Telephone Interviews

Text

I would like you to measure both your index finger and your ring finger. The way you take the measurement is the same for both fingers.

Starting with your right hand, hold your hand in front of you. Look at your index finger and find where your finger joins the palm of your hand. Find the bottom crease of the finger. Go to the middle of this crease. Put the 0 of your ruler exactly on the middle of the bottom crease. Make sure the ruler runs straight up the middle of your finger. Measure to the tip of your finger (not your nail). Every millimetre counts so it is important to do this as accurately as possible, you are contributing to real scientific research and it will determine the results.

What is the measurement for your **right index** finger?

Interviewer Instruction

ENTER 997 FOR 'MEASUREMENT NOT POSSIBLE AS FINGER/HAND MISSING OR INJURED'

ENTER 996 FOR 'UNABLE TO TAKE MEASUREMENT FOR OTHER REASONS'

Web Interview

Scripting Notes

Format as per attached image. Please include the picture of the hand to the right of the instructions as in the attached image. To the left of the response box, please use the label "**Right hand** index finger", then to the right of the box please use the label "millimetres". Use a drop down box with relevant numbers (i.e., 20-125 millimetres) and two radio buttons underneath labelled 'Measurement not possible as finger/hand missing or injured' (997 in the data) and 'Unable to measure finger for other reasons' (996 in the data).

This task is called 'Fingers'.

For this task you will need a ruler.

- Hold your right hand in front of you.
- Look at where your ring finger joins the palm of your hand.
- Find the bottom crease. Go to the middle of this crease.
- Put the 0 of your ruler exactly on the middle of the bottom crease. Make sure the ruler runs straight up the middle of your finger.
- Measure to the tip of your finger (not your nail) in millimetres.
- Every millimetre counts so it is important to do this as accurately as possible.

Text

I would like you to measure both your index finger and your ring finger. The way you take the measurement is the same for both fingers.

Starting with your right hand, hold your hand in front of you. Look at your index finger and find where your finger joins the palm of your hand. Find the bottom crease of the finger. Go to the middle of this crease. Put the 0 of your ruler exactly on the middle of the bottom crease. Make sure the ruler runs straight up the middle of your finger. Measure to the tip of your finger (not your nail). It is important to get a precise measurement so please provide a measurement to the 16th of an inch if you can, you are contributing to real scientific research and it will determine the results.

What is the measurement for your **right index** finger?

Interviewer Instruction

ENTER 997 FOR 'MEASUREMENT NOT POSSIBLE AS FINGER/HAND MISSING OR INJURED'.

ENTER 996 FOR 'UNABLE TO TAKE MEASUREMENT FOR OTHER REASONS'.

Text

For this task you will need a ruler.

*We would like you to measure both your index finger and your ring finger on both hands. The way you take the measurement is the same for all fingers.

*Hold your hand in front of you.

*Look at where your finger joins the palm of your hand.

*Find the bottom crease. Go to the middle of this crease.

*Put the 0 of your ruler exactly on the middle of the bottom crease. Make sure the ruler runs straight up the middle of your finger.

*Measure to the tip of your finger (not your nail) in inches.

*Every fraction of an inch counts so it is important to do this as accurately as possible.

Text

In the following set of questions, a series of numbers following a pattern will be given with a blank space where a number should go.

Sometimes the blank will be at the end of the series, and sometimes it may be at the beginning or in the middle. Please choose the number you think goes in the blank.

For example, if the series of numbers shown is **2, 4, 6, _____**, the correct answer would be 8.

Some of the problems may be easy but others may be hard. Just do the best you can. There is no credit for answering quickly - it is more

important to answer the item correctly. Don't worry if you do not know the answer, some of the items are intended to be very difficult. You can go onto the next item at any time. Please click next when you are ready to begin.

Text

Next, the following questions will have a phrase with several words and you are to finish the sentence by selecting the word that best completes the phrase.

For example, if I say "Mother is to Daughter as Father is to ____" you would select "Son". Mother is to Daughter as Father is to Son.

Some of the problems may be easy but others may be hard. Just do the best you can. It is more important to answer the item correctly than to answer quickly, so take a little time to think before answering. Don't worry if you do not know the answer, some of the items are intended to be very difficult. You can go onto the next item at any time. Please click next when you are ready to begin.

Text

This year, we are again interested in learning more about how people think and make decisions about various aspects of their lives. To do this, we have a set of very brief questions for you to complete yourself on the laptop. {if CAPI} / To do this, we will ask you a set of very brief questions. {if WEB} At the end, you will again have the chance to win an amount of money.

In each question, you will be presented with a choice. There are two sets of questions. First, you will be asked to decide between different amounts of money that you could potentially receive at different points in time. In the second set of questions, you will be asked to decide between types of lottery games that you might prefer to play.

In all of these questions, there is no right or wrong answer. Do not spend too much time on any question. Please answer quickly and honestly.

Once you have made all your choices, you could receive a payment. Ten percent of respondents will be randomly selected to win. There are 91 questions in this section of the interview in total. If you are selected to receive the payment, one of the 91 questions will be selected at random, and your payment will be calculated based on your answer to that question. The highest amount that you could win is £250.

If you are selected to receive the payment, the payment will be arranged at the end of the interview.

If you have any questions, you can ask me now. {if CAPI}

Next, you will be asked to decide which type of lottery game you would prefer.

There is no right or wrong answer. Please work as quickly as possible, we are only interested in your initial reactions.

Once you have made all your choices, you could receive a payment. Ten percent of respondents will be randomly selected to win. If you are selected to receive the payment, one of the 91 questions in this section of the interview will be selected at random, and your payment will be calculated based on your answer to that question. The highest amount that you could win is £250. You must complete all 91 items in order to have a chance to win. Unfortunately if you do not continue then you will not have a chance to receive any money. {if WEB}

If you are selected to receive the payment, the payment will be arranged at the end of the interview.

If you have any questions, you can ask your interviewer now. {if CAPI}

Options

1	Begin the questions
2	No thanks, I would rather not answer these questions

Choice 91

In this last choice, you will be asked to choose the lottery that you prefer among six different lotteries. The six different lotteries are presented below. You have to select one and only one of these lotteries.

Which outcome occurs for each of the six lotteries depends on the roll of a ten-sided die. Each outcome has a 50% chance of occurring depending on the roll. If the roll is 1,2,3,4 or 5 the outcome is 'Low'. If the roll is 6,7,8,9 or 10, the roll is 'High'.

Between Lotteries A, B, C, D, E and F, which lottery do you prefer?

Options

1	LOTTERY A: Winning £28 if the roll is 'low' (i.e., die roll is 1,2,3,4 or 5), or £28 if the roll is 'high' (i.e., die roll is 6,7,8,9 or 10)
2	LOTTERY B: Winning £24 if the roll is 'low' (i.e., die roll is 1,2,3,4 or 5), or £36 if the roll is 'high' (i.e., die roll is 6,7,8,9 or 10)
3	LOTTERY C: Winning £20 if the roll is 'low' (i.e., die roll is 1,2,3,4 or 5), or £44 if the roll is 'high' (i.e., die roll is 6,7,8,9 or 10)
4	LOTTERY D: Winning £16 if the roll is 'low' (i.e., die roll is 1,2,3,4 or 5), or £52 if the roll is 'high' (i.e., die roll is 6,7,8,9 or 10)
5	LOTTERY E: Winning £12 if the roll is 'low' (i.e., die roll is 1,2,3,4 or 5), or £60 if the roll is 'high' (i.e., die roll is 6,7,8,9 or 10)
6	LOTTERY F: Winning £2 if the roll is 'low' (i.e., die roll is 1,2,3,4 or 5), or £70 if the roll is 'high' (i.e., die roll is 6,7,8,9 or 10)

Thank you for having answered the 91 questions. The option you prefer in each question have been recorded by the system. *{if WEB}* As explained earlier, you now have a 1 in 10 chance to receive a payment. If you are selected to receive the payment, one of the 91 questions that you just answered will be selected at random, and the payment will be calculated based on your answer to that question.

So, first, let's see whether you are selected to receive the payment. The computer will generate a random number between 1 and 10. If the number selected is '1', that is a 1 in 10 chance, you will receive the payment, but if the number selected is any other number you will not receive the payment.

Scripting Note

This experiment involves two versions of the job satisfaction question. The experimental variation is in the ordering of the response options, and Version A replicates the ordering in the main survey. For Version B, the numbers remain the same but the labels change. The reason the numbers do not change with the labels is we want to retain the original number-to-label coupling from past waves where the showcard contained numbers and was presented in the numerical order from 7 (top) to 1 (bottom). The researchers for this experiment wish to de-couple the numbering from response options and focus only on the meaning and position, rather than numeric quantification, of response options. Therefore the numbering remains as a matter of data structure but not as a matter of measurement.

One of the most important parts of our research is how people are getting by financially these days. We have found that we need to ask about a number of different types of income, otherwise our results could be misleading. Please think about ALL of the extra sources of income you receive, as well as any benefits or tax credits. If you are at all unsure about whether something would count, you can check with me. I'd like to remind you that anything you tell me is completely confidential.

MisSource. *Income source enumerated at previous wave but not current wave*

Decimals	Width	Don't Know	Refused	Inapplicable	Missing
0	1	-1	-2	-8	-9

Source

UKHLS

Scripting Notes

MisSource is an indicator designed to identify benefit and unearned income sources that were not recorded at the current wave but were recorded at the previous wave. A flag is created for each unearned income source if it has been coded as received in the current interview. This flag is then compared with the ff variable for that income source.

If enumerated at wave t-1 and enumerated at wave t then MisSource = 0.

If not enumerated at wave t-1 and not enumerated at wave t then MisSource = 0.

If not enumerated at wave t-1 but enumerated at wave t then MisSource = 0.

If enumerated at wave t-1 but not at wave t then MisSource = 1.

This calculation becomes more complicated once Universal Credit has been introduced, because the answer at the current wave will be Universal Credit and at the previous wave it will be something else (but mean the same thing). Hence this extra code....

If Istrdate after 31/03/2013, code MisSource = 0 if claims Personal Independence Payment (BenDis = 12) and at t-1 respondent claims Disability Living Allowance (ff_bentype10).

If Istrdate after 30/09/2013, code MisSource = 0 if claims Universal Credit (BenBase = 4) and at t-1 respondent had claimed Income Support (ff_bentype15), Job Seeker's Allowance (ff_bentype16), Employment Support Allowance (ff_bentype33), Housing Benefit (ff_bentype22), Rent Rebate (ff_bentype31), Child Tax Credit (ff_bentype19) or Working Tax Credit (ff_bentype20).

Use

Compute MisSource = list Of Sources Enumerated At Current Wave And Compare To Unearned Income Sources From Wave T-1.;

VERSION A *{if CAPI}*

Now a few general questions regarding our society in the United Kingdom. We would like to ask you for your personal opinion about these issues.

Some people say that we will still have plenty of oil 25 years from now. Others say that at the rate we are using our oil, it will be all used up in 15 years. Which of these ideas would you guess is most nearly right?

Interviewer Instruction

IF RESPONDENT SPONTANEOUSLY ANSWERS "DON'T KNOW", WAIT 5 FULL SECONDS IN SILENCE TO ALLOW THE RESPONDENT TO ANSWER AGAIN BEFORE SAYING: "THANKS. IF YOU WANT TO SKIP ANSWERING THIS QUESTION, THAT'S OK, BUT WE WOULD REALLY APPRECIATE IT IF YOU WOULD BE WILLING TO ANSWER IT, BECAUSE YOUR RESPONSE WILL HELP OUR STUDY A LOT. PLEASE FEEL FREE TO EITHER ANSWER OR GO TO THE NEXT QUESTION. THANK YOU"

To help us improve our questions in the future, here are some final questions on a range of different topics which are similar to previous ones. Please don't try to remember what you answered before but treat them as if they were completely new questions.

Now some questions about people from other countries coming to live in the UK. Please respond to the following statements using a scale from 0 to 10 where 0 means completely agree and 10 means completely disagree.

The UK should allow fewer people of the same race or ethnic group as most British people to come and live here.

Options

0	Completely agree
1	.
2	.
3	.
4	.
5	.
6	.
7	.
8	.
9	.
10	Completely disagree

Text

Sometimes people move homes and forget to let us know. It's really helpful to have the contact details of someone such as a relative or friend who would be able to let us know how to contact you. So it would be great if you could give us the details of someone who could simply put us back in touch with you.

Last year, you told us that [ff_ctname] [, who is your [ff_ctrel], {if ff_ctrel NOT DK|REF|MIS}] would know where to find you if you had moved. Are the following details correct?

Please select any details that are INCORRECT. If you would like to change the contact person, please select all details as incorrect and

update them at the next screen. *{if WEB}*

Interviewer Instruction

READ OUT AND CODE EACH THAT NEEDS CHANGING OR CORRECTION. IF NECESSARY, REASSURE RESPONDENT THAT THESE DETAILS ARE FOR THE SURVEY TEAM ONLY. THE DETAILS DO NOT GET PASSED TO ANYONE ELSE AND WILL BE STORED SECURELY. THE PERSON NOMINATED WILL ONLY BE ASKED HOW TO CONTACT THE RESPONDENT SO THAT THEY CAN CONTINUE TO BE PART OF THE SURVEY

YOU WILL BE ASKED TO ENTER ANY INFORMATION THAT IS MISSING FOR THIS STABLE CONTACT. IF NONE IS AVAILABLE, CODE DON'T KNOW AT THE FOLLOWING QUESTIONS.

IF RESPONDENT SPECIFIES A DIFFERENT CONTACT PERSON THEN INDICATE A CHANGE IN CONTACT'S NAME.

Time, and how we choose to spend it, is one of the main factors shaping our lives. This year we are interested in learning more about how you spend your time. To do this, we would like you to complete a diary of all your activities on two days next week. Since this is an additional task, we would like to offer you an additional £ 5 voucher as a thank you. {if GRIDVARIABLES.ModeType = 1}

Your days are [ff_diaryweekw7] [WEEKDATE] and then also [ff_diarywew7] [WEDATE]. If you cannot complete the diary on the required date, just substitute the same day of the week 7 days later. We will be posting you the diary to complete with instructions on how to do it, so please look out for this in your post. Since this is an additional task, we will send you an additional £ 5 voucher as a thank you. {if GRIDVARIABLES.ModeType = 2|3}

Text

Here are two diaries for you to use to record your activities. The two days that we would like you to record are next [ff_diaryweekw7] [WEEKDATE] and then also [ff_diarywew7] [WEDATE]. I'll write these dates on the covers of the two diaries now. If you cannot complete the diary on the required date, just substitute the same day of the week 7 days later.

Interviewer Instruction

COMPLETE THE FRONT PAGE OF THE DIARY WITH THE IDENTIFICATION NUMBER, PERSON NUMBER, FIRST NAME, SEX AND DATE OF BIRTH FOR THE RESPONDENT. ALSO BE SURE TO COPY THE CORRECT DAY OF THE WEEK AND CALENDER DATE FOR EACH DIARY:

[FF_FORENAME], [FF_SEX] AND [FF_BIRTHD]/[FF_BIRTHM]/[FF_BIRTHY]
 [FF_DIARYWEEKW7] [WEEKDATE]
 [FF_DIARYWEW7] [WEDATE]

WHEN HANDING OVER THE DIARY, BE SURE TO INCLUDE A £ 5 VOUCHER

Text

I'll now talk you through how to complete the diary. The aim is to record how you spend your time throughout two specified 24 hour days. The day is broken into 10 minute segments. We would like you to record your activities from 4am on [ff_diaryweekw7] until 4am the following morning with no gaps, then again from 4am on [ff_diaryweew7] until 4am the following morning with no gaps in time.

All of your activities need to be assigned to one of the codes listed here on the left hand side of the diary. Notes about what to include are listed here on the right hand side, but there is also a more detailed explanation of all the codes in the pages at the back.

The amount of time spent in each activity is indicated by drawing a horizontal line in line with the appropriate activity code at the time of day that activity occurred. Mark an X in the 10 minute box indicating the start of the activity and another X in the 10 minute box corresponding to when the activity ended, connecting the two with a horizontal line.

If you were doing more than one thing at a time, we want to know what else you were doing in addition. These additional activities are called secondary activities. We are only interested in one main activity and one secondary activity. If you were doing more than two things at the same time, you should decide which was your main activity and secondary activity. The length of time sent in the secondary activity may be different from the main activity. Secondary activities can sometimes become main activities and vice versa.

For secondary activities, just indicate the start and end of the activity with a dot rather than an X.

Any activity that lasted 5 minutes or longer should be recorded. If several activities take place in any 10 minute period, you should record the longest, the next longest could be recorded as a secondary activity.

For some activities, we are only interested in 'active time'. For example, preparing the dinner may take an hour from start to finish, but for 40 minutes of that hour the food is cooking. In this instance, you would record only the 20 minutes of time actively preparing food, and the 40 minutes while the food is cooking should be counted as whatever else you were actually doing at that time.

At the bottom of the diary in line 31, please record how much you enjoyed doing these activities using the scale specified there.

Also, for every activity, please record who you were with at the time in line 32 at the bottom using the codes specified there.

Text

Let's look at an example diary day. As we go through this, feel free to ask about anything you might not understand. This shows what someone was doing between 6am and 10am - note that the real diary day starts and ends at 4am.

As you can see, activities lasting more than 10 minutes are recorded by drawing an X in the first and last 10 minute spaces and are joined by a continuous line. Activities that last at least 5 minutes but not more than 10 minutes are marked only with an X in the space between the vertical lines.

Here the person was sleeping, code 1, from 6am to 7.10am. Then, washing and dressing, code 3, from 7.10am to 7.40am. Here they prepared breakfast, code 5, from 7.40am to 7.50am then ate breakfast, code 4, from 7.50am to 8.10am. Here they travelled to work, code 10, from 8.10am to 8.50am and then worked at their job, code 11, from 8.50am to 10am.

You can see secondary activities indicated here. From 7.10 to 8.20 this person was looking after their children, code 15, getting them up, giving them breakfast, getting them to school. While travelling they were also reading, code 21.

Notice we are interested in how people travel. This person took the train for 20 minutes, indicated by two T's in the adjacent 10 minute slots here.

Enjoyment with activities is recorded here on the bottom along with who was with them at the time of the activity. Our example enjoyed sleeping quite a lot, felt more neutral about all of the morning chores but liked taking their children to school. Here they were with their spouse whilst sleeping, their children whilst doing the morning chores, etc....

When you have completed the day, please don't forget to put both diaries in this envelope and drop it in the post. Do you have any questions about when to complete the diary, how to complete it, or how to post it back?

Interviewer Instruction

PLEASE REFER TO YOUR INTERVIEWER INSTRUCTIONS TO ANSWER ANY RESPONDENT QUESTIONS. IF YOU ARE UNABLE TO ANSWER THE QUESTIONS ON THE SPOT, RING THE OFFICE AFTER THE INTERVIEW AND THEN BE SURE TO CONTACT THE RESPONDENT WITH THE INFORMATION. IF THE RESPONDENT HAS NO QUESTIONS, PRESS NEXT AND CONTINUE WITH THE REST OF THE INTERVIEW.

COMPLETING THE QUESTIONNAIRE

The questions inside cover a wide range of subjects, but each one can be answered by marking an “x” in the box next to the answer you want to give, as in the example below.

Please complete the questionnaire in **black or blue ink**, keeping your answers within the boxes. This questionnaire will be read by a scanner so please mark your answers in the spaces provided. If you have made a mistake in your answer or changed your mind please completely fill the box to show the mistake  and then put an “x” in the box next to the correct answer.

Next to some of the boxes are arrows and instructions. They show or tell you which question to answer next. If there are no special instructions, just answer the next question.

Example Question

16**Did you have breakfast today?**

Yes

No

**18**

When you have finished answering the questionnaire, please seal it in the envelope and hand it back to the interviewer. If you have any questions or need help, please ask the interviewer. Thank you again for your help.

+

1 Please write in your date of birth.

The next few questions are about you and your family.

8

In the past 7 days, how many times have you eaten an evening meal together with the rest of your family who live with you?

YPEATLIVU

None

1 or 2 times

3- 5 times

6- 7 times

9

About how many hours do you spend doing or helping with housework in an average week, such as time spent tidying your bedroom, cooking, cleaning or doing laundry?

YPHRSHSWRK

Don't do any housework

Less than one hour

1-3 hours

4-6 hours

7 or more hours

10

In the past month, how many times have you stayed out after 9.00pm at night without your parents knowing where you were?

YPLATE

Never

1-2 times

3-9 times

10 or more times

11

How many close friends do you have – friends you could talk to if you were in some kind of trouble?

YPNPAL

Write in number

12

Do you have a steady boyfriend or girlfriend?

YPSBFGF

Yes

No

13

Please say whether you strongly agree, agree, disagree, or strongly disagree, that the following statements apply to yourself.

	Strongly agree	Agree	Disagree	Strongly disagree
YPESTA I feel I have a number of good qualities				
YPESTI I feel that I do not have much to be proud of				
YPSETB I certainly feel useless at times				
YPESTJ I am able to do things as well as most other people				
YPESTC I am a likeable person				
YPESTK I can usually solve my own problems				
YPESTE All in all, I am inclined to feel I am a failure				
YPESTF At times I feel I am no good at all				

Now some questions about how you spend your free time.

14 How often do you...

Put an "x" in one box for each line

	Most days	At least once a week	At least once a month	Several times a year	Once a year or less	Never / almost never
Go to a party, dance, disco, or nightclub YPPARTY	☐	☐	☐	☐	☐	☐
Go to the cinema YPCINEMA	☐	☐	☐	☐	☐	☐
Do painting, drawing, printmaking or sculpture YPPAINT	☐	☐	☐	☐	☐	☐
Go to the theatre (for example play, pantomime or opera) YPTHEATRE	☐	☐	☐	☐	☐	☐
Use a computer to create original artworks or animation YPCART	☐	☐	☐	☐	☐	☐
Go to watch live sport YPLVESPT	☐	☐	☐	☐	☐	☐
Go to a pub or bar YPPGOZPUB	☐	☐	☐	☐	☐	☐
Just hang around/mess about near your home YPFHNGHM	☐	☐	☐	☐	☐	☐
Just hang around/mess about in the high street or the town/city centre YPFHNGTN	☐	☐	☐	☐	☐	☐

15 And how often do you...

Put an "x" in one box for each line

	Most days	At least once a week	At least once a month	Several times a year	Once a year or less	Never / almost never
Go to youthclubs, scouts, girl guides or other organised activities YPFYTHCLUB	☐	☐	☐	☐	☐	☐
Go to a library (not your school library) YFELIBRARY	☐	☐	☐	☐	☐	☐
Go to museums or galleries YPFMUSEUM	☐	☐	☐	☐	☐	☐

The next few questions are about how you feel about different aspects of your life.

20

The faces express various types of feelings. Below each face is a number where '1' is completely happy and '7' is not at all happy.

Please put an "x" in the box which comes closest to expressing how you feel about each of the following things...

A) Your school work?

YPHSW

B) Your appearance?

YPHAP

C) Your family?

YPHFM

D) Your friends?

YPHRF

E) The school you go to?

YPHSC

F) Which best describes how you feel about your life as a whole?

YPHLF

The next few questions are about any homework you might be asked to do by teachers at your school. 'Homework' is any work set for you by teachers which is to be done outside lessons even if you do the work at school after lessons rather than taking it home with you.

21 Do you ever get set any homework at school?

YPHMWK

Yes ☐ → **22**

No ☐ → **28**

22 How often are you given homework?

YPFHMWRK

Most days ☐

Once a week at least ☐

Sometimes, less than once a week ☐

Hardly ever ☐

Never ☐

23 During an average week in term time, on how many evenings do you do any homework? Please just think about Monday to Friday evenings during term time.

Write in the number of evenings
you do homework

YPFHWEVE

24 When you do homework on a week-day evening during term time, how many hours do you usually spend doing your homework?

YPHMWKHRS

Write in the number of hours

25 And how many hours do you usually spend doing homework on the weekend during term-time?

YPHMWKWE

Write in the number of hours

26 Does anyone here at home help you with your homework, even if it's only occasionally?

YPHMWKHLP

Yes ☐

No ☐

27 Who usually helps you with your homework?

Mum or stepmum ☐ YPHMWKWH01

Dad or stepdad ☐ YPHMWKWH02

A brother or sister (or stepbrother/sister) ☐ YPHMWKWH03

Another relative living with you ☐ YPHMWKWH04

Any non-relative living with you ☐ YPHMWKWH05

No one, I do it myself ☐ YPHMWKWH06

The next questions are about school and what you want to happen in the future.

28

How important do you think it is for you to do well in your GCSE exams or Standard Grades (if you live in Scotland)?

YPACVWELL

Very important ☐Important ☐Not very important ☐Not at all important ☐

29

The age young people must stay in education or training differs somewhat across the UK. What would you most like to do when you have completed your final GCSE/Standard Grade year at around age 16?

YPLVSC2D0

Get a full time job ☐ → 31Stay at school or college to do A levels/Highers ☐ → 30Get an apprenticeship ☐ → 30Do some other form of training ☐ → 30Do something else ☐ → 30Don't know ☐ → 30

30

Would you like to go on to do further full-time education at a college or university after you finish school?

YP2UNI

Yes ☐No ☐Don't know ☐

31

In the last 12 months, have you ever played truant, that is missed school without permission, even if it was only for a half day or single lesson?

YPTRUANT

Yes ☐No ☐

Here are a few questions about health and nutrition.

32 In general, would you say your health is...

YPSRHLTH

Excellent ☐

Very good ☐

Good ☐

Fair ☐

Poor ☐

33 How many portions of fresh fruit or vegetables do you eat on a typical day? One portion is one piece of fruit or one serving of a vegetable or salad item.

YPERVTTPD

5 or more portions ☐

3 – 4 portions ☐

1-2 portions ☐

None ☐

34 How tall are you without shoes? Please use either feet and inches or metres and centimetres – whichever you know the best.

WRITE IN

Feet

Inches

YPHLHTFTXT

Metres

Centimetres

YPHLHTCTXT

Don't know

☐

YPHLHTDK

35 And how much do you weigh without clothes on? If you are not sure please write in your best guess. Please use either stones and pounds or kilograms – whichever you know the best.

WRITE IN

Stones

Pounds

Kilograms

YPHLWTKTXT

Not sure and can't guess

☐

YPHLWTDK

36 Do you think that you are...

YPHLWTR

About the right weight ☐

Underweight ☐

Slightly overweight ☐

Very overweight ☐

Don't know ☐

37 Do you ever diet or try to lose weight?

YPTRYDIET

Yes, all the time ☐

Yes, some of the time ☐

No, never ☐

38 What type of exercise do you do, including things like cycling or walking to school, or what sports do you play? Please put an "x" in the box for each one you do.

YPEXTYPE

Walking, including walking the dog ☐ 1

Swimming or diving ☐ 2

Cycling ☐ 3

Jogging or running ☐ 4

Tennis, squash or badminton ☐ 5

Keep fit, aerobics or gym training ☐ 6

Football ☐ 7

Rugby ☐ 8

Netball, basketball or hockey ☐ 9

Cricket ☐ 10

Athletics ☐ 11

Martial Arts ☐ 12

Horse riding ☐ 13

Gymnastics ☐ 14

Dance ☐ 15

Other type of sport or activity ☐ 16

39 How many days in a usual week do you play sports, do aerobics or do some other keep fit activity?

YPPSPRT

Every day ☐

5-6 days ☐

3-4 days ☐

1-2 days ☐

Less often than once a week ☐

Never or hardly ever ☐

40 What is the main way you usually travel to school?

YPTPRVL2SCH

Walk all the way ☐

Ride a bike ☐

By bus or tube ☐

By car ☐

By train ☐

Some other way/combination ☐

41 Do you ever smoke cigarettes at all?

YPERVRSMO

Yes ☐ → **42**

No ☐ → **43**

42 Please read the statements below and put an "x" in the box beside the statement that describes you best.

YPSMOFRQ

I have smoked only once or twice ☐

I used to smoke but I don't now ☐

I sometimes smoke, but not every week ☐

I usually smoke between one
and six cigarettes a week ☐

I usually smoke more than six cigarettes a week ☐

Just to remind you, all your answers are confidential and will not be seen by anyone in your household.

43 Have you ever had an alcoholic drink? That is a whole drink, not just a sip.

YPEVRALC

Yes ☐

No ☐

44 How many times in the last four weeks have you had an alcoholic drink?

YDPKLM

Most days ☐ → **45**

Once or twice a week ☐ → **45**

2 or 3 times ☐ → **45**

Once only ☐ → **45**

Never ☐ → **46**

45 Thinking back over the last four weeks, how many times (if any) have you had five or more drinks on one occasion? (A 'drink' is one pint/ bottle/can of beer or cider, 2 alcopops, one small glass of wine, a single measure of spirits).

YP5ALCDR

None ☐

Once ☐

Twice ☐

Three to five times ☐

Six to nine times ☐

Ten times or more ☐

46

On how many occasions (if any) have you been intoxicated or drunk from drinking alcohol, for example staggered when walking, not being able to speak properly, throwing up or not remembering what happened?

Now a few questions about the environment. How often you personally do each of the following things?

52

How often do you leave the TV on standby?

YPENVHABIT1

Always ☐

Very often ☐

Quite often ☐

Not very often ☐

Never ☐

We have no TV at home ☐

53

How often do you switch off lights in rooms that aren't being used?

YPENVHABIT2

Always ☐

Very often ☐

Quite often ☐

Not very often ☐

Never ☐

54 How often do you keep the tap running while you brush your teeth?

YPENVHABIT3

Always ☐

Very often ☐

Quite often ☐

Not very often ☐

Never ☐

55 Do you believe that people in the UK will be affected by climate change in the future?

YPOPECL

Yes ☐

No ☐

Don't know ☐

The next questions are about what you want to do in the future.

56 At what age do you want to get married? If you don't want to get married then write in zero.

YPAMAR

Please write in age:

57 At what age would you like to start a family? If you don't want any children, write in zero.

YPAPAR

Please write in age:

58 Thinking about your own future, what would you like to be doing with your life in about ten years' time from now? Write in as much as you like in the space provided.

YPFUTATXT

Measuring your Fingers

For this task you will need a ruler. If you do not have one, there is one printed on the edge of this page.

- Hold your right hand in front of you, like in this picture
- Look at where your ring finger joins the palm of your hand.
- Find the bottom crease of your ring finger.
- Put the 0 of the ruler exactly on the middle of the bottom crease. Make sure the ruler runs straight up the middle of your finger
- Measure to the tip of your finger (not your fingernail) in millimetres
- Every millimetre counts so it is important to do this as accurately as possible

59 How many millimetres is your right ring finger?

WRITE IN
Millimetres

H2D4DRIM

Now please do the same thing with your right index finger.

- Holding your hand in front of you like the picture, find the crease where your right index finger meets your palm, and measure in millimetres how long your index finger is from the middle of this bottom crease to the finger tip (not the fingernail).

60 How many millimetres is your right index finger?

WRITE IN
Millimetres

H2D4DRRM

Now, measure the same fingers on your left hand. Do everything the same for your left ring and left index fingers.

61 How many millimetres is your left ring finger?

WRITE IN
Millimetres

H2D4DLIM

62 How many millimetres is your left index finger?

WRITE IN
Millimetres

H2D4DLRM

Thank you for your help

Instructions to diarists:

Time Use Diary

Time, and how we choose to spend it, is one of the main factors shaping our lives. The way in which we use time has important implications for public policy affecting for example employment, childcare, the labour market, health, provision of culture, education and transport.

This time use diary is a way of recording how you spent your time throughout two specified 24-hour days. The day for which you are asked to fill the diary is specified on the front page of this booklet.

Filling in the diary

Included in this time diary are notes and a pre-filled example diary page, which shows the way in which the diary should be filled in. Please refer to it when reading the instructions below. The example diary shows what the person was doing between 4.00am and 07.00am.

- The time of day is shown across the top of the diary, the activity codes are listed down the side. When filling in the diary take care to follow the activity rows across the page, and the time columns down the page.
- The diary is broken down into 10-minute periods. We would like you to record what you were doing in every 10-minute part of the day, with no gaps. Activities need to be assigned to one of 30 activity codes.
- Any activity that lasted 5 minutes or longer is to be recorded. In the example diary the person was:
Sleeping (code 1): 4.00am to 7.10am; then
Washed and dressed (code 3): 7.10am to 7.40am; then
Prepared breakfast (code 5): 7.40am to 7.50am; then
Ate breakfast (code 4): 7.50am to 8.10am; then
Travelled (code 10): 8.10am to 8.50am; then
Worked (code 11): 8.50am to 10.00am
- Activities lasting between 5 to 10 minutes should be marked with an X in the appropriate slot for the time of day. Please put the X in the time slot between the vertical lines, not on the line. This shows that the activity was done during that 10-minute period. E.g. in the example diary the person was having breakfast between 7:50 and 8:10 and so put the X in the appropriate time slots against the activity 4 "Eating or drinking/having a meal (at home)".

- Activities lasting more than 10 minutes should be recorded by drawing an X at both the first and last 10 minute spaces in which the activity took place, joined by a continuous line. E.g. in the example diary the person was sleeping (code 1) between 4am and 7:10am.
- If you were doing more than one thing at a time (for example watching television and eating a meal, or reading while on the train), we want to know what else you were doing in addition to the main activity. These additional activities are referred to as **secondary activities**.
- Record a secondary activity in the same way as a main activity but using a dot • instead of X. E.g. in the example diary the person was reading (activity code 21) while travelling for work (activity code 11). The main activity here is travelling and the secondary activity is reading.
- Only one main activity can be recorded for the same time slot. If you were doing two or more activities you have to decide which you want to classify as the main activity. More than one secondary activity can be indicated if necessary.
- The length of time spent on a secondary activity may be different from the length of time spent on the main activity. An activity may switch from being the main to a secondary, or the other way round.
- Only 'active time' of being involved in an activity should be counted. For example, preparation of a meal might take an hour from start to finish, but for 40 minutes of that time the food is left cooking in the oven, while you do something else not related to food preparation. Those 40 minutes should not be coded as food preparation, but as whatever it was you were actively doing. Similarly, for washing clothes, only the active time of putting the clothes in the washing machine and setting it going at the beginning, and taking and hanging the clothes out at the end of the cycle should be recorded, not the time between.
- If one of your activities was travelling, in addition to time spent travelling (code 10) we also ask you to record the method of travel (Code 10a). This is done using letters **C** (for car/van), or **W** (for walk/jog), or **P** (for pedal bike), or **B** (for bus/coach) or **T** (for train/underground) to mark the start and finish of that particular type of travel and drawing a horizontal line between these two points. E.g. in the example diary (code 10a) the person was walking between 8:10am and 8:30am and on a train between 8:30am and 8:50am.
- For every **main** activity you should also record in code 31 at the bottom of the diary how much you enjoyed that activity on a scale from 1 (not at all) to 7 (very much), writing the enjoyment score at the start and finish of the activity. E.g. in the example diary (code 31), the person enjoyed sleeping quite a lot (recorded a score of 6), felt more neutral about all the preparation involved in getting ready to go out (scores 3, 2, and 4), then enjoyed walking with the children and reading on the train (scoring 5) before arriving at work, which she didn't enjoy so much (scoring 2) .
- For every activity you should also record in code 32 at the bottom of the diary who you were with at the time, using **C** (for child under 12), or **Y** (for young person 12-16), or **S** (for spouse/partner), or **F** (for family: spouse/partner and children), or **O** (for other) to mark the start and finish of being with this person or people and drawing a continuous line between the two points.

While filling in the diary you can also refer to the 'Notes and Instructions' on the right hand side of the page for further details relating to particular activities. A more detailed list of instructions about specific activities is given at the end of this document.

Notes and Instructions	
1	Include intending to sleep or trying to sleep
2	Include doing nothing, sitting thinking, smoking breaks
3	Include make up, beauty treatments, taking medication
4	Include meals, snacks and drinks
5	
6	
7	
8	
9	Include pet care
10	
10a	Car/van, Walk/jog, Pedal bike, Bus/Coach, Train/underground, Other
11	Travel in the course of work (e.g. to get to a meeting, a plumber driving to a job); record work as main activity and travel as secondary. However do not record work travel for people who earn their living by travelling e.g. bus driver, delivery person
12	Studies as part of formal education, including general and vocational training
13	Recreational courses and informal study activities or self improvement
14	Include work on behalf of political organisations. Include helping, caring or nursing other people if done for a voluntary organisation or charity
15	Include step/adopted/foster children. Childcare takes precedence over any other secondary activity
16	Exclude caring for children as part of job (e.g. childminder, nursery assistant)
17	Include caring for spouse or partner
18	Includes helping neighbours or friends
19	Include telephone/internet banking, paying bills, home shopping. Include appointments for respondents only. Include appointments at home
20	Exclude accessing internet/e-mailing via digital TV
21	Include e-books
22	Include jogging or walking for exercise here
23	
24	Include unplanned contact in person e.g. meeting a neighbour in the street
25	Include e-mail and instant messaging and also code Computer Use as secondary activity (Code 29)
26	
27	Include religious activities performed at home
28	Include time spent in the park
29	(Include internet access using Digital TV, games console, mobile phones etc.) Code as primary activity what the computer or internet access was being used for E.g. Playing computer games, hobbies – Code 28; Internet shopping – Code 19; e-mailing a friend, Facebook – Code 25. Code Computer Use as secondary.
30	Other activities not listed – please write in
31	
32	Who was with you?: Child under 12? Young person 12–16? Spouse/partner? Family (Spouse/Partner & children)? Other?

Final checks

After you have completed your diary please check these points (please tick boxes to indicate that):

You have recorded the time correctly:

- ☐ The whole 24-hour period has been accounted for;
- ☐ There is no overlapping time i.e. no two main activities are recorded in the same 10 minute period

You have coded the activities correctly:

Enjoyment of activities (code 31):

- ☐ An enjoyment score has been included for all activities

Who was with you (code 32):

- ☐ A code has been entered whenever you were with someone during the activity

Childcare:

- ☐ If you had a child in your care during any part of the diary day, you recorded it as a main or secondary activity (code 15 or 16).

Telephone use:

- ☐ If you made or received a call (other than while at work) during the diary day which lasted for at least 5 minutes, please record it as an activity

Computers:

- ☐ If you used a computer (other than during paid work) for 5 minutes or more, please record as a secondary activity at code 29, and what you were using it for as the main activity e.g. for Hobbies and other leisure activities (code 28)

Travelling:

- ☐ Check you have recorded the means of travel, for all journeys (code 10a)

Travelling in the course of work:

- ☐ If you travelled in the course of work (e.g. to get to a meeting, a plumber driving to a job): record work as main activity, travel as secondary activity
- ☐ However for people who earn their living by travelling (e.g. bus driver, delivery person), record this activity as 'work for paid job' (code 11)

Further notes on specific activities and activity codes:

The 'Notes and Instructions' on the right-hand side of the diary give examples of the types of activities that should be recorded in each code. However, this list does not cover every possibility. The following instructions about specific activities add to those notes.

Work for job (code 11)

- Include all paid work and overtime (whether paid or unpaid).
- Include all jobs.
- Job seeking activities should also be included here.
- Unpaid work which is not voluntary work (code 14) or caring (codes 15-18) should be coded as Other (code 30) with a note to specify what it is (for example unpaid work in a family business) written into the right hand side of the page.

Activities to be recorded during work time

- Secondary activities do not need to be recorded for the time when you are at work, with the following exceptions:
- Travel during work time (e.g. to a business meeting, or for a builder, plumber etc. going on a call) should be recorded as a secondary activity. If travelling is the main job (e.g. bus driver, delivery person), record as work only – do not record travel as secondary activity.
- During lunch or other formal breaks, main activities and any secondary activities should be recorded.

Education (codes 12 and 13)

- 'Formal education' (code 12) means studies at secondary and tertiary education institutions as part of the formal education system, including general and vocational training.
- 'Recreational courses and study' (code 13) covers all other courses and informal study activities or self-improvement.
- Both categories would include the respective course attendance and related work (e.g. at home, in the library).
- Courses or training attended in the course of work should be coded as paid work.

Caring for or helping children or adults (codes 15-18)

- 'Active' childcare and care for adults, where you are actually doing something for a child or adult, should be recorded as a main or secondary activity.
- 'Passive' care, such as keeping an eye on children or listening out for an elderly person, may be missed, as you may not feel that you are actually doing anything for someone at that time. We therefore ask you to record passive caring as a secondary activity.
- If you are caring at the same time as another activity, you should decide which you consider to be your main activity – whether it is, for example, cooking or ironing, or care.
- Care may also be a secondary activity when it takes place out of the house e.g. when a parent goes shopping and takes a young child, that child is still being looked after.

Shopping (code 19)

- Includes activities like picking up a shopping order, or a take away.
- As well as visits to shops, the bank, the post office etc., shopping also includes these activities when done at home or elsewhere, e.g. internet shopping, phone banking, mail order shopping, paying utility bills.

Watching TV and videos/DVDs, listening to radio or music (code 20)

- Only code as a main activity if any one of these is the only activity being done at the time. For example if the radio is on while you are ironing, the main activity should be 'Washing, ironing or mending clothes etc', with listening to the radio as a secondary activity.

'Dual nature' activities

A secondary activity will generally be a different, separate activity being done at the same time as a main activity. However, for the purpose of this survey, certain individual activities have a 'dual' nature and we want them recorded as both a main and secondary activity. These are:

- Jogging: main activity is exercise (code 22) and secondary is travel (code 10, with 10a coded as **Walking**);
- Dog walking: main activity is pet care (code 9) and secondary would be travel (**Walking**);
- Using a computer or accessing the internet (code 29) would be a secondary activity and the main activity would be what respondents were using the internet or computer for (e.g. playing games (hobbies and other leisure activities, code 28) or emailing a friend (contact with friends or family by telephone, email or letter, code 25).

Going out to eat/drink, eating with friends

- You should decide if going out to eat/drink or eating with friends counts as one activity or more than one and, if more than one (e.g. being with friends and drinking), which was the main and which the secondary.
- For example, if you eat with friends at their home you might decide that spending time with friends was the main activity (code 24), and eating (code 4) was the secondary. Alternatively, if you go out to eat with them you could select going out to eat/drink (code 23) as main and spending time with friends (code 24) as secondary.

Code 30 – 'Other activities not listed'

- Only use Code 30 as a last resort – you should try to fit all activities into codes 1-29 if possible.
- If an activity cannot be placed in one of the pre-coded activities, it should be coded as Code 30 and a description written in on the right-hand side of the diary.
- If you feel something you are doing is too private to record, it should be entered as 'Other', code 30, with 'Personal' written in the space on the right-hand side of the diary.

Instructions to diarists:

Time Use Diary

Time, and how we choose to spend it, is one of the main factors shaping our lives. The way in which we use time has important implications for public policy affecting for example employment, childcare, the labour market, health, provision of culture, education and transport.

This time use diary is a way of recording how you spent your time throughout two specified 24-hour days. The day for which you are asked to fill the diary is specified on the front page of this booklet.

Filling in the diary

Included in this time diary are notes and a pre-filled example diary page, which shows the way in which the diary should be filled in. Please refer to it when reading the instructions below. The example diary shows what the person was doing between 4.00am and 07.00am.

- The time of day is shown across the top of the diary, the activity codes are listed down the side. When filling in the diary take care to follow the activity rows across the page, and the time columns down the page.
- The diary is broken down into 10-minute periods. We would like you to record what you were doing in every 10-minute part of the day, with no gaps. Activities need to be assigned to one of 30 activity codes.
- Any activity that lasted 5 minutes or longer is to be recorded. In the example diary the person was:
Sleeping (code 1): 4.00am to 7.10am; then
Washed and dressed (code 3): 7.10am to 7.40am; then
Prepared breakfast (code 5): 7.40am to 7.50am; then
Ate breakfast (code 4): 7.50am to 8.10am; then
Travelled (code 10): 8.10am to 8.50am; then
Worked (code 11): 8.50am to 10.00am
- Activities lasting between 5 to 10 minutes should be marked with an X in the appropriate slot for the time of day. Please put the X in the time slot between the vertical lines, not on the line. This shows that the activity was done during that 10-minute period. E.g. in the example diary the person was having breakfast between 7:50 and 8:10 and so put the X in the appropriate time slots against the activity 4 "Eating or drinking/having a meal (at home)".

- Activities lasting more than 10 minutes should be recorded by drawing an X at both the first and last 10 minute spaces in which the activity took place, joined by a continuous line. E.g. in the example diary the person was sleeping (code 1) between 4am and 7:10am.
- If you were doing more than one thing at a time (for example watching television and eating a meal, or reading while on the train), we want to know what else you were doing in addition to the main activity. These additional activities are referred to as **secondary activities**.
- Record a secondary activity in the same way as a main activity but using a dot • instead of X. E.g. in the example diary the person was reading (activity code 21) while travelling for work (activity code 11). The main activity here is travelling and the secondary activity is reading.
- Only one main activity can be recorded for the same time slot. If you were doing two or more activities you have to decide which you want to classify as the main activity. More than one secondary activity can be indicated if necessary.
- The length of time spent on a secondary activity may be different from the length of time spent on the main activity. An activity may switch from being the main to a secondary, or the other way round.
- Only 'active time' of being involved in an activity should be counted. For example, preparation of a meal might take an hour from start to finish, but for 40 minutes of that time the food is left cooking in the oven, while you do something else not related to food preparation. Those 40 minutes should not be coded as food preparation, but as whatever it was you were actively doing. Similarly, for washing clothes, only the active time of putting the clothes in the washing machine and setting it going at the beginning, and taking and hanging the clothes out at the end of the cycle should be recorded, not the time between.
- If one of your activities was travelling, in addition to time spent travelling (code 10) we also ask you to record the method of travel (Code 10a). This is done using letters **C** (for car/van), or **W** (for walk/jog), or **P** (for pedal bike), or **B** (for bus/coach) or **T** (for train/underground) to mark the start and finish of that particular type of travel and drawing a horizontal line between these two points. E.g. in the example diary (code 10a) the person was walking between 8:10am and 8:30am and on a train between 8:30am and 8:50am.
- For every **main** activity you should also record in code 31 at the bottom of the diary how much you enjoyed that activity on a scale from 1 (not at all) to 7 (very much), writing the enjoyment score at the start and finish of the activity. E.g. in the example diary (code 31), the person enjoyed sleeping quite a lot (recorded a score of 6), felt more neutral about all the preparation involved in getting ready to go out (scores 3, 2, and 4), then enjoyed walking with the children and reading on the train (scoring 5) before arriving at work, which she didn't enjoy so much (scoring 2) .
- For every activity you should also record in code 32 at the bottom of the diary who you were with at the time, using **C** (for child under 12), or **Y** (for young person 12-16), or **S** (for spouse/partner), or **F** (for family: spouse/partner and children), or **O** (for other) to mark the start and finish of being with this person or people and drawing a continuous line between the two points.

While filling in the diary you can also refer to the 'Notes and Instructions' on the right hand side of the page for further details relating to particular activities. A more detailed list of instructions about specific activities is given at the end of this document.

			Early morning															

Notes and Instructions	
1	Include intending to sleep or trying to sleep
2	Include doing nothing, sitting thinking, smoking breaks
3	Include make up, beauty treatments, taking medication
4	Include meals, snacks and drinks
5	
6	
7	
8	
9	Include pet care
10	
10a	Car/van, Walk/jog, Pedal bike, Bus/Coach, Train/underground, Other
11	Travel in the course of work (e.g. to get to a meeting, a plumber driving to a job); record work as main activity and travel as secondary. However do not record work travel for people who earn their living by travelling e.g. bus driver, delivery person
12	Studies as part of formal education, including general and vocational training
13	Recreational courses and informal study activities or self improvement
14	Include work on behalf of political organisations. Include helping, caring or nursing other people if done for a voluntary organisation or charity
15	Include step/adopted/foster children. Childcare takes precedence over any other secondary activity
16	Exclude caring for children as part of job (e.g. childminder, nursery assistant)
17	Include caring for spouse or partner
18	Includes helping neighbours or friends
19	Include telephone/internet banking, paying bills, home shopping. Include appointments for respondents only. Include appointments at home
20	Exclude accessing internet/e-mailing via digital TV
21	Include e-books
22	Include jogging or walking for exercise here
23	
24	Include unplanned contact in person e.g. meeting a neighbour in the street
25	Include e-mail and instant messaging and also code Computer Use as secondary activity (Code 29)
26	
27	Include religious activities performed at home
28	Include time spent in the park
29	(Include internet access using Digital TV, games console, mobile phones etc.) Code as primary activity what the computer or internet access was being used for E.g. Playing computer games, hobbies – Code 28; Internet shopping – Code 19; e-mailing a friend, Facebook – Code 25. Code Computer Use as secondary.
30	Other activities not listed – please write in
31	
32	Who was with you?: Child under 12? Young person 12–16? Spouse/partner? Family (Spouse/Partner & children)? Other?

Final checks

After you have completed your diary please check these points (please tick boxes to indicate that):

You have recorded the time correctly:

- ☐ The whole 24-hour period has been accounted for;
- ☐ There is no overlapping time i.e. no two main activities are recorded in the same 10 minute period.

You have coded the activities correctly:

Enjoyment of activities (code 31):

- ☐ An enjoyment score has been included for all activities

Who was with you (code 32):

- ☐ A code has been entered whenever you were with someone during the activity

Childcare:

- ☐ If you had a child in your care during any part of the diary day, you recorded it as a main or secondary activity (code 15 or 16).

Telephone use:

- ☐ If you made or received a call (other than while at work) during the diary day which lasted for at least 5 minutes, please record it as an activity

Computers:

- ☐ If you used a computer (other than during paid work) for 5 minutes or more, please record as a secondary activity at code 29, and what you were using it for as the main activity e.g. for Hobbies and other leisure activities (code 28)

Travelling:

- ☐ Check you have recorded the means of travel, for all journeys (code 10a)

Travelling in the course of work:

- ☐ If you travelled in the course of work (e.g. to get to a meeting, a plumber driving to a job): record work as main activity, travel as secondary activity
- ☐ However for people who earn their living by travelling (e.g. bus driver, delivery person), record this activity as 'work for paid job' (code 11)

11

Further notes on specific activities and activity codes:

The 'Notes and Instructions' on the right-hand side of the diary give examples of the types of activities that should be recorded in each code. However, this list does not cover every possibility. The following instructions about specific activities add to those notes.

Work for job (code 11)

- Include all paid work and overtime (whether paid or unpaid).
- Include all jobs.
- Job seeking activities should also be included here.
- Unpaid work which is not voluntary work (code 14) or caring (codes 15-18) should be coded as Other (code 30) with a note to specify what it is (for example unpaid work in a family business) written into the right hand side of the page.

Activities to be recorded during work time

- Secondary activities do not need to be recorded for the time when you are at work, with the following exceptions:
- Travel during work time (e.g. to a business meeting, or for a builder, plumber etc. going on a call) should be recorded as a secondary activity. If travelling is the main job (e.g. bus driver, delivery person), record as work only – do not record travel as secondary activity.
- During lunch or other formal breaks, main activities and any secondary activities should be recorded.

Education (codes 12 and 13)

- 'Formal education' (code 12) means studies at secondary and tertiary education institutions as part of the formal education system, including general and vocational training.
- 'Recreational courses and study' (code 13) covers all other courses and informal study activities or self-improvement.
- Both categories would include the respective course attendance and related work (e.g. at home, in the library).
- Courses or training attended in the course of work should be coded as paid work.

Caring for or helping children or adults (codes 15-18)

- 'Active' childcare and care for adults, where you are actually doing something for a child or adult, should be recorded as a main or secondary activity.
- 'Passive' care, such as keeping an eye on children or listening out for an elderly person, may be missed, as you may not feel that you are actually doing anything for someone at that time. We therefore ask you to record passive caring as a secondary activity.
- If you are caring at the same time as another activity, you should decide which you consider to be your main activity – whether it is, for example, cooking or ironing, or care.
- Care may also be a secondary activity when it takes place out of the house e.g. when a parent goes shopping and takes a young child, that child is still being looked after.

Shopping (code 19)

- Includes activities like picking up a shopping order, or a take away.
- As well as visits to shops, the bank, the post office etc., shopping also includes these activities when done at home or elsewhere, e.g. internet shopping, phone banking, mail order shopping, paying utility bills.

Watching TV and videos/DVDs, listening to radio or music (code 20)

- Only code as a main activity if any one of these is the only activity being done at the time. For example if the radio is on while you are ironing, the main activity should be 'Washing, ironing or mending clothes etc', with listening to the radio as a secondary activity.

'Dual nature' activities

A secondary activity will generally be a different, separate activity being done at the same time as a main activity. However, for the purpose of this survey, certain individual activities have a 'dual' nature and we want them recorded as both a main and secondary activity. These are:

- Jogging: main activity is exercise (code 22) and secondary is travel (code 10, with 10a coded as **Walking**);
- Dog walking: main activity is pet care (code 9) and secondary would be travel (**Walking**);
- Using a computer or accessing the internet (code 29) would be a secondary activity and the main activity would be what respondents were using the internet or computer for (e.g. playing games (hobbies and other leisure activities, code 28) or emailing a friend (contact with friends or family by telephone, email or letter, code 25).

Going out to eat/drink, eating with friends

- You should decide if going out to eat/drink or eating with friends counts as one activity or more than one and, if more than one (e.g. being with friends and drinking), which was the main and which the secondary.
- For example, if you eat with friends at their home you might decide that spending time with friends was the main activity (code 24), and eating (code 4) was the secondary. Alternatively, if you go out to eat with them you could select going out to eat/drink (code 23) as main and spending time with friends (code 24) as secondary.

Code 30 – 'Other activities not listed'

- Only use Code 30 as a last resort – you should try to fit all activities into codes 1-29 if possible.
- If an activity cannot be placed in one of the pre-coded activities, it should be coded as Code 30 and a description written in on the right-hand side of the diary.
- If you feel something you are doing is too private to record, it should be entered as 'Other', code 30, with 'Personal' written in the space on the right-hand side of the diary.
