**SUMMARY**

This note summarises the structure of the data relating to benefits held in Version 2010-11 of the FRS database and is intended to help users accessing the benefits data.

**QUESTIONNAIRE**

In the questionnaire each adult is asked to identify benefits received from a series of lists. After each list the interviewer asks a series of detailed questions about each benefit. This pattern is followed generally but there are a number of exceptions. For example only women are asked about Maternity Benefit and as there can only be one woman in a benefit unit there is only one 'slot' for the answers. Additionally some types of benefit are not included in the lists but are asked about separately (e.g. Housing Benefit).

**ANALYSIS DATABASE**

The details recorded about each type of benefit have been organised into a standard tabular form. Each benefit received occupies a row of the BENEFITS table. The variables have been rationalised so that the same information about each benefit is held in the same column of field, even if the original question was different. Table 1 shows the relationship between the yes/no question asking about receipt of a certain benefit on the ADULT table and the corresponding benefit key value on the BENEFITS table.

## KEY FIELDS

Each row in the benefit table is uniquely defined by the following key fields:-

SERNUM	Unique serial number for the household
BENUNIT	The benefit unit number within the household
PERSON	The person number within the household
BENEFIT	The benefit key value is a code that identifies the type of benefit received (e.g. 19 = Income Support)

**N.B.** *National Centre for Social Research, the contractors responsible for carrying out the fieldwork, have "BenType Codeframe" within their programs, which uses codes to identify Benefit Types. Although this was originally the same as our Benefit Key Value, they have since diverged; Benefit Key Value should, therefore, be used in all instances. **Table 1 also lists the code allocated to each benefit type.***

## DATA FIELDS

The following data fields exist for each row in the benefit table. Each benefit will not record information in all fields. A more complete description of the routing for variables associated with each benefit is given in the spreadsheet [FRS 2010\\_11 Benefits.xls](#).

**N.B.** *Except where otherwise stated, the Data Field has the same name as the question within the questionnaire (Rule 1). Exceptions to this rule have their Data Field name changed to be consistent e.g. the question GOVAMT would produce an answer in the variable BENAMT.*

BANKSTMT	Asks whether a bank statement can be consulted (Yes/No).
BENAMT	<u>In the database</u> the variable holds the weekly amount of benefit last received for <u>all</u> benefits. However, <u>on the questionnaire</u> other variable names are used for certain benefits. These exceptions are :

CTCAMT	<i>Child Tax Credit (regular payment)</i>
CTCLPAY	<i>Child Tax Credit (lump sum)</i>
EXBENAMT1	<i>Extended Housing Benefit</i>
EXBENAMT2	<i>Extended Council Tax Benefit</i>
EXBENAMT3	<i>Extended Housing &amp; Council Tax Benefit (combined)</i>
GOVAMT	<i>Total amount DWP pays directly for services, as defined in GOVPAY</i>
HIPAMT	<i>Health in Pregnancy Grant</i>
LOANAMT	<i>Social Fund : Budgeting Loan or Crisis Loan</i>
PRGAMT	<i>For Government Training, as answered to question TRAIN</i>
REPAYAMT	<i>Social Fund : Loan repayment from JSA/ESA or IS/PC</i>
SFGRAMT	<i>Social Fund : Community Care Grant</i>
WIDPAMT	<i>Widow's payment – lump sum</i>
WTCAMT	<i>Working Tax Credit (regular payment)</i>
WTCLPAY	<i>Working Tax Credit (lump sum)</i>

**N.B.** The amount has been converted to a **weekly** value, apart from Lump Sums in the following benefits:

23	Health in Pregnancy Grant
31	Trade Union sick/strike pay
32	Friendly Society Benefits
33	Private sickness scheme benefits
34	Accident insurance scheme benefits
35	Hospital savings scheme benefits
51	Rcpt last 6 months: Child Maintenance Bonus/Premium
60	Bereavement Payment
61	Unemployment/Redundancy Insurance
62	Winter Fuel Payment
81	Permanent health insurance
82	Any other sickness insurance
83	Critical Illness Cover and Grants

BENAMTDK If the answer to BENAMT above is "DON'T KNOW", is it because the benefit is paid in combination with another, and that a separate amount cannot be established (Yes/No)?

BENLETR Whether a benefit letter was consulted (Yes/No)?

BENPD On the database, holds the period covered by the original answer to the BENAMT question for all benefits. So, for example, BENAMT will always hold a weekly equivalent amount if the corresponding value of BENPD represents a period (i.e. in range 1-52). However, on the questionnaire other variable names are used for certain benefits. These exceptions are :

CTCPD	Child Tax Credit
EXBENPD	Extended Housing Benefit and/or Council Tax Benefit
GOVPD	DWP direct payments for IS and JSA customers
HIPPD	Health in Pregnancy Grant
PRGPD	Government Training Allowance recipients,
WTCPD	Working Tax Credit

CCTC Does this include a Child Care Tax Credit to help pay for child care expenses (Yes/No)?

COMBAMT Holds the combined total value of benefits when the values of individual benefits are not known.

COMBBK Are there any other benefits paid using the same benefit book (Yes/No)?

COMBPD Period code for COMBAMT

HOWBEN How is the benefit paid? (1= Direct to bank/building society/Post Office account, 2= Girocheque, 3= Paid directly for Motability, 4=other).

NOTUSAMT The amount *usually* received converted to a weekly period if different from the amount *last* received. (Question producing this is BUSAMT in the questionnaire). This question is only asked if the respondent states that the amount given in BENAMT is not usual (USUAL=2).

NOTUSPD The original period the usual amount covered before being converted to a weekly amount. (Question producing this is BUSAMT in the questionnaire (Period code answer - Symbolic 1...52). This question is only asked if the respondent states that the amount given in BENAMT is not usual (USUAL=2). If the answer to USUAL is YES the BENAMT and BENPD responses are copied across to the above two fields so that they always hold the usual amounts to simplify retrievals

NUMWEEKS This holds the number of weeks in the last 12 months that the benefit has been received. (Integer 0...52). It is only asked when the question PRES is also asked about. In the questionnaire there are different variable names for certain benefits. The exceptions are:-

ESAWEEKS for Employment and Support Allowance, Integer 0-97

JSAWEEKS for Jobseeker's Allowance, Integer 0-97

ISWEEKS for Income Support or Pension Credit, Integer 0-97

NUMYEARS For Employment and Support Allowance, Income Support, Jobseeker's Allowance and Pension Credit only, this holds the number of years the respondent has been receiving. If less than two (NUMYEARS=1), NUMWEEKS is also asked.

PRES Asks whether presently receiving the benefit?

TTBPRX This is an estimate of the sum of benefit received by the person, excluding Council Tax Benefit and Housing Benefit.

USUAL For Retirement Pension, Pension Credit, Widow's Pension/Bereavement Allowance, Widowed Mothers/Parents Allowance, Employment and Support Allowance, Jobseeker's Allowance and Income Support, the interviewee is asked if the amount last received was the usual amount (yes, no or no such thing as a usual amount)

VAR1 - VAR3 Some questions only apply to individual benefits. Instead of creating separate fields for each different question, these questions share the three fields Var1 to Var3. The fields hold data as follows (Benefit Key Values precede benefit types).

### BENEFIT EXISTENCE FIELDS

Accessing the BENEFITS table and looking for relevant rows can check for the existence of benefits. Additionally, it is possible to check whether an adult is in receipt of a benefit, using the ADULT table. The original responses to the Benefit list questions are held in the ADULT table each field representing one Benefit. The fields are listed in Table 1. The possible values in each field are the standard converted multiple choice responses, i.e.:-

- 1 Yes
- 2 No
- 3 All responses in set are 'No'
- 1 Not applicable / skipped
- 9 Don't Know
- 8 Refused to answer
- 2 Not known / unable to derive

### ADDITIONAL RESPONSES

In addition to benefit details there are some additional questions concerning future benefits. These are held in the BENEFITS or ADULT table and are as follows:-

#### BENEFITS Table

WHOREC1 - 5 These questions are asked of those people claiming DLA (Care), DLA (Mobility) and Attendance Allowance, or will claim any of these benefits in the future, as outlined below (Person Number -Symbolic 1..20,97). The benefits can be received for up to 5 people. The responses appear in the BENEFITS table.

#### ADULT Table

B2QFUT1 - 3 Are asked of those people current not in receipt of Disability Living Allowance (Care and/or Mobility Components), or Attendance Allowance to establish if they are awaiting a decision on the application. The responses appear in the ADULT table.

B3QFUT1 - 6 Are asked of those people current not in receipt of JSA, IS/MIG, IB, MA, IIDB, or PC who are awaiting a decision on the application. The responses appear in the ADULT table.
