

## **UK Data Archive Data Dictionary**

### **File-level information:**

File Name = [aoslaua\\_protect](#)  
Number of variables = [2](#)  
Number of cases = [8523](#)

### **Variable-level information:**

**Pos. = 1**    **Variable =** [ahid](#)                    **Variable label =** [household identification number](#)  
[Value label information for ahid](#)

**Pos. = 2**    **Variable =** [aoslaua](#)                    **Variable label =** [local authority district](#)  
[Value label information for aoslaua](#)

## UK Data Archive Data Dictionary

### File-level information:

File Name = [boslaua\\_protect](#)  
Number of variables = [2](#)  
Number of cases = [5697](#)

### Variable-level information:

**Pos. = 1**    **Variable =** [bhid](#)                    **Variable label =** [household identification number](#)  
[Value label information for bhid](#)

**Pos. = 2**    **Variable =** [boslaua](#)                    **Variable label =** [local authority district](#)  
[Value label information for boslaua](#)

## UK Data Archive Data Dictionary

### File-level information:

File Name = [coslaua\\_protect](#)  
Number of variables = [2](#)  
Number of cases = [5886](#)

### Variable-level information:

**Pos. = 1**    **Variable =** [chid](#)                    **Variable label =** [household identification number](#)  
[Value label information for chid](#)

**Pos. = 2**    **Variable =** [coslaua](#)                    **Variable label =** [local authority district](#)  
[Value label information for coslaua](#)

## UK Data Archive Data Dictionary

### File-level information:

File Name = doslaua\_protect  
Number of variables = 2  
Number of cases = 6238

### Variable-level information:

**Pos. = 1**    **Variable =** [dhid](#)    **Variable label =** [household identification number](#)  
[Value label information for dhid](#)

**Pos. = 2**    **Variable =** [doslaua](#)    **Variable label =** [local authority district](#)  
[Value label information for doslaua](#)
