ESENER-2 Master Questionnaire

PLEASE NOTE:

Questions which are to be read out are printed in **bold face**.

All answers that must not actively be read out are marked with two fences: ##. These items are to be offered only if it becomes clear that the respondent's answer would not fit well into the answer options that are provided.

If multiple answers are allowed, answer items are lead by numbers: _01), _02), _03) etc. otherwise only one single answer is to be given.

Instructions to the interviewers are printed in boxes and italics.

Instructions to the programmers are printed in italics.

Not all questions have to be answered by each respondent. Filters are set out before the questions (entry filters). They are in [red font and square brackets]. If there is no filter the question which immediately follows is to be asked.

Hints for the programmer and filtering instructions were not translated into national languages because the questionnaire was programmed centrally. The chapter headings were also not translated because they were not part of the programmed script, but are introduced on this paper version for an easier orientation.

ESENER-2 Master Questionnaire

A. Contact phase

[To all respondents in first contact (with the telephone number indicated in the address register)]

Q001

Good morning / afternoon. My name is ... from <INSTITUTE> in <location of institute>. We are conducting the European survey on health and safety. For our interview I would like to speak with the person who knows best about health and safety in this establishment.

[If number of employees < 50 (all sectors)]

Often this person is the managing director or branch manager.

[If number of employees ≥ 50 and NACE 2-digit = 01 through 44]

Often this person is the technical director or personnel manager.

[If number of employees ≥ 50 and NACE 2-digit = 45 thru 96]

Often this person is the personnel manager.

Interviewer: Stress as necessary:

- The survey is conducted on behalf of the European Agency for Safety and Health at Work. The Agency is an autonomous body of the European Union that provides information to improve health and safety at work.

- The questions are about health and safety policies and practices in your establishment.

- Good health and safety at work is an increasingly important issue and is a key factor in the success of the European economy. Participation in the survey will help to provide better information and assistance to workplaces. This contributes to improving safety measures and health protection of employees.

- Results will be used to support workplaces and to improve legislation.

- Details are available online at the esener.eu website. First results will be published there at the beginning of 2015.
