One of the most important parts of our research is how people are getting by financially these days. We have found that we need to ask about a number of different types of income, otherwise our results could be misleading. Please think about ALL of the extra sources of income you receive, as well as any benefits or tax credits. If you are at all unsure about whether something would count, you can check with me. I'd like to remind you that anything you tell me is completely confidential.

This information includes details such as the schools or colleges you've attended, the courses you've studied and the qualifications you've gained as well as other characteristics such as attendance, suspensions or exclusions, whether you have/had a special educational need, or have ever been eligible for free school meals.

We would like to add this information to your survey answers. This will create a more accurate picture of your life and experiences, and will be used for research and statistical purposes only. It will be kept confidential and names and addresses are never included in the results. No individual can be identified in reports. We would like to link in information about your education to your survey responses on a yearly basis.

To do this we need your permission to pass the minimum amount of your personal details (your full name, gender, date of birth and full address) to [The Department for Education(if SCHOOLCNTRY = 1) / the Education Analytical Services(if SCHOOLCNTRY = 2) / The Department for Education and Skills(if SCHOOLCNTRY = 3) / The Department of Education and the Education and Skills Authority(if SCHOOLCNTRY = 4)] so they can identify your individual education record. Thank you for taking part in this study. Your answers are of great value and interest to many academic and social policy researchers who will make good use of them.

We would like to add records held by the *Department for Work and Pensions* (if region = England/Scotland/Wales) / *Social Security Agency* (if region = Northern Ireland), containing information they hold on your benefit claims and time on employment programs, to the responses you have given to this study. Linking the information will help us to get a fuller picture about who claims benefits or seeks help from the *DWP* (if region = England/Scotland/Wales) / *SSA* (if region = Northern Ireland).

All information will be used for **research purposes only**. It will be used by academic or policy researchers under restricted access arrangements which make sure that the information is used responsibly and safely.

Please read this leaflet explaining how we would like to attach your *DWP* (if region = England/Scotland/Wales) / *SSA* (if region = Northern Ireland) records to the answers you have given in this study and let me know if you have any questions.

Do you give permission for us to pass your name, address, sex and date of birth to the *DWP* (if region = England/Scotland/Wales) / *SSA* (if region = Northern Ireland) for this purpose?

Sometimes people move homes and forget to let us know. It's really helpful to have the contact details of someone such as a relative or friend who would be able to let us know how to contact you. So it would be great if you could give us the details of someone who could simply put us back in touch with you.

THESE DETAILS ARE FOR THE SURVEY TEAM ONLY. THEY DO NOT GET PASSED TO ANYONE ELSE AND WILL BE STORED SECURELY.
