Why are you important to us?

You make the survey more complete and useful. Without you, the study is less complete.

You have been specially selected to help us make sure that Understanding Society accurately represents experiences of all types of people. This way, we can see how factors such as the economy or housing affect lives across the whole of the UK.

Your participation is crucial to the success of the study, its value to researchers and accuracy of their research findings. If we lose you, we can't replace you.

What is the study about?

Understanding Society is a long-term study that helps us find out about the issues that matter to everyone. How is the recession affecting you? Are you happy with your local services and facilities? Are your health care requirements being met?

The information we collect is used by academics and researchers to inform policy debates on issues that matter to you.

Why do you interview young people?

Young people's opinions matter to us, too. If there are young people aged 10-15 in your household, we hope that they can complete their part of the survey. We'll ask them about their hobbies, friends, school life and hopes for the future. Each child that takes part will receive a £5 voucher.

Your continuing participation is very important to us. Please let us know if you move by updating your details on the Understanding Society website at www.understandingsociety.ac.uk, alternatively you could call us on Freephone 0800 252 853 or return this card in the Freepost envelope (no stamp needed).

Dear Firstname Lastname,

Over the past few years you may have completed a short Understanding Society questionnaire for 10 to 15 year-olds. As you turn 16 this year, you are now old enough to join the adult survey for the first time.

Your £10 voucher and chance to win an iPad

We would really like you to take part, so we've also enclosed a £10 voucher to say thank you for sharing your views. Plus, to welcome you to the adult survey, you will automatically be entered into a prize draw for an iPad when you complete your interview.

3 reasons to be part of Understanding Society...

- We can't replace you.** Your view is vital to the success of the study. No-one else can take your place as no-one else has your particular mix of circumstances. As you move into adulthood, we're really interested in your experiences during this time.
- Your contribution helps build a more detailed picture of life in the UK.** Each year the study becomes more valuable and useful for researchers who are interested in the choices that young people make over their education, employment and relationships. It's only by talking to you and other young people that we can learn about how society is changing from a young person's perspective.
- Understanding Society gives you a voice on issues that matter.** Whether it's how you're coping with changes at school, college or work, or what facilities you think are missing from your neighbourhood, Understanding Society is letting people who make decisions about your future get a better understanding of young people.

What happens next?

An interviewer will be in touch soon to arrange a convenient time to interview you. The interview will last around an hour.

If you have any questions about the study, please don't hesitate to get in touch with Colette Lo from our Participant Helpline - find their contact details below.

I do hope you enjoy taking part.

With many thanks,

Michaela Benzeval

Dear Firstname Lastname,
You are an important part of the Understanding Society study.

Your £10 voucher

We've enclosed a £10 voucher to say thank you for your help and let you know we value your contribution.

3 reasons to be part of Understanding Society

1. We can't replace you. No-one else can take your place as no-one else has your mix of circumstances.
2. Your contribution helps build a more detailed picture of life in the UK. Each year the study becomes more valuable to researchers who are interested in how changes in society are affecting the lives of people in the UK and the choices they make.
3. Understanding Society gives you a voice on issues that matter. Whether it's how you're coping with changes at home or work, or what facilities are missing from your neighbourhood, Understanding Society is letting people who make decisions get a better understanding of our lives.

What happens next?

This year the survey is available online at the website shown below, so you can complete it at a time that's best for you. This survey is not optimized for completion on smartphones. We suggest you use a PC, laptop or tablet.

Why are you important to us?

You make the survey more complete and useful. Without you, the study is less complete.

You have been specially selected to help us make sure that Understanding Society accurately represents experiences of all types of people. This way, we can see how factors such as the economy or housing affect lives across the whole of the UK.

Your participation is crucial to the success of the study, its value to researchers and accuracy of their research findings. If we lose you, we can't replace you.

What is the study about?

Understanding Society is a long-term study that helps us find out about the issues that matter to everyone. How is the recession affecting you? Are you happy with your local services and facilities? Are your health care requirements being met?

The information we collect is used by academics and researchers to inform policy debates on issues that matter to you.

Completing the Survey online:

To access the survey please type www.understandingsociety.ac.uk/Society into the navigation bar on your Internet Browser.

On arrival at the survey homepage please input your username and password into the space provided and press the Next (>) button.

How long will it take?

The survey should take 45 minutes to an hour, depending on your circumstances.

Do I have to do it all in one go?

No, you can exit the survey at any time. To log back in to complete it, just access the web-site and re-enter your username and password.

If I exit the survey, will I need to start from the beginning?

No, your answers will be saved and you will be able to continue with the survey at the point where you stopped.

Why isn't there a progress bar?

The interview is tailored to you and your circumstances. Each person's interview will be different. This means that it is difficult to calculate at any point how long the rest of the survey will be.

Moving home? Take us with you.

Dear <NAME>,

Thank you ever so much for your recent participation in Understanding Society. At the end of the interview we mentioned that there is a short self-completion questionnaire that we would like <<Child_name>> to complete.

We would be grateful if you could look through the blank questionnaire and, if you are happy to do so, give it to <<Child_name>>. When <<Child_name>> has completed the questionnaire, they can put it into the envelope enclosed and it can be posted back to us, free of charge.

As you know one of the really important features of the survey is that everyone's answers are completely confidential. This really helps us get responses from people that are completely truthful and accurate and makes the survey one of the best in the world. This applies to all the adults who take part but also all the children, so we ask all parents/guardians to allow their children to complete the questionnaire in private. We hope you understand why this is so important, but if you have any questions, don't hesitate to contact us.

As a token of our appreciation, I have enclosed a £5 voucher for <<Child_name>>.

If you have any questions at all about Understanding Society and your involvement in it, please contact us using the number below. Do also check our special participants' website where you can read some early findings, post comments, send us a message or just find out more information about Understanding Society: www.understandingsociety.ac.uk/participants.

Dear <NAME>,
Your help is still needed

You may remember we contacted you earlier this year asking for your help in this year's Understanding Society survey. Our interviewer has not been able to carry out an interview with you during their visits. However, we are still keen to hear from you.

The survey will be available to complete online at the website shown below between 12th and 30th September, so you can complete it at a time that's best for you.

www.understandingsociety.ac.uk/Society

When you've reached the website, you'll be asked to enter your unique username and password:

Username: <USERNAME>

Password: <PASSWORD>

An interviewer may also try to contact you by telephone over the next two weeks, in case you cannot complete the survey online.

We hope that this will make it more convenient for you to take part. By taking part, your voice is heard so I very much hope this will enable you to complete the survey this time.

Your participation is entirely voluntary, but we do hope you'll be able to help. If you have any questions, please call us on 0800 015 2908 or contact us at help.understandingsociety@tns-bmrb.co.uk.

Yours faithfully,

Professor Michaela Benzeval
Director, Understanding Society
Institute for Social and Economic Research
University of Essex

Why are you important to us?

You make the survey more complete and useful. Without you, the study is less complete.

You have been specially selected to help us make sure that Understanding Society represents a wide cross section of the population. This way, we can see how factors such as the economy or housing affect lives across the whole of Britain.

Your participation is crucial to the success of the study, its value to researchers and accuracy of their research findings. If we lose you, we can't replace you.

What is the study about?

Understanding Society is a long-term study that helps us find out about the issues that matter to everyone. How is the recession affecting you? Are you happy with your local services and facilities? Are your health care requirements being met?

The information we collect is used by academics and researchers to inform policy debates on issues that matter to you.

Completing the Survey online:

To access the survey please type <https://www.understandingsociety.ac.uk/Society> into the navigation bar on your Internet Browser.

On arrival at the survey homepage please input your username and password into the space provided and press the Next (>>) button.

How long will it take?

The survey should take 45 minutes to an hour, depending on your circumstances.

Do I have to do it all in one go?

No, you can exit the survey at any time. To log back in to complete it, just access the web-site and re-enter your username and password.

If I exit the survey, will I need to start from the beginning?

No, your answers will be saved and you will be able to continue with the survey at the point where you stopped.

Why isn't there a progress bar?

The interview is tailored to you and your circumstances. Each person's interview will be different. This means that it is difficult to calculate at any point how long the rest of the survey will be.

The page has a dark header with navigation links: Web, Images, Maps, Play, YouTube, News, Gmail, Drive, Calendar. The main content area is white and contains the following text: "Please login to begin", "Thank you for taking part in the web survey for Understanding Society. Each member of your household will have received a username and password in the letter we sent. Please enter your username and password into the boxes below and click >> to proceed.", and a "Login..." section with "Username" and "Password" input fields and a "Next (>>)" button. On the right side, there are three buttons: "Contact us >", "FAQs > ?" (with a question mark icon), and "Find out more >" (with an information icon).

IP9 Letter – Letter 21 Advance letter CAWI adult £20

You are an important part of the Understanding Society study.

Your £20 voucher

We've enclosed a £20 voucher to say thank you for your help and let you know we value your contribution.

3 reasons to be part of Understanding Society

1. We can't replace you. No-one else can take your place as no-one else has your mix of circumstances.
2. Your contribution helps build a more detailed picture of life in the UK. Each year the study becomes more valuable to researchers who are interested in how changes in society are affecting the lives of people in the UK and the choices they make.
3. Understanding Society gives you a voice on issues that matter. Whether it's how you're coping with changes at home or work, or what facilities are missing from your neighbourhood, Understanding Society is letting people who make decisions get a better understanding of our lives.

What happens next?

This year the survey is available online at the website shown below, so you can complete it at a time that's best for you. This survey is not optimized for completion on smartphones. We suggest you use a PC, laptop or tablet.

IP9 Letter – Letter 22 Advance letter CAWI R16 £20

You may know that for many years your family have been part of the “Understanding Society” study. We speak to them every year in order to find out how their lives change and what they think about life in the UK today.

As you turn 16, you become one of our specially selected people with whom we would like to speak. So far others in your household may have told us a little bit about you, but now you can have a voice of your own. We hope that you will use this opportunity to tell us and others about what it is like to be young in the UK.

Your £20 voucher and chance to win an iPad

We've enclosed a £20 voucher to say thank you for your help and let you know we value your contribution. Plus, to welcome you to the adult survey, you will automatically be entered into a prize draw for an iPad when you complete your interview.
