase the property.
3. Rent, rates, insurances paid on the property.
4. Legal and professional costs relating to the purchase.
5. The cost of services provided (cutting grass, maintenance etc).

If the accommodation is furnished, there is a 10% allowance on rent for wear and tear of the furnishings. Other allowances may be taken into account for tax purposes.

The question refers to other physical property (i.e. buildings), and is intended to cover mainly:

- i) property where one of the respondents is a private landlord
- ii) income from e.g. second homes or holiday homes which are let.

It can include property both in this country or abroad.

If the respondent has more than one property enter the total amount of rent received.

If the respondents jointly own a property that is being rented then identify both of them at this question and then apportion the amount of income received.

This question asks for all rent received over the last 12 months even if the property has been sold and therefore no longer owned by the respondent.

**The following sources of income should NOT be included on FRS:**

- (i) Sale of house, stocks and shares or any other assets.
- (ii) Maturing life policies, cash-in or life assurance.
- (iii) Pools or lottery wins.
- (iv) Legacies.
- (v) Cash gifts from friends or relatives inside or outside the household.
- (vi) Honoraria (An honorarium is earned income and should be entered at Bonus).

Items (i) to (vi) are regarded as 'windfall' income and should not be included in the survey.

Life assurance/insurance/endowment policies with a savings element should not be included. The assumption would be that on maturation the money would be spent or transferred into one of the savings or investment types that are recorded.

Whilst we cannot accept NEGATIVE amounts, if **PropRent** £amount is given, we ask

**RentProf**

**Is that a profit or a loss from the property?**

**1: Profit**

**2: Loss**

This caters for losses on properties.

3: USE THIS CODE if it's clear that there are NO PREVIOUS PARTNER(S) & NO CHILDREN from ANY previous liaison/partnership

Use Code 1: 'Yes' if:

any payments are being received from a previous partner either directly, or passed on by a court, the CSA or DWP (separately from any Income Support payment – see below).

Use Code 2: 'No' if:

a) There is any previous partner who might therefore potentially be liable to make or, indeed, to receive, maintenance payments or,

b) if the respondent has any children from a previous partnership or liaison (however brief). Such children do **not** need to be members of the household, or in the custody of your current respondent (e.g. they might be with the ex-partner).

c) if payments *are* being made by an ex-partner to DWP, but the respondent doesn't actually receive any money, because otherwise it would be deducted from benefit. This situation is covered in the benefits section, at the Income Support follow up question **Maint**. The textfill '**Apart from the maintenance included in your Income Support**' appears if **Maint** = yes. If the respondent receives maintenance as part of Income Support AND any other maintenance payments paid separately, code 'yes' and ask the follow-up questions with regard to the non-Income Support payment.

**Use Code 3 only** when the respondent explicitly states that there are **NO** circumstances (former partners, or children by previous liaisons) which could make the respondent potentially liable either to PAY or to

RECEIVE maintenance. This will prevent any further question on this topic coming up for this respondent.

There follow some questions about any maintenance being received by the respondent, unless it is paid as part of Income Support. In such cases this question will only be asked if the respondent is receiving a separate maintenance payment at **MntRec**, and will include the textfills in [ ].

**MntCt** [Apart from the payments included in your Income Support] Do you have any sort of court order or Child Support Assessment, requiring a previous partner to make [any other] money payments (whether you're actually receiving any or not)?

The above question will always appear even if people are **not** receiving maintenance payments at present. This is because it is possible, for example, to have a court order for maintenance payments which is being disregarded.

**MntGOV** Do you receive these payments yourself, or are they paid via the DWP or the Child Support Agency?  
**IF BOTH i.e. 2+ PAYMENTS RECEIVED, CODE BOTH**  
**1: Paid to self**  
**2: Paid via DWP/CSA**

Maintenance payments are increasingly handled by the Child Support Agency. If a respondent answers that a payment is made via the CSA or the DWP both of these should be coded as 2.

It is possible to code both situations, in which the subsequent questions **MntAmt** to **MntFor** will be asked for each arrangement, and there will be a display screen as follows for each in turn.

**SIntro** THE FOLLOWING QUESTIONS ARE ABOUT THE MAINTENANCE PAID TO THE RESPONDENT ('PAID TO SELF')

if only implicitly indicated as being 'after tax' and no tax amount is recorded).

Include payments direct to Inland Revenue, such as those declared on a Self-Assessment Tax Return; for example higher rate tax payers are responsible for paying the second 20% on investment income (the first 20% being deducted by the bank, share company etc). Tax on employment earnings not paid through PAYE should be covered here (e.g. a payment demanded due to previous underpayment).

Exclude any payment of Value Added Tax (VAT), Capital Gains Tax or an amount set aside for payment of income tax.

This question is only asked of those who are not in work as employees or self-employed, whose contributions are recorded in the pay/profit blocks.

### OddJob

**QUESTIONS ABOUT OCCASIONAL WORK AND ODD JOBS**

**SHOW CARD ZZ**

**During the last 4 weeks, have you received any money from the kinds of work shown on this card, which we have not yet covered?**

**CODE ALL THAT APPLY**

**1: Babysitter**

**2: Mail order agent**

**3: Odd job, occasional work or professional advice**

**4: No to all**

For the exact dates included in the FOUR WEEK period, use your calendar.

The purpose of this question is to account for any income received from babysitting, acting as a mail order agent, or an 'odd job', which would not have been accounted for at the employee, subsidiary employee or self-employed questions. Note that it doesn't matter whether the work

was carried out in the 4 weeks - it is the receipt of income in that time which counts.

An 'odd job' is defined as a job which is undertaken once only at one specific point in time and without any regularity or continuity. It is therefore non-recurring. **Also if a respondent had a job that only lasted a short period of time, probe as to whether the original intention of the work was that it would be regular, even if this did not turn out to be the case.** If a job is carried out repeatedly, even at irregular intervals and regardless of the number of hours worked, it should be treated as a regular job, e.g. service in the Territorial Army.

Note: Students' holiday jobs should not be shown here but should be coded according to the situation at the time of interview.

Follow up questions for babysitters:

**BabPay**                    **How much income did you receive in the last 4 weeks for babysitting?**

**INTERVIEWER: Please refer to the amount paid for ALL babysitting jobs in the last 4 weeks.**

**BabNow**                    **Have you done this work in the last 7 days, since [date]?**

Follow up questions for mail order agents:

**MailPay**                    **How much income did you receive in the last 4 weeks as a mail order agent?**

**INTERVIEWER: Please refer to the amount paid for ALL mail order agent jobs in the last 4 weeks.**

**MailNow**                    **Have you done this work in the last 7 days, since [date]?**

These questions should not include income in the form of goods acquired from a mail order club.

Follow up questions for odd jobs:

**OJTyp**                    **ODD JOBS / OCCASIONAL WORK**  
**What kind of work did you do/advice did you give?**  
**INTERVIEWER: IF RESPONDENT HAS MORE THAN 1 'ODD JOB' ANSWER FOR ONE JOB AT A TIME HERE.**

**OJNow**                    **Did you do this job in the last 7 days, since [date]?**

**OJReg**                    **Is the job done on a regular basis?**

Soft Check

If both **OJNow** and **OJReg** = Yes.

*Is this in fact a regular job? If so, GO BACK to the 'work' section and enter it there as a 1st, 2nd or 3rd job at 'Working' or 'NumJob'; then press END and delete odd job details, but if odd job is genuine, suppress warning and write a Note.*

**OJAmt**

**How much did you receive for that job?**

Soft Check

*Exceeds £1000! Is this a regular job? If so, GO BACK to the 'work' section and enter it there as a 1st, 2nd or 3rd job at 'Working' or 'NumJob'; then press END and delete odd job details. But if odd job is genuine, suppress warning and write a Note.*

If you come across either of these checks, probe as to the nature of the job. If it is a regular commitment, however infrequent, you should return to the question **Working** or **NumJob**, as appropriate, at the beginning of the questionnaire, to increase the total number of regular jobs. Next you can press <End> to skip straight to the new questions that need to be asked about this job. When you have filled in description and pay details press <End> again and you will return to this check. Then delete the odd job.

There is no period code because by definition an odd job is one-off.

**OJOther**

**Did you receive any money for any other odd jobs in the last 4 weeks?**

The questions will repeat if there are any other odd jobs.

## Block QChinc - Children's Income

**KidInc****QUESTIONS ABOUT CHILDREN'S EARNINGS**

**Do [either/any] of your children, [names], receive any income or earnings either from a spare time job, Trust or other allowance?**

The above question is asked when there is more than one child in the Benefit Unit. If 'yes', or if there is only one child in the BU, the following is asked for each child:

**ChEarns****INTERVIEWER, ASK OR CODE: Does [name] receive an income...****1: From a spare time job****2: From a Trust****3: From both a spare time job and a Trust****4: Neither of these**

At this question exclude child benefit, cash gifts and pocket money.

ChPdTst****How long did this cover?**

If child is aged 16-18, in full-time further (not higher) education and receives income or earnings from a spare time job, Trust or other allowance, the following questions are asked.

**Does [name] receive an Education Maintenance Allowance (EMA) as part of the Government scheme?**

**ChEMAamt****How much did [name] receive last time?****ChEMApd****How long did that cover?**

NOTE TO INTERVIEWERS: EMA is a Department for Education and Skills (formerly Department of Education and Employment) scheme to see if financial incentives will encourage school retention rates after age 16. Up to £30 per week can either be paid directly to the student or to a parent - generally the mother.

## Block QAfford- Adult and Child Social Deprivation

This section looks at a large number of items that can be associated with standard of living. For the purpose of this study, hardship is defined by the respondents':

- ability to afford a number of items that most other people agree families ought to have;
- their other 'unmet needs' ; and
- whether they are managing their money and staying clear of problem debts – that is debts they cannot repay and are 'getting behind with the repayments

These questions will be used to gain a better understanding of people's living standards and the spending choices that they make. No single one of these items is a very adequate measure, but taken together they add up to a very sensitive measure of family material well – being or hardship.

The series of questions which determine hardship are either factual or opinion based. For them to effectively determine hardship and deprivation the answers must reflect the respondent's interpretation of the question. Do not attempt to guide or re-phrase the question. If the respondent does not understand what is being asked (for instance they are unclear about what we mean by 'all weather shoes'), simply repeat the question and ask them to answer it to the best of their ability. Please do not give your translation of a phrase or question.

The questions will only be asked of ONE adult in the benefit unit. The respondents can then answer together if they wish. The computer will randomly select the adult required to answer the deprivation questions.

### WhoDepQ

#### ASK OR CODE

The next set of questions should be answered by [Name].

(You can answer the questions together if you wish).

**INTERVIEWER: Enter [Name of randomly selected or only adult in BU] below if they are available to answer these questions now. Otherwise enter [Name].**

**2: [Name 2]**

**3: Interview is being conducted by proxy for this respondent/Benefit unit**

If there are 2 adults in the benefit unit, it is permissible for them to answer the questions together.

Code 3 should **only** be use in cases where the interview is conducted entirely by proxy. If any of the name(s), respondent(s) is/are available

then these questions **must** be asked of that respondent.

If there is more than 1 adult in the Benefit Unit and the person recorded to answer the questions is not the name of the randomly selected adult:

**CDepInt**

The next questions are asked about all the children you (and your partner) are responsible for in this household. Please think about [Names of children in BU] when answering these questions.

Respondents are asked to think of all of their dependent children when answering these questions. Cases may arise, however, where one child 'has' and one cannot afford or one 'doesn't need' and one cannot afford. In these cases priority coding is necessary. The priority will ALWAYS be cannot afford, therefore in the above two examples, 'cannot afford' should have been coded. Following this, if one child 'has' and one 'doesn't need' interviewers should code 'doesn't need'. Therefore, the priority order is:

- 1: cannot afford,
- 2: doesn't need,
- 3: (all) have.

## Block QAdint - Adults' Savings and Investments

### AnyAcc

Now there are some questions about accounts with banks, building societies, the post office, supermarkets, or other organisations. These could also be internet or telephone banking facilities.

Do you have now, or have you had at any time in the last 12 months any accounts? This could be in your own name only, or held jointly with someone else.

INCLUDE INTERNET/PHONE ACCOUNTS.

SEE HELP <F9> FOR DEFINITION OF CURRENT/SAVINGS ACCOUNTS.

- 1 Yes -any account
- 2 No
- 3 Don't Know/Refuse

This first question simply identifies whether the respondent has (had) any of the types of account listed at the later questions. If 'yes', the next question identifies which types. See below for further details of what does and doesn't count as an account.

### Accounts

SHOW CARD HHH

Which of these accounts do you have now, or have you had in the last 12 months?

CODE ALL THAT APPLY. (CODES 1 & 2 INCLUDE INTERNET/PHONE ACCOUNTS).

SEE HELP <F9> FOR DEFINITION OF CURRENT/SAVINGS ACCOUNTS.

1. Current account with a bank, building society, supermarket/store or other organisation
2. Basic Bank Accounts including introductory/ starter accounts
3. Post Office card accounts
4. National Savings Bank (Post Office) - Easy Access Savings or Ordinary Account
5. National Savings Bank (Post Office) - Investment Account
6. ISA (Individual Savings Account)
7. Savings account, investment account/bond, any other account with a bank, building society, supermarket/store or other organisation
8. Credit Union
9. None of these

Note that codes 2 and 3 differ from normal current accounts in that they are designed purely to allow the administration of benefits. Many will not offer the facilities associated with a current account such as an

overdraft etc. See below for more information.

**Current accounts** – offer the widest range of banking services. You can pay other money into these accounts and some let you use the Post Office to get your money.

**Basic bank accounts** – have the basic features of a current account, but won't allow you to have an overdraft. Most allow Post Office access to your cash.

**The Post Office card account** – is an account designed for the collection of benefits, state pensions and tax credits only, so you can't pay any other money in. The POCA cannot be used for receiving cheques, setting up direct debits, standing orders or paying bills etc.

Code 4 - The National Savings Bank (Post Office) Ordinary Accounts ceased to exist after 31 July 2004 and was replaced with the Easy Access Savings Account.

Note that code 7 includes bank and building society savings bonds, but **not** National Savings and Investments Bonds, with profit or distribution bonds or insurance bonds, which are dealt with later on.

Code 9 - none - is not possible, as the question is only asked if the respondent has any account. If the respondent has no account of the types at this question after all, recode AnyAcc to 'no'.

Include current and savings accounts with supermarkets (e.g. Sainsbury's Bank) or telephone banks (e.g. First Direct), or internet banking at 1 or 7. Do not count credit accounts where money is paid into it in advance (e.g. by direct debit) for goods, but can't be withdrawn. A current account by definition is an account used for day to day transactions. There is immediate access to the money – usually by a card for cash machine withdrawal and/or a cheque book.

A savings account is not normally used for day to day transactions and there is often a minimum deposit and a notice period for withdrawals.

Life assurance/insurance/endowment policies with a savings element should not be included. The assumption would be that on maturation the money would be spent or transferred into one of the savings or investment types that are recorded.

#### Tax Exempt Special Savings Accounts

TESSA's ceased to exist from April 2004 and all references to them have now been dropped.

TOISAs (TESSA-only ISAs):

From 6 April 1999, savers were able to transfer the capital from a maturing TESSA into the new Individual Savings Account (ISA). See below for details of ISAs.

#### Individual Savings Accounts

Introduced on 6 April 1999, Individual Savings Accounts, or ISAs, are intended to develop and extend the savings habit and ensure that tax relief on savings is fairly distributed. UK residents aged 18 or over are eligible to hold them. There are annual ceilings on investment, and income from ISAs is tax-free.

ISAs are provided and managed by financial institutions such as banks, building societies and insurance companies. There are 2 components:

- Cash
- Securities (stocks, shares, unit/investment trusts, bonds, gilts, life insurance)

**Please note that since April 2005** the life insurance component has been merged with the stocks and shares component. If a respondent informs you that their ISA is made up of a life insurance component you must code it as stocks and shares.

These components may be held singly or collectively in various ways. Each year there are two options for opening an account:

- one 'Maxi' ISA, with a single manager: this must include the securities component; the other cash component is optional; or
- up to two separate 'Mini' ISAs, with different managers, one for each component.

All ISAs should be recorded at this question. Securities ISAs should not be recorded at the question on stock market investments held, **Invests**. The cash component can include some National Savings products.

Investment limits:

There are subscription limits in each tax year the maximum is £7,000 overall. How it is applied depends on the type of ISA. ISA managers must ensure that:

- Maxi ISA subscriptions do not exceed £7,000 of which no more than £3,000 may be in a cash component and no more than £4,000 may be in the stocks and shares (including life insurance) component;
- Mini ISA subscriptions do not exceed £4,000 in a securities component £3,000 in a cash component and £4,000 in the stocks and shares component.

If the respondent has an ISA the following question is asked:

ISAType

**There are different types of ISA. Do you have...**  
**INTERVIEWER: READ OUT, CODE ALL THAT APPLY...**  
 1. ...Cash in an ISA?  
 2....Stocks and shares (in an ISA)?

See above for details of these types.

#### Credit Union

A credit union is a financial co-operative similar in many respects to mainstream building societies. Its members both own and control the credit union, which is run solely for their benefit. All members of a specific credit union must share what is known as a "common bond", ie they must be connected in some way or another to the other members of that credit union. For example they could be employed by the same employer, or live or work in the same area. All the members pool their savings together into a single 'pot' from which loans can be made to members from that credit union. Members who have deposited money into the credit union receive an annual dividend while those to whom money is lent have to pay interest on the loan.

For each type of account (except post office card accounts as these do not accrue any interest) coded at **Accounts** the following are asked:

AccInt

**How much interest have you received altogether from any [Current/National Savings Bank Ordinary/National Savings Bank Investment//ISA/Basic Bank Account/Savings/Credit Unions/ other] accounts in the last 12 months?**

**INTERVIEWER INSTRUCTION: Please exclude any interest from any Basic Bank Accounts.**

**(IF NONE, ENTER 0)**

**INTERVIEWER: For any JOINT account, ONLY GIVE THIS RESPONDENT'S SHARE OF THE INTEREST**

This question is repeated for all named accounts. Include all interest, whether credited to the account, paid by cheque or to into another account, or withdrawn by the account holder. The total amount of interest credited in the last year from all accounts of the type mentioned in the question wording should be entered, so probe how many accounts of that type the respondent has. If possible the respondent should refer to a statement, pass book, or bank statement.

For current accounts *only*, this instruction is displayed:

**IF ACCOUNT HAS BEEN HELD FOR 12+ MONTHS, AND INTEREST IS MONTHLY, ACCEPT MOST RECENT MONTH'S INTEREST AND MULTIPLY BY 12 FOR ONE YEAR'S WORTH.**

Normally we expect you to probe for all interest received/credited during the year; however interest on current accounts may be as little as a few pence per month, and to look up 12 statements is burdensome, so it is acceptable here to multiply the last or a typical month's interest by 12. If the account has been held for less than a year, multiply by the appropriate number of months or add individual monthly interest together. This instruction does not apply to other accounts.

**Joint Accounts:**

In the **QAdint** block of the Benefit Unit DWP requires information on individual incomes. Interest and dividends should be split between joint account holders. This should be possible except when, rarely, tax is deducted from one holder's interest but not another, and only the total interest after tax is known; In such cases enter 'Don't Know' at **AccInt** for each person and open a note stating the total amount of interest and the reason why it cannot be split.

**ISA interest**

The income from cash components (including TOISAs ) and securities components should all be recorded here. Add together separate amounts from different components/accounts if necessary. No interest is paid on the life insurance component.

The following question is asked of all accounts with the exception of ISAs. ISAs are exempt from tax, and therefore the question does not apply.

**AccTax**

**Can I just check, is that interest after tax or before tax?**

**IF BEFORE TAX, ASK: have you signed a form to get the interest without paying tax?**

**1: After tax**

**2: Before tax - but tax payable**

**3: Before tax - signed form to get interest without tax**

**INTERVIEWER: IF REGISTERED AS A NON-TAXPAYER, USE CODE 3.**

Normally, 20% tax is deducted from interest payments by banks and building societies etc. However, there are two reasons why a figure for interest *after* tax may not be entered at **AccInt**:

Code 2: use this if gross interest is entered at the previous question but

tax has been/will be paid on it. For example, tax is deducted at source but the statement/passbook/other document only shows the gross interest and the tax deducted, not the net interest.

Code 3: people whose income is below the income tax threshold can sign a form so that tax is not deducted. The form does not need to be re-signed each year.

If the respondent does not know whether tax is deducted, this can normally be established from the presence or absence of an entry for tax in the passbook or statement. For joint accounts with two holders, the form can be signed by just one holder; tax is then deducted at 10%. Establish which person signed the form, and code this question accordingly for each. Make a note if the interest can be split in the correct proportion between them, of the total amount.

**Invests****NOW THERE ARE SOME QUESTIONS ABOUT INVESTMENTS****SHOW CARD III**

**Do you have now, or have you had in the last 12 months any money in any of the investments shown on this card?**

**They can be in your own name only, or jointly with someone else.**

**CODE ALL THAT APPLY**

- 1: Government Gilt-edged stock (inc. war loans)**
- 2: Unit Trusts/Investment Trusts**
- 3: Stocks, shares, bonds, debentures, other securities**
- 4: PEP (Personal Equity Plan)**
- 5: Profit sharing**
- 6: Company Share Options Plans**
- 7: Member of Share Club**
- 8: None of these**

Securities held in an Individual Savings Account (ISA) should be recorded at the **Accounts** question as an ISA, not here.

Investment Companies with Variable Capital (ICVC) and Open Ended Investment Companies (OEIC) should be coded 2 as Unit Trusts/Investment Trusts.

ICVC's are a replacement of OEIC and there is little difference between the existing unit trusts and the new ICVCs apart from the structure of the fund and the fact that ICVCs have a single price rather than a bid offer spread. For this reason they can be coded together at category 2. Further information on the various trusts is listed below.

Unit Trusts

Unit trusts are investment vehicles in which there are an unlimited number of shares which expand and contract depending on demand. Unit Trusts do not have an umbrella structure and investors cannot switch between sub-funds. When you buy a unit trust share, you buy into just that one unit trust.

Instead of a single price at which you buy and sell, the unit trust's shares are offered at a buying (bid) price and selling (offer) price, like an ordinary share. The difference between the two, the spread, can be as much as 6% and represents the initial fee charged by the trust in whose units you are dealing.

Investment Trusts

An investment trust is a limited company, with a fixed number of shares, which is listed on the stock market. The trust invests its funds in a wide range of areas or sectors in both quoted and unquoted companies on behalf of its investors. The funds are managed by a professional fund

manager, usually backed up by a team of less experienced analysts cum managers and dealers.

Investment Trusts are "closed ended", which means that people buying the shares do not add to the value of the fund, neither do those selling remove assets. The only way to add capital is to have an issue of new shares.

Like any other company, it will have a board of directors which represent the interests of shareholders and an annual general meeting at which investors can voice their views to the board. The shares of an investment trust are bought in the same way as a normal quoted share, with the level of the demand for the shares influencing the direction of the trust's share price.

#### Investment Companies with Variable Capital (ICVC)

ICVCs replaced Open Ended Investment Companies (OEIC). Unlike investment trusts, they vary in size depending on demand for the shares.

Purchases increase the size of the fund; sales reduce it. ICVCs tend to be structured as an "umbrella fund": once an investment is made, it can be switched between a number of sub-funds between which the investor can switch at minimal cost:

The various sub-funds often have very different investment objectives - income, growth or some specialist sector of the market, for example - and investors are free to choose between them as they wish, depending on their investment objectives.

The price for shares in an ICVC are the same whether investors are buying or selling. However, the investor is still liable to hefty charge up front, after which there is a smaller yearly charge.

#### Profit savings plans

Profit savings plans attached to occupations should be coded 3. Such plans include the Moneyspinner account, the Gold and Silver accounts and the Platinum Bond which are available to the police nationally through Police Mutual.

With Profit Bonds and Distribution Bonds should also be included under code 3 (stocks, shares, bonds, debentures, other securities).

#### With Profit Bonds

With Profit Bonds are life assurance policies that invest in the With Profit

Fund of a life assurance company and have no fixed maturity date. An investor in a With Profits fund benefits from the profits made by the With Profits fund. The fund comprises equities, ie shares, gilts, property and corporate bonds. Profits are distributed to policyholders in the form of Annual Bonuses which once added cannot be taken away, except where an encashment is made in the early years. When setting its bonus rate the insurance company seeks to smooth out the fluctuations of the stock market to produce steady growth.

#### Distribution Bonds

Distribution Bonds are a lump sum investment which has a very small amount of life cover. It invests in a Distribution life fund, which is a fund that pays out the dividends and yields from investments held instead of reinvesting them with the fund.

#### AccInt

**How much interest [or dividend] have you received altogether from any [GILT EDGED STOCK-WAR LOAN/ UNIT TRUSTS /OTHER STOCKS, SHARES, SECURITIES / PEP] in the last 12 months?**

**INTERVIEWER: FOR ANY JOINT INVESTMENT, ONLY GIVE THIS RESPONDENT'S SHARE OF THE INTEREST (IF NONE, ENTER 0)**

Enter the TOTAL amount of interest or dividend from ALL these investments that has been received in the last 12 months, including those no longer held. Include all interest/dividend, whether paid by cheque or to into another account, reinvested or withdrawn by the account holder. The following documents will be helpful:

- Dividend note (interim or final): from the company which issues the stocks or shares. This comes with the cheque and will also state the holding details. Check how many dividends are paid per year so that all payments are collected.

- Annual statements for Unit Trusts and PEPS: similar to 'dividend notes' above, from the fund manager.

The next question is only asked about Government Gilt-edged stock/war loans.

**InvTax** Can I just check, is the interest (Govt gilt edged stock/war loans) after tax or do you have an arrangement to get the interest before tax?  
**1: After Tax**  
**2: Before Tax**

**INTERVIEWER: GOVT. GILTS BOUGHT VIA NATIONAL STOCK REGISTER ARE BEFORE TAX; OTHERWISE THE INTEREST COULD BE BEFORE OR AFTER TAX. WAR LOAN IS BEFORE TAX.**

- 11: Fixed Rate Savings Bonds (National Savings and Investments)**
- 12: Guaranteed Equity Bonds**
- 13: Endowment not linked to current property**
- 14: None of these**

National Savings has changed its name to National Savings and Investments.

With Profit Bonds and Distribution Bonds should not be recorded at this question. They should be recorded at the previous question about investments (Invests) under category 3.

Note that questions concerning Government savings relate to the present and not the past 12 months.

The **Pensioner's Guaranteed Income Bond** is a National Savings and Investments Bond. It offers a fixed rate of interest for either 1, 2 or 5 years, with income paid monthly, gross of tax. There is a minimum investment of £500. The Bond is available only to persons aged 60 years and over. It may be held jointly.

National Savings and Investments **SAYE** were withdrawn in 1994. Since then Building Societies have provided them. There are also some current SAYE schemes which are designed to allow people to save money to purchase share options tax free. Under this scheme, investors agree to pay a fixed amount each month over 3, 5 or 7 years (min £5, max £250 per month). The interest rate is fixed regardless of which bank or building society is providing the scheme. These schemes are only permissible with the approval of the Inland Revenue.

**FIRST Option Bonds/Fixed Rate Savings Bonds** - FIRST Option Bonds were withdrawn from sale on 21/10/1999 and replaced with Fixed Rate Savings Bonds. People who held FIRST Option Bonds from before October 1999 can keep them and receive interest at the rate for a one year Fixed Rate Savings Bond. Fixed Rate Savings Bonds can be purchased with the interest guaranteed for 1, 3 or 5 years. Interest can be credited annually or monthly and is paid into a bank or building society account. The minimum holding is £500 and the maximum holding is £1,000,000.

**Guaranteed Equity Bonds** - offers potential for stock market growth with no risk to capital. The bond is a 5 year investment giving a return linked to the performance of the UK's quoted top 100 companies. If the FTSE loses value, the investor will get their original sum back. Minimum investment is £2,000 and the maximum is £1,000,000.

**Endowment not linked to current property** - endowments not linked to current property need to be recorded in the FRS questionnaire. It is increasingly common that endowments linked to 'old property' are still held because of the decline in their values and the current value of these policies needs to be collected.

If respondent had earlier claimed that they are purchasing their property with an endowment mortgage, the following signal is triggered:

Soft Check

*Earlier you mentioned that you have an endowment mortgage. Can I just check, you also have a different endowment NOT connected to your current property?*  
*INTERVIEWER: If endowment is different suppress the check making a note to confirm you have probed. Otherwise return to OtInvA and remove the endowment code.*

## Block QChint - Children's Savings and Investments

### Child Trust Funds

From April 2005, Child Trust Fund (CTF) accounts will be introduced. The CTF is one of the Government's flagship savings policies and all providers will have to offer a Stakeholder account - which will invest in mainly non-cash investments such as equities; alternatively parents could opt for a straightforward cash account.

The requirement for the FRS is to collect data on this major policy change by expanding information collected on children's savings and investments. There will be a high level of interest from ministers and others to monitor and evaluate the success of the CTF. Questions on the FRS will be a key part in improving understanding of the distribution both of funds and types of accounts across the income distribution.

### What is the child Trust Fund?

The Child Trust Fund (CTF) is a long-term investment and savings account for children born on or after 1<sup>st</sup> September 2002. The initial amount received varies with the child's date of birth, although from 6 April onwards the standard amount will be £250. The money in the CTF account belongs to the child and the child alone. But it cannot be taken out until he/she turns 18 when he/she can decide how to use it.

A voucher for the amount of money to which the child is entitled will be sent to all eligible children after Child Benefit has been awarded. The voucher can only be used to open a CTF account for the child. Children in families receiving Child Tax Credit with income at or below £13,480 (the current income limit for 2004/2005) will receive an additional payment paid directly into their CTF account. There will be a further payment when children turn seven, again with a higher payment for children in families on lower incomes.

Anyone is able to pay money into the account, up to the account limit of £1,200 each year, and any gains and/or interest in the account will be tax-free.

There will be different CTF accounts available to suit people's different needs. CTF providers (e.g. banks, building societies, stockbrokers) will offer different accounts, such as savings accounts and accounts that invest in shares. All CTF providers will be making available a stakeholder CTF account.

- **Savings Account** - With a savings account any money that is invested is secure and earns interest.
- **Stakeholder Account** - The stakeholder CTF account works by investing the child's money in shares to take advantage of the potential for higher growth that this kind of investment offers. Once the child turns 13, money in the account starts to be moved to lower risk investments or assets (such as cash).

- **Account investing in shares** - This type of accounts that invests the child's money by buying shares in companies.

If an account is not opened the Inland Revenue will automatically open a stakeholder account.

You can find more information on Child trust Fund on this website [www.childtrustfund.gov.uk](http://www.childtrustfund.gov.uk).

For each person who contributed to the fund (at GivCFnd) the next question will loop round and ask amount provided and the period covered.

**Fundamt How much did (name at GivCFnd) put into [Child's name's] fund in the last 12 months?**

**INTERVIEWER: IF MORE THAN ONE PERSON CONTRIBUTES TO THE FUND IN ONE CATEGORY (E.G. ALL GRANDPARENTS, OR TWO FRIENDS OF THE FAMILY) RECORD TOTAL AMOUNT GIVEN BY BOTH PARTIES.**

If for example, a child's grandfather contributed £150 and his grandmother contributed £100, you would record the total amount received from grandparents as £250 here.

**CfundH**

**Roughly how much is currently held in his/her fund?**

Soft Check

*It is very unusual for a child to have more than £5000 in their fund. Please check this with the respondent and explain the circumstances in a note if necessary*

This next question is asked of all children but refers to other savings apart from the Child Trust Fund.

**ChSave**

6. **From £8,000 up to £20,000**
7. **Over £20,000**
8. **Does not wish to say**

The total amount is asked of each individual child and should not be an aggregate figure for dependants.

Unlike adults, children with savings in the £1,500 to £20,000 range are not asked for details of them in the Assets questions.

At TotSave please **INCLUDE** Child Trust Fund savings to record the child's **TOTAL** savings.

## Total Assets / Changes in Income

8. From £35,000 up to £40,000
9. Over £40,000
10. Does not wish to say

This question is asked of adults. Note that if the respondent has a current account which fluctuates over pay periods, the amount required is the figure left in the account at the end of the pay period, just before the respondent is paid again. If the respondent is overdrawn on any accounts **do not** take this amount away from the total amount, simply count it as a zero asset.

If the total assets of the respondent (and partner) are between £1,500 and £20,000 (i.e. code 2, 3 or 4 is used), they will be routed into the assets questions after the next few questions. For an explanation of the reason the question is asked and why the bands are split as they are, see the General Notes at the beginning of the Assets questions.

The respondent may refuse to give any assets information and it will not count against the total number of refusals accepted in each schedule.

Also a respondent may be prepared to say into which band their assets fall but give no further information. In this situation code the appropriate band

and then at the beginning of each group of assets questions use the 'Does not wish to give details' code.

The next questions are to compare the benefit unit's current regular income with that of **twelve** months ago. The question should concentrate on the benefit unit as a whole, including children, not to its individual members.

**INTERVIEWER: THIS IS A QUESTION OF OPINION.**

**1: Present income higher**

**3: About the same**

This is a question of opinion.

'Regular' income is from jobs, pensions, benefits, maintenance and savings & investments. Exclude one-off sources of income such as grants, loans, redundancy payments, and living off capital.

If the present income is higher or lower, the next question is asked. For respondent ease, note that they now have the option of quoting the amount their income has increased/fallen by either annual, monthly or weekly amounts.

If the adult members of the benefit unit are not eligible to be asked further questions concerning their assets (they possess assets of a value less than £1,500 or assets with a value greater than £20,000), the final questions below (**Pprox** to **Finish**) follow immediately.

If the adult members of the benefit unit are eligible to enter the Assets questions, those questions **Pprox** to **Finish** appear at the end of the Assets questions instead.

The assets block is no longer a separate parallel block, but is now integrated into the benefit unit. Whether the questions are on route in the interview will still depend upon the respondent having the appropriate value of assets (£1,500 -£20,000) to make the assets questions accessible.

There are a number of advantages in incorporating the assets block into the benefit unit. The questions flow naturally on and do not involve going into a separate parallel block. This makes it easier for interviewers and makes the interview flow better for respondents. There is less chance of overlooking the assets questions. Also, the assets questions come up in the same format as for the benefit unit questions so there is no risk of

## Total Assets/Changes in Income

---

overwriting previous details in those households where more than one BU is routed to these assets questions.

## **Block QAssets – Benefit Unit’s Assets**

### General Notes

These questions are included in order to enable DWP to estimate eligibility for certain benefits. To achieve this they need to study the personal holdings of certain types of assets. The purpose of these questions is to provide more detailed information on the current values of the assets held by informants but is only needed where the total value of the assets is between £1,500 and £20,000, as indicated at the question **TotSav**.

This is estimated to be a broad band in which people who may not be in receipt of benefits now may at some point in the future be eligible for e.g. Housing Benefit which allows a Benefit Unit to have total capital of up to £16,000. For some benefits there is a lower capital threshold, above which the amount of benefit may be ‘tapered’ or gradually reduced as the amount of savings increases; there is also an upper capital limit of £8,000. So the broad band has been split into narrower bands (£1,500-£3,000, £3,000-£8,000 and £8,000-£20,000). The effect of any future changes to these thresholds can be modelled.

Although it is true that people outside this Assets band might already be or in the future have need for benefits, the sample gained by the DWP using the £1,500 to £20,000 range is sufficiently large for analysis.

### *Reasons for collecting this level of assets detail*

It is not sufficient to rely only on the respondent’s estimate of the current value of certain individual investments, like stocks and shares or the various types of National Savings and Investments, as these might be out of date or otherwise inaccurate. Back in the office, the current value of these investments is added to the data, using the Financial Times and other sources. Hence we require the name of each individual share holding etc. (We ask for the respondent’s valuation in case it is not possible to do this imputation). The calculation of the total amount held is therefore more accurate.

The questions on accounts/investments held and income or interest received from them are of limited use in assessing the total amount of assets. Those questions refer to the last 12 months, whereas the assets questions refer to the current situation, which may have changed. The income received may not be up to date, and may be estimated. For some National Savings and Investments products, it would be difficult for the respondent to calculate the interest.

Joint accounts and other holdings should be dealt with in the same way

as in the block **QAdint**, i.e. for each account apportion the amount held by the individual and enter that figure on the person's line.

Where the respondent has estimated that they are in the £1,500 to £3,000 band, the £3,000 to £8,000 band or the £8,000 to £20,000 band but later questioning shows that this is not the case, there is no need to adjust the response at **Totsav** or delete any later answers.

Current accounts are dealt with first, followed by all savings accounts and ISAs (coded at **Accounts**), then all stocks & shares, unit & investment trusts (at **Invests**), then each National Savings and Investments issue (at **Otinva**). Each account or investment is dealt with individually. It is important to record ALL accounts or investments currently held of EACH type that they said they had earlier.

Routing to the assets questions is automatic if the total value of assets entered at **TotSav** is between £1,500 and £20,000. If the assets questions are on route, the questions detailed below will need to be asked according to whether the respondent has each type of asset:

**Savings**

**THERE ARE NOW A FEW QUESTIONS ABOUT SAVINGS AND INVESTMENTS**

For every person who is asked the Assets questions, you will finish with the personal outcome code and be prompted to then ask the recall (name, address, future surveys etc.) questions.

**INTERVIEWER: THIS INCLUDES ANY JOINT ACCOUNTS**  
**1: Yes - money in (one or more) account(s)**  
**2: No - no money in any current account**  
**3: No longer has any current accounts**

If there was any money left in any current account at the end of the last pay period the next three questions are asked. If more than one current account is held by an individual, each will be dealt with separately.

<b>AccName</b>	<b>Is this account in your name only, or held jointly with someone else?</b> <b>1: In [respondent]'s name only</b> <b>2: Joint account</b>

<b>More</b>	<b>Do you have any more [basic bank] accounts which had money in them at the end of last month/pay period?</b> <b>INTERVIEWER: THIS INCLUDES ANY JOINT ACCOUNTS</b>  If the answer is yes then the questions <b>AccName / Muchleft</b> will be repeated. If the respondent still has <b>any</b> of the named assets then you must always code 1.

**AccName** **Is this account in your name only, or held jointly with someone else?**

**1: Sole account**

**2: Joint account**

If joint, only enter this respondent's share of the balance at the next question. The question isn't asked for ISAs.

**MuchAcc** **How much is in the [account]?**

**ENTER WHOLE £s ONLY.**

For an ISA, include the cash (including an ISA) and securities holdings as appropriate – separately if they are held as mini-ISAs, or combined if held as a maxi-ISA. DO NOT INCLUDE any savings held as Life Insurance. For securities, take the value shown on the most recent statement.

**More** **Do you have any more [LIST OF SAVINGS ACCOUNTS CODED AT 'ACCOUNTS']?**

In this section each individual account is dealt with separately. Only code 'No' here once you have repeated the questions for each account listed. If more than one type of account/bond is held, probe each time you ask **More** whether they have any more of the type you have just dealt with; if not then ask if they have any of the second type, then the third type, and so on. It is possible that a type of account listed is no longer held, in which case move on to the next one listed or code 'no' at **More**.

**Intro** **Now I'd like to ask you about your [name of shares, bonds, units coded at 'Invests'] that you mentioned earlier.**

**Do you still have such assets?**

**1: STILL has any such assets**

**2: ALL such assets now disposed of**

**3: Does not wish to give details of such assets**

Again, these questions are set out as a table, and all investments are asked of each individual in turn.

the name of the company AND the name of the fund, policy, bond etc  
- for STOCKS/SHARES: Please given the full name of the company,  
and describe the shares as fully as possible**

Government Gilt-Edged stock is sold by auction by the Treasury each year and has a fixed interest rate over a fixed term. If a respondent has such stock, it is necessary to establish which year the investment is due to mature.

It is very important that all unit trusts, investment trusts, PEPs, stocks and shares are identified as clearly as possible so that their current value may be checked against the Financial Times at the Edit stage. Give the name of the issuing or managing company plus the full name of the investment itself. For privatised utilities it is not enough simply to enter for example 'water shares' - name the company e.g. 'Thames Water'. If shares are only part-paid, or ordinary, or preference, mention this. If necessary, open a note to continue the description.

The following documents should be referred to if possible:

- the share certificate, if it is held by the respondent;
- a statement from a 'nominee' (stockbroker or bank or other financial institution) who looks after all the stock/share/unit trust/PEP holdings for their customer. The statement (which may be quarterly, 6-monthly or annual) should give the latest details of each holding (company name, type and number of shares, units etc).
- Dividend note (interim or final): from the company which issues the stocks or shares. This comes with the cheque and will also state the holding details.
- Annual statements for Unit Trusts and PEPS: similar to 'dividend notes' above, from the fund manager.

**HowMany**            **How many shares/bonds/units do you hold?**

For joint holdings, give this respondent's share only. For PEPs, enter '1'.

**HowHold**            **Approximately how much is the value of that holding?**

When the investment is a Government Gilt-edged stock, the following

question is asked

**PIPeriod**      **What is the period of the plan?**  
**1: Up to 5 years (shorts)**  
**2: 5-15 years (mediums)**  
**3: Over 15 years (longs)**  
**4: Undated.**

War loans should be coded as undated.

**More**            **Do you have any more [shares, bonds, units etc]?**

The same instructions apply as at **More** for savings accounts above.
