ROUTE

Good %A, could I speak to <%NAME> please?
(If not immediately available, try to make call back arrangements)

My name's %N. I'm calling from Opinion Research Services and I am working on behalf of the Metropolitan Police.
I'm calling to ask some questions about the service you received from the police when you contacted them on <%REPORTEDDATE>.
(If respondent does not remember incident – It was about a/an <%STYPEFULL>)

Read if necessary i.e. if respondent asks how their details were obtained:

When you reported your crime to the Metropolitan Police, you were asked for your telephone number in case they needed to get back to you. This includes asking for feedback on the way they dealt with you. They have passed your number to us for this reason only and it is kept secure and confidential.

Read if necessary

I realise that this may be difficult for you to talk about, but the police care about what happened to you and your feedback can be used to improve the service to others. I will only ask about your contact with the police and the core survey takes about 5 minutes. Everything you say will be treated in the strictest confidence, however I should point out that this conversation may be monitored or recorded for training and quality purposes only.

Read if necessary i.e. if respondent asks how they can verify identity:

If you would like to confirm my identity, I can supply you with a contact name and telephone number to allow you to do this.

Provide if requested- ORS: 0800 107 7890

Provide only if necessary: Metropolitan Police – Michael Keenan: 020 7161 3319
