SCPayReA and SCPayReB constitute flags to indicate the type of care arrangement about which payment of care questions will be asked. There are two sets of payment for care questions to reflect that payment information will only be obtained about two types of arrangements. The care arrangements to be queried will be prioritised as follows:

First priority is whether the respondent receives formal care arranged by a local authority/council/etc...(any HelpCode11 - HelpCode18 where LAHelp = 2|3), SCPayReA (but never SCPayReB) should be coded 1 and the full set of care providers thus arranged should be queried at the same time in items AnyPayA through LAFreqA with a textfill that lists the entire set thus arranged.

Second priority is home care worker/home help/ personal assistant NOT arranged via local authority/council/etc...(HelpCode11 & LAHelp = 1), SCPayReA, or SCPayReB if SCPayReA = 1, should be coded 2 and items AnyPayA through LAPayA plus DPPayA to NoPayA, OR AnyPayB through LAPayB plus DPPayB to NoPayB should be asked with text fill specific to that type of care.

Final priority, any other formal care not arranged by local authority/council/etc...(HelpCode12-HelpCode18 where LAHelp = 1), SCPayReA, or SCPayReB if SCPayReA = 1 | 2, should be coded 3 and items AnyPayA through LAPayA plus DPPayA to NoPayA, OR AnyPayB through LAPayB plus DPPayB to NoPayB should be asked with a text fill that lists the entire set of care providers thus arranged.

No qualifying care providers, SCPayReA or SCPayReB should be coded 4.

The "B" set of questions are only asked if they need to be, whereas the "A" set of questions are always asked, unless there are no qualifying care providers at all.

Use

One of the most important parts of our research is how people are getting by financially these days. We have found that we need to ask about a number of different types of income, otherwise our results could be misleading. Please think about ALL of the extra sources of income you receive, as well as any benefits or tax credits. If you are at all unsure about whether something would count, you can check with me. *{if GRIDVARIABLES.ModeType = 1 | 2}* We'd like to remind you that anything you tell us is completely confidential.

Scripting Notes

MisSource is an indicator designed to identify benefit and unearned income sources that were not recorded at the current wave but were recorded at the previous wave. A flag is created for each unearned income source if it has been coded as received in the current interview.

This flag is then compared with the ff variable for that income source.

If enumerated at wave t-1 and enumerated at wave t then MisSource = 0.

If not enumerated at wave t-1 and not enumerated at wave t then MisSource = 0.

If not enumerated at wave t-1 but enumerated at wave t then MisSource = 0.

If enumerated at wave t-1 but not at wave t then MisSource = 1.

This calculation becomes more complicated once Universal Credit has been introduced, because the answer at the current wave will be Universal Credit and at the previous wave it will be something else (but mean the same thing). Hence this extra code....

If lstrdate after 31/03/2013, code MisSource = 0 if claims Personal Independence Payment (BenDis = 12) and at t-1 respondent claims Disability Living Allowance (ff_bentype10).

If lstrdate after 30/09/2013, code MisSource = 0 if claims Universal Credit (BenBase = 4) and at t-1 respondent had claimed Income Support (ff_bentype15), Job Seeker's Allowance (ff_bentype16), Employment Support Allowance (ff_bentype33), Housing Benefit (ff_bentype22), Rent Rebate (ff_bentype31), Child Tax Credit (ff_bentype19) or Working Tax Credit (ff_bentype20).

Apart from CSA calculations or court orders, parents might make private, or family based, arrangements for the care of their children. These can be either formalised in writing or arranged informally. They might involve regular payments, payments for specific things like school fees, holidays or pocket money, or non-financial help such as providing clothing or sharing care.

Do you have a private arrangement that you should receive either financial or non-financial contributions from a previous partner either on behalf of yourself, or any children?

I'd like to ask some questions about each person with whom you've had children. So that I don't ask the same set of questions twice, I need to record which children you had with each of your partners. We don't need your partner's name, but we'll use a code to identify which children have the same parent.

Interviewer Instruction

RECORD *[FATHER/MOTHER]* CODE FOR *[CHILD]*.

RECORD WHICH CHILDREN HAVE THE SAME MOTHER/FATHER, USING CODES TO INDICATE WHICH CHILDREN HAVE THE SAME PARENT RATHER THAN RECORDING ACTUAL NAMES

SO, START WITH THE FIRST CHILD IN YOUR LIST AND CODE THEIR PARENT AS '1', AND CHECK WHICH OTHER CHILDREN HAVE THE SAME PARENT AND ALSO CODE THEM AS '1'.

THEN FOR RESPONDENT'S SECOND EX-PARTNER CODE ALL THE CHILDREN THAT THEY HAD TOGETHER AS CODE '2', AND SO ON.

We would like to add information from your education record to your survey answers. This will create a more accurate picture of your life and experiences, and will be used for research and statistical purposes only. Your information is confidential and names and addresses will never be included in the results. We would like to link in information about your education to your survey responses on a yearly basis. If you decide that you no longer wish to take part in the study we will retain your education information up until that point. After this point we will make no further links. You can withdraw your consent at any time.

Please read this leaflet explaining what we would like to do and ask me any questions.

INTERVIEWER - PLEASE HAND LEAFLET **INFORMATION ON ADDING EDUCATION RECORDS** TO RESPONDENT AND ALLOW RESPONDENT TIME TO READ IT AND ASK QUESTIONS.

In order to locate your education records we need to send the data holder some personal information. Do you give permission to pass your name, address, sex, date of birth and last school attended to The Department for Education and the Department for Business, Innovation and Skills, as applicable or a contractor conducting the linkage? {if SCHOOLCNTRY = 1} / Do you give permission to pass your postcode, date of birth, gender and last school attended to the Scottish Government Learning Directorate or a contractor conducting the linkage? {if SCHOOLCNTRY = 2} / Do you give permission to pass your name, address, sex, date of birth and last school attended to The Department for Education and Skills or a contractor conducting the linkage? {if SCHOOLCNTRY = 3} / Do you give permission to pass your name, address, sex, date of birth and last school attended to The Department of Education and the Education and Skills Authority or a contractor conducting the linkage? {if SCHOOLCNTRY = 4} Once your education records have been added to your survey responses, we will remove all your personal information so that your answers are anonymous.

Thank you for taking part in this study. Your answers are of great value and interest to many academic and social policy researchers who will make good use of them.

We would like to add records held by the Department for Work and Pensions {if HHGRID.REGION = 1 | 2 | 3} / Social Security Agency {if HHGRID.REGION = 4}, containing information they hold on your benefit claims and time on employment programs, to the responses you have given to this study. Linking the information will help us to get a fuller picture about who claims benefits or seeks help from the DWP {if HHGRID.REGION = 1 | 2 | 3} / SSA {if HHGRID.REGION = 4}.

All information will be used for **research purposes only**. It will be used by academic or policy researchers under restricted access arrangements which make sure that the information is used responsibly and safely.

Please read this leaflet explaining how we would like to attach your DWP {if region = England/Scotland/Wales} / SSA {if region = Northern Ireland} records to the answers you have given in this study and let me know if you have any questions.

Sometimes people move homes and forget to let us know. It's really helpful to have the contact details of someone such as a relative or friend who would be able to let us know how to contact you. So it would be great if you could give us the details of someone who could simply put us back in touch with you.

Last year, you told us that [ff_ctname] [, who is your [ff_ctrel], {if ff_ctrel NOT DK|REF|MIS}] would know where to find you if you had moved. Are the following details correct?

Please select any details that are INCORRECT. If you would like to change the contact person, please select all details as incorrect and update them at the next screen. {if WEB}

DETAILS ARE FOR THE SURVEY TEAM ONLY. THE DETAILS DO NOT GET PASSED TO ANYONE ELSE AND WILL BE STORED SECURELY. THE PERSON NOMINATED WILL ONLY BE ASKED HOW TO CONTACT THE RESPONDENT SO THAT THEY CAN CONTINUE TO BE PART OF THE SURVEY

YOU WILL BE ASKED TO ENTER ANY INFORMATION THAT IS MISSING FOR THIS STABLE CONTACT. IF NONE IS AVAILABLE, CODE DON'T KNOW AT THE FOLLOWING QUESTIONS.

Text

Since personal circumstances can change over time, we would just like to check some important information.

What is *[NAME]'s* / *[CNAME]'s* / *[ff_firstname]'s* / *[your]* legal marital status?

Interviewer Instruction

CODE FIRST THAT APPLIES

RECORD **LEGAL** MARITAL STATUS EVEN IF E.G. DIVORCED BUT COHABITING IN CURRENT HOUSEHOLD

Showcard

TBC

Options

1	Single and never married or never in a legally recognised Civil Partnership	Single, nvr marr/civ p
2	Married	Married
3	A Civil Partner in a legally recognised Civil Partnership	Civil Partner (legal)
4	Separated but legally married	Separated legally marr
5	Divorced	Divorced
6	Widowed	Widowed
7	SPONTANEOUS: Separated from Civil Partner	Sep from Civil Partner
8	SPONTANEOUS: A former Civil Partner, the Civil Partnership legally dissolved	A former Civil Partner
9	SPONTANEOUS: A surviving Civil Partner (partner having died)	Surviving Civil Partner

Help

The aim is to obtain legal marital status, irrespective of any de facto arrangement. The only qualification to this aim is that you should not probe the answer 'separated'. Should a respondent query the term, explain that it covers any person whose spouse is living elsewhere because of estrangement (whether the separation is legal or not). Ignore temporary absences, e.g. on oil rig.

A person whose spouse has been working away from home for over 6 months, e.g. on a contract overseas or in the armed forces, should still be coded as married and living with husband/wife if the separation is not permanent.

Help

*This should be the **legal** marital status, for example if divorced but now living with someone else as a couple, the **legal** marital status should be 'divorced'. *If a partner is temporarily away but will be returning, (e.g. working away in the army or on an oil rig) the **legal** status should be recorded, for example 'married' rather than 'separated'.

Help

Shared ownership includes co-ownership and equity sharing schemes: a share in the property is being bought. The occupier may never become the sole owner of the property but will receive a cash sum on leaving the scheme. Where accommodation is owned or part-owned by ex-spouse or separated spouse treat as 'owned' (code 1). Do not count as rent-free cases where a rent would normally be paid but the whole amount is rebated (or paid direct to the landlord by the DWP through benefit payments). Code people who live in rent free accommodation owned by relatives as 'rent free'. If rent is paid for them by a relative or charity this should be recorded as a regular receipt in the finance grids.

An endowment mortgage has a long term insurance policy attached which pays off the original loan. Do not count as endowment policies mortgages with a 'mortgage protection policy' which is life insurance only. Help

Both rent rebate and rent allowance are forms of housing benefit. If the recipient is in council accommodation they will receive a rent rebate i.e. pay a reduced rent. But if the respondent is renting privately then a rent allowance will be paid either directly to the recipient or to the recipient's landlord.

Direct Debits give a company permission to take money from your bank account on an agreed date. You tell your bank or building society to let an organisation take money from your account. The organisation can collect however much you owe them and so often vary from time to time. Sometimes fuel or electricity companies will agree with you to take a fixed amount regularly by direct debit though they are free to alter this amount. You will be notified in advance how much will be taken from your account.

Standing orders give the bank an instruction to pay an exact amount to another account regularly. You determine the amount regularly paid.

If at age 14 you were not living with your natural father, record the occupation(s) of your 'father figure' e.g. step or adopted father or guardian. If you were in institutional care (e.g. an orphanage or council home) still tell us about your father's occupations if he was alive, otherwise code appropriately if your father was deceased.

SCPayReA and SCPayReB constitute flags to indicate the type of care arrangement about which payment of care questions will be asked. There are two sets of payment for care questions to reflect that payment information will only be obtained about two types of arrangements. The care arrangements to be queried will be prioritised as follows:

First priority is whether the respondent receives formal care arranged by a local authority/council/etc...(any HelpCode11 - HelpCode18 where LAHelp = 2|3), SCPayReA (but never SCPayReB) should be coded 1 and the full set of care providers thus arranged should be queried at the same time in items AnyPayA through LAFreqA with a textfill that lists the entire set thus arranged.

Second priority is home care worker/home help/ personal assistant NOT arranged via local authority/council/etc...(HelpCode11 & LAHelp = 1), SCPayReA, or SCPayReB if SCPayReA = 1, should be coded 2 and items AnyPayA through LAPayA plus DPPayA to NoPayA, OR AnyPayB through LAPayB plus DPPayB to NoPayB should be asked with text fill specific to that type of care.

Final priority, any other formal care not arranged by local authority/council/etc...(HelpCode12-HelpCode18 where LAHelp = 1), SCPayReA, or SCPayReB if SCPayReA = 1|2, should be coded 3 and items AnyPayA through LAPayA plus DPPayA to NoPayA, OR AnyPayB through LAPayB plus DPPayB to NoPayB should be asked with a text fill that lists the entire set of care providers thus arranged.

No qualifying care providers, SCPayReA or SCPayReB should be coded 4.

The "B" set of questions are only asked if they need to be, whereas the "A" set of questions are always asked, unless there are no qualifying care providers at all.

Use

```
If (any HelpCode11-HelpCode18 Where LAHelp = 2 | 3) Compute SCPayReA = 1;
Else If (HelpCode11 & LAHelp = 1) Compute SCPayReA = 2;
Else If (any HelpCode12-HelpCode18 Where LAHelp = 1) Compute SCPayReA = 3;

Is there anyone living with you who is sick, disabled or elderly whom you look after or give special help to (for example, a sick, disabled or elderly relative, husband, wife or friend etc)?

Options

1	Yes	Yes
2	No	No

Help

Occasionally a person may not think of the care they provide as special because they either may have been looking after this person for a long time or because they view it as a natural obligation to look after a close relative, or because they think it normal to provide special care for the elderly. In some cases you may already know of someone in the household who is infirm or disabled. If you have reason to believe that someone within the household is receiving regular care because of age, infirmity or disability but this is not reported by the respondent you should ask 'And what about (NAME OF PERSON)? Do you look after them at all?' If the respondent does not agree, code answer given.

Do you provide some regular service or help for any sick, disabled or elderly person not living with you?

Interviewer Instruction

EXCLUDE HELP PROVIDED IN COURSE OF EMPLOYMENT

Options

1	Yes	Yes
2	No	No

Help

Exclude any care given in the course of employment (e.g. by social worker or home help) but include if they provide care unpaid outside working hours. Exclude work in drop-in centres, luncheon clubs or meals on wheels. Include any service provided including visiting, sitting with them, keeping company, taking out, checking whether or not they are alright, helping with bills etc, as well as help with housework, cooking and personal care (e.g. washing or dressing). Include only one-to-one caring so that if, for instance, someone helps with meals-on-wheels or driving people to hospital this, in itself, does not count since they may be seeing different people each day. If, on the other hand they are paired off with one specific elderly/disabled person, this would count. Include here cases where person cared for is in the same building as respondent but lives separately (e.g. a 'granny flat' or annexe). Some respondents will be caring for people as a voluntary worker rather than as a friend or relative. If caring for two parents living together, code each separately.

Can I just check, did you do any paid work **last week** - that is in the seven days ending last Sunday - either as an employee or self-employed?

Options

1	Yes	Yes
2	No	No

Help

Include:

*Employment for any number of hours, including Saturday jobs, and casual work, e.g. baby sitting, running mail-order clubs etc. NB Since some informants may not consider casual work to be serious work, please be prepared to probe those (e.g. housewives with dependent children, full-time students) to whom you feel this may apply.

*Anyone who was paid a wage or salary by an employer while attending an educational establishment.

*Someone working for any number of hours in a spouse's business as long as they were paid, i.e. received (or will receive) an amount of money in remuneration or a share of the profits.

*Someone working unpaid in a spouse's business provided they work 15 hours or more per week.

*Anyone else working in a friend's or relative's business, as long as he or she received (or will receive) an amount of money in remuneration or a share of the profits.

*Students on 'sandwich courses' currently with an employer or those on employer placements should be coded as employed only if they receive regular payment from the employer.

Student nurses: Nurses being trained under the PROJECT 2000 scheme which is mainly based in colleges outside hospitals should be regarded as full-time students. Unless they have other employment outside their PROJECT 2000 course they should be coded "No" at JBHAS and JBOFF. For student nurses always check if the nursing training course is part of PROJECT 2000 and proceed accordingly. If the respondent is unsure treat as employed.

Government Training Schemes: If a respondent was on such a scheme last week, they should be coded as employed if they are 'employer based'. This is defined as: 1) Last week they were with an employer or on a project providing work experience or practical training or 2) If they are normally 'employer based' but were away last week because of illness or for some other reason (including attending a college based course). If respondents are not normally 'employer based' that is they usually attend a college or other training centre, they should be coded "No" at JBHAS and JBOFF with the following exceptions: 1) those who have employment outside the training scheme. Code here as employed and take details of this secondary employment. 2) those sent on training schemes by employers who continue to pay their wages or salaries. Treat as employed and code "Attending training course" at JBOFFY. Record details of their job with the employer who has seconded them to the training scheme.

Help

Code one only: if more than one reason ask respondent 'And which of these would you say was the main reason?' Maternity leave: only women who are on the special period of maternity leave allowed either by law or their contract should be included here. Any other leave taken for reasons of child bearing or child rearing should be coded "Other personal/family reasons". Any leave taken for pregnancy related sickness not covered by maternity leave should be coded "Sick/injured". Count women on maternity leave from a job as employed even if they say it is their intention not to return to their jobs at the end of the statutory or contractual period of leave.

Help

If respondent has more than one job, these questions should be answered with reference to their main job. The 'main job' is the highest paid. If equal earnings then it is the one with the longest hours. If a respondent is a seasonal worker who switches between jobs at different times of the year, then 'main job' is the one being done last week. Where a respondent changed jobs in the last week (that is in the seven days ending on the Sunday before interview) we require details of the job being done at the end of the week.

A permanent job is one which has no specific time limit even if a period of notice is required for dismissal.

Are you an employee or self-employed?

Help

Where there is doubt, try to find out how they are described for tax and National Insurance purposes. For self-employed, tax is not normally deducted at source but paid directly to the Inland Revenue. People working as child minders or odd-jobbing etc are usually classified as self-employed. If someone is self employed and works under contract to an employer, he or she may be treated as an employee for tax purposes (e.g. in the construction industry). Treat such people as self-employed. For all directors and managers who say that they are self-employed, check whether they work for a limited company. If they do, code them as employees for tax and NI purposes. An employee working through an agency (e.g. secretary, nurse etc) may either be an employee of that agency (i.e. the agency pays part of their NI contributions) or an employee

with each different employer they go to.

Help

If unsure whether you are an employee or you are self-employed, consider how you are described for tax and National Insurance purposes.

*Self-employed people usually pay tax directly to the Inland Revenue rather than having it deducted at source.

*People working as child minders or odd-jobbing are usually classified as self-employed.

*If you are self-employed and working under contract to an employer (e.g. in the construction industry), you may be treated as an employee for tax purposes, but please say self-employed here.

*If you are a director or manager working for a limited company, please select employee.

*Someone working through an agency may be an employee of that agency (the agency pays part of their NI contributions) or an employee of each place they work at.

Help

A manager may manage other employees through supervisors or directly, and may have a more general responsibility for policy or long term planning. Foremen and supervisors have day-to-day control over a group of workers whom they supervise directly, sometimes themselves doing some of the work they supervise. Job titles can be misleading (e.g. a 'playground supervisor' supervises children, not employees and so should be coded not a supervisor). A stores manager may be a store-keeper and not a manager or supervisor of employees.

This is the total number of employees at the workplace, not just the number employed within the particular section or department in which the respondent works. Include part time and shift workers. If a respondent works from a depot or office (e.g. a service engineer), base the answer on the number of people who work from that depot. People employed by employment agencies should answer these questions with reference to the place at which they are currently working (or last worked) rather than the agency. Where someone employed by an agency worked at several different workplaces in the course of a week the answer should refer to the place where he or she worked the greatest number of hours. Similarly, people working for sub contractors or merchandisers within a larger workplace should answer with reference to the larger workplace (for example, school meals staff should answer with respect to the school rather than the kitchens, and people working on a fish stall franchise within a supermarket should answer with respect to the supermarket).

'Usual pay' should be straightforward for the large majority of cases. If queried 'usually' means since the last change in circumstances affecting pay such as a pay rise or a change of job. Include bonus or overtime payments, if these are usually received. If the respondent is on short time the usual pay should be that received before short-time working began. For seasonal workers record the usual amount earned in a year.

About how much time does it usually take for you to get to work each day, door to door (in minutes)?

Interviewer Instruction

ONE WAY JOURNEY ONLY
IF NO USUAL GIVE AVERAGE MINUTES
IF DOESNT APPLY ENTER 0

Help

If respondent works mainly by travelling around or travels to one or more places ask how long it takes to get to an office or depot if this place is visited at least once a week. Note this is for getting to work not the full round trip. Please only use 'Doesn't Apply' in extreme cases where it is impossible to give any kind of average i.e. the respondent never visits a depot etc.

One of the most important parts of our research is how people are getting by financially these days. We have found that we need to ask about a number of different types of income, otherwise our results could be misleading. Please think about ALL of the extra sources of income you receive, as well as any benefits or tax credits. If you are at all unsure about whether something would count, you can check with me. *{if GRIDVARIABLES.ModeType = 1 | 2}* We'd like to remind you that anything you tell us is completely confidential.

Code 1: Income Support replaced Supplementary Benefit (sometimes called Social Security Benefit) and is often paid along with other benefits as a supplement. Any maintenance payments from a former or separated spouse or for child support which are paid through the DWP or other government agencies should not be included as Income Support.

Code 2: Job Seeker's Allowance replaced Unemployment Benefit in October 1996. Those receiving JSA are capable of work and available for work and actively seeking work and have a current Job Seeker's agreement with the Employment Service. Full-time students, those on temporary release from prison and those receiving maternity allowance or statutory maternity pay are not eligible for JSA. There are two types of JSA - Contribution-based and Income-based. The Contribution-based component is paid in the first 26 weeks of unemployment if enough NI contributions have been paid. The Income-based component is a means-tested benefit (paid after 26 weeks for those who qualify for Contribution-based and pass the means-test) and is being replaced by Universal Credit.

Code 3: Child Benefit is a payment for those who are responsible for a child under 16 or over 16 and in relevant education or training. It is normally paid to the mother (unless there is none in the household) and should be shown as her income. Where it is paid into a joint bank account this should still be recorded as the mother's income.

Code 4: From October 2013 Universal Credit replaces Income Support, income-based Job Seeker's Allowance, income-related Employment Support Allowance, Housing Benefit, Child Tax Credit and Working Tax Credit.

Code 1: Incapacity Benefit replaced NI Sickness Benefit and Invalidity Benefit in April 1995.

Code 3: Severe Disablement Allowance is for people of working age who have not been able to work for at least 28 weeks but who cannot get Incapacity Benefit. Married women unable to perform household work may also receive it.

Code 4: Carer's Allowance is for people of working age who give up working to look after someone receiving Attendance Allowance or Disability Living Allowance.

Codes 5 & 7: The Disability Living Allowance replaced the Attendance Allowance for those under 66. For those over 66 it is still the Attendance Allowance. Where the person is under 16 the Allowance will normally be paid to the person responsible for them. In such cases it should be recorded as income on the questionnaire for the responsible adult for the child. Where someone is 16 or over this should be recorded on the person's own questionnaire.

Code 10: Sickness and Accident Insurance includes any payments to compensate for lost wages during time off work through sickness.

Code 12: Personal Independence Payment (PIP) started to replace Disability Living Allowance (DLA) from 8 April 2013 for people aged 16 to 64 with a long-term health condition or disability.

Code 2: Maternity Allowance applies only to women not eligible for Statutory Maternity Pay. Usually women receiving Maternity Allowance will be either self-employed or will have recently changed jobs.

Code 5: Working Tax Credit replaced Working Families Tax Credit and Disabled Person's Tax Credit in April 2003. It is paid to families with at least one dependent child or those with a disability who are working. In some cases it can be paid alongside JSA or income support for those not working. If the respondent qualifies for the childcare element of Working Tax Credit, this will always be paid with the Child Tax Credit, even if the respondent is not themselves in receipt of Working Tax Credit. It is, nevertheless, replaced by Universal Credit.

Code 6: Council Tax Reduction, formerly Council Tax Benefit, is usually credited to the council directly, so the benefit would show on a reduced tax bill. This can include reductions for being in receipt of other benefits but also discounts and exemptions under various circumstances including being a student, being a single person household, pensioners, or having someone in the household who is in receipt of social care. Please record the value of the reduction.

Code 8: Housing Benefit is benefit paid to help with housing costs, either by the DWP or the Local Authority. Include here only if it is paid direct to the respondent. It is being replaced by Universal Credit.

Code 2: Educational Grants and Scholarships may be provided by Local Authorities, the DfES, Research Councils, charities, prospective employers (e.g. companies or the Armed Forces), educational institutions, family trusts and a number of other bodies such as Trade Unions. Do NOT include Student Loans or Tuition Fee Loans.

Code 3: For Trade Union/ Friendly Society Payments include all payments from such bodies here with the exception of Educational Grants and Sickness or Accident Insurance. Include Strike Pay.

Code 4: Maintenance or Alimony can be received by men or women. In most cases such payments come direct but they may also come via a solicitor, a court or the DWP. If it is paid by the DWP, check it has not been included in any Income Support already mentioned.

Codes 5 & 6: Payments from a family member not living with the respondent should not include payments for 'keep' from those living there although Rent from Boarders or Lodgers (not family members) living there should be included at code 6.

Code 97: For any other regular payment, in any cases of doubt survey participants should be asked to decide for him/herself whether or not a payment is to be classed as 'regular'.

MisSource is an indicator designed to identify benefit and unearned income sources that were not recorded at the current wave but were recorded at the previous wave. A flag is created for each unearned income source if it has been coded as received in the current interview. This flag is then compared with the ff variable for that income source.

If enumerated at wave t-1 and enumerated at wave t then MisSource = 0.

If not enumerated at wave t-1 and not enumerated at wave t then MisSource = 0.

If not enumerated at wave t-1 but enumerated at wave t then MisSource = 0.

If enumerated at wave t-1 but not at wave t then MisSource = 1.

This calculation becomes more complicated once Universal Credit has been introduced, because the answer at the current wave will be Universal Credit and at the previous wave it will be something else (but mean the same thing). Hence this extra code....

If Istrdate after 31/03/2013, code MisSource = 0 if claims Personal Independence Payment (BenDis = 12) and at t-1 respondent claims Disability Living Allowance (ff_bentype10).

If Istrdate after 30/09/2013, code MisSource = 0 if claims Universal Credit (BenBase = 4) and at t-1 respondent had claimed Income Support (ff_bentype15), Job Seeker's Allowance (ff_bentype16), Employment Support Allowance (ff_bentype33), Housing Benefit (ff_bentype22), Rent Rebate (ff_bentype31), Child Tax Credit (ff_bentype19) or Working Tax Credit (ff_bentype20).

Maintenance arrangements are sometimes made by parents, if they do not live together, to help support any children. These can be regular payments made through Court Orders, through the Child Support Agency, Child Maintenance Service or just made privately between the parents without involving the CSA, CMS or Courts. A private or family based arrangement could also include payments for specific things like school fees, clothing or holidays, or even involve non-financial help like shared care.

I'd now like to ask you some more details about the maintenance payments you receive. *{if BENEFITS.BenSta = 4}* / I'd now like to ask you about any maintenance payments you could receive for your children. *{if BENEFITS.BenSta is not equal to 4}*

Has the Child Support Agency, or CSA, or the Child Maintenance Service, or CMS, made a calculation, instructing a previous partner to pay maintenance to you or any children?

Interviewer Instruction

ADD IF NECESSARY "DOCUMENTS SUCH AS LETTERS FROM THE CHILD SUPPORT AGENCY, CHILD MAINTENANCE SERVICE OR YOUR OWN AGREEMENTS WITH YOUR PARTNER MAY HELP YOU TO ANSWER THESE QUESTIONS."

NOTE, RESPONDENT MAY NOT THINK OF CHILD'S PARENT AS A "PREVIOUS PARTNER".

Help

A family-based arrangement(FBA) is where parents agree between themselves how to continue providing for their child(ren) after they separate.

It can be a formal agreement, for example written down in any FBA form/parenting plan -- **in Scotland Only**, a minute of agreement can count as a family-based arrangement, or it can be an informal agreement, for example a promise or pledge made verbally.

Parents can choose what to include in an FBA, for example who will provide what support for a child and how often. There is no set format, but a family-based arrangement can be:

- * Providing money regularly and at an agreed level specifically for the benefit of the child
- * paying for agreed things from time to time for the benefit of the child (e.g., after-school clubs, school fees, holidays, pocket money, etc.)
- * non-financial contributions specifically for the benefit of the child (e.g., food clothes or contributing towards childcare)
- * sharing looking after the child

Or any combination of the above.

Apart from CSA calculations or court orders, parents might make private, or family based, arrangements for the care of their children. These can be either formalised in writing or arranged informally. They might involve regular payments, payments for specific things like school fees, holidays or pocket money, or non-financial help such as providing clothing or sharing care.

Do you have a private arrangement that you should receive either financial or non-financial contributions from a previous partner either on behalf of yourself, or any children?

Interviewer Instruction

ADD IF NECESSARY "BY A PRIVATE AGREEMENT WE MEAN ONE THAT HAS NOT BEEN SET-UP USING THE CHILD SUPPORT AGENCY, CHILD MAINTENANCE SERVICE OR VIA A COURT ORDER."

IF ANSWERS "YES", PROBE WHETHER THIS IS FOR THEMSELVES, THEIR CHILDREN OR BOTH

Options

1	Yes, for myself	Yes, for myself
2	Yes, for my children	Yes, for my children
3	Yes, for both myself and my children	Yes, for both myself and my children
4	No	No

Help

A family-based arrangement(FBA) is where parents agree between themselves how to continue providing for their child(ren) after they separate.

It can be a formal agreement, for example written down in any FBA form/parenting plan -- **in Scotland Only**, a minute of agreement can count as a family-based arrangement, or it can be an informal agreement, for example a promise or pledge made verbally.

Parents can choose what to include in an FBA, for example who will provide what support for a child and how often. There is no set format, but a family-based arrangement can be:

- * Providing money regularly and at an agreed level specifically for the benefit of the child
- * paying for agreed things from time to time for the benefit of the child (e.g., after-school clubs, school fees, holidays, pocket money, etc.)
- * non-financial contributions specifically for the benefit of the child (e.g., food clothes or contributing towards childcare)
- * sharing looking after the child

Or any combination of the above.

I'd like to ask some questions about each person with whom you've had children. So that I don't ask the same set of questions twice, I need to record which children you had with each of your partners. We don't need your partner's name, but we'll use a code to identify which children have the same parent.

Interviewer Instruction

RECORD [FATHER/MOTHER] CODE FOR [CHILD].

RECORD WHICH CHILDREN HAVE THE SAME MOTHER/FATHER, USING CODES TO INDICATE WHICH CHILDREN HAVE THE SAME

PARENT RATHER THAN RECORDING ACTUAL NAMES

SO, START WITH THE FIRST CHILD IN YOUR LIST AND CODE THEIR PARENT AS '1', AND CHECK WHICH OTHER CHILDREN HAVE THE SAME PARENT AND ALSO CODE THEM AS '1'.

THEN FOR RESPONDENT'S SECOND EX-PARTNER CODE ALL THE CHILDREN THAT THEY HAD TOGETHER AS CODE '2', AND SO ON.

Thank you for taking part in this study. Your answers are of great value and interest to many academic and social policy researchers who will make good use of them.

We would like to add records held by the Department for Work and Pensions {if HHGRID.REGION = 1 | 2 | 3} / Social Security Agency {if HHGRID.REGION = 4}, containing information they hold on your benefit claims and time on employment programs, to the responses you have given to this study. Linking the information will help us to get a fuller picture about who claims benefits or seeks help from the DWP {if HHGRID.REGION = 1 | 2 | 3} / SSA {if HHGRID.REGION = 4}.

All information will be used for **research purposes only**. It will be used by academic or policy researchers under restricted access arrangements which make sure that the information is used responsibly and safely.

Please read this leaflet explaining how we would like to attach your DWP {if region = England/Scotland/Wales} / SSA {if region = Northern Ireland} records to the answers you have given in this study and let me know if you have any questions.

Do you give permission for us to pass your name, address, sex and date of birth to the DWP {if region = England/Scotland/Wales} / SSA {if region = Northern Ireland} for this purpose?

Text

Sometimes people move homes and forget to let us know. It's really helpful to have the contact details of someone such as a relative or friend who would be able to let us know how to contact you. So it would be great if you could give us the details of someone who could simply put us back in touch with you.

Last year, you told us that [ff_ctname] [, who is your [ff_ctrel], {if ff_ctrel NOT DK|REF|MIS}] would know where to find you if you had moved. Are the following details correct?

Please select any details that are INCORRECT. If you would like to change the contact person, please select all details as incorrect and update them at the next screen. {if WEB}

Interviewer Instruction

READ OUT AND CODE EACH THAT NEEDS CHANGING OR CORRECTION. IF NECESSARY, REASSURE RESPONDENT THAT THESE DETAILS ARE FOR THE SURVEY TEAM ONLY. THE DETAILS DO NOT GET PASSED TO ANYONE ELSE AND WILL BE STORED SECURELY. THE PERSON NOMINATED WILL ONLY BE ASKED HOW TO CONTACT THE RESPONDENT SO THAT THEY CAN CONTINUE TO BE PART OF THE SURVEY

YOU WILL BE ASKED TO ENTER ANY INFORMATION THAT IS MISSING FOR THIS STABLE CONTACT. IF NONE IS AVAILABLE, CODE DON'T KNOW AT THE FOLLOWING QUESTIONS.

IF RESPONDENT SPECIFIES A DIFFERENT CONTACT PERSON THEN INDICATE A CHANGE IN CONTACT'S NAME.

Is there anyone living with [NAME] who is sick, disabled or elderly whom [NAME] looks after or gives special help to (for example, a sick, disabled or elderly relative/husband/wife/friend etc)?

Options

1	Yes	Yes
2	No	No

Help

Occasionally a person may not think of the care they provide as special because they either may have been looking after this person for a long time or because they view it as a natural obligation to look after a close relative, or because they think it normal to provide special care for the elderly. In some cases you may already know of someone in the household who is infirm or disabled. If you have reason to believe that someone within the household is receiving regular care because of age, infirmity or disability but this is not reported by the respondent you should ask 'And what about (NAME OF PERSON)? Does [NAME OF PROXY] look after them at all?' If the respondent does not agree, code answer given.

Did [NAME] do any paid work last week - that is in the seven days ending last Sunday - either as an employee or self-employed?

Options

1	Yes	Yes
2	No	No

Help

Include:

*Employment for any number of hours, including Saturday jobs, and casual work, e.g. baby sitting, running mail-order clubs etc. NB Since some informants may not consider casual work to be serious work, please be prepared to probe those (e.g. housewives with dependent children, full-time students) to whom you feel this may apply.

*Anyone who was paid a wage or salary by an employer while attending an educational establishment.

*Someone working for any number of hours in a spouse's business as long as they were paid, i.e. received (or will receive) an amount of money in remuneration or a share of the profits.

*Someone working unpaid in a spouse's business provided they work 15 hours or more per week.

*Anyone else working in a friend's or relative's business, as long as he or she received (or will receive) an amount of money in remuneration or a share of the profits.

*Students on 'sandwich courses' currently with an employer or those on employer placements should be coded as employed only if they receive regular payment from the employer.

Student nurses: Nurses being trained under the PROJECT 2000 scheme which is mainly based in colleges outside hospitals should be regarded as full-time students. Unless they have other employment outside their PROJECT 2000 course they should be coded 2 at JBHAS and JBOFF. For student nurses always check if the nursing training course is part of PROJECT 2000 and proceed accordingly. If the respondent is unsure treat as employed.

Government Training Schemes: If a respondent was on such a scheme last week, they should be coded as employed if they are 'employer based'. This is defined as: 1) Last week they were with an employer or on a project providing work experience or practical training or 2) If they are normally 'employer based' but were away last week because of illness or for some other reason (including attending a college based course). If respondents are not normally 'employer based' that is they usually attend a college or other training centre, they should be coded 2 at JBHAS and JBOFF with the following exceptions: 1) those who have employment outside the training scheme. Code here as employed and take details of this secondary employment. 2) those sent on training schemes by employers who continue to pay their wages or salaries. Treat as employed and code 4 at JBOFFY. Record details of their job with the employer who has seconded them to the training scheme.

Do not include those receiving redundancy payments who have no job to return to. Do not include people who have a job arranged but have not yet started work in it: such people should be coded 3 at JBOFF. Is [NAME] an employee or self-employed?

Options

1	Employee	Employee
2	Self-employed	Self-employed

Help

Where there is doubt, try to find out how they are described for tax and National Insurance purposes. For self-employed, tax is not normally deducted at source but paid directly to the Inland Revenue. People working as child minders or odd-jobbing etc are usually classified as self-employed. If someone is self employed and works under contract to an employer, he or she may be treated as an employee for tax purposes (e.g. in the construction industry). Treat such people as self-employed. For all directors and managers who say that they are self-employed, check whether they work for a limited company. If they do, code them as employees for tax and NI purposes. An employee working through an agency (e.g. secretary, nurse etc) may either be an employee of that agency (i.e. the agency pays part of their NI contributions) or an employee with each different employer they go to.

Help

A manager may manage other employees through supervisors or directly, and may have a more general responsibility for policy or long term planning. Foremen and supervisors have day-to-day control over a group of workers whom they supervise directly, sometimes themselves doing some of the work they supervise. Job titles can be misleading (e.g. a 'playground supervisor' supervises children, not employees and so should be coded not a supervisor). A stores manager may be a store-keeper and not a manager or supervisor of employees.
