

Millennial church diversity survey

Welcome

The One People Commission of the Evangelical Alliance would like to find out about the beliefs, habits and practices of Christians aged between 18 and 37 – particularly drawing out any differences among those who are from minority ethnic backgrounds.

The findings will form the basis of a resource designed to help ethnic minority church leaders navigate a changing landscape of culture and meet the needs of young people in their congregations, enabling them to have a vibrant, fulfilled faith.

All answers are anonymous. If you'd really rather not answer a particular question you can always leave it blank. People vary, but we estimate the survey shouldn't take longer than about 20 minutes, unless you choose to write a lot in open-ended comment boxes.
