## DOCUMENT PURPOSE

The Family Resources Survey (FRS) is conducted by interviewers through an electronic questionnaire. Most questions are not asked of every respondent and will depend on how they have answered previous questions. The purpose of this document is to show every question that is asked in the FRS and the routing that shows which respondents are asked each question.

This document presents the questions and routing for the 2009-10 survey year, which ran continuously from April to March. Specifically, the document reflects the survey that was asked in March 2010. There were minor changes during the year in order to take account of government policy changes and correct any minor errors.

## USING THIS DOCUMENT

If looking at a general area of questioning, the contents page can be used to look up the relevant module. The index at the end of the document can be used to look up the page number for any particular question. Using the search function for a question name can also be useful if trying to find which other questions use a particular question in their routing.

Each question is structured as follows:-

A ? denotes the question description. Underneath this a ⇌ symbol denoting the question name. Next is the question text, followed by the possible answers. Following this is the routing of the question in italics. This shows the circumstances in which the

question will be asked. Below the routing some questions will be followed by a / symbol with further information about the question.

?	Denotes the question description

/	Denotes further information on a particular question

## CHECKS AND WARNINGS IN THE FRS

In the FRS questionnaire there are certain checks programmed that look for unlikely or inconsistent answers, as well as the usual limits to the ranges given for numerical responses. Information about the more complex checks is given below the question throughout this user guide.

### Hard Checks

Some checks are hard checks - at these checks the computer will stop the questionnaire, inform the interviewer of the problem and require an answer to be changed in order to proceed. They are normally for situations that are logically impossible such as the year a property was bought by the household being entered as a date before any household member was born.

### Soft Checks

Other checks are called Soft Checks or Signals - these occur when unusual but possible answers are entered. Here, a warning screen querying the situation appears. Interviewers can choose to change what they have entered if it is wrong, or carry on if they have entered the information correctly.

### Automated Checks

Whenever an important soft check is suppressed, an automated system will be activated by the laptop providing a field for interviewers to leave a note explaining the suppression. This enables the interviewer to type their comments directly into the laptop without having to access the note facility.

### Period code 97 - none of the above

Some questions will ask for period codes. For example, respondents are asked how much their last pay was. They are then asked what period this covers. They are given a range of options such as 1 week, 1 month, 3 months etc. If the interviewer does not think that any of these periods fits, they will enter 97 and leave a note. These will normally be edited later and often the amount in the previous question will be adjusted to fit with one of the period codes available.

## Household Members

---

? Who Lives Here

➔ **WhoHere**

**Who normally lives at this address?**

**1. Press <Enter> to continue**

*Ask Always*

---

? Name

➔ **Name**

**Enter: an identifier for this household member**

*Ask of every person (up to a maximum of 14)*

*Stop when More = No*

Please take care to record an accurate name. If the respondent refuses to give his or her name - record something that uniquely identifies this person within the household so you can refer to them later in the interview.

/ Question Information for Who Lives Here

This question is where you ask for names. This is to make it easier to keep track of who you are talking to and, for later in the questionnaire, to whom specific questions should be addressed. If respondents prefer not to give their names, you may enter something like Mr, Mrs, HRP, Son, etc. You may wish to reassure the respondents that, after editing the names are removed. Do make sure that each person's allocated name is unique to avoid confusion. For example if there are two sons who do not wish to give their names, call them 'Elder son' and 'Younger son'. The names will be used to address questions to particular household members, mainly in the Benefit Unit schedule. Names can be up to 15 characters long and you may find that some respondents like to be addressed formally i.e., 'Mrs. Jones, Mr. Smith' etc. Please check this with the respondent before starting the questionnaire properly.

---

? Anyone Else

➔ **More**

**Is there anyone else in this household?**

- 1. Yes**
- 2. No**

*Ask for each person named*

*Stops when More = No*

*Up to a maximum of 14 names*

## Household Members

### / Question Information for Who Lives Here and Anyone Else

The Household Reference Person should be the 1<sup>st</sup> member but this is not imperative. In households consisting of more than one adult you will be asked to identify the HRP at a separate question later. Please ensure that you do not however enter a child first in the household grid. A total of up to 14 adults and children can be recorded in the questionnaire.

## Household Grid

---

? Sex

↔ Sex

**[NAME]'S SEX**

1. Male
2. Female

*Ask of every person in household*

---

? Date of Birth

↔ DoB

**May I check, what is [Respondents Name] date of birth?**

*Ask of every person in household*

If day not known, enter 15<sup>th</sup>. If respondent is unsure of date of birth please check with respondent that the derived age given at DVAge is correct.

Date of birth is asked for to allow accurate calculation of age and for data linkage purposes.

---

? Respondents Age

↔ AgeOf

**What was [name]'s age last birthday?**

*Ask if DoB = don't know or refusal*

FOR LATER ROUTING, YOU MUST KNOW WHETHER:

- A) MEN ARE AGED 16-64 OR 65+
- B) WOMEN ARE AGED 16-59 OR 60+

If respondents refuse to give their age, then give your best estimate.  
(AgeOf will only be asked where no value is recorded for DoB)

---

? Marital Status

➔ **MS**

Is [Name of person] .....

1. single, that is, never married, or never in a legally recognised Civil Partnership,
2. married and living with husband/wife, or in a legally recognised Civil Partnership and living with a civil partner,
3. married and separated from husband/wife, or in a legally recognised Civil Partnership and separated from civil partner,
4. divorced, Civil Partnership legally dissolved,
5. or widowed?

Ask if DVAge = 16 -120

/ Question Information for Marital Status

The aim is to obtain the legal marital status, irrespective of any de facto arrangement. The only qualification to this aim is that you should not probe the answer "separated". Should a respondent query the term, explain that it covers any person whose spouse is living elsewhere because of estrangement (whether the separation is legal or not). Ignore temporary absences, e.g., working on oil rig, etc.

A person whose spouse has been working away from home for over six months, for example on a contract overseas or in the armed forces, should still be coded as married and living with husband/wife if the separation is not permanent.

Civil partners may only be of the same sex, and must have obtained legal recognition of their partnership; probe whether partnership was registered under the new provisions that came into force as from December 2005.

Code 5 'Widowed' also applies to those in Civil Partnerships whose partner has died.

---

? Couple or Single

➔ **CupChk**

**May I just check, are you/is [name] living with someone in this household as a couple?**

1. Yes
2. No

Ask if DVAge = 16 -120

And MS = 1 (single), 4 (married and separated), 5 (divorced), 6 (widowed), 7 (separated from civil partner), 8 (civil partnership dissolved), 9 (surviving civil partner)

And more than one person in household

## Household Grid

### / Question Information for Couple or Single

The aim of this question is to identify the proportion of respondents who are living as same sex couples, although this question will also identify those couples of the opposite sex who are cohabiting. Only respondents who are living with their partner in this household should be coded as living together as a couple.

You may code no without asking this question ONLY if all members of the household are too closely related for any to be living together in a de facto marital relationship.

#### ☞ Soft Check

There is a check if a respondent states that they are living with someone in the household as a couple, but at the question concerning relationships within the household cohabitee is not coded (Couple or Single = 1 or 3 and Relationship <> 2):

Can I just check, you said earlier that you were living with someone in this household as a couple, is this correct?

IF YES: go back and correct the code at Relationship

IF NO: go back and correct Couple or Single to No (2)

#### ☞ Soft Check

There is also a similar check if a respondent states that they are not living with someone in the household as a couple, but at the question concerning relationships within the household have described themselves as a cohabitee (Couple or Single = 2 and Relationship = 2):

Can I just check, are you living with anyone in the household as a couple?

IF YES: Go back and correct the code at Couple or Single to Yes code (1)

IF NO: Go back and correct the code at Relationship

---

## ? Widows

→ **W1**

**What was [name]'s age when widowed?**

*Ask if MS = 5 (widowed)*

---

? Widowed with Children

↔ W2

Did [name] have any children aged under 16 when widowed?

1. Yes
2. No

*Ask if MS = 5 (widowed)*

---

? Relationship

↔ R

ASK OR CODE [NAME]'S RELATIONSHIP TO [NAME] (enter code)

1. spouse or civil partner
2. cohabite
3. son/daughter (incl adopted/legal dependent)
4. step-son/daughter
5. foster child
6. son-in-law/daughter-in-law
7. father/mother/or guardian
8. step father/mother
9. foster parent
10. father/mother-in-law
11. brother/sister (incl adopted)
12. step-brother/sister
13. foster brother/sister
14. brother/sister-in-law
15. grand-son/daughter
16. grand-father/mother
17. other relative
18. other non-relative

*Everyone asked their relationship to all members of the household*

## Household Grid

The relationship to parents of a civil partner's partner should be recorded as 'mother-in-law' and 'father-in-law', in the same way as relationships for married couples. Previously, the parents of a civil partner had been coded as 'no relation' to the other partner.

### / Question Information for Relationship

You may want to introduce this section. A possible introduction is: "There are a lot of changes taking place in the make-up of households/families and this section is to help find out what these changes are. I'd like you to tell me the relationship of each member of the household to every other member."

The section must be asked for all households consisting of more than one person. Please ask in every case. You should not make assumptions about any relationship.

You should probe on this question, but be sensitive. It may be that someone described as a 'son' or 'brother' earlier is actually a stepson or half-brother. Where possible, we want to know the true relationship. If you have doubts about any relationship, record as much information as possible to allow changes to coding later if appropriate. Half-brothers/sisters should be coded with step-brothers/sisters.

Treat relatives of cohabiting members of the household as though the cohabiting couple were married. That is the mother of a partner is coded as mother-in-law. Other relatives include cousins, nieces, nephews, aunts and uncles. For same sex cohabiting couples, any relatives of one partner should be coded as 'no relation' to the other partner.

The list of codes actually shown on the laptop will vary according to the person's sex, e.g. code 7 will be either 'father' or 'mother'.

On FRS the primary purpose is to give the computer enough information to work out who belongs together in Benefit Units, so it is extremely important to enter the right code each time. See instructions at [Show Benefit Unit](#) for Benefit Unit (BU) definition.

The FRS records same sex couples as being in the same Benefit Unit.

The FRS is not expecting to identify many same sex Civil Partnerships or same sex couples living together. There is a soft check if two people of the same sex are coded as cohabiting, in case of keying errors.

See also the notes on 'Treatment of children 19 or under on FRS' in the [Benefit Unit Allocation](#) section.

---

## ? Full-Time Education

→ FtEd

**Is [name] currently in full-time education?**

1. **Yes**
2. **No**

*Ask if DVAge = 4 - 74 (inclusive)*

INCLUDE CORRESPONDENCE COURSES AND OPEN LEARNING AS WELL AS OTHER FORMS OF FULL-TIME COURSES.

Any respondent who is registered as a full-time student at an educational establishment should be coded 1 ('Yes') at this question. If registered part-time code 2 ('No') here.

Apprentices should not be coded as receiving full-time education.

### / Question Information for Full-Time Education

Students on sandwich courses. When a person spends approximately half the year as a full-time student and the rest of the time as a full-time worker, code according to the position at the time of interview.

Any full time student who is also currently working, (e.g. part-time work during term, or a vacation job) should be entered as currently in full time education provided that s/he intends to return to an educational establishment the following term.

If there is any doubt as to whether a person is 19 or under and still in full time education then check whether the parent or guardian is still receiving child benefit for that person. If this is the case then code as still in full time education.

See also the notes on 'Treatment of children 19 or under on FRS' in the Benefit Unit Allocation section.

It is important to probe in cases where the respondent states that s/he is currently in full-time education whether the move from, say, school to university was broken by a period of more than one academic year, particularly if they are in the age range 19-25. Do not count a year gap between leaving school and going to college or university as a break in continuous full-time education (as long as there is/was some clear intention to continue education).

---

? Age Education Complete

→ TEA

At what age did [name] complete continuous full-time education?

Or [is s/he still in full-time education] appears if the respondent is age 19-23.

**ENTER AGE (OR CODE '96' IF STILL IN CONTINUOUS FULL-TIME EDUCATION)**

**GIVE ESTIMATE IF AGE NOT KNOWN**

**ENTER '97' IF NEVER RECEIVED FULL-TIME EDUCATION**

*Ask if*

*[[DVAge = 16 - 18*

*And FTEd =2 (no)]*

*OR*

*[DVAge = 19 - 120]]*

The age required here is that at which the respondent completed his or her continuous education that started in infancy. It should not include any period of education which was taken later in life, e.g. as a mature student.

/ Question Information for Age Education Complete

Holiday jobs do not count as a break provided that the person intends to continue with the course.

National Service between school and university or college would not count as a break.

A sandwich course begun immediately after school finishes should be counted as continuous full-time education.

Nursing training and similar vocational training undertaken while receiving a wage are not part of the continuous education process for the purpose of this question.

☞ Soft Check

If aged over 25 and still in full time education (Age Education Complete = 96):

This person is over 25, so is unlikely to still be in CONTINUOUS full-time education (i.e. having been OUT of education for less than 18 months). Please check.

! Hard Check

There is a hard check to ensure that the age of completion of full time education is lower than the respondent's age.

It is important to at least get an estimate. If the Don't Know or Missing keys are used at this question the following check appears.

☞ Soft Check

This is a 'Key Question': it is very important to get an answer if you possibly can. An ESTIMATE is preferable to DK.

---

? Type of Education

↪ **TypeEd**

**SHOW CARD A1**

**What type of school or college does [he/she] attend?**

1. **Nursery School/Nursery Class/Playgroup/pre-school**
2. **State run Primary (including reception classes)**
3. **Special school state run (e.g. for children with disabilities and special education needs)**
4. **Middle-deemed Primary School (State run or assisted)**
5. **Middle-deemed Secondary School (State run or assisted)**
6. **Secondary School (State run or assisted)**
7. **Non-advanced further education/6<sup>th</sup> form/tertiary/further education college**
8. **Any PRIVATE/Independent school 9prep, primary, secondary, City Technology Colleges)**
9. **University/polytechnic/any other higher education**
10. **Home schooling**

*Ask if*

*TEA = 96 (still in continuous full time education)*

*OR*

*FTEd = 1 (Yes)*

## Household Grid

### / Question Information for Type of Education

Children who are at playgroups, kindergartens or nurseries where there is no attempt at formal education should not be coded as in full time education.

Children who are between schools/colleges should be coded according to the one that they will attend next term.

Nursery School/Class, Playgroup, Pre-school - provides education for children below compulsory school age i.e., under 5.

Primary – Include infant, junior and first schools.

Special Schools – Provide education for children with special educational needs

Middle Schools – Dependent on age ranges these are deemed Primary or Secondary

-Age ranges for Middle -deemed Primary: 8-12, 9-12, and 9-13.

-Age ranges for Middle-deemed Secondary: 9-13, 10-13 and 10-14.

For middle schools with an age band 9-13, there is no other identifier for whether the school is deemed primary or secondary. However, DfES advise that most parents will be aware of the classification of the school.

Secondary school (state run or assisted) – includes all courses up to and including 'A' level at state secondary schools. Secondary schools include Secondary Modern, Grammar, Comprehensive and Technical Schools.

Non-advanced further education/6th form/tertiary/further education college – includes all courses up to and including 'A' level taken at sixth form, college, tertiary college or further education college, i.e. not at a secondary school.

Courses up to and including 'A' level include:

National Diploma (OND)

National Certificate (ONC)

A/S Level

GCE A Level

General Certificate of Secondary Education (GCSE)

Certificate of Pre-vocational education (CPVE)

City and guilds/BTEC Foundation Programmes of Pre-vocational Studies

SCOTVEC: National Certificate

Scottish Certificate of Secondary Education: ordinary standard and Higher grades

Certificate of six years study (CSYS) Scotland

National Vocational Qualification Levels 1, 2 and 3

City and Guilds Level 1: General Education

Level 2: Industrial Competence

Level 3: Leading to supervisory roles

## Household Grid

RSA Course (most) - Pre-vocational  
Office/secretarial studies  
Advanced Diploma

Private and Independent schools are those at which at least some pupils pay fees. This will include all public schools in England and Wales and private commercial colleges.

University/polytechnic/any other higher education - includes all degree or degree equivalent education.

Courses above 'A' level include:

First degree (BA, BSc, BEng, BScEcon, LLB, MB, MA)  
(Scotland)  
Higher Degrees (MS, MSc, PhD)  
Teacher Training (BEd)  
Higher National Certificate  
Higher National Diploma  
National Vocational Qualification Level 4 and above  
SCPTTEC  
SCOTBEC  
Diploma of Higher Education  
BTEC Continuing Education Certificate/Diploma  
SCOTVEC Higher National Certificate/Diploma in Higher Education

City and Guilds – Career Extension Level – Master Technician  
Registration  
– Licentiatehip of the C & G - Professional  
Degree.

State Schools are where the upkeep is either provided entirely by the State via the local authority or, as in the case of schools controlled by certain religious denominations, where most or all of the upkeep is provided by the State. There are a few cases in Scotland where small fees are paid at State schools: any such case should be coded under State schools, not private or independent schools. Schools that have 'opted out' of Local Authority control still count as State schools.

Home schooling - includes children who are educated at home either by a tutor, parent or other relative.

### ☞ Soft Check

There is a check on the type of education according to the child's age. If it seems unlikely the check says:

This doesn't sound right in relation to [name's] age: Please check your entry.

---

? Still Receiving Child Benefit

↔ SchChk

**IS CHILD BENEFIT STILL RECEIVED FOR THIS PERSON?**

**(IF YES, THIS CONFIRMS THEY STILL BELONG TO SOMEONE ELSE'S BENEFIT UNIT).**

1. Yes, child benefit still received
2. No

Ask if

[DVAge = 16 – 19

And TEA = 96 (still in continuous full time education)]

OR

[FTEd = 1 (Yes)

And TypeEd = 3 (Special school state run, 10 (Home schooling))]

/ Question Information for Still Receiving Child Benefit

See also the notes on 'Treatment of children 19 or under on FRS' in the Benefit Unit Allocation section.

---

? Government Training

↔ Trainee

**Is [Name of person] currently on a government scheme for employment training?**

1. Yes
2. No

Ask if DVAge = 16 -19

And FTEd = 2 (no)

And TEA = < 96

---

? Where is Spouse

↔ SpOut

**You've recorded [name] as 'Married & living with spouse', but without a spouse in the household. PLEASE CHECK THIS. If spouse is away for six months or more, press 1 and enter to continue.**

**BUT IF NOT (e.g. if separated), ENTER 2 AND AMEND HOUSEHOLD GRID.**

1. Married, spouse not in household
2. Other – AMEND HOUSEHOLD GRID

## Household Grid

### Single person Household:

Ask if More = 2 (no)

And MS = 2 (married and living with husband/wife or in a legally recognised civil partnership and living with civil partner)

### Multiple Person Household:

Ask If More = 1 (yes) or 2 (no)

And MS = 2 (married and living with husband/wife or in a legally recognised civil partnership and living with civil partner)

And CupChk = 2 (no)

---

? Spouse away for 12 months or more

→ SpYrOt

**If spouse is away for between 6 and 12 months code 2 'No'. We are only interested in recording here those away for 12 months or more.**

1. Yes
2. No

Ask if SpOut = 1 (yes)

Only record 'yes' at SpYrOt if the respondent and partner are expected to live apart for 12 months or more. For answer periods more than 6 months but less than 12 months record 'no'.

For more information see 'Question Information on Marital Status' on page 15.

DWP want to record this because under the rules for income related benefits you are treated as a couple if you are temporarily apart (less than 52 weeks), otherwise you are treated as single. From knowing the length of the spouse's absence, long term absences can be treated as singles when analysing the data increasing the accuracy of estimates of take up for income related benefits.

## Householder, Household Reference Person, Highest Income Householder

---

? Main Householder

↔ HHldr

**In whose name is the property owned or rented?**

**Anyone else?**

*Ask of every household*

/ Question Information for Household Status

This question may be multi-coded according to all the people in whose name the property is owned or rented. On FRS, this can include a non-household member (code 97).

If an employer provides it free, code the household member(s) in whose name it is supplied, not 97.

If it is jointly owned by a household member and a non-household member (e.g. a separated couple), code both the household member and 97.

If the property is owned or rented by someone outside the household and that person pays the rent or mortgage and provides it free to the household, code 97 only. An example is a flat occupied by an elderly person which is owned by his/her son

---

? Who is Responsible

↔ WhoResp

**Although you have mentioned that the rent or mortgage for this accommodation is paid for by someone outside the household, there needs to be someone within the household who is responsible for the property. Who then in this household is responsible for this accommodation?**

**Anyone else?**

**CODE ALL THAT APPLY**

*Ask if HHldr = 97 (Not a household member)*

You cannot code children under 16 here.

/ Question Information for Highest Household Income, Joint Eldest Householder, Joint Eldest Householder B and Household Reference Person

Household Reference Person (HRP)

The next questions are to identify who in the household is the Household Reference Person.

The definition of Household Reference Person is as follows. He or she will be either:

- the sole householder (i.e. the person in whose name the accommodation is owned or rented),
- or if there are two or more householders, the one with the highest personal income from all sources,
- or if two or more householders have the same income, the eldest.

---

? Highest Household Income

↔ HiHNum

**You have told me that [names] jointly own or rent the accommodation. Which of you / who has the highest income (from earnings, benefits, pensions and any other sources)?**

**THESE ARE THE JOINT HOUSEHOLDERS:**

1. [name] (Age: nn)
2. [name] (Age: nn)
3. etc

*Ask if property is owned or rented in more than one person's name in household*

ENTER PERSON NUMBER – IF TWO OR MORE HAVE SAME INCOME ENTER 15

If respondent asks for period to average over, inform them it is one year. Prompt as necessary for joint householders: is one of them the sole person with paid work or occupational pension.

If 15 is entered then the identity of the Household Reference Person will be established on age:

? Joint Eldest Householder

↔ JntEldA

**ENTER PERSON NUMBER OF THE ELDEST JOINT HOUSEHOLDER FROM THOSE WITH THE SAME HIGHEST INCOME.**

1. [name] (Age: nn)
2. [name] (Age: nn)
3. etc

*Ask if HiHNum = 15 (householders have the same income), don't know or refusal*

---

? Joint Eldest Householder B

↔ JntEldB

**ENTER PERSON NUMBER OF THE ELDEST JOINT HOUSEHOLDER.**

1. [name] (Age: nn)
2. [name] (Age: nn)
3. etc

*Ask if  
HiHNum = don't know  
OR  
HiHNum = refusal*

The Highest Income Householder is derived from Household Status, Highest Household Income, Joint Eldest Householder or Joint Eldest Householder B, and will represent the Household Reference Person (HRP).

---

? Household Reference Person

↔ HRP

**THE HOUSEHOLD REFERENCE PERSON IS**

- (1) [NAME]

*Household Reference Person (HRP) then allocated to either eldest respondent or highest earner*

## National Identity and Ethnicity

---

### ? Country of Origin

↔ **COrign**

**In which country were you born?**

1. **England**
2. **Wales**
3. **Scotland**
4. **Northern Ireland,**
5. **UK, Britain**
6. **Republic of Ireland**
7. **Hong Kong**

### ? Year arrived

↔ **CameYr**

**In which year did you first arrive in this country?**

*Ask if COrign = 6 (Republic of Ireland), 7 (Hong Kong), 8 (China), 9 ( Other)*

GB only – ‘this country’ refers to the UK.

---

### ? Lived continuously

↔ **ContUK**

**Apart from holidays and short visits [name] have you lived in the UK continuously since then?**

1. **Yes**
2. **No**

*Ask if COrign = 6 (Republic of Ireland), 7 (Hong Kong), 8 (China), 9 ( Other)*

? Last arrived

↔ **CameYr2**

**Which year did [name] last arrive in this country?**

*Ask if COrigin = 6 (Republic of Ireland), 7 (Hong Kong), 8 (China), 9 ( Other)  
And ContUK = 2 (no)*

GB only – ‘this country’ refers to the UK.

---

? Month arrived

↔ **CameMt**

**And which month was that?**

1. **January**
2. **February**
3. **March**
4. **April**
5. **May**
6. **June**
7. **July**
8. **August**
9. **September**
10. **October**
11. **November**
12. **December**

*Ask if COrigin = 6 (Republic of Ireland), 7 (Hong Kong), 8 (China), 9 ( Other)  
And ContUK = 2 (no)  
And CameYr2 = response*

## Benefit Unit Allocation

*This question is only asked when it is not possible to allocate a child or dependant adult to the appropriate benefit unit from the information collected at the household grid.*

/ Question Information for Legal Dependents

The allocation of the child or dependant adult to the appropriate Benefit Unit is therefore made by ascertaining who in the household is in receipt of child benefit for this person.

## Benefit Unit Allocation

### / Question Information for Show Benefit Unit and Benefit Unit Allocation

#### Benefit Units

The DWP groups people into Benefit Units in order to define dependency within families/households and thus eligibility for certain benefits and the amount they are entitled to receive. Many of these are means-tested, being based on income and assets. Benefit Units are the basic unit for analysis of FRS data.

You need to be familiar with the definitions of Benefit Units so that you understand how allocation is conducted and know how adults are grouped together for the Benefit Unit part of the interview.

#### Definition of a Benefit Unit

A Benefit Unit will consist of:

1. A married or cohabiting couple (including same sex), with dependant children in the household.
2. A married or cohabiting couple (including same sex), with no dependant children in the household.
3. A man or woman with no wife/husband/partner in the household, but with dependant children.
4. One person only: i.e. a man or woman with no wife/husband/partner in the household, and with no dependant children.

#### Treatment of children 19 or under on FRS

Children are treated according to their 'dependency' or otherwise to other household members, which involves factors such as age, educational status and relationships, as follows:

- a) Children under 16: included with parents or legal guardian.

In rare cases a child will not have a parent or legal guardian in the household – e.g. they live with grandparents or an elder sibling. If no one is coded as the child's parent/guardian (Code 7 at the relationship question), or if the child is coded as no adult's son/daughter (Code 3) a HARD check will trigger.

#### **! Hard Check**

[Name] is under 16, so you MUST recode him/her as the child (relationship code 3) of an adult: in order of priority, the person receiving Child Benefit for him/her, or the legal guardian, or whoever is responsible for him/her.

## Benefit Unit Allocation

(NB if no-one in the household is over age 15, the household is ineligible – outcome code 772)

### / Question Information for Show Benefit Unit and Benefit Unit Allocation

By changing the relationships in this way, the child will be allocated to another adult's benefit unit. In the extremely rare situation of a person under 16 who is cohabiting with someone, sometimes their partner will appear to be their parent for some questions. However, under 16 year olds cannot be interviewed in their own right in the BU. In the unlikely situation of a child or children under 16 living without an adult, the household would be ineligible for the survey (outcome code 77).

- b) Children aged 16 to 19 in full-time further education (i.e. up to A-level or equivalent):

If the children are living with parent/legal guardian, they will be included in same BU as their parents or legal guardians as they should still be receiving Child Benefit for them. These children are 'dependent' in the same way as under 16s.

Some 16-19 year olds in full-time further education won't however have a parent or legal guardian in the household. In these instances a soft check will trigger.

#### ☞ Soft Check

Who in the household is responsible for [name] – is there a legal guardian, or does anyone get Child Benefit for [name]? If so, recode [name] as that person's legal dependent (code 3) or that person as [name]'s parent (code 7). If not, suppress the warning and continue.

### / Question Information for Show Benefit Unit and Benefit Unit Allocation

If you change a relationship code in such a way, the child will be allocated to the adult's benefit unit as their dependant. If the check is suppressed however, the person will be allocated to their own Benefit Unit. A 16-19 year old in full-time further education who is married or cohabiting will be allocated to the BU of their spouse/cohabitee as their partner.

- c) Children aged 16 -19 not in full-time further education or in government employment training, and young people aged 20 or over are treated as adults, in a Benefit Unit of their own (or with partner). No Child Benefit will be received for them.
- d) Foster children (16+): if covered by a Local Authority maintenance allowance, will be treated as separate Benefit Unit.
- e) Foster children under 16: treated as a) above.

## Tenure and Address Information

---

? Tenure

➔ Tenure

**SHOW CARD B1**

**In which of these ways do you occupy this accommodation?**

1. Own it outright
2. Buying it with the help of a mortgage or loan
3. Pay part rent and part mortgage (shared ownership)
4. Rent it
5. Live here rent free (including in a relative's/friend's property; excluding squatting)
6. Squatting

*Ask if BenUnit = response*

☞ Soft Check

If 'DK' or refusal

This is a 'Key Question': it is VERY IMPORTANT to get an answer here if possible. If you cannot do so (either now, or later) please make a Note about the circumstances.

/ Question Information for Tenure

This question on tenancy asks for the formal legal tenure of the HRP's household. If for example the HRP is a widow living in a house bought by her son (in his name) and he is living elsewhere, she should be coded as living rent-free even though she may regard herself as an owner-occupier. Similarly, a household, which is paying a contribution to the upkeep but not a formal rent, should be coded as rent-free. This could arise, for example, if a parent lived in a granny flat as a separate household but paid a contribution to general expenses.

### Owners

Only code people as mortgagors if they have a mortgage for buying their home. Some people who have paid off their mortgage and are effectively outright owners make an arrangement with the lender to continue to pay a small amount of 'mortgage' as payment for the lender for keeping the deeds. They should be coded as outright owners.

People who own their home with a lease are counted as owners. It does not matter that they pay ground rent.

## Tenure and Address Information

In some cases, the property may at one time have been owned outright, and then subsequently had a mortgage or loan secured on it, e.g. to provide an income (usually for the elderly, on a 'home income' plan); or to provide capital for a business. In such cases the property is not 'being bought' with the mortgage, and should be entered as code 1, owned outright. Further questions will deal with the mortgage or loan now secured on the property (at [Other Mortgage 3](#) in the mortgage block). These will only be a short series of questions, unless the mortgage is for the purpose of essential repairs to make the property fit for occupation.

### Shared owners

Shared ownership means paying partly for a mortgage and partly rent so that, if the person moves, he/she will get some of the proceeds from the sale of the property, according to how much of the original cost has been paid off. Include people who have paid off the mortgage portion. People with shared ownership arrangements are treated as both renters and owner-occupiers in the interview. They are not local authority/housing association tenants even if their arrangement is with a local authority/housing association. Owners who pay a service charge should be counted as owners, not shared owners. Both rent and ownership questions will be asked, unless the mortgage part has been paid off, which is found out at [Buying as Shared Owner](#) below.

### Rent-Free

People who live rent-free do not always regard themselves as doing so; meaning particular care is needed in dealing with such cases.

The following types of cases have caused problems. The correct coding is in brackets:

- Someone living in a "granny flat" owned by her son in his name (private renter living rent-free)
- Someone living in the property of a deceased partner which is held in trust (private renter living rent -free)
- A divorced/separated woman living in the house owned solely by her ex-partner who no longer lives there (rent-free if owned only in partner's name; owner if the house is owned in the name of both partners)

Sometimes respondents think they live rent-free when they do not e.g. people on full benefit that do not pay any rent to the landlord themselves because housing benefit is paid directly by the DWP (rent). They may also think they live rent-free if the DWP pays their mortgage interest. FRS has a check to prevent this:

### Soft check

Can I just check do you live rent free because you receive 100% housing benefit?  
IF YES recode Tenure to Code 4 (Rent it).

PLEASE CHECK RENT/MORTGAGE IS NOT PAID BY BENEFITS. ONLY ACCOMMODATION PROVIDED BY SOMEONE ELSE (EMPLOYER, RELATIVE, ETC) IS 'RENT-FREE'.

## Tenure and Address Information

Rent-free households are asked a minimal number of questions later, about their tenancy and the reason they don't pay any rent.

### / Question Information for Tenure

#### Tied accommodation

People in tied accommodation should be coded here as renters (code 4) or rent-free (code 5), depending on whether or not they pay any rent. This group includes people whose accommodation goes with their job e.g. Clergy of various denominations, Church of England employees, caretakers, army personnel, council tenants whose accommodation goes with their job, and some farmers. People in tied accommodation are classified as private renters, irrespective of who they are renting from.

#### Unusual schemes/arrangements

Co-ownership: this is the joint ownership of residential properties (e.g. blocks of flats) by a group of people who have formed a registered co-ownership society. These schemes started in the 1970s, but new legislation was passed in the 1980s and there should not now be any more.

Housing co-operatives: code as renting from a housing association (code 4 here, and code 2 at Who is your landlord? below).

Housing Action Trusts: these are set up by local authorities and the properties rented are still owned by local authorities; their tenants are renting from a local authority.

Rents to Mortgages scheme: these are schemes available to council tenants whereby a tenant has the right to buy a share of their home for roughly the same price as the rent. These should be coded as Shared Owners here and 'local authority' at type of landlord (below).

Private Sector Leasing: the Council leases private property for several years and lets it out to tenants. The landlord is the immediate landlord, which is the local authority.

Home Income Plans and Retirement Home Plans: these are where outright owners raise a loan on the security of the house for a regular income. They should be coded as outright owners.

If they are using part of the annuity to pay off the interest on the loan (and this is normally the case), then code 'Yes' at the later question Other Mortgage 2. "Are you using this house as security for a mortgage or loan...?" On doing so, the mortgage questions will appear; see instructions at Other Mortgage 2 for further information.

Schemes for Mortgage defaulters: in these cases the property reverts to the lender and a rent is paid instead of a mortgage. Code as renters.

### ➔ Rooms

**How many rooms do you have altogether in your accommodation, that's excluding bathrooms and toilets, but including kitchens?**

**'YOUR ACCOMMODATION' MEANS THE ACCOMODATION OCCUPIED BY THIS HOUSEHOLD. EXCLUDE ANY ROOMS LET/SUBLET TO OTHER HOUSEHOLDS.**

*Ask if BenUnit = response*

CONSULT INSTRUCTIONS FOR TREATMENT OF EQUIVOCAL ROOMS, E.G. ATTICS, CONSERVATORIES, BASEMENTS.

### / Question Information for How Many Rooms

Enter the number of rooms used by the household. This should include any rooms shared but should exclude those rooms sub-let which are not used by the household.

In general, include any room which is habitable or usable by the household all year round.

If a room is open-plan count it as 2 rooms if it is divided by a sliding or folding partition. Count it as 1 room if it is divided by curtains or portable screens. If the respondent mentions a dinette attached to a kitchen, probe whether it is separated by a folding partition and if so, count it as a separate room.

Halls, landings and alcoves are not separate rooms.

If there is any doubt about whether to count a room, (particularly with attics, conservatories or basements) probe whether the room can be used all year round and whether it was built/converted for the purpose of living accommodation. If it is a basement or attic is there a window/skylight.

In order to be comparable with Census measures, if a kitchen is less than 6.5ft/2m wide at its narrowest point then it must not be counted as room.

---

? Any Room Shared

→ RoomShar

**Are any of these rooms shared with anyone who is not a member of your household?**

**IF NO enter 0.**

**IF 'YES', ASK: How many? and ENTER NUMBER.**

*Ask if BenUnit = response*

There is a soft check if you enter code 2 at this question.

☞ Soft Check

The answer you have entered means two rooms are shared. If you intended to answer 'No' to this question, please change the code to '0' (zero). Otherwise, suppress this warning.

---

? How Many Bedrooms

→ Bedroom

**Thinking just of the accommodation occupied by your household, how many bedrooms do you have in this accommodation?**

**INCLUDE ANY ROOM USED FOR SLEEPING**

*Ask if BenUnit = response*

Each household must have at least one bedroom. Any room used for sleeping, including a box room or attic bedroom, should be coded as a bedroom. A one room bed-sit used as both a living room and a bedroom should be coded as a bedroom.

---

? Main Accommodation

→ MainAcc

**IS THE HOUSEHOLD'S ACCOMMODATION...**

**(N.B. MUST BE SPACE USED BY HOUSEHOLD)**

1. a house or bungalow
2. a flat or maisonette
3. a room or rooms
4. or something else?

*Ask if BenUnit = response*

/ Question Information for Main Accommodation

The description of the accommodation should refer only to the 'space' used by the household. In the case of an owner-occupier of a house who has converted his property into self contained flats, you should code 'a flat or maisonette' at Main Accommodation and code 'a converted house/some other kind of building' at Type of Accommodation to indicate that the household occupies only part of the house.

Caravans, mobile homes etc should be entered as 'something else' at Main Accommodation and a 'caravan, mobile home or houseboat' at Type of Accommodation.

7. **or some other kind of accommodation?**

*Ask if BenUnit = response*

*And MainAcc = 1 (House or bungalow), 2 (Flat or maisonette) or 4 (Something else)*

/ Question Information for Type of Accommodation

A semi-detached house is one of a pair which is joined together. A house at the end of a terrace must be coded 3 even if there are only three houses in the terrace. Houses which are joined only by a garage (link-detached) should be coded detached.

? Check years lived at address

↔ YrLvChk

Can I just check, did you move to this address on or after 7<sup>th</sup> April 2008?

1. Yes – on or after 7<sup>th</sup> April 2008
2. No – before 7<sup>th</sup> April 2008

*Ask if BenUnit = response  
And YrLive = 1 (less than 12 months), YrLive = 2 (12 months but less than 2 years)*

It is important to ensure that the answer recorded at this question relates to the current claim and not overall length of time in receipt of benefit as this could affect whether the respondent receives HB or LHA. A new instruction has been added as a reminder that a change in circumstances or address could lead to a break in the respondent's HB claim and the start of a new claim.

This question will assist DWP to monitor the take up of LHA. This allowance is fixed dependent on area and does not have to cover only rent. If a recipient chooses a cheaper option for rent then they keep the difference. It also differs from Housing Benefit in that it is paid to the recipient and not the landlord.

/ Question Information for How Long at Address

Note that the question relates to address rather than place. It may be possible that an individual is living at a different address from 12 months ago but is living in the same town and county.

? Household Status

→ HHStat

**CLASSIFY THIS HOUSEHOLD AS ONE OF THE FOLLOWING:**

- 1. Conventional household: i.e. single person or couple - with other family and/or boarder(s) and/or lodger(s).**
- 2. 'Shared' household arrangements: identity of HRP is unclear or arbitrary e.g. students, nurses, unrelated adults etc, sharing ON EQUAL BASIS.**

*Ask if BenUnit = response*

*Ask if more than one benefit unit in the household*

/ Question Information for Household Status

NOTE: Conventional Households include:

- tenure is owner occupier and a 2nd or 3rd benefit unit is paying rent
- tenure is rent free but 2nd or 3rd BU receives Housing Benefit
- 2nd or 3rd BU members paying rent to the householder(s) in BU1 are also named as householders (this is similar to part owned/part rented tenure)

? Who is the Landlord

↔ Landlord

**SHOW CARD B2**

**Who is your landlord?**

1. **The local authority/council/New Town development/Scottish Homes**
2. **A housing association, charitable trust or Local Housing Company**
3. **Employer (organisation) of a household member**
4. **Another organisation**
5. **Relative/friend (before you lived here) of household member**
6. **Employer (individual) of a household member**
7. **Another individual, private landlord or Letting Agency**

*Ask if Tenure = 3 (pay part rent and part mortgage (shared ownership)), 4 (rent it), 5 (live here rent free) or 6 (squatting)*

/ Question Information for Who is the Landlord

If property is let through a letting agent or estate agent, the questions refers to the owner not the agent, so please probe to try and find out who actually owns the property.

If the respondent does not know who the landlord is, use code 7 (other private individual or letting agency) rather than coding 'Don't know'.

Code 1 (local authority) includes people renting from Housing Action Trusts.

Code 2 (housing associations etc) includes Registered Social Landlords. Nearly all housing associations are now Registered Social Landlords but continue to be known as housing associations.

Use Code 5 only if the respondent and landlord were friends before they were tenant and landlord, not if they have become friendly since then.

☞ Soft Check

If 'DK' or refusal to Who is the Landlord

This is a 'Key Question': it is VERY IMPORTANT to get an answer here if possible. If you cannot do so (either now or later) please make a Note about the circumstances.

If the soft check is suppressed, the following automated instruction is activated.

☞ Soft check

It is very unusual for Local Authority or Housing Association tenants to be living rent-free. Please check with respondent. Change Tenure to renting if 100% Housing Benefit is received, or somebody else pays the rent.

? Is the Accommodation Furnished

☞ **Furnish**

**Is this accommodation provided:**

1. **furnished**
2. **partly furnished (e.g. curtains and carpets only)**
3. **or unfurnished?**

*Ask if Tenure = 3 (pay part rent and part mortgage (shared ownership)), 4 (rent it), 5 (live here rent free) or 6 (squatting)*

/ Question Information for Is the Accommodation Furnished

The category 'partly furnished' no longer has any legal significance: any letting which is not explicitly "furnished" will be classified legally as "unfurnished". We retain "partly furnished" here to ensure respondents do not mistakenly include lettings with, say, curtains but nothing else provided as "furnished". However do not use "partly furnished" simply because the respondent thinks that the furniture is inadequate.

## Rented Accommodation

Ask if

Tenure = 3 (pay part rent and part mortgage (shared ownership)), 4 (rent it), 5 (live here rent free) or 6 (squatting)

And Landlord = 5 (Relative/Friend of householder member), 6 (Employer (individual) of household member), 7 (Another individual, private landlord or Letting Agency)

AND

[[YStart = 2 (From 1989 to February 1997) or 3 (March 1997 or later)]

OR

[ResLL = 1 (yes) and ResLL2 = 1 (yes)]

And TenType = 1 (Assured Shorthold)]]

/ Question Information for Type of Tenancy, Other Types of Tenancy and Other Types of Tenancy

Tenancy arrangements vary between England, Scotland and Wales.

For England and Wales, if the tenancy or the way in which the landlord has let the accommodation is not known or refused and the landlord is not resident, if the respondent first became a tenant from 1989 to February 1997 and there is a written agreement, the following question is asked.

For Scotland this question is asked if the tenancy or the way in which the landlord has let the accommodation is not known or refused, the landlord is not resident, the respondent first became a tenant from 1989 onwards and there is a written agreement.

---

### ? Assured Shorthold Tenancy

➔ **Short1**

**There is a form of tenancy called an Assured Shorthold. It had to be initially for a fixed period and you had to be given a special notice in writing by the landlord that told you it was for an Assured Shorthold Tenancy. Here is an example of a notice to a tenant saying that the tenancy is an Assured Shorthold.**

**Does your notice state that it is an Assured Shorthold or not?**

- 1. Yes, an Assured Shorthold,**
- 2. Other agreement**

## Rented Accommodation

Ask if

Tenure = 3 (pay part rent and part mortgage (shared ownership)), 4 (rent it), 5 (live here rent free) or 6 (squatting)

And Landlord = 5 (Relative/Friend of householder member), 6 (Employer (individual) of household member), 7 (Another individual, private landlord or Letting Agency)

And ResLL = 2 (no) or ResLL2 = 2 (no)

And YStart = 2 (From 1989 to February 1997) or 3 (March 1997 or later)

And Ctract = 1 (did you and the landlord sign a written agreement), 2 (did you have a written agreement which you didn't sign and 3 (or did you just have an unwritten agreement)

AND

[[TenType = d/k or refusal]

OR

[TenType = 6 (other type of let)

And OthType = d/k or refusal]]

---

## ? Assured Tenancy

### ➔ Short2

**Most tenancies are Assured Shortholds. There are others, just called 'Assured'. For these you have to be given a notice, in writing by the landlord, which tells you it is NOT an Assured Shorthold agreement.**

**Does your agreement or notice state that it is NOT an Assured Shorthold?**

- 1. Not an assured shorthold**
- 2. No, other agreement**

Ask if

Tenure = 3 (pay part rent and part mortgage (shared ownership)), 4 (rent it), 5 (live here rent free) or 6 (squatting)

And Landlord = 5 (Relative/Friend of householder member), 6 (Employer (individual) of household member), 7 (Another individual, private landlord or Letting Agency)

And YStart = 3 (March 1997 or later)

AND

[[TenType = d/k or refusal]

OR

[TenType = 6 (other type of let)

And OthType = d/k or refusal]]

The law changed in March 1997 to the effect that by default all tenancy agreements are assured shortholds, unless the landlord gave written notice to the contrary.

? Registered Rent

↪ **FairRent**

**Has the rent been registered by the local rent officer or rent committee?**

1. **Yes**
2. **No**

*Ask if Tenure = 3 (pay part rent and part mortgage (shared ownership)), 4 (rent it),5 (live here rent free) or 6 (squatting)*

*And Landlord = 5 (Relative/Friend of householder member), 6 (Employer (individual) of household member), 7 (Another individual, private landlord or Letting Agency)*

*And ResLL = 2 (no) or ResLL2 = 2 (no)*

*And YStart = 1 (1988 or earlier)*

Scotland Only:

*Ask if Tenure = 3 (pay part rent and part mortgage (shared ownership)), 4 (rent it),5 (live here rent free) or 6 (squatting)*

*And Landlord = 5 (Relative/Friend of householder member), 6 (Employer (individual) of household member), 7 (Another individual, private landlord or Letting Agency)*

*And ResLL = 2 (no) or ResLL2 = 2 (no)*

*And YStart = response*

? Accommodation with Job

↪ **AccJob**

**Does this accommodation go with the present job of anyone in your household?**

1. **Yes**
2. **No**

*Ask if Tenure = 3 (pay part rent and part mortgage (shared ownership)), 4 (rent it),5 (live here rent free) or 6 (squatting)*

If the accommodation goes with the job of somebody who is temporarily not a member of the household, code Yes. If the accommodation used to go with the job of someone in the household, but this is no longer the case, code No.

---

? Who has Accommodation with Job

↪ **AccJbPer**

**Who is that?**

*Ask if Tenure = 3 (pay part rent and part mortgage (shared ownership)), 4 (rent it),5 (live here rent free) or 6 (squatting)*

*And AccJob = 1 (yes)*

## ? Rent Documents

### ➔ RentDoc

**Do you have a rent book, rent card, Housing Benefit statement or some other rent document that you could consult?**

1. **Housing Benefit Statement**
2. **Some other document**
3. **None**

*Ask if Tenure = 3 (pay part rent and part mortgage (shared ownership)) or 4 (rent it)*

### / Question Information for Rent Documents

There is an example of a Housing Benefit statement in your materials. The statement or Rent Card or other document containing the details should be consulted whenever possible. They will contain useful information for the rent and housing benefit questions.

IF CONVENTIONAL/NON-SHARING HOUSEHOLD... the next question should record the full amount of rent paid by the whole household.

---

## ? Amount of Rent

### ➔ Rent

**How much rent does your household currently pay?**

*Ask if Tenure = 3 (pay part rent and part mortgage (shared ownership)) or 4 (rent it)*

IF SHARING HOUSEHOLD... the next question should only record the share of the household's total rent paid by the household reference person (and spouse/partner). The rent paid by the members of the other benefit units (even if given to the HRP to pass on to the landlord) should be recorded in the later blocks of questions, Rent within Conventional Households and Rent within Shared Households.

---

## ? Amount of Rent

### ➔ Rent

**How much rent do you, that is just [Person 1 in BU 1] (and [Person 2 in BU 1]) currently pay?**

52. One year/12 months/52 weeks
90. Less than one week
95. One off/lump sum
97. None of these (EXPLAIN IN A NOTE)

*Ask if Tenure = 3 (pay part rent and part mortgage (shared ownership)) or 4 (rent it)  
And Rent = amount > 0.00*

/ Question Information for Amount of Rent

Here, the gross rent paid should be entered, i.e. the total amount of rent the respondent pays including components such as water rates or services such as heating, but after any Housing Benefit or rent rebate.

If the rent is in arrears either:

1. Enter the amount last paid even if this was a while ago but open a note and give the date of this payment, or
2. Enter the amount last paid and open a note if this included an extra payment to cover arrears.

Rebates

1. If a 100% rent rebate/Housing Benefit is received but water/sewerage rates and other services etc are paid separately (i.e. not included in the gross rent charge), then the amount at Amount of Rent should be zero, and code 1 should be entered at Rebate.

2. If a 100% rent rebate/Housing Benefit is received and the water rates, etc, are normally included in the rent, then the amount paid for water rates etc should be entered at Amount of Rent.

## Rented Accommodation

### Rent partly for business

If the rent includes an element for the business part of the property (e.g. a shop beneath a flat), and the amount of the domestic element is not known/cannot be split, enter 'DK' at Amount of Rent. The following check question will appear. Give as much information as possible, including the total rent for both the business and domestic parts of the property.

#### ☞ Soft Check

If 'DK' or refusal to Amount of Rent

This is a 'Key Question': it is VERY IMPORTANT to get an answer here if possible. If you cannot do so (either now, or later) please make a Note about the circumstances.

If the soft check is suppressed, the following automated instruction is activated.

---

### ? Don't Know Rent

#### ↪ RentDK

**IS THIS 'DON'T KNOW' BECAUSE RENT IS PARTLY FOR BUSINESS, AND YOU CANNOT ESTABLISH A SEPARATE AMOUNT FOR THE DOMESTIC ACCOMMODATION?**

1. Yes (Please give full details in a note)
2. No

*Ask if Tenure = 3 (pay part rent and part mortgage (shared ownership)) or 4 (rent it)  
And Rent = d/k or refusal*

If 'yes', the 'don't know' at Amount of Rent will not be counted in the total number of refusals and DKs for this questionnaire.

#### ☞ Soft Check

There are some soft checks on amount of rent paid to check likelihood.

For Council Tenants - if rent works out at more than £100 per week:  
Rent is £[x] for [period code]. That comes to £[x] a week.  
Rents for Council and New Town tenants are normally below £100 per week.

For Non-Council Tenants - if rent works out at more than £150 per week:  
The answer is much higher than the figures usually given at this question. Please check that your figure is correct. If so, suppress warning and continue.

/ Question Information for Eligible Amount

Housing Benefit does not pay for certain services which might be included in the rent. The total amount payable for them is subtracted from the gross rent due. The remainder is called the Eligible Rent, which is the part of the rent on which Housing Benefit may be allowed, on a means-tested basis. It will be either equal to the amount of Housing Benefit, if 100% is allowed, or greater than the Housing Benefit. It cannot be less than the Housing Benefit.

## Owned Accommodation & Mortgages

### Overview of the mortgage section

The mortgage section of the questionnaire is divided up into two parts.

The aim of the first set of questions (Year Bought Accommodation to Purchase Amount) is to collect information about:

- Mortgages that have been taken out to purchase a property and,
- Re-mortgages or further advances that have been secured on that property.

For any mortgages taken out to purchase a property questions are asked about the original amount borrowed, any re-mortgage or extension to the mortgage, payments to the lender and insurance policies covering the repayment of the loan;

For any re-mortgages and further advances an initial question is asked to establish the purpose of the re-mortgage or further advance. The full series of questions are only asked if it was to raise money to make essential repairs or if it was just to receive a more favourable interest rate. No further questions are asked for re-mortgages or further advances taken for other purposes because they are not considered to be related to housing costs.

The aim of the second set of questions (Introduction to Second Mortgages to Year Took Out Mortgage/Loan) is to collect information about:

- Any other mortgages secured on the property which have been taken out either to purchase the property or for any other reason. If there is more than one separate mortgage/loan secured, each one should be recorded individually. The degree of detail required about each mortgage/loan depends on its purpose:

### Re-mortgages, further advances, top-ups, extensions and second mortgages

People can add to or otherwise change their mortgage liabilities by re-mortgaging, or borrowing an extra sum in the form of a 'top-up', 'further advance', 'extension' or 'second mortgage'. These terms may be interpreted or defined differently from lender to lender, who also have their own names for such arrangements, such as 'homeowner loans' or 'home improvement loans'. In cases where such a change has been made you will need to know whether there is one mortgage or more than one secured on the property, and what constitutes a separate mortgage or loan.

FRS uses the terms as below, but whatever names respondents refer to their arrangements by, the rule of thumb is that if a single payment is made to the lender covering both the original and extra amounts borrowed, it should be dealt with as a single mortgage/loan. Only if separate payments are made covering the different borrowings, should they be dealt with as separate mortgages/loans.

← Formatted: Bullets and Numbering

### Re-mortgages

Re-mortgages are used to raise money by increasing the total amount borrowed, or to take advantage of a cheaper interest rate, usually from a different lender. The old mortgage is paid off and a new mortgage starts, so there is still just one mortgage to be dealt with. The amount originally borrowed is recorded first at Borrowed Amount, then the total amount of the re-mortgage at Remortgage Amount. The subsequent questions are with reference to the re-mortgage.

### Further borrowing secured on the property in addition to the mortgage for purchase

In addition to re-mortgages, people buying their accommodation with a mortgage or loan may borrow extra money, to raise funds for various purposes, in two different ways.

Formatted: Bullets and Numbering

### Separate second mortgages

One way is by taking out a new mortgage or loan, completely separate to that for purchase, either with the same lender or a different one. Separate payments will be made to the lender(s) on each mortgage. These mortgages/loans should be dealt with individually - you should not add together the individual amounts borrowed or the payments made.

Formatted: Bullets and Numbering

### 'Further advance' or 'top-up' or 'extension'

The other way is by extending the original mortgage/loan from the lender, e.g. from £90,000 to £100,000. The original and extra amounts borrowed are integrated into a single arrangement, with a single regular payment to the lender covering both elements. This kind of arrangement should be dealt with as a single mortgage. The extra money may be borrowed at the same time as that for the purchase of the accommodation, or subsequently. Both these situations should be handled in the same way: the amount (originally) borrowed for the purchase will be recorded first at Borrowed Amount, then the total borrowed including the extra amount a few questions later at Remortgage Amount. The amount at Amount Outstanding on Mortgage (the amount of the loan still outstanding) will be inclusive of the extra sum, and the amount of the last payment to the lender (Amount of Last Mortgage Payment / Amount of Last Instalment) will be the payment made on this total loan.

Formatted: Bullets and Numbering

If both a re-mortgage and a further advance, or two or more further advances have been taken out, Remortgage Amount should include the original mortgage or re-mortgage plus all subsequent borrowing, and Amount Outstanding on Mortgage should include the total outstanding on all borrowing.

### Second mortgage or loan for purchase

If two or more separate mortgages or loans secured on the property were taken out for purchase of the property (e.g. a main mortgage and a bank loan to raise a deposit), questions are asked about each one still being repaid.

Formatted: Bullets and Numbering

## ? Year Bought Accommodation

→ **BuyYear**

**In which year did you buy this accommodation?**

*Ask if*

*Tenure = 2 (buying it with the help of a mortgage or loan)*

*OR*

*[Tenure = 3 (pay part rent and part mortgage (shared ownership))*

*And SOBuy = 1 (Still buying)]*

/ Question Information for Year Bought Accommodation

This should be the year this property was bought and the first mortgage was taken out to buy it.

HOWEVER, if the respondent states that the current mortgage was 'carried over' from a previous property, do not enter the year the mortgage was originally taken out on the previous property. Because mortgages are secured on a specific property the old mortgage will have been paid off and a new mortgage started.

If the respondent just says 'two years ago' - please check the year with the respondent before entering into the questionnaire.

☞ Soft Check

If the year entered is longer than the number of years the HRP has lived at the address (if 1 to 5 at How Long at Address):

The respondent has only lived here for less than [n] years, but the mortgage started in [year] - [n] years ago. Please check that BuyYear is when the mortgage on THIS PROPERTY was taken out. (If so, suppress and continue).

*And PurcAmt = response]*

*OR*

*[PurcLoan = 2 (2 or more loans for purchase)*

*And Loan2Y = 1 (yes, still have this mortgage)]]*

/ Question Information for Borrowed Amount

This should be the amount borrowed (for this individual mortgage, if there is more than one) at the time the property was bought.

It should exclude any top-up or further advance taken out at the same time or subsequently. If the respondent claims that the mortgage was transferred from a previous property, enter the consolidated/adjusted amount relating to the new property.

Properties/mortgages partly for business:

In cases where the amount borrowed includes the purchase of non-domestic accommodation or land, e.g. a farm, a shop with flat above, try to obtain purchase and mortgage details for the domestic element only. Ditto, if the original mortgage was taken out partly to finance a business and partly for purchase of domestic accommodation.

If the respondent knows the proportion of the full purchase price/mortgage details relating to the domestic part, enter this proportion at the relevant questions. If the proportion is not known, enter DK at Borrowed Amount. The following check question will appear. Give as much information as possible, including the total amount borrowed, and indicate whether amounts given in other housing costs questions (structural insurance, water rates) relate to the whole property or just the domestic part.

☞ Soft Check

If the original amount borrowed is equal to or greater than £250,000

The answer is much higher than the figures usually given at this question. Please check that your figure is correct. If so suppress warning and continue.

☞ Soft Check

If the original amount borrowed is greater than the purchase price

The amount borrowed is more than the purchase price - this is very unusual. Please check your figures and, if necessary, explain in a note.

### / Question Information for Remortgage

A re-mortgage is a new mortgage on an existing mortgaged property. The old mortgage is paid off in the process, and the re-mortgage is a completely separate arrangement. The purpose may be to release part of the capital that has accrued, to increase the borrowing to raise funds, to change to a different type of mortgage (for example a Flexible mortgage) or simply to take advantage of a cheaper interest rate from another lender. If the re-mortgage was taken out with the same lender as the original one, also include it here.

A 'further advance' or 'top-up' means an extra amount was borrowed and was integrated with the original loan so that it is a single arrangement, with just one payment made to the lender. The amount at Amount Outstanding on Mortgage should include the extra top-up, and the amount at Amount of Last Mortgage Payment/IntPrPay should be a combined amount without you or the respondent needing to add figures together. Do not count any 'top-up' or 'further advance' at this question if separate payments are made; such separate loans are asked about later.

/ Question Information for Type of Mortgage

#### Code 1: Endowment Mortgage

An endowment policy is taken out either before or at the same time as the mortgage. The endowment policy is designed to end at the same time as the mortgage. Endowments are often sold by the lender or adviser who arranges the mortgage, they can also be arranged independently. Money paid into the endowment policy is invested in stocks and shares and other investments. Like all stock investments, endowment

## Household Insurance Policies

policies do involve risk and their value can fall and rise. At the end of a set number of years (the policy 'term'), the policy 'matures' and they get a lump sum, which is used to repay the mortgage loan.

The original mortgage amount remains outstanding until the policy matures. In the meantime interest is paid on the total amount borrowed and premiums are paid on the endowment policy.

Endowment mortgages were once very popular, but have fallen out of favour in recent years. This is because many of the circumstances that used to make them attractive have disappeared, such as tax relief on premiums and mortgage interest, high inflation and high interest rates.

### Code 2: Repayment Mortgage

In this case the money borrowed for the purchase of the house is repaid over a period of years; interest is also paid on the amount outstanding at the time. Monthly repayments are paid to the lender over an agreed number of years (called the mortgage 'term'). Most people choose a term of 20 to 25 years for their first mortgage, but they can be for shorter or longer periods. The payments cover the interest on the loan and also gradually pay off the amount borrowed (sometimes called the 'capital' or the 'principal').

People with repayment mortgages (and pension, ISA or Unit Trust mortgages - see below) usually take out a mortgage protection policy with an insurance company so that in the event of death there is available a sum of money to pay off the outstanding mortgage. This arrangement should not be confused with the endowment policy of an endowment mortgage.

### Code 3: Pension Mortgage

Interest only is paid to the lender and monthly contributions are paid to a personal pension plan which is designed to repay the mortgage on retirement. In addition, it is necessary to arrange a separate protection policy designed to repay the mortgage if the borrower should die before the end of the mortgage term. A pension mortgage can include a stakeholder pension.

### Code 4: Unit Trust or ISA Mortgages

With a unit trust mortgage the borrower pays interest only to the lender and also makes monthly investments in a unit trust savings plan. As stock market prices rise, the lender may allow the borrower to pay off part of the loan. With this arrangement, a protection policy is also necessary.

With an ISA Mortgage the borrower pays interest only to the lender and pays monthly contributions into an Individual Savings Account, which is designed to pay off the loan.

### Code 5: Both an INTEREST ONLY and REPAYMENT mortgage

This code applies if the mortgage is a single arrangement which has both an interest-only element and an interest-and-capital element, combined into one regular payment made to the lender. If there are two separate mortgages of different types secured on

## Household Insurance Policies

the property, and separate payments are made to the lender(s), only the main mortgage should be coded at this question. Separate, second mortgages not for the purchase of the property (or any separate mortgage for purchase) should not be entered here.

Code 6: An INTEREST ONLY mortgage with more than one linked investment (e.g. pension and unit trust, endowment and ISA)

Some borrowers have more than one investment scheme set up to repay the amount borrowed on an interest only mortgage. For example, an endowment and ISA. This code enables the questionnaire to uniquely identify this type of mortgage arrangement and subsequent questions collect information on all of the investment schemes linked with the interest only mortgage.

Code 7: An INTEREST ONLY mortgage with NO linked investment (e.g. NO endowment, pension or ISA)

This type of borrower has decided not to take out any type of investment or savings scheme to repay the mortgage as the end of the mortgage term.

The unique characteristic of an interest only mortgage is that payments to the lender only cover the interest on the loan. The payments do not re-pay any of the amounts borrowed. The mortgage still usually has a fixed term and the borrower is expected to repay the amount borrowed in one go.

With Interest only mortgages the borrower usually arranges an investment such as an endowment or ISA to save the money needed to repay the mortgage debt. However, some borrowers do not set up an investment or savings scheme. It is this type of borrower that we would like recorded using this code. These borrowers may have a different strategy in place to repay the mortgage or have decided the later sale of the property will release enough capital to repay the borrowed amount. You may come across other schemes people have thought up to repay their mortgage for example, using proceeds from a maturing life insurance policy or paying off the amount borrowed using the occasional lump sum.

Code 8: Another type or mortgage

Please remember to make a note when using this code. The note should include details of the main features of the mortgage.

Please ensure when using code 8 that the mortgage is unique and is not covered by codes 1-7.

If code 8 is used the soft check will appear.

☞ Soft check

This is rather an unusual sort of mortgage. Are you sure that it is not covered by one of the codes above? If not, please record the title in a note and answer follow up questions as fully as possible.

/ Question Information for Type of Mortgage

A note on Flexible mortgages.

These are a fairly new style of mortgage that is becoming more popular. Flexible mortgages can be repayment, endowment or another type of investment. Therefore it is important to read the following information and decide where it is best to code a flexible mortgage.

The most popular type of flexible mortgage is the all-in-one account. There are two types of all –in-one account; the current account mortgage and the offset mortgage.

The current account mortgage – all finances are kept together in 'one pot' so the mortgage, current account, any savings, credit cards and loans are all combined resulting in one overall account with one outstanding balance.

The offset mortgage – is similar to above where there is one overall outstanding balance made up of all the different debits and credits however the savings, current and mortgage accounts are kept in separate accounts. Money can still be easily transferred between the different accounts.

Buy-to-let mortgages

Do not include mortgages for those properties purchased only for investment and rental income

☞ Soft Check

If 'DK' or Refusal

This is a 'Key Question': it is VERY IMPORTANT to get an answer here if possible. If you cannot do so (either now or later) please make a note about the circumstances.

### SHOW CARD B7

(Can I just check) (Apart from the endowment I mentioned earlier) is the repayment of the original loan covered by any of the things on this card?

1. Current payments into a Pension Plan (pension mortgage)
2. Current payments into an ISA
3. Current payments into a Unit Trust or Investment Trust scheme
4. Current payments into any other savings/investment scheme
5. Proceeds of sale from existing house only
6. None of the above (describe in a note)

Ask if

[[Tenure = 2 (buying it with the help of a mortgage or loan)]

OR

[Tenure = 3 (pay part rent and part mortgage (shared ownership))

And SOBuy = 1 (Still buying)

And PurcAmt = response]

OR

And Loan2Y = 1 (yes, still have this mortgage)]]

AND

MortType = 1 (an endowment mortgage), 3 (a pension mortgage), 4 (a unit trust or ISA mortgage), 5 (both an endowment (or any interest only mortgage) and a repayment mortgages), 6 (an interest only mortgage with more than one linked investment), 7 (an interest only mortgage with no linked investment) or 8 (another type – not listed)

/ Question Information for Loan Covered by Other Savings

Loan Covered by Other Savings is asked directly after Type of Mortgage. This is so the question can act as a check (especially for those with INTEREST ONLY mortgages) to help ensure that Type of Mortgage has been correctly coded. For example, the respondent may have described their mortgage as an 'Endowment mortgage' (code 1). At Loan Covered by Other Savings they mention that they are also making payments into an ISA which they intend to use to repay their mortgage when it matures. This means that they have more than one investment or savings scheme linked to their mortgage, so at Type of Mortgage they should really have been coded as 'an interest only with more than one linked investment' (code 6) rather than an endowment mortgage.

We are only interested in recording saving schemes and investments that the respondent is CURRENTLY making payments into. For example if they have completed contributing to an ISA then this should not be recorded at this question, so use code 6 and please make a note.

## Household Insurance Policies

If Loan Covered by Other Savings is coded as 'None of the above' - please open a note and record details about how the respondent expects to repay the loan.

'Can I just check' will only appear at the beginning of this question when Type of Mortgage is coded as Interest only with NO linked investments (code 7) or 'Another type of mortgage' (code 8). The question may not seem relevant for these cases, but we want to ask the question to check that Type of Mortgage is coded correctly.

If the respondent has an ENDOWMENT mortgage - please use code 6, you will be asked for information specifically about the ENDOWMENT mortgage at Endowment Policies. People with ENDOWMENT mortgages are only routed through this question to ensure that Type of Mortgage has been coded correctly.

### ☞ Soft check

If the respondent says they will be repaying mortgage using any of the investment/savings listed at Loan Covered by Other Savings (codes 1-4) but at Type of Mortgage they said they had an interest only with NO linked investments (code 7).

You described your mortgage as an interest only with NO linked investments, can I just check is this savings/investment scheme linked to your mortgage? Please amend the answer at MortType as appropriate.

If Loan Covered by Other Savings = codes 1- 4 (has some type of investment or savings scheme) AND Type of Mortgage = 8 (other)

### ☞ Soft check

If there is an endowment, pension, ISA or other savings/investment scheme linked to cover the repayment of the original loan, please amend the answer at MortType as appropriate?

If Loan Covered by Other Savings = 6 (none of the above) and Type of Mortgage does not equal 1 (endowment)

### ☞ Soft check

Please leave a note to describe how the respondent will be repaying their mortgage.

If Loan Covered by Other Savings codes 1-4 (has some type of investment or savings scheme) AND MortType = 1 (endowment)

☞ Soft check

Earlier you described your mortgage as an endowment but you also have another savings/investment scheme linked to the repayment of your mortgage, please amend the answer at MortType as appropriate.

If Type of Mortgage = 1 (Endowment) and Loan Covered by Other Savings = 1,2,3,4 (Pension/Unit Trust/Other scheme)

Or

If Type of Mortgage = 3 (Pension) and Loan Covered by Other Savings = 2,3,4 (Unit Trust/Other scheme)

Or

If Type of Mortgage = 4 (ISA/Unit Trust) and Loan Covered by Other Savings = 1,4 (Pension/Other scheme)

☞ Soft check

This method of capital repayment (at EndwPrin) does not match the type of mortgage recorded earlier (at MortType). Please resolve or make a note.

And EndwPrin = response

'Can I just check' is only used if Type of Mortgage = Endowment (1) or both an endowment (or other interest only) and repayment (5).

## Household Insurance Policies

/ Question Information for Flexible Mortgage

### Flexible mortgages:

Flexible mortgages are those which give the borrower the flexibility to make certain changes without asking their lender first, such as varying the amount or timing of payments, or taking breaks in some circumstances. People with such mortgages can make over or underpayments each month or can pay off lump sums without incurring charges. Other common features of flexible mortgages are the ability to withdraw lump sums and to take payment holidays. If people overpay it may allow them to pay off the

mortgage early, or to take payment holidays later, for example if they have a baby or take a career break.

It is worth noting that increasingly many “traditional” mortgages have flexible features even though they are not strictly flexible mortgages. For example it may be possible to make lump sum payments without restriction. However for a mortgage to be truly flexible it should really have the facility to make overpayments and to make underpayments.

Flexible mortgages can be repayment, endowment or other investment mortgages.

A subset of flexible mortgages is called all-in-one accounts. There are two types:

- current account mortgages: mortgage combined with a current account and forms one account, e.g.: the One Account (RBOS)
- offset mortgages: the mortgage is run parallel with a current account and savings account between which money can be transferred and the mortgage debt offset against any savings held (offset), there may be several savings “pots” which together form the total savings e.g. Woolwich Open Plan

/ Question Information for All in One Mortgage - Current Account Mortgage

Two show cards relate to this question. They are designed to help respondents decide what type of 'all-in-one' mortgage they have.

SHOW CARD B8 - Current account mortgages

Summary...

With a current account mortgage, the borrower's mortgage is combined with their current account to form one account for example, the 'One Account'.

In more detail...

The main difference between an offset mortgage and current account mortgage is that with a current account mortgage, the borrowers' current account and any other accounts are combined with their mortgage account.

The current account mortgage (CAM) combines the borrower's mortgage, current account, savings account, personal loans and credit cards into one account. Their salary is paid into this account, if they don't spend all their income at the end of the month, that amount is taken off what you owe on your mortgage.

For example, if they were paid £2000 after tax each month, then spend £1500 in the month, £500 is left in the account which comes off the mortgage. Since interest is calculated on a daily basis, the interest paid is immediately reduced.

The CAM allows the borrower to make overpayments and underpayments and borrow back money, so can be defined as fully flexible.

Respondents with a CAM will NOT be routed through the last payment questions.

/ Question Information for All in One Mortgage - Offset Mortgage

SHOW CARD B9 - Offset mortgages

The Savings account, current account and mortgage are held separately but the balances in all the accounts are taken into consideration when calculating interest for the mortgage repayments.

The mortgage is run parallel with a current account and savings account between which money can be transferred and the mortgage debt offset against any savings held

(offset).

In more detail...

Offset is a new type of flexible mortgage. It links the mortgage to the borrowers Current and Savings Accounts.

The borrower can save money on interest repayments, because the interest is calculated on the difference between the combined balance the Current and Savings Accounts and their mortgage balances. This means that the mortgage term could be reduced and the borrower saves money.

Interest is calculated daily, so every day the borrowers Current and Savings Accounts are in credit, the interest calculated on the mortgage will be reduced and the subsequent repayments.

Examples of Offset Mortgage Providers:

- Woolwich/Barclays Openplan
- First Direct Smart Mortgage
- Halifax Intelligent Finance
- Northern Rock Connections

## ? Length of Mortgage

### ➔ MortEnd

#### How long is the term of your mortgage?

**By this we mean the agreed term since you have remortgaged or extended the original loan.**

Ask if

*[[Tenure = 2 (buying it with the help of a mortgage or loan)]*

OR

*[Tenure = 3 (pay part rent and part mortgage (shared ownership))*

*And SOBuy = 1 (Still buying)*

*And PurcAmt = response]*

OR

*[PurcLoan = 2 (2 or more loans for purchase)*

*And Loan2Y = 1 (yes, still have this mortgage)]]*

### ☞ Soft Check

If more than 40 years after the property was bought and the respondent has re-mortgaged (Code 1 at Rmort)

Are you sure? The end date would not normally be more than 40 years after the last re-mortgage. Please check your figures.

Respondents who have an interest only mortgage with no linked investments should still

be able to provide an answer to this question.

? Amount Outstanding on Mortgage

➔ **MortLeft**

**What is the amount still outstanding on your mortgage/loan from this source - that is how much do you still have to pay off?**

**If the respondent has an all-in-one current account mortgage the wording of Amount Outstanding on Mortgage will appear as follows.**

**What is the amount of the negative balance or overdraft on your current account?**

*Ask if*

*[[Tenure = 2 (buying it with the help of a mortgage or loan)]*

*OR*

*[Tenure = 3 (pay part rent and part mortgage (shared ownership))*

*And SOBuy = 1 (Still buying)*

*And PurcAmt = response]*

*OR*

*[PurcLoan = 2 (2 or more loans for purchase)*

*And Loan2Y = 1 (yes, still have this mortgage)]]*

Probe that the figures given for the amount outstanding does apply to the total debt on this mortgage only, and does not include any separate arrangement.

If an interest only mortgage and the amount outstanding differs from the amount borrowed/re-mortgaged:

☞ Soft Check

For an interest only mortgage, the amount outstanding should equal the amount [originally borrowed]/[of the re-mortgage].

This check should be suppressed when the capital amount borrowed for a mortgage has been reduced by a lump sum payment.

☞ Soft Check

This check is triggered if the repayments on a respondent's mortgage work out at either less than 5% or greater than 16% interest rate:

The interest payments work roughly out at [x] per cent which is [lower/higher] than most current interest rates available for a mortgage of ~this size. If no particular reason for this, please check your answers. Check the figures with the respondent and see if any documents are available.

If the information is confirmed suppress the warning but be sure to leave a note to explain the circumstances. The same check applies to those with repayment mortgages. Mortgage lenders often provide discounts to first time buyers, or for the first (few) year(s) of the mortgage.

## / Question Information for Mortgage Protection Policy

People with repayment, pension, Unit Trust or ISA mortgages usually take out a mortgage protection policy with an insurance company so that in the event of death there is available a sum of money to pay off the outstanding mortgage. Sometimes it is known as a 'Whole Life Policy'. It is not always required. This arrangement should not be confused with the endowment policy of an endowment mortgage.

Policies to cover the mortgage in the event of death will continue to be included, but so too will be policies which repay all or part of the mortgage in the event of redundancy or long-term sickness.

## Household Insurance Policies

If the mortgage type is repayment, pension, unit trust or ISA the following check appears if 'no' is coded.

### ☞ Soft check

For this type of mortgage there is normally a protection policy. Please check - was it included in the last mortgage payment? (If no policy, suppress warning and continue).

Often premiums are included with the monthly mortgage payment (or payment into a pension plan, Unit Trust or ISA) - ask the respondent to check, particularly if the mortgage is quite old. Sometimes no policy is needed, for example if the mortgage is small, or if the capital can be paid off in another way.

/ Question Information for Other Mortgages 1,2,3 and Other Purchases

Quite a common loan of this type is raised through 'equity release', for instance a Home Income Plan, Reversion Scheme or Retirement Home Plan. Typically, this is where elderly owners (e.g. 70 years or more) borrow money and use it to buy an annuity, part of which provides them with an income, the rest paying off the interest on the loan. (When the owner dies, the property is sold and the lender recoups the capital.) For FRS purposes you should treat this as a mortgage/loan not for purchase, coding 'yes' at Other Mortgages 3 and code 7 at the next question. However, if no interest is being paid on the loan, do not enter it at all.

## Council Tax

Council tax is based on the value of a dwelling and assumes two adults per household. The full bill consists of two equal elements: a property element and a personal element. Status discounts which reduce or eliminate the personal element of the tax, are available to single persons and certain other households. Council tax benefit is available in the form of rebates to those on Income Support and others on low incomes. A Disablement relief is available if there is a disabled person in the household.

### Liability

If the property is owner-occupied the owner (or joint owners) will be liable for payment of the tax. If the property is rented, the tenant will generally be liable provided s/he lives in it as a main residence, though in multi-occupancy accommodation such as bed sits the landlord is liable.

It is extremely important that respondents do not reference the current value of their property, to the corresponding council tax bands constructed in 1991.

### / Question Information for Council Tax Band

There are two circumstances in which a band may not be entered:

#### Band not known

If the respondent is personally liable for the council tax (even though they may pay nothing) and doesn't know the band, enter 'DK'. Do not use the respondent's estimate of the property's value – particularly if they are giving their estimation of the current value. The valuations were made in 1991 and will therefore become increasingly out of date. If the band is coded 'DK', it will be obtained from the Local Authority by office staff.

#### Accommodation not valued separately

In certain accommodation, such as that which is multiply occupied like bed sits, the landlord will be liable for the tax. The landlord may decide to recover some or all of the cost of the tax by increasing rent charges and will not be legally obliged to identify the council tax component. In these situations where the tenant is not personally liable for the tax use code 10 to indicate that the accommodation that the interview is concerned with is not valued separately for the Council Tax.

To check that the correct code has been entered, the following check is triggered if either 'dk' or code 10 is entered.

#### ☞ Soft Check

If necessary check which is correct; this accom:

- is NOT valued separately for C.Tax (enter code 10)
- or it IS valued for C.Tax, but respondent DOESN'T KNOW the tax band (enter Don't Know).

If correct, suppress check & continue.

### / Question Information for Council Tax Band

#### Appeals

Owners and tenants will be legally obliged to pay the amount shown on their council tax bills when they receive them in March/April. The valuation bands are based on prices in April 1991 and will not be affected by subsequent changes in house prices, although improvements such as extensions will be taken into account if the property is sold. Appeals against the valuation band may now only be made in these circumstances, not with regard to the original valuation; the full payments must be made until the result of an appeal is decided.

## Council Tax

Appeals on valuation matters must first be taken up with the valuation office; appeals on other matters must be raised with the local authority. If matters are not resolved within a specific period, they may be referred to a valuation tribunal. In a few cases appeals against the original valuation have not been settled yet.

If an appeal is still pending...

Enter the band which is shown on the original bill.

If a new bill has been received following an appeal..

Enter the new band shown on the bill.

If the bill was applied to a lower valuation band because disablement relief was allowed..

Enter the band that would have applied if disablement relief had not been granted.

? Council Tax Amount

→ CTAmt

**How much Council Tax do you/your household currently pay?**

*Ask of all Households*

*AND*

*CTBand = 1 – 9 (Bands A - I), d/k or refusal*

/ Question Information for Council Tax Amount

The payment entered should be the last council tax payment made by the household. However, the question is with reference to the respondent's current status, so for example if they are in receipt of 100% council tax benefit, or for some other reason are non-payers, enter 0, not the amount of the last payment when they were making payments. If no payment for 2009-2010 has yet been made, accept the last payment from 2008-2009 even if the new bill is to hand.

If the respondent has not paid council tax for any reason, enter 0 and the later questions will probe the reasons (except in Scotland - see below).

The owner of the residence of a minister of religion will be liable except in the case of the Church of England where the Church will be liable. Church of England stipends will be reduced to reflect all or part of the council tax payment, and the pay of ministers of other religions may also be docked to cover the tax. These payments should be accepted as council tax payments.

### Domestic Water Charge and Domestic Sewerage Charge in Scotland

In Scotland, the question includes the phrase including domestic water charge and domestic sewerage charges. These charges should be included in this figure. On bills the total annual amount payable for all three components may be identified as the 'net amount payable' (which may then be divided into instalments).

Council Tax Benefit is not applicable to domestic water or sewerage charges, and therefore every household eligible for council tax should pay them. If the household is allowed 100% Council Tax Benefit, the amount paid for water and sewerage charges should be entered at Council Tax Amount (either the annual net amount if paid in full, or the last instalment payment). For this reason a soft check is triggered if zero is entered at this question.

## Council Tax

If the amount is changing/has changed following an appeal.

Enter the amount last paid and then open a note to give details of the previous/future amount for instalments and, if possible, how much has been paid in total so far or how much is due to be paid for the rest of the financial year. This information should be on the relevant bills.

**Enter the total number of payments which have already been made plus those which will be made in future, for the year April-March. (If the last payment entered relates to 2008-2009, give the number of instalments for that year.) If paid by direct debit, Local Councils usually set the number of instalments to 10 per annum.**

☞ Soft Check

That's [£amount] a year which seems rather high for a property in this band. Please check the amount and number of instalments. If correct, suppress warning and explain circumstances in a note.

If the band is not known or refused, the check will use the highest value.

If a statement/bill is consulted and instalments are being paid:

## Council Tax

The amounts at the above two questions should be the full annual amount levied by the local water authority. If a household is allowed a status discount (see later), it will apply to the main council tax and to the water and sewerage charges. However the bill will probably show the amounts before any discount, but not after.

#### / Question Information for Council Tax Rebate

Council tax benefit (rebate) is available to those liable for council tax bills that are on low income. The amount allowed will vary according to levels of income and assets. People on Income Support/Income-based Jobseeker's Allowance/Pension Credit or equivalent levels of income will be entitled to the maximum rebate of 100%, unless their accommodation is in Band F, G or H. In those bands, for new claims the maximum benefit is limited to that for Band E in that area. Recipients in those bands as at 31 March 1998 will have their benefit transitionally protected, provided they don't move from the address and any break in their entitlement lasts no more than 12 weeks.

Be careful that the respondent does not confuse Council Tax Benefit with status discount (see below). It is possible that both will apply (e.g. when the household consists of a single person on low income).

If mentioned by the respondent, include receipt of the one-off extended payment of Council Tax Benefit paid to people who return to work after a period of unemployment as a lump sum payment covering four weeks. It has to be claimed separately from ordinary Council Tax Benefit. Enter the full amount of the lump sum at Council Tax Rebate Amount and 'four weeks' at Council Tax Rebate Period. Questions on its receipt will be asked in the Benefit Unit questionnaire.

In Scotland, benefit is not allowed in connection with Domestic Water Charge and Domestic Sewerage Charge.

If the respondent earlier claimed they were getting Housing Benefit, or that DWP were contributing to their mortgage.

## Council Tax

### Soft Check

Earlier the respondent said they get Housing Benefit or help from DWP with mortgage. They should usually also get Council Tax Benefit. Please check: is their C.Tax bill 'reduced' - does the Council take anything off it? (apart from Discount). If so, change answer to 'yes'.

/ Question Information for Council Tax Rebate Period

If an appeal is pending:

Enter the amount that applied to the last payment.

If an appeal has been made and a new bill has been received:

Enter details of the most recent payment and if this is about to change following receipt of the new bill then open a note to record the future figures.

If the respondent knows how much rebate will be allowed for the whole financial year or part of it, it is acceptable to record this total figure together with the appropriate period code.

If a liable person's income is too high for her/him to qualify for benefit in her/his right, s/he will be able to claim on behalf of other adults (except dependents and lodgers) living in the same property who are on a low income. This type of benefit is called "second adult rebate".

Where there is more than one benefit unit in the household, and the liability for council tax is jointly held across more than one benefit unit, it is possible for the council tax benefit to be awarded at the benefit unit level.

? No Council Tax Paid

➔ **WhyNoCT**

### **WHAT WAS THE REASON FOR PAYING NO COUNCIL TAX?**

- 1. Bill not yet received and household not previously liable for C. Tax**
- 2. Bill not yet paid and household not previously liable for C. Tax**
- 3. Deliberate non-payment, in dispute, appeal etc**
- 4. Household only recently moved into accommodation**
- 5. Household has a 'formal exemption' from the tax (all students; MOD property; severely mentally impaired)**
- 6. Other reason (DESCRIBE IN A NOTE)**

*Ask If CTBand = 1 – 9 (Bands A - I), d/k or refusal*

*And if CTReb = 2 (no)*

*And if CTAmt = 0.00, d/k or refusal*

Codes 1 and 2 at the above question should only apply in circumstances where no payment from last year can be given. E.g. a newly set-up household or, one that has moved from overseas.

## Council Tax

If the respondent states that 'the landlord pays it' or 'it's included in the rent', check whether this household's accommodation is valued separately for the council tax. If it isn't, such as if it is a bed-sit or rooms within a larger house, you should code Council Tax Band as 9 - not valued separately.

/ Question Information for No Council Tax Paid

### Exemptions:

Two classes of exempt dwellings are likely to occur:

#### Accommodation occupied ONLY by students, or by the severely mentally impaired:

If all members of the household are students or severely mentally impaired, the household is exempt. If any member of the household is not a student or severely mentally impaired then a status discount may apply, but not an exemption.

#### Accommodation owned by the MoD as armed forces accommodation:

The MoD will pay contributions in lieu of council tax to local authorities. These contributions may be recouped from services personnel through accommodation charges.

- YT trainees

*Ask If CTBand = 1 – 9 (Bands A - I), d/k or refusal*

/ Question Information for Council Tax Discount

### Status Discounts:

The council tax assumes two adults per household. In certain types of household, where there are not two people liable for payment of council tax, the bill will be reduced so as not to penalise them unfairly. This is regardless of the income and assets status of the household.

Be careful that the respondent does not confuse a status discount with Council Tax Benefit (see above). It is possible that both will apply (e.g. when the household consists of a single person on low income).

If only one adult lives in the dwelling the bill will be cut by a quarter. Thus a 25% status discount will usually apply to a single person household.

Some people, such as those in the list above, are 'disregarded adults' and are invisible for council tax purposes. They are deemed to be unable to contribute to household bills.

Probe situations where respondents say that they have been allowed a status discount but there is more than one adult in the household. If a 'disregarded adult' (student/student nurse/apprentice etc) lives with one other adult then a status discount of 25% will apply. However no discount will apply if that person lives with two or more

## Council Tax

other adults.

50% status discounts will be rare and will apply where the sampled accommodation includes *only* disregarded adults (those in the above groups) other than students who will be completely exempt.

In Scotland, status discount is also allowed for Domestic Water Charge and Domestic Sewerage Charge.

1. 25%
2. 50%

*Ask If CTBand = 1 – 9 (Bands A - I), d/k or refusal  
And CTDisc = 1 (yes)*

☞ Soft check

Are you sure? Households with only one adult would normally have a status discount (25% reduction of the bill).

☞ Soft Check

If a respondent claims that they are receiving a 50% discount there is a check to ensure that this is correct.

Are you sure? Discount is usually 25%. The 50% discount applies only if ALL household members belong to the groups shown on card I. Please check with respondent. If discount IS DEFINITELY 50%, suppress warning and continue.

## Water and Sewerage Charges

### / Question Information for Water and Sewerage Rebate

The vast majority of people have to pay the full water and sewerage charges, but there are also a few with a meter who are eligible for assistance under the Vulnerable Groups Scheme (Water Industry Act 1999). Under this scheme, people who qualify receive a bill capped at the average charge for their region, and do not have to pay the measured charge reflecting their genuine water consumption.

To qualify for assistance, the household must be metered. The claimant must also be eligible to receive certain benefits or tax credits (such as Income Support, Working Families' Tax Credit, Jobseeker's Allowance) and fulfil one of the following criteria:

They hold responsibility for three or more children under the age of 19;

Or

They suffer from a specified medical condition which causes the household to use significantly more water (desquamation, a weeping skin disease, incontinence, abdominal stomas, renal failure requiring home dialysis etc);

Or

They have a child with a medical condition outlined above.

## Property Charges

This section is about charges on the accommodation and is asked of owners and those who occupy rent-free.

Often ground rent, service charges maintenance or factoring charges are not itemised separately. If this is the case and the respondent is not able to split the separate amounts, a combined amount should be recorded for ground rent, service charge, maintenance and factoring charges at category 9. Do not encourage respondents to estimate the separate amounts if they are not certain.

Similarly, if respondent states that they pay charges separately, but only know the combined charge, enter the total amount as a combined rate (category 9).

Do not record a combined amount and the separate amounts. Record one or the other.

These questions are asked only if there is more than one Benefit Unit in the household and, if the household was defined as 'conventional', at the question Household Status (in block Tenure).

*Asked of Women under 50 and Children under 16*

#### / Question Information for Free Items

##### Free welfare milk:

Code 1 only appears if there are any children under 16 or women under 50 in the household. Free welfare milk is available for:

1. Expectant mothers and all children under school age in families in receipt of Income Support, Income-based Jobseeker's Allowance, Housing Benefit, Tax Credits, or in special need because of low income;
2. An expectant mother who already has two children under school age, regardless of family income;
3. All but the first two children under school age in families with three or more children under school age, regardless of family income;
4. Disabled children aged 5 to 16 who are not attending an educational establishment.

##### Free school milk:

Code 2 only appears if there is a child or children under 16 at state school.

Free school milk may be supplied to children up to approximately their seventh birthday (11th birthday in some LEAs) at registered day nurseries, playgroups and state primary schools or to approved child minders.

For children with particular health problems, milk may be supplied up to their sixteenth birthday or the allowance may be more than one bottle or carton.

##### Free school meals:

Code 3 only appears if there is a child or children under 19 at state school.

Free school meals are supplied to children whose parents are on a low income. The conditions governing school meals vary from one local authority to another.

## Free Welfare/School milk, meals and travel

Some children from educationally disadvantaged backgrounds may receive free meals up to the age of 18.

Only school cafeteria and fixed price meals are required, not tuck shop purchases.

'Bottles' or 'cartons' generally contain one third of a pint. Therefore, a legitimate answer would be 5 bottles.

☞ Soft Check

The check on school milk is triggered if the child has received more than 6 cartons a week.

Warning: The answer is much higher than the figures usually given at this question. Please check that your figure is correct. If so, suppress warning and continue.

? Anyone Else Receives Free School Milk

↪ **SMIntro**

**INTERVIEWER PROMPT: Has any other child had any free school milk during the past seven days ending yesterday?**

1. **Yes**

2. **No**

*Ask if FreeItem = 2 (free school milk)*

*And household includes more than one eligible person.*

---

? Who Receives Free School Meals

↪ **MLPer**

**Who received the free school meals?**

*Ask if FreeItem = 3 (free school meals)*

? Free School Meals Amount

↪ **SMIIT**

**Thinking just of the PAST SEVEN DAYS ending yesterday - how many meals has [name] had?**

*Ask if FreeItem = 3 (free school meals)*

*And MLPer = response*

☞ Soft Check

If more than 5 meals were received and the child attends a normal state school  
That's [x] meals - for this type of school the weekly maximum would normally be 5 (i.e.  
one meal per day) - please check.

## Childcare

Research commissioned by DWP and carried out by the Institute of Fiscal Studies has demonstrated disparities between FRS measures of childcare use and those on other surveys.

Measurements of formal group-based care appear to be underestimated on the FRS. This understatement of childcare costs on FRS described above has serious implications for the accuracy of tax credits costing and forecasting.

In order to try to reduce disparities between estimates of childcare on different surveys, the FRS has adopted the approach used on the Labour Force Survey (LFS) since the LFS was shown to produce more robust estimates.

The Childcare section has been restructured in an attempt to reduce some of the perceived repetition in the Childcare questions, especially where there is more than one child in the household receiving the same type of care, the interview will run the questions for each child concurrently.

---

### ? Introduction to Childcare

➔ **Disp**

**The next questions are about childcare for your children. This includes all types of childcare, such as playschool or nursery school or a childminder as well as relatives or friends who look after your child(ren).**

**(THE QUESTIONS SHOULD BE DIRECTED AT [PARENT'S NAME] WHEREVER POSSIBLE]**

*Ask if child(ren) in household.*

---

? Childcare Attendance

↔ ChAtt

**SHOWCARD C1**

At any time during the seven days ending Sunday the [Date Sunday] did [Child's name] attend any of the places shown on this card?

1. Playgroup or pre school? [ASK ONLY IF CHILD AGED UNDER 6]
2. Day nursery or workplace crèche? [ASK ONLY IF CHILD AGED UNDER 6]
3. Nursery School? [ASK ONLY IF CHILD AGED UNDER 6]
4. Infant's school? [ASK ONLY IF CHILD AGED OVER 3 AND UNDER 6]
5. Primary school? [ASK ONLY IF CHILD AGED OVER 2 AND UNDER 6]
6. Breakfast/After school club? [ASK ONLY IF CHILD AGED OVER 2 ]
7. Holiday scheme/club?
8. Children's Centres/integrated centres?
9. SPONTANEOUSLY ONLY - Boarding school? [ASK ONLY IF CHILD AGED OVER 2]
10. Other provider

*Ask if child(ren) in household*

*And loops for each child aged between 0 – 15*

Count all after school activities as 'After school clubs'.

This includes all study support or recreational activities after school hours.

---

? Childcare: Infants School

↔ ChInf

Can I just check, at the infants school, was [Name of child] in a

1. Reception class?
2. Nursery class?
3. None of the above

*Ask if ChAtt = 4 (Infant's school)*

---

? Childcare: Primary School

↔ ChPri

Can I just check, at the primary school, was [Name of child] in a

1. Reception class?
2. Nursery class?
3. None of the above

Ask if ChAtt = 5 (Primary School)

---

? Childcare: Term time

→ CTrm

**Can I just check for [Name of child] was that week in term time or was it a school holiday?**

1. Term time
2. Half term
3. Or school holiday
4. Not applicable

Ask if ChAtt = 1 (Playgroup or pre-school), 2 (Day nursery or workplace crèche), 3 (Nursery School), 4 (Infant's School – if ChInf = 1 (reception class) or 2 = (nursery class)), 5 (Primary School – if ChiPri = 1 (reception class) or 2 = (nursery class), 6 (Breakfast/After School Club), 7 (Holiday scheme/club), 8 (Children's centres/integrated centres), 9 (Boarding school) or 10 (Other)

---

? Childcare: Other People

→ ChPeo

**SHOWCARD C2**

**And during those seven days (ending Sunday the [DATE]) were there any other people who looked after [Name of child]?**

**[OTHER THAN RESIDENT PARENT/GUARDIAN AND STAFF CONTACT WHILST AT PLACES PREVIOUSLY MENTIONED]**

**Code babysitters as 8 'other non-relative'.**

1. Child's grandparents
2. Child's non-resident parent/ex-spouse/ex-partner
3. Child's brother or sister
4. Other relatives
5. Childminder
6. Nanny/Au pair (includes both live-in and day nannies)
7. Friends or neighbours
8. Other non-relatives (Includes babysitters)
9. SPONTANEOUSLY ONLY - Does not require minding
10. None of these

*Ask if children in household  
And loops for each child  
And child aged between 0 – 15*

Ensure that respondent has included all types of paid and unpaid childcare including childcare given by non-resident parents.

---

## ? Childcare Arrangements

### ➔ NoChCr

**Can I just check, what arrangements do you make to look after your [child/children] when you are working?**

1. **Looked after by husband/wife/partner**
2. **Old enough to look after themselves**
3. **I only work during school hours**
4. **I work at home**
5. **Other type of arrangement**
6. **Does not apply: Parent(s) are not working**

*Ask if ChAtt = 11 (none of the above)*

*And ChPeo = 9 (Does not require minding) or 10 (None of these)*

### ☞ Soft check

If NoChCr = 5 'Other type of arrangement'

Please check that the arrangement mentioned is not an informal or formal childcare arrangement that should be recorded in the childcare section e.g. child looked after by grandparents, ex-partner, childminder, friend etc.

If an informal or formal arrangement is mentioned go back to the childcare section and ask the childcare questions.

Asking this question will help DWP in looking at the issues parents can face if they were to make a decision around working and childcare and provide support to address these issues. Also this question makes it clear what child care arrangements are being made when no formal child care arrangements appear to have been made.

### ☞ Soft check

If NoChCr = 6 'Does not apply'

Only use this code if BOTH parents in household are not working.

**! Hard check**

If NoCHCr = 6 'Does not apply' AND any other code

'Does not apply is an exclusive code at this question'.

---

? Registered/Approved Childcare

➔ **Registrd**

**Can I just check, is the [type of care] registered or approved, or not?**

- 1. Registered or Approved**
- 2. Not Registered or Not Approved**

Ask if

[[ChAtt = 1 (Playgroup or pre-school), 2 (Day nursery or workplace crèche), 3 (Nursery School), 4 (Infant's School – if ChInf = 1 (reception class) or 2 = (nursery class)), 5 (Primary School – if ChiPri = 1 (reception class) or 2 = (nursery class))

OR

[ChPeo = 5 (Childminder) or 6 (Nanny/Au Pair)]]

/ Question Information for Registered/Approved Childcare

Registered or approved childcare can include:

- Registered childminders, nurseries and play schemes
- Out of hours clubs on school premises run by a school of local authority

Childcare schemes run by approved providers , for example, an out of school hours scheme or a provider approved under a Ministry of Defence accreditation scheme

A registered childminder, nursery or childcare scheme is one that is registered by:

- OFSTED or the Social Care Inspection Commission in England
- the National Assembly for Wales (through the Care Standards Inspectorate for Wales) in Wales
- the Scottish Commission for the Regulation for Care in Scotland
- a Health and Social Services Trust in Northern Ireland.

Approved childcare in England is childcare approved by a body acting under the authority of the Secretary of State.

Childcare providers who are eligible to apply for approval in England include:

- Childminders who are not required to register
- Nannies or au pairs

---

? Childcare: Employer Provided

→ EmplProv

**Is the childcare [with the nanny or au-pair/ in the day nursery or crèche/ with the childminder] provided by your employer?**

1. Yes
2. No
3. Does not apply – child’s parents/guardians have no employer

*Ask if ChAtt = 2 (Day nursery or workplace crèche)*

OR

*ChPeo = 5 (Childminder), 6 (Nanny/Au Pair)*

As part of its objective to halve child poverty by 2010, the government is introducing new tax and national insurance exemptions to encourage employers to provide more childcare support to their employees. The FRS plays an important role in monitoring the extent to which these incentives are taken up by employers. Please ensure that a yes is only coded above if a respondent is making use of the employer provided childcare.

Next questions routed for each child and for each provider.

---

? Time in Childcare

→ ChHr1

**About how many hours in the seven days ending Sunday the [Date] did [child’s name] spend in [his/her] [type of childcare]?**

*Ask if ChAtt = 1 (Playgroup or pre-school), 2 (Day nursery or workplace crèche), 3 (Nursery School), 4 (Infant’s School – if ChInf = 1 (reception class) or 2 = (nursery class)), 5 (Primary School – if ChiPri = 1 (reception class) or 2 = (nursery class), 6 (Breakfast/After School Club), 7 (Holiday scheme/club), 8 (Children’s centres/integrated centres), 9 (Boarding school) or 10 (Other)*

/ Question Information for Childcare Costs

The amount recorded at the questions Cost and ChAmt1 on cost of childcare should be the full amount that is paid for childcare.

This should include the amount that the parent/guardian pays directly for childcare and any amount they pay using the childcare element of Working Tax Credit. It should also include payment made with childcare vouchers if those vouchers are received as a salary sacrifice.

The amounts included at Cost and ChAmt1 should not include payments made by people outside the household or payments made with childcare vouchers that are not received as a salary sacrifice.

---

? Cost of Childcare

↔ Cost

Thinking of the childcare in [Child's name] [type of childcare], does this cost you anything?

1. Yes
2. No

**INCLUDE** in the parent/guardian's total childcare cost any money received via Tax Credits to pay for the childcare (i.e. Childcare element of Working Tax Credit).

**EXCLUDE** payments made by others e.g. grandparents or where payment is made with childcare vouchers, unless received as a salary sacrifice.

Ask if

ChHr1 = amount > 0.00

OR

ChHr1 = don't know

---

? Childcare Latest Amount

↔ ChAmt1

How much was your most recent payment for the childcare in [child's name's] [type of childcare]?

If unable to attribute costs per child then enter an estimate by dividing total childcare costs by number of children.

**INCLUDE** in the total childcare cost to the parent/guardian any money received via Tax Credits to pay for childcare (e.g. Childcare element of Working Tax Credit).

**EXCLUDE** payments made by others e.g. grandparents or where payment is made with childcare vouchers unless received as a salary sacrifice.

Ask if Cost = 1 (yes)

If payment is partly made by others or childcare vouchers/nursery grants and partly by parents/guardians, include parents/guardians share only. The FRS is only interested in the parents/guardians childcare costs rather than the total costs.

---

? Childcare Amount Period

↔ ChPd

And what period did that cover?

1. One week
2. Two weeks
3. Three weeks
4. Four weeks
5. Calendar month
7. Two calendar months
8. Eight times a year
9. Nine times a year
10. Ten times a year
13. Three months/13 weeks
26. Six months/26 weeks
52. One year/12 months/52 weeks
90. Less than one week
95. One off/lump sum
97. None of these (EXPLAIN IN A NOTE)

*Ask if ChAmt1 = amount > 0.00*

---

? Hourly rate of childcare

↔ Hourly

Is the payment an hourly rate?

1. Yes
2. No

*Ask if ChPd = 90 (less than one week)*

---

? Period of Childcare

↔ PMChk

Was the time spent with [CHILDCARE PROVIDER] during the daytime; or at night; or both in the day and at night?

1. Daytime only
2. At night only
3. Both day and night (include overnight only stays)

*Ask if ChHR1 = response  
And ChHr = amount > 0.00*

---

? Benefit Childcare Discount

↔ BenCCDis

**You said earlier that you get (Housing Benefit/Council Tax Benefit). Does the benefit take account of the cost of the [type of childcare]?**

1. **Yes**
2. **No**

*Ask if*

*[[Child DVAge <= 5*

*And HBenefit = 1 (yes)*

*And HBenAmt = amount > 0.00]*

*OR*

*[CTReb = 1 (yes)*

*And CTRebAmt = amount > 0.00]]*

*AND*

*[ChAtt = 1 (Playgroup or pre-school), 2 (day nursery or workplace crèche). 3 (nursery school), 4 (infants school), 5 (primary school)*

*And ChPeo = 8 (Other non-relatives (includes babysitters))]*

## Help Given and Received (Care)

The next questions are about receipt of care by household members, and provision of care by household members to people outside the household.

The help received can be from people inside, or outside, the FRS household including family members, social services, friends and neighbours, voluntary organisations.

At the first two questions it is important to allow the respondent time to read the show card which contains many examples of the kinds of help which are relevant. Quite often the respondent may not consciously think that the kind of things they do for another person as a matter of course constitutes providing care. This show card includes quite menial or trivial things which DWP are keen to capture.

---

### ? Anyone Needing Help

➔ **NeedHelp**

**In some households, there are people who receive help or support because they have long-term physical or mental ill-health or disability, (or problems relating to old age).**

**SHOW CARD D1**

**Is there anyone in this household who receives any of these kinds of help or looking after?**

**INCLUDE HELP FROM WIFE/HUSBAND/PARTNER /OTHER FAMILY MEMBER**

*Ask of everyone within the household*

---

### ? Does Anyone Give Help

➔ **GiveHelp**

**SHOW CARD D1**

**And how about people not living with you: do you/ (or does anyone in this household) provide any help or support for anyone not living with you who has a long-term physical or mental ill-health problem or disability, or problems relating to old age?**

**EXCLUDE HELP GIVEN AS PART OF A PERSON'S PAID JOB, EG, IF RESPONDENT WORKS FOR SOCIAL SERVICES**

*Ask of everyone within the household*

See Showcard D1 for examples of the types of help to be included.

## Help Given and Received (Care)

At this question do not include people who provide this service as part of a formal job which is paid by some organisation. However, if the person receiving the service makes informal payments direct to the person providing it then it should be included at this question. e.g. - if an elderly

Friend gives a helper £5 to cover travel expenses, the help is still of an informal nature so code 'Yes'.

If a helper is employed by a charity/social services and paid a regular amount to assist a number of people then code 'No' at this question and enter the details as a job.

/ Question Instructions for NeedHelp and GiveHelp

Showcard D1 relates to these questions. They are designed to help respondents decide what help they give and receive.

? Who is Receiving Help

↔ QNeedPer

Who is receiving help or being looked after? Anyone else?

**CODE ALL THAT APPLY**

**1 to 14. [names of household members]**

**15. Parent outside household**

**16. Other Parent outside household**

**17. Child outside household**

**18. Spouse outside household**

**19. Other relative**

**20. Friend/neighbour**

**21. Client of voluntary organisation**

**22. Other non-household**

*Ask if*

*NeedHelp = 1 (yes)*

*Or*

*GiveHelp = 1 (yes)*

Enter all the recipients of help covered by Anyone Needing Help and Does Anyone Give Help, both within and outside the household, at this question. Up to 5 codes can be entered.

---

? Who is Receiving Help outside the household

↔ NeedPerO

Who is the other person outside the household receiving help or being looked after?

*Ask if GiveHelp = 1 (yes)*

*And QNeedPer = 22 (other non-household)*

---

? Help Frequency

↔ Freq

How frequently does [name] receive such help?

1. Continuously
2. Several times a day
3. Once or twice a day
4. Several times a week
5. Once a week
6. Less frequently

## Help Given and Received (Care)

Ask if  
NeedHelp = 1  
Or  
GiveHelp = 1

---

### ? Time of Help

#### ↔ DayNight

And does [name] receive help during the daytime; or at night; or both in the day and at night?

1. Daytime only
2. At night only
3. Both day and night

Ask if  
[NeedHelp = 1  
OR  
GiveHelp = 1]  
AND  
Freq = 1 (continuously) or 2 (several times a day)

---

### ? Who Provides help

#### ↔ WhoLook

Who looks after, or provides help for [name]? Anyone else?

1. to 14. [names of household members]
15. Relatives
16. Friends/neighbours
17. Local Authority home help or home care worker
18. Private domestic help
19. District nurse, health visitor or other kind of nurse
20. Other outside helpers

Ask if  
[NeedHelp = 1  
OR  
GiveHelp = 1]  
AND  
Freq = 1 (continuously), 2 (several times a day), 3 (once or twice a day), 4 (several times a week), 5 (once a week), d/k or refusal.

Code 20 includes provision of formal care or treatment not covered by other codes, both in the home, such as by visiting specialist teachers (e.g. for pre-school deaf children), and at places such as clinics, hospitals, health centres and day care centres.

## Help Given and Received (Care)

The DWP is only interested in the receipt of care by household members (from other household members or from non household members), and provision of care by household members to people outside the household. This is very important as there were several cases last year where a non-household member was coded as receiving help from another non-household member. To prevent this, there will now be a hard check in the questionnaire which will be activated if both the person giving care and the person receiving care live outside the household. If this check is activated, please go back and check your answers at Give Help, QNeedPer and WhoLook. The DWP are not interested in non household members who care for other non household members as they cannot link this information to any of the answers given in other parts of the questionnaire.

### ! Hard Checks

Two hard checks that have been included at QneedPer are:

Please include the non-household member receiving help from someone in the household, or change 'GiveHelp' to 'No'.

Please include the household member who receives regular help, or change 'NeedHelp' to 'No'.

---

## ? Hours Spent Caring

↔ Hour

### SHOW CARD D2

**About how many hours a week, on average, does [name of helper] spend actually providing help for or looking after [name of recipient]?**

1. 0-4 hours per week
2. 5-9 hours per week
3. 10-19 hours per week
4. 20-34 hours per week
5. 35-49 hours per week
6. 50-99 hours per week
7. 100 or more hours per week
8. Varies – under 20 hours per week
9. Varies – 20-34 hours per week
10. Varies – 35 hours a week or more

## Help Given and Received (Care)

Ask if

[NeedHelp = 1

OR

GiveHelp = 1]

AND

Freq = 1 (continuously), 2 (several times a day), 3 (once or twice a day), 4 (several times a week), 5 (once a week), d/k or refusal.

AND

WhoLook = numbered household members, 15 (relatives), 16 (friends/neighbours), 17 (local authority home help carer or care worker), 18 (private domestic help), 19 (district nurse, health visitor or other kind of nurse), 20 (other outside helpers

(Not asked if Who Look = d/k or refusal)

The hours are banded. The most important break is between codes 4 and 5, or codes 9 and 10, as someone caring for 35 hours or more a week may be entitled to Invalid Care Allowance/Carer's Allowance (depending on other criteria).

---

### ? How Long Been Caring

→ HowLng

#### SHOWCARD D3

Thinking of when [helper] first began providing help for or looking after [person receiving care].

About how long has/have [carer(s)] been providing help for or looking after [Name of person receiving care]?

Record how long care has been given regardless of the number of hours the carer gives now or has given in the past.

1. Less than 6 months
2. 6 months, less than 1 year
3. 1 year, less than 3 years
4. 3 years, less than 5 years
5. 5 years, less than 10 years
6. 10 years, less than 15 years
7. 15 years, less than 20 years
8. 20 years or more

## Help Given and Received (Care)

Ask if

[NeedHelp = 1

OR

GiveHelp = 1]

AND

Freq = 1 (continuously), 2 (several times a day), 3 (once or twice a day), 4 (several times a week), 5 (once a week), d/k or refusal

AND

WhoLook = numbered household members, 15 (relatives), 16 (friends/neighbours), 17 (local authority home help carer or care worker), 18 (private domestic help), 19 (district nurse, health visitor or other kind of nurse), 20 (other outside helpers)

(Not asked if Who Look = d/k or refusal)

AND

Hour = response

---

## ? Children's Carer's Allowance

➔ ChCA

Does [Child's name] receive Carer's Allowance in [his/her] own right?"

1. Yes
2. No

Ask if

[NeedHelp = 1

OR

[GiveHelp = 1]

AND

Freq = 1 (continuously), 2 (several times a day), 3 (once or twice a day), 4 (several times a week), 5 (once a week), d/k or refusal.

WhoLook = child aged 16-19 and NOT in full-time education

AND

Hour = 5 (35-49 hours per week), 6 (50-99 hours per week), 7 (100 or more hours per week), 10 (varies – 35 hours a week or more)

This question will capture income from benefits paid to 16-19 year olds. Previously income received by trainees was not collected on FRS as the respondents were defined as children as their parents can receive Child Benefit for them.

---

## ? Amount of Child Carer's Allowance

➔ ChCAAmt

How much did [he/she] get last time?

Ask if ChCA = 1 (yes)

? Period covered

↔ ChCAPd

How long did that cover?

1. One week
2. Two weeks
3. Three weeks
4. Four weeks
5. Calendar month
6. Two Calendar months
7. Eight times a year
8. Nine times a year
9. Ten times a year
13. Three months/13 weeks
26. Six months/26 weeks
52. One Year/12 months/52 weeks
90. Less than one week
95. One off/lump sum
97. None of these (Explain in a note)

*Ask if ChCAAmt = amount > 0.00*

☞ Soft check

Are you sure? That equals £[x] a week. Carer's Allowance is usually not more than £53.10 per week. Please check and amend or, if correct, suppress check, and make a note.

---

? Note

↔ ChCAPx

**Are you sure? That equals £X a week. Carer's allowance is usually not more than £X per week.**

*Ask if ChCAPd = 97 (none of these)*

## End of the Household Schedule

---

? End of Household Schedule

↔ EndDisp

**END OF 'HOUSEHOLD' SCHEDULE.**

**NOW ADMINISTER 'BENEFIT UNIT' SCHEDULE(S)**

**B.U. MEMBERS**

1. [names]

2. [names] etc

**TOTAL NUMBER OF BENEFIT UNITS = [n]**

*Ask always*

## **Benefit unit schedule**

After you have opened a benefit unit schedule this will be the first screen that appears.

---

? Person Display

↔ PersDisp

... the adult(s) now allocated to this **Benefit Unit** schedule are:

**Person 1:** [name]

**Person 2:** [name]

*Adults allocated to Benefit Unit*

In benefit units of more than one adult, concurrent interviewing is practised. Dependant adults, i.e. those aged 16-18 in full-time further education, are not interviewed in their own right, but their parents are asked some questions about their health, education, income and savings.

Please pay attention to the name shown in the top left hand part of the screen as this is the person to whom you will be addressing your questions. This is particularly important when the BU contains more than 1 adult as the questions will move from one person to another.

## Health and Ability to Work

These questions have been refined to bring the FRS in line with the Disability Discrimination Act (DDA) definitions.

---

? Health

➔ Health

**NOW THERE ARE SOME QUESTIONS ABOUT HEALTH.**

**Do you have any long-standing illness, disability or infirmity? By 'long-standing' I mean anything that has troubled you over a period of at least 12 months or that is likely to affect you over a period of at least 12 months.**

**THIS IS A QUESTION OF OPINION.**

1. Yes
2. No

*Asked of all adults*

---

? Health Problem Limit Activities

➔ HProb

**Does this physical or mental illness or disability (Do any of these physical or mental illnesses or disabilities) limit your activities in any way?**

1. Yes
2. No

*Ask if Health = 1 (yes)*

---

? Health Problems cause Difficulties

↔ DisDif

**SHOW CARD E1**

**Does this/Do these health problem(s) or disability(ies) mean that you have substantial difficulties with any of these areas of your life? Please read out the numbers from the card next to the ones which apply to you.**

1. **Mobility (moving about)**
2. **Lifting, carrying or moving objects**
3. **Manual dexterity (using your hands to carry out everyday tasks)**
4. **Continence (bladder and bowel control)**
5. **Communication (speech, hearing or eyesight)**
6. **Memory or ability to concentrate, learn or understand**
7. **Recognising when you are in physical danger**
8. **Your physical co-ordination (e.g. - balance)**
9. **Other health problem or disability**
10. **None of these**

*Ask if Health = 1 (yes)*

Probe and code at this question all substantial difficulties the illness causes the respondent. This is important to allow DWP to capture and analyse the extent to which disabilities/health problems affect the areas of respondents' lives.

---

? Medication for Health

↔ DDATre

**Can I just check, do you receive medication or treatment without which your health problems (when taken together), would substantially affect your life in the areas we have been discussing?**

1. **Yes**
2. **No**

*Ask if Health = 1 (yes)*

*And DisDif = 10 (None of these)*

? Long Term Illness

↔ DisDifP

Have you ever had a long-term illness, disability or infirmity that affected your activities? (By long-term I mean anything lasting for more than a year)

1. Yes
2. No

Ask if

Health = 2 (no)

OR

[DisDif = 10 (none of these)

And DDATre = 2 (no)]

---

? Long Term Illness cause Difficulties

↔ DDATreP

Did this health problem or disability (Did these health problems or disabilities, when taken singly or together) substantially limit your ability to carry out normal day-to-day activities? If you were receiving medication or treatment, please consider what the situation would have been without medication or treatment.

1. Yes

## ? Highest qualification

→ HiQual2

### SHOWCARD F1 and SHOWCARD F2

What is the highest level of qualification that you have received from school, college or since leaving education? Please include any work-based training.

If respondent has any of the qualifications listed on Showcard F2, refer to laminated card 'Highest Level of Educational Achievement' for instructions on coding answers.

1. Degree level qualification (or equivalent)
2. Higher educational qualification below degree level
3. A-Levels or Highers
4. ONC / National Level BTEC
5. O Level or GCSE equivalent (Grade A-C) or O Grade/CSE equivalent (Grade 1) or Standard Grade level 1-3
6. GCSE grade D-G or CSE grade 2-5 or Standard Grade level 4-6
7. Other qualifications (including foreign qualifications below degree level)
8. No formal qualifications

Ask if HiQual1 = 1 (From school, college or university), 2 (connected with work), 3 (from government schemes), 4 (from an apprenticeship), 5 (from having been educated at home), don't know or refusal

Code all that apply

1. Work-related or vocational qualification?
2. A professional qualification?
3. A foreign qualification?
4. None of these

*Ask if HiQual2 = 7 (Other qualifications including foreign qualifications below degree level)*

/ Question Instructions for HiQual1, HiQual2 and OthQual

Do not attempt to give any guidance, or express any opinion of your own about any of the terms used. If respondents say they are unsure what counts as "a certificate" or "degree-level" (or any other term), reassure them that we would like them to make their own best judgement of how to answer.

The purpose of these questions is a very broad indication of educational attainment, to replace the old measure of age at leaving continuous full-time education. Methodological work has shown that the most detailed scale involving qualifications on which the general public agrees is one which splits at degree/other qualification/ no qualification. The questions are designed to remind respondents to include vocational as well as academic qualifications.

### Highest Level of Educational Achievement

The following tables should be used by Interviewers to help code answers for the following question:

What is the highest level of qualification that you have received from school, college or since leaving education? Please include any work-based training.

The type and level of all common non-vocational and vocational qualifications are listed with the answer code that should be used:

### ? Any Education

#### ↔ AnyEd

**Are you at present receiving any full- or part-time education - including leisure classes and holiday courses?**

*Ask if respondent is not in full time education*

Amongst other things, DWP is interested in education status in relation to eligibility for Jobseeker's Allowance (JSA). Under JSA rules, no distinction is made between types of education (full/part-time, vocational, recreational etc). Include attendance on educational trips, educational holidays, residential courses and summer schools. During holiday period's respondents should be coded as receiving education (provided they intend to continue with the course).

#### / Question Information for Any Education

All adults are asked the next question except those who have indicated that they are still in full time education at Full-Time Education. For adults currently in education, there are questions about the type of education and study time, then the resources on which students are living (grants, parental contributions and loans), and repayments of loans.

The parents/guardians of dependant adults in non-higher education will be asked about their receipt of grants or scholarships.

## ? Educational Attendance

↔ EdAtt

[Earlier you said you are enrolled on [nature of course]. Can I just check are you...

1. still attending
2. waiting for term to (re)start
3. or have you stopped going?

Ask if

[[FTEd = 1 (yes)]]

OR

[AnyEd = 1 (yes)]]

AND

Respondent's age >=16

---

## ? Educational Type

↔ EdTyp

What kind of course are you on. Is it full-time or part-time, a medical or nursing course or some other kind of course?

1. school/full time
2. school/part time
3. sandwich course
4. studying at university or college including 6th form college FULL TIME
5. training for a qualification in nursing, physiotherapy or a similar medical subject
6. on a PART TIME course at university or college, INCLUDING day release and block release
7. on an Open College course
8. on an Open University course
9. any other correspondence course
10. any other course including other self/open learning courses

Ask if EdAtt = 1 (still attending), 2 (waiting for term to (re)start)

---

## ? Hours of Educational Tuition

↔ EdHr

**In your course of education, how many hours tuition do you normally receive each week?**

**Only include time spent in lectures, seminars, and practicals where a tutor is present.**

*Ask if*

*[[FTEd = 1 (yes)]*

*OR*

*[AnyEd = 1 (yes)]*

*AND*

*Respondent's age >=16*

### / Question Information for Hours of Educational Tuition

Only include 'guided learning hours'. This means time spent actually in contact with a teacher/tutor/lecturer, whether in the lecture theatre, classroom, seminar or practical. It is the way study time is generally defined in Further Education and under JSA rules, so on FRS apply the concept to all types of education. If the number of hours varies, give an average figure. Enter the hours that should be received, if this differs from the number that actually are received e.g. due to any non-attendance.

Time spent studying in the respondent's own time (at home, in the library etc) should be excluded.

If there are no 'guided learning hours', enter 'zero'. This would include distance learning, such as correspondence courses and Open University. Such learners are treated as part-time students under JSA rules, and thus flexible in their ability to work. (OU students are allowed up to one week per course for summer school, but do not count this in the number of hours above).

---

? Educational Time

↔ **Edtime**

Is that ..

1. **just in the daytime**
2. **just in the evenings**
3. **or both?**

Ask if

[[FTEd = 1 (yes)]]

OR

[AnyEd = 1 (yes)]]

AND

Respondent's age >=16

AND

EdHr = amount > 0

? Educational Establishment

↔ **AdEduc**

What type of school or college do you attend?

1. **Non-advance further education/6th form/tertiary/further education college**
2. **Any PRIVATE school**
3. **University or any other higher education**
4. **Other (describe in a note)**

Ask if AnyEd = 1 (yes)

---

? Educational Maintenance Allowance

↔ **EMA**

Do you receive an Educational Maintenance Allowance (EMA) as part of the Government scheme?

1. **Yes**
2. **No**

Ask if respondent is aged 16-20

And AnyEd = 1 (yes)

There are many different components to EMA, including travel bursaries or provision of a bus pass rather than receipt of money etc.

---

## ? EMA Amount

↔ **EMAamt**

**How much did you receive last time?**

*Ask if respondent is aged 16-20*

*And AnyEd = 1 (yes)*

*And EMA = 1 (yes)*

26. Six months/26 weeks
52. One year/12 months/52 weeks
90. Less than one week
95. One off/lump sum
97. None of these (EXPLAIN IN A NOTE)

*Ask if respondent is aged 16-20*

*And AnyEd = 1 (yes)*

*And EMA = 1 (yes)*

*And EMAAmt = amount > 0.00*

/ Question Information for EMA Amount Period

There are 2 types of EMA payments: Weekly Payments and Bonuses at the end of a term or when the learning agreement has been achieved. Sometimes the weekly payments are not necessarily paid every week, especially at the beginning of the term. These may experience delays and the young person would not necessarily know how many weeks a payment may cover. In cases such as this record the amount and open a note giving as much information as possible.

## Education, Awards and Loans

Bonuses are more difficult to collect information about as evaluation suggests some young people do not know they are receiving them and/or what the amount is. You should therefore not include Bonuses at the questions EMA Amount and EMAMount Period, but enter D/K and leave a note.

Respondents in Further, Higher and private education are then asked some questions about income from scholarships, bursaries, loans and parental contributions. The grant questions for dependant children will be asked of their parents.

In England and Wales, students may receive a scholarship, bursary or grant. The Higher Education Grant (similar to the old maintenance grant) was introduced in September 2004 to provide financial support of up to £1000 to university students with a household income of less than £21,186 per year. There are also access funds available to students in England and Wales.

In Scotland support is primarily through loans but means tested grants are available. These may cover Scots studying in England and Wales who receive these grants.

In both cases, help with fees is provided, although this needs to be excluded from the 'income from grants' recorded in the FRS.

If a private company provides a scholarship, bursary, grant or similar award this SHOULD be included.

### ? Adult Learning Grant

➔ **ALG**

#### **Do you receive an Adult Learning Grant?**

- 1. Yes**
- 2. No**

*Ask if AnyEd = 1 (yes) and respondent's age > 18*

! Hard check

EMA and Adult Learning Grant cannot be received together. Please establish which of these the respondent receives.

Adult Learning Grant applies only to those studying in England.

### Adult Learning Grant

Respondents are eligible for an ALG if they are adults taking a full-time course (including BTECs, NVQs, GCSEs and A-levels). It is worth up to £30 per week during term time. This is a means tested grant.

---

### ? Amount of Adult Learning Grant

↔ **ALGamt**

**How much did you receive last time?**

*Ask if AnyEd = 1 (yes) and respondent's age > 18  
And ALG = 1 (yes)*

☞ Soft check

Are you sure? Adult Learning Grant is usually not more than £30 per week. Please check and amend or, if correct, suppress check and make a note.

## ? Grant Annual Amount

→ **GrtAmt**

**What is the current annual value of the award, excluding fees?**

**RECORD AMOUNT AS 0 IF TUITION FEES ONLY**

Ask if AnyEd = 1 (yes)

And AdEduc = 1 (non-advanced further education/6<sup>th</sup> form/tertiary/further education college), 2 (any Private school), 3 (university or any other higher education)

And Grant = 1 (yes)

And GrtSce = 1 (State)

/ Question Information for Grant Annual Amount and Grant Annual Value

At the questions Grant Annual Amount and Grant Annual Value, exclude any parental contribution towards making up the grant to the full amount set. This is collected separately at Parental Contribution and Parental Contribution Amount if the student is 25 years of age or younger and in higher education.

1. State awards will exclude fees, these are paid direct to the educational establishment by the state. Awards from overseas governments or private sources in the UK or overseas will include fees.

2. Private awards include grants from employers, and also HM Forces and the nationalised industries (when they are employers).

3. Exam fees should be accepted at the relevant question.
4. Accept awards for items such as books, stationery, clothing, (excl. clothing vouchers) travelling expenses, instruments and maintenance of relatives.
5. Anyone receiving full-time education but engaged in a vacation job at the time of interview should be shown as receiving full-time education at Full-Time Education or Any Education.
6. Assisted Places Scheme: only count money actually received directly. Exclude money paid straight to the school, meaning the fees are reduced.

☞ Soft Check

There is a soft check if a respondent is receiving a state award of £8,000 or more, although some grants can go beyond this figure.

Warning. The answer is much higher than the figures normally given at this question.

Please check that your figure is correct. If so, suppress warning and continue.

*And Grant = 1 (yes)*

*And GrtNum = 1 (one), 2 (two), 3 (three or more)*

☞ Soft check

The course is longer than 4 years; please check if this correct.

The questions are repeated if anyone else is receiving an award.

Students aged 25 or less and in higher education are asked some questions about contributions made by their parents to their maintenance. This includes living costs such as food and housing, but excludes tuition fees.

---

## ? Parental Contribution

↔ **Parental**

**Have you received any contribution from your parents in the last 12 months?**

1. **Yes**
2. **No**

## ? Receive Student Loan

↔ TopUpL

For your course, are you eligible to receive a Student Loan?

1. Yes
2. No

Ask if

[[AnyEd = 1 (yes)

And AdEduc = 3 (university or any other higher education)]]

OR

[FTEd = 1 (yes)

And TypeEd = 9 (university, polytechnic, any other higher education)]]

Students may take out a student loan from the Student Loans Company in Glasgow, or some private financial institutions. They are repaid once the borrower starts earning over a certain amount, and have their interest rates kept in line with the RPI which means that in real terms students pay back no more than they borrow.

## ? Year Total for Student Loan

➔ **TUBorr**

How much altogether will you borrow during this academic year, that is the year beginning in September 200[n] and ending in Summer 200[n]?

1. These loans are additional to the student grants, which have been frozen, and will be repayable over ten years. Loans are offered by The Student Loans Company in Glasgow, and some private financial institutions.
2. The 'academic' year starts in September and ends in May-June of the following year. During the summer break, the question is text filled to refer to the forthcoming academic year.
3. It is unlikely that any person under 16 will receive a top-up loan.

*Ask if AnyEd = 1 (yes)*

*And AdEduc = 3 (university or any other higher education)*

*And TopUpL = 1 (yes)*

☞ Soft Check

You have entered that the person is borrowing more than £4,930 per year (the current maximum) through a top-up loan. Please check your answer.

? Working

→ Working

**Did you do any paid work in the 7 days ending Sunday the [date/month], either as an employee or as self-employed? Were you working last week?**

**(DO NOT include ODD JOBS, BABYSITTING or MAIL ORDER AGENTS as 'paid work'). (IF BUSINESS START-UP, CODE AS WORKING).**

1. Yes
2. No

*Asked of all adults*

/ Question Information for Working

You should take the respondent's definition of whether they are in paid work or not, but it must be paid work.

On the FRS do NOT count mail order agents or baby sitters as having been in paid work, and exclude odd jobs - all these are dealt with later. Do however count childminders.

'Paid work' at this question means any work for pay or profit done in the reference week. It is to be included, however little time is spent on it, so long as it is paid and regular. For example, it includes Saturday jobs and casual work.

If the respondent does not receive monetary payment for the work they undertake, then they are not in paid work. This includes cases such as au pairs who do not receive monetary payment but instead receive free board and lodging in exchange for their services. Other cases include Roman Catholic priests who are not paid for their work, but receive a stipend to cover their living expenses.

Self-employed people are considered to be working if they work in their own business, professional practice, or farm for the purpose of earning a profit even if the enterprise is failing to make a profit or is just being set up. Respondents on a Business Start-up Scheme should always be coded as working.

Training for nurses is now carried out under the Project 2000 scheme and as such, nurses on this scheme should be classed as students, like any student nurses you may encounter with more traditional arrangements.

Someone who regards themselves as retired, but sits as a director on board meetings (however few) and is paid for this work, should be classified as in paid work. We do NOT expect interviewers to probe routinely for this.

## Employment Status

Include people on the Employment option of the New Deal for 18-24 year olds as having done paid work. Do not treat any of the other New Deal options as being in paid work.

If the respondent did work in the last 7 days, but earlier was coded 2 at How Long unable to Work, the following check is triggered.

### ☞ Soft check

Are you sure they did paid work last week? Earlier they said they have been unable to work for 28 weeks or more. Please clarify and change one of the answers.

## ? Working Away

### ☞ **JobAway**

**Even though you were not doing paid work, did you have a job or business that you were away from, in the 7 days ending Sunday the (date/month)?**

**DO NOT COUNT Mail Order Agents OR Babysitters AS PAID WORK, BUT DO COUNT Childminders.**

1. **Yes**
2. **No**
3. **SPONTANEOUS MENTION: Waiting to take up a new job/business already obtained**
4. **SPONTANEOUS MENTION: Retired from Paid Employment – only use if clear that respondent has no wish to be in paid work**

*Ask if Working = 2 (no)*

*And NewDType = 1 (the gateway), 3 (full time education or training (including adult learning option))]*

*OR*

*[Train = 10 (none of these)]]*

### ☞ Soft Check

If JobAway = 4

Can I just check, are you looking for work, waiting for a job you have already obtained, or would you like any form of paid employment?

If yes please recode JobAway as 2, if NO suppress.

The word 'like' means here actively wanting and seeking employment.

? Number of Jobs

And NewDType = 1 (the gateway), 3 (full time education or training (including adult learning option))

OR

[Train = 10 (none of these)]]

AND

JobAway = 1 (yes)

1. One job only

A respondent should be coded as having one job only if he/she:

- does the same type of work for more than one employer e.g. domestic duties, gardening, teaching.
- has two jobs but is paid one salary only for both jobs.
- is changing jobs or is going to change jobs, so that not more than one job is held concurrently.

2. More than one job

-If a respondent has more than one job it is the status of the main job which should be entered at Employment Status. The respondent should decide which is their main job. If they are unable to do so, choose that which was for the largest number of hours.

-If a respondent has arrangements to work with two (or more) different employers concurrently doing different work (even if one relates to casual work), he or she should be coded as having more than one job.

### / Question Information for Employment Status

An employee is someone who, at the time of interview, has an arrangement with an employer (another person or an organisation) to work for the latter for a wage or salary. This does not include informants who are on an employer's books but who have not yet started work.

Employees who are temporarily away from work due to short-term illness or accident, holidays, strike, being temporarily laid off or short time working should be coded as employees, as long as they have a job to return to with the same employer. If they are about to start a new job, code 3 at JobAway.

If someone is on the books of their husband's/wife's firm for tax purposes, they should be coded as an employee, regardless of how many hours they work.

#### Directors:

A director of a limited company is always counted as an employee, i.e. as an employee of his or her own company.

Employees are *not* asked whether they are a director of a limited company, in the job description section, whereas the self-employed are asked. See the instructions at Dirctr for an explanation, and the definition of self-employment below.

## Employment Status

### Sandwich Student:

If a sandwich student has an arrangement to work for an employer, and is attending college or university at the time of interview, he or she should be coded as an employee.

### Casual or Seasonal Workers:

These should be coded as employees if, at the time of interview, they are actually working for an employer. If they are not working at present code them as not working.

### Intermittent Work:

People with a regular but intermittent arrangement to work for the same employer (such as many school kitchen staff) should be coded as employees, even during the periods when they are not working.

### Resident employees:

e.g., domestics, who are members of the household, should be treated as working in the same way as any other employee.

### Clergy:

Church of England and non-conformist ministers should be treated as employees. Jehovah's Witnesses are treated as self-employed.

### Occupational therapy:

Informants who attend a therapy centre etc for physically or mentally handicapped should not be coded as employees. They should be coded as not having paid work and then refer to Reason Not Wanting Work.

### Employment outside the United Kingdom:

Where the informant is employed abroad, be sure to record the currency they were paid in. If this is not £ sterling enter details in the note-pad.

### 2: Self employed:

The term self-employed covers people who are responsible in their work only to themselves and who do not receive a wage or salary from an employer. Tax is not normally deducted at source but paid direct to Inland Revenue by them ('Schedule D' status). Hence directors and managers are employees of their companies. The self-employed pay Class 2 (regular) and Class 4 (% of profit over a certain level) National Insurance contributions.

Self-employment can be for any number of hours, e.g. as little as one hour a week, provided that the job is regular.

In addition to persons such as sole or part owners of a business, the following are considered to be self-employed: doctors in private practice, farmers, landlords who manage their own property, and people with recurring freelance jobs such as musicians or journalists.

## Employment Status

Building and other construction workers who are sub-contracting under the CIS5 or CIS6 system (may be known as 'on the lump' or 'on the cards') should be treated as self-employed. These workers are usually paid a wage by the contractor and have the standard rate of income tax deducted from that wage. They are however responsible for their own payment of regular (Class 2) National Insurance contributions.

Informants on any Business Start-up schemes must be coded as self-employed, all the relevant self-employed questions should be asked and the allowance received regarded as profit.

Mail Order agents and baby sitters should not be treated as self-employed. Instead, their income is picked up separately later in the questionnaire. Childminders are treated as self-employed and there are specific questions concerning their income.

/ Question Information for Government Training

Work based learning for young people/Youth Training (YT):

This can be delivered in a wide variety of ways. It focuses on unemployed 16 and 17 year olds and (generally) provides a two year integrated programme of training, education, and work experience. All those on YT now have the opportunity to gain a recognised National Vocational Qualification, or credit towards one.

Work based learning for adults (WBLA) / Training for Work (TfW):

This is open to those aged 18 to 59. The allowance is £10 a week more than Contribution-based Jobseeker's Allowance.

It is designed to meet people's needs either by offering an individually tailored package or practical and directed training to help them acquire the skills and experience needed to compete for jobs. Each trainee should have a training plan which was agreed at the start of his/her training and each should receive a training allowance on top of their weekly benefit.

In many parts of England and Wales the responsibility for planning and delivering Employment Training and Youth Training has been contracted to Local Training and Enterprise Councils (TECs). Two thirds of the board of each TEC are private sector employers. The balance may be leaders from education, trade unions, voluntary organisations and the public sector. In Scotland, training responsibilities are carried out by Local Enterprise Councils (LECs).

Work Trial:

Run by the Employment Service, this is aimed at the long term unemployed. Participants receive up to 15 days work experience with an employer in an existing vacancy and provides them with an opportunity to be recruited permanently. During the Work Trial participants receive the unemployment related benefits to which they are entitled, and appropriate expenses (e.g. travel). The employer is not allowed to top-up this income or make any other payments. There is no obligation on the employer to take on the participant neither after the trial nor on the participant to accept any offer of employment. The income for respondents coded as being on Work Trial will be picked up in terms of the usual state benefit(s) they receive.

If the Work Trial ended during the reference week:

- if the employer took the respondent on as an employee with immediate effect, code Working as 'yes' (and record anticipated pay if necessary)
- if no offer of employment was made, or an offer was refused, or an offer was made and accepted but the employment was to begin after the reference week, code Working as 'no', and code 3 at Government Training.

New Deal 25+/Employment Zones/Project Work:

This programme, for people who have been unemployed for over 18 months, consists of a period of intensive job search help for 13 weeks followed by, for those still unemployed. Those on work experience receive an allowance.

## Employment Status

### Career Development Loans:

These allow adults to pay for vocational education or training. The scheme involves certain banks and the Department for Education and Skills, which pays the interest on the loan during the training time and for up to a month afterwards. The loans amount varies between £300 and £8,000, and can be used towards course fees, books and materials, and living expenses.

### Youth Credits:

Youth Credits are known by different names in different areas. They are given by the young adult to an employer or training provider in exchange for training. Most are plastic cards, but some are like cheque books or vouchers.

### New Deal for Young People (18-24):

For details of this scheme, see the instructions below and at the next question, New Deal Type.

### New Deal for 50+:

The New Deal 50 plus started in April 2000 and whilst is not a separate payment in itself it does qualify for an increased Working Tax Credit

It is open to people who are over 50 years of age who have been receiving either Job Seekers Allowance, Income Support, Incapacity Benefit or Severe Disablement Allowance. The aim is to help people find work, through identifying training opportunities and assistance when applying for work.

### The New Deal for Disabled People:

This was extended nationwide in July 2001. The New Deal is voluntary and is open to people who receive disability or health related benefits but would like to work. The scheme is delivered through a network of Job Brokers who have previously worked with people with health conditions and disabilities.

### New Deal for Young People (18-24):

The New Deal for 18-24 year olds started nationwide in April 1998. It is open to people in that age group who have been receiving Jobseeker's Allowance for 6 months or more. The aim is to help people to find work and improve their prospects of remaining in employment. It is delivered by partnerships between the Employment Service, local authorities, voluntary organisations, Training and Enterprise Councils (TECs) or, in Scotland, Local Enterprise Councils (LECs) and private companies. Young people are required to take part once they receive notification of a place.

The scheme provides a range of help consisting of the initial Gateway, then one of four options, and a follow-through strategy. The different stages or options are treated in different ways on FRS, so the question New Deal Type is asked to those coded 6 at Government Training.

## Employment Status

### / Question Information for New Deal Type

#### Code 1: The Gateway:

This is an initial period of counselling, advice and guidance from the Employment Service, in finding employment and improving basic skills. Participants are still seeking employment outside the New Deal. It may last for up to 4 months, but usually participants will have moved to another option after 1-3 months. Participants do not receive an allowance, so are not asked the next question Programme Allowance Amount, but continue to receive Jobseeker's Allowance. They are routed to the questions about seeking work.

#### Code 2: Employment option:

This option consists of a private sector job with an employer, for up to 26 weeks, and usually becomes possible after 2 months on Gateway, though in a few cases may be sooner. Participants spend the equivalent of a day a week in education or training, either with the employer or elsewhere. Participants are paid a wage by the employer, who receives a subsidy (£60/week if f/t, £40 if p/t for those aged 18-24, and £75/week f/t, £50/week if p/t for those aged 25+, plus £750 towards training for all ages) in return for taking them on. It is hoped that usually the job would be made permanent after the 26 weeks.

People in this option should be treated the same as those working as an employee, and be asked the occupation & industry and pay questions. They will probably have said they did paid work in the reference week at the question Working and therefore not be asked the training scheme question. Just in case someone on this option does come here, however the following soft check is triggered if New Deal Type = 2.

#### Code 3: Full time education or training option:

This option becomes possible after at least 1 month on Gateway. It is mainly for those without an NVQ / SVQ level 2 or equivalent qualification. It consists of full-time study on an approved course designed to lead to a qualification. This option lasts up to 12 months. (Shorter periods may be undertaken before entering another option). The cost of the training is paid direct to the provider of the education/training.

Participants receive an allowance equal to JSA benefit and 'passported benefits'. ('Passported benefits' means retention of 10p of JSA so that if eligible can still receive Housing Benefit, Council Tax Benefit etc). The allowance should be recoded at the next question. Include any discretionary payments for special clothing/equipment or exceptional travel costs.

People on this option are also asked the questions on seeking work. They should not be counted as receiving JSA in the benefits section.

## Employment Status

### Adult Learning Option:

ALO is a pilot (from September 2006 for two academic years) that allows jobless and inactive benefit customers an opportunity to study full time in order to obtain a Level 2 qualification (equivalent to 5 GCSEs at grades A-C). The ALO pilot will run in five Jobcentre Plus districts and their associated Learning and Skills Council (LSC) areas: Central London; Lambeth; Southwark & Wandsworth; Greater Manchester East & West; Gloucestershire, Wiltshire and Swindon, and Birmingham.

### Code 4: Voluntary Sector:

After 3 months on Gateway the participant may start on the Voluntary Sector or Environmental Taskforce options, which last for up to 6 months.

Participation consists of full-time work placement including 1 day or equivalent per week on training. The work placement is intended to equip participants with skills and work habits. The Voluntary Sector option aims to deliver a range of community benefits, such as improved relations or safety.

### Code 5: Environmental task force:

The purpose of the Environmental task force is to contribute to the improvement of the local, regional or global environment.

Participants on both options either receive a wage, paid by the provider of the job, or an allowance paid by the Employment Service. The allowance is equivalent to benefit, plus a grant of £400 divided into weekly/fortnightly payments. Either way, the respondent should be treated as being on a training scheme, not in paid work, and the wage or allowance received entered at Programme Allowance Amount. They should not be in receipt of JSA in the benefits section.

If New Deal Type = 2 the following soft check is triggered.

#### Soft check

The Employment option would normally count as "being in paid work": please return to previous question 'Working' and change answer to 'yes'.

If on any scheme other than Work Trial, or the New Deal Gateway or Employment option, the following question is asked.

/ Question Information for Working Away

The above question is asked in order to deal with any uncertainty that may exist in the minds of people who were away from PAID work during the reference week.

If the respondent has been absent from their job for a long period (e.g.. career break, long term sick etc), only code 'yes' if there is definitely a job for them to return to (e.g. on holiday, sick leave, maternity leave, career break, laid off etc).

In a case where the respondent is unsure whether they actually had a job the following points may be helpful.

1. Employees:

For employees a job exists if there is a definite arrangement between an employer and an employee for work on a regular basis (i.e. every week or every month) whether the work is full time or part time. The number of hours worked each week may vary considerably but as long as some work is done on a regular basis a job can be said to exist.

2. Long term absence from work:

If the total absence from work (from the last day of work to the past week) has exceeded six months, then a person has a job only if full or partial pay has been received by the worker during the absence, and they expect to return to work for the same employer (i.e. a job is available for them).

3. Career Break:

In some organisations employees are able to take a career break for a specified period (which may be a number of years) and are guaranteed employment at the end of that period. If a respondent is currently on a career break they should be coded 1 here, only if there is an arrangement between the employer and employee that there will be employment for them at the end of the break. This is not dependent upon them receiving payment from their employer during this time. The respondent's opinion of whether they have a job to go back to should be taken.

4. Seasonal Workers:

In some industries (e.g. agriculture, forestry, fishing, types of construction etc) there is a substantial difference in the level of employment from one season to the next. Between seasons respondents in such industries should be coded 'no' at this question. (However note that the odd week of sick leave during the working season would be treated like any other worker's occasional absence and code 'yes' here).

5. Casual workers:

If a respondent works casually for an employer but has not worked for them during the reference week, they should be coded 'no' at Working Away, even if they expect to do further work for the employer in the future.

? Unpaid Work (1)

↔ UnPaid1

**Did you do any unpaid work in that week for any business that you own?**

1. Yes
2. No

*Ask if JobAway = 2 (no), 4 (retired from paid employment)*

The people we expect to answer 'yes' here are those whose work contributes directly to a business, farm, or professional practice that they own, but who receive no pay or profits.

Unpaid voluntary work done for charity, etc should not be included.

---

? Unpaid Work (2)

↔ UnPaid2

**... or that a relative owns?**

1. Yes
2. No

*Ask if JobAway = 2 (no), 4 (retired from paid employment)  
And Unpaid1 = 2 (no)*

These are people whose work contributes directly to a business, farm, or professional practice owned by a relative but who receive no pay or profits (e.g. a wife doing her husband's accounts or helping with the family farm or business).

Unpaid voluntary work done for charity, etc. should not be included.

---

? Looking for Paid Work/Government Training

↔ Look

**Thinking of the 4 weeks ending Sunday the (date/month), were you looking for any kind of paid work or government training scheme at any time in those 4 weeks?**

1. Yes
2. No

*Ask if JobAway = 2 (no)  
And respondent < 70 years old  
And Unpaid1 = 2 (no), d/k or refusal  
And Unpaid2 = 2 (no), d/k or refusal*

"Looking for paid work" may cover a wide range of activities and you should try not to

interpret the phrase for the respondent.

In the case of those “looking for” a place on a government scheme the search should be active rather than passive. In other words, a respondent who has not approached an agency but who would consider a place if an agency approached him or her should be coded ‘no’. Looking in the papers for vacancies is an active form of search.

## ? Length of Time Looking for Work/Training

↔ **LKTime**

**How long have you been looking for paid work or a place on a government scheme?**

1. **Not yet started**
2. **Less than 1 month**
3. **1 month but less than 3 months**
4. **3 months but less than 6 months**
5. **6 months but less than 12 months**
6. **12 months or more**

*Ask if*

*[[Look = 2 (no)*

*And Wait = 1 (yes)]*

*OR*

*[Look = 1 (yes)]*

*OR*

*[JobAway = 3 (Waiting to take up a new job/business already obtained)]]*

---

## ? Waiting for Work

↔ **Wait**

**Were you waiting to take up a job that you had already obtained?**

1. **Yes**
2. **No**

*Ask if JobAway = 2 (no)*

*And Unpaid1 = 2 (no)*

*And Unpaid 2 = 2 (no)*

*And Look = 2 (no)*

? Like to Work

↔ LikeWk

Even though you were not looking for work in the 4 weeks ending Sunday the (date/month), would you like to have a regular paid job at the moment, either full- or part-time job?

1. Yes
2. No

*Ask if Wait = 2 (no)*

---

? Reason Not Looking for Work (1)

↔ NoLk

Are you prevented from seeking work by any of the following...

1. Disability or illness?
2. Caring for a disabled or elderly person?
3. Having to look after child(ren)?
4. (None of these)

*Ask if Wait = 2 (no)*

---

? Person Caring for

↔ NIper

You said you were caring for a disabled/elderly person, who is that?

1 to 14 [names of household members]

97. Not a household member

*Ask if Wait = 2 (no)*

*And NoLk = 2 (Caring for disabled or elderly person)*

? Reason Not Looking for Work (2)

↔ NoLook

May I just check, what was the main reason you did not look for work (in the last 4 weeks)?

1. Waiting for the results of an application for a job
2. Student
3. Looking after the family/home
4. Caring for a disabled/elderly person
5. Temporarily sick or injured
6. Long-term sick or disabled
7. Believes no jobs available
8. Not yet started looking
9. Any other reason

Ask if Wait = 2 (no)  
And LikeWk = 1 (yes)

---

? Reason Not Wanting Work

↔ NoWant

May I just check, what was the main reason that you did not want work (in the last 4 weeks)?

1. Waiting for the results of an application for a job
2. Student
3. Looking after the family/home
4. Caring for a disabled/elderly person
5. Temporarily sick or injured
6. Long-term sick or disabled
7. Doesn't need employment
8. Retired from paid work
9. Any other reason

Ask if Wait = 2 (no)  
And LikeWk = 2 (no), d/k or refusal

An informant who left work early on a Government Job Release scheme should be treated as retired.

Occupational Therapy:

Informants who attend a therapy centre etc should be coded as 5 or 6 depending on degree of sickness, etc.

The benefit from the centre should be entered as code 2 at the question Regular Allowances in Maintenance, Allowances and other Source's Income block and treated as a regular allowance from an organisation.

? Able to Start Work

↪ **Start**

**If a job or a place on a government scheme had been available in the week ending Sunday the (date/month), would you have been able to start within 2 weeks?**

1. **Yes**
2. **No**

*Ask if*

*[[Look = 2 (no)*

*And Wait = 1 (yes)]*

*OR*

*[Look = 1 (yes)]*

*OR*

1. **Student**
2. **Looking after family/home**
3. **Temporarily sick or injured**
4. **Long-term sick or disabled**
5. **Retired from paid work**
6. **Other reasons**

*Ask if JobAway = 3 (Waiting to take up a new job/business already obtained)*

*And Start = 2 (no)*

---

? Type of Work Looking For

↪ **LookWk**

**Were you looking for...**

1. **Full-time**
2. **Part-time work/training**
3. **or have you no preference?**

**If waiting to take up a job, the above question is 'Will you be working...'**

## Employment Status

? Today Normal Working Day

↔ TDayWk

**Have you been, or will you be going to work today?**

**(IF NO, ASK: Can I just check, is today normally a working day for you?)**

1. **Yes**
2. **No - although this is a normal working day**
3. **No - because NOT a normal working day**

Ask if EmpStat = 1 (employee)

If absent from work on what, for the informant, is a normal working day Code 2: 'No'.

---

? Absent from Work

↔ AbsWk

**Have you been away from work for more than the last 3 WORKING days?**

Ask if EmpStat = 1 (employee)

And TDayWrk = 2 (No – although this is not a normal working day) or 3 (No – because not a normal working day)

? Reason for Absence

↔ AbsWhy

What is the reason for your absence?

1. Pattern of shifts
2. Illness/Accident
3. Holiday
4. Strike
5. Laid Off
6. Maternity leave
7. Paternity leave
8. Compassionate leave
9. Parental leave
10. Other – Code and explain

Ask if EmpStat = 1 (employee)

And TDayWrk = 2 (No – although this is not a normal working day) or 3 (No – because not a normal working day)

And AbsWk = 1 (yes)

Parental leave is unpaid leave up to 13 weeks during the child's first 5 years.

---

? Absent with Pay

↔ AbsPay

Are you receiving ...

1. full pay from your employer
2. part pay or made-up pay
3. or no pay

If the informant is receiving statutory sick pay only, then enter code 3: 'No pay' from the employer. If the informant is receiving statutory sick pay and pay from the employer then code 2: as 'part pay' or 'made up pay'.

Ask if EmpStat = 1 (employee)

And TDayWrk = 2 (No – although this is not a normal working day) or 3 (No – because not a normal working day)

And AbsWk = 1 (yes)

And AbsWhy = 2 (Illness/accident), 3 (Holiday), 4 (Strike), 5 (Laid off), 6 (Maternity leave), 7 (Paternity leave), 8 (Compassionate leave), 9 (Parental leave), 10 (Other)

? Number of Weeks Absent

➔ **Abs1No**

**How many weeks in all have you been away during this spell of absence?**

**(IF LESS THAN ONE WEEK CODE 0)**

*Ask if EmpStat = 1 (employee)*

*And TDayWrk = 2 (No – although this is not a normal working day) or 3 (No – because not a normal working day)*

*And AbsWk = 1 (yes)*

*And AbsWhy = 2 (Illness/accident), 3 (Holiday), 4 (Strike), 5 (Laid off), 6 (Maternity leave), 7 (Paternity leave), 8 (Compassionate leave), 9 (Parental leave), 10 (Other)*

☞ Soft check

If Abs1No is more than one week and they said they did paid work in the previous week at Working:

Respondent said earlier that they worked in the last week ... but have just said they have been off work for two weeks or more. If they have been off work, change 'Working' to 'No'.

Then you will need to code '7' at Train and 'Yes' at JobAway.

If less than 1 week, code 0. You will then need to code the number of days sick at the next question AbsNo2

---

? Number of Days Absent

➔ **Abs2No**

**How many days in all have you been away during this spell of absence?**

*Ask if EmpStat = 1 (employee)*

*And TDayWrk = 2 (No – although this is not a normal working day) or 3 (No – because not a normal working day)*

*And AbsWk = 1 (yes)*

*And AbsWhy = 2 (Illness/accident), 3 (Holiday), 4 (Strike), 5 (Laid off), 6 (Maternity leave), 7 (Paternity leave), 8 (Compassionate leave), 9 (Parental leave), 10 (Other)*

*And Abs1No = 0 (under a week)*

! Hard check

If answer is between 1 and 3:

If respondent has been absent for 3 days or less, then answer to question AbsWk should have been 'No'.

? Retirement

➔ Retire

**Did you retire within the last 12 months?**

1. Yes
2. No

*Ask if*

*NoWant = 8 (retired from paid employment)*

*OR*

*[Working = 2 (no)*

*And JobAway = 4 (retired from paid employment)]*

? Reason for Retirement

➔ RetReas

**SHOWCARD F5**

**Looking at this card, what was your main reason for retiring below the State Pension Age (currently 60 for women and 65 for men)?**

1. Because of ill-health
2. Ill-health of a family member, other relative or friend
3. Compulsory redundancy/dismissed
4. I had reached my employer's fixed retirement age
5. I was offered reasonable financial terms to retire early or take voluntary redundancy
6. To spend more time with my family
7. I wanted to give up work/wanted a change
8. Other reason – involving own choice
9. Other reason (none of the above)

## Employment Status

Ask if

*[[NoWant = 8 (retired from paid employment)]*

OR

*[Working = 2 (no)*

*And JobAway = 4 (retired from paid employment)]]*

AND

*Retire = 1 (yes)*

There is policy interest in early retirement, in particular in the reasons why people retire early. Early retirement is defined as retirement below the State Pension Age (currently 65 for men and 60 for women). This question aims to obtain a breakdown between early retirements on grounds of ill health, early retirement at the instigation of employers and voluntary early retirement where employees choose to retire for family or other reasons.

*And JobAway = 2 (no) or 3 (waiting to take up new job/business already obtained).*

---

### ? Year Left Employment

↔ **LstWrk2**

**Which year did you leave or retire from your last PAID job, either as an employee or self-employed?**

*Ask if Working = 2 (no)*

*And Retire = 2 (no)*

*And JobAway = 2 (no) or 3 (waiting to take up new job/business already obtained).*

*And EverWrk = 1 (yes)*

---

### ? Month Left Employment

*Ask if Working = 2 (no)*

*And Retire = 2 (no)*

*And JobAway = 2 (no) or 3 (waiting to take up new job/business already obtained).*

*And EverWrk = 1 (yes)*

*And Date at LstWrk2 has to be less than 12 months prior to interview date*

---

? Years in Full-Time Work

↔ FtWk

**Looking back to the time when you finished continuous full-time education how many years since then have you spent in paid FULL-TIME work?**

**Enter to the nearest whole year. [NAME] finished full-time education at age [XX]. It has been around [XX] years since [NAME] left full-time education.**

*Ask if EverWrk = 1 (yes)*

*And TEA <> 96, 97*

☞ Soft Check

Warning: The answer is much higher than the figures usually given at this question. Please check that your figure is correct and not the respondents retirement age. If correct, suppress warning and continue.

---

? Years in Part-Time Work

↔ PtWk

**Looking back to the time when you finished continuous full-time education how many years since then have you spent in paid PART-TIME work?**

**Enter to nearest whole year. These years may overlap with full-time work, if kinds of job were held concurrently. [NAME] finished full-time education at age [XX]. It has been around [XX] YEARS since [NAME] left full-time education.**

*Ask if EverWrk = 1 (yes)*

*And TEA <> 96, 97*

Holding two part-time jobs at once still counts as being in part-time work.

Jobs held before completing full-time education, such as student vacation jobs should not be counted for either of these questions.

## Employment Status

Include time spent working abroad at both of these questions.

Years spent in National Service count as full-time work.

If a respondent has held full and part-time jobs concurrently enter the total number of years in that job for each question, even if this does appear to be double counting the time.

### Soft Check

There is a check between the ages of the respondent, the age at which they completed full time education and the number of year that they reply that they have spent in full time work. If the figure seems too high:

That seems rather high considering that the respondent is [x] years old, and left full-time education at the age of [x].

Please check your entry.

### ? Signed on at Employment Service/Jobcentre

#### **Claimant**

**(Some people who have jobs are also entitled to claim Jobseeker's Allowance or National Insurance Credits.) May I just check, were you signed on at an Employment Service local office or Jobcentre in the 7 days ending Sunday the (date/month) ...**

1. **to claim Jobseeker's Allowance (formerly Unemployment Benefit)?**
2. **(THIS CODE NOT USED)**
3. **to get credits for National Insurance contributions?**
4. **no, not signed on at Employment Service local office or Jobcentre.**

#### *Asked of all adults*

The above question is asked of all respondents of working age. If they are currently in work, the special preamble is included, "Some people who have jobs are also entitled to claim Jobseeker's Allowance or National Insurance credits..." The purpose of this is to make it clear that it may be quite possible, and normal, for someone to be working and 'signing on' at the same time. Note that the question is priority-coded (first to apply).

NI credits may be available for each week of incapacity for work, unemployment, attendance on approved training courses or entitlement to Maternity Allowance. Some people working less than 16 hours a week and receiving JSA may get them.

*Ask if*

*Working = 1 (yes)*

OR

*[Working = 2 (no)*

*And JobAway = 1 (yes)]*

### / Question Information for Organisation Work For

The answer that you need to record should be an activity, not a title, name or a vague heading (e.g. leisure industry, health care, motor trade).

Ask yourself during the interview: "Has the respondent answered the question clearly, fully and unambiguously?" If not, use a non-biasing probe to extract more detail about the activity of the firm/organisation.

Check 'mainly' where appropriate.

If the respondent works in manufacturing probe for the main product made and main raw material used. For processing probe for the main end product. For distribution the main product that is distributed and whether it is wholesale or retail. If the respondent works in an office, what activity is the office responsible for (even if that activity is not actually done at the office).

## Details of employment

If a respondent is a teacher, but has another job during the school holidays, teaching should still be coded as the main job.

Self-employment status determines the respondent's industry according to their own type of work. Employees of specialist service/contract firms are also coded according to their own industry type. For example:

- a cleaner employed by a cleaning contractor should be coded to the cleaning industry and not to the industry which is doing the contracting;
- a self-employed plumber working on a building site where the main contractor is a big building firm should be coded to plumbing, not building;
- a typist working in an office on a building site and employed by an employment agency should be coded to the industry for building;
- a self-employed typist working in an office on a building site should be coded to the industry for typing service, not building;
- a typist working in an office on a building site and employed by the building firm should be coded to the industry for building, not typing service.

If there is no depot but there is a contract (including an informal agreement) to supply a particular service, the agency or its employees should be coded to the industry of that service.

Respondents with more than one job in the reference week should decide themselves which is their main job. If they are unable to do so the job which occupied the largest number of hours should be considered their main job.

Where someone has arrangements to work with two different employers (even if one relates to casual work), enter details of the main job as defined above here and then the subsidiary job at questions when repeated for the subsidiary job.

/ Question Instructions for Employment Situation

This gives respondents a wide range of employment situations from which to choose rather than simply 'employee' and 'self-employed', particularly those we define as self-employed but who might not themselves.

## Details of employment

Some respondents might say that two or more codes apply but this question should be single coded to the description which the informant thinks best fits the situation. The crucial distinction to be made is between Code 1, which is for employees, and Codes 2-7, which cover various self-employed situations. It does not matter which of the self-employed codes is used - there is no routing dependent on this.

Managers who are employees but, for example, run a branch of a shop should be coded as 'employees' not as working for themselves. If an error is made here, it will become apparent when pay details are asked, and you may need to come back to Employment Situation to recode.

### ☞ Soft Check

If Employment Situation and the earlier question Employment Status are answered differently, that is if Employment Status = 'employee' and Employment Situation = any of 2-7, or if Employment Status = 'self employed' and Employment Situation = 1.

These two questions are now in conflict. Select the one you wish to change, or suppress this warning.

## ? Director of Company

### ↔ Dirctr

**In this job/business are/were you the director of a limited company?**

1. Yes
2. No

*Ask if Etype = 2 (running a business or a professional practice, 3 (partner in a business or a professional practice), 4 (working for myself), 5 (a sub-contractor), 6 (doing freelance work), 7 (self-employed in some other way)*

Directors of limited companies are normally treated as employees because they are legally employees of their company no matter how small it is. Therefore if the respondent has said they are an employee at Employment Situation there is no need to ask whether they are a director, because they will be on the correct route.

Some directors of limited companies, although legally employees, may manage their affairs as if self-employed. For example, they may not pay themselves a salary but may operate in terms of profit/loss/drawings from the business, or they may act as a consultant to their own limited company, and will be responsible for paying their own income tax and National insurance contributions.

### ☞ Soft Check

If you have coded someone as the director of a limited company, and coded them as self employed at Employment Situation, the following soft check is sprung:-

## Details of employment

Directors are usually EMPLOYEES. Please check: Are they on PAYE? Do they/would they get a PAYS LIP? If yes to either, return to previous question Etype and code as 1, 'employee'. (If NO, suppress warning and continue).

If this check is suppressed, the questions for the self-employed will be asked. However, the person will be regarded as an employee for the purposes of SOC coding.

---

### ? National Insurance Contributions

➔ DirNI

**In this job/business, are your National Insurance contributions deducted at source?**

1. Yes
2. No

*Ask if Dirctr = 1 (yes)*

☞ Soft Check

A company director with NI deducted at source is legally an EMPLOYEE. Important: please return to previous question EType and code as 1, 'employee'. (If you suppress this check, you must explain special circumstances in a Note).

---

### ? Other Responsibilities

➔ RspOth

**In your job do you have formal responsibility for supervising the work of other employees?**

**DO NOT INCLUDE PEOPLE WHO ONLY SUPERVISE:**

- children, e.g. teachers, nannies, childminders
- animals
- security or buildings, e.g. caretakers, security guards

*Ask if EType = 1 (employee)*

For the purpose of identifying those respondents with responsibility for supervising the work of others, children, animals and security of buildings are not deemed to be 'other employees'.

Sometimes job titles can be misleading. For example, a 'playground supervisor' supervises children not employees and so should be coded 2. Similarly, a 'store manager' may be a store-keeper and not a manager or supervisor of employees.

---

## ? Supervising Description

↔ SVDesc

**Please describe the type of responsibility you have/had for supervising the work of other employees.**

*Ask if RspOth = 1 (yes)*

---

## ? Number of Employed

↔ NumEmp

**How many people work (worked) for your employer at the place where you work (worked)?**

**Are/Were there...**

1. 1 – 24
2. 25 –499
3. 500 or more

*Ask if EType = 1 (employee)*

### / Question Information for Number of Employees

We are interested in the size of the 'local unit of the establishment' at which the respondent works in terms of the total number of employees. The 'local unit' is considered to be the geographical location where their job is mainly carried out. Normally this will consist of a single building, part of a building, or at the largest, and a self-contained group of buildings.

We are only interested in people working for their employer at the place where they work. It is the total number of employees at the respondent's workplace that we are interested in, not just the number employed within the particular section or department in which he/she works.

If a respondent works from a central depot or office (e.g. a service engineer) base, the answer is the number of people who work at or from the central location. Note that many people who 'work from home' have a base office or depot that they communicate with. It may even be true of some people who work 'at home' (e.g. telecommuter who retains a desk or some minimal presence in an office). If in doubt, accept the respondent's view of whether or not there is a wider establishment outside the home that they belong to for work purposes.

For the self-employed we wish to know how many employees they have. This is so that we can code socio-economic groupings to make the FRS compatible with other surveys.

## ? Working With Others

↔ **EmpOwn**

**Are you working on your own or do you have employees?**

1. **on own/with partner(s), but no employees**
2. **with employees**

*Ask if Etype = 2 (running a business or a professional practice, 3 (partner in a business or a professional practice), 4 (working for myself), 5 (a sub-contractor), 6 (doing freelance work), 7 (self-employed in some other way)*

---

## ? Number of Employees

↔ **EmpAny**

**How many people do you employ at the place where you work?**

**Are there...**

1. **1-24**
2. **25-499**
3. **or 500 or more**

*Ask if EmpOwn = 2 (with employees)*

For self-employed people who are subcontracted for any significant (respondent's definition) length of time to work in a particular place (e.g. building site), that is their place of work.

---

## ? Year Started Work

↔ **WorkYr**

**In which year did you start working continuously for your current employer/as a self-employed person?**

*Ask of all working adults*

For agency workers please record the year they began continuous work with the agency rather than the year they started with a specific employer.

If a respondent has a contract that is renewed, for example yearly, you should take the respondent's opinion as to how long they have worked continuously for their employer.

For employees we are interested in continuous employment with their current employer. Any previous separate spells of work with their current employer should be ignored.

If the respondent's company or firm changed ownership but his or her conditions of

## Details of employment

employment did not change it should be treated as one continuous period of employment. However if the respondent was made redundant and then re-employed by the new owners, then it would be the date they were re-employed that would be entered.

For the self-employed we are interested in the length of time the respondent has been continuously self-employed even if he or she has been doing different jobs or running different businesses during that time.

---

### ? Month Started Work

↔ **WorkMth**

**And which month was that?**

*Ask if WorkYr = response*

*And WorkYr < 8 years prior to date of interview*

---

### ? Full or Part Time

↔ **FTPT**

**In your job are you working ...**

1. full time
2. or part time?

*Ask of all working adults*

Let the respondent decide whether the job is full-time or part-time.

---

### ? Working Previously

↔ **WrkPrev**

**Were you in paid employment or self-employed immediately before you started this current job?**

**(INCLUDE HOLIDAY FROM PREVIOUS EMPLOYMENT IF LESS THAN 3 MONTHS)**

1. In paid employment
2. Self employed
3. Not in paid employment

*Ask if WorkYr is < 12 months prior to date of interview*

? Previous Job Year

↔ **PrevYr**

**In which year did you start working continuously for your previous employer/as a self-employed person?**

*Ask if WrkPrev = 1 (in paid employment), 2 (self-employed)*

For agency workers please record the year they began continuous work with the agency rather than the year they started with a specific employer.

---

? Previous Job Month

↔ **PrevMth**

**And which month was that?**

*Ask if PrevYr = response*

---

? Reason not in Work

↔ **WatDid**

**SHOW CARD G2**

**What was the main reason why you were not in paid employment at that time?**

**If the respondent is not working because they are doing voluntary work, travelling, having a year out or career break then this should be coded as didn't need employment.**

1. Unemployed/looking for work
2. Student/training
3. Looking after the family home/children
4. Caring for a disabled or elderly person
5. Temporarily sick or injured
6. Long-term sick or disabled
7. Didn't need employment
8. Retired
9. Made redundant

*Ask if WrkPrev = 3 (not in paid employment)*

---

? Check Employment Details

↔ **DispChk**

**EMPLOYMENT STATUS IS/WAS [Full Occupational description]...**

*Ask of all working adults*

## Details of employment

This is derived from the answers at Employment Situation, Director of Company, Other Responsibilities, Supervising Description, (employees) and Working With Others / Number of Employees (for the self-employed). It will be shown with the other job details when SOC coding is done

---

### ? Number of Jobs (2)

↔ **NumJob2**

**When you were last working, how many JOBS did you have for pay or profit?**

*Ask if Working = 2 (no)*

*And NoWant = 8 (retired from paid work)*

*And Retire = 1 (yes)*

If a respondent has (or had) more than one job for pay or profit, details of the subsidiary job(s) will be asked.

---

### ? Other Jobs Description

↔ **JobDisp**

**DESCRIBE THE FOURTH AND HIGHER ORDER JOBS**

*Ask if Working = 2 (no)*

*And NoWant = 8 (retired from paid work)*

*And Retire = 1 (yes)*

*And NumJob2 = 4 (4 or more jobs)*

---

### ? Ever do Overtime

↔ **EverOT**

**Do you ever do any work which you would regard as paid or unpaid overtime?**

*Asked of all working adults*

“Ever” means whatever the respondent takes it to mean. If the respondent is unable to answer, refer to the last 4 weeks (as in the questions below).

The words “... which you would regard...” are an important part of this question as we are specifically interested in whether the respondent considers that they do any overtime, not whether the employer would officially class it as overtime.

Some self-employed respondents may say that non-productive time, e.g. book-keeping, is paid and some may say it is unpaid overtime. You must accept whatever the respondent regards the overtime as.

## ? Total Hours per Week

↔ **Totus1**

**How many hours per week do you usually work in this job/business - please exclude meal breaks?**

**(97 OR MORE = 97)**

*Ask if EverOT = 2 (no)*

Accept the answer given. For example for teachers it may very well exceed a basic 27 to 28 hours.

### / Question Information for Total Hours per Week

For the questions relating to hours of work the hours should be recorded to the nearest 15 minutes, with part hours as decimals e.g. 36 hours 30 minutes would be recorded as 36.5, 40 hours 45 minutes would be recorded as 40.75.

If the work pattern is not based on a week, get an average over the last 4 weeks.

If the respondent has been off sick for a long period, take the usual hours worked before going sick.

If a person has started a new job in the reference week the usual hours should relate to what the person expects them to be in the future.

For apprentices, trainees and other people in vocational training exclude any time spent in school or other special training centres outside their workplace.

For those rare individuals who usually work 97 hours or more per week, code as 97.

#### Respondents working on-call

If someone states at the hours questions that they usually work 24 hours a day because they are 'on-call', the average number of hours actually worked should be probed for. Identify how many hours were actually worked in the last four weeks and average these out to give a weekly total for usual hours. This should include only those hours during which the respondent was actually working. Therefore if, for example, a respondent was on-call all night, but was only called out to work for two hours, the actual working hours for this night would be two hours.

---

## ? Total Hours per Week (2)

↔ **Usuhr**

**Thinking of this job/business, how many hours per week do you usually work - please exclude meal breaks and overtime?**

**For those rare individuals who usually work 97 hours or more per week, code as 97.**

*Ask if EverOT = 1 (yes)*

---

? Hours of Paid Overtime

↔ POtHr

**How many hours PAID overtime do you usually work per week?**

**Include overtime hours only. When an employee works on some kind of flexitime system, paid overtime should be registered only if no compensatory time is taken off. When overtime is taken on a seasonal or irregular basis and the respondent has difficulty in providing a 'usual' figure, take the average over the last four weeks.**

**Include hours worked at home if paid.**

*Ask if EverOT = 1 (yes)*

---

? Hours of Unpaid Overtime

↔ UotHr

**How many hours UNPAID overtime do you usually work per week?**

**Include unpaid hours worked at home (e.g. teachers preparing lessons) as well as unpaid hours worked at the workplace.**

*Ask if EverOT = 1 (yes)*

---

? Agree Usual Hours Total

↔ AgreeHrs

**Your total usual hours come to [n]. Is that about right, or not?**

1. Yes
2. No

*Ask if EverOT = 1 (yes)*

If not right, the total must be agreed with the respondent.

! Hard Check

The total must be agreed with the respondent

If the usual hours worked are less than 30 hours, the following questions are asked. This again is to allow the DWP to gauge the number of people who are prevented from taking full time work as they administer informal care to a disabled or elderly relative, or have to look after young children, and also to measure how disability effects the ability to work.

---

? Happy with Usual Hours

↔ **LikeHr**

**Your usual hours at the moment are [n]. Would you prefer to work more hours, fewer hours, or are you happy with the number of hours you work at the moment?**

1. **More hours**
2. **Happy with hours**
3. **Prefer fewer hours**

*Ask if UsuHr < 30*

---

? Reason Not Working More

↔ **NoMor**

**Are you prevented working more hours by any of the following..**

1. **Disability or illness**
2. **Caring for a disabled or elderly person**
3. **Having to look after children**
4. **(None of these)**

*Ask if LikeHr = 1 (more hours)*

Note that if the respondent is caring for a disabled child code 2 should take priority over code 3.

---

? Name of Person Caring For

↔ **NMPer**

**Who is the person you care for?**

**ENTER PERSON NUMBER (97 IF NOT A HOUSEHOLD MEMBER)**

*Ask if NoMor = 2 (Caring for a disabled or elderly person)*

---

? Need Suitable Childcare

↔ **NMChc**

Details of employment

**If some suitable form of childcare were available, would this enable you to work more hours?**

*Ask if NoMor = 3 (having to look after children)*

## Employee Pay Details

These questions apply to those currently employed. Whenever possible try to get the respondent to refer to a payslip.

---

### ? Pay Date

→ PayDat

**On what date were you last paid a wage or salary?**

*Ask if*

*[[EmpStat = 1 (employee)*

*And EType = 1 (employee)]*

*OR*

*[EmpStat = 2 (self-employed)*

*And Etype = 1 (employee)]]*

If respondents cannot remember the exact day of the month on which they were last paid enter the 15th of the month. If a respondent has recently started a job and not yet been paid enter the date on which they expect to be paid.

If the pay date predates the start date the following check is triggered:

☞ Soft Check

Payslip date is earlier than the date given for starting work with the current employer. Please check and explain in a note if necessary.

A similar soft check will be triggered if the pay date is in the future

---

### ? Pay Amount

→ PayAmt

**What was your last take-home pay, including overtime, bonus, commission, tips or other payments such as tax credits?**

*Ask if*

*[[EmpStat = 1 (employee)*

*And EType = 1 (employee)]*

*OR*

*[EmpStat = 2 (self-employed)*

*And Etype = 1 (employee)]]*

If the respondent is in receipt of tax credits, these should be included in the net pay figures (Pay Amount and Net Amount), but excluded from gross wage calculations (Gross Wage and Gross Amount).

For example, an informant who is weekly paid may have been given advance holiday pay a fortnight before the interview.

#### Anticipated pay

If an informant is currently working but has not yet been paid because he or she has recently started a new job, the pay he or she expects to receive should be entered.

Pensions - Although people in the public sector (e.g. some civil servants, teachers) have a non-contributory pension scheme, some choose to pay contributions to provide an extra pension for their widow or dependants. If so, you should include this as a 'pension contribution'.

Code 1: include (extra) payments for widow(er)s and dependants.

### Soft Check

If amount recorded at ChvAmt is equal to the amount recorded at DedOth or UDEDth  
OR if amount recorded at ChvUAmt is equal to the amount recorded at DedOth or UDEDth.

Amount of childcare voucher is the same as the other deduction from salary/pay. If the other deduction from salary/pay was for childcare vouchers please remove childcare vouchers as an other deduction from salary/pay (at questions OthDed and DedOth or OthDed1 and UDEDth).

/ Question Information for Gross Wage

Evidence has shown that although people on salaries generally know their net monthly pay, they are often only able to give an annual figure for their gross pay.

Should the respondent not have a pay slip to hand, the following question is asked to establish what time period the figure of gross salary covers. It is therefore possible for the respondent to supply a monthly figure for net pay, but an annual figure for gross pay.

? Gross Wage Period

95. One off/lump sum
97. None of these (EXPLAIN IN A NOTE)

*Ask if Payslip = 3 (not consulted), 4 (no payslip provided by employer)*

☞ Soft Check

There is a check that the figure given for gross wage for the last period is the approximate sum of the net pay plus all other component reductions. If not:

Net pay and all deductions add up to [£n] which is not the same as gross pay of [£n]. This can be due to the payment of Tax Credits. Please check your figures and probe if there is a missing amount. If unable to resolve, suppress check and enter details in a note.

/ Question Information for Gross Wage Period

All the relevant pay components are displayed on the one screen so that the details can be probed further.

A range of £5 either way is allowed to cope with any rounding up of pay that might have occurred. If you cannot resolve the discrepancy it is possible to suppress the check and explain why in a note.

If a tax refund was included in the last net pay, the check will work incorrectly (any tax refund amount is not included in the gross pay, but is in the net pay). If this is the reason that the figures don't add up, suppress the check and make a note. See also instructions at the following question Included in Pay.

## Employee Pay Details

“Smart pensions” is the name some are using for a new salary-sacrifice idea, whereby the employee agrees to a cut in their gross pay, offset by switching their contribution to the pension scheme onto their employer. This results in the employer saving on NI contributions and improved savings for the employee. Employee contributions vary but 5% or 6% of pensionable pay are the most frequent rates. Companies that have introduced smart pensions include Tesco, Sainsbury’s and BT.

You may find the terms “reference pay” or “base pay” on the payslip. These refer to the amount of gross pay received before the introduction of smart pensions and are only used by the employer to calculate pensions, overtime etc. This base pay will be higher than the actual gross pay received by the employee.

If you come across such cases, please record the net and gross pay as reported by the respondent. If you cannot reconcile the figures on the payslip (for example where “reference pay” or “base pay” are mentioned), open up a note to give details of any discrepancies in pay so that these can be accounted for when editing the data.

! Hard Check

The respondent is a man and cannot have Statutory Maternity Pay. Please amend your coding.

## Employee Pay Details

### ! Hard Check

Females cannot receive Statutory Paternity Pay. Please check your answers.

### / Question Information for Included in Pay

#### Statutory Sick Pay

Statutory sick pay is received by employees from their employer for the first 28 weeks of sickness in a tax year. After this period, they may receive Incapacity Benefit. The payment is subject to various conditions including length of service.

Note that SSP is only payable from the fourth day of absence from work – do not include any pay that is received from an employer before a respondent is eligible for SSP.

#### Statutory Maternity Pay

Statutory Maternity Pay has a 39 week duration. The first six weeks are paid at 90 per cent of the respondents average weekly earnings (normally based on two months' earnings) with no upper limit. The remaining 33 weeks are paid at £123.06. If 90 per cent of the respondent's earnings is less than £123.06 then they receive £123.06 throughout.

#### Statutory Paternity Pay

Statutory Paternity Pay is available to fathers of children born on or after 6 April 2003 and is paid if gross earnings are £87.00 a week or more. It has a 2 week duration and entitlement cannot be established until the baby has been born. Payment for the 2 weeks will be either be at a rate of £123.06 a week, or 90 per cent of the respondents' average earnings if less than £123.06 (normally based on two months' earnings).

#### Statutory Adoption Pay

Statutory Adoption Pay became available on 6 April 2003 to parents of adopted children. It has a 39 week duration and becomes available once the child is placed for adoption. Payment for the 39 weeks will be either be at a rate of £123.06 a week , or 90 per cent of the respondents' average earnings if smaller (normally based on two months' earnings).

#### Tax refunds

If the amount of a tax refund received is more than the PAYE in that pay period, the amount for PAYE will normally be shown as 0 on the payslip. The remaining amount of the tax refund payment will be shown separately – enter this as the tax refund at Income Tax Amount below and zero at PAYE Amount, and open a note to explain the situation.

If the amount of a tax refund received is less than the PAYE in that pay period, the PAYE will be reduced by the amount of the refund. There may be no other indication that a tax refund was received and the amount of the tax refund may not be shown. If the respondent mentions that a refund was included, but doesn't know how much it was, enter 'dk' as the refund amount at Income Tax Amount (see below), and open a note to explain that the PAYE was reduced for this reason and any other information which can be given. The figure for net pay will include the tax refund, but the figure for gross pay will not include it - it only includes earnings.

#### Mileage allowance

## Employee Pay Details

Mileage allowance is a specified amount paid for each mile the vehicle is used (e.g. 25p per mile). The mileage will vary from week to week.  
Fixed allowance is a specified set amount per week or month etc, paid regardless of the amount the vehicle is used/number of miles travelled.

### Refunds for motoring expenses

Refunds for motoring expenses covers such items as parking fees, repairs etc.

### ☞ Soft Check

#### / Question Information for Usual Pay

Usual Pay is the amount that the respondent usually expects to receive. If the respondent's last pay was the first time that they had received a change in salary, or new payments or deductions began, and the respondent will be receiving this amount from this point on, then the last pay is treated as usual. For example, if the respondent has just received the first month of a new salary then they should say that it is usual even if it is the first time they have received it.

## Employee Pay Details

If the last pay amount contains unusual or one-off payments or deductions then it is not usual. For example, if their last pay included holiday or back pay, an occasional bonus, irregular overtime or tax or business refunds. Also, if the respondent's salary has changed but they have not yet received the new amount then the pay they just received is not usual. At the usual questions they should record the amount they will receive next time.

/ Question Information for Extra Benefits

Code 8 'Workplace nursery'

A workplace nursery should be coded where the employer provides a place in a nursery that they wholly or partially fund and manage e.g. nursery on site

Code 9 'Childcare vouchers/Employer contracted childcare'

Childcare vouchers are for the purpose of paying an approved child carer.

Employer contracted childcare is where the employers contract directly with an approved child carer e.g. provide subsidised places in a nursery/holiday play scheme that is not on site.

Code 11 'Vouchers'

The vouchers category should include: any voucher stamp or similar document or token capable of being exchanged for money, goods or services. This included vouchers for clothing travel, food or meals.

The vouchers category should exclude: childcare vouchers at category 10. Record childcare vouchers at category 9 'childcare vouchers/employer contracted childcare.

Extra information for code 11 'benefits in kind' has been added to the help screen.

/ Question Information for Childcare Vouchers Salary Sacrifice

Childcare vouchers

Under new rules introduced by the Inland Revenue, employers can offer a scheme which allows parents to use part of their salary to buy childcare vouchers and they will not have to pay tax and National Insurance on this amount.

The scheme will operate through the employer payroll and the chosen amount will be deducted from their salary each month before tax and National Insurance are calculated. Vouchers can then be used to pay child care providers who will redeem them through the provider.

2. **Critical illness cover**
3. **Both**
4. **Neither**
5. **Don't know**

*Ask if ExpBen = 7 (Medical or dental insurance for self or family)*

Permanent health insurance or PHI is insurance to cover loss of income in the event of permanent health impairment.

Critical illness cover pays a lump sum on diagnosis of a critical or terminal condition. Policies can cover many conditions but core conditions include cancer, coronary artery by-pass surgery, heart attack, kidney failure, major organ transplant and stroke.

## Self-employed Earnings

The next questions are only routed on for the self-employed (including directors of limited companies who handle their finances as if self-employed).

It is often difficult for self-employed people to give precise details about their income but please try to complete these questions as fully as possible. The questions are designed in order to reflect how people think of their employment situation and to make it clearer to informants which figures are required. The questions also reflect the fact that a group of the self-employed (particularly sub-contractors) have pay arrangements similar to employees.

There are two separate users of the FRS data: the statisticians who use the profit and loss information, and other analysts who are interested in the current income situation. The questions provide information for both these needs.

### ? Rooms for Business

➔ **BusRoom**

**Are any of the rooms in this accommodation used wholly or partly for business?**

*Ask if EmpStat = 2 (self employed)*

*And EType = 2 (Running a business or a professional practice), 3 (Partner in a business or a professional practice), 4 (Working for myself), 5 (A Sub-contractor (includes SC60)), 6 (Doing freelance work), 7 (Self-employed in some other way)*

Ensure that any rooms used for business were included in the original total of rooms given at How Many Rooms. Do not count rooms used in connection with a job as an employee.

---

### ? Whole Rooms for Business

➔ **OnBsRoom**

**How many rooms are used wholly for business?**

*Ask if BusRoom = 1 (yes)*

---

### ? Part Rooms for Business

➔ **PtBsRoom**

**How many rooms are used partly for business?**

*Ask if BusRoom = 1 (yes)*

## ? Job or Business

### ↔ JobBus

**Can I check, do you think of yourself more as having a job, or a business?**

1. **Job**
2. **A business**
3. **Neither of these**

*Ask if EmpStat = 2 (self employed)*

*And EType = 2 (Running a business or a professional practice), 3 (Partner in a business or a professional practice), 4 (Working for myself), 5 (A Sub-contractor (includes SC60)), 6 (Doing freelance work), 7 (Self-employed in some other way)*

The questions are meant to cover each job or business separately. However, someone whose occupation is 'piecemeal' and involves different pieces of work being done sequentially or simultaneously, perhaps for different people (e.g. a handyman, gardener, building sub-contractor) should be treated as having one job, provided that the work is of the same nature, or accounts are not kept separately for the different pieces.

## ? Business Accounts

### ↔ BusAccts

**In this job/business are annual business accounts prepared for the Inland Revenue for tax purposes?**

**INCLUDE IF PREPARED BY ACCOUNTANT**

1. **Yes**
2. **No**
3. **Not yet but will be**

*Ask if EmpStat = 2 (self employed)*

*And EType = 2 (Running a business or a professional practice), 3 (Partner in a business or a professional practice), 4 (Working for myself), 5 (A Sub-contractor (includes SC60)), 6 (Doing freelance work), 7 (Self-employed in some other way)*

If profit and loss accounts have been prepared but not yet submitted to the Inland Revenue, code yes. The question refers to both accounts prepared by the informant or an accountant. Those self-employed who may not consider themselves as 'being in business', such as sub-contractors and those working for themselves, may still employ an accountant to sort out their tax etc. These accounts should be referred to when possible.

? Sole or Partnership

↩ Sole

Are you working on your own account or are you in partnership with someone else?

1. Own account (sole owner)
2. In partnership

*Ask if EmpStat = 2 (self employed)*

*And EType = 2 (Running a business or a professional practice), 3 (Partner in a business or a professional practice), 4 (Working for myself), 5 (A Sub-contractor (includes SC60)), 6 (Doing freelance work), 7 (Self-employed in some other way)*

---

? Share of Business

↩ PartDisp

The questions that follow are about just YOUR OWN SHARE of the business - that is, NOT including your partner's share.

*Ask if Sole = 2 (in partnership)*

---

? Recent Period for Accounts

↩ SE1

What is the most recent period for which accounts have been prepared for the Inland Revenue?

**ENTER BEGINNING OF PERIOD. IF DAY OF MONTH NOT KNOWN, ENTER '15th'.**

*Ask if BusAccts = 1 (yes)*

---

? Recent Period for Accounts

↩ SE2

**ENTER END OF PERIOD (for which accounts have been prepared)**

*Ask if BusAccts = 1 (yes)*

The most usual period for accounts is 12 months. A common error is to enter 13 months instead of 12. If a period of less than 12 months is keyed, the following check will appear:

## Self-employed Earnings

### ☞ Soft Check

That seems a rather short period (only [x] days), please check your entry.  
Periods of less than a year are acceptable if confirmed as such.

### ! Hard Check

If the last date for a self-employed profit code is earlier than the first date:  
The end date is earlier than the beginning date. Have you transposed them?

Here it will always be necessary to go back and change the dates to which the profit or loss refers.

### ☞ Soft Check

If the end date is more than 12 months after the start date:  
Are you sure? This is more than 12 months. Please amend your coding, or explain in a note.

### ! Hard Check

If either date is in the future:  
This must not be a future date. Please amend your coding.

### ☞ Soft Check

Also, we will not accept any dates for accounts longer than 7 years ago.  
We cannot accept accounts for more than 7 years ago: If last accounts were more than 7 years ago, enter D/K at this and the next question (SE2) and make a note.

## ? Profit Documents

### ➔ ProfDocs

**What was (your share of) the profit or loss figure shown on these accounts for this period? It would be helpful if you could refer to a document, such as the annual accounts, or the Notice of Tax Assessment from the Inland Revenue.**

### **CODE DOCUMENT CONSULTED (1st to apply)**

- 1. Notice of Tax Assessment**
- 2. Annual accounts (include summary)**
- 3. Tax Return (self-employment section)**
- 4. Some other document (describe in a note)**
- 5. No document consulted**

*Ask if BusAccts = 1 (yes)*

## Self-employed Earnings

### / Question Information for Profit Documents

Self-employed accounts contain several figures which refer to profit and loss, it is important that, wherever possible, you ask that documents are consulted. However, be careful that the respondent will not incur any charge by their accountant for providing information.

The most informative documents are:

- The Inland Revenue notice of tax assessment (Form 300 CODA or SHIP). This is the form prepared by the Inland Revenue after submission of the accounts/tax return, and is sent to the self-employed person fairly quickly afterwards (usually 2-3 months). It sets out the income, deductions, any allowances, the amount on which tax is chargeable and the tax payable. An example of a completed Form 300 CODA is given to you to show the respondent.

The Self-Assessment Tax Return submitted by the self-employed person. Self-employed people have to complete supplementary pages (pages SE1-SE4).

If no documents are available it is important to try to obtain as accurate a figure as possible.

---

### ? Profit Amount (1)

➔ **Profit1**

**ENTER THE £ PROFIT/LOSS AMOUNT:**

**If Code 1 at ProfDocs:**

**FROM NOTICE OF ASSESSMENT, ENTER THE 'INCOME' FIGURE (AT TOP OF FORM)**

**If Code 2 at ProfDocs:**

**FROM ACCOUNTS, ENTER THE 'ADJUSTED' PROFIT/LOSS (IF NOT SHOWN, ENTER THE 'NET' FIGURE)**

**If Code 3 at ProfDocs:**

**FROM TAX RETURN, ENTER THE 'TOTAL TAXABLE PROFIT' FROM BOX 3.89**

*Ask if BusAccts = 1 (yes)*

### / Question Information for Profit Amount (1)

If the informant consults a notice of assessment (form 300 CODA or SHIP) then the figure to be entered is that shown on the completed example, under the heading Income and deductions.

If the informant consults business accounts then the figure required is that labelled 'Adjusted Profit/Loss, and if that is not shown, the figure labelled 'Net Profit/Loss should be used.

## Self-employed Earnings

If the informant consults their Self-Assessment Tax Return the figure required from this is that in Box 3.89 of the Self-Employment pages.

If no accounts are available then the figure required is that after deducting all expenses and wages, but before the deduction of Income Tax and National Insurance.

The allowance received by those on business start-up schemes should be included when calculating the profit - in some cases the allowance (which usually is from £20-90 a week) may be the only profit.

---

### ? Profit Amount (2)

↔ **Profit2**

#### **DID THE ANSWER AT THE PREVIOUS QUESTION REFER TO PROFIT OR LOSS?**

1. **Profit/earnings**
2. **Loss**

*Ask if Profit1= amount > 0.00*

---

### ? Profit Before/After Tax

↔ **ProfTax**

#### **Can I just check, is that the figure before deduction of income tax?**

1. **Yes (before tax)**
2. **No (after tax)**

*Ask if Profit2 = 1 (profit/earnings)*

If the profit figure given is as defined at Profit Amount (1) ('Income and deductions' or 'Adjusted profit/loss' or 'Net profit/loss') the answer to this question should be 'Yes (before)'.

---

### ? Profit Before/After National Insurance

↔ **ProfNI**

**And is the figure before or after you paid any lump sum (Class 4) National Insurance payments based on taxable profits?**

**IF NO LUM SUM NI PAID, ENTER '3'.**

1. **Before**
2. **After**
3. **Not applicable (no lump sum NI)**

*Ask if ProfTax = 2 (no-after tax)*

## Self-employed Earnings

This question refers only to Class 4 NI, a lump sum calculated according to profit level. It may be paid as a combined amount with income tax. Regular, Class 2 NI contributions ('the stamp') should not be counted here.

---

### ? Share of Profit Before Tax and NI

➔ **PrBefore**

**What was (your share of) the profit BEFORE tax [and lump sum National Insurance deductions]?**

*Ask if ProfTax = 2 (no-after tax)*

The question is worded according to whether the profit was before tax but after NI, or before tax and NI. There is a check if the figure here is lower than the profit figure:

☞ Soft Check

Profit BEFORE Tax/NI is less than net profit - that can't be right! Please check your figures.

---

### ? Why No Profit/Loss Figure

➔ **WhyNoPro**

**Why was the respondent unable to give a profit or loss figure?**

1. **Docs with accountant/Inland Revenue**
2. **Other reason**

*Ask if Profit1 = don't know*

Next we want to get a picture of the current income from the job or business. A straightforward way is to ask for information on money drawn from a business bank or building society account.

? Work Account

↔ **WorkAcc**

**Do you have separate bank or building society accounts for your work and your private finances?**

*Ask if BusAccts = 1 (yes), 3 (not yet but will be)*

This question is to identify whether the respondent has one or more bank or building society accounts which contains only money relating to the business/job. If a business/work account also contains money from a source not connected to the business/job, this question should be coded 'no'.

---

? Draw Money for Non-Business

↔ **OwnSum**

**SHOW CARD G6**

**Do you draw money from your work account for any non-business purposes, such as any of the things shown on this card?**

**(CODE 'YES' IF ANY APPLY')**

1. Yes
2. No

The card shows:

**Money from the work account:**

- used for payments to yourself and any other personal spending
- used to pay domestic bills (including standing orders)
- transferred to a private account
- used for any other non-business use?

*Ask if WorkAcc = 1 (yes)*

---

? Non-Business Amount per Month

↔ **OwnAmt**

**Thinking of the last 12 months, on average how much have you taken EACH MONTH for these non-business purposes?**

*Ask if OwnSum = 1 (yes)*

## Self-employed Earnings

The purpose of these questions is to get a picture of current monthly income from self-employment. They ascertain how much money is being drawn from the business for the personal use of the informant and their household. Money drawn solely for business purposes should be excluded as should, where possible, business elements of domestic bills.

It is appreciated that the figures given here will have to be estimates. If a business has been in operation for less than a year, give the average over the length of time that the business has been operational.

---

### ? Other Non-Business Income

➔ **OwnOther**

**Apart from any drawings from the bank/building society, do you receive any other income from this job/business, for personal use?**

*Ask if OwnSum = 1 (yes)*

These questions cover income for the business that is not channelled through the bank/building society account. This may be 'cash in hand' for work carried out. Try to get an estimate, but, as this may be a sensitive topic (because some or all of this money may not be declared as income in the accounts), a refusal can be accepted here.

---

### ? Non-Business Average Amount

➔ **OwnOtAmt**

**On average, how much is that each month?**

*Ask if OwnOther = 1 (yes)*

Those self-employed who do not have profit/loss accounts, or do not have a separate business account or who do not make drawings from a separate business bank account are asked about their income from the job. This group of people may include sub-contractors who, while legally self-employed, have income arrangements similar to employees.

---

### ? Income Amount

➔ **SEIncAmt**

**Now I'd like to ask some questions about your income from your job/business: that is, after paying for any materials, equipment or goods that you use(d) in your work.**

**On average, what was your WEEKLY or MONTHLY income from this job/business over the last 12 months?**

## Self-employed Earnings

Ask if

[[BusAccts = 2 (no), don't know or refusal]

OR

[WorkAcc = 2 (no), don't know or refusal]

OR

[WorkAcc = 1 (yes)

And OwnSum = 2 (no), don't know or refusal]]

By 'income' we mean money from the job/business that is used for personal, domestic, non-business use. In other words, what the respondent has to live on. It will not necessarily be the same as the annual profit divided into weekly or monthly amounts. Again the figures given here may be estimates. Sometimes they will have the equivalent of a payslip, or their invoices, or some other document which may be referred to - though it is the average monthly or weekly income that is required, not the last payment received.

---

### ? Income Weekly or Monthly

↔ **SEIncWM**

**Was that weekly or monthly income?**

1. Weekly income
2. Monthly Income

Ask if  $SEIncAmt = amount > 0.00$

---

### ? Check Tax and NI

↔ **CheckTax**

**May I just check, is either income tax, or your regular National Insurance contribution deducted at source? ('CLASS 2' NI)**

1. Income tax deducted
2. regular NI deducted
3. no, neither deducted

Ask if  $SEIncAmt = amount > 0.00$

Some self-employed, especially those who are sub-contractors, may have Income Tax or National Insurance payments deducted at source by whoever contracts them. Only one may be coded.

Different tax and NI arrangements can apply in different situations. Actors under contract, for example, have NI but not tax deducted at source. Construction industry sub-contractors (without a '715' exemption certificate) are given Inland Revenue form SC60 by the contractor showing the details. They have tax but not regular NI deducted at source. The questions should cover all these different circumstances.

## Self-employed Earnings

The self-employed may pay both Class 2 regular National Insurance contributions (the 'stamp') and/or Class 4 lump sum National Insurance contributions, which are based on the profit made on the business. For SC60 workers the tax deducted will typically include an amount for Class 4 contributions. In such cases code 1 only. At the end of the sub-contractor's accounting period figures will be submitted to Inland Revenue showing the income and the amount of tax and Class 4 NI paid over the period. IR will then notify the person of the amount of tax and NI Class 4 payable and whether a balance needs to be paid by or credited to him/her.

---

### ? Tax Deduction Amount

➔ **TaxDAmt**

**How much income tax was deducted last time?**

*Ask if CheckTax = 1 (income tax deducted)*

---

### ? Tax Deduction Period

➔ **TaxDPd**

**How long did this cover?**

1. One week
2. Two weeks
3. Three weeks
4. Four weeks
5. Calendar month
7. Two calendar months
8. Eight times a year
9. Nine times a year
10. Ten times a year
13. Three months/13 weeks

97. None of these (EXPLAIN IN A NOTE)

*Ask if NIDAmt = amount > 0.00*

---

? Income Check

↔ ChkIncom

May I check, is your average weekly/monthly income of £[x] before or after income tax/regular National Insurance was deducted?

1. Before
2. After

*Ask if CheckTax = 1 (income tax deducted), 2 (regular NI deducted)*

---

? Regular NI Contribution

↔ SeNIReg

Do you pay a regular National Insurance contribution?  
(KNOWN AS 'CLASS 2' NI)

*Ask if ChkTax = 3 (neither deducted)*

---

? NI Payment Amount

↔ SeNIRAmt

How much was your last National Insurance payment?

## Self-employed Earnings

Ask if SENIReg = 1 (yes)

The self-employed pay regular contributions (Class 2), which in 2007-2008 are £2.20 per week, if profit/earnings exceeds a set level. (If paid by standing order/direct debit, the monthly equivalent may vary slightly as it is calculated on a daily basis). Do not include lump-sum contributions (Class 4, on profits between two set annual amounts) here; they are asked about separately at Lump Sum NI Profits.

---

### ? NI Payment Period

↔ SeNIRPd

How long did this cover?

1. One week
2. Two weeks
3. Three weeks
4. Four weeks
5. Calendar month
7. Two calendar months
8. Eight times a year
9. Nine times a year
10. Ten times a year
13. Three months/13 weeks
26. Six months/26 weeks
52. One year/12 months/52 weeks
90. Less than one week
95. One off/lump sum
97. None of these (EXPLAIN IN A NOTE)

Ask if SENIRAmt = amount > 0.00

☞ Soft Check

If the last payment is more or less than the standard contribution (allowing for variations which occur if the contribution is paid by standing order/direct debit).

Amount for National Insurance contribution deviates from standard weekly amount (currently £2.40 for self-employed). Please check.

All the self-employed are asked about tax paid in the last 12 months. For those who have already reported Income Tax deducted at source, this is the tax in addition to this amount that has been paid direct to the Inland Revenue. This might include tax outstanding from a previous set of accounts.

Payments of tax direct to the IR by the self-employed often include a Lump sum Class 4 National Insurance payment based on the profits of the business. If the lump sum NI amount cannot be separated from the tax, then include the total amount as tax and record 'Don't Know' for the amount of NI lump sum.

---

### ? Business Income Tax Payments

## Self-employed Earnings

### ↔ SeTax

**Have you made any income tax payments relating to this job/business in the last 12 months?**

*Ask if ChkTax = 3 (neither deducted)*

Include any income tax payments *made* in the last year covering this job, even if they do not relate to the amount given at Profit Amount (2), e.g. to a previous year's figures.

Income tax on other sources of income will be asked about later.

---

### ? Business Income Tax Amount Annual

#### ↔ SeTaxAmt

**How much did you pay altogether in the last 12 months?**

**[Please only include tax paid on income from self-employment. IF UNABLE TO GIVE SEPARATE AMOUNT, ENTER 'DON'T KNOW']**

*Ask if SETax = 1 (yes)*

Enter the total amount paid for this job, within the last year. It may or may not relate to the profit given earlier. Add together all payments made in the year – it is quite usual for payments to be made every 6 months. The text fill 'Please include...' appears when the self-assessment tax return has been referred to. Under self-assessment people can choose to calculate their own tax due. If the respondent has income from other sources to include on their tax return (e.g. from investments, pensions etc), the tax due will be calculated on the whole income. If at all possible, the respondent should give tax paid only on self-employed earnings, but if this is not possible, enter 'don't know'.

## Tax Credits

Child Tax Credit and Working Tax Credit were introduced to improve the way the Government supports families with children and working people on low incomes.

### Child Tax Credit

Child Tax Credit is a payment to support families with children. Parents can claim Child Tax Credit if they are responsible for one or more children, and do not have to be working. Child Tax Credit was introduced to provide support for children up until their 16th birthday, and young persons aged 16-18 years who are either in full time non-advanced education or have left full time education but do not have a job (providing they are not claiming income support or tax credits in their own right). The awarding of Child Tax Credit will not affect a respondent's right to Child Benefit. Families will still be able to claim Child Benefit as they do now and it will continue to be paid as a separate payment.

Child Tax Credit is paid directly to the person who has main responsibility for caring for the children in the family (into a bank or building society account). The recipient can choose whether to receive the payments weekly or every four weeks. If the respondent qualifies for Income Support or income-based Jobseeker's Allowance, they will be entitled to the maximum amount of Child Credit for their children.

### Working Tax Credit

Working Tax Credit is a payment to top up the earnings of working people on low incomes, including those who do not have children. There are extra credits for those recipients in working households where someone has a disability (known as the disability element). Tax Credit is available to employees and the self-employed, and includes support for the costs of qualifying childcare.

People who are responsible for a child or young person can claim Working Tax Credit if they are aged 16 or over and work at least 16 hours per week. People without children can claim Working Tax Credit if they are

- i) aged 25 or over and work at least 30 hours a week;
- ii) aged 16 or over, work at least 16 hours a week and have a disability which puts them at a disadvantage in securing employment; or
- iii) either the claimant or their partner are aged 50 or more, work at least 16 hours per week and are returning to work after time spent on qualifying out-of-work benefits.

Working Tax Credit is paid in addition to any Child Tax Credit the recipient may be entitled to and is based on the number of hours normally worked and income (joint income for couples). If the recipient is employed, the employer will usually pay any Working Tax Credit through the payroll. If the recipient is self-employed, the payment of the credit will be made directly to them (through a bank, building society, or post office account) in a similar manner as a benefit payment. If the respondents are part of a couple that both work at least 16 hours per week, they can decide who will receive the payments of Working Tax Credit.

## Tax Credits

Working Tax Credit also makes an allowance for extra financial help towards the costs of approved or registered child care. This is known as the child care element within Working Tax Credit. Respondents will only be entitled to this if they are working at least 16 hours per week. If a respondent is eligible to receive the child care element of Working Tax Credit, this will always be paid to the person who is mainly responsible for caring for the child or children, and will form part of their payment of Child Tax Credit (i.e. it is not paid as an element of Working Tax Credit).

- 2. Child Tax Credit (including any childcare element of working tax credit)**
- 3. None of these**

*Asked of all adults*

Note - Childcare element is part of the Working Tax Credit award calculation but is paid to the person getting the Child Tax Credit. The FRS collects information on payments rather than awards so it is important that where childcare element is received as part of a Working Tax Credit award that it is recorded in the FRS as a Child Tax Credit payment.

If Tax Credits = WTC, BUT no child under 19 in household and no adult aged 25 and over working for 30 or more hours per week the following check is triggered

☞ Soft Check

Working Tax Credit is normally only paid to households without children if there is an adult in the household who is aged at least 25 and working for 30 hours or more per week.

Are you responsible for a child under 19 who is not here? Or is there an adult in the household who is disabled and is either working for at least 16 hours per week or is expecting to start work in the next 7 days?

IF NO SUCH ADULT BUT RECEIVED WTC SUPPRESS AND MAKE A NOTE.

## Tax Credits

If Tax Credits = WTC, and there is a child aged under 19 in the household BUT no adult who works for 16+ hours per week the following check is triggered.

### ☞ Soft Check

Working Tax Credit is normally only paid if there is an adult in the household working for 16 or more hours per week.

Is there an adult expecting to start work within 7 days?

IF NO SUCH ADULT BUT RECEIVED WTC SUPPRESS AND MAKE A NOTE.

If Tax Credits = CTC, BUT no child aged under 19 in household the following check is triggered.

### ☞ Soft Check

Child Tax Credit is normally only paid if there is a child aged under 19 in the household.

Did you have a child for whom you are responsible but who is not here at present?

IF NO CHILD BUT RECEIVED CTC SUPPRESS AND MAKE A NOTE.

If Tax Credits = WTC and there is a child in the household but TaxCred does not include CTC as well the following check is triggered.

### ☞ Soft Check

There is a child in the household and Working Tax Credit has been selected, but not Child Tax Credit. Please amend.

**If the respondent receives their tax credit as a regular payment then they should have received the latest payment within the last 4 weeks.**

1. **Lump Sum under £105 covering payments for the whole year**
2. **Regular payments via your bank, post office account or Giro**

*Ask if TaxCred = 1 (Working tax credit)*

## Tax Credits

If Working Tax Credit Lump Sum = 2 and Working Tax Credit Lump Sum = 3 the following check will be triggered.

### ☞ Soft check

Working Tax Credit is normally only paid through these means if you have recently (in the last 8 weeks) had your award increased. Has this happened to you?

If yes suppress check and make a note to explain the circumstances.

If Working Tax Credit Lump Sum = 1 and 2 or Working Tax Credit Lump Sum = 1 and 3 the following check will be triggered.

### ☞ Soft check

If you have received a lump sum covering the whole year then you should not also be receiving regular payments.

If respondent says have received both check to see if respondent is actually talking about Child Tax Credit. Make a note to explain the circumstances.

If Working Tax Credit Lump Sum = 2 and the sum of Pay Amount, Amount for Deduction, PAYE Amount and Amount of National Insurance is equal to Gross Wage (with a variation of +/- £5) the following check will be triggered.

### ☞ Soft check

If respondent receives Working Tax Credit through their pay, this should have been included in the figure for net pay. Please check that the respondent included the amount received for Working Tax Credit in their net pay and that they did not include it in the amount they gave for gross pay. Please also check for any deductions which have not been reported and that the amounts reported for tax and national insurance are correct.

If Working Tax Credit Lump Sum = 2 but WTC was not recorded as an element of pay at Included in Pay (Included in Pay = 6) the following check will be triggered.

### ☞ Soft check

Respondent is receiving tax credit through their pay but did not record a tax credit as an element of their net pay at InclPay. Please check and amend.

A soft check will also be prompted if the respondent is not working but claims they are receiving a tax credit through their pay packet.

### ☞ Soft check

Respondent said they are not working but are receiving a tax credit through their pay packet. Please amend your answer.

### ? Income Year Used

↔ NTCDat

From the award notice, can you tell me the year from which income was used to calculate your tax credit award?

Tax credit awards for 2009-10 will initially be based on income in 2009-10 or 2008-09. However, recipients can report 2007-2008 income to Inland Revenue within the year, and a new award notice is issued. The information asked about in this question will be in the second column on page 2.

1. 2009-10
2. 2008-09
3. 2007-08
4. One or more applicants receive IS/JSA/Pension credit so info not on award notice

Ask if TaxNotr = 1 (yes)

---

### ? Total Income Used

↔ NTCInc

From the award notice what was the total income (of you and your partner) which was used to calculate your tax credit award?

This figure will be the 'Total Income' figure at the bottom of the 'Your Income' section on page 2.

Ask if NTCDat = 1 (2009-10), 2 (2008-09), 3 (2007-08)

**You said that you received a Child Tax Credit lump sum payment covering the whole year. How much was this payment?**

**If respondent receives combined payment of Working Tax Credit and Child Tax Credit enter it here.**

Ask if  $TaxCred = 2$  (child tax credit( including any childcare element of working tax credit))

And  $CTCLum = 1$  (Lump Sum under £105 covering payments for the whole year)

If amount received for lump sum payment exceeds £104 the following check will be triggered

☞ Soft check

Lump sum payments should not exceed £104 for the tax year. Check that this is not a one off payment to correct for previous under payment. These should not be recorded at all.

If the amount received for lump sum payment is less than £26.00 the following check will be triggered.

☞ Soft Check

Working Tax Credit lump sum and Child Tax Credit lump sum would normally be more than £26.00. Please check the circumstances and explain in a note if necessary.

If Amount of Last Payment= 0

Respondent is recorded as receiving Working Tax Credit at TaxCred but receives no payment return to taxcred and remove Code 1.

Respondent is recorded as receiving Child Tax Credit at Tax Cred but received no payment return to taxcred and remove Code 2.

If figure for Working Tax Credit is less than £2 per week or more than £424 per week the following check will be triggered.

☞ Soft check

Payments of working tax credit are not normally less than £2 a week OR over £424. Please check the circumstances and explain in a note if necessary.

If figure for Child Tax Credit is less than £2 per week or more than £288 per week the following check will be triggered.

☞ Soft check

Payments of child tax credit are not normally less than £2 a week OR over £288. Please check the circumstances and explain in a note if necessary.

IF either adult, or the only adult in the BU does not work, or works for less than 16 hours per week the following check is triggered.

☞ Soft check

Child Care Tax Credit is normally only recorded if both partners work at least 16 hours per week, or one is in such work and the other incapacitated. Please check and record in a note

The Inland Revenue have informed us that there are cases where an award of £0 is made. The respondent may have been previously overpaid due to an unexpected increase in their income which was not reported. The Inland Revenue will therefore recover the money by giving an award of zero until the surplus amount has been repaid. An award of £0 may also have been made if the household income is too high so the household is not eligible for tax credits.

☞ Soft Check

If the first partner of a couple interviewed in the same BU states that they are receiving WTC or CTC as a regular payment or have received a lump sum (WTCLum = 2 or CTCLum = 2), then their partner CANNOT also receive payments of the same tax credit.

## State & Other Benefits and Pensions

All adult respondents are asked whether they are in receipt of any state benefits. For each benefit received there follows questions about the method of payment, amount last received and for certain benefits other follow up questions.

Throughout this section, please encourage respondents to find payments books, receipts, bank statements, DWP letters or Award Notices relating to benefits received. It is very important that as accurate information as possible is obtained, in what is a complex system.

Definitions of each benefit (excluding a few uncommon ones) are given below, under the question at which their receipt is recorded (Benefit Question 1 to Benefit Question 7).

/ Question Information for Receipt Of Benefits: Methods Of Payment And Combined Benefits

### Giro cheque

The last 'Giro' cheques were issued in October 2004. A new contract has been set up since then with the Alliance and Leicester bank to enable cheque payments to be made to benefit recipients who are unable or unwilling to provide direct payment account details. Record these cheque payments as Giro cheques, as respondents are likely to continue to think of the Alliance and Leicester cheques as 'Giros'

### Direct to bank/building society account (direct payment)

A new initiative was launched in April 2003 to pay the majority of benefits directly into a bank, building society or Post Office account. For those respondents who do not have or do not wish to have a current account, banks, building societies and the Post Office offer what is known as a basic bank account or a card account solely for this purpose. The account operates purely to allow benefit to be paid electronically and allow the recipient to draw the benefit from their account. These accounts are:-

- a Bank or Building Society Basic Account
- a Starter Account
- a Card Account at the Post Office.

With the withdrawal of order books and giro cheques, most pensions and benefits are now being paid via direct payment. The order books were very useful in identifying elements of benefits and providing detailed information on amounts received. With order books being phased out, collecting information on benefit amounts may be more difficult. However, respondents receiving pensions/benefits via direct payment should be sent information on the amount of benefit and/or pension they will receive via an entitlement letter sent by the DWP, Benefits Agency or The Pensions Service (part of the DWP). Providing the respondent has kept their letter in a safe place, you will be able to use the letter(s) as documentary evidence of the amount of benefit/pension received. A bank/building society/post office account statement will be a useful alternative.

Please be careful of instances where respondents give you the amount that they

## State & Other Benefits and Pensions

withdraw out of the account each week rather than the actual amount of benefit they receive. DWP are only interested in the amount of benefit people actually receive so if the respondent is not consulting documentation and is unsure of how much they receive, please enter a Don't know at BenAmt and put any useful information into a note. If the respondent is consulting their account statement and receives one benefit only, you may be able to collect the amount directly from their statement. If they receive two or more benefits and they are unsure of the split, please treat these as combined benefits (see instructions below).

### Administered directly by an employer

For persons in receipt of Working Tax Credit and who are employees, the tax credit will be paid directly to them through their wages, rather than as a benefit payment administered by the Inland Revenue. The only cases where Working Tax Credit will not be administered by an employer are when that employer does not operate PAYE or there are less than 3 pay periods within the dates the employer is responsible for paying the tax credit.

### Paid directly for motability

Motability is a registered charity through which those who receive the higher rate of Disability Living Allowance mobility component may hire or purchase a vehicle (e.g. car, electric scooter, wheelchair) at a reduced rate. Either part or the whole of the allowance is paid to Motability.

### Combined Benefits

When more than one benefit is paid on the same order book or into the same account, you should try to identify the separate amounts received for each benefit, to enter at the appropriate Benefit Amount questions. However, it is sometimes difficult to identify the individual amounts. If the respondent has the Award Notice which specified which benefits they have been awarded, this should distinguish the names and amounts.

If you are unable to separate an amount covering a combination of benefits, whether paid by order book or by another method, you must not enter the total amount received at any of the Benefit Amount questions. What you should do is enter 'dk' at Benefit Amount for EACH BENEFIT concerned, and make a note at each.

The note should state the following:

- the name of the household member concerned;
- the names of the individual benefits covered by the payment;
- the total amount received;
- the period covered;
- any other information which might be useful (e.g. whether paid at lower or higher rate).

## State & Other Benefits and Pensions

This information will be used by the office editors, who will try to split the amount based on set procedures, or if this is not possible the data will be supplied to DWP to do the split.

When a 'dk' is entered at any Benefit Amount question a check question will follow, asking whether it is a 'dk' because separate amounts for the benefit cannot be established. If that is the reason, the 'dk' will not be included in the total of 'dks' and refusals for the questionnaire.

### Components of benefits

Some benefits are made up of different components, such as Retirement Pension. There may be a basic pension plus various other additions, premiums or allowances according to individual circumstances. The components are shown as letters on the left hand of an order book. In these cases the benefit is still thought of as a whole and the total amount of all the components, shown on the right of an order book, should be entered at Benefit Amount for that benefit.

Please also refer to the later notes about Attendance Allowance and Disability Living Allowance being paid as a component of Retirement Pension/Widow's Pension/Bereavement Allowance or as part of Widowed Mother's Allowance/Widowed Parents Allowance, at Benefit Question 2.

### / Information on Checks

There are range checks on every benefit in this section. The ranges are based on the amounts known from latest DWP publications on benefit levels. All the checks are soft and may be suppressed if the respondent is convinced, or can produce documentation to show, that they are receiving the queried amount. If you are interviewing in April the checks will allow amounts from the previous financial year.

There are also checks relating to eligibility for certain benefits, e.g. if the respondent is over state retirement age but is not receiving Retirement Pension or if child benefit is being claimed, but there does not appear to be a child resident in the household.

Note that all benefits are paid on a weekly or number of week's basis. In other words, no benefit should usually cover a calendar month.

8. **None of these**

*Asked of all adults*

/ Question Information for Benefit Question 1

Child Benefit

This benefit is received for each child under 16 and for any child aged 16-19 still in full-time further (but not higher) education. It is usually (but not necessarily) paid to the child's mother. It is not paid for foster children. There are three rates:

- higher rate for the only, elder or eldest child of a couple
- 'LP' rate for the only, elder or eldest child of a lone parent
- lower rate for subsequent children.
- The 'LP' rate incorporates an additional element to replace One Parent Benefit, which was abolished from April 1997. Since July 1998 it has not been available to new claimants.

If a woman or single man has children in the household there is a soft check that s/he is receiving child benefit.

Or if the father answers that he is claiming Child Benefit when he is married or cohabiting a soft check is triggered.

It could be that the father's partner is not the mother or stepmother of the child and it is the man that claims the benefit.

## State & Other Benefits and Pensions

### Guardian's Allowance

This is a weekly payment for someone who takes an orphan into the family. In exceptional circumstances this may be paid if one of the child's parents is still alive but cannot care for the child.

### Invalid Care Allowance/Carer's Allowance

This is a weekly paid benefit to those spending at least 35 hours a week caring for a severely disabled person. They must not earn more than £95 per week after deduction of allowable expenses, or be in full-time education for more than 21 hours per week. If the disabled person dies, Invalid Care Allowance/Carer's Allowance will continue for up to eight weeks. It should be coded to the person doing the caring.

Each year there are a number of respondents who report receipt of ICA but do not report providing care. A soft check will appear to double check with the respondent whether they care for someone. If this is the case then return to the carers section and ask them the carer questions again. Make a note where you cannot reconcile the answer to ICA.

Similarly, if someone in the household is receiving ICA then the carer, who is also in the household, should be receiving DLA(C) or Attendance Allowance. If, on double-checking, it is established that the person receiving care is in receipt of DLA(C) or Attendance Allowance go back to Ben2Q and change the answer. Otherwise, suppress the check and make a note if appropriate.

### Retirement Pension

This is a taxable weekly benefit for women on reaching 60 and men on reaching 65. The basic pension rate is the same for men, women who have paid their own NI contributions at the standard rate, and for widows/widowers on their late partner's NI contributions. Married women who are not entitled to a pension on their own contributions may receive a pension on their husband's contributions.

Those who have paid NI contributions as an employee after April 1978 may also receive an additional earnings related pension. Those who have been in a contracted-out occupational pension scheme may receive a guaranteed minimum pension, which is the minimum amount that must be paid under such a scheme. Guaranteed minimum pension is also known as contracted-out deduction. Those who decide not to claim their pension on reaching retirement age can earn additional pension increments.

From April 2005, DWP are introducing more generous incentives to defer taking up the state pension. There is strong interest in how many people will take advantage of the deferral option.

People will be able to put off claiming their State pension for as long as they want and be able to earn extra State Pension, or a lump sum. If they defer they can choose one of the following options when they do claim:

- Extra State Pension: this is worked out at 1% for every five weeks the claim is deferred (minimum term five weeks).
- A lump sum payment: A one-off lump sum payment based on the amount of normal weekly State Pension someone would have received, plus interest added each week and compounded. They also receive their State Pension when they

## State & Other Benefits and Pensions

claim it paid at the normal rate.

With this option people have to put off claiming their State Pension for at least 12 consecutive months, which must all fall after 5 April 2005.

The compounded rate will be broadly equivalent to an annual interest rate of 2% above the Bank of England's base rate (so if the base rate was 4.75%, the annual rate of return would be 6.75%). As the Bank of England base rate may change from time to time, the rate of interest used to calculate the lump sum could also change.

### Old Person's Pension or over 80s pension

This is for those people aged 80 or over who are entitled to State Retirement Pension of less than the amount payable on a spouse's contributions, or to none at all.

#### ☞ Soft Check

Respondent is a woman/man with dependent child(ren), yet has not been recorded as receiving Child Benefit. Please check whether this is correct. If so, explain circumstances in a note.

#### ☞ Soft Check

Respondent is a father receiving Child Benefit. Normally the mother receives the Child Benefit. Please check whether your answer is correct. If so, explain circumstances in a note.

#### ☞ Soft check

Are you sure [Name] receives Invalid Care Allowance/Carer's Allowance? They're not coded as a carer at WhoLook in the Household Schedule. Please check whether they are a carer. If so go back to the carer questions to record [Name] as a carer. If this is not appropriate please make a note of the reason why they have not been recorded as a carer.

#### ☞ Soft check

Are you sure that [Name] does not receive DLA(C) or AA? The person who cares for them receives Invalid care allowance/carers allowance, so the person cared for could be entitled to receive DLA(C) or Attendance Allowance. Please make a note if they do not receive DLA or AA.

? Child Benefit and Child Tax Credit checks

➔ ChkCTC

Although the respondent receives Child Benefit he/she hasn't reported receipt of Child Tax Credits. Are you certain that the respondent does not receive Child Tax Credits?

1. Yes, I am certain (the respondent DOES NOT receive Child Tax credits)
2. No, I am not certain (the respondent did not know which Tax Credits received), NODK, NORF

This is a means tested benefit so it is plausible the respondent may not receive Child Tax Credits if their income is above a certain threshold.

Ask if

[[TaxCred = 3 (none of these)

And Ben1Q = 1 (child benefit)]

OR

[TaxCred = 1 (working tax credit(excluding any child care element of working tax credit))

And Ben1Q = 1 (child benefit)]

---

? Deferred State Pension

➔ DefrPen

Have you deferred taking up your State Pension?

The respondent is aged 64 or over (male) or over 59 (female) and so could collect state pension BUT they have not reported having NI retirement Pension (or Widow's pensions /bereavement allowance) or Old Person's pension. However, some people defer taking up their state pension in order to build up extra State Pension which they receive when they start claiming State Pension. This question is checking whether people have deferred taking up State Pension.

1. Yes
2. No

Ask if Ben1Q <> 4 (Retirement Pension (NI) or Old Person's Pension), 5 (Widow's Pension, Bereavement Allowance or Widowed Parent's allowance

AND

[[Sex = 1 (male)

And Age > 64]

OR

[Sex = 2 (female)

And Age > 59]]

## State & Other Benefits and Pensions

There are many reasons why someone may not collect their State Pension. At DefrPen we only want to know whether the reason for not receiving the State Pension is because the respondent has taken up the deferral option or not. Code 1 'Yes' at DefrPen if the respondent has taken up one of the deferral options (e.g. the Extra State Pension or the Lump Sum Payment). Code 2 'No' if the respondent is not receiving Retirement Pension for any other reason (although he/she is eligible to receive it).

/ Question Information for Deferred State Pension

#### Widow's Pension

For those respondents widowed after April 2001, Widow's Pension will no longer be payable (replaced by Bereavement Allowance). However, existing widows will continue to receive it. Widow's Pension is a weekly benefit for women aged 45 and over (or 40 and over if widowed before April 1988) paid when their husband died or when their Widowed Mother's Allowance ends. Widows over 60 may opt to keep receiving Widow's Pension until they are 65, instead of Retirement Pension. Include Industrial Widow's Pension: paid to widows of those who died as a result of an accident at work or a prescribed disease.

#### Widowed Mother's Allowance

Was a weekly benefit for widows of any age who have at least one child for whom they get Child Benefit. This was discontinued in April 2001 and replaced with Widowed Parent's Allowance.

## State & Other Benefits and Pensions

### Widowed Parent's Allowance

Replaced Widowed Mother's Allowance in April 2001. Widowed Parent's Allowance extends the benefit to fathers as well as mothers. Payments to widowed fathers will be retrospective in the sense that although payments will only start from April 2001, they will be paid to both existing and new widowed fathers with dependent children. As with the redundant Widowed Mother's Allowance, there will be both basic and Second State Pension (formerly SERPS) elements payable, and additions for each dependent child.

### Bereavement Allowance

For those widowed after April 2001, Widow's Pension will no longer be payable. Instead, there will be a new benefit called Bereavement Allowance. This is time limited and is paid for 1 year only. In addition the State Second Pension (formerly SERPS) element will no longer be payable. Bereavement Allowance will be payable to both widows and widowers who are aged 45 and over, and there will continue to be an age related scale for those widowed aged 45-55.

All these benefits are contributory, taxable and subject to normal income related benefits rules, and are paid on the basis of the contributions of the deceased spouse.

Note that Bereavement Payment (formerly Widow's Payment) should not be included here; it is a lump sum payment and there is a code for it at the later question on lump sum state benefits (Benefit Question 5).

### ☞ Soft Check

If there are any children in the same benefit unit as a widow/widower under 65 who is not recorded as receiving Widowed Parent's Allowance:

Respondent is a widow/widower under 65 with dependent child[ren], but is not getting Widowed Parent's Allowance. Please check that this is correct.

### / Question Information for Pensions and Allowances

On 2 April 2002 the War Pensions Agency was renamed the 'Veterans Agency.' This agency now administers pensions to armed forces/ex-armed forces personnel and their dependents.

### War Disablement Pension

Is payable to people disabled as a result of service in the Armed Forces during the First World War or at any time since 1939. The amount received depends on severity of disablement and rank.

### War Widow's/Widower's Pension

Is payable to widow/ers and children of someone killed in the Armed Forces or who died as a result of injury sustained in the Armed Forces.

## State & Other Benefits and Pensions

### Severe Disablement Allowance

May be received by people of working age who have been unable to work for 28 weeks or more because of illness or disablement, but cannot get Incapacity Benefit because they have not paid enough NI contributions.

### Armed Force Compensation Scheme

The Armed Forces Compensation Scheme (AFCS) is a compensation scheme for all members of the Regular and Reserve Forces. It provides compensation for all injuries, ill-health and deaths that are mainly due (attributable) to service, the main cause of which occurred on or after the introduction of the scheme on 6 April 2005.

2. **Mobility component of Disability Living Allowance ONLY**
3. **BOTH Care Component and Mobility component of Disability Living Allowance**
4. **Attendance Allowance**
5. **None of these**

*Asked of all adults*

! Hard Check

If respondent receives both Care Component of DLA and Mobility Component of DLA record as Code 3 'BOTH Care Component and Mobility component of Disability Living Allowance'.

## State & Other Benefits and Pensions

### / Question Information for Benefit Question 2

Disability Living Allowance has two elements and is directed at the care needs and mobility needs of disabled people of working age and below.

The care component has three rates and has replaced Attendance Allowance for those under retirement age.

The mobility component has two rates, the higher one being for those unable to walk or who are severely restricted, and replaced the old Mobility Allowance.

Motability is a registered charity through which those who receive the higher rate of Disability Living Allowance mobility component may hire or purchase a vehicle at a reduced rate. Either part or the whole of the allowance is paid to Motability. The full amount received including any paid direct to Motability should be recorded. If the amount entered is after deducting money paid direct to Motability, a check will trigger. Please enter the amount of the higher rate as displayed in the check.

#### Attendance Allowance

Is a benefit for people disabled at or after age 65 who live at home and need looking after because of their physical or mental disablement. Attendance Allowance is not related to any income, savings or NI contributions and can be paid in conjunction with other benefits including Income Support. There are two rates - a lower one for people who need looking after by day or night, and a higher one for people who need looking after by day and night. Attendance Allowance for those disabled before they were 65 was replaced in April 1992 by Disability Living Allowance (Care component).

#### Receipt of both Retirement Pension/Widow's Pension/Bereavement Allowance/Widowed Mother's Allowance/Widowed Parent's Allowance and Attendance Allowance or Disability Living Allowance

Recipients of Retirement Pension, Widow's Pension, Bereavement Allowance, Widowed Mother's Allowance, Widowed Parent's Allowance may also get Attendance Allowance or DLA (but not both); the Attendance Allowance /DLA may be paid separately from the RP/WP/BA/WMA/WPA, or as a component of it. In either case, the Attendance Allowance /DLA should be coded at Benefit Question 2.

#### ☞ Soft check

If a parent states that someone in the household is receiving DLA, it is important to ensure that it is not for the dependent child (aged 16-18) who has already been identified as receiving DLA in their own right. This is because there can be more than one disabled family member and a parent could have 2 disabled children, one under 16 and one 16 – 18 years.

Respondent said earlier that [name of 16-18 year old] was receiving DLA Care component/Mobility component. Check if DLA indicated at Ben2Q is for [name] or for someone else. If it is for [name], then delete answer at Ben2Q as this has already been picked up at Block QHealth.

## State & Other Benefits and Pensions

The following consistency check is triggered if the respondent receives DLA but said earlier that they had no health problems at Health.

### ☞ Soft check

Does the respondent really mean Disability Living Allowance? Earlier they said they had NO long-standing illness or disability.

If the respondent is receiving both Retirement Pension/Widow's Pension/Bereavement Allowance/ Widowed Mother's Allowance/ Widowed Parent's Allowance and Attendance Allowance or DLA(Care) and/or DLA(Mobility) the following check questions are asked as appropriate.

---

### ? Attendance Allowance

#### ☞ AA

**Is this Attendance Allowance paid as part of your [Retirement Pension / Widow's Pension / Bereavement Allowance / Widowed Mother's Allowance / Widowed Parent's Allowance], or do you receive it separately?**

1. Paid as part of pension
2. Paid separately

*Ask if Ben2Q = 4 (Attendance Allowance)*

---

### ? Disability Living Allowance 1

#### ☞ DC

**Is this Care Component of DLA paid as part of your [Retirement Pension / Widow's Pension / Bereavement Allowance / Widowed Mother's Allowance / Widowed Parent's Allowance], or do you receive a separate payment?**

1. Together with pension
2. Separate payment

*Ask if*

*Ben2Q = 1 (Care component of Disability Living Allowance ONLY)*

*OR*

*Ben2Q = 3 (BOTH Care Component and Mobility component of Disability Living Allowance)*

## ? Disability Living Allowance 2

→ DM

**Is this Mobility Component of DLA paid as part of your [Retirement Pension/Widow's Pension/Bereavement Allowance/Widowed Mother's Allowance/Widowed Parent's Allowance], or do you receive a separate payment?**

- 1. Together with pension**
- 2. Separate payment**

*Ask if*

*Ben2Q = 2 (Mobility component of Disability Living Allowance ONLY)*

*OR*

*Ben2Q = 3 (BOTH Care Component and Mobility component of Disability Living Allowance)*

If the Attendance Allowance or DLA is paid as part of one of these benefits (i.e. it is paid as a component of the total WP/BA/WMA/WPA payment), the follow up questions for Attendance Allowance /DLA (how it is paid, amount received etc) are not asked, and the amount should be included in Benefit Amount for WP/BA/WMA/WPA. If the Attendance Allowance is paid separately the follow up questions will be asked for both benefits.

For retirement pension only, if it is received via a bank/building society/post office account with Attendance Allowance or DLA, you will be asked to record the amounts for DLA / Attendance Allowance separately from RP. This is because the respondent should have received a separate entitlement letter for their disability/care benefits from the Disability and Carers Directorate within the DWP. If Retirement Pension (paid in combination with Attendance Allowance or DLA) is still paid by order book then the follow up questions for Attendance Allowance /DLA (how it is paid, amount received etc) are not asked, and the amount should be included in BenAmt for RP.

/ Question Information for Benefit Question 3

Jobseeker's Allowance (JSA)

From October 1996 Jobseeker's Allowance replaced Unemployment Benefit (UB) and Income Support (IS) for unemployed people (i.e. people actively seeking work but who weren't eligible for Unemployment Benefit). Recipients of those benefits were automatically transferred to JSA.

The basic rules for receipt of JSA are that the claimant must be out of work or working less than 16 hours a week; be capable of work, available for work (usually of at least 40 hours a week) and actively seeking work; have a Jobseeker's Agreement with the Employment Service; be aged 18 or over and under state pension age; and any studying must only be part-time. (See under Type of Jobseeker's Allowance below for further details of JSA).

Pension Credit

In October 2003, the Minimum Income Guarantee (MIG) was replaced by Pension Credit, a tax credit administered by the Pensions Service (formerly the Benefits Agency).

There are two main elements to Pension Credit:-

1. The Guarantee Credit. This is the minimum amount a pensioner can be expected to live on (£114.05 per week for a single person and £174.05 for a couple). There may be additional amounts for owner occupier's housing costs, for disability and for caring responsibilities. The additional amounts could include Severe Disability Premium. This is not a benefit in its own right such as Severe Disablement Allowance. If this is included, the full amount should be recorded at BenAmt.

2. The Savings Credit. This is available only to pensioners aged 65 and over and aims to reward those who have made provision for their retirement over and above the state pension. The Savings Credit will give pensioners 60 pence for every £1 of income they have from second pensions, annuities, or savings up to a maximum amount in the region of £17.88 per week for a single person or £23.58 per week for a couple. Where a pensioner's income exceeds the level of the Guarantee Credit, every excess pound will reduce the savings credit by 40 pence.

The Pension Credit is designed to be less intrusive than the MIG in that, apart from major changes to personal circumstances, people aged 65 and over will not have to report changes in their circumstances for up to 5 years at a time. However if their income drops, they can ask for their Pension Credit to be increased.

Income Support

Income Support is for people aged 16 or over whose income is below a certain level.

To get Income Support you must be:

- sick or disabled OR
- a lone parent or foster parent OR
- getting Invalid Care Allowance/Carer's Allowance for looking after someone.

You cannot get Income Support if you work for 16 hours a week or more on average (or if your partner works for 24 hours a week or more on average). Income Support can be

## State & Other Benefits and Pensions

paid to top up other benefits, or earnings from part-time work, or if there is no money coming in at all. The amount depends on age, whether the person has a partner, dependant children, whether anyone has a disability, weekly income and savings. The savings limit for the claimant (and partner if any) is £8,000.

If the respondent is coded as receiving both Income Support and Jobseeker's Allowance the following check is triggered.

### Incapacity Benefit

is paid to people who have been medically assessed as incapable of working and who cannot get Statutory Sick Pay from an employer. If a person is/was receiving Statutory Sick Pay, Incapacity Benefit replaces it after 28 weeks. It is a contributory benefit; it is not means-tested. There are three basic rates:

- the short term lower rate for the first 28 weeks of sickness;
- the short term higher rate for weeks 29-52;
- and the long term rate from week 53.

Extra benefit may be paid for dependant adults and children. For new claimants, entitlement ends at state pension age.

### Maternity Allowance

May be paid to those women who are not entitled to Statutory Maternity Pay, for 39 weeks, starting from the 11th week before the baby is due.

### Industrial Injuries Disablement Benefit

For those disabled as a result of an accident at work or as a result of a prescribed industrial disease. It can be received even if the recipient continues/returns to work.

Do NOT include receipt of Reduced Earnings Allowance (REA), at this question. It should be recorded at the 'any other state benefit' code at Ben5Q. See the later instruction at that question for the definition of REA.

### Employment and Support Allowance (ESA)

Employment and Support Allowance (ESA) is to be paid to new claimants from October 2008, with existing Incapacity Benefit and Income Support claimants being migrated to ESA over time.

Main phase - Claimants of Main Phase ESA will receive a basic payment at JSA (25+) rates, an additional 'work related activity component' or 'support component' and, in some cases, an extra premium.

Work related activity component - Those assessed at the PCA as having 'limited capability for work' will receive this component.

Support component - Awarded to a minority of claimants who are assessed at the PCA as having 'limited capability for work' and 'limited capability for work-related activity'.

Extra Premiums - Severe Disability Premium (SDP), Enhanced Disability Premium (EDP), Carer Premium, Pensioner Premium and Higher Pensioner Premium currently payable with IS and IB will still be payable as a premium on top of ESA.

## State & Other Benefits and Pensions

### ☞ Soft Check

If a person coded as working claims to be receiving Jobseeker's Allowance the following check is triggered:

Respondent is coded as working more than 16 hours a week and receiving Jobseeker's Allowance. Tactfully check this. (JSA is not usually payable in this situation).

It is possible to work under 16 hours a week and to receive JSA, if the earnings are under certain amounts.

### ! Hard Check

Pension Credit is only available to those aged 60 and over.

### ☞ Soft check

Please check: you cannot normally receive both Jobseeker's Allowance and Income Support at the same time. If correct, suppress the warning to continue and explain the reason in a Note.

In case respondents confuse Income Support with (income-based) JSA the following check will be triggered if they said earlier that they were seeking work:

### ☞ Soft check

Are you sure? People who are looking for work (recorded earlier) would normally be receiving Jobseeker's Allowance, not Income Support.

If respondents claim they are not in receipt of housing benefit but are receiving income support

### ☞ Soft check

You and/or [name] said you are not in receipt of housing benefit, but one of you is receiving Income Support. Can I just check, is this correct?

Similarly, if respondents said they were in receipt of housing benefit but are not receiving income support

### ☞ Soft check

You and/or [name] said you are in receipt of housing benefit, but neither of you is receiving Income Support. Can I just check, is this correct?

If a respondent is over 60 and tries to report being in receipt of Income Support.

! Hard check

From October 2003 IS / MIG for those aged 60 and over was replaced by pension credits. Recode respondent as being in receipt of pension credit. Tell respondent 'Income Support / Minimum Income Guarantee has been replaced by Pension Credit for all those aged 60 and over from October 2003. I will therefore ask you to answer these questions about pension credit.

PLEASE NOTE: Minimum Income Guarantee (MIG)

In October 2003, Minimum Income Guarantee (MIG) for people aged 60 and over was replaced by Pension Credits. All references to MIG have been removed from the questionnaire.

Some respondents (about 11 people per year in the whole FRS sample) will still receive Income Support/Minimum Income Guarantee (IS/MIG). So although it will be a very rare scenario, some respondents may correctly tell you that they receive IS/MIG. However as the vast majority of respondents will not be receiving IS/MIG we do not want to misreport people who believe they are in receipt of MIG but are in fact receiving Pension Credit. Code any reports of Income Support/MIG as Pension Credit and make a note at Benefit Question 3 explaining that the respondent reports that they get MIG. If you can check any relevant documentation so that you can be sure MIG is received that would be helpful in verifying the respondent's claim to be in receipt of MIG.

☞ Soft Check

If currently working. Respondent says he/she is currently receiving Incapacity Benefit whilst being employed. This is not normally possible. Please check that your answer is correct. If so, explain circumstances in a note.

? Type of ESA

↔ **ESAType**

**There are two types of Employment and Support Allowance. Is your Allowance:**

- 1. 'contributory', that is based on your National Insurance contributions,**
- 2. or is it 'income based' Employment and Support Allowance, which is based on an assessment of your income?**

*Ask if Ben3Q = 5 (Employment and Support Allowance)*

## ? Type of Jobseeker's Allowance

↔ JSAType

**There are two types of Jobseeker's Allowance. Is your Allowance:**

- 1. 'contributory', that is based on your National Insurance contributions,**
- 2. or is it income based Jobseeker's Allowance: which is based on an assessment of your income?**

*Ask if Ben3Q = 1 (Jobseekers Allowance)*

/ Question Information for Type of Jobseeker's Allowance

There are two types of JSA:

- Contribution-based: which is dependent on the claimant having paid enough Class 1 National Insurance contributions in the previous two years. (Those who formerly received Unemployment Benefit were transferred to this type of JSA.) It is payable for up to 6 months.
- Income-based: which is dependent on the level of the claimant's income or savings. (Those who received Income Support as an unemployed person were transferred to this type of JSA.)

Only one type may be awarded at a time. Once the maximum time on contribution-based JSA has passed the claim will be reviewed to see if the person is eligible for income-based JSA. A claimant who satisfies the contribution conditions but whose income does not meet their needs will be awarded income-based JSA, which will include an element based on the contribution record. It is not possible to receive JSA and Income Support simultaneously.

There are fixed age-related rates for the allowance. For income-based JSA only, the claimant may get extra for an adult dependant and various other premiums. Payment is by giro cheque or direct to a bank account.

Small amounts may be earned from part-time work before affecting the benefit, the maximum that can be earned varying from £5 to £15 a week depending on which type of JSA is received, marital status, the number of hours worked by a partner, dependant children and other criteria.

## State & Other Benefits and Pensions

There are some checks relating to the type of JSA. If the person was self-employed in their last job, and is coded as getting contribution-based JSA:

☞ Soft check

Only people who have recently been employees can receive contributory JSA. Please check if they have been an employee in the last 3 years.

If the person has been out of work for over 6 months but says they are receiving contribution-based JSA.

☞ Soft check

Are you sure it is contribution-based JSA? Earlier they said they had not worked in over 6 months. Only Income-based JSA is payable after 6 months out of work. Check with respondent and explain in a note if correct.

3. **Health in Pregnancy Grant**
4. **A Social Fund loan or Community Care grant**
5. **None of these**

*Asked of all adults*

! Hard check

Men cannot receive Health in Pregnancy Grant.

☞ Soft Check

Are you sure it's Health in Pregnancy Grant? Respondent is age 55 plus.

/ Question Information for Benefit Question 4

A Grant from the Social Fund for Funeral Expenses – a lump sum to help cover the cost of a simple funeral to those who receive Income-based JSA, Income Support, Pension Credit, Tax Credits, Housing Benefit, Council Tax Benefit or income-based Jobseeker's Allowance.

A Grant from the Social Fund for maternity expenses - this may be made to women who receive Income-based JSA, Income Support, Pension Credit, or Tax Credits, and have savings under £500. The grant is a one-off payment of £100.

Sure Start Maternity Grant – is administered by the social fund in the same way as a maternity grant. The difference is that the sure start grant will be £500. Also to receive the grant the customer has to receive advice from a health professional. The new forms will have a place for the health professional's signature and the grant will not be awarded without this. In all other ways it is the same as a maternity grant.

## State & Other Benefits and Pensions

The Health in Pregnancy Grant (HiPG), will be payable to eligible pregnant women from April 2009. The payment is worth £190 per pregnancy and will be paid to women who see a health professional, such as their midwife, from the 25<sup>th</sup> week of pregnancy and make an application before the birth of their child(ren). The HiPG, to be delivered by HMRC (formerly the Inland Revenue), will be paid directly in to the expectant mother's bank account. As all women with an expected birth date from April 2009 would have reached the 25<sup>th</sup> week of pregnancy from early January, the first payments will be in January 2009.

Social Fund Loans - are repayable interest free loans:

Budgeting Loans are to help spread the cost of budgeting for items such as a cooker, a bed. Applicants must have been on Income Support/JSA for at least 26 weeks. Certain criteria must be met.

Crisis Loans are to help people who cannot meet their immediate short-term expenses in an emergency. Awards are discretionary.

Community Care Grant from the Social Fund – are to help people in particular groups, e.g. elderly or disabled people. They must be eligible for Income Support. Awards are discretionary.

### ? Winter Fuel Payment

➔ **WintFuel**

**In the last 12 months have you received Winter Fuel Payment in your own right?**

1. **Yes**
2. **No**

**Please include any one-off age related payments to help pay for living expenses, including Council Tax bills which were paid with the Winter Fuel Payment.**

*Ask if Respondent is aged 60 or over*

/ Question Information for Winter Fuel Payment

#### Winter Fuel Payment

A one-off payment of £200 to help towards winter fuel bills each year. Paid to all households that include someone aged 60 or over, who is ordinarily resident in Great Britain.

Households with someone aged 80 or over receive an additional payment of £100. From Winter 2004/05, eligible households with someone aged 70 or over will also receive a one-off payment of £100 to help with living expenses, including council tax bills. This one-off payment is being paid automatically in most cases with Winter Fuel Payment so record it here and open a note to specify the separate amounts. If it is not paid with Winter Fuel Payment, record the details at Ben5Q (code 9).

## State & Other Benefits and Pensions

NOT to be confused with cold weather payments which is an award to families on Income Support, income based Job Seekers Allowance or have a child under 5, when the temperature falls below zero for 7 consecutive days.

### Age-Related Payments

Age-Related Payments are being made during Winter to many households where someone aged 65 or over lives. There are two Age-Related Payments – one to help with Council Tax bills, and the other to help with additional living expenses. Only one of the Age-related payments will be received. It is not possible to receive both payments.

In a very small number of cases, the respondent will not receive Winter Fuel Payment. In these cases, record the Age-Related Payment as 'Any National Insurance or State benefit not mentioned earlier' (Code 8 at question Ben5Q). You will then be asked for the name of this 'other benefit', before being asked a few other questions about the period of time it has been received and the amount received.

There is a complex entitlement system for Age-Related Payment. A person will qualify for Age-related payment based on their age and whether they received Pension Credit during the qualifying week 19-25<sup>th</sup> September 2005. The amounts received will also differ according to the individual's circumstances but if received at all will be £50, £100 or £200.

Those who will NOT receive Age-Related Payment:

- If the respondent does not receive Pension Credit and has a partner aged under 65 who is claiming Income Support or income-based Jobseeker's Allowance then the respondent will not receive an age related payment.
- If the respondent is aged under 70 and receives Pension Credit (guarantee credit element)

Those who should get Age-Related Payment:

If the respondent does not get Pension Credit or gets the 'savings element' of Pension Credit he/she will receive an Age-Related Payment for Council Tax bills.

The respondent will receive £200:

- He/she is aged 65 or over and lives alone
- Respondents are a couple living alone and the respondent and his/her partner are 65 or over will receive a household payment of £200.
- If the respondent is aged 65 or over and lives with a couple who receive the 'guarantee credit element' of Pension Credit
- If the respondent is the only person living in a care home who qualifies for Age Related Payments

## State & Other Benefits and Pensions

The respondent will receive £100:

- If the respondent is aged 65 or over and lives with another person (who is not his/her partner) or lives with a couple who are also aged 65 or over
- If the respondent lives in a care home

The respondent will receive £50:

- If the respondent is getting the 'guarantee credit element' of Pension Credit and the respondent or partner are aged 70 or over a household payment of £50 will be given to help with living expenses.

For those of you with internet access the following website sets out the qualifying criteria:

### ☞ Soft Check

It is unusual to receive extended housing benefit. It is only available to claimants who had been on income support, income based jobseeker's allowance, Incapacity benefit or severe disablement allowance and the entitlement ended because the claimant recently started work or increased work hours or pay, in these cases they may be entitled to receive the same amount of housing benefit and/or council tax benefit for up to four weeks after benefits ceased. Check with respondent whether these conditions apply to them. If not do not record the respondent as in receipt of extended housing benefit as housing benefit receipt has already been recorded earlier in the interview.

If respondent insists that extended housing benefit is received record here and the amount and make a note that the respondent does not meet the criteria but insists they receive extended housing benefit.

### / Question Information for Benefit Question 5

#### Extended Payment of Housing Benefit/Council Tax Benefit

People who leave benefit because they start work or increase their part-time hours or earnings may be eligible for continuation or run-on of Housing Benefit or Council Tax Benefit (or both). They must have been in receipt of JSA(IB) or Income Support for 26 weeks. This extended payment has to be claimed separately from the 'normal' Housing benefit/Council Tax Benefit and is added on as 4 extra weekly payments. It can be received any time over the past 6 months.

#### Bereavement Payment (formerly Widow's Payment)

A lump sum paid immediately after the spouses' death provided that he/she had paid enough NI contributions. As the amount received is a fixed rate (£2000) there is no follow up question asking the amount. In addition, a widow or widower may receive Widowed Parent's Allowance, Bereavement Allowance or Widow's Pension (see earlier question).

#### Child Maintenance Bonus

Child Maintenance Bonus (now phased out and replaced with Child Maintenance Premium) was available to Income Support and JSA (IB) recipients who have a dependant child. They must also have been in receipt of child maintenance for that child. While they were on benefit, they could accrue a bonus up to a maximum of £1000.00. That bonus accrued weekly at the amount of maintenance received to a maximum of £5 per week. The bonus was only payable if and when the customer came off benefit to start full time work.

#### Child Maintenance Premium

Changes in the way that child maintenance is calculated have resulted in Child Maintenance Bonus being phased out when the reforms take effect. For those who are already getting child maintenance, the amount they can receive will build up until they are transferred to the new system. For those who apply after the new system is

## State & Other Benefits and Pensions

introduced (or are transferred to the new system), they will be able to keep up to £10 a week of the maintenance paid for their children. This is called Child Maintenance Premium.

### Lone Parent's Benefit Run-On

The Lone Parent's Benefit Run-On entitles a lone parent who leaves Income Support or Job Seeker's Allowance (Income Based) to go into work to an extra 2 weeks IS. This is provided that the lone parent has been on IS or JSA (IB) continuously for at least 26 weeks, that they have been a lone parent throughout that period, and that the work is for at least 16 hours a week and expected to last for at least 5 weeks.

From 25 October 2004, Lone Parent's Benefit Run-on was replaced by a new Job Grant. This is a tax free payment payable if the person is taking up full time work of at least 16 hours per week. The amount depends on individual circumstances:

- £100 for single people and couples without children
- £250 for all lone parents and couples with children

### Work-Search Premium

The Work-Search Premium was introduced into 8 pilot areas to help remove the disincentive of the costs of job search. It is available to lone parents who have been on IS or JSA (IB) for 12 months or more, and who agree to search actively for work.

The premium is an award of £20 per week, and is paid in addition to benefit for up to six months of intensive consistent work search activity.

### In-work Credit

Introduced in tandem with the Work Search Premium in 18 pilot areas. It is available to lone parents who have been on IS or JSA (IB) for 12 months or more, and is payable for the first 12 months in work to encourage and assist lone parents to leave benefits for full-time employment. The credit is worth £40 per week.

### Work –related Activity Premium (WRAP)

Provides a £20 per week payment for lone parents for up to six months in addition to income support. WRAP will be made available to those in the 7 pilot areas who have been on qualifying benefits (IS, JSA or IB) for at least 6 months, whose youngest child is aged 11 or over and who engage in some agreed work-related activity. WRAP will replace the existing Work-search Premium (WSP) in April 2007, but WSA is retained as a category at question [benefit question 5](#) as it could be relevant to those receiving this payment in the 6 months prior to April 2007.

### Return to work Credit

Introduced to reward those recipients who come off benefits to return to work. It is a credit worth £40 per week and is paid to those earning up to £15,000 per annum.

! Hard Check

Any National Insurance or State benefit not mentioned earlier includes:

- Cold Weather payments
- Earnings Top-Up: being piloted in some areas from October 1996, may be paid to lower paid people working more than 16 hours per week.
- Reduced Earnings Allowance: this might be paid to a person disabled as a result of an accident at work or an industrial disease before October 1990, if their earning capacity fell as a consequence. The allowance is tax-free.
- One-off payment to people aged 70 or over to help them with living expenses e.g.council tax bills
- any other benefit

Do NOT include the Christmas Bonus paid automatically to recipients of certain benefits in December. It does not need to be recorded anywhere. The name of the benefit should be stated at the text question Other Name Benefit below.

? Household Benefit Unit

↔ **HBothBU**

**In Benefit Units other than that of the Household Reference Person, there follow questions about receipt of Housing Benefit/rent rebate. If the benefit unit consists of two adults, these questions should be asked of the benefit unit as a whole, rather than to the members individually. The questions are asked to those who were asked about the rent they pay in the intra-household contributions section in the household questionnaire.**

**Some people qualify for Housing Benefit, which is a rent rebate or allowance. Are you receiving Housing Benefit, either directly or by having it paid to your landlord on your behalf?**

1. Yes
2. No

## State & Other Benefits and Pensions

*Ask if HHStat = 2 (shared household arrangements: identity of HRP is unclear or arbitrary e.g. Students, nurses, unrelated adults etc sharing on an equal basis)*

If respondent claims they are in receipt of Housing Benefit but neither they, nor their partner, are in receipt of Income Support the following check is triggered.

? Benefit Amount 1

↔ BenAmt

[BENEFIT NAME]:

How much did you get last time for [benefit name]?

**(IF COMBINED WITH ANOTHER BENEFIT AND UNABLE TO GIVE SEPARATE AMOUNT, ENTER 'Don't Know' FOR BOTH/ALL SUCH BENEFITS)**

**[IF PENSION CREDIT RECEIVED FOR GUARANTEE CREDIT AND SAVINGS CREDIT ENTER TOTAL RECEIVED HERE]**

**Record the FULL amount of benefit actually received not just the amount withdrawn from the account. The amount taken from the account may be only part of the benefit received. If the respondent does not know the actual amount received, code don't know and make a note.**

*This question is asked if respondent confirms they are in receipt of any benefits*

An amount should only be entered if it is solely for the benefit named on-screen. In cases where two or more benefits are paid in combination, check any documentation and if it lists individual benefit amounts, enter them as appropriate. An Award Notice should itemise in this way. If it is not possible to identify individual amounts, enter 'don't know' for both/all benefits concerned. Never enter a combined benefit amount, i.e. covering more than one benefit coded at Benefit Question 1 to Benefit Question 5, at any single Benefit Amount. If 'dk'.

---

? Don't Know Benefit Amount 1

↔ BenAmtDK

**IS THIS 'DON'T KNOW' BECAUSE IT'S PAID IN COMBINATION WITH ANOTHER BENEFIT, AND YOU CANNOT ESTABLISH A SEPARATE AMOUNT?**

1. Yes INTERVIEWER: Leave your 'Amount' answer as 'Don't know' and ENTER THE COMBINED BENEFIT FIGURE IN A NOTE, with explanations as needed.
2. No

*This question is asked if respondent confirms they are in receipt of any benefits*

## State & Other Benefits and Pensions

If 'Yes', the note should state the following:

- the name of the household member concerned;
- the names of the individual benefits covered by the payment;
- the total amount received;
- the period covered;
- any other information which might be useful (e.g. whether paid at lower or higher rate).

'Don't know' should also be entered at Benefit Amount for the other benefit(s) concerned, and a note made cross-referencing the other(s). The 'don't knows' in these circumstances are not included in the count of DK/refusals in the questionnaire. It is important to give accurate details so that office editing can be done to apportion the total amount if possible. In cases where combined amounts cannot be apportioned at the edit stage, the combined figure is given to DWP.

26. Six months/26 weeks
52. One year/12 months/52 weeks
90. Less than one week
95. One off/lump sum
97. None of these (EXPLAIN IN A NOTE)

*This question is asked if respondent confirms they are in receipt of any benefits*

For some benefits there are checks if the amount received (or weekly equivalent) either differs from the set rate or rates for that benefit, or in the case of income-related benefits, if it falls outside the normal range of payments.

It is important to probe or check these where possible, to ensure that the correct benefit type has been recorded, or the correct figure entered. Please see instructions at some individual benefits above.

## State & Other Benefits and Pensions

If doing this does not resolve the check, please make a note for the editors. The note should either confirm that the benefit type and amount is confirmed as correct – and if a document was consulted, say this - or give as much information as possible to enable the editor to amend it if necessary, for example if a certain rate is received (standard, low, middle, high) but they don't know exactly how much it is.

If respondent receives Pension Credit and the weekly amount is more than £250 the following check is triggered.

### Soft Check

Are you sure? The maximum normally received for Pension Credit is £250 per week.

10. **Graduated Pension – based on contributions paid between 1961 and 1975 and any increments earned by putting off retirement**
11. **Invalidity Addition because you were getting Invalidation Allowance shortly before you reached State Pension Age**
12. **Money for other people**

*Ask if Ben1Q = 4 (Retirement Pension (NI), or Old Person's Pension)*

*And HowBen = 1 (Direct to current bank/building society/post office account)*

*And BenLettr = 1 (yes)*

The process employed by DWP for sending entitlement letters for benefits and retirement pension etc. has changed whereby respondents will receive letters which are more individually tailored to them.

Entitlement letters for retirement pension will no longer be provided on a regular basis which will mean that it will not be as easy to record information on elements of retirement pension.

Where an entitlement letter is available or the component elements of the pension are known by the respondent, record the components wherever possible- being mindful of the need for accurate information on the FRS. If the elements are not known record the total amount received.

### ? Including Payment from CSA

➔ **Maint**

**Can I just check, does your Income Support/Pension Credit include any payment from the Child Support Agency for your child(ren)?**

**THIS MAY BE THROUGH A COURT ORDER, CSA ASSESSMENT OR WRITTEN MAINTENANCE AGREEMENT.**

Ask if

[Ben3Q = 2 (pension credit), 3 (income support)

And DVAge of child is < 16]

OR

[DVAge of child is > 16

And TypeEd = 7 (non-advanced further education/ 6<sup>th</sup> form/ tertiary/further education college)]

The DWP want to know about all cases where child support is received, which includes people on Income Support/Pension Credit who don't themselves receive any extra money. A parent on Income Support/Pension Credit whose ex-partner pays child support to the CSA has their benefit reduced pound-for-pound. If the money is simply passed on to them separately from the Income Support/Pension Credit, the Income Support/Pension Credit is reduced by the same amount. Alternatively they can opt to take the child support as part of their benefit, the advantage being that even if the partner stops paying, the parent still gets their full benefit (it's up to the CSA to collect the money). Code 'yes' if the latter situation applies, code 'no' if the money is passed on separately from Income Support/Pension Credit.

If Pcomp is Coded 1-2 and the follow-up questions PCmpAmtG and PCmpAmtS are coded 'Don't Know' the following soft check will appear.

## State & Other Benefits and Pensions

### ☞ Soft check

Respondent is consulting award notice but cannot give the breakdown of components. Please check ALL pages of award notice and look out for section titled "How pension credit has been worked out" to find the breakdown. If respondent has only kept first page, please make a note.

If the amounts recorded in Pension Credit Guaranteed Element AND Pension Credit Savings Element do not equate to the total amount of Pension Credit received the following check is triggered.

### ☞ Soft check

The Savings and Guarantee elements of pension credit should add to make the total amount of PC received.

If the amounts cannot be reconciled make a note to explain the circumstances.

*Ask if Working = Response*

The DWP interest here is in regular income from an insurance policy, in the event of change in employment status or health, rather than, for example, to pay for medical treatment/expenses. One off / lump sum payments should be excluded.

Code 1 covers any income from an insurance policy which provides benefits in the event of loss of earnings due to redundancy or unemployment.

**SHOW CARD K1**

**Are you at present receiving an income from any of the sources shown on this card?**

**CODE ALL THAT APPLY**

1. An employee pension from a previous employer
2. Widow's employee pension (PENSION FROM PREVIOUS EMPLOYER OF DECEASED SPOUSE OR RELATIVE)
3. A personal pension
4. A pension as a member of a Trade Union or friendly society
5. An annuity (includes home income plan or equity release)
6. A trust or covenant
7. A share of an employee or personal pension from an ex-spouse/partner as a result of a court order or settlement made on divorce
8. None of these

*Asked of all adults*

☞ Soft check

Check that the annuity mentioned includes home income plan or equity release. Annuities purchased from pension funds are excluded from Code 5. Annuities from an occupational pension should be coded as Code 1 'Employer pension'. Annuities from a personal pension should be coded as Code 3 'Personal pension'.

This question relates not only to a private pension received by the informant from their own previous employer but also to a private pension from the employer of a deceased spouse or other relative. Also include receipt of pensions from a current employer.

/ Question Information for Any Other Sources of Income

An occupational pension from an overseas government or company should be accepted at this question, if paid in sterling.

If paid in foreign currency, the pension should be treated as unearned income and entered at Royalties.

Regular income from an insurance policy or from equity release (and not purchased from pension funds) should be included under 'annuity'. Under equity release schemes (such as Home Income Plan, Reversion schemes, Retirement Home Plan) elderly property owners may take out a loan secured on their home and use it to buy an annuity, part of which provides them with an income. Such a loan/mortgage should be recorded as a second mortgage in the household questionnaire (provided interest on the loan is being paid).

A soft check has been added to AnyPen to double-check that Code 7 'A share of an employee or personal pension from an ex-spouse/partner as a result of a court order or settlement made on divorce' applies to the respondent who was earlier identified as being a widow in receipt of widow's pension or benefits.

☞ Soft Check

The respondent receives Widow's pension. Are you sure that they receive a 'share of an employee or personal pension as a result of a court order or settlement on divorce'? Should you have coded 2 'widow's employee pension' instead? Please check the circumstances and explain in a note if necessary?

- 6. The cost of services provided (cutting grass, maintenance etc).**

*Ask if Royal = 1 (Rent from any property)*

If the accommodation is furnished, there is a 10% allowance on rent for wear and tear of the furnishings. Other allowances may be taken into account for tax purposes.

## Income from Pensions, Trusts, Royalties and Allowances

The question refers to other physical property (i.e. buildings), and is intended to cover mainly:

- i) property where one of the respondents is a private landlord
- ii) income from e.g. second homes or holiday homes which are let.

It can include property both in this country and abroad.

If the respondent has more than one property, enter the total amount of rent received.

If the respondents jointly own a property that is being rented then identify both of them at this question and then apportion the amount of income received.

This question asks for all rent received over the last 12 months even if the property has been sold and therefore no longer owned by the respondent.

The following sources of income should NOT be included on FRS:

- (i) Sale of house, stocks and shares or any other assets.
- (ii) Maturing life policies, cash-in or life assurance.
- (iii) Pools or lottery wins.
- (iv) Legacies.
- (v) Cash gifts from friends or relatives inside or outside the household.
- (vi) Honoraria (An honorarium is earned income and should be entered at Bonus).

Items (i) to (vi) are regarded as 'windfall' income and should not be included in the survey.

Life assurance/insurance/endowment policies with a savings element should not be included. The assumption would be that on maturation the money would be spent or transferred into one of the savings or investment types that are recorded.

? Receiving any Maintenance

↔ MntRec

### SHOWCARD K4

Now, I'd like you to think about any child maintenance (apart from the maintenance included in your Income Support). Are you receiving any formal or informal money payments from a previous partner for your [child/children]? Please include payments you receive regularly and those you receive only now and again. It doesn't matter whether payments are received directly, passed on by a court, the CSA or DWP.

1. Yes
2. No
3. Use this code if it's clear that there are no previous partner(s) AND no children from any previous liaison/partnership

Include both formal and informal payments received either regularly or irregularly at this question. Exclude presents on birthdays or on religious festivals (e.g. Christmas).

*Asked of all adults in benefit unit*

/ Question Information for Receiving any Maintenance

Use Code 1: 'Yes' if:

any payments are being received from a previous partner either directly, or passed on by a court, the CSA or DWP (separately from any Income Support payment – see below).

Use Code 2: 'No' if:

- a) There is any previous partner who might therefore potentially be liable to make or, indeed, to receive, maintenance payments or,
- b) If the respondent has any children from a previous partnership or liaison (however brief). Such children do not need to be members of the household, or in the custody of your current respondent (e.g. they might be with the ex-partner).
- c) If payments *are* being made by an ex-partner to DWP, but the respondent doesn't actually receive any money, because otherwise it would be deducted from benefit.

Use Code 3 only when the respondent explicitly states that there are NO circumstances (former partners or children by previous liaisons) which could make the respondent

## Maintenance, Allowances and Other Sources of Income

potentially liable either to PAY or to RECEIVE maintenance. This will prevent any further question on this topic coming up for this respondent.

This showcard relates to 'MntRec'.

### SHOWCARD K4

Informal payments may be received as an item or as money to buy or contribute to particular items.

Examples of items include:

- Food (including school meals)
- Mortgage, rent, bills or other household costs
- Transport costs
- Childcare costs
- Clothes or shoes (including school uniform)
- Substantial items (including car, sofa, washing machine etc.)
- School trips
- Activities/outings/socialising
- Holidays
- Pocket money for child
- Savings account for child
- Mobile phone (including paying phone bills and top-ups)
- Toys, games or books

There follow some questions about any maintenance being received by the respondent, unless it is paid as part of Income Support. In such cases this question will only be asked if the respondent is receiving a separate maintenance payment at Receiving any Maintenance, and will include the textfills in [ ].

2. Paid via DWP/CSA

Ask if MntRec = 1 (Yes)

Maintenance payments are increasingly handled by the Child Support Agency. If a respondent answers that a payment is made via the CSA or the DWP both of these should be coded as 2.

It is possible to code both situations, in which the subsequent questions Maintenance Payment Amount to Who is Maintenance For will be asked for each arrangement, and there will be a display screen as follows for each in turn.

1. a regular allowance from a friend/relative **OUTSIDE** the household
2. a regular allowance from an **ORGANISATION**
3. an allowance from a local authority for a **FOSTER** child
4. an allowance from a local authority for an **ADOPTED** child
5. **None of these**

*Asked of all adults*

☞ Soft check

If Allow = 3 ('an allowance from [Social Services/Local Authority] for a foster child) AND NOT R = FChild (foster child) or R = Fparent (Foster parent)

The respondent is in receipt of an allowance for a foster child but foster parent/foster child is not recorded in the relationship grid. Please check details of the foster child and foster parent. Record their name or person number (as recorded in the household grid) and relationship).

The relationships will be amended by the editors. **DO NOT** change the household grid information yourself at this stage in the interview as this could corrupt the household and Benefit Unit calculations.

## Maintenance, Allowances and Other Sources of Income

If the respondent is a student who has received a parental contribution at the earlier question Parental Contribution Amount, do not double count the income by also including it here. If there is an amount at Parental Contribution Amount, the above question begins '(Apart from any income already mentioned)'.

/ Question Information for Other Income Tax Amount

These questions pick up any income tax paid to Inland Revenue which is not covered elsewhere in the questionnaire.

Do not include tax deducted at source from pay, pensions, annuities, accounts and investments, or tax paid in relation to self-employment, which are all recorded at the questions on those sources of income (even if only implicitly indicated as being 'after tax' and no tax amount is recorded).

Include payments direct to Inland Revenue, such as those declared on a Self-Assessment Tax Return; for example higher rate tax payers are responsible for paying the second 20% on investment income (the first 20% being deducted by the bank, share company etc). Tax on employment earnings not paid through PAYE should be covered here (e.g. a payment demanded due to previous underpayment).

Exclude any payment of Value Added Tax (VAT), Capital Gains Tax or an amount set aside for payment of income tax.

This question is only asked of those who are not in work as employees or self-employed, whose contributions are recorded in the pay/profit blocks.

? Odd Jobs

↔ OddJob

**QUESTIONS ABOUT OCCASIONAL WORK AND ODD JOBS**

**SHOW CARD K7**

During the last 4 weeks, have you received any money from the kinds of work shown on this card, which we have not yet covered?

**CODE ALL THAT APPLY**

1. **Babysitter**
2. **Mail order agent**
3. **Odd job, occasional work or professional advice**
4. **No to all**

*Asked of all adults in benefit unit*

For the exact dates included in the FOUR WEEK period, use your calendar.

The purpose of this question is to account for any income received from babysitting, acting as a mail order agent, or an 'odd job', which would not have been accounted for at the employee, subsidiary employee or self-employed questions. Note that it doesn't matter whether the work was carried out in the 4 weeks - it is the receipt of income in that time which counts.

An 'odd job' is defined as a job which is undertaken once only at one specific point in time and without any regularity or continuity. It is therefore non-recurring. Also if a respondent had a job that only lasted a short period of time, probe as to whether the original intention of the work was that it would be regular, even if this did not turn out to be the case. If a job is carried out repeatedly, even at irregular intervals and regardless of the number of hours worked, it should be treated as a regular job, e.g. service in the Territorial Army.

Note: Students' holiday jobs should not be shown here but should be coded according to the situation at the time of interview.

? Type of Odd Job

↔ **OJTyp**

**ODD JOBS / OCCASIONAL WORK**

**What kind of work did you do/advice did you give?**

**IF RESPONDENT HAS MORE THAN 1 'ODD JOB' ANSWER FOR ONE JOB AT A TIME HERE.**

*Ask if 3 (Odd job, occasional work or professional advice)*

---

? Odd Job in Last Week

↔ **OJNow**

**Did you do this job in the last 7 days, since [date]?**

*Ask if 3 (Odd job, occasional work or professional advice)*

---

? Odd Job Regular Work

➔ **OJReg**

**Is the job done on a regular basis?**

*Ask if 3 (Odd job, occasional work or professional advice)  
And OJNow = Yes*

☞ Soft Check

If both Odd Job in Last Week and Odd Job Regular Work = Yes.  
Is this in fact a regular job? If so, GO BACK to the 'work' section and enter it there as a 1st, 2nd or 3rd job at 'Working' or 'NumJob'; then press END and delete odd job details, but if odd job is genuine, suppress warning and write a Note.

---

? Payment for Odd Job

➔ **OJAm**

**How much did you receive for that job?**

*Ask if 3 (Odd job, occasional work or professional advice)*

☞ Soft Check

Exceeds £1000! Is this a regular job? If so, GO BACK to the 'work' section and enter it there as a 1st, 2nd or 3rd job at 'Working' or 'NumJob'; then press END and delete odd job details. But if odd job is genuine, suppress warning and write a Note.

If you come across either of these checks, probe as to the nature of the job. If it is a regular commitment, however infrequent, you should return to the question Working or NumJob, as appropriate, at the beginning of the questionnaire, to increase the total number of regular jobs. Next you can press <End> to skip straight to the new questions that need to be asked about this job. When you have filled in description and pay details press <End> again and you will return to this check. Then delete the odd job.

There is no period code because by definition an odd job is one-off.

---

? Payment for Other Odd Jobs

➔ **OJOther**

**Did you receive any money for any other odd jobs in the last 4 weeks?**

*Ask if 3 (Odd job, occasional work or professional advice)*

## Pension Schemes

### THE QUESTIONS THAT FOLLOW ARE ABOUT PENSION PROVISIONS

---

#### ? Pensions

##### ➔ PensDV

The questions on pensions were re-designed for the 2006/07 FRS survey. The new questions were intended to collect higher quality, more accurate information.

A new variable is produced automatically called Pensions. This variable is be used to control the routing of the questionnaire through the pensions block. Pensions has three categories:

1. Aged under 70 and an employee or doctor or dentist in practice.
  2. Self-employed (of all ages) or under 70 years of age and has previously worked but is not currently in work.
  3. For respondents who are not self-employed and are over 69 years of age, and those who have never worked (all ages).

## ? Employer Pension

↔ EmpPen

### SHOW CARD L1

Thinking about the pension scheme run by your employer, which of the pension arrangements described on this card best describes your employer pension?

1. A group personal pension (these are personal pensions arranged by an employer for a group of employees)
2. A company or occupational pension scheme
3. A group stakeholder pension (these are stakeholder pensions arranged by an employer on behalf of employees – the employer may or may not contribute to such a pension)
4. None of these

Ask if MemSchm = 1 (Yes)

If respondent has a stakeholder pension run by their company this should be coded as stakeholder and NOT occupational. This question only refers to employer-based pensions. Exclude personal pensions.

We are interested here in the type of employer-based pension, and it may be helpful if the respondent can refer to documentation. The helpscreen information is reproduced here, as there is a lot of information.

/ Question Information for Employer Pension

#### Group Personal Pensions

A group personal pension (GPP) is effectively a series of individual personal pensions provided by a single life insurance company, but organised by an employer. Both the employer and the employee can contribute to a group personal pension and these contributions will be limited to the Inland Revenue maxima based on the member's age.

#### Company Pensions

A company pension is gained as a result of salaried employment, and is sometimes referred to as an occupational or superannuation pension.

Employees are generally referred to as members of the Scheme. The scheme is generally paid for by the Employer who makes contributions into a fund. In many schemes the employee may also be required to contribute.

### Group Stakeholder Pensions

Like personal pensions, Stakeholder Pensions are sold by insurance companies, banks and building societies, as well as by some trade unions. As with Group Personal Pensions, employers can make an arrangement with a pension provider and offer their employees a group stakeholder pension scheme.

There are some differences between stakeholder pensions and other types of personal pensions.

SHPs have to meet certain standards set by the Government to make sure they offer value for money, flexibility and security

- the charges are capped;
- there are low minimum payments;
- they are more flexible than many other private pension schemes -you can choose when and how often you pay into the scheme and there are no penalties if you miss a payment; and
- other people, as well as an employer, can pay into a stakeholder pension on your behalf. That means that partners or other family members can help you to save for your retirement.

2. The scheme is non-contributory, but I do pay something to make additional provision for myself or my dependants
3. The scheme is non-contributory. No-one takes money off my pay each week or month

Ask if MemSchm = 1 (Yes)

☞ Soft Check

Earlier the respondent said that he/she made a 'contribution to a pension or superannuation scheme'. Please check whether contributions to pension were taken out of their salary or wage.

/ Question Information for Type of Scheme

It may be helpful to consult a payslip if available.

Code 1: If the scheme is fully contributory, a typical contribution would be about 8% of gross pay. Sometimes an extra contribution of perhaps 1% or 2% for dependents (e.g. widows/widowers pension) may be made.

Code 2: applies if the employee does not contribute to the basic pension -the employer pays it all - but does pay a contribution of perhaps 1% or 2% of pay for extra benefits for self or dependents (e.g. widows/widowers pension). Such an arrangement applies to Civil Servants and some other public servants.

Code 3: applies if the employee does not contribute to the pension at all.

/ Question Information for NI Contributions in Pension

### State Pensions

The pension paid from the state can be divided into essentially two layers.

#### The Basic State Pension

The Basic State Pension provides a basic flat-rate level of pension, rising year on year with the rise in price inflation and is available to all those who have paid a sufficient number of years of National Insurance contributions.

#### Additional State Pension

The second layer is an earnings related pension and effectively provides a top-up pension based on an individuals level of earnings over their career. Unlike the Basic State Pension, the amount of pension the individual receives from the Additional State Pension is dependent upon the amount the person earned, and hence the total National Insurance contributions they paid across their career.

#### Contracting Out

Contracting out is a mechanism that permits individuals to give up their right to an Additional State Pension and either pay a reduced level of National Insurance in the case of an Occupational Pension scheme or receive a rebate from the Inland Revenue in the case of Personal/Private or Stakeholder Pensions. Instead of paying into the State Earnings Related Pension Scheme (SERPS) or into the State Second Pension (S2P), employees can join a contracted out occupational pension scheme (if the employer operates one) or take out an appropriate personal pension.

/ Question Information for Personal Pension

Personal pensions

Introduced in 1988, a personal pension is a kind of pension that people set up for themselves, with a pension provider such as a bank, life assurance company or building society. It is entirely your own, which means you can continue to contribute to it if you move jobs. Personal pensions are the most common pension arrangement for people who are self-employed.

Stakeholder pensions

Introduced in 2001, SHPs are a special type of low-charge personal pension. SHPs are suitable for people who are self-employed, moderate and low earners, and those who do not have an income of their own but can afford to save for a pension (e.g. women on a career break). SHPs can also be set up for children.

EMA is a Department for Education and Skills (formerly Department of Education and Employment) scheme to see if financial incentives will encourage school retention rates after age 16. Up to £30 per week can either be paid directly to the student or to a parent – generally the mother.

## Adult and Child Social Deprivation

This section looks at a large number of items that can be associated with standard of living. For the purpose of this study, hardship is defined by the respondents':

- ability to afford a number of items that most other people agree families ought to have;
- their other 'unmet needs' ; and
- whether they are managing their money and staying clear of problem debts – that is debts they cannot repay and are 'getting behind with the repayments

These questions will be used to gain a better understanding of people's living standards and the spending choices that they make. No single one of these items is a very adequate measure, but taken together they add up to a very sensitive measure of family material well – being or hardship.

The series of questions which determine hardship are either factual or opinion based. For them to effectively determine hardship and deprivation the answers must reflect the respondent's interpretation of the question. Do not attempt to guide or re-phrase the question. If the respondent does not understand what is being asked (for instance they are unclear about what we mean by 'all weather shoes'), simply repeat the question and ask them to answer it to the best of their ability. Please do not give your translation of a phrase or question.

The questions will only be asked of ONE adult in the benefit unit. The respondents can then answer together if they wish. The computer will randomly select the adult required to answer the deprivation questions.

### ? Who Answers Deprivation Section

#### ↔ WhoDepQ

**The next set of questions should be answered by [Name].  
(You can answer the questions together if you wish).**

**Enter [Name of randomly selected or only adult in BU] below if they are available to answer these questions now. Otherwise enter [Name].**

1. [Name 1]
2. [Name 2]
3. **Interview is being conducted by proxy for this respondent/Benefit unit**

*Asked of selected adult in Benefit Unit*

## Adult and Child Social Deprivation

If there are 2 adults in the benefit unit, it is permissible for them to answer the questions together.

Code 3 should only be use in cases where the interview is conducted entirely by proxy. If any of the name(s), respondent(s) is/are available then these questions must be asked of that respondent.

If there is more than 1 adult in the Benefit Unit and the person recorded to answer the questions is not the name of the randomly selected adult:

### ☞ Soft Check

The questions should have been answered by [^Name of randomly selected adult] but you have entered [^Name of non selected adult]. If this is because [^Name of non selected adult] is not present, suppress the check and continue. Otherwise ask [^Name] to answer these questions.

If only 1 adult in the Benefit unit and the interview was earlier coded as being proxy, if code 1 or 2 entered at Who Answers Deprivation Section, the following check is triggered.

### ! Hard Check

You have entered that this interview has been conducted in person but earlier said that the interview was being conducted by proxy. If the interview is a personal interview you **MUST** now ask the affordability questions.

Note this will appear at the end of the interview just before the admin block.

If 2 adults in the Benefit unit and the interview was earlier coded as being proxy, if code 1 or 2 entered at Who Answers Deprivation Section, the following check is triggered.

### ! Hard Check

You have entered that this interview has been conducted in person by 1 or more members of this benefit unit. Earlier you said that the interview was being conducted by proxy. If the interview is a personal interview for either respondent you **MUST** now ask the affordability questions.

Note this will appear at the end of the interview just before the admin block.

If there any dependent children in the Benefit unit, the following questions are asked about child deprivation:

---

## ? Child Deprivation Introduction

↔ CDeplnt

The next questions are asked about all the children you (and your partner) are responsible for in this household. Please think about [Names of children in BU] when answering these questions.

Respondents are asked to think of all of their dependent children when answering these questions. Cases may arise, however, where one child 'has' and one cannot afford or one 'doesn't need' and one cannot afford. In these cases priority coding is necessary. The priority will ALWAYS be cannot afford.

Therefore, the priority order is:

1. cannot afford,
2. doesn't need,
3. (all) have.

## Television

The Following questions; Number of Television Sets [1], Number of Television Sets [2] and Concessionary Television Licence are only asked of the first Benefit Unit respondent.

Questions about TV ownership are asked because people pay for TV licences as part of their household expenses. Certain groups of people have discounts to their TV licence fee e.g. the visually impaired. TV licence fees are also reduced for people who have a black and white television set. The amounts paid for TV licences need to be accounted for in the calculation of household income. Therefore, questions on both black and white and colour television sets are asked.

### ? Any Accounts

#### ↔ AnyAcc

Now there are some questions about accounts with banks, building societies, the post office, supermarkets, or other organisations. These could also be internet or telephone banking facilities.

Do you have now, or have you had at any time in the last 12 months any accounts? This could be in your own name only, or held jointly with someone else.

#### INCLUDE INTERNET/PHONE ACCOUNTS.

1. Yes –any account
2. No
3. Don't Know
4. Refuse

*Ask of all adults*

This first question simply identifies whether the respondent has (had) any of the types of account listed at the later questions. See below for further details of what does and doesn't count as an account.

## ? Type of Accounts

### ➔ Accounts

#### SHOW CARD N1

Which of these accounts do you have now, or have you had in the last 12 months?

If respondent has an internet or telephone account but type of account is not known ask respondent what they predominantly use their account for to establish whether it is a current account or savings account.

1. Current account with a bank, building society, supermarket/store or other organisation (including internet and telephone banking)
2. Basic Bank Accounts including introductory/ starter accounts (including internet and telephone banking)
3. Post Office card accounts
4. National Savings Bank (Post Office) - Easy Access Savings or Ordinary Account (including internet and telephone banking)
5. National Savings Bank (Post Office) - Investment Account
6. ISA (Individual Savings Account) (including internet and telephone banking)
7. Savings account, investment account/bond, any other account with a bank, building society, supermarket/store or other organisation (including internet and telephone banking)
8. Credit Union
9. Internet or telephone banking – type of account not known
10. None of these

Ask if AnyAcc = 1 (Yes – any account)

### / Question Information for Type of Accounts

Note that codes 2 and 3 differ from normal current accounts in that they are designed purely to allow the administration of benefits. Many will not offer the facilities associated with a current account such as an overdraft etc. See below for more information.

Current accounts – offer the widest range of banking services. You can pay other money into these accounts and some let you use the Post Office to get your money.

Basic bank accounts – have the basic features of a current account, but won't allow you to have an overdraft. Most allow Post Office access to your cash.

The Post Office card account – is an account designed for the collection of benefits, state pensions and tax credits only, so you can't pay any other money in. The POCA cannot be used for receiving cheques, setting up direct debits, standing orders or paying bills etc.

Code 4 - The National Savings Bank (Post Office) Ordinary Accounts ceased to exist

## Adults' Savings and Investments

after 31 July 2004 and was replaced with the Easy Access Savings Account.

Note that code 7 includes bank and building society savings bonds, but not National Savings and Investments Bonds, with profit or distribution bonds or insurance bonds, which are dealt with later on.

Code 9 - none - is not possible, as the question is only asked if the respondent has any account. If the respondent has no account of the types at this question after all, recode AnyAcc to 'no'.

Include current and savings accounts with supermarkets (e.g. Sainsbury's Bank) or telephone banks (e.g. First Direct), or internet banking at 1 or 7. Do not count credit accounts where money is paid into it in advance (e.g. by direct debit) for goods, but can't be withdrawn. A current account by definition is an account used for day to day transactions. There is immediate access to the money – usually by a card for cash machine withdrawal and/or a cheque book.

A savings account is not normally used for day to day transactions and there is often a minimum deposit and a notice period for withdrawals.

Life assurance/insurance/endowment policies with a savings element should not be included. The assumption would be that on maturation the money would be spent or transferred into one of the savings or investment types that are recorded.

### Tax Exempt Special Savings Accounts

TESSA's ceased to exist from April 2004 and all references to them have now been dropped.

TOISAs (TESSA-only ISAs):

From 6 April 1999, savers were able to transfer the capital from a maturing TESSA into the new Individual Savings Account (ISA). See below for details of ISAs.

### Individual Savings Accounts

Introduced on 6 April 1999, Individual Savings Accounts, or ISAs, are intended to develop and extend the savings habit and ensure that tax relief on savings is fairly distributed. UK residents aged 18 or over are eligible to hold them. There are annual ceilings on investment, and income from ISAs is tax-free.

ISAs are provided and managed by financial institutions such as banks, building societies and insurance companies. There are 2 components:

- Cash
- Securities (stocks, shares, unit/investment trusts, bonds, gilts, life insurance)

Please note that since April 2005 the life insurance component has been merged with the stocks and shares component. If a respondent informs you that their ISA is made up of a life insurance component you must code it as stocks and shares.

## Adults' Savings and Investments

These components may be held singly or collectively in various ways. Each year there are two options for opening an account:

- one 'Maxi' ISA, with a single manager: this must include the securities component; the other cash component is optional; or
- up to two separate 'Mini' ISAs, with different managers, one for each component.

All ISAs should be recorded at this question. Securities ISAs should not be recorded at the question on stock market investments held, Invests. The cash component can include some National Savings products.

Investment limits:

There are subscription limits in each tax year the maximum is £7,000 overall. How it is applied depends on the type of ISA. ISA managers must ensure that:

- Maxi ISA subscriptions do not exceed £7,000 of which no more than £3000 may be in a cash component and no more than £4000 may be in the stocks and shares (including life insurance) component;
- Mini ISA subscriptions do not exceed £4000 in a securities component £3000 in a cash component and £4000 in the stocks and shares component.

### Credit Union

A credit union is a financial co-operative similar in many respects to mainstream building societies. Its members both own and control the credit union, which is run solely for their benefit. All members of a specific credit union must share what is known as a "common bond", i.e. they must be connected in some way or another to the other members of that credit union. For example they could be employed by the same employer, or live or work in the same area. All the members pool their savings together into a single 'pot' from which loans can be made to members from that credit union. Members who have deposited money into the credit union receive an annual dividend while those to whom money is lent have to pay interest on the loan.

**(Exclude any interest from any Basic Bank Accounts).**

**(IF NONE, ENTER 0)**

**For any JOINT account, ONLY GIVE THIS RESPONDENT'S SHARE OF THE INTEREST**

*Ask if Accounts = 1 (Current account with a bank, building society, supermarket/store or other organisation), 2 ( Basic Bank Accounts including introductory/ starter accounts (including internet and telephone banking)), 4 (National Savings Bank (Post Office) - Easy Access Savings or Ordinary Account (including internet and telephone banking)), 5 (National Savings Bank (Post Office) - Investment Account), 6 (ISA (Individual Savings Account) (including internet and telephone banking)), 7 (Savings account, investment account/bond, any other account with a bank, building society, supermarket/store or other organisation (including internet and telephone banking)), 8 (Credit Union), 9 (Internet or telephone banking – type of account not known)*

Respondent is asked 'Acclnt' for all accounts held (except for 3 – Post Office card accounts)

This question is repeated for all named accounts. Include all interest, whether credited to the account, paid by cheque or to into another account, or withdrawn by the account holder. The total amount of interest credited in the last year from all accounts of the type mentioned in the question wording should be entered. If possible the respondent should refer to a statement, pass book, or bank statement.

/ Question Information for Account Interest

For current accounts only, this instruction is displayed:

IF ACCOUNT HAS BEEN HELD FOR 12+ MONTHS, AND INTEREST IS MONTHLY, ACCEPT MOST RECENT MONTH'S INTEREST AND MULTIPLY BY 12 FOR ONE YEAR'S WORTH.

Normally we expect you to probe for all interest received/credited during the year; however interest on current accounts may be as little as a few pence per month, and to look up 12 statements is burdensome, so it is acceptable here to multiply the last or a typical month's interest by 12. If the account has been held for less than a year, multiply by the appropriate number of months or add individual monthly interest together. This instruction does not apply to other accounts.

Joint Accounts:

In the Adult' Savings and Investments section of the Benefit Unit DWP requires information on individual incomes. Interest and dividends should be split between joint account holders. This should be possible except when, rarely, tax is deducted from one holder's interest but not another, and only the total interest after tax is known; In such cases enter 'Don't Know' at Account Interest for each person and open a note stating the total amount of interest and the reason why it cannot be split.

ISA interest

The income from cash components (including TOISAs) and securities components should all be recorded here. Add together separate amounts from different components/accounts if necessary. No interest is paid on the life insurance component.

2. Before tax – but tax payable
3. Before tax – signed form to get interest without tax

**IF REGISTERED AS A NON-TAXPAYER, USE CODE 3.**

*And AcctInt is amount > 0.00*

/ Question Information for Account Interest Before or After Tax

Normally, 20% tax is deducted from interest payments by banks and building societies etc. However, there are two reasons why a figure for interest *after* tax may not be entered at Account Interest.

Code 2: use this if gross interest is entered at the previous question but tax has been/will be paid on it. For example, tax is deducted at source but the statement/passbook/other document only shows the gross interest and the tax deducted, not the net interest.

Code 3: people whose income is below the income tax threshold can sign a form so that tax is not deducted. The form does not need to be re-signed each year.

If the respondent does not know whether tax is deducted, this can normally be established from the presence or absence of an entry for tax in the passbook or statement. For joint accounts with two holders, the form can be signed by just one holder; tax is then deducted at 10%. Establish which person signed the form, and code this question accordingly for each. Make a note if the interest can be split in the correct proportion between them, of the total amount.

☞ Soft Check

If Accounts = 6 'ISA' AND Invests = 4 'PEP'

/ Question Information for Investments

Securities held in an Individual Savings Account (ISA) should be recorded at the Type of Accounts question as an ISA, not here.

Investment Companies with Variable Capital (ICVC) and Open Ended Investment Companies (OEIC) should be coded 2 as Unit Trusts/Investment Trusts.

ICVC's are a replacement of OEIC and there is little difference between the existing unit trusts and the new ICVCs apart from the structure of the fund and the fact that ICVCs have a single price rather than a bid offer spread. For this reason they can be coded together at category 2. Further information on the various trusts is listed below.

Unit Trusts

Unit trusts are investment vehicles in which there are an unlimited number of shares which expand and contract depending on demand. Unit Trusts do not have an umbrella structure and investors cannot switch between sub-funds. When you buy a unit trust share, you buy into just that one unit trust.

Instead of a single price at which you buy and sell, the unit trust's shares are offered at a buying (bid) price and selling (offer) price, like an ordinary share. The difference between the two, the spread, can be as much as 6% and represents the initial fee charged by the trust in whose units you are dealing.

Investment Trusts

An investment trust is a limited company, with a fixed number of shares, which is listed on the stock market. The trust invests its funds in a wide range of areas or sectors in both quoted and unquoted companies on behalf of its investors. The funds are managed by a professional fund manager, usually backed up by a team of less experienced analysts cum managers and dealers.

Investment Trusts are "closed ended", which means that people buying the shares do not add to the value of the fund, neither do those selling remove assets. The only way to add capital is to have an issue of new shares.

Like any other company, it will have a board of directors which represent the interests of shareholders and an annual general meeting at which investors can voice their views to the board. The shares of an investment trust are bought in the same way as a normal quoted share, with the level of the demand for the shares influencing the direction of the trust's share price.

## Adults' Savings and Investments

### Investment Companies with Variable Capital (ICVC)

ICVCs replaced Open Ended Investment Companies (OEIC). Unlike investment trusts, they vary in size depending on demand for the shares.

Purchases increase the size of the fund; sales reduce it. ICVCs tend to be structured as an "umbrella fund": once an investment is made, it can be switched between a number of sub-funds between which the investor can switch at minimal cost:

The various sub-funds often have very different investment objectives - income, growth or some specialist sector of the market, for example - and investors are free to choose between them as they wish, depending on their investment objectives.

The price for shares in an ICVC is the same whether investors are buying or selling. However, the investor is still liable to hefty charge up front, after which there is a smaller yearly charge.

### Profit savings plans

Profit savings plans attached to occupations should be coded 3. Such plans include the Moneyspinner account, the Gold and Silver accounts and the Platinum Bond which are available to the police nationally through Police Mutual.

With Profit Bonds and Distribution Bonds should also be included under code 3 (stocks, shares, bonds, debentures, other securities).

### With Profit Bonds

With Profit Bonds are life assurance policies that invest in the With Profit Fund of a life assurance company and have no fixed maturity date. An investor in a With Profits fund benefits from the profits made by the With Profits fund. The fund comprises equities, i.e. shares, gilts, property and corporate bonds. Profits are distributed to policyholders in the form of Annual Bonuses which once added cannot be taken away, except where an encashment is made in the early years. When setting its bonus rate the insurance company seeks to smooth out the fluctuations of the stock market to produce steady growth.

### Distribution Bonds

Distribution Bonds are a lump sum investment which has a very small amount of life cover. It invests in a Distribution life fund, which is a fund that pays out the dividends and yields from investments held instead of reinvesting them with the fund.

With Profit Bonds and Distribution Bonds should not be recorded at this question. They should be recorded at the previous question about investments (Invests) under category 3.

Note that questions concerning Government savings relate to the present and not the past 12 months.

The Pensioner's Guaranteed Income Bond is a National Savings and Investments Bond. It offers a fixed rate of interest for either 1, 2 or 5 years, with income paid monthly, gross of tax. There is a minimum investment of £500. The Bond is available only to persons aged 60 years and over. It may be held jointly.

National Savings and Investments SAYE was withdrawn in 1994. Since then Building Societies have provided them. There are also some current SAYE schemes which are designed to allow people to save money to purchase share options tax free. Under this scheme, investors agree to pay a fixed amount each month over 3, 5 or 7 years (min £5, max £250 per month). The interest rate is fixed regardless of which bank or building society is providing the scheme. These schemes are only permissible with the approval of the Inland Revenue.

## Adults' Savings and Investments

FIRST Option Bonds/Fixed Rate Savings Bonds – FIRST Option Bonds were withdrawn from sale on 21/10/1999 and replaced with Fixed Rate Savings Bonds. People who held FIRST Option Bonds from before October 1999 can keep them and receive interest at the rate for a one year Fixed Rate Savings Bond. Fixed Rate Savings Bonds can be purchased with the interest guaranteed for 1, 3 or 5 years. Interest can be credited annually or monthly and is paid into a bank or building society account. The minimum holding is £500 and the maximum holding is £1,000,000.

Guaranteed Equity Bonds - offers potential for stock market growth with no risk to capital. The bond is a 5 year investment giving a return linked to the performance of the UK's quoted top 100 companies. If the FTSE loses value, the investor will get their original sum back. Minimum investment is £2,000 and the maximum is £1,000,000.

Endowment not linked to current property - endowments not linked to current property need to be recorded in the FRS questionnaire. It is increasingly common that endowments linked to 'old property' are still held because of the decline in their values and the current value of these policies needs to be collected.

If respondent had earlier claimed that they are purchasing their property with an endowment mortgage, the following signal is triggered:

### ☞ Soft Check

Earlier you mentioned that you have an endowment mortgage. Can I just check, you also have a different endowment NOT connected to your current property?

If endowment is different suppress the check making a note to confirm you have probed. Otherwise return to Money in Any Other Investments and remove the endowment code.

## Children's Savings and Investments

### Child Trust Funds

From April 2005, Child Trust Fund (CTF) accounts will be introduced. The CTF is one of the Government's flagship savings policies and all providers will have to offer a Stakeholder account – which will invest in mainly non-cash investments such as equities; alternatively parents could opt for a straightforward cash account.

The requirement for the FRS is to collect data on this major policy change by expanding information collected on children's savings and investments. There will be a high level of interest from ministers and others to monitor and evaluate the success of the CTF. Questions on the FRS will be a key part in improving understanding of the distribution both of funds and types of accounts across the income distribution.

### What is the child Trust Fund?

The Child Trust Fund (CTF) is a long-term investment and savings account for children born on or after 1<sup>st</sup> September 2002. The initial amount received varies with the child's date of birth; although from 6 April onwards the standard amount will be £250. The money in the CTF account belongs to the child and the child alone. But it cannot be taken out until he/she turns 18 when he/she can decide how to use it.

A voucher for the amount of money to which the child is entitled will be sent to all eligible children after Child Benefit has been awarded. The voucher can only be used to open a CTF account for the child. Children in families receiving Child Tax Credit with income at or below £13,480 (the current income limit for 2004/2005) will receive an additional payment paid directly into their CTF account. There will be a further payment when children turn seven, again with a higher payment for children in families on lower incomes.

Anyone is able to pay money into the account, up to the account limit of £1,200 each year, and any gains and/or interest in the account will be tax-free.

There will be different CTF accounts available to suit people's different needs. CTF providers (e.g. banks, building societies, stockbrokers) will offer different accounts, such as savings accounts and accounts that invest in shares. All CTF providers will be making available a stakeholder CTF account.

- Savings Account - With a savings account any money that is invested is secure and earns interest.
- Stakeholder Account - The stakeholder CTF account works by investing the child's money in shares to take advantage of the potential for higher growth that this kind of investment offers. Once the child turns 13, money in the account starts to be moved to lower risk investments or assets (such as cash).
- Account investing in shares - This type of accounts that invests the child's money by buying shares in companies.

## Children's Savings and Investments

If an account is not opened the Inland Revenue will automatically open a stakeholder account.

The total amount is asked of each individual child and should not be an aggregate figure for dependants.

Unlike adults, children with savings in the £1,500 to £20,000 range are not asked for details of them in the Assets questions.

At Total of All Savings please INCLUDE Child Trust Fund savings to record the child's TOTAL savings.

/ Question Information for Total Household Savings

This question is asked of adults. Note that if the respondent has a current account which fluctuates over pay periods, the amount required is the figure left in the account at the end of the pay period, just before the respondent is paid again. If the respondent is overdrawn on any accounts do not take this amount away from the total amount, simply count it as a zero asset.

## Total Assets/Changes in Income

If the total assets of the respondent (and partner) are between £1,500 and £20,000 (i.e. code 2, 3 or 4 is used), they will be routed into the assets questions after the next few questions. For an explanation of the reason the question is asked and why the bands are split as they are, see the General Notes at the beginning of the Assets questions. The respondent may refuse to give any assets information and it will not count against the total number of refusals accepted in each schedule.

Also a respondent may be prepared to say into which band their assets fall but give no further information. In this situation code the appropriate band and then at the beginning of each group of assets questions use the 'Does not wish to give details' code.

The next questions are to compare the benefit unit's current regular income with that of twelve months ago. The question should concentrate on the benefit unit as a whole, including children, not to its individual members.

For any joint accounts, only give this person's share of the balance. If those with a joint account have different pay periods take the amount before the earliest pay entered the account. The figure needed is the amount that was in the account just before ANY pay entered the account.

If a respondent is not paid monthly or is paid just before the end of the month then the figure needed is the amount that was in the account just before the respondent was paid. If account overdrawn record as 0.

#### SHOW CARD N8

Now I'd like you to compare your present income with your income of twelve months ago. By income I mean money coming in regularly from any source, such as the ones on this card.

[Thinking of both you/ and your child(ren), name(s)], would you say your PRESENT income is higher, lower, or about the same as your income of 12 months ago?

**THIS IS A QUESTION OF OPINION.**

1. Present income higher
2. Present income lower
3. About the same

'Regular' income is from jobs, pensions, benefits, maintenance and savings & investments. Exclude one-off sources of income, such as grants, loans, redundancy payments, and living off capital.

For respondent ease, note that they now have the option of quoting the amount their income has increased/fallen by either annual, monthly or weekly amounts.

The asset block is no longer a separate parallel block, but is now integrated into the benefit unit. Whether the questions are on route in the interview will still depend upon the respondent having the appropriate value of assets (£1,500 -£20,000) to make the assets questions accessible.

There are a number of advantages in incorporating the assets block into the benefit unit. The questions flow naturally on and do not involve going into a separate parallel block. This makes it easier for interviewers and makes the interview flow better for respondents. There is less chance of overlooking the assets questions. Also, the assets questions come up in the same format as for the benefit unit questions so there is no risk of overwriting previous details in those households where more than one BU is routed to these assets questions.

## Benefit Unit's Assets

### General Notes

These questions are included in order to enable DWP to estimate eligibility for certain benefits. To achieve this they need to study the personal holdings of certain types of assets. The purpose of these questions is to provide more detailed information on the current values of the assets held by informants but is only needed where the total value of the assets is between £1,500 and £20,000, as indicated at the question Total Household Savings.

This is estimated to be a broad band in which people who may not be in receipt of benefits now may at some point in the future be eligible for e.g. Housing Benefit which allows a Benefit Unit to have total capital of up to £16,000. For some benefits there is a lower capital threshold, above which the amount of benefit may be 'tapered' or gradually reduced as the amount of savings increases; there is also an upper capital limit of £8,000. So the broad band has been split into narrower bands (£1,500-£3,000, £3,000-£8,000 and £8,000-£20,000). The effect of any future changes to these thresholds can be modelled.

Although it is true that people outside this Assets band might already be or in the future have need for benefits, the sample gained by the DWP using the £1,500 to £20,000 range is sufficiently large for analysis.

### Reasons for collecting this level of assets detail

It is not sufficient to rely only on the respondent's estimate of the current value of certain individual investments, like stocks and shares or the various types of National Savings and Investments, as these might be out of date or otherwise inaccurate. Back in the office, the current value of these investments is added to the data, using the Financial Times and other sources. Hence we require the name of each individual share holding etc. (We ask for the respondent's valuation in case it is not possible to do this imputation). The calculation of the total amount held is therefore more accurate.

The questions on accounts/investments held and income or interest received from them are of limited use in assessing the total amount of assets. Those questions refer to the last 12 months, whereas the assets questions refer to the current situation, which may have changed. The income received may not be up to date, and may be estimated. For some National Savings and Investments products, it would be difficult for the respondent to calculate the interest.

Joint accounts and other holdings should be dealt with in the same way as in the Adults' Savings and Investments block, i.e. for each account apportion the amount held by the individual and enter that figure on the person's line.

Where the respondent has estimated that they are in the £1,500 to £3,000 band, the £3,000 to £8,000 band or the £8,000 to £20,000 band but later questioning shows that this is not the case, there is no need to adjust the response at Total Household Savings or delete any later answers.

Current accounts are dealt with first, followed by all savings accounts and ISAs (coded

## Benefit Unit's Assets

at Type of Accounts), then all stocks & shares, unit & investment trusts (at Investments), then each National Savings and Investments issue (at Money in Any Other Investments). Each account or investment is dealt with individually. It is important to record ALL accounts or investments currently held of EACH type that they said they had earlier.

Routing to the assets questions is automatic if the total value of assets entered at Total Household Savings is between £1,500 and £20,000. If the assets questions are on route, the questions detailed below will need to be asked according to whether the respondent has each type of asset:

*And Intro = 1 (Still has such accounts/assets)*

/ Question Information for Name of Investment

Government Gilt-Edged stock is sold by auction by the Treasury each year and has a fixed interest rate over a fixed term. If a respondent has such stock, it is necessary to establish which year the investment is due to mature.

It is very important that all unit trusts, investment trusts, stocks and shares are identified as clearly as possible so that their current value may be checked against the Financial Times at the Edit stage. Give the name of the issuing or managing company plus the full name of the investment itself. For privatised utilities it is not enough simply to enter for example 'water shares' - name the company e.g. 'Thames Water'. If shares are only part-paid, or ordinary, or preference, mention this. If necessary, open a note to continue the description.

The following documents should be referred to if possible:

- the share certificate, if it is held by the respondent.
- a statement from a 'nominee' (stockbroker or bank or other financial institution) who looks after all the stock/share/unit trust holdings for their customer. The statement (which may be quarterly, 6-monthly or annual) should give the latest details of each holding (company name, type and number of shares, units etc).
- dividend note (interim or final): from the company which issues the stocks or shares.

## Benefit Unit's Assets

This comes with the cheque and will also state the holding details.

- annual statements for Unit Trusts: similar to 'dividend notes' above, from the fund manager.
