The Department for Business, Energy and Industrial Strategy (BEIS) have information on energy use and energy efficiency for each address in the country. We would like to link the information for this address to your survey answers to enable valuable research on the energy use of different types of household. This linked information will be used for research and statistical purposes only. Your information is confidential and names and addresses will never be included in the published results.

One of the most important parts of our research is how people are getting by financially these days. We have found that we need to ask about a number of different types of income, otherwise our results could be misleading. Please think about **all** of the extra sources of income you receive, as well as any benefits or tax credits. If you are at all unsure about whether something would count, you can check with me. *{if GRIDVARIABLES.ModeType = 1 | 2}* We'd like to remind you that anything you tell us is completely confidential.

This information is important for lots of areas of research, it would be helpful if you could consult any award letters from the DWP or banks statements you may have.

Source
UKHLS

Scripting Notes
MisSource is an indicator designed to identify benefit and unearned income sources that were not recorded at the current wave but were recorded at the previous wave. A flag is created for each unearned income source if it has been coded as received in the current interview. This flag is then compared with the ff variable for that income source.
If enumerated at wave t-1 and enumerated at wave t then MisSource = 0.
If not enumerated at wave t-1 and not enumerated at wave t then MisSource = 0.
If not enumerated at wave t-1 but enumerated at wave t then MisSource = 0.
If enumerated at wave t-1 but not at wave t then MisSource = 1.

This calculation becomes more complicated once Universal Credit has been introduced, because the answer at the current wave will be Universal Credit and at the previous wave it will be something else (but mean the same thing). Hence this extra code....

If Istrtdate after 31/03/2013, code MisSource = 0 if claims Personal Independence Payment (BenDis = 12) and at t-1 respondent claims Disability Living Allowance (ff_bentype10).
If Istrtdate after 30/09/2013, code MisSource = 0 if claims Universal Credit (BenBase = 4) and at t-1 respondent had claimed Income Support (ff_bentype15), Job Seeker's Allowance (ff_bentype16), Employment Support Allowance (ff_bentype33), Housing Benefit (ff_bentype22), Rent Rebate (ff_bentype31), Child Tax Credit (ff_bentype19) or Working Tax Credit (ff_bentype20).

Thank you. We are interested in the way that different types of households deal with money coming in and going out of the home. Later on in the questionnaire, I would like to talk to you and your *[wife/husband/partner]* together for 5 minutes or so to make sure that we have got a complete picture of your financial situation. This will be completely voluntary and any information you give us will be kept anonymous and confidential. To make sure that we're not counting the same income or spending twice, I will show you the total amount of income that both of you have told me about. You can help in another way. People's experiences of financial services would be useful to share with the regulator of financial services, the Financial Conduct Authority (FCA), which has an objective of protecting consumers. The FCA would like to link your answers from the survey, anonymously, to other data it can obtain from regulated firms as part of its ongoing remit to help protect consumers. In addition, selected aggregated date from your credit files will be included in the anonymised data set that are provided to researchers for research purposes only. But we would only link these two sets of data with your consent. Consent to sharing your data will not affect your involvement with any financial services providers or your ongoing participation in the study. The information will be treated in strict confidence and used for research and to help the regulator of financial services to protect consumers. Do you give your consent to sharing your data?

To help us improve our questions in the future, here are some final questions on a range of different topics which are similar to previous ones. Please don't try to remember what you answered before but treat them as if they were completely new questions.

Now some questions about people from other countries coming to live in the UK. Please consider the following questions and say if you disagree or agree with each statement.

The UK should allow more people of the same race or ethnic group as most British people to come and live here.

Where ff_satisw9 = 1, arrange items in a grid, with response options across the top and items to be evaluated down the left hand side.
Where ff_satisw9 = 2, each question should appear on its own screen, with response options vertically aligned.
Where ff_satisw9 = 3, each question should appear on its own screen, with response options horizontally aligned.

Thank you for taking part in this study. Your answers are of great value and interest to many academic and social policy researchers who will make good use of them.

We would like to add records held by the Department for Work and Pensions *{if HHGRID.REGION = 1 | 2 | 3}*, containing information they hold on your benefit claims and time on employment programmes, to the responses you have given to this study. Linking the information will help us to get a fuller picture about who claims benefits or seeks help from the DWP *{if HHGRID.REGION = 1 | 2 | 3}*.

All information will be used for **research purposes only**. It will be used by academic or policy researchers under restricted access arrangements which make sure that the information is used responsibly and safely.

Please read this leaflet explaining how we would like to attach your DWP *{if region = England/Scotland/Wales}* records to the answers you have given in this study and let me know if you have any questions.

Do you give permission for us to pass your name, address, sex and date of birth to the DWP *{if region = England/Scotland/Wales}* for this purpose?

Interviewer Instruction
PLEASE HAND LEAFLET **INFORMATION ON ADDING ECONOMIC RECORDS** TO RESPONDENT AND ALLOW RESPONDENT TIME TO READ IT AND ASK QUESTIONS.

Thank you for taking part in this study. Your answers are of great value and interest to many academic and social policy researchers who will make good use of them.

We would like to add records held by the Department for Work and Pensions *{if HHGRID.REGION = 1 | 2 | 3}*, containing information they hold on your benefit claims and time on employment programmes, to the responses you have given to this study. Linking the information will help us to get a fuller picture about who claims benefits or seeks help from the DWP *{if HHGRID.REGION = 1 | 2 | 3}*.

All information will be used for **research purposes only**. It will be used by academic or policy researchers under restricted access arrangements which make sure that the information is used responsibly and safely.

Please read this leaflet explaining how we would like to attach your DWP *{if HHGRID.REGION = 1 | 2 | 3}* records to the answers you have given in this study.

https://www.understandingsociety.ac.uk/participants/economic-records

Do you give permission for us to pass your name, address, sex and date of birth to the DWP *{if HHGRID.REGION = 1 | 2 | 3}* for this purpose?

We would now like you to think about the money that you have coming in and going out in a given month.
Please include *[names of adults in BU]*. If possible, please complete this section together. *{if BUType = 3 or 4}*
Please do not include these people: *[names of any adults in HH but not in BU]* *{if more than one BU in HH}* / and *[names of any 16-19 year olds in FT education in BU]* *{if BUType = 2 or 4}* *{if More than one BU in HH and or BUType = 2|4}*.
We are only interested in the income and expenditure of those who are aged 16 or older. So please don't include the income and spending of *[names of 0-15 yr olds in household]*. *{if If any children aged 0-15 in household}*

Money may come in from paid work or you may receive benefits or pensions (Box 1). You may borrow money, or withdraw from savings (Box 2). All of this money must then go somewhere. The money flowing in in a given month is balanced by money that flows out. You may spend money during the month on things like bills, groceries, travel and so on (Box 3). You may also use the money to pay off any debts, or put some into savings or keep some in your bank account (Box 4).

In this section, we want you to think about these flows of money and to try to balance the money that came in during the last month with the money that went out.

This is a new way of collecting this information and it is important for researchers to learn about how people manage their money and how they are managing to get by these days, across all types of households and financial circumstances.

Scripting Notes

List the variables from the **INDVARIABLES** module where the value is not equal to £0 (so where a source is received but the amount is DK/REF, this will be shown as blank). Employment, self-employment, other income sources should be listed for each instance, with the Name of the relevant PNO as a textfill next to it. For the benefits/unearned income sources, these should be listed by benefit source – so if two people report getting the same benefit solely, these should be summed so there is one row for the benefit. Where both people report receive the benefit jointly, the amount should be summed and halved. If one reports joint and the other doesn't report it, the amount should be summed and halved.
In columns two, (e.g. INDVARIABLES.PaynMnth), display a blank space if value = -9. Display all four titles (Employment income, main job etc.) on screen

Display Notes

Please display the names and amounts per month in aligned columns. A horizontal line seperating the individual PNOs would also be preferable.

We would now like to ask you a question about your spending. It is important for us to ask this in order to learn more about people's living standards. This is about how much you *{if (GRIDVARIABLES.BUtype = 1|2) or (GRIDVARIABLES.BUType = 3|4 & BUResp = DK|REF|MIS)}* / the two of you *{if GRIDVARIABLES.BUtype = 3|4 & GRIDVARIABLES.BUresp = 2}* / you and your partner *{if*

GRIDVARIABLES.BUtype = 3|4 & BUresp = 1} spend.

You do not need to include any spending by any other people who live with you. *{if HHGRID.HHSize greater than 1}*

About how much did you spend on **everything** in the **last month**? Please exclude work expenses for which you are reimbursed, money put into savings and repayment of loans. Examples of what to include and exclude are shown on this card *{if GRIDVARIABLES.Modetype = 1}* / below *{if GRIDVARIABLES.Modetype = 3}*.

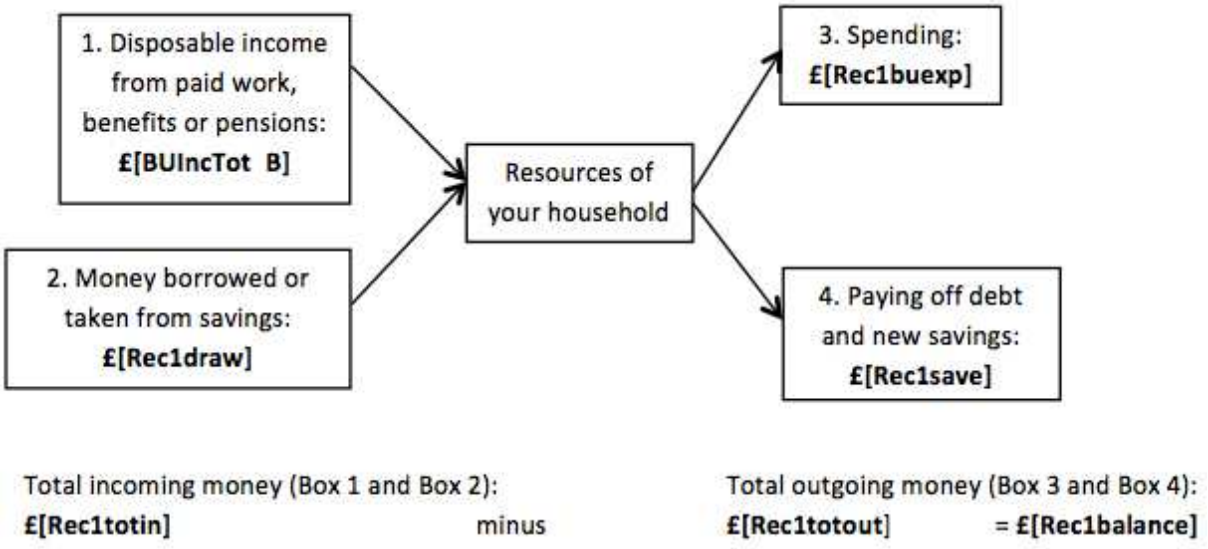
Please display on screen a summary of the all incoming and outcoming amounts formatted as per attached image where the amounts are in editable text boxes.



Allow respondent to edit the numbers in the four boxes of the graph.

When the figures in the boxes are changed, dynamically recalculate Rec1totin, Rec1Totout and Rec1balance and display the new figures. Rec1balance does not have to be equal to zero when the participant presses <Next>.

Text
Thank you. To finish we'll show you a summary of what you have told us about your household finances. Looking at the boxes on this screen, the incoming money in boxes 1 and 2 should match the outgoing money in boxes 3 and 4.

The information you've told us indicates that you have around £*[Rec1Totin]* coming in and £*[Rec1Totout]* going out of your household. That

is, you have £*[Rec1balance]* more *{if Rec1balance greater than 0}* / less *{if Rec1balance less than 0}* coming in than you have going out. This means that our questions must have missed some of your income, spending, savings or borrowing.

Please could you amend the amounts you have coming in or going out in the boxes. When you have finished, please press <Next>.

If you have made any changes, these figures will be updated when you click <Next>.

Text
We would now like to ask you a question about your spending. It is important for us to ask this in order to learn more about people's living standards. This is about how much you *{if GRIDVARIABLES.BUtype = 1|2}* / the two of you *{if GRIDVARIABLES.BUtype = 3|4 & BUresp = 2}* / you and your partner *{if GRIDVARIABLES.BUtype = 3|4 & BUresp = 1}* spend.

You do not need to include any spending by any other people who live with you *{if HHGRID.HHSize>1}*.

About how much did you spend on **everything** in the **last month**? Please exclude work expenses for which you are reimbursed, money put into savings and repayment of bank loans. Examples of what to include and exclude are shown on this card *{if GRIDVARIABLES.Modetype = 1}* / below *{if GRIDVARIABLES.Modetype = 3}*.

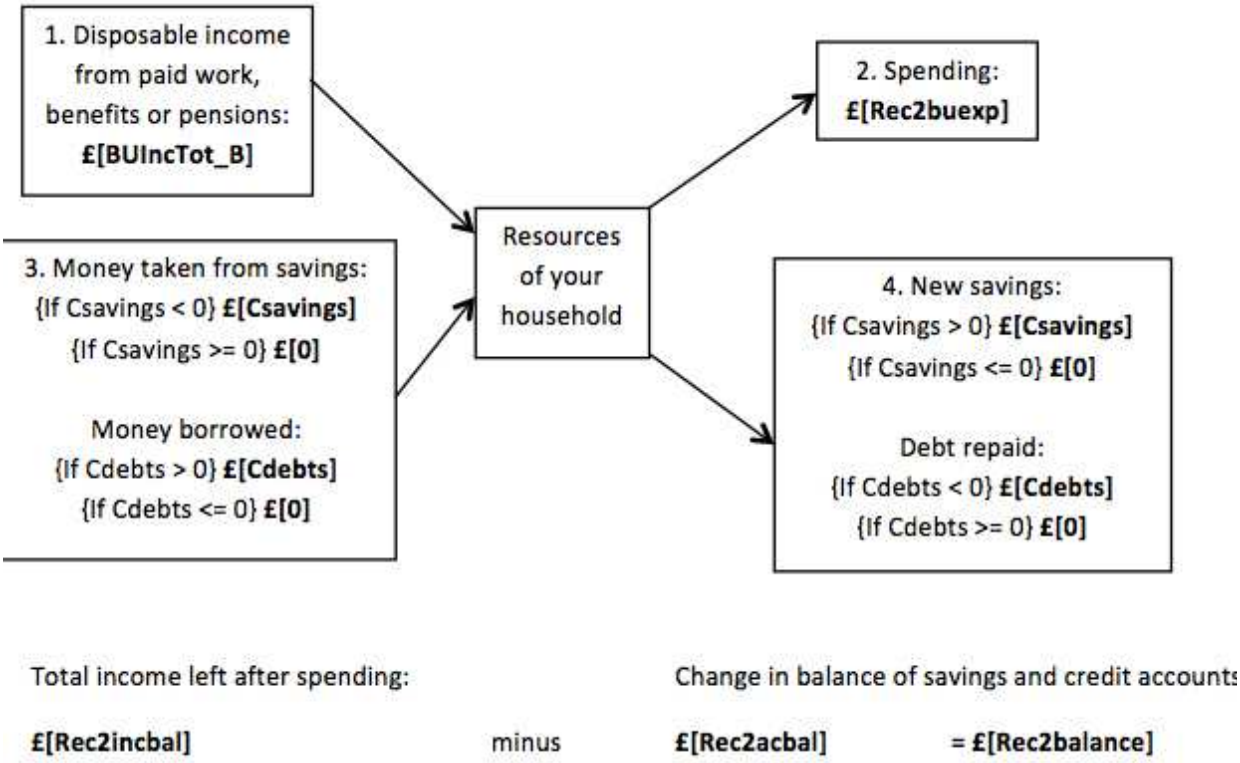
If Rec2balance <> 0 please display on screen a summary of the income, plus +/- savings, plus +/- debt, less spending (formatted as per attached image) where the amounts are in editable text boxes with Rec2balance displayed.



When the figures in the boxes are changed, dynamically recalculate Rec2incbal, Rec2acbal and Rec2balance and display the new figures. Rec2balance does not have to be equal to zero when the participant presses <Next>.

Text
Thank you. To finish we'll show you a summary of what you have told us about your household finances. Looking at the boxes on this screen,

the income you have left after spending should match the change in the overall balance of your savings and credit accounts.

The information you've told us indicates that your disposable income is around £*[Rec2incbal]* more *{if Rec2incbal greater than 0}* / less *{if Rec2incbal less than 0}* than your spending. However, the balance of your savings and credit accounts has changed by £*[Rec2acbal]* *{if Rec2acbal greater than 0}* / £-*[Rec2acbal]* *{if Rec2acbal less than 0}*. This means that our questions must have missed some of your income, spending, savings or borrowing.

Please could you amend the amounts you have coming in or going out in the boxes. When you have finished, please press <Next>.

If you have made any changes, these figures will be updated when you click <Next>.

Sometimes people move homes and forget to let us know. It's really helpful to have the contact details of someone such as a relative or friend who would be able to let us know how to contact you. So it would be great if you could give us the details of someone who could simply put us back in touch with you.

Last year, you told us that *[ff_ctname]* *[, who is your [ff_ctrel], {if ff_ctrel NOT DK|REF|MIS}]* would know where to find you if you had moved. Are the following details correct?

Please select any details that are INCORRECT. If you would like to change the contact person, please select all details as incorrect and update them at the next screen. *{if WEB}*

READ OUT AND CODE EACH THAT NEEDS CHANGING OR CORRECTION. IF NECESSARY, REASSURE RESPONDENT THAT THESE DETAILS ARE FOR THE SURVEY TEAM ONLY. THE DETAILS DO NOT GET PASSED TO ANYONE ELSE AND WILL BE STORED SECURELY. THE PERSON NOMINATED WILL ONLY BE ASKED HOW TO CONTACT THE RESPONDENT SO THAT THEY CAN CONTINUE TO BE PART OF THE SURVEY

YOU WILL BE ASKED TO ENTER ANY INFORMATION THAT IS MISSING FOR THIS STABLE CONTACT. IF NONE IS AVAILABLE, CODE DON'T KNOW AT THE FOLLOWING QUESTIONS.

COMPLETING THE QUESTIONNAIRE

The questions inside cover a wide range of subjects, but each one can be answered by marking an "x" in the box next to the answer you want to give, as in the example below.

Please complete the questionnaire in **black or blue ink**, keeping your answers within the boxes. This questionnaire will be read by a scanner so please mark your answers in the spaces provided. If you have made a mistake in your answer or changed your mind please completely fill the box to show the mistake and then put an "x" in the box next to the correct answer.

Next to some of the boxes are arrows and instructions. They show or tell you which question to answer next. If there are no special instructions, just answer the next question.

Example Question

16 **Did you have breakfast today?**

Yes ☒

No ☐ → 18

When you have finished answering the questionnaire, please seal it in the envelope and hand it back to the interviewer. If you have any questions or need help, please ask the interviewer. Thank you again for your help.

1 Please write in your date of birth.
