

## Poverty survey November 2014

### Welcome

Thank you for taking part in the 21st Century Evangelicals online research.

These surveys are designed by the Evangelical Alliance working with a group of other Christian organisations – our research club partners.

This quarter's survey is about poverty – your practical responses to it, the issues that concern you and the way the Bible and your Christian faith influence your thinking in this area.

A report from this survey will be published in spring/summer 2015, helping the Church across the UK to shape mission and ministry in this field.

All answers are anonymous. If you'd really rather not answer a particular question you can always leave it blank. People vary, but we estimate the survey shouldn't take longer than about 20 minutes, unless you choose to write a lot in open-ended comment boxes.

Any other comments

## Welfare and dependency

### 20. Which of these statements comes closest to your view?

- The welfare budget is too high and should be reduced
- The welfare budget is about right
- The welfare budget is too low and should be increased
- Don't know

### 21. Which of these statements comes closer to your view?

- Britain's current welfare system has created a culture of dependency, whereby many people, and often whole families, get used to living off state benefits; the system needs to be radically changed to get such people to take more responsibility for their lives and their families
- Most people who rely on welfare benefits are victims of circumstances beyond their control. The benefits they receive are far from generous, and are the least a civilised society should provide in order to help them and their families avoid abject poverty
- Don't know

## Poverty, the Bible and the gospel

### 23. From your reading of the Bible how far do you agree... ?

	Strongly agree	Agree	Neither agree nor disagree	Disagree	Strongly disagree
The poor will always be with us, so there is not much hope of making an impact on poverty	<input type="radio"/>	<input type="radio"/>	<input type="radio"/>	<input type="radio"/>	<input type="radio"/>
We should do as Jesus said to the rich young ruler – sell all our possessions and give to the poor	<input type="radio"/>	<input type="radio"/>	<input type="radio"/>	<input type="radio"/>	<input type="radio"/>
God is on the side of the poor and the oppressed	<input type="radio"/>	<input type="radio"/>	<input type="radio"/>	<input type="radio"/>	<input type="radio"/>
Everyone has a duty to work to support themselves and their family if they can	<input type="radio"/>	<input type="radio"/>	<input type="radio"/>	<input type="radio"/>	<input type="radio"/>
Spiritual poverty is a bigger problem than material poverty	<input type="radio"/>	<input type="radio"/>	<input type="radio"/>	<input type="radio"/>	<input type="radio"/>
We should follow the example of Jesus and make most of our friendships among people who are poor and marginalised	<input type="radio"/>	<input type="radio"/>	<input type="radio"/>	<input type="radio"/>	<input type="radio"/>
Our financial responsibility towards others is first to our family, then to fellow Christians in need and only then to poor people in the world	<input type="radio"/>	<input type="radio"/>	<input type="radio"/>	<input type="radio"/>	<input type="radio"/>
If we are faithful to God we will prosper materially	<input type="radio"/>	<input type="radio"/>	<input type="radio"/>	<input type="radio"/>	<input type="radio"/>
We will be judged harshly if we neglect to care for the poor	<input type="radio"/>	<input type="radio"/>	<input type="radio"/>	<input type="radio"/>	<input type="radio"/>
We should work for justice for the poor	<input type="radio"/>	<input type="radio"/>	<input type="radio"/>	<input type="radio"/>	<input type="radio"/>
God expects a more equal distribution of the world's resources	<input type="radio"/>	<input type="radio"/>	<input type="radio"/>	<input type="radio"/>	<input type="radio"/>

## Your opinions on poverty at home and abroad

### 27. How far do you agree with the following statements?

	Strongly agree	Agree	Neither agree nor disagree	Disagree	Strongly disagree
Growing inequality is a major problem in the UK	<input type="radio"/>	<input type="radio"/>	<input type="radio"/>	<input type="radio"/>	<input type="radio"/>
Over the last few years my concern and giving of money and time has become more directed towards poverty in the UK rather than overseas	<input type="radio"/>	<input type="radio"/>	<input type="radio"/>	<input type="radio"/>	<input type="radio"/>
The international community is making good progress in programmes to tackle global poverty	<input type="radio"/>	<input type="radio"/>	<input type="radio"/>	<input type="radio"/>	<input type="radio"/>
Compared with some overseas countries the UK is spiritually destitute	<input type="radio"/>	<input type="radio"/>	<input type="radio"/>	<input type="radio"/>	<input type="radio"/>
Churches in the UK are not very good at evangelising and discipling the poorest sections of society	<input type="radio"/>	<input type="radio"/>	<input type="radio"/>	<input type="radio"/>	<input type="radio"/>
In the UK our society and culture make poor people feel ashamed and worthless	<input type="radio"/>	<input type="radio"/>	<input type="radio"/>	<input type="radio"/>	<input type="radio"/>
God has provided enough resources on the earth for every person's need, but human greed makes some people poor	<input type="radio"/>	<input type="radio"/>	<input type="radio"/>	<input type="radio"/>	<input type="radio"/>
The UK welfare state is a good model for less developed countries in that it provides an adequate safety net so that no one need face extreme poverty	<input type="radio"/>	<input type="radio"/>	<input type="radio"/>	<input type="radio"/>	<input type="radio"/>
Compared with some overseas countries there is no significant poverty in the UK	<input type="radio"/>	<input type="radio"/>	<input type="radio"/>	<input type="radio"/>	<input type="radio"/>
We should assign as much (or more) of our monetary giving to help the poor as we do to the general work of our church	<input type="radio"/>	<input type="radio"/>	<input type="radio"/>	<input type="radio"/>	<input type="radio"/>
Local churches should organise themselves to share their God-given wealth so that none of their members experience serious poverty	<input type="radio"/>	<input type="radio"/>	<input type="radio"/>	<input type="radio"/>	<input type="radio"/>
It is more important for churches to share the gospel with poor people they encounter than to meet their material needs	<input type="radio"/>	<input type="radio"/>	<input type="radio"/>	<input type="radio"/>	<input type="radio"/>
My church is already doing lots of good and effective work to tackle poverty in its local community	<input type="radio"/>	<input type="radio"/>	<input type="radio"/>	<input type="radio"/>	<input type="radio"/>

## Views on government policy

### 28. How far do you agree that (in the UK)...?

	Strongly agree	Agree	Neither agree nor disagree	Disagree	Strongly disagree
The government should take stronger action to limit high interest rates on products such as pay day loans	<input type="radio"/>	<input type="radio"/>	<input type="radio"/>	<input type="radio"/>	<input type="radio"/>
Poorer people often find they have to pay more than average for items such as fuel, food, domestic appliances and insurance	<input type="radio"/>	<input type="radio"/>	<input type="radio"/>	<input type="radio"/>	<input type="radio"/>
Current government economic policy is hurting the poor more than the rich	<input type="radio"/>	<input type="radio"/>	<input type="radio"/>	<input type="radio"/>	<input type="radio"/>
The "bedroom tax" or "removal of the spare room subsidy" is a reasonable policy to address housing issues	<input type="radio"/>	<input type="radio"/>	<input type="radio"/>	<input type="radio"/>	<input type="radio"/>
Government is right to ask charities, communities and churches to deliver a greater proportion of welfare provision and support to people in need	<input type="radio"/>	<input type="radio"/>	<input type="radio"/>	<input type="radio"/>	<input type="radio"/>
Government should act to ensure large companies cannot avoid paying their taxes	<input type="radio"/>	<input type="radio"/>	<input type="radio"/>	<input type="radio"/>	<input type="radio"/>
The government is right to withdraw benefit payments if people cannot prove that they are willing to work	<input type="radio"/>	<input type="radio"/>	<input type="radio"/>	<input type="radio"/>	<input type="radio"/>
Welfare reform policies are being successful in encouraging more people to take responsibility and get into jobs	<input type="radio"/>	<input type="radio"/>	<input type="radio"/>	<input type="radio"/>	<input type="radio"/>
Current government economic policy is working well to produce a more prosperous future for all	<input type="radio"/>	<input type="radio"/>	<input type="radio"/>	<input type="radio"/>	<input type="radio"/>
The government understands the needs of people who are carers for their family members and offers adequate help	<input type="radio"/>	<input type="radio"/>	<input type="radio"/>	<input type="radio"/>	<input type="radio"/>
Economic policy is failing to raise most people's income to meet the increased cost of living	<input type="radio"/>	<input type="radio"/>	<input type="radio"/>	<input type="radio"/>	<input type="radio"/>
UK governments have a good record on policies to tackle global poverty	<input type="radio"/>	<input type="radio"/>	<input type="radio"/>	<input type="radio"/>	<input type="radio"/>
Welfare reform policies are having a negative impact on people who are disabled or sick	<input type="radio"/>	<input type="radio"/>	<input type="radio"/>	<input type="radio"/>	<input type="radio"/>
