^I

With Profit Bonds and Distribution Bonds should not be included at this question. They should be recorded at the previous question about investments as code 3 (stocks, shares, bonds, debentures, other securities).

SET [13] OF

- (1) Capital Bonds (National Savings & Investments)
- (2) Index-linked National Certificates (National Savings & Investments)
- (3) Fixed Interest National Certificates (National Savings & Investments)
- (4) Pensioner's Guaranteed Income Bonds
- (5) Save-as-You-Earn (National Savings & Investments/Bank/Building Society)
- (6) Premium Bonds
- (7) Income Bonds (National Savings & Investments)
- (8) Deposit Bonds (National Savings & Investments)
- (9) FIRST Option Bonds
- (10) Yearly Plan
- (11) Fixed Rate Savings Bonds / Guaranteed Income Bonds / Guaranteed Growth Bonds
- (12) Guaranteed Equity Bonds
- (13) Endowment not linked to current mortgage
- (14) None of these

Earlier you mentioned that you have an endowment mortgage. Can I just check, you also have a different endowment NOT connected to your current property?^N

^I^IC If endowment is different suppress the check making a note to confirm you have probed. Otherwise return to OtInvA and remove the endowment code.

CBAAmt

^CC *** ^Names[Count1] *** @|CURRENT/BASIC ACCOUNT^CC

^I^IS N6^I^nl1 ^N

Looking at this card, roughly how much was left in the ^CBAccount at the end of last (month/pay period)?^N

^I^IC For any joint accounts, only give this person's share of the balance.

If those with a joint account have different pay periods take the amount before the earliest pay entered the account. The figure needed is the amount that was in the account just before ANY pay entered the account.

If a respondent is not paid monthly or is paid just before the end of the month then the figure needed is the amount that was in the account just before the respondent was paid.

PreDWP

```

^CC*** ^Names[PNo] *** @|@|@END^CC
^I^HelpNI1^HelpNI2^HelpNI3^B
Why we need personal details for matching^B

```

Name, sex and date of birth and address are needed to make an exact match, for example there could be more than one John Smith born on 1st April 1960 in the DWP records, but it is very unlikely they'd be living at the same address.

^B

The information will be kept confidential^B

Your anonymous records and Family Resources Survey answers will only be used for research and statistical purposes.

No one can be identified from any research, as names and addresses are removed and never included in the results.

Any current or future claim for benefits or tax credits will not be affected. The information will not be used to check on people's benefits, tax credits, pension or employment information.

The use of people's records within the Department for Work and Pensions is overseen by an Ethics Committee who make sure the information is used properly.

Your name and address will only be seen by a small team of data managers, whose job it is to find people's records, at the Department for Work and Pensions.

Your name and address will not be passed to anyone else inside or outside the Department for Work and Pensions.

You can withdraw your permission to add your information to DWP records at any time.

^N

May I just check... ^nidwptxt will be carrying out a shorter follow-up survey next year. Would it be alright for us to contact you again to see if you would be willing to take part?^N ^I

^IC Please inform the respondent that their contribution to the follow-up study is important and supported by DWP. It will help the Government understand how different sections of society are managing, so that it can plan for the future, assess the effects of policy changes and measure the state of the economy. As a token of thanks each adult respondent will receive a £10 voucher after completion of the follow-up study.

If the respondent has further queries about the follow-up study, which is called the Survey Of Living Conditions, they can contact the ONS Survey Enquiry Line on 0800 298 5313.

FollowUp

^CC*** ^Names[PNo] *** @|@|@|END^CC
^N

Sometime in the future there may be a follow-up or a new study related to this one. Such a study would be agreed with the Department for Work and Pensions, but may be carried out on behalf of another organisation. To identify individuals for inclusion in this study responses to the full Family Resources Survey may be used.

You may not be contacted again, but, if you are, you will still be free to decide whether you wish to participate in any follow-up study.

Would you be willing to be contacted again, so that a social research organisation approved by DWP can carry out the study?

May I just check... ^nidwptxt will be carrying out a shorter follow-up survey next year. Would it be alright for us to contact you again to see if you would be willing to take part?^N ^I

^IC Please inform the respondent that their contribution to the follow-up study is important and supported by DWP. It will help the Government understand how different sections of society are managing, so that it can plan for the future, assess the effects of policy changes and measure the state of the economy. As a token of thanks each adult respondent will receive a £10 voucher after completion of the follow-up study.

If the respondent has further queries about the follow-up study, which is called the Survey Of Living Conditions, they can contact the ONS Survey Enquiry Line on 0800 298 5313.

FollowUp

```
^CC*** ^Names[PNo] *** @|@|@|END^CC
^N
```

Sometime in the future there may be a follow-up or a new study related to this one. Such a study would be agreed with the Department for Work and Pensions, but may be carried out on behalf of another organisation. To identify individuals for inclusion in this study responses to the full Family Resources Survey may be used.

You may not be contacted again, but, if you are, you will still be free to decide whether you wish to participate in any follow-up study.

Would you be willing to be contacted again, so that a social research organisation approved by DWP can carry out the study?

May I just check... ^nidwptxt will be carrying out a shorter follow-up survey next year. Would it be alright for us to contact you again to see if you would be willing to take part?^N ^I
^IC Please inform the respondent that their contribution to the follow-up study is important and supported by DWP. It will help the Government understand how different sections of society are managing, so that it can plan for the future, assess the effects of policy changes and measure the state of the economy. As a token of thanks each adult respondent will receive a £10 voucher after completion of the follow-up study. If the respondent has further queries about the follow-up study, which is called the Survey Of Living Conditions, they can contact the ONS Survey Enquiry Line on 0800 298 5313.

FollowUp

^I
ASK OF ^DMName[idx]:^I
^N
Sometime in the future there may be a follow-up or a new study related to this one. Such a study would be agreed with the Department for Work and Pensions, but may be carried out on behalf of another organisation. To identify individuals for inclusion in this study responses to the full Family Resources Survey may be used.

You may not be contacted again, but, if you are, you will still be free to decide whether you wish to participate in any follow-up study.

Would you be willing to be contacted again, so that a social research organisation approved by DWP can carry out the study?

Multi

^I

Was this address a multihousehold?

Please remember we only interview one household at each address. At multi-household addresses you should have used the KISH grid to decide which household to interview.

- (1) Yes, each household had completely separate accommodation (e.g. separate flats)
- (2) Yes, residents were sharing accommodation but they did not satisfy the household definition
- (3) No

```

ASK ALWAYS :

IntStatus

Interview status

- (1) Interview not started
- (2) Started interview
- (3) Partial interview
- (4) Full interview
- (5) No interview required (Non-productive/deadwood)

ASK ALWAYS :

IntDone

Admin block completed?

- (1) Yes
- (2) No

ASK ALWAYS :

InterNote

Interviewer comment

STRING[100]

ASK ALWAYS :

Outcome

Final outcome code

0..997

ASK ALWAYS :

NOFHH

Number of households at address

0..97

ASK IF: In loop FOR := 1 TO 20

PayItem

CAPi pay item

0..97

ASK ALWAYS :
