

Generic advance letter

Understanding  
Society

## A chance to influence decision making.

I would like to enlist your help. The Understanding Society survey helps researchers and policy makers understand the changes in the needs of the country. By taking part, you'll be helping to influence the decisions made by everyone from government ministers to local councillors.

An interviewer will soon be in touch with you to arrange a convenient time to talk to you. The interview will last between 40 minutes and an hour, depending on your circumstances. On the day, the interviewer will be carrying photographic identification.

We rely very much on the contributions you make. So to thank you for your help, I've enclosed a voucher, which you can cash today at any Post Office.

Your participation is entirely voluntary, but we do hope you'll be able to help. By taking part, your voice is heard. If you have any questions, please call us on **0808 168 1356** or contact us at [help.understandingsociety@natcen.ac.uk](mailto:help.understandingsociety@natcen.ac.uk)

Many thanks,

**Professor Nick Buck**  
Director, Understanding Society  
Institute for Social and Economic Research  
University of Essex

We need  
your help

We'll arrange  
a time

Complete  
the survey

Thank you

Find out more

## Why is your opinion important?

Without your input, the survey will be less complete. The strength of the Understanding Society survey is that it talks to a wide cross section of the population. That way, we can see how factors such as the economy and the way our society is changing affect lives across the whole of Britain. That's why we need your opinions and why your participation is crucial to the accuracy of our research.

## About the study.

Understanding Society is a long-term study that helps us find out about the issues that matter to everyone. How is the recession affecting you? What standard of facilities do you have in your area? Are your health care requirements being met? The information we collect can inform government policy and is used by academics and researchers who work to meet your needs.

## Young people in the house?

Young people's opinions matter to us, too. So, if there are any young people aged 10-15 in your household, we hope that they can complete their part of the survey. We'll ask them about their hobbies, friends, school life and hopes for the future. Each child that takes part will receive a £5 voucher.

Standard, no interview at wave 5, f2f

An interviewer will soon be in touch with you to arrange a convenient time to talk to you. The interview will last between 40 minutes and an hour, depending on your circumstances. On the day, the interviewer will be carrying photographic identification.

<One area of particular interest this year is fuel consumption and we would like to collect readings from your gas and electricity meters. And if you have a car, we would like to know the mileage. It may help to have these handy before the interviewer calls. Of course, you don't have to tell us this, if you don't want to.>

We rely very much on the contributions you make. So to thank you for your help, I've enclosed a <IncentiveGrp> voucher, which you can cash today at any Post Office. <And, if all members of your household complete the survey online by <Deadline> we will send each of you an additional £20 voucher.>

Your participation is entirely voluntary, but we do hope you'll be able to help. By taking part, your voice is heard. If you have any questions, please call us on **0808 168 1356** or contact us at [help.understandingsociety@natcen.ac.uk](mailto:help.understandingsociety@natcen.ac.uk)

By taking part, you'll be helping to influence the decisions made by everyone from government ministers to local councillors.

An interviewer will soon be in touch with you to arrange a convenient time to talk to you. The interview will last between 40 minutes and an hour, depending on your circumstances. On the day, the interviewer will be carrying photographic identification.

<One area of particular interest this year is fuel consumption and we would like to collect readings from your gas and electricity meters. And if you have a car, we would like to know the mileage. It may help to have these handy before the interviewer calls. Of course, you don't have to tell us this, if you don't want to.>

We rely very much on the contributions you make. So to thank you for your help, I've enclosed a <IncentiveGrp> voucher, which you can cash today at any Post Office. <And, if all members of your household complete the survey online by <Deadline> we will send each of you an additional £20 voucher.>

Your participation is entirely voluntary, but we do hope you'll be able to help. By taking part, your voice is heard. If you have any questions, please call us on **0808 168 1356** or contact us at [help.understandingsociety@natcen.ac.uk](mailto:help.understandingsociety@natcen.ac.uk)

**We need your help**

**We'll arrange a time**

**Complete the survey**

**Here's <IncentiveGrp>**

**Find out more**

## Why is your opinion important?

Without your input, the survey will be less complete. The strength of the Understanding Society survey is that it talks to a wide cross section of the population. That way, we can see how factors such as the economy and the way our society is changing affect lives across the whole of Britain. That's why we need your opinions and why your participation is crucial to the accuracy of our research.

## About the study.

Understanding Society is a long-term study that helps us find out about the issues that matter to everyone. How is the recession affecting you? What standard of facilities do you have in your area? Are your health care requirements being met? The information we collect can inform government policy and is used by academics and researchers who work to meet your needs.

## Young people in the house?

Young people's opinions matter to us, too. So, if there are any young people aged 10-15 in your household, we hope that they can complete their part of the survey. We'll ask them about their hobbies, friends, school life and hopes for the future. Each child that takes part will receive a £5 voucher.

## Young people in the house?

Young people's opinions matter to us, too. So, if there are any young people aged 10-15 in your household, we hope that they can complete their part of the survey. We'll ask them about their hobbies, friends, school life and hopes for the future. Each child that takes part will receive a £5 voucher.

London, no interview at wave 5, web

## A chance to influence decision making.

I would like to enlist your help. The Understanding Society survey helps researchers and policy makers understand the changes in the needs of the country across diverse subjects like cost of living and the provision of schools, housing and public transportation. By taking part, you'll be helping to influence the decisions made by everyone from government ministers to local councillors.

The survey is available online at the website shown below, so you can complete it at a time that's best for you. (Please use a computer, rather than a mobile device.)

<https://www.understandingsociety.ac.uk/Survey>

When you've reached the website, you'll be asked to enter your unique access code.

Your unique access code is: <UserID>

<If you can't complete the survey online by <Deadline>, an interviewer will visit you to conduct the survey.>

<One area of particular interest this year is fuel consumption and we would like to collect readings from your gas and electricity meters. And if you have a car, we would like to know the mileage. It may help to have these handy before the interviewer calls. Of course, you don't have to tell us this, if you don't want to.>

We rely very much on the contributions you make. So to thank you for your help, I've enclosed a <IncentiveGrp> voucher, which you can cash today at any Post Office. <And, if all members of your household complete the survey online by <Deadline> we will send each of you an additional £20 voucher.>

Your participation is entirely voluntary, but we do hope you'll be able to help. By taking part, your voice is heard. If you have any questions, please call us on **0808 168 1356** or contact us at [help.understandingsociety@natcen.ac.uk](mailto:help.understandingsociety@natcen.ac.uk)

Many thanks,

**Professor Nick Buck**

Director, Understanding Society  
 Institute for Social and Economic Research  
 University of Essex

## Why is your opinion important?

Without your input, the survey will be less complete. The strength of the Understanding Society survey is that it talks to a wide cross section of the population. That way, we can see how factors such as the economy and the way our society is changing affect lives across the whole of Britain. That's why we need your opinions and why your participation is crucial to the accuracy of our research.

## About the study.

Understanding Society is a long-term study that helps us find out about the issues that matter to everyone. How is the recession affecting you? What standard of facilities do you have in your area? Are your health care requirements being met? The information we collect can inform government policy and is used by academics and researchers who work to meet your needs.

## Young people in the house?

Young people's opinions matter to us, too. So, if there are any young people aged 10-15 in your household, we hope that they can complete their part of the survey. We'll ask them about their hobbies, friends, school life and hopes for the future. Each child that takes part will receive a £5 voucher.

## Completing the Survey online:

To access the survey please type <https://www.understandingsociety.ac.uk/Survey> into the navigation bar on your Internet Browser.

On arrival at the survey homepage please input your unique access code into the space provided and press submit

A screenshot of a web browser showing the survey login page. The browser's address bar contains the URL. The page has a navigation bar with links like 'Web', 'Images', 'Maps', 'Play', 'YouTube', 'News', 'Gmail', 'Drive', and 'Calendar'. Below the navigation bar, there is a red heading 'Please logon to begin' and a message: 'Thank you for taking part in this web survey for Understanding Society. Each member of your household will have received an access code in the letter we sent. Please enter this into the box below to proceed.' There is a 'Login...' section with an 'Access Code' input field and a 'Submit' button.

## We can't do without you, <Salutation>.

Thank you so much for helping with the Understanding Society survey last year. The survey helps researchers and policy makers understand the changes in the needs of the country across diverse subjects like cost of living and the provision of schools, housing and public transportation – and because your information was so valuable, we'd like to hear from you again.

An interviewer will soon be in touch with you to arrange a convenient time to talk to you. The interview will last between 40 minutes and an hour, depending on your circumstances. On the day, the interviewer will be carrying photographic identification.

<One area of particular interest this year is fuel consumption and we would like to collect readings from your gas and electricity meters. And if you have a car, we would like to know the mileage. It may help to have these handy before the interviewer calls. Of course, you don't have to tell us this, if you don't want to.>

We rely very much on the contributions you make. So to thank you for your help, I've enclosed a <IncentiveGrp> voucher, which you can cash today at any Post Office. <And, if all members of your household complete the survey online by <Deadline> we will send each of you an additional £20 voucher.>

Your participation is entirely voluntary, but we do hope you'll be able to help. By taking part, your voice is heard. If you have any questions, please call us on **0808 168 1356** or contact us at [help.understandingsociety@natcen.ac.uk](mailto:help.understandingsociety@natcen.ac.uk)

As you've reached your 16th birthday, we would like to find out a little bit more about you. That's why the survey will last a little longer this time - between 25 minutes and 45 minutes.

<https://www.understandingsociety.ac.uk/Survey>

When you've reached the website, you'll be asked to enter your unique access code. Your unique access code is: <UserID>

<If you can't complete the survey online by <Deadline>, an interviewer will visit you to conduct the survey.>

<One area of particular interest this year is fuel consumption and we would like to collect readings from your gas and electricity meters. And if you have a car, we would like to know the mileage. It may help to have these handy before the interviewer calls. Of course, you don't have to tell us this, if you don't want to.>

We rely very much on the contributions you make. So to thank you for your help, I've enclosed a <IncentiveGrp> voucher, which you can cash today at any Post Office. <And, if all members of your household complete the survey online by <Deadline> we will send each of you an additional £20 voucher.>

Your participation is entirely voluntary, but we do hope you'll be able to help. By taking part, your voice is heard. If you have any questions, please call us on **0808 168 1356** or contact us at [help.understandingsociety@natcen.ac.uk](mailto:help.understandingsociety@natcen.ac.uk)

Many thanks,

**Professor Nick Buck**  
 Director, Understanding Society  
 Institute for Social and Economic Research  
 University of Essex

This study is being conducted in accordance with the Data Protection Act. This means your personal details will be kept strictly confidential and you and your household will not be identifiable from the data.

## Why is your opinion important?

Without your input, the survey will be less complete. The strength of the Understanding Society survey is that it talks to a wide cross section of the population. That way, we can see how factors such as the economy and the way our society is changing affect lives across the whole of Britain. That's why we need your opinions and why your participation is crucial to the accuracy of our research.

## About the study.

Understanding Society is a long-term study that helps us find out about the issues that matter to everyone. How is the recession affecting you? What standard of facilities do you have in your area? Are your health care requirements being met? The information we collect can inform government policy and is used by academics and researchers who work to meet your needs.

## Younger people in the house?

Young people's opinions matter to us, too. So, if there are any younger people aged 10-15 in your household, we hope that they can complete their part of the survey. We'll ask them about their hobbies, friends, school life and hopes for the future. Each young person aged 10-15 that takes part will receive a £5 voucher.

## Completing the Survey online:

To access the survey please type <https://www.understandingsociety.ac.uk/Survey> into the navigation bar on your Internet Browser.

On arrival at the survey homepage please input your unique access code into the space provided and press submit

Please logon to begin

Thank you for taking part in the web survey for Understanding Society. Each member of your household will have received an access code in the letter we sent. Please enter this into the box below to proceed.
