D D M M Y Y

**B2** In this section we want to know if you have spent money on each activity in the last 7 days. If you have, we'd like to know how or where you did the activity and whether you won or lost money. Not all of the activities will apply to you, but it's important that you answer the questions as honestly and accurately as you can. The example below shows you how to answer these questions. There are also some important instructions below. Please read these carefully.

 Lost  <sub>1</sub> → Go to **d**  
 Won  <sub>2</sub> → Go to **e**

 I lost £5.01-£10  <sub>3</sub>

**a** • If you **have** spent money on the activity in the last 7 days, tick 'yes' and answer b, and c.  
 • If you **have not**, tick 'no' and go to the next activity.

**b** Tick how or where you did the activity.

**c** • If you **lost** money, tick 'lost' and go to d.  
 • If you **won** money, tick 'won' and go to e.  
 • If you **broke even**, tick 'broke even' and go to the next activity.

**d** • Please indicate the amount you lost. For example, if you bought two scratchcards in the past 7 days and each cost £1, this means you started with £2. If you did not win any money on one scratchcard, but on the other scratchcard you won £1, that means, in total, you ended up with £1. Therefore, overall you **lost** £1. You would tick that you lost between £1-£5.  
 • If you don't know the exact amount, give your best estimate. Then go to the next activity.

**e** If you **won**, please indicate the amount you won.  
 • For example if you started with £25 but ended up with £30, you won £5.  
 • If you don't know the exact amount, give your best estimate. Then go to the next activity.

Now, please go to activity 1 and answer these questions for yourself, thinking about what you have done in the last 7 days.
