Dear Michael Smith,

Understanding Society is a wonderful data resource. It is used by academics, students, policy makers and charities such as Age UK and The Children's Society. You are an important part of it. Your participation gives a voice to the experiences of thousands of people like you. The information you have given us previously is very valuable and will become even more valuable if you participate again this year. We need to continue interviewing the same people in order to understand changes in our society.

We hope you will help us this year. An interviewer will be in touch with you soon to arrange a convenient time for an interview.

To say thank you for your help and let you know we value your contribution, we've enclosed a £10 gift-card which has already been activated for you, and is ready to use.

At the bottom of this letter is a change-of-address card. Please let us know if you change any of your contact details. If you have any questions about the study, please don't hesitate to get in touch with our Participant Helpline.

With many thanks,

A handwritten signature in cursive script that reads "Michaela Benzeval".

Dear Michael Smith,

Understanding Society is a wonderful data resource. It is used by academics, students, policy makers and charities such as Age UK and The Children's Society. You are an important part of it. Your participation gives a voice to the experiences of thousands of people like you. The information you have given us previously is very valuable but will become much less valuable if you don't participate again this year. We need to continue interviewing the same people in order to understand changes in our society.

We hope you will help us this year. An interviewer will be in touch with you soon to arrange a convenient time for an interview.

To say thank you for your help and let you know we value your contribution, if you're able to take part this time we will give you a £20 gift-card.

Why are you important?

Without you, the survey will be less complete. We can't simply replace you with someone else as the people taking part were selected scientifically to represent the whole population. No-one else has your unique combination of circumstances and in a very real way you are personally vital to the success of the study.

About the study.

Long-term studies like Understanding Society help us find out about how lives in the UK are changing over time. This information is used by academics, policy-makers and researchers working for governments, charities and the voluntary sector in this country and abroad to inform policy making.

The strength of Understanding Society is that it talks to the same people each year so we can see how things like the economic situation and the way our society is changing affects your life. The study is your study and is about issues that affect you and everyone in our diverse society.

Results generate widespread interest. You can read more about the latest findings and where the study has featured in the media at www.understandingsociety.ac.uk/headlines

The interview.

If you're unable to complete your interview online an interviewer will be in touch to arrange a convenient time to interview you and other members of your household.

The interview will last around an hour. If it's not convenient when your interviewer calls, please feel free to choose a day and time which is easier for you.

Young people in the house?

If there are any young people aged 10-15 in your household, they will be invited to complete a short questionnaire about their hobbies, friends, school life and hopes for the future. They will receive a gift card as a thank you for completing the questionnaire.

Moving home? Take us with you.

Why are you important?

Without you, the survey will be less complete. We can't simply replace you with someone else as the people taking part were selected scientifically to represent the whole population. No-one else has your unique combination of circumstances and in a very real way you are personally vital to the success of the study.

About the study.

Long-term studies like Understanding Society help us find out about how lives in the UK are changing over time. This information is used by academics, policy-makers and researchers working for governments, charities and the voluntary sector in this country and abroad to inform policy making.

The strength of Understanding Society is that it talks to the same people each year so we can see how things like the economic situation and the way our society is changing affects your life. The study is your study and is about issues that affect you and everyone in our diverse society.

Results generate widespread interest. You can read more about the latest findings and where the study has featured in the media at www.understandingsociety.ac.uk/headlines

The interview.

If you're unable to complete your interview online an interviewer will be in touch to arrange a convenient time to interview you and other members of your household.

The interview will last around an hour. If it's not convenient when your interviewer calls, please feel free to choose a day and time which is easier for you.

Young people in the house?

If there are any young people aged 10-15 in your household, they will be invited to complete a short questionnaire about their hobbies, friends, school life and hopes for the future. They will receive a gift card as a thank you for completing the questionnaire.

Moving home? Take us with you.

Dear Michael Smith,

Over the past few years you may have completed a short *Understanding Society* questionnaire for 10 to 15 year-olds. As you turn 16 this year, you are now old enough to join the adult survey for the first time.

Understanding Society is a wonderful data resource. It is used by academics, students, policy makers and charities such as Age UK and The Children's Society. You are an important part of it. Your participation gives a voice to the experiences of thousands of people like you. The information you have given us previously is very valuable but will become much less valuable if you don't participate again this year. We need to continue interviewing the same people in order to understand changes in our society.

Your £30 gift-card and chance to win an iPad

We would really like you to take part, so, to say thank you for sharing your views, we've enclosed a £30 gift-card which has already been activated for you, and is ready to use. Plus, to welcome you to the adult survey, you will automatically be entered into a prize draw for an iPad when you complete your interview.

This year the survey is available online at the website shown below, so you can complete it at a time that's best for you.

When you've reached the website, you'll be asked to enter your unique username and password

Why are you important?

Without you, the survey will be less complete. We can't simply replace you with someone else as the people taking part were selected scientifically to represent the whole population. No-one else has your unique combination of circumstances and in a very real way you are personally vital to the success of the study.

About the study.

Long-term studies like Understanding Society help us find out about how lives in the UK are changing over time. This information is used by academics, policy-makers and researchers working for governments, charities and the voluntary sector in this country and abroad to inform policy making.

The strength of Understanding Society is that it talks to the same people each year so we can see how things like the economic situation and the way our society is changing affects your life. The study is your study and is about issues that affect you and everyone in our diverse society.

Results generate widespread interest. You can read more about the latest findings and where the study has featured in the media at www.understandingsociety.ac.uk/headlines

The interview.

If you're unable to complete your interview online an interviewer will be in touch to arrange a convenient time to interview you and other members of your household.

The interview will last around an hour. If it's not convenient when your interviewer calls, please feel free to choose a day and time which is easier for you.

Young people in the house?

If there are any young people aged 10-15 in your household, they will be invited to complete a short questionnaire about their hobbies, friends, school life and hopes for the future. They will receive a gift card as a thank you for completing the questionnaire.

Why are you important?

Without you, the survey will be less complete. We can't simply replace you with someone else as the people taking part were selected scientifically to represent the whole population. No-one else has your unique combination of circumstances and in a very real way you are personally vital to the success of the study.

About the study.

Long-term studies like Understanding Society help us find out about how lives in the UK are changing over time. This information is used by academics, policy-makers and researchers working for governments, charities and the voluntary sector in this country and abroad to inform policy making.

The strength of Understanding Society is that it talks to the same people each year so we can see how things like the economic situation and the way our society is changing affects your life. The study is your study and is about issues that affect you and everyone in our diverse society.

Results generate widespread interest. You can read more about the latest findings and where the study has featured in the media at www.understandingsociety.ac.uk/headlines

The interview.

If you're unable to complete your interview online an interviewer will be in touch to arrange a convenient time to interview you and other members of your household.

The interview will last around an hour. If it's not convenient when your interviewer calls, please feel free to choose a day and time which is easier for you.

Young people in the house?

If there are any young people aged 10-15 in your household, they will be invited to complete a short questionnaire about their hobbies, friends, school life and hopes for the future. They will receive a gift card as a thank you for completing the questionnaire.

Moving home? Take us with you.

I am writing to ask for your help with a world-leading study about life in the UK. This is the largest survey of its kind in the world and covers a wide range of issues such as housing, family life, education, health, employment, the environment, health and well-being. The data are used by academics, students, policy makers and charities such as Age UK and The Children's Society. Your participation is completely voluntary but we hope you and your household will find the time to take part in this important study, and that you find it both interesting and enjoyable.

Your participation will give a voice to the experiences of thousands of people like you. The information already given to us by other participants has proved to be very valuable but will become less valuable if you do not participate too. To find out more about the study, please visit

Why are you important?

Without you, the survey will be less complete. We can't simply replace you with someone else as the people taking part were selected scientifically to represent the whole population. About the study.

Long-term studies like Understanding Society help us find out about how lives in the UK are changing over time. This information is used by academics, policy-makers and researchers working for governments, charities and the voluntary sector in this country and abroad to inform policy making.

The strength of Understanding Society is that it talks to the same people each year so we can see how things like the economic situation and the way our society is changing affects your life. The study is your study and is about issues that affect you and everyone in our diverse society.

Results generate widespread interest. You can read more about the latest findings and where the study has featured in the media at www.understandingsociety.ac.uk/headlines

The interview.

If you're unable to complete your interview online an interviewer will be in touch to arrange a convenient time to interview you and other members of your household.

The interview will last around an hour. If it's not convenient when your interviewer calls, please feel free to choose a day and time which is easier for you.

Young people in the house?

I am writing to ask for your help with a world-leading study about life in the UK. This is the largest survey of its kind in the world and covers a wide range of issues such as housing, family life, education, health, employment, the environment, health and well-being. Dear Michael Smith,

Your help is still needed

You may remember we contacted you earlier this year asking for your help in this year's *Understanding Society* survey. Our interviewer has not been able to carry out an interview with you during their visits. However, we are still keen to hear from you.

The survey will be available to complete online at the website shown below between XX and YY, so you can complete it at a time that's best for you.

www.understandingsociety.ac.uk/Society

When you've reached the website, you'll be asked to enter your unique username and password:

Username: <USERNAME>

Password: <PASSWORD>

An interviewer may also try to contact you by telephone over the next two weeks, in case you cannot complete the survey online.

We hope that this will make it more convenient for you to take part. By taking part, your voice is heard so I very much hope this will enable you to complete the survey this time.

Your participation is entirely voluntary, but we do hope you'll be able to help. If you have any questions, please call us on 0800 015 2908 or contact us at

understandingsociety@tns-bmrb.co.uk.

Dear _____,

You may be aware that _____ participated in an important research project called *Understanding Society* last year. The study is concerned with how things change over time, and we are hoping to revisit everyone who participated last time, to see how their lives have changed or stayed the same.

Unfortunately, we have been unable to contact the person named above. They gave us your name as a contact in the event of any change in their circumstances, and we would be most grateful if you would let us know their current address and telephone number, wherever they are living now. You can call us on Freephone **0800 252 853**, email us at **contact@understandingsociety.ac.uk** or complete and return the reply slip below in the Freepost envelope provided – you do not need a stamp.

By giving us their name, address and telephone number you are not committing them to be interviewed. Taking part is entirely voluntary, though we very much hope to achieve an interview with everybody who has taken part previously, so that our results give an accurate picture of people's experiences. Once we have their new details, an interviewer will contact them and invite them to take part.

If you have any questions about the study, please visit **www.understandingsociety.ac.uk** or call us using the Freephone number above.

Thank you for your help.

Yours sincerely,

Date ___ / ___ / _____

Dear _____

This time last year we interviewed your household for *Understanding Society*. The study is concerned with how things change or stay the same over time – your participation can help us paint a unique picture of what the UK looks like today and how it is gradually changing.

We would very much like to interview you and your household again this year; however, I called today at the address your household was interviewed at last year and found that you now live elsewhere. I spoke to _____ who did not wish to give your new address or telephone number without your permission, but did agree to forward this letter to you on our behalf.

We would be most grateful if you would let us know your current address and telephone number, wherever you are living now. You can call us on Freephone **0800 252 853**, email us at **contact@understandingsociety.ac.uk** or complete and return the reply slip below in the Freepost envelope provided – you do not need a stamp.

By giving us your name, address and telephone number you are not committing yourself to be interviewed. Once you have confirmed your new details, an interviewer will contact you and invite you to take part. If you are willing, a convenient time for an interview can then be arranged.

The study is being conducted by researchers from the University of Essex, together with TNS BMRB. If you have any questions about the study, or would prefer not to be contacted again, please visit the special participants' website at **www.understandingsociety.ac.uk** or call us using the Freephone number above.

Thank you in advance for your help.

Dear Michael Smith,

Thank you ever so much for your recent participation in *Understanding Society*. At the end of the interview we mentioned that there is a short self-completion questionnaire that we would like «Child_name» to complete.

We would be grateful if you could look through the blank questionnaire and, if you are happy to do so, give it to «Child_name». When «Child_name» has completed the questionnaire, they can put it into the envelope enclosed and it can be posted back to us, free of charge.

As you know one of the really important features of the survey is that everyone's answers are completely confidential. This really helps us get responses from people that are completely truthful and accurate and makes the survey one of the best in the world. This applies to all the adults who take part but also all the children, so we ask all parents/guardians to allow their children to complete the questionnaire in private. We hope you understand why this is so important, but if you have any questions, don't hesitate to contact us.

As a token of our appreciation, I have enclosed a £5 gift-card for «Child_name» which has been activated and is ready to use.

If you have any questions at all about *Understanding Society* and your involvement in it, please contact us using the number below. Do also check our special participants' website where you can read some early findings, send us a message or just find out more information about *Understanding Society*: www.understandingsociety.ac.uk/participants.
